(2) the state-wide average for the preceding school year as determined by the state board pursuant to subsection (i).

The adoption of a resolution pursuant to this section shall require a majority vote of the members of the board. Such resolution shall be effective upon adoption and shall require no other procedure, authorization or approval.

(c) If the board of a school district desires to increase its local option budget authority above the amount authorized under subsection (b), the board may adopt, by resolution, such budget in an amount not to exceed the state prescribed percentage. The adoption of a resolution pursuant to this subsection shall require a majority vote of the members of the board. The resolution shall be published at least once in a newspaper having general circulation in the school district. The resolution shall be published in substantial compliance with the following form:

Unified School District No. _____, _____ County, Kansas.

RESOLUTION

Be It Resolved that:

The board of education of the above-named school district shall be authorized to adopt a local option budget in each school year in an amount not to exceed ____% of the amount of total foundation aid. The local option budget authorized by this resolution may be adopted, unless a petition in opposition to the same, signed by not less than 5% of the qualified electors of the school district, is filed with the county election officer of the home county of the school district within 30 days after publication of this resolution. If a petition is filed, the county election officer shall submit the question of whether adoption of the local option budget shall be authorized to the electors of the school district at an election called for the purpose or at the next general election, as is specified by the board of education of the school district.

CERTIFICATE

This is to certify that the above resolution was duly adopted by the board of education of unified school district No. _____, _____ County, Kansas, on the ____ day of _____, _____.

Clerk of the board of education.

All of the blanks in the resolution shall be filled appropriately. If a sufficient petition is not filed, the board may adopt a local option budget. If a sufficient petition is filed, the board may notify the county election officer of the date of an election to be held to submit the question of whether adoption of a local option budget shall be authorized. Any such election shall be noticed, called and held in the manner provided by K.S.A. 10-120, and amendments thereto. If the board fails to notify the county election officer within 30 days after a sufficient petition is filed, the resolution shall be deemed abandoned and no like resolution shall be adopted by the board within the nine months following publication of the resolution.

(d) Unless specifically stated otherwise in the resolution, the authority to adopt a local option budget shall be continuous and permanent. The board of any school district that is authorized to adopt a local option budget may choose not to adopt such a budget or may adopt a budget in an amount less than the amount authorized. If the board of any school district whose authority to adopt a local option budget is not continuous and permanent refrains from adopting a local option budget, the authority of such school district to adopt a local option budget shall not be extended by such refrainment beyond the period specified in the resolution authorizing adoption of such budget.

(e) The board of any school district may initiate procedures to renew or increase the authority to adopt a local option budget at any time during a school year after the tax levied pursuant to section 19, and amendments thereto, is certified to the county clerk under any existing authorization.

(f) The board of any school district authorized to adopt a local option budget prior to July 1, 2017, under a resolution that authorized the adoption of such budget in accordance with the provisions of K.S.A. 2016 Supp. 72-6471, prior to its expiration, may continue to operate under such resolution for the period of time specified in the resolution or may abandon the resolution and operate under the provisions of this section. Any such school district shall operate under the provisions of this section after the period of time specified in any previously adopted resolution has expired.

(g) Any resolution adopted pursuant to this section may revoke or repeal any resolution previously adopted by the board. If the resolution does not revoke or repeal previously adopted resolutions, all resolutions that are in effect shall expire on the same date. The maximum amount of the local option budget of a school district under all resolutions in effect shall not exceed the state prescribed percentage in any school year.

(h) (1) There is hereby established in each school district that adopts a local option budget a supplemental general fund, which shall consist of all amounts deposited therein or credited thereto according to law.

(2) Subject to the limitations imposed under subsection (h)(3), amounts in the supplemental general fund may be expended for any purpose for which expenditures from the general fund are authorized or may be transferred to any categorical fund of the school district. Amounts in the supplemental general fund attributable to any percentage over 25% of total foundation aid determined for the current school year may be transferred to the capital improvements fund of the school district and the capital outlay fund of the school district if such transfers are specified in the resolution authorizing the adoption of a local option budget in excess of 25%.

(3) Amounts in the supplemental general fund may not be expended for the purpose of making payments under any lease-purchase agreement involving the acquisition of land or buildings that is entered into pursuant to the provisions of K.S.A. 72-8225, and

amendments thereto.

(4) (A) Except as provided in subsection (h)(4)(B), any unexpended moneys remaining in the supplemental general fund of a school district at the conclusion of any school year in which a local option budget is adopted shall be maintained in such fund.

(B) If the school district received supplemental state aid in the school year, the state board shall determine the ratio of the amount of supplemental general state aid received to the amount of the local option budget of the school district for the school year and multiply the total amount of the unexpended moneys remaining by such ratio. An amount equal to the amount of the product shall be transferred to the general fund of the school district or remitted to the state treasurer in accordance with the provisions of K.S.A. 75-4215, and amendments thereto. Upon receipt of any such remittance, the state treasurer shall deposit the same in the state treasury to the credit of the state school district finance fund.

(i) Each year, the state board shall determine the statewide average percentage of local option budgets legally adopted by school districts for the preceding school year.

(j) The provisions of this section shall be subject to the provisions of section 16, and amendments thereto.

(k) As used in this section:

(1) "Authorized to adopt a local option budget" means that a school district has adopted a resolution pursuant to subsection (c).

(2) "State prescribed percentage" means 33% of the total foundation aid of the school district in the current school year.

(3) "Total foundation aid" means the same as such term is defined in section 4, and amendments thereto.

New Sec. 16. (a) (1) Subject to the provisions of subsection (e), the provisions of this subsection shall apply in any school year in which the amount of BASE aid is \$4,490 or less.

(2) The board of education of a school district may adopt a local option budget that does not exceed the local option budget calculated as if the BASE aid was \$4,490, or that does not exceed the local option budget as calculated pursuant to section 15, and amendments thereto, whichever is greater.

(b) The board of education of a school district may adopt a local option budget that does not exceed the local option budget calculated as if the school district received state aid for special education and related services equal to the amount of state aid for special education and related services received in school year 2008-2009, or that does not exceed the local option budget as calculated pursuant to section 15, and amendments thereto, whichever is greater.

(c) The board of any school district may exercise the authority granted under subsection (a) or (b) or both subsections (a) and (b).

(d) To the extent that the provisions of section 15, and amendments thereto, conflict with this section, this section shall control.

(e) For school year 2019-2020, and each school year thereafter, the specified dollar amount used in subsection (a) for purposes of determining the local option budget of a school district shall be the specified dollar amount used for the immediately preceding school year plus an amount equal to the average percentage increase in the consumer price index for all urban consumers in the midwest region as published by the bureau of labor statistics of the United States department of labor during the three immediately

preceding school years.

New Sec. 17. (a) In each school year, each school district that has adopted a local option budget is eligible to receive supplemental state aid. Except as provided by section 18, and amendments thereto, supplemental state aid shall be determined by the state board as provided in subsection (b).

(b) The state board shall:

(1) (A) For school year 2017-2018, determine the amount of the assessed valuation per student in the preceding school year of each school district; and

(B) for school year 2018-2019 and each school year thereafter, determine the average assessed valuation per student of each school district by adding the assessed valuation per student for each of the three immediately preceding school years and dividing the resulting sum by three;

(2) rank the school districts from low to high on the basis of the amounts of assessed valuation per student determined under subsection (b)(1);

(3) identify the amount of the assessed valuation per student located at the 81.2 percentile of the amounts ranked under subsection (b)(2);

(4) divide the assessed valuation per student of the school district as determined under subsection (b)(1) by the amount identified under subsection (b)(3); and

(5) (A) if the quotient obtained under subsection (b)(4) equals or exceeds one, the school district shall not receive supplemental state aid; or

(B) if the quotient obtained under subsection (b)(4) is less than one, subtract the quotient obtained under subsection (b)(4) from one, and multiply the difference by the amount of the local option budget of the school district for the immediately preceding school year. The resulting product is the amount of supplemental state aid the school district is to receive for the school year.

(c) Payments of supplemental state aid shall be distributed to school districts on the dates prescribed by the state board. The state board shall certify to the director of accounts and reports the amount due each school district, and the director of accounts and reports shall draw a warrant on the state treasurer payable to the treasurer of the school district. Upon receipt of the warrant, the treasurer of the school district shall credit the amount thereof to the supplemental general fund of the school district to be used for the purposes of such fund.

(d) For the purposes of determining the total amount of state moneys paid to school districts, all moneys appropriated as supplemental state aid shall be deemed to be state moneys for educational and support services for school districts.

New Sec. 18. (a) (1) For the purposes of determining the amount of supplemental state aid, the state board shall determine the ranking of each of the former school districts of which the school district is composed as required by section 17(b)(2), and amendments thereto, for the school year prior to the effectuation of the consolidation or attachment.

(2) For the school year in which the consolidation or attachment is effectuated and the next succeeding two school years, the ranking of the school district for the purposes of section 17(b)(2), and amendments thereto, shall be the ranking of the school district receiving the highest amount of supplemental state aid determined under subsection (a) (1).

(b) The provisions of this section shall apply to school districts that have consolidated or disorganized on and after July 1, 2004.

(c) As used in this section, "school district" means:

(1) Any school district formed by consolidation in accordance with article 87 of chapter 72 of the Kansas Statutes Annotated, and amendments thereto; or

(2) any school district formed by disorganization and attachment in accordance with article 73 of chapter 72 of the Kansas Statutes Annotated, and amendments thereto, if all the territory which comprised a disorganized school district is attached to a single school district.

New Sec. 19. (a) In each school year, the board of each school district that has adopted a local option budget may levy an ad valorem tax on the taxable tangible property of the school district for the purposes of:

(1) Financing that portion of the school district's local option budget that is not financed from any other source provided by law;

(2) paying a portion of the principal and interest on bonds issued by cities under authority of K.S.A. 12-1774, and amendments thereto, for the financing of redevelopment projects upon property located within the school district; and

(3) funding transfers to the capital improvement fund of the school district and the capital outlay fund of the school district if such transfers are specified in the resolution authorizing the adoption of a local option budget in excess of 25% of the total foundation aid determined for the current school year.

(b) The proceeds from the tax levied by a school district under authority of this section, except the proceeds of such tax levied for the purpose of paying a portion of the principal and interest on bonds issued by cities under authority of K.S.A. 12-1774, and amendments thereto, for the financing of redevelopment projects upon property located within the school district, shall be deposited in the supplemental general fund of the school district.

(c) No school district shall proceed under K.S.A. 79-1964, 79-1964a or 79-1964b, and amendments thereto.

New Sec. 20. (a) The transportation weighting of each school district shall be determined by the state board as follows:

(1) Determine the total expenditures of the school district during the preceding school year from all funds for transporting students of public and nonpublic schools on regular school routes;

(2) determine the sum of: (A) The number of students who were included in the enrollment of the school district in the preceding school year who resided less than 2½ miles by the usually traveled road from the school building such students attended and for whom transportation was made available by the school district; and (B) the number of nonresident students who were included in the enrollment of the school district for the preceding school year and for whom transportation was made available by the school district;

(3) determine the number of students who were included in the enrollment of the district in the preceding school year who resided 2½ miles or more by the usually traveled road from the school building such students attended and for whom transportation was made available by the school district;

(4) multiply the number of students determined under subsection (a)(3) by 2.8;

(5) divide the amount determined under subsection (a)(2) by the product obtained under subsection (a)(4);

(6) add one to the quotient obtained under subsection (a)(5);

(7) multiply the sum obtained under subsection (a)(6) by the amount determined under subsection (a)(3);

(8) divide the amount determined under subsection (a)(1) by the product obtained under subsection (a)(7). The resulting quotient is the per-student cost of transportation;

(9) on a density-cost graph, plot the per-student cost of transportation for each school district;

(10) construct a curve of best fit for the points so plotted;

(11) locate the index of density for the school district on the base line of the density-cost graph and from the point on the curve of best fit directly above this point of index of density follow a line parallel to the base line to the point of intersection with the vertical line, which point is the formula per-student cost of transportation of the school district;

(12) divide the formula per-student cost of transportation of the school district by the BASE aid; and

(13) multiply the quotient obtained under subsection (a)(12) by the number of students who are included in the enrollment of the school district, are residing $2\frac{1}{2}$ miles or more by the usually traveled road to the school building they attend, and for whom transportation is being made available by, and at the expense of, the district.

