AN ACT concerning healthcare benefits; relating to association health plans; non-insurance healthcare benefits coverage; jurisdiction of the commissioner; updating requirements terminology and references related thereto; amending K.S.A. 40-2209b and 40-2209e and K.S.A. 2018 Supp. 40-2209, 40-2209d, 40-2222, 40-2222a and 40-2222b and repealing the existing sections.

Section 1. K.S.A. 2018 Supp. 40-2209 is hereby amended to read as follows: 40-2209. (a) (1) Group sickness and accident insurance is declared to be that form of sickness and accident insurance covering groups of persons, with or without one or more members of their families or one or more dependents. Except at the option of the employee or member and except employees or members enrolling in a group policy after the close of an open enrollment opportunity, no individual employee or member of an insured group and no individual dependent or family member may be excluded from eligibility or coverage under a policy providing hospital, medical or surgical expense benefits both with respect to policies issued or renewed within this state and with respect to policies issued or renewed outside this state covering persons residing in this state. For purposes of this section, an open enrollment opportunity shall be deemed to be a period no less favorable than a period beginning on the employee's or member's date of initial eligibility and ending 31 days thereafter.

(2) An eligible employee, member or dependent who requests enrollment following the open enrollment opportunity or any special enrollment period for dependents as specified in subsection paragraph (3) shall be considered a late enrollee. An accident and sickness insurer may exclude a late enrollee, except during an open enrollment period. However, an eligible employee, member or dependent shall not be considered a late enrollee if:

(A) The individual:

(i) Was covered under another group policy which provided hospital, medical or surgical expense benefits or was covered under section 607(1) of the employee retirement income security act of 1974 (ERISA) at the time the individual was eligible to enroll;
(ii) states in writing, at the time of the open enrollment period, that coverage under another group policy—which that provided hospital, medical or surgical expense benefits was the reason for declining enrollment, but only if the group policyholder or the accident and sickness insurer required such a written statement and provided the individual with notice of the requirement for a written statement and the consequences of such written statement;

(iii) has lost coverage under another group policy providing hospital, medical or surgical expense benefits or under section 607(1) of the employee retirement income security act of 1974 (ERISA) as a result of the termination of employment, reduction in the number of hours of employment, termination of employer contributions toward such coverage, the termination of the other policy's coverage, death of a spouse or divorce or legal separation or was under a COBRA continuation provision and the coverage under such provision was exhausted; and

(iv) requests enrollment within 30 days after the termination of coverage under the other policy; or

(B) a court has ordered coverage to be provided for a spouse or minor child under a covered employee's or member's policy.

(3) (A) If an accident and sickness insurer issues a group policy providing hospital, medical or surgical expenses and makes coverage available to a dependent of an eligible employee or member and such dependent becomes a dependent of the employee or member through marriage, birth, adoption or placement for adoption, then such group policy shall provide for a dependent special enrollment period as described in subsection (3)(B) of this section during which the dependent may be enrolled under the policy and in the case of the birth or adoption of a child, the spouse of an eligible employee or member may be enrolled if otherwise eligible for coverage.

(B) A dependent special enrollment period under this subsection shall be a period of not less than 30 days and shall begin on the later of: (i) The date such dependent coverage is made available; or (ii) the date of the marriage, birth or adoption or placement for adoption.

(C) If an eligible employee or member seeks to enroll a dependent during the first 30 days of such a dependent special enrollment period, the coverage of the dependent shall become effective: (i) In the case of marriage, not later than the first day of the first month beginning after the date the completed request for enrollment is received; (ii) in the case of the birth of a dependent, as of the date of such birth; or (iii) in the case of a dependent's adoption or placement for adoption, the date of such adoption or placement for adoption.

(4) (A) No group policy providing hospital, medical or surgical expense benefits issued or renewed within this state or issued or renewed
outside this state covering residents within this state shall limit or exclude
benefits for specific conditions existing at or prior to the effective date of
coverage thereunder. Such policy may impose a preexisting conditions
exclusion, not to exceed 90 days following the date of enrollment for
benefits for conditions whether mental or physical, regardless of the cause
of the condition for which medical advice, diagnosis, care or treatment was
recommended or received in the 90 days prior to the effective date of
enrollment. Any preexisting conditions exclusion shall run concurrently
with any waiting period.

(B) Such policy may impose a waiting period after full-time
employment starts before an employee is first eligible to enroll in any
applicable group policy.

(C) A health maintenance organization which that offers such policy
which that does not impose any preexisting conditions exclusion may
impose an affiliation period for such coverage, provided that: (i) Such
application period is applied uniformly without regard to any health status
related factors; and (ii) such affiliation period does not exceed two months.
The affiliation period shall run concurrently with any waiting period under
the plan.

