## **CONFERENCE COMMITTEE REPORT EXPLANATION FOR SENATE SUB. FOR HB 2184**

Senate Sub. for HB 2184, as recommended by the Senate Ways and Means and House Appropriations Conference Committee, contains FY 2023 supplemental funding, FY 2024 funding for most state agencies, and FY 2025 expenditures for certain state agencies. An overview of the Governor's amended budget recommendations for FY 2023 through FY 2024 and the Conference Committee's adjustments to the Governor's amended recommendations are reflected below. The bill also contains some FY 2025 appropriations for the Kansas Board of Regents and claims against the State.

K-12 expenditures have been deleted from the bill and added to House Sub. for SB 113 and SB 83.

### **Summary of Governor Recommended Changes to Estimated FY 2023 Expenditures**

The Governor's recommendation is an all funds increase of \$1.4 billion, or 5.8 percent, and an SGF decrease of \$249.7 million, or 2.6 percent, from the FY 2023 approved budget. The increase is primarily attributable to:

- Add \$53.0 million SGF to retire water storage contracts in the Kansas Water Office;
- Add \$20.5 million SGF to modernize the Kansas Department of Labor Unemployment system;
- Add \$1.3 million SGF to adopt the Board of Indigents' Defense Services revised assigned counsel caseloads estimate;
- Delete \$198.2 million SGF to implement revised human services caseloads estimates; and
- Delete \$65.5 million SGF to implement revised K-12 education school finance estimates.

In addition to the SGF expenditure adjustments described above, the recommendation makes several SGF revenue adjustments to FY 2023, including:

- Transfer \$500.0 million from the SGF to the Budget Stabilization Fund. This transfer would result in a balance in the Budget Stabilization Fund of approximately \$1.5 billion.
- Transfer \$220.0 million to an infrastructure leveraging fund to assist local governments in matching federal funds;

- Transfer \$50.0 million from the SGF to a state agency federal grants matching fund to assist agencies in meeting federal match requirements.

### ***Summary of Governor Recommended Adjustments to the FY 2024 Budget***

**State Operations—Agency operating costs for salaries and wages, contractual services, commodities, debt service interest, and capital outlay.** The Governor’s FY 2024 recommendation for state operations is \$6.9 billion, which is a decrease of \$44.8 million, or 0.6 percent, below the Governor’s FY 2023 recommendation.

The decrease is primarily attributable to the Department for Children and Families exhaustion of pandemic assistance for child care and other programs (\$143.3 million) and decreases in Kansas Department of Labor unemployment operations and modernization (\$46.8 million), Kansas Water Office early retirement of water storage debt (\$57.1 million), and Kansas Department of Health and Environment (KDHE) Health pandemic child care development block grant enhancements (\$58.3 million).

The decreases are partially offset by a 5.0 percent increase to state employee pay (\$169.5 million) and increases in Kansas Lottery sports betting and revised expanded lottery estimates (\$39.9 million), Judicial Branch enhancements (\$22.1 million), and increases to the Board of Regents and Institutions (\$14.8 million).

**Local Units of Government—Aid payments to counties, cities, school districts, and other local government entities; may be from state or federal funds.** The Governor’s FY 2024 recommendation for aid to local units of government is \$7.5 billion, which is a decrease of \$139.2 million, or 1.8 percent, below the Governor’s FY 2023 recommendation. The reduction is primarily attributable to \$240.8 million in the Office of the Governor for matching grants.

The increase is partially offset by the addition of \$83.2 million for the Kansas State Department of Education for the revised education school finance estimate, and \$15.4 million in the Office of the State Treasurer for acceleration of the Food Sales Tax exemption and the addition of funding for the STAR Bond food sales tax reimbursement fund.

**Other Assistance, Grants, and Benefits—Payments made to or on behalf of individuals as aid, including public assistance benefits, unemployment benefits, and tuition grants.** The Governor’s FY 2024 recommendation for other assistance, grants, and benefits is \$8.0 billion, which is an increase of \$381.2 million, or 5.0 percent, above the Governor’s FY 2023 recommendation.

The increase is predominantly reflected in the State Hospitals, Kansas Department for Aging and Disability Services, and KDHE-Health due to the expiration of the enhanced federal medical assistance percentage (FMAP) match and revised human services caseloads estimate (\$570.3 million).

The increase is partially offset by decreases in the Office of the Governor (\$164.2 million) in matching funds, the Department of Commerce (\$52.7 million) for a variety of housing and small business tax credit initiative one-time expenditures, Department of Transportation assistance (\$25.3 million), and the Office of the Attorney General for the opioid settlement distributions (\$19.6 million).

**Capital Improvements—Cash or debt service payments for projects involving new construction, remodeling and additions, rehabilitation and repair, razing, and the principal portion of debt service for a capital expenditure.** The Governor’s FY 2024 recommendation for capital improvements is \$1.8 billion, which is a decrease of \$754.7 million, or 29.8 percent, below the Governor’s FY 2023 recommendation. The decrease is primarily attributable to accelerated debt retirement in FY 2023.