(b) (1) For school years 2017-2018 through 2020-2021, the transportation weighting of the school district shall be either the product determined under subsection (a)(13), or that portion of such school district's general state aid for school year 2016-2017 that was attributable to the school district's transportation weighting, whichever is greater.

(2) For school year 2021-2022, and each school year thereafter, the transportation weighting of the school district shall be the product determined under subsection (a) (13).

(c) For the purpose of providing accurate and reliable data on student transportation, the state board is authorized to adopt rules and regulations prescribing procedures that school districts shall follow in reporting pertinent information, including uniform reporting of expenditures for transportation.

(d) As used in this section:

(1) "Curve of best fit" means the curve on a density-cost graph drawn so the sum of the distances squared from such line to each of the points plotted on the graph is the least possible.

(2) "Density-cost graph" means a drawing having: (A) A horizontal or base line divided into equal intervals of density, beginning with zero on the left; and (B) a scale for per-student cost of transportation to be shown on a line perpendicular to the base line at the left end thereof, such scale to begin with zero dollars at the base line ascending by equal per-student cost intervals.

(3) "Index of density" means the number of students who are included in the enrollment of a school district in the current school year, are residing the designated distance or more by the usually traveled road from the school building they attend, and for whom transportation is being made available on regular school routes by the school district, divided by the number of square miles of territory in the school district.

New Sec. 21. (a) The low enrollment weighting of each school district shall be determined by the state board as follows:

(1) For school districts with an enrollment of fewer than 100 students, multiply the

enrollment of the school district by 1.014331. The resulting product is the low enrollment weighting of the school district;

(2) for school districts with an enrollment of at least 100 students, but fewer than 300 students:

- (A) Subtract 100 from the enrollment of the school district;
- (B) multiply the difference obtained under subsection (a)(2)(A) by 9.655;
- (C) subtract the product obtained under subsection (a)(2)(B) from 7,337;
- (D) divide the difference obtained under subsection (a)(2)(C) by 3,642.4;
- (E) subtract one from the quotient obtained under subsection (a)(2)(D); and
- (F) multiply the difference obtained under subsection (a)(2)(E) by the enrollment of the school district. The resulting product is the low enrollment weighting of the school district;

(3) for school districts with an enrollment of at least 300 students, but fewer than 1,622 students:

- (A) Subtract 300 from the enrollment of the school district;
- (B) multiply the difference obtained under subsection (a)(3)(A) by 1.2375;
- (C) subtract the product obtained under subsection (a)(3)(B) from 5,406;
- (D) divide the difference obtained under subsection (a)(3)(C) by 3,642.4;
- (E) subtract one from the quotient obtained under subsection (c)(D); and
- (F) multiply the difference obtained under subsection (a)(3)(E) by the enrollment of the school district. The resulting product is the low enrollment weighting of the school district.

(b) For school districts with an enrollment of at least 1,622 students, multiply the enrollment of the school district by 0.03504. The resulting product is the high enrollment weighting of the school district.

New Sec. 22. The bilingual weighting of each school district shall be determined by the state board as follows:

(a) Determine the full-time equivalent enrollment in approved programs of bilingual education during the preceding school year and multiply such enrollment by 0.395;

(b) determine the number of students enrolled in approved programs of bilingual education during the preceding school year and multiply such enrollment by 0.185; and

(c) the bilingual weighting shall be either the amount determined under subsection (a) or (b), whichever is greater.

New Sec. 23. (a) The at-risk student weighting of each school district shall be determined by the state board as follows:

(1) Determine the number of at-risk students included in the enrollment of the school district; and

(2) for a school district with an enrollment that consists of 10% or more at-risk students, multiply the number determined under subsection (a)(1) by 0.484. The resulting sum is the at-risk student weighting of the school district; or

(3) for a school district with an enrollment that consists of less than 10% at-risk students, multiply the number of students equal to 10% of such school district's enrollment by 0.484. The resulting sum is the at-risk student weighting of the school district. A school district whose at-risk student weighting is determined pursuant to this paragraph shall submit a report to the state board in such form and manner as required by the state board that identifies those students enrolled in such school district who are

receiving at-risk program services and the criteria each such student satisfies in order to receive at-risk program services. The state board shall adopt rules and regulations that establish the criteria for eligibility for at-risk program services. The provisions of this paragraph shall only apply to those school districts that offer instruction in kindergarten and grades one through 12.

(b) Except as provided in subsection (b)(4), the high-density at-risk student weighting of each school district shall be determined by the state board as follows:

(1) (A) If the enrollment of the school district is at least 35% at-risk students, but less than 50% at-risk students:

(i) Subtract 35% from the percentage of at-risk students included in the enrollment of the school district;

(ii) multiply the difference determined under subsection (b)(1)(A)(i) by 0.7; and

(iii) multiply the product determined under subsection (b)(1)(A)(ii) by the number of at-risk students included in the enrollment of the school district; or

(B) if the enrollment of the school district is 50% or more at-risk students, multiply the number of at-risk students included in the enrollment of the school district by 0.105; or

(2) (A) if the enrollment of a school in the school district is at least 35% at-risk students, but less than 50% at-risk students:

(i) Subtract 35% from the percentage of at-risk students included in the enrollment of such school;

(ii) multiply the difference determined under subsection (b)(2)(A)(i) by 0.7; and

(iii) multiply the product determined under subsection (b)(2)(A)(ii) by the number of at-risk students included in the enrollment of such school; or

(B) if the enrollment of a school in the school district is 50% or more at-risk students, multiply the number of at-risk students included in the enrollment of such school by 0.105; and

(C) add the products determined under subsections (b)(2)(A)(iii) and (b)(2)(B) for each such school in the school district, respectively.

(3) The high-density at-risk weighting of the school district shall be the greater of the product determined under subsection (b)(1) or the sum determined under subsection (b)(2)(C).

(4) Commencing in school year 2018-2019, school districts that qualify to receive the high-density at-risk weighting pursuant to this section shall spend any money attributable to the school district's high-density at-risk weighting on the at-risk best practices developed by the state board pursuant to section 25(d), and amendments thereto. If a school district that qualifies for the high-density at-risk weighting does not spend such money on such best practices, the state board shall notify the school district that it shall either spend such money on such best practices or shall show improvement within five years of notification. Improvement shall include, but not be limited to, the following: (A) The percentage of students at grade level on state math and English language arts assessments; (B) the percentage of students that are college and career ready on state math and English language arts assessments; (C) the average composite ACT score; or (D) the four-year graduation rate. If a school district does not spend such money on such best practices and does not show improvement within five years, the school district shall not qualify to receive the high-density at-risk weighting in the succeeding school year.

(5) The provisions of this subsection shall expire on July 1, 2019.

New Sec. 24. (a) If a student submits an application for free meals under the national school lunch act on or before the date on which the enrollment of the school district is calculated and it is later determined by the school district or the department of education that the student should not have been eligible for free meals, the school district or the department shall notify the state board of such determination. Except as provided in subsection (b), upon receipt of such notice, the state board shall recompute the adjusted enrollment of the school district and the general fund budget of the school district based on the adjusted enrollment of the school district excluding the at-risk student weighting and high-density at-risk student weighting, if any, assigned to such student.

(b) If a student becomes ineligible to receive free meals under the national school lunch act for failure to submit, in a timely manner, any documentation necessary for verification of eligibility as required by the national school lunch act, but subsequently submits such documentation, such student shall not be excluded from the calculation of the adjusted enrollment of the school district if the school district forwards a copy of such documentation to the state board no later than January 14 of the school year.

New Sec. 25. (a) There is hereby established in every school district an at-risk education fund, which shall consist of all moneys deposited therein or transferred thereto according to law. The expenses of a school district directly attributable to providing at-risk student assistance or programs shall be paid from the at-risk education fund.

(b) Any balance remaining in the at-risk education fund at the end of the budget year shall be carried forward into the at-risk education fund for succeeding budget years. Such fund shall not be subject to the provisions of K.S.A. 79-2925 through 79-2937, and amendments thereto. In preparing the budget of such school district, the amounts credited to and the amount on hand in the at-risk education fund, and the amount expended therefrom shall be included in the annual budget for the information of the residents of the school district. Interest earned on the investment of moneys in any such fund shall be credited to that fund.

(c) Commencing in school year 2018-2019, expenditures from the at-risk education fund of a school district shall only be made for the following purposes:

(1) At-risk educational programs based on best practices identified pursuant to subsection (d);

(2) personnel providing educational services in conjunction with such programs; or

(3) services contracted for by the school district to provide at-risk educational programs based on best practices identified pursuant to subsection (d).

(d) On or before July 1, 2018, the state board shall identify and approve evidence-based best practices for at-risk programs and instruction of students receiving at-risk program services. The state board shall review and update such best practices as part of its five-year accreditation system review process.

(e) Each year the board of education of each school district shall prepare and submit to the state board a report on the assistance or programs provided by the school district for students identified as at-risk. Such report shall include the number of students identified as at-risk who were served or provided assistance, the type of service provided, the research upon which the school district relied in determining that a need for service or assistance existed, the results of providing such service or assistance and

any other information required by the state board.

(f) In order to achieve uniform reporting of the number of students provided service or assistance by school districts in at-risk student programs, school districts shall report the number of students served or assisted in the manner required by the state board.

New Sec. 26. (a) There is hereby established in every school district a preschool-aged at-risk education fund, which shall consist of all moneys deposited therein or transferred thereto according to law. The expenses of a school district directly attributable to providing preschool-aged at-risk assistance or programs shall be paid from the preschool-aged at-risk education fund.

(b) Any balance remaining in the preschool-aged at-risk education fund at the end of the budget year shall be carried forward into the preschool-aged at-risk education fund for succeeding budget years. Such fund shall not be subject to the provisions of K.S.A. 79-2925 through 79-2937, and amendments thereto. In preparing the budget of such school district, the amounts credited to and the amount on hand in the preschool-aged at-risk education fund, and the amount expended therefrom shall be included in the annual budget for the information of the residents of the school district. Interest earned on the investment of moneys in any such fund shall be credited to that fund.

(c) Each year the board of each school district shall prepare and submit to the state board a report on the preschool-aged at-risk student assistance or programs provided by the school district. Such report shall include the number of students who were served or provided assistance, the type of service provided, the research upon which the school district relied in determining that a need for service or assistance existed, the results of providing such service or assistance and any other information required by the state board.

New Sec. 27. (a) The career technical education weighting of each school district shall be determined by the state board by multiplying the full-time equivalent enrollment in approved career technical education programs during the preceding school year by 0.5. The resulting product is the career technical education weighting of the school district.

(b) The provisions of this section shall expire on July 1, 2019.

New Sec. 28. (a) For each school year in which the school facilities weighting may be assigned to the enrollment of the school district, such weighting of such school district shall be determined by the state board as follows:

(1) Determine the number of students included in the enrollment of the school district who are attending a new school facility;

(2) multiply the number of students determined under subsection (a)(1) by 0.25. The resulting product is the school facilities weighting of the school district.