(D) A health maintenance organization may use alternative methods
from those described in this subsection to address adverse selection if
approved by the commissioner.

(E) For the purposes of this section, the term "preexisting conditions
exclusion" shall mean, with respect to coverage, a limitation or exclusion
of benefits relating to a condition based on the fact that the condition was
present before the date of enrollment for such coverage whether or not any
medical advice, diagnosis, care or treatment was recommended or received
before such date.

(F) For the purposes of this section, the term "date of enrollment"
means the date the individual is enrolled under the group policy or, if
earlier, the first day of the waiting period for such enrollment.

(G) For the purposes of this section, the term "waiting period" means
with respect to a group policy the period which that must pass before the
individual is eligible to be covered for benefits under the terms of the
policy.

(5) Genetic information shall not be treated as a preexisting condition
in the absence of a diagnosis of the condition related to such information.

(6) A group policy providing hospital, medical or surgical expense
benefits may not impose any preexisting condition exclusion relating to
pregnancy as a preexisting condition.

(7) A group policy providing hospital, medical or surgical expense
benefits may not impose any preexisting condition waiting period in the
case of a child who is adopted or placed for adoption before attaining 18
years of age and who, as of the last day of a 30-day period beginning on
the date of the adoption or placement for adoption, is covered by a policy
specified in subsection (a). This subsection shall not apply to coverage
before the date of such adoption or placement for adoption.

(8) Such policy shall waive such a preexisting conditions exclusion to
the extent the employee or member or individual dependent or family
member was covered by: (A) A group or individual sickness and accident
policy; (B) coverage under section 607(1) of the employees retirement
income security act of 1974 (ERISA); (C) a group specified in K.S.A. 40-
2222, and amendments thereto; (D) part A or part B of title XVIII of the
social security act; (E) title XIX of the social security act, other than
coverage consisting solely of benefits under section 1928; (F) a state
children's health insurance program established pursuant to title XXI of the
social security act; (G) chapter 55 of title 10 United States code; (H) a
medical care program of the Indian health service or of a tribal
organization; (I) the Kansas uninsurable health plan act pursuant to
K.S.A. 40-2217 et seq., and amendments thereto, or a similar health
benefits risk pool of another state; (J) a health plan offered under chapter
89 of title 5, United States code, (K) a health benefit plan under section
5(e) of the peace corps act (22 U.S.C. § 2504(e)); or (L) a group subject to
K.S.A. 12-2616 et seq., and amendments thereto, which provided
hospital, medical and surgical expense benefits within 63 days prior to the
effective date of coverage with no gap in coverage. A group policy shall
credit the periods of prior coverage specified in subsection (a)(7) without
regard to the specific benefits covered during the period of prior coverage.
Any period that the employee or member is in a waiting period for any
coverage under a group health plan or is in an affiliation period shall not
be taken into account in determining the continuous period under this
subsection.

(b) (1) An accident and sickness insurer which offers group policies
providing hospital, medical or surgical expense benefits shall provide a
certification as described in subsection (b)(2): (A) At the time an eligible
employee, member or dependent ceases to be covered under such policy or
otherwise becomes covered under a COBRA continuation provision; (B) in
the case of an eligible employee, member or dependent being covered
under a COBRA continuation provision, at the time such eligible
employee, member or dependent ceases to be covered under a COBRA
continuation provision; and (C) on the request on behalf of such eligible
employee, member or dependent made not later than 24 months after the
date of the cessation of the coverage described in subsection (b)
paragraph (1)(A) or (b)(1)(B), whichever is later.

(2) The certification described in this subsection is a written
certification of: (A) The period of coverage under a policy specified in
subsection (a) and any coverage under such COBRA continuation provision; and (B) any waiting period imposed with respect to the eligible employee, member or dependent for any coverage under such policy.

(c) Any group policy may impose participation requirements, define full-time employees or members and otherwise be designed for the group as a whole through negotiations between the group sponsor and the insurer to the extent such design is not contrary to or inconsistent with this act.

(d) (1) An accident and sickness insurer offering a group policy providing hospital, medical or surgical expense benefits must renew or continue in force such coverage at the option of the policyholder or certificateholder except as provided in paragraph (2) below.

