11 accreditation system based upon improvement in performance that equals
12 or exceeds the educational goal set forth in K.S.A. 72-3218(c), and
13 amendments thereto, and is measurable. The state board shall hold all
14 school districts accountable through the Kansas education systems
15 accreditation rules and regulations, or any successor accreditation system
16 and accountability plan adopted by the state board. The state board also
17 shall ensure that all school districts and the public schools operated by
18 such districts have programs and initiatives in place for providing those
19 educational capacities set forth in K.S.A. 72-3218(c), and amendments
20 thereto. On or before January 15 of each year, the state board shall prepare
21 and submit a report on the school district accreditation system to the
22 governor and the legislature.

23 (2) The accountability measures established pursuant to paragraph (1)

32 such school district in implementing and executing such corrective action
33 plan, shall be published on the state department of education's internet

7 obstacles that are preventing such school district from becoming
8 accredited.

9 (b) The state board shall establish curriculum standards that reflect
10 high academic standards for the core academic areas of mathematics,
11 science, reading, writing and social studies. The curriculum standards shall

14 authority to determine its own curriculum.

15 (c) (1) The state board shall provide for statewide assessments in the
16 core academic areas of mathematics, science, reading, writing and social
17 studies. The board shall ensure compatibility between the statewide