(b) The school facilities weighting may be assigned to the enrollment of a school district only if:

(1) The school district adopted a local option budget for school year 2014-2015 in an amount equal to at least 25% of the amount of the state financial aid determined for the school district in such school year pursuant to K.S.A. 72-6433, prior to its repeal;

(2) the contractual bond obligations incurred by the school district were approved by the electors of the school district at an election held on or before July 1, 2015; and

(3) (A) the school district commences operation of a new school facility and the construction of such facility was financed primarily with such contractual bond obligations; or

(B) the school district commences operation of a new school facility and the construction of such facility was financed primarily with federal funds and such facility is located on a military reservation.

(c) The school facilities weighting may be assigned to the enrollment of the school district only in the school year in which operation of a new school facility is commenced and in the next succeeding school year.

New Sec. 29. The special education and related services weighting of each school district shall be determined by the state board as follows:

(a) Add the amount of payments received by the school district under the provisions of K.S.A. 72-979, and amendments thereto, to the amount of any grants received by the school district under the provisions of K.S.A. 72-983, and amendments thereto; and

(b) divide the sum obtained under subsection (a) by the BASE aid. The resulting quotient is the special education and related services weighting of the school district.

New Sec. 30. (a) (1) The board of education of a school district to which the provisions of this section apply may levy an ad valorem tax on the taxable tangible property of the school district each year for a period of time not to exceed two years in an amount not to exceed the amount authorized by the state board of tax appeals under this subsection for the purpose of financing the costs incurred by the state that are directly attributable to assignment of ancillary school facilities weighting to the enrollment of the school district. The state board of tax appeals may authorize the school district to make a levy that will produce an amount that is not greater than the difference between the amount of costs directly attributable to commencing operation of one or more new school facilities and the amount that is financed from any other source provided by law for such purpose. If the school district is not eligible, or will be ineligible, for ancillary school facilities weighting in any one or more years during the two-year period for which the school district is authorized to levy a tax under this subsection, the state board of tax appeals may authorize the school district to make a levy, in such year or years of ineligibility, that will produce an amount that is not greater than the actual amount of costs attributable to commencing operation of the facility or facilities.

(2) The state board of tax appeals shall certify to the state board the amount authorized to be produced by the levy of a tax under this subsection.

(3) The state board of tax appeals may adopt rules and regulations necessary to effectuate the provisions of this subsection, including rules and regulations relating to the evidence required in support of a school district's claim that the costs attributable to commencing operation of one or more new school facilities are in excess of the amount that is financed from any other source provided by law for such purpose.

(b) The board of education of a school district that has levied an ad valorem tax on the taxable tangible property of the school district each year for a period of two years under authority of subsection (a) may continue to levy such tax under authority of this subsection each year for an additional period of time not to exceed six years in an amount not to exceed the amount computed by the state board as provided in this subsection if the board of the school district determines that the costs attributable to commencing operation of one or more new school facilities are significantly greater than the costs attributable to the operation of other school facilities in the school district. The tax authorized under this subsection may be levied at a rate that will produce an

amount that is not greater than the amount computed by the state board as provided in this subsection. In computing such amount, the state board shall:

(1) Determine the amount produced by the tax levied by the school district under authority of subsection (a) in the second year for which such tax was levied and add to such amount the amount of state foundation aid directly attributable to ancillary school facilities weighting that was received by the school district in the same year;

(2) compute 90% of the amount of the sum obtained under subsection (b)(1), which computed amount is the amount the school district may levy in the first year of the six-year period for which the school district may levy a tax under authority of this subsection;

(3) compute 75% of the amount of the sum obtained under subsection (b)(1), which computed amount is the amount the school district may levy in the second year of the six-year period for which the school district may levy a tax under authority of this subsection;

(4) compute 60% of the amount of the sum obtained under subsection (b)(1), which computed amount is the amount the school district may levy in the third year of the six-year period for which the school district may levy a tax under authority of this subsection;

(5) compute 45% of the amount of the sum obtained under subsection (b)(1), which computed amount is the amount the school district may levy in the fourth year of the six-year period for which the school district may levy a tax under authority of this subsection;

(6) compute 30% of the amount of the sum obtained under subsection (b)(1), which computed amount is the amount the school district may levy in the fifth year of the six-year period for which the school district may levy a tax under authority of this subsection; and

(7) compute 15% of the amount of the sum obtained under subsection (b)(1), which computed amount is the amount the school district may levy in the sixth year of the six-year period for which the school district may levy a tax under authority of this subsection.

In determining the amount produced by the tax levied by the school district under authority of subsection (a), the state board shall include any moneys apportioned to the ancillary school facilities fund of the school district from taxes levied under the provisions of K.S.A. 79-5101 et seq. and 79-5118 et seq., and amendments thereto.

(c) The proceeds from any tax levied by a school district under authority of this section shall be remitted to the state treasurer in accordance with the provisions of K.S.A. 75-4215, and amendments thereto. Upon receipt of each such remittance, the state treasurer shall deposit the entire amount in the state treasury to the credit of the state school district finance fund.

(d) The ancillary school facilities weighting may be assigned to the enrollment of a school district only if the school district has levied a tax under the authority of subsection (a), and remitted the proceeds from such tax to the state treasurer. The ancillary school facilities weighting of each school district shall be determined in each school year in which such weighting may be assigned to the enrollment of the school district as follows:

(1) Add the amount to be produced by a tax levy as authorized under subsection (a) and certified to the state board by the state board of tax appeals to the amount computed

under subsection (b) to be produced by a tax levy, if any; and

(2) divide the sum obtained under subsection (d)(1) by the BASE aid. The resulting quotient is the ancillary school facilities weighting of the school district.

(e) The provisions of this section apply to any school district that:

(1) Commenced operation of one or more new school facilities in the school year preceding the current school year or has commenced or will commence operation of one or more new school facilities in the current school year;

(2) adopted a local option budget; and

(3) is experiencing extraordinary enrollment growth as determined by the state board.

New Sec. 31. (a) Subject to subsection (b), the board of education of a school district may levy a tax on the taxable tangible property within the school district for the purpose of financing the costs incurred by the state that are attributable directly to assignment of the cost-of-living weighting to the enrollment of the school district.

(b) The state board shall determine whether a school district may levy a tax under this section as follows:

(1) Determine the statewide average appraised value of single family residences for the calendar year preceding the current school year;

(2) multiply the amount determined under subsection (b)(1) by 1.25;

(3) determine the average appraised value of single family residences in each school district for the calendar year preceding the current school year; and

(4) subtract the amount determined under subsection (b)(2) from the amount determined under subsection (b)(3). If the amount determined for the school district is a positive number and the school district has adopted a local option budget in an amount equal to at least 31% of the total foundation aid for the school district, the school district qualifies for assignment of cost-of-living weighting and may levy a tax on the taxable tangible property of the school district for the purpose of financing the costs that are attributable directly to assignment of the cost-of-living weighting to the enrollment of the school district.

(c) (1) No tax may be levied under this section unless the board of education adopts a resolution authorizing such a tax levy and publishes the resolution at least once in a newspaper having general circulation in the school district. Except as provided by subsection (e), the resolution shall be published in substantial compliance with the following form:

Unified School District No. _____,

_____ County, Kansas.

RESOLUTION

Be It Resolved that:

The board of education of the above-named school district shall be authorized to levy an ad valorem tax in an amount not to exceed the amount necessary to finance the costs attributable directly to the assignment of cost-of-living weighting to the enrollment of the school district. The ad valorem tax authorized by this resolution may be levied unless a petition in opposition to the same, signed by not less than 5% of the qualified electors of the school district, is filed with the county election officer of the home county of the school district within 30 days after the publication of this resolution. If a petition is filed, the county election officer shall submit the question of whether the levy

of such a tax shall be authorized in accordance with the provisions of this resolution to the electors of the school district at the next general election of the school district, as is specified by the board of education of the school district.

CERTIFICATE

This is to certify that the above resolution was duly adopted by the board of education of Unified School District No. _____, _____ County, Kansas, on the ____ day of _____, (year)_____.

(2) All of the blanks in the resolution shall be filled appropriately. If no petition as specified above is filed in accordance with the provisions of the resolution, the resolution authorizing the ad valorem tax levy shall become effective. If a petition is filed as provided in the resolution, the board may notify the county election officer to submit the question of whether such tax levy shall be authorized. If the board fails to notify the county election officer within 30 days after a petition is filed, the resolution shall be deemed abandoned and of no force and effect and no like resolution shall be adopted by the board within the nine months following publication of the resolution. If a majority of the votes cast in an election conducted pursuant to this provision is in favor of the resolution, such resolution shall be effective on the date of such election. If a majority of the votes cast is not in favor of the resolution, the resolution shall be deemed of no force and effect and no like resolution shall be adopted by the board within the nine months following such election.

(d) There is hereby established in every school district a cost-of-living fund, which shall consist of all moneys deposited therein or transferred thereto in accordance with law. All moneys derived from a tax imposed pursuant to this section shall be credited to the cost-of-living fund. Upon receipt of each such remittance, the state treasurer shall deposit the entire amount in the state treasury to the credit of the state school district finance fund.

(e) In determining the amount produced by the tax levied by the school district under the authority of this section, the state board shall include any moneys apportioned to the cost-of-living fund of the school district from taxes levied under the provisions of K.S.A. 79-5101 et seq. and 79-5118 et seq., and amendments thereto.

(f) The cost-of-living weighting of a school district shall be determined by the state board in each school year in which such weighting may be assigned to the enrollment of the school district as follows:

(1) Divide the amount determined under subsection (b)(4) by the amount determined under subsection (b)(2);

(2) multiply the quotient determined under subsection (f)(1) by 0.095;

(3) multiply the school district's total foundation aid for the current school year, excluding the amount determined under this provision, by the lesser of the product determined under subsection (f)(2) or 0.05; and

(4) divide the product determined under subsection (f)(3) by the BASE aid for the current school year. The quotient is the cost-of-living weighting of the school district.

New Sec. 32. (a) (1) (A) The board of education of a school district may levy an ad

valorem tax on the taxable tangible property of the school district each year for a period of time not to exceed two years, unless authority to make such levy is renewed by the state board of tax appeals, in an amount not to exceed the amount authorized by the state board of tax appeals under this section for the purpose of financing the costs incurred by the state that are directly attributable to assignment of declining enrollment weighting to the enrollment of the school district. The state board of tax appeals may authorize the school district to make a levy that will produce an amount that is not greater than the amount of revenues lost as a result of the declining enrollment of the school district. Such amount shall not exceed 5% of the general fund budget of the school district in the school year in which the school district applies to the state board of tax appeals for authority to make a levy pursuant to this subsection. The state board of tax appeals may renew the authority to make such levy for periods of time not to exceed two years.

(B) For school year 2017-2018, as an alternative to the authority provided in subsection (a)(1)(A), if a school district was authorized to make a levy pursuant to K.S.A. 72-6451, prior to its repeal, in school year 2006-2007, such school district shall remain authorized to make a levy at a rate necessary to generate revenue equal to $\frac{1}{2}$ of the amount that was generated in school year 2007-2008.

(2) The state board of tax appeals shall certify to the state board the amount authorized to be produced by the levy of a tax under this section.

Upon receipt of each such remittance, the state treasurer shall deposit the entire amount in the state treasury to the credit of the state school district finance fund.

