The Department of Revenue estimates that HB 2093 would decrease state revenues by $7,840 in FY 2020. Of that total, the State General Fund is estimated to decrease by $6,574 in FY 2020, while the State Highway Fund is estimated to decrease by $1,266 in FY 2020. This bill also is estimated to decrease local sales tax revenues; however, the specific estimate of lower local sales tax revenues was not calculated by the Department of Revenue. According to the Department of Revenue, reissuing sales tax publications would cost $1,200 from the State General Fund in FY 2020.
The Kansas Department of Transportation (KDOT) indicates that the bill would reduce state revenues to the State Highway Fund as noted above. KDOT indicates that when the state receives lower State Highway Fund dollars it may be required to make corresponding reductions to planned expenditures for projects funded under the comprehensive transportation plan, known as T-WORKS.

The Kansas Association of Counties and the League of Kansas Municipalities indicate that the bill would provide a net reduction to local sales tax collections that are used in part to finance local governments. Any fiscal effect associated with HB 2093 is not reflected in The FY 2020 Governor’s Budget Report.

Sincerely,

Larry L. Campbell
Director of the Budget