(2) An accident and sickness insurer may nonrenew or discontinue coverage under a group policy providing hospital, medical or surgical expense benefits based only on one or more of the following circumstances:

(A) If the policyholder or certificateholder has failed to pay any premium or contributions in accordance with the terms of the group policy providing hospital, medical or surgical expense benefits or the accident and sickness insurer has not received timely premium payments;

(B) if the policyholder or certificateholder has performed an act or practice that constitutes fraud or made an intentional misrepresentation of material fact under the terms of such coverage;

(C) if the policyholder or certificateholder has failed to comply with a material plan provision relating to employer contribution or group participation rules;

(D) if the accident and sickness insurer is ceasing to offer coverage in such group market in accordance with subsections (d)(3) or (d)(4);

(E) in the case of accident and sickness insurer that offers coverage under a policy providing hospital, medical or surgical expense benefits through an enrollment area, there is no longer any eligible employee, member or dependent in connection with such policy who lives, resides or works in the medical service enrollment area of the accident and sickness insurer or in the area for which the accident and sickness insurer is authorized to do business; or

(F) in the case of a group policy providing hospital, medical or surgical expense benefits which that is offered through an association or trust pursuant to subsections (f)(3) or (f)(5), the membership of the employer in such association or trust ceases but only if such coverage is terminated uniformly without regard to any health status related factor relating to any eligible employee, member or dependent.

(3) In any case in which an accident and sickness insurer which that offers a group policy providing hospital, medical or surgical expense
benefits decides to discontinue offering such type of group policy, such coverage may be discontinued only if:

(A) The accident and sickness insurer notifies all policyholders and certificateholders and all eligible employees or members of such discontinuation at least 90 days prior to the date of the discontinuation of such coverage;

(B) the accident and sickness insurer offers to each policyholder who is provided such group policy providing hospital, medical or surgical expense benefits which that is being discontinued the option to purchase any other group policy providing hospital, medical or surgical expense benefits currently being offered by such accident and sickness insurer; and

(C) in exercising the option to discontinue coverage and in offering the option of coverage under subparagraph (B), the accident and sickness insurer acts uniformly without regard to the claims experience of those policyholders or certificateholders or any health status related factors relating to any eligible employee, member or dependent covered by such group policy or new employees or members who may become eligible for such coverage.

(4) If the accident and sickness insurer elects to discontinue offering group policies providing hospital, medical or surgical expense benefits or group coverage to a small employer pursuant to K.S.A. 40-2209f, and amendments thereto, such coverage may be discontinued only if:

(A) The accident and sickness insurer provides notice to the insurance commissioner, to all policyholders or certificateholders and to all eligible employees and members covered by such group policy providing hospital, medical or surgical expense benefits at least 180 days prior to the date of the discontinuation of such coverage;

(B) all group policies providing hospital, medical or surgical expense benefits offered by such accident and sickness insurer are discontinued and coverage under such policies are not renewed; and

(C) the accident and sickness insurer may not provide for the issuance of any group policies providing hospital, medical or surgical expense benefits in the discontinued market during a five year period beginning on the date of the discontinuation of the last such group policy which is nonrenewed.

(e) An accident and sickness insurer offering a group policy providing hospital, medical or surgical expense benefits may not establish rules for eligibility (including continued eligibility) of any employee, member or dependent to enroll under the terms of the group policy based on any of the following factors in relation to the eligible employee, member or dependent: (A) Health status; (B) medical condition, including both physical and mental illness; (C) claims experience; (D) receipt of healthcare; (E) medical history; (F) genetic information; (G)
evidence of insurability, including conditions arising out of acts of
domestic violence; or (H) disability. This subsection shall not be
construed to require a policy providing hospital, medical or surgical
expense benefits to provide particular benefits other than those provided
under the terms of such group policy or to prevent a group policy
providing hospital, medical or surgical expense benefits from establishing
limitations or restrictions on the amount, level, extent or nature of the
benefits or coverage for similarly situated individuals enrolled under the
group policy.

(f) Group accident and health insurance may be offered to a group
under the following basis:

(1) Under a policy issued to an employer or trustees of a fund
established by an employer, who is the policyholder, insuring at least two
employees of such employer, for the benefit of persons other than the
employer. The term "employees" shall include the officers, managers,
employees and retired employees of the employer, the partners, if the
employer is a partnership, the proprietor, if the employer is an individual
proprietorship, the officers, managers and employees and retired
employees of subsidiary or affiliated corporations of a corporation
employer, and the individual proprietors, partners, employees and retired
employees of individuals and firms, the business of which and of the
insured employer is under common control through stock ownership
contract, or otherwise. The policy may provide that the term "employees"
may include the trustees or their employees, or both, if their duties are
principally connected with such trusteeship. A policy issued to insure the
employees of a public body may provide that the term "employees" shall
include elected or appointed officials.

(2) Under a policy issued to a labor union—which that shall have a
constitution and bylaws insuring at least 25 members of such union.