(c) In determining the amount produced by the tax levied by the school district under authority of this section, the state board shall include any moneys apportioned to the declining enrollment fund of the school district from taxes levied under the provisions of K.S.A. 79-5101 et seq. and 79-5118 et seq., and amendments thereto.

(d) The declining enrollment weighting of a school district shall be determined by the state board in each school year in which such weighting may be assigned to the enrollment of the school district. The state board shall divide the amount certified under subsection (a)(2) by the BASE aid. The resulting quotient is the declining enrollment weighting of the school district.

(6) On or before July 1, 2024, the house and senate standing committees on education shall review the bilingual student weighting, as such term is defined in section 4, and amendments thereto, to ensure that such weighting is reasonably calculated to have students meet or exceed the educational goal set forth in K.S.A. 2016 Supp. 72-1127(c), and amendments thereto.

Except as otherwise provided in this section, the county treasurer shall distribute such taxes as may be collected in the same manner as if such property were located outside a redevelopment district. Each redevelopment district established under the provisions of this act shall constitute a separate taxing unit for the purpose of the computation and levy of taxes.

(c) Beginning with the first payment of taxes which are levied following the date of approval of any redevelopment district established pursuant to K.S.A. 74-8921, and amendments thereto, real property taxes received by the county treasurer resulting from taxes which are levied subject to the provisions of this act by and for the benefit of a taxing subdivision, as herein defined, on property located within such redevelopment district constituting a separate taxing unit under the provisions of this section, shall be divided as follows:

Sec. 101. K.S.A. 75-2318 is hereby amended to read as follows: 75-2318. (a) Upon receiving an application under K.S.A. 75-2317, and amendments thereto, the state board of education shall review the application and examine the evidence furnished in support of the application.

(b) (1) Commencing in school year 2017-2018, the state board of education shall not approve any application submitted during the current school year if such approval would result in the aggregate amount of all general obligation bonds approved by the state board for such school year exceeding the aggregate principal amount of all general obligation bonds retired in the immediately preceding school year. In determining whether to approve an application, the state board shall prioritize applications in accordance with the priorities set forth as follows in order of highest priority to lowest priority:

(A) Safety of the current facility and disability access to such facility as demonstrated by a state fire marshal report, an inspection under the Americans with disabilities act, 42 U.S.C. § 12101 et seq., or other similar evaluation;

(B) enrollment growth and imminent overcrowding as demonstrated by successive increases in enrollment of the school district in the immediately preceding three school years;

(C) impact on the delivery of educational services as demonstrated by restrictive inflexible design or limitations on installation of technology; and

(D) energy usage and other operational inefficiencies as demonstrated by a district-wide energy usage analysis, district-wide architectural analysis or other similar evaluation.

(2) The state board shall not consider a school district's eligibility for capital improvement state aid, or the amount of capital improvement state aid a school district would be eligible to receive, in determining whether to approve such district's application.

(3) The provisions of subsection (b)(1) shall not apply to school districts that have not issued any general obligation bonds in the 25 years prior to the current school year.

(c) After reviewing the application and examining the supportive evidence, the state board of education shall issue an order either granting or denying the application. If the application is approved, the applicant board of education shall request the county election officer to hold an election to vote upon the question of issuing the increased amount of bonds in the manner provided by law.

(d) Any application that is denied pursuant to subsection (b) may be tentatively approved by the state board of education for the immediately succeeding school year. The amount of general obligation bonds approved in any such application shall be counted first towards the aggregate amount of all general obligation bonds approved by the state board for such school year.

(e) Commencing in school year 2017-2018, the state board of education shall determine the aggregate principal amount of general obligation bonds retired in the immediately preceding school year.

(f) The provisions of subsections (b), (d) and (e) shall expire on June 30, 2022.

Sec. 102. K.S.A. 2016 Supp. 75-2319 is hereby amended to read as follows: 75-2319. (a) There is hereby established in the state treasury the school district capital improvements fund. The fund shall consist of all amounts transferred thereto under the provisions of subsection (c).

(b) In each school year, each school district which is obligated to make payments from its capital improvements fund shall be entitled to receive payment from the school district capital improvements fund in an amount determined by the state board of education as provided in this subsection.

(1) For general obligation bonds approved for issuance at an election held prior to July 1, 2015, the state board of education shall:

(A) Determine the amount of the assessed valuation per pupil (AVPP) of each school district in the state for the preceding school year and round such amount to the nearest \$1,000. The rounded amount is the AVPP of a school district for the purposes of this subsection (b)(1);

(B) determine the median AVPP of all school districts;

(C) prepare a schedule of dollar amounts using the amount of the median AVPP of all school districts as the point of beginning. The schedule of dollar amounts shall range upward in equal \$1,000 intervals from the point of beginning to and including an amount that is equal to the amount of the AVPP of the school district with the highest AVPP of all school districts and shall range downward in equal \$1,000 intervals from the point of beginning to and including an amount that is equal to the amount of the AVPP of the school district with the lowest AVPP of all school districts;

(D) determine a state aid percentage factor for each school district by assigning a state aid computation percentage to the amount of the median AVPP shown on the schedule, decreasing the state aid computation percentage assigned to the amount of the median AVPP by one percentage point for each \$1,000 interval above the amount of the median AVPP, and increasing the state aid computation percentage assigned to the

amount of the median AVPP by one percentage point for each \$1,000 interval below the amount of the median AVPP. Except as provided by K.S.A. 2016 Supp. 75-2319c, and amendments thereto, the state aid percentage factor of a school district is the percentage assigned to the schedule amount that is equal to the amount of the AVPP of the school district. The state aid percentage factor of a school district shall not exceed 100%. The state aid computation percentage is 25%;

(E) determine the amount of payments that a school district is obligated to make from its bond and interest fund attributable to general obligation bonds approved for issuance at an election held prior to July 1, 2015; and

(F) multiply the amount determined under subsection (b)(1)(E) by the applicable state aid percentage factor.

(2) For general obligation bonds approved for issuance at an election held on or after July 1, 2015, the state board of education shall:

(A) Determine the amount of the AVPP of each school district in the state for the preceding school year and round such amount to the nearest \$1,000. The rounded amount is the AVPP of a school district for the purposes of this subsection (b)(2);

(B) prepare a schedule of dollar amounts using the amount of the AVPP of the school district with the lowest AVPP of all school districts as the point of beginning. The schedule of dollar amounts shall range upward in equal \$1,000 intervals from the point of beginning to and including an amount that is equal to the amount of the AVPP of the school district with the highest AVPP of all school districts;

(C) determine a state aid percentage factor for each school district by assigning a state aid computation percentage to the amount of the lowest AVPP shown on the schedule and decreasing the state aid computation percentage assigned to the amount of the lowest AVPP by one percentage point for each \$1,000 interval above the amount of the lowest AVPP. Except as provided by K.S.A. 2016 Supp. 75-2319c, and amendments thereto, the state aid percentage factor of a school district is the percentage assigned to the schedule amount that is equal to the amount of the AVPP of the school district. The state aid computation percentage is 75%;

(D) determine the amount of payments that a school district is obligated to make from its bond and interest fund attributable to general obligation bonds approved for issuance at an election held on or after July 1, 2015; and

(E) multiply the amount determined under subsection (b)(2)(D) by the applicable state aid percentage factor.

(3) For general obligation bonds approved for issuance at an election held on or before June 30, 2016, the sum of the amount determined under subsection (b)(1)(F) and the amount determined under subsection (b)(2)(E) is the amount of payment the school district is entitled to receive from the school district capital improvements fund in the school year.

(4) For general obligation bonds approved for issuance at an election held on or after July 1, 2016, the amount determined under subsection (b)(2)(E) is the amount of payment the school district shall receive from the school district capital improvements fund in the school year, except the total amount of payments school districts receive from the school district capital improvements fund in the school year for such bonds shall not exceed the six-year average amount of capital improvement state aid as determined by the state board of education.

(A) The state board of education shall determine the six-year average amount of

capital improvement state aid by calculating the average of the total amount of moneys expended per year from the school district capital improvements fund in the immediately preceding six fiscal years, not to include the current fiscal year.

(B) (i) Subject to clause (ii), the state board of education shall prioritize the allocations to school districts from the school district capital improvements fund in accordance with the priorities set forth as follows in order of highest priority to lowest priority:

(a) Safety of the current facility and disability access to such facility as demonstrated by a state fire marshal report, an inspection under the Americans with disabilities act, 42 U.S.C. § 12101 et seq., or other similar evaluation;

(b) enrollment growth and imminent overcrowding as demonstrated by successive increases in enrollment of the school district in the immediately preceding three school years;

(c) impact on the delivery of educational services as demonstrated by restrictive inflexible design or limitations on installation of technology; and

(d) energy usage and other operational inefficiencies as demonstrated by a district-wide energy usage analysis, district-wide architectural analysis or other similar evaluation.

(ii) In allocating capital improvement state aid, the state board shall give higher priority to those school districts with a lower AVPP compared to the other school districts that are to receive capital improvement state aid under this section.

(C) On and after July 1, 2016, the state board of education shall approve the amount of state aid payments a school district shall receive from the school district capital improvements fund pursuant to subsection (b)(5) prior to an election to approve the issuance of general obligation bonds.

(5) Except as provided in subsections (b)(6) and (b)(7), the sum of the amounts determined under subsection (b)(3) and the amount determined or allocated to the district by the state board of education pursuant to subsection (b)(4), is the amount of payment the school district is entitled to receive from the school district capital improvements fund in the school year.

(6) A school district that had an enrollment of less than 260 students in the school year immediately preceding the school year in which an election is held to approve the issuance of general obligation bonds shall not be entitled to receive payments from the school district capital improvements fund unless such school district applied for and receive approval from the state board of education to issue such bonds prior to holding an election to approve such bond issuance. The provisions of this paragraph shall apply to general obligation bonds approved for issuance at an election held on or after July 1, 2017, that are issued for the purpose of financing the construction of new school facilities.

(7) For general obligation bonds approved for issuance at an election held on or after July 1, 2017, in determining the amount under subsection (b)(2)(D), the state board shall exclude payments for any capital improvement project, or portion thereof, that proposes to construct, reconstruct or remodel a facility that would be used primarily for extracurricular activities, unless the construction, reconstruction or remodeling of such facility is necessary due to concerns relating to the safety of the current facility or disability access to such facility as demonstrated by a state fire marshal report, an inspection under the Americans with disabilities act, 42 U.S.C. § 12101 et seq., or other

similar evaluation.

(c) The state board of education shall certify to the director of accounts and reports the entitlements of school districts determined under the provisions of subsection (b), and an amount equal thereto shall be transferred by the director from the state general fund to the school district capital improvements fund for distribution to school districts. All transfers made in accordance with the provisions of this subsection shall be considered to be demand transfers from the state general fund, except that all such transfers during the fiscal years ending ~~June 30, 2013, June 30, 2014~~ 2017, June 30, 2015 2018, and June 30, 2016 2019, shall be considered to be revenue transfers from the state general fund.

(d) Payments from the school district capital improvements fund shall be distributed to school districts at times determined by the state board of education to be necessary to assist school districts in making scheduled payments pursuant to contractual bond obligations. The state board of education shall certify to the director of accounts and reports the amount due each school district entitled to payment from the fund, and the director of accounts and reports shall draw a warrant on the state treasurer payable to the treasurer of the school district. Upon receipt of the warrant, the treasurer of the school district shall credit the amount thereof to the bond and interest fund of the school district to be used for the purposes of such fund.

(e) The provisions of this section apply only to contractual obligations incurred by school districts pursuant to general obligation bonds issued upon approval of a majority of the qualified electors of the school district voting at an election upon the question of the issuance of such bonds.

