

SESSION OF 2024

SUPPLEMENTAL NOTE ON HOUSE BILL NO. 2532

As Recommended by House Committee on
Insurance

Brief*

HB 2532 would amend provisions pertaining to certain financial reporting requirements on group-funded liability and group-funded workers compensation pools and would also remove a notification requirement relating to termination or cancellation of a member in a group-funded workers compensation pool.

Under current law, group-funded liability and group-funded workers compensation pools must submit a certified, independent financial statement within 150 days after the end of the fiscal year whenever the Commissioner of Insurance deems it necessary to examine the affairs and financial condition of any pool. The bill would increase the time limit specified to 180 days.

The bill would also remove a requirement on group-funded workers compensation pools to provide notice to the Commissioner of a cancellation or termination of an individual member. Pool members would be required to maintain coverage for 30 days or until the canceled or terminating member has procured workers compensation and employer's liability coverage.