(f) On or before the first day of the legislative session in 2017, and each year thereafter, the state board of education shall prepare and submit a report to the legislature that includes information on school district elections held on or after July 1, 2016, to approve the issuance of general obligation bonds and the amount of payments school districts were approved to receive from the school district capital improvements fund pursuant to subsection (b)(4)(C).

(a) Any property owner requesting an exemption from the payment of ad valorem property taxes assessed, or to be assessed, against their property shall be required to file an initial request for exemption, on forms approved by the state board of tax appeals and provided by the county appraiser.

(b) The initial exemption request shall identify the property for which the exemption is requested and state, in detail, the legal and factual basis for the exemption claimed.

(c) The request for exemption shall be filed with the county appraiser of the county where such property is principally located.

(d) After a review of the exemption request, and after a preliminary examination of the facts as alleged, the county appraiser shall recommend that the exemption request

either be granted or denied, and, if necessary, that a hearing be held. If a denial is recommended, a statement of the controlling facts and law relied upon shall be included on the form.

(e) The county appraiser, after making such written recommendation, shall file the request for exemption and the recommendations of the county appraiser with the state board of tax appeals. With regard to a request for exemption from property tax pursuant to the provisions of K.S.A. 79-201g and 82a-409, and amendments thereto, not filed with the board of tax appeals by the county appraiser on or before the effective date of this act, if the county appraiser recommends the exemption request be granted, the exemption shall be provided in the amount recommended by the county appraiser and the county appraiser shall not file the request for exemption and recommendations of the county appraiser with the state board of tax appeals. (j) In the event the board grants the initial request for exemption, the same shall be effective beginning with the date of first exempt use except that, with respect to property the construction of which commenced not to exceed 24 months prior to the date of first exempt use, the same shall be effective beginning with the date of commencement of construction.

(k) In conjunction with its authority to grant exemptions, the board shall have the authority to abate all unpaid taxes that have accrued from and since the effective date of the exemption. EXPLANATIONS OF VOTE

MR. SPEAKER: I vote no on **SB 19**. I believe it is dis-equalizing for at least five reasons. In the *Gannon* decision the Kansas Supreme Court ruled, “School districts must have reasonably equal access to, substantially similar educational opportunity, through similar tax effort.” **SB 19** does the opposite. I cannot support a school finance plan that is in clear violation of the court order on equity and adequacy. I will see all of you in July! – ED TRIMMER

MR. SPEAKER: AS I stated before, the June 30 deadline looms large. I share concerns about the funding level, and the tax credit scholarship expansion, but am more alarmed at the uncertainty we face without a constitutional funding formula. Absent an approved formula, the state will not be allowed to distribute even \$1 on July 1, 2017 creating crisis. I believe we have drafted a formula that will meet the constitutional test. Ultimately, none of us can discern what the Supreme Court will rule regarding adequacy but it is high time for both sides to have their day in court. I vote AYE on **SB 19**. – MELISSA ROOKER, BRENDA K. LANDWEHR, JOY KOESTEN

Mr. Speaker: As lead House negotiator, I added three provisions to SB 19 that will further help underperforming Kansas students exceed the Rose standards. SB 19 increases bilingual weighting, recognizing that a disproportionate number of ESL students fall short of Rose benchmarks. It ensures that every penny of the record level of at-risk funding is spent where it should be, on underperforming students. SB 19 also guarantees that at-risk dollars are used efficiently, following best practices for helping underperforming students as established by the State Board. Because SB 19 helps underperforming students more than any other bill considered by the legislature, I vote aye. – Larry Campbell

On motion of Rep. Hineman, the House recessed until 8:00 p.m.

EVENING SESSION

The House met pursuant to recess with Speaker pro tem Schwab in the chair.

Sec. 5. K.S.A. 2016 Supp. 79-32,117 is hereby amended to read as follows: 79-32,117. (a) The Kansas adjusted gross income of an individual means such individual's federal adjusted gross income for the taxable year, with the modifications specified in this section.

(b) There shall be added to federal adjusted gross income:

(i) Interest income less any related expenses directly incurred in the purchase of state or political subdivision obligations, to the extent that the same is not included in federal adjusted gross income, on obligations of any state or political subdivision

thereof, but to the extent that interest income on obligations of this state or a political subdivision thereof issued prior to January 1, 1988, is specifically exempt from income tax under the laws of this state authorizing the issuance of such obligations, it shall be excluded from computation of Kansas adjusted gross income whether or not included in federal adjusted gross income. Interest income on obligations of this state or a political subdivision thereof issued after December 31, 1987, shall be excluded from computation of Kansas adjusted gross income whether or not included in federal adjusted gross income.

(ii) Taxes on or measured by income or fees or payments in lieu of income taxes imposed by this state or any other taxing jurisdiction to the extent deductible in determining federal adjusted gross income and not credited against federal income tax. This paragraph shall not apply to taxes imposed under the provisions of K.S.A. 79-1107 or 79-1108, and amendments thereto, for privilege tax year 1995, and all such years thereafter.

(iv) Federal income tax refunds received by the taxpayer if the deduction of the taxes being refunded resulted in a tax benefit for Kansas income tax purposes during a prior taxable year. Such refunds shall be included in income in the year actually received regardless of the method of accounting used by the taxpayer. For purposes hereof, a tax benefit shall be deemed to have resulted if the amount of the tax had been deducted in determining income subject to a Kansas income tax for a prior year regardless of the rate of taxation applied in such prior year to the Kansas taxable income, but only that portion of the refund shall be included as bears the same proportion to the total refund received as the federal taxes deducted in the year to which such refund is attributable bears to the total federal income taxes paid for such year. For purposes of the foregoing sentence, federal taxes shall be considered to have been deducted only to the extent such deduction does not reduce Kansas taxable income below zero.

(v) The amount of any depreciation deduction or business expense deduction claimed on the taxpayer's federal income tax return for any capital expenditure in making any building or facility accessible to the handicapped, for which expenditure the taxpayer claimed the credit allowed by K.S.A. 79-32,177, and amendments thereto.

(ix) The amount of any ad valorem taxes and assessments paid and the amount of any costs incurred for habitat management or construction and maintenance of improvements on real property, claimed for deduction in determining federal adjusted gross income, to the extent the same is claimed as the basis for any credit allowed

pursuant to K.S.A. 79-32,203, and amendments thereto.

(x) Amounts received as nonqualified withdrawals, as defined by K.S.A. 2016 Supp. 75-643, and amendments thereto, if, at the time of contribution to a family postsecondary education savings account, such amounts were subtracted from the federal adjusted gross income pursuant to K.S.A. 79-32,117(c)(xv), and amendments thereto, or if such amounts are not already included in the federal adjusted gross income.

(xi) The amount of any contribution made to the same extent the same is claimed as the basis for the credit allowed pursuant to K.S.A. 2016 Supp. 74-50,154, and amendments thereto.

(xii) For taxable years commencing after December 31, 2004, amounts received as withdrawals not in accordance with the provisions of K.S.A. 2016 Supp. 74-50,204, and amendments thereto, if, at the time of contribution to an individual development account, such amounts were subtracted from the federal adjusted gross income pursuant to subsection (c)(xiii), or if such amounts are not already included in the federal adjusted gross income.

(xiii) The amount of any expenditures claimed for deduction in determining federal adjusted gross income, to the extent the same is claimed as the basis for any credit allowed pursuant to K.S.A. 2016 Supp. 79-32,217 through 79-32,220 or 79-32,222, and amendments thereto.

(xiv) The amount of any amortization deduction claimed in determining federal adjusted gross income to the extent the same is claimed for deduction pursuant to K.S.A. 2016 Supp. 79-32,221, and amendments thereto.

(xv) The amount of any expenditures claimed for deduction in determining federal adjusted gross income, to the extent the same is claimed as the basis for any credit allowed pursuant to K.S.A. 2016 Supp. 79-32,223 through 79-32,226, 79-32,228 through 79-32,231, 79-32,233 through 79-32,236, 79-32,238 through 79-32,241, 79-32,245 through 79-32,248 or 79-32,251 through 79-32,254, and amendments thereto.

(xvi) The amount of any amortization deduction claimed in determining federal adjusted gross income to the extent the same is claimed for deduction pursuant to K.S.A. 2016 Supp. 79-32,227, 79-32,232, 79-32,237, 79-32,249, 79-32,250 or 79-32,255, and amendments thereto.

(xvii) The amount of any amortization deduction claimed in determining federal adjusted gross income to the extent the same is claimed for deduction pursuant to K.S.A. 2016 Supp. 79-32,256, and amendments thereto.

(xviii) For taxable years commencing after December 31, 2006, the amount of any ad valorem or property taxes and assessments paid to a state other than Kansas or local government located in a state other than Kansas by a taxpayer who resides in a state other than Kansas, when the law of such state does not allow a resident of Kansas who earns income in such other state to claim a deduction for ad valorem or property taxes or assessments paid to a political subdivision of the state of Kansas in determining taxable income for income tax purposes in such other state, to the extent that such taxes and assessments are claimed as an itemized deduction for federal income tax purposes.

Prayer by Chaplain Brubaker:

God of comfort,
strength and refuge,
I call upon You today to come along side our leaders
and give them strength and encourage their hearts.
King Solomon, in his psalm to You reminds us that:
“Unless the Lord builds the house,
its builders labor in vain.
Unless the Lord watches over the city,
the watchmen stand guard in vain.
In vain you rise early and stay up late,
toiling for food to eat—
for He grants sleep to those He Loves.”
Isaiah also give us encouraging words when he said:
“The Lord is the everlasting God
the Creator of the ends of the earth,
He will not grow tired or weary,
and his understanding no one can fathom.
He gives strength to the weary
and increases the power of the weak.
May these promises be fulfilled in our leaders today.
I pray this in Christ’s Name, Amen.
(Psalm 127:1-4; Isaiah 40:28-29)

The Pledge of Allegiance was led by Rep. Williams.

MESSAGES FROM THE SENATE

Announcing the Senate herewith transmits the veto message from the Governor, together with the enrolled copy of **SB 30**, AN ACT concerning taxation; relating to sales and compensating use tax, collection and distribution thereof, STAR bonds; income taxation, determination of Kansas adjusted gross income, modifications, rates, itemized deductions and credits; amending K.S.A. 2016 Supp. 12-17,165, 12-17,179, 79-32,110, 79-32,117, 79-32,120 and 79-32,138 and repealing the existing sections; also repealing K.S.A. 2016 Supp. 79-32,269, which was received and read on June 6, 2017.

Message from the Governor

I appreciate the efforts of members during this intense lawmaking process. We have worked hard in Kansas to move our tax policy toward a pro-growth orientation. Unfortunately, Senate Bill 30 takes us backward in that effort. We can and we must balance our budget without negatively harming Kansas families.

Accordingly, pursuant to Article 2, Section 14 (a) of the Constitution of the State of Kansas, I hereby veto Senate Bill 30.

Dated: June 6, 2017

Signed, Sam Brownback, Governor of Kansas

A motion was made that **SB 30** be passed notwithstanding the Governor's veto. By vote of 27 Yeas and 13 Nays, the motion having received the required two-thirds constitutional majority of the members elected or appointed to the Senate, voting in the affirmative, the bill passed.

CONSIDERATION OF VETO

On motion of Rep. Johnson, the House proceeded to reconsider **SB 30**, AN ACT concerning taxation; relating to sales and compensating use tax, collection and distribution thereof, STAR bonds; income taxation, determination of Kansas adjusted gross income, modifications, rates, itemized deductions and credits; amending K.S.A. 2016 Supp. 12-17,165, 12-17,179, 79-32,110, 79-32,117, 79-32,120 and 79-32,138 and repealing the existing sections; also repealing K.S.A. 2016 Supp. 79-32,269.

The Governor's objection to **SB 30** having been read, the question being shall the bill be passed notwithstanding the Governor's veto?

EXPLANATIONS OF VOTE

MR. SPEAKER: I am voting yes to override the Governor's veto on **SB 30**. I vote to override with reluctance. This is the first time in my life that I've watched negotiations go upward. Usually, you negotiate down. That said, it would have been much easier for me to vote for **SB 30** had it contained a full-fledged repeal of the Governor's tax cuts.

However, the Governor has done my community no favors. With the reality being what it is, I choose to do what will most benefit Kansans – and that is to support this override. – STAN FROWN FELTER

MR. SPEAKER: I voted present on **SB 30** because I support funding government – and jobs for my district including Wichita and rural Kansas. However, they were not a part of this bill, therefore I could neither support it or vote against it, or the largest tax increase in states' history. – JOE SEIWERT

MR. SPEAKER: I vote yes to override the veto on **SB 30**. 109 days ago we came together to formulate a plan that would get our state back on solid financial footing. We all came with different goals: some with reversing the Governor's plan altogether, putting businesses back on tax rolls or shielding all Kansans from tax hikes. We've worked in good faith to find the middle ground. However, it became clear that finding middle ground on a plan the governor would sign was out of reach. This isn't the plan I supported, but it's the plan that the majority of this House supported. It's time to provide certainty for Kansas. – RON RYCKMAN

On motion of Rep. Hineman, the House adjourned until 4:00 p.m., Wednesday, June 7, 2017.

EIGHTY-FIFTH DAY

HALL OF THE HOUSE OF REPRESENTATIVES,

Rep. Cox was excused on legislative business.

Reps. Aurand, Awerkamp, Barker, Campbell, Claeys, Pittman and Thompson were excused on excused absence by the Speaker.

Prayer by Chaplain Brubaker:

Father God,
Thank You again for another day
with which You have blessed us.
I never know when I walk into this Chamber what to expect.
It reminds me of the quote of my favorite philosopher:
“my mama always told me life was like a box of chocolates;
you never know what you’re gonna get.”
I think he is also the one who said,
“stupid is as stupid does.”
Anyway, here we are, having accomplished two major bills.
But there is still one huge bill before our leaders
that has to be dealt with – the budget.
Some may be saying,
“Houston, we have a problem;”
while others may be thinking,
“show me the money;”
There could even be the idea of
“I’m gonna make him an offer he can’t refuse.”
I just pray that we don’t get to the point where
“what we’ve got here is a failure to communicate.”
All I can say is,
“fasten your seatbelts, its gonna be a bumpy ride.”
Not like it hasn’t been already.
My prayer is that You will guide our leaders in this task,
and guide them to a solution.
“After all, tomorrow is another day.”

Remind each of our leaders that
 “you is kind, you is smart, and you is important.”
 And when it is all said and done, we can all agree that
 “there is no place like home.”
 Lord, You have heard my prayer,
 respond to it as You will.
 In Christ’s Name, Amen.

The Pledge of Allegiance was led by Rep. Trimmer.

Help us to think the best, not the worst;

help us to put into practice.

PERSONAL PRIVILEGE

The following remarks of Speaker Ryckman are spread upon the Journal:

Colleagues,

I want to make a few remarks about the heartbreaking loss of Representative Patsy Terrell. It is such a shock to see the reminder of her loss with her empty seat on the floor today.

It seems fitting to use her own words from her Facebook page, as she was a great communicator to her constituents, especially on social media. Her intro reads: I read, write, paint, think, create, repeat.

Representative Terrell was indeed full of creativity, extremely thoughtful, and had a bright personality.

She will be greatly missed by this legislative body, and the people of the 102nd District, and more importantly all of those around the state that have been inspired by her life.

We send our thoughts, prayers, and love to her family and friends during this difficult time.

PERSONAL PRIVILEGE

The following remarks of Rep. Ward are spread upon the Journal:

In Memoriam Representative Patsy Terrell.

Thank you, Mr. Speaker, for providing me an opportunity to say a few words about our friend and colleague, Patsy Terrell.

First, I want to thank Governor Brownback for lowering the flags to half-mast in honor of her.

I met Patsy Terrell approximately 16 months ago at a local Italian Restaurant in downtown Hutchinson. She wore a bright green dress and a large jade brooch. We were there to talk about, in her words, a crazy idea of her becoming a state representative. If you have ever recruited a candidate you know there is a moment when you know have gotten them. Well I “got” Patsy that day. While it wasn’t official until after several more calls, I knew she would run after that first meeting. How? I saw it in her eyes when we talked about helping the people in her district through constituent services, helping people work through state government to get solutions, and getting people answers from state agencies. When we ended the meeting, she leaned over and gave me a look that said, “don’t bullshit me because I’ll know it if you do it,” and then she asked, “Do you think I can do it?” I said I did. And on November 8, 2016, she did.

The last time I talked with Patsy was on Tuesday evening as I prepared to leave the restaurant where several of us had gathered after the income tax reform override vote. Patsy arrived and came over and gave me a big hug, saying how proud she was to have been a part of such an historic night. She said how happy she was to be a legislator and her eyes were bright with excitement and pride.

Patsy was a regular user of social media, but she also loved the written word. During the time I knew her, I, like several of you, received numerous handwritten notes from her. The last one I received just a couple of weeks ago, after the Representative from Johnson County had his heart attack. The note said being a legislator is stressful and being leader is stressful, so please be sure to take care of yourself. That was Patsy. Always thinking of others and nurturing them.

She had incredible timing. She would stop by my office with an encouraging word at exactly the right moment, usually following a difficult caucus meeting or vigorous debate.

She was kind and generous and strong. A member of my caucus pointed out a quote from Patsy's Facebook page I wanted to share with you. To a friend she had written, "Things work out in the end, if it hasn't worked out – it's not the end." Well it's not the end, Patsy. We will carry on with your passion as we are not done.

I smile today because I know what Patsy is doing. She is in heaven, likely talking with John Kennedy, Ronald Reagan and Margaret Thatcher and she is telling them about the last day of her life. She is telling them about the important, historic work she did on that last day. I'm sure she is bragging about the amazing women in her bipartisan group that had such a voice in the income tax reform bill. On several occasions, Patsy would stop by my office to share with me the brilliance of her colleagues in the women's group and how important their work was and the progress they were making. I can assure you Kennedy or Johnson are not getting a word in edgewise today.

To close, I want to read you a text Patsy sent me yesterday at 1:08 am. "I hope this doesn't wake you if your phone dings. I know you must feel so good. It feels so good to me. I am so glad I got to experience this – so very proud to be a tiny part of this moment." That will be my memory of Patsy – so proud to be a part of this moment.

Godspeed Patsy, you will be missed.

The members of the House observed a moment of silence in memory of Rep. Terrell.

In The House Of Representatives
Of The State Of Kansas

Protest of House Minority Leader Jim Ward
Against the Conference Committee Report for Senate Bill 19
June 6, 2017

Mr. Speaker: I hereby exercise my right under Article 2, Section 10, of the Kansas Constitution to protest **the Conference Committee Report for Senate Bill 19 (“CCR for SB 19”)**.

The Kansas Constitution in Article 6, Section 6, subsection (b) provides “[t]he legislature shall make suitable provision for the finance of the educational interests of the state.” Over the last 30 years the Kansas Supreme Court has heard several lawsuits challenging the legislature’s failure to meet this constitutional obligation. The Court has identified two bedrock constitutional requirements in school finance cases: the equitable distribution of funds reasonably calculated to meet each child’s educational needs and adequate funding so that schools can ensure each child receives a suitable education.

On March 2, 2017, the Kansas Supreme Court issued its decision in *Gannon v. State of Kansas (Gannon IV)* found that “[u]nder the facts of this case, the state’s public education financing system provided by the legislature for grades K-12. Through its structure and implementation, is not reasonably calculated to have all Kansas public education students meet or exceed the . . . *Rose* standards . . . presently codified in K.S.A. 2016 Supp. 72-1127.” The Court further directed that “[o]nce a new financing system is enacted, the State will have to satisfactorily demonstrate to this court by June 30, 2017, that its proposed remedy is reasonably calculated to address the constitutional violates identified, as well as comports with previously identified constitutional mandates such as equity.”

The CCR for SB 19 fails to satisfy both the adequacy and equity requirements of the Kansas Constitution in several significant areas.

1. **Adequate funding.** CCR for SB 19 provides only \$286 million in new money in the next two school years to K-12. This means the per pupil amount will only grow from \$4,006 to \$4,128 over that same period. While this is an increase in base state aid from what was provided in CLASS, it falls well short of achieving the high-water mark of \$4,400 in 2009. Meaning that five years from now we will still be below where we were eight years ago.

In its Order, the Court made it clear there is a correlation between funding and achievement and noted CLASS’s unconstitutionality was due to underfunding. The Court further instructed that actual costs remain a valid factor to be considered in determining constitutional adequacy under Article 6 and instructed the state to not ignore the legislatively commissioned cost studies in creating a remedy.

The Kansas State Board of Education has recommended \$893 million in new money over the same period as funded in the CCR for SB 19. The cost studies commissioned by the legislature estimated a need for \$1.4 billion of new money for K-12. By whatever measurement used, it is clear the CCR for SB 19 is woefully inadequate in funding for our schools which puts the legislature in clear violation of the Kansas Constitution.

40 districts lose \$7.4 million in funding. These districts still have students not achieving. It is not reasonable to expect that they will be able to increase achievement with decreased resources. Another factor of inadequacy.

2. **At-Risk 10% Floor.** The 10% at-risk floor contained in this CCR provides \$2 million a year in additional money for two school districts while many other districts with more at-risk students than free-lunch students do not get extra funds for their at-risk students. There is no cost-based reasoning for this funding and its implementation is structurally flawed. This is both an adequacy and equity violation.

3. **High-Density At-Risk.** The high-density at-risk student weighting provides that when the enrollment of a school or school district is at least 50% at-risk students, the school or school district will receive a high-density at-risk weighting equal to 10.5 percent of the at-risk students of the district. The change to a school level as opposed to the school district level provides \$1.9 million in additional funding to two school districts while leaving roughly half of the other school districts with nothing. This is structurally flawed as it helps individual schools as opposed to school districts as a whole. This is an adequacy violation.

4. **Ancillary School Facilities Weighting.** The Ancillary Levy allows districts to acquire additional money to defray the costs associated with commencing the operation of new facilities. It benefits primarily five districts with \$24 million additional local funding that is not equalized.

5. **Declining Enrollment Levy.** The Declining Enrollment Levy is allowed for two districts. These districts will be able to raise \$3.7 million from increases in their LOB above 31%. Low valuation districts are not able to access these funds which results in inequity.

6. **Cost-of-Living Weighting.** The Cost-of-Living Weighting will allow for six districts to raise \$20 million in unequalized local funding while 21 districts qualify for it. The inclusion of the protest petition also means not all qualifying districts will be able to access the funds.

7. **Extraordinary Declining Enrollment.** CCR for SB 19 provides \$2,593,452 in one-time money for school districts with extraordinary declining enrollment. There is no cost-based reasoning for this funding and it is clearly disequalizing.

8. **Local Option Budget.** Prior Local Option Budget authorization is grandfathered in this report providing 44 districts an extra \$30 million in funding due to an additional

3% of LOB authority. While this is disequalizing on its face it is further disequalizing when you consider those 44 districts have access to these funds without an election while the remaining school districts will be required to obtain taxpayer approval for an increase in their LOB. There is no cost-based reasoning for this funding making it difficult to defend based on equity.

9. **Local Option Budget Equalization.** LOB equalization changes create inequity by changing the assessed valuation per pupil (AVPP) from calculating on current year to using prior year numbers, then after FY 2019, changes again to an average of the prior three years. This method will delay equalization to districts with declining AVPP and allows some districts with increasing AVPP to retain unwarranted equalization money.

10. **Artificial Local Option Budget Base Aid.** The Artificial Local Option Budget Base Aid allows for the use of a base aid amount of \$4,490 for purposes of calculating the LOB authority for local school districts if the base aid is less than \$4,490. This artificial number has been indexed beginning in the 2019-2020 school year using a 3-year rolling average CPI. Essentially, the actual base aid will never catch-up to the artificial base used for calculating LOB authority. This lacks any cost-based reasoning and is inequitable.

11. **Capital Outlay Equalization.** Capital Outlay Equalization changes operate in the same manner as LOB equalization and will result in the same inequity.

12. **Expansion of Capital Outlay Fund Usage.** The Capital Outlay Fund usage has been expanded for the addition of utility expenses and property and casualty insurance which creates a major equity violation. Property and Casualty Insurance expenses are approximately \$35 million statewide while utility expenses are approximately \$106 million statewide. The inclusion of both of these in Capital Outlay would be an expansion by 53%. Expanding the use of a wealth limited fund allows districts with high wealth to shift vastly more operating expenditures into capital outlay, freeing up their general fund or LOB for offering additional education opportunities to their students. Districts with lower wealth will not have the same ability to shift expenditures as wealthy districts.

13. **Miscellaneous Problems.**

a. **Tax Credit for Low Income Students Scholarship (TCLISS).** Eligibility of this program is now expanded to individuals and LLCs. This program contributes zero to solve the adequacy problem while draining state funds away from the state general fund.

b. **Virtual Schools.** Virtual Schools continue unchanged despite having little data showing contribution to the outcomes necessary to meet constitutional responsibilities.

For those reasons, it is clear that the CCR for SB 19 does not meet the constitutional

requirements of the *Gannon* decision. This is in no way constitutional or acceptable for the school children of Kansas.

Sec. 4. K.S.A. 2016 Supp. 12-192 is hereby amended to read as follows: 12-192. (a) Except as otherwise provided by subsection (b), (d) or (h), all revenue received by the director of taxation from a countywide retailers' sales tax shall be apportioned among the county and each city located in such county in the following manner: (1) One-half of all revenue received by the director of taxation shall be apportioned among the county and each city located in such county in the proportion that the total tangible

property tax levies made in such county in the preceding year for all funds of each such governmental unit bear to the total of all such levies made in the preceding year; and (2) one-half of all revenue received by the director of taxation from such countywide retailers' sales tax shall be apportioned among the county and each city located in such county, first to the county that portion of the revenue equal to the proportion that the population of the county residing in the unincorporated area of the county bears to the total population of the county, and second to the cities in the proportion that the population of each city bears to the total population of the county, except that no persons residing within the Fort Riley military reservation shall be included in the determination of the population of any city located within Riley county. All revenue apportioned to a county shall be paid to its county treasurer and shall be credited to the general fund of the county.

(b) (1) In lieu of the apportionment formula provided in subsection (a), all revenue received by the director of taxation from a countywide retailers' sales tax imposed within Johnson county at the rate of 0.75%, 1% or 1.25% after July 1, 2007, shall be apportioned among the county and each city located in such county in the following manner: (A) The revenue received from the first 0.5% rate of tax shall be apportioned in the manner prescribed by subsection (a); and (B) the revenue received from the rate of tax exceeding 0.5% shall be apportioned as follows: (i) One-fourth shall be apportioned among the county and each city located in such county in the proportion that the total tangible property tax levies made in such county in the preceding year for all funds of each such governmental unit bear to the total of all such levies made in the preceding year; (ii) one-fourth shall be apportioned among the county and each city located in such county, first to the county that portion of the revenue equal to the proportion that the population of the county residing in the unincorporated area of the county bears to the total population of the county, and second to the cities in the proportion that the population of each city bears to the total population of the county; and (iii) one-half shall be retained by the county for its sole use and benefit.

(2) In lieu of the apportionment formula provided in subsection (a), all money received by the director of taxation from a countywide sales tax imposed within Montgomery county pursuant to the election held on November 8, 1994, shall be remitted to and shall be retained by the county and expended only for the purpose for which the revenue received from the tax was pledged. All revenue apportioned and paid from the imposition of such tax to the treasurer of any city prior to the effective date of this act shall be remitted to the county treasurer and expended only for the purpose for which the revenue received from the tax was pledged.

(3) In lieu of the apportionment formula provided in subsection (a), on and after the effective date of this act, all moneys received by the director of taxation from a countywide retailers' sales tax imposed within Phillips county pursuant to the election held on September 20, 2005, shall be remitted to and shall be retained by the county and expended only for the purpose for which the revenue received from the tax was pledged.

(c) (1) Except as otherwise provided by paragraph (2) of this subsection, for purposes of subsections (a) and (b), the term "total tangible property tax levies" means the aggregate dollar amount of tax revenue derived from ad valorem tax levies applicable to all tangible property located within each such city or county. The ad valorem property tax levy of any county or city district entity or subdivision shall be

included within this term if the levy of any such district entity or subdivision is applicable to all tangible property located within each such city or county.

(2) For the purposes of subsections (a) and (b), any ad valorem property tax levied on property located in a city in Johnson county for the purpose of providing fire protection service in such city shall be included within the term "total tangible property tax levies" for such city regardless of its applicability to all tangible property located within each such city. If the tax is levied by a district which extends across city boundaries, for purposes of this computation, the amount of such levy shall be apportioned among each city in which such district extends in the proportion that such tax levied within each city bears to the total tax levied by the district.

(d) (1) All revenue received from a countywide retailers' sales tax imposed pursuant to K.S.A. 12-187(b)(2), (3)(C), (3)(F), (3)(G), (6), (7), (8), (9), (12), (14), (15), (16), (17), (18), (19), (20), (22), (23), (25), (27), (28), (29), (30) ~~and~~ (31) and (32), and amendments thereto, shall be remitted to and shall be retained by the county and expended only for the purpose for which the revenue received from the tax was pledged.

(e) All revenue apportioned to the several cities of the county shall be paid to the respective treasurers thereof and deposited in the general fund of the city. Whenever the territory of any city is located in two or more counties and any one or more of such counties do not levy a countywide retailers' sales tax, or whenever such counties do not levy countywide retailers' sales taxes at a uniform rate, the revenue received by such city from the proceeds of the countywide retailers' sales tax, as an alternative to depositing the same in the general fund, may be used for the purpose of reducing the tax levies of such city upon the taxable tangible property located within the county levying such countywide retailers' sales tax.

(f) Prior to March 1 of each year, the secretary of revenue shall advise each county treasurer of the revenue collected in such county from the state retailers' sales tax for the preceding calendar year.

(g) Prior to December 31 of each year, the clerk of every county imposing a countywide retailers' sales tax shall provide such information deemed necessary by the secretary of revenue to apportion and remit revenue to the counties and cities pursuant to this section.

All such revenue collected under K.S.A. 74-8929, and

(c) The request for exemption shall be filed with the county appraiser of the county where such property is principally located.

(d) After a review of the exemption request, and after a preliminary examination of the facts as alleged, the county appraiser shall recommend that the exemption request either be granted or denied, and, if necessary, that a hearing be held. If a denial is recommended, a statement of the controlling facts and law relied upon shall be included on the form.

(e) The county appraiser, after making such written recommendation, shall file the request for exemption and the recommendations of the county appraiser with the state board of tax appeals. The county clerk or county assessor shall annually make such adjustment in the taxes levied against the real property as the owner may be entitled to receive under the provisions of K.S.A. 79-201g, and amendments thereto, as recommended by the county appraiser, beginning with the first period, following the date of issue of the certificate of completion on which taxes are regularly levied, and during the years which the landowner is entitled to such adjustment.

(f) Upon receipt of the request for exemption, the board shall docket the same and notify the applicant and the county appraiser of such fact.

(g) After examination of the request for exemption and the county appraiser's recommendation related thereto, the board may fix a time and place for hearing, and shall notify the applicant and the county appraiser of the time and place so fixed. Hearings shall be conducted in accordance with the provisions of the Kansas administrative procedure act. In all instances where the board sets a request for exemption for hearing, the county shall be represented by its county attorney or county counselor.

In the event that taxes have been assessed against the subject property, no interest shall accrue on any unpaid tax for the year or years in question nor shall the unpaid tax be considered delinquent from the date the request is filed with the county appraiser until the expiration of 30 days after the board issued its order thereon. In the event the board determines an application for exemption is without merit and filed in bad faith to delay the due date of the tax, the tax shall be considered delinquent as of the date the tax would have been due pursuant to K.S.A. 79-2004 and 79-2004a, and amendments thereto, and interest shall accrue as prescribed therein.

(j) In the event the board grants the initial request for exemption, the same shall be effective beginning with the date of first exempt use except that, with respect to property the construction of which commenced not to exceed 24 months prior to the date of first exempt use, the same shall be effective beginning with the date of commencement of construction.

(k) In conjunction with its authority to grant exemptions, the board shall have the authority to abate all unpaid taxes that have accrued from and since the effective date of the exemption. In the event that taxes have been paid during the period where the subject property has been determined to be exempt, the board shall have the authority to order a refund of taxes for the year immediately preceding the year in which the exemption application is filed in accordance with subsection (a).

EXPLANATIONS OF VOTE

MR. SPEAKER: I vote no on **S Sub for HB 2002**. The refusal to refund the money taken from Barbara Reese is inexcusable. I am a person of principle, and there is no reason – or excuse – for the removal of this portion of the bill in the eleventh hour. This woman has been waiting for 20 years, and we had the opportunity to do right by her today, and we failed her. For that, I cannot support this measure. Thank you, Mr. Speaker. – JOHN ALCALÁ, VIC MILLER, HENRY HELGERSON

MR. SPEAKER: We vote no on **S Sub for HB 2002**. After the passage of the massive tax increase on the backs of Kansas citizens, this budget was expected, but it's not something celebrate. Spending at a rate four times the rate of inflation, it takes us back to an era of uncontrolled spending and big government. It spends so much that even with the tax hike, we're back in the red before we reach the year 2020. Most Kansans want us to reduce spending, or at least hold the line. The spending spree in this budget is not prudent, and we vote “No.” – RANDY POWELL, KEITH ESAU, JESSE BURRIS, LEO DELPERDANG, TREVOR JACOBS, FRANCIS AWERKAMP, KYLE HOFFMAN, BILL SUTTON, KEVIN JONES, DOUG BLEX, RON HIGHLAND, LESLIE OSTERMAN, MIKE HOUSER, BLAKE CARPENTER, KEN CORBET, CHUCK WEBER, RANDY GARBER

MR. SPEAKER: I vote No on **S Sub for HB 2002**. As a woman, I know the way she was treated because I also have had this experience. I feel her plight, and I will stand beside her in support. I vote No for Barbara Reese. Thank you, Mr. Speaker. – PONKA-WE VICTORS

Journal of the House

EIGHTY-NINTH DAY

HALL OF THE HOUSE OF REPRESENTATIVES,
TOPEKA, KS, Monday, June 26, 2017, 10:00 a.m.

The House met pursuant to **HCR 5016** with Speaker Ryckman in the chair.

COMMUNICATIONS FROM STATE OFFICERS

I, KRIS KOBACH, Secretary of State of the State of Kansas, do hereby certify that Jason Probst was appointed by the Governor effective June 26, 2017, for the unexpired term of State Representative for the 102nd Legislative District, to fill the vacancy created by the death of Patsy Terrell, and was administered the following oath of office on June 26, 2017.

State of Kansas
County of Shawnee}SS:

I, Jason Probst, do solemnly swear, or affirm, that I will support the Constitution of the United States, and the Constitution of the State of Kansas, and will faithfully discharge the duties of the office of Kansas House of Representatives, District 102, so help me God.

Subscribed and Sworn to, or Affirmed, before me this 26th day of June, 2017.

BRYAN A. CASKEY
Deputy Assistant Secretary of State

The House is now organized with 125 members.

Prayer by guest chaplain, The Rev. Dr. Neil Weatherhogg, pastor emeritus, First Presbyterian Church, Topeka:

“This is the day the Lord has made. Let us rejoice and be glad in it.”
We do rejoice, almighty God, not only in this day but all the days of our lives and the blessings you bestowed thereon. We rejoice that we live in a land of laws, a land of freedoms guaranteed, a land of democracy that honors the voice of the people.

We rejoice in the work that this legislature has accomplished, giving thanks for those who sit at desks, who stand to speak their convictions, who work with colleagues across the aisle, who seek to mold this state to become to all its citizens what it has been to some. And we give you thanks for those who labor behind the scenes, without whom this

legislative body could not function.

We are grateful for this grand State of Kansas in which we live and work and serve; for its expansive prairies and high plains; its farm lands, ranch lands and lowlands; its smoky hills and flint hills; its bustling cities and quiet towns; its people—diverse, dedicated, hard-working, young and old, privileged and poor. Remind us, ever-loving God, of our continued opportunities and responsibilities to be servants of all who inhabit this good land and to walk beside those whose adverse circumstances have dropped life's song into a minor key.

As this body leaves its official duties behind and the slackened pace of summer approaches, we ask that you fill our hearts with laud and laughter; fill our days with joy and gladness; and fill our lives with meaningful work and carefree play. Enable us to be bearers of your grace, harbingers of hope, and purveyors of love that we may welcome each day with anticipation, knowing that you are God of all and Lord over all. Amen.

The Pledge of Allegiance was led by Rep. Weber.

PERSONAL PRIVILEGE

There being no objection, the following remarks of Rep. Wilson are spread upon the Journal:

At around this time five years ago, my wife and I were weeks away from the arrival of our first son, Parker. We were in the midst of all of the last-minute things all first-time parents do—installing car seats, organizing the nursery, preparing to rush to the hospital at a moment's notice--and kicking off a campaign for State Representative.

Fast forward to last fall. My wife and I welcomed our second child, Henry, to this world. Yet again, I was in the midst of a campaign. I don't have to spend any time explaining to this body how much time and energy it takes to run a successful campaign—even if you're unopposed like me.

In between campaigns, of course, are the Legislative sessions which include early mornings, late nights, and weekends—especially those beautiful Kansas summer weekends that are perfect for going to the pool with your family, taking walks and bike rides, enjoying coffee on the porch, and gathering with friends.

I'm lucky that I can go home every night to be with my family. However, even though I might physically be at home, my attention and energy is divided—fragmented—between my work responsibilities, my legislative responsibilities, and most importantly, my family responsibilities. As a result, I'm not able to excel or go all in on any one of those areas of my life.

That's why this will be my last session representing the people of the 10th district in the Kansas Legislature. This is not a decision that I take lightly. In fact, now is a great time to serve in the Legislature...it's just not a great time for me.

There is a reason there are not a lot of 30 something lawmakers like me in Kansas or around the country. We are starting our families and building our careers. And, let's be honest, how many employers are as generous as mine has been to let me work part-time for five-six months every single year. Not many.

Being a State Representative has been a real honor. Do you know what I'll miss the most? It's not the "garden-level" office? It's not the endless supply of donuts, bit o'honey's, and black coffee. It's not the eye rolls when I speak up in committee or on the floor about making healthy decisions. It's not the seemingly unchecked power of being a Democrat in the Kansas Legislature. Do you know what I'll miss the most and is truly one of the hardest things for me to give up? It's being in a position to model the behaviors I expect to see in our elected officials. Working across the aisle. Putting policy above politics. Assuming good intent. But then I realized that these are qualities that we need outside of the statehouse too.

I might be finished with my term as a legislator, but I am not finished with public service and working to do the best for Kansas kids.

John Wilson
10th District

MESSAGES FROM THE GOVERNOR

HB 2079, Sub HB 2230 approved on June 15, 2017.

HB 2409 approved on June 16, 2017.

HB 2212, HB 2407, HB 2426 approved on June 22, 2017.

The following message from the Governor regarding **S Sub HB 2278**, which will become law without the Governor's signature, was received and read.

MESSAGE FROM THE GOVERNOR REGARDING SENATE SUBSTITUTE FOR HOUSE BILL 2278

The right to bear arms is essential towards preserving our freedoms and maintaining self-government. As Governor, that is why I have signed numerous pieces of legislation defending this inherent right of Kansans. I also share a common goal with every member of the Kansas Legislature—to keep the people of Kansas safe and ensure their constitutional rights are protected.

In effort to preserve these protections while balancing concerns from state mental health hospitals and various medical organizations, I assembled stakeholders to negotiate a compromise. An idea was put forward that preserved the constitutional rights of our citizens while accounting for the logistical and safety concerns of state

mental health hospitals. I endorsed this compromise. Ultimately, however, this compromise was rejected by health care representatives.

This bill as passed allows for a restriction on the second amendment rights of Kansans without ensuring adequate safety measures are taken to protect those who visit or work in our public hospitals. Kansans should not be forced to subject themselves to greater risk while giving up their right to protect themselves. Second amendment rights do not disappear when walking through the doors of a hospital or medical facility. Those facilities, owned or operated by the state or local government, have a heightened responsibility to ensure the safety of patients, visitors, and employees alike.

Nevertheless, this bill does address the safety concerns at state mental health hospitals, appropriately restricting the ability to conceal carry in state mental health hospitals—a measure that has wide and bipartisan support. Because I support the effort to provide state mental health hospitals authority to restrict concealed carry in certain facilities, I will not exercise my constitutional authority to veto this bill.

I remain committed to ensuring the right of Kansans to bear arms throughout our state, and I encourage the legislature to continue its efforts to find a better balance between the safety concerns raised by some hospitals and the legitimate concerns of citizens preferring the ability to protect themselves or avail themselves of the adequate security measures taken by our public health facilities.

Accordingly, pursuant to Article 2, Section 14(a) of the Constitution of the State of Kansas, I will allow Senate Substitute for House Bill 2278 to become law without my signature.

Governor of Kansas

The following message with the Governor's objection to **HB 2313**, AN ACT concerning gaming; dealing with lottery ticket vending machines and revenues derived therefrom; dealing with instant bingo vending machines; concerning certain debt setoff agreements; amending K.S.A. 74-8719 and K.S.A. 2016 Supp. 74-8702, 74-8723, 75-5173, 75-6202, 75-6204 and 74-8711 and repealing the existing sections.; was received and read.

**MESSAGE FROM THE GOVERNOR
REGARDING VETO OF HOUSE BILL 2313**

The people who operate the Kansas Lottery do an outstanding job. I cannot, however, support this expansion of the lottery.

The Kansas Lottery has a disproportionately negative effect on low income Kansans. Rather than investing limited resources in games of chance, our goal is to help low income Kansans find a path to self-reliance and independence through education, work, and savings.

Given that the state is the only entity allowed to operate a lottery in Kansas, we have a higher standard of care concerning the management and implementation of the lottery. The state should not encourage behavior that undermines our efforts to encourage upward economic mobility and long term financial security and thrift.

Accordingly, pursuant to Article 2, Section 14(a) of the Constitution of the State of Kansas, I hereby veto House Bill 2313.

Dated: June 15, 2017

SAM BROWNBACK
Governor of Kansas

The following message with the Governor's objection to **S Sub for HB 2002**, AN ACT making and concerning appropriations for fiscal years ending June 30, 2017, June 30, 2018, June 30, 2019, June 30, 2020, June 30, 2021, and June 30, 2022, for state agencies; authorizing and directing payment of certain claims against the state; authorizing certain transfers, capital improvement projects and fees, imposing certain restrictions and limitations, and directing or authorizing certain receipts, disbursements, procedures and acts incidental to the foregoing; amending K.S.A. 2016 Supp. 2-223, 12-1775a, 12-5256, 55-193, 68-2320, 74-4920, as amended by section 43 of 2017 Senate Substitute for Substitute for House Bill No. 2052, 74-50,107, 74-99b34, 75-6702, 76-775, 76-7,107, 79-2959, 79-2964, 79-3425i, 79-34,171, 79-4804 and 82a-953a and repealing the existing sections., was received and read.

**MESSAGE FROM THE GOVERNOR
REGARDING SENATE SUBSTITUTE FOR HOUSE BILL 2002**

This budget, passed on the 113th day of the legislative session, unnecessarily increases government spending in several areas and fails to adopt common sense cost saving measures identified by the legislature's own efficiency study. However, I am signing the budget, despite my concerns about excessive spending, to avoid a break in core functions of government and to provide state workers with well-deserved pay increases."

Pursuant to Article 2, Section 14(b) of the Constitution of the State of Kansas, I hereby return 2017 Senate Substitute for House Bill 2002 with my signature approving the bill, except for the items enumerated below.

Home and Community Based Services Integration Proviso

Section 174 is vetoed in its entirety.

There appear to be two specific reasons for legislative intent regarding insertion of this proviso into the budget. The first is the desire for Legislative approval prior to any integration or consolidation of the Home and Community Based Services (HCBS) waivers. The second is to require Legislative approval prior to any changes being made in the intake, assessment or referral services for the Intellectually and Developmentally Disabled (I/DD) waiver. Mindful of the long-term impact that policy changes have on Kansans served through the HCBS waivers, my administration will not integrate or consolidate the Medicaid HCBS waivers, nor will we make substantive changes to the intake/assessment/referral system for the HCBS I/DD waiver, without meaningful engagement with stakeholders and approval from the Legislature. This proviso is being vetoed because of concerns over the broad nature of the proviso language and its

potential to limit changes to non-HCBS programs at the Kansas Department for Aging and Disability Services (KDADS). The proviso language encompasses all KDADS programs in addition to HCBS services and includes medical services, behavioral health services, transportation, nursing facility and other long-term care services. The proviso could impact any policy change that might be defined as altering a structure, which is the case for most policy changes. For example, a policy change that could provide better mental health services could be viewed as a structural change and limit the state's ability to implement the change without legislative approval.

Kansas Department for Aging and Disability Services

Clubhouse Rehabilitation Services

Section 99-(q) and Section 100-(o) are vetoed in their entirety.

House Bill 2313, which I vetoed, authorized moneys in the Lottery Operating Fund to be used for transfers to the Clubhouse Model Program Fund of the Kansas Department for Aging and Disability Services. This budget established a Special Revenue Fund to receive the transfer of these funds and directed KDADS to provide Medicaid reimbursement for Clubhouse Rehabilitation Services and to enter into contracts with certified Clubhouse Providers for such services. Since there will not be a transfer made from the Lottery Operating Fund to the Clubhouse Model Program Fund, the State General Fund would incur all costs associated with this new program and this was not included in the budget. I have directed KDADS to work with the Community Mental Health Centers to establish a pilot with Clubhouse Model Program providers in fiscal year 2018 in order to expand the scope of this program.