(3) Under a policy issued to the trustees of a fund established by two
or more employers or business associations or by one or more labor unions
or by one or more employers and one or more labor unions, which trustees
shall be the policyholder, to insure employees of the employers or
members of the union or members of the association for the benefit of
persons other than the employers or the unions or the associations. The
term "employees" shall include the officers, managers, employees and
retired employees of the employer and the individual proprietor or partners
if the employer is an individual proprietor or partnership. The policy may
provide that the term "employees" shall include the trustees or their
employees, or both, if their duties are principally connected with such
trusteeship.

(4) A policy issued to a creditor, who shall be deemed the
policyholder, to insure debtors of the creditor, subject to the following
requirements:—

(a) (A) The debtors eligible for insurance under the policy shall be all of the debtors of the creditor whose indebtedness is repayable in installments, or all of any class or classes determined by conditions pertaining to the indebtedness or to the purchase giving rise to the indebtedness. (B) the premium for the policy shall be paid by the policyholder, either from the creditor's funds or from charges collected from the insured debtors, or from both.

(5) A policy issued to an association which has been organized and is maintained for the purposes other than that of obtaining insurance, insuring at least 25 members, employees, or employees of members of the association for the benefit of persons other than the association or its officers. The term "employees" shall include retired employees. The premiums for the policies shall be paid by the policyholder, either wholly from association funds; or funds contributed by the members of such association, or by employees of such members or any combination thereof.

(6) Under a policy issued to any other type of group which the commissioner of insurance may find is properly subject to the issuance of a group sickness and accident policy or contract.

(g) Each such policy shall contain in substance: (1) A provision that a copy of the application, if any, of the policyholder shall be attached to the policy when issued, that all statements made by the policyholder or by the persons insured shall be deemed representations and not warranties, and that no statement made by any person insured shall be used in any contest unless a copy of the instrument containing the statement is or has been furnished to such person or the insured's beneficiary.

(2) A provision setting forth the conditions under which an individual's coverage terminates under the policy, including the age, if any, to which an individual's coverage under the policy shall be limited, or, the age, if any, at which any additional limitations or restrictions are placed upon an individual's coverage under the policy.

(3) Provisions setting forth the notice of claim, proofs of loss and claim forms, physical examination and autopsy, time of payment of claims, to whom benefits are payable, payment of claims, change of beneficiary, and legal action requirements. Such provisions shall not be less favorable to the individual insured or the insured's beneficiary than those corresponding policy provisions required to be contained in individual accident and sickness policies.

(4) A provision that the insurer will furnish to the policyholder, for the delivery to each employee or member of the insured group, an individual certificate approved by the commissioner of insurance setting forth in summary form a statement of the essential features of the insurance coverage of such employee or member, the procedure to be followed in making claim under the policy and to whom benefits are
payable. Such certificate shall also contain a summary of those provisions required under paragraphs (2) and (3) of this subsection (g) in addition to the other essential features of the insurance coverage. If dependents are included in the coverage, only one certificate need be issued for each family unit.

(h) No group disability income policy which that integrates benefits with social security benefits, shall provide that the amount of any disability benefit actually being paid to the disabled person shall be reduced by changes in the level of social security benefits resulting either from changes in the social security law or due to cost of living adjustments which become effective after the first day for which disability benefits become payable.

(i) A group policy of insurance delivered or issued for delivery or renewed which that provides hospital, surgical or major medical expense insurance, or any combination of these coverages, on an expense incurred basis, shall provide that an employee or member or such employee's or member's covered dependents whose insurance under the group policy has been terminated for any reason, including discontinuance of the group policy in its entirety or with respect to an insured class, and who has been continuously insured under the group policy or under any group policy providing similar benefits which that it replaces for at least three months immediately prior to termination, shall be entitled to have such coverage nonetheless continued under the group policy for a period of 18 months and have issued to the employee or member or such employee's or member's covered dependents by the insurer, at the end of such eighteen-month period of continuation, a policy of health insurance which that conforms to the applicable requirements specified in this subsection. This requirement shall not apply to a group policy which provides benefits for specific diseases or for accidental injuries only or a group policy issued to an employer subject to the continuation and conversion obligations set forth at title I, subtitle B, part 6 of the employee retirement income security act of 1974 or at title XXII of the public health service act, as each act was in effect on January 1, 1987, to the extent federal law provides the employee or member or such employee's or member's covered dependents with equal or greater continuation or conversion rights; or an employee or member or such employee's or member's covered dependents shall not be entitled to have such coverage continued or a converted policy issued to the employee or member or such employee's or member's covered dependents if termination of the insurance under the group policy occurred because:

(1) The employee or member or such employee's or member's covered dependents failed to pay any required contribution after receiving reasonable notice of such required contribution from the insurer in
accordance with rules and regulations adopted by the commissioner of insurance; (2) any discontinued group coverage was replaced by similar group coverage within 31 days; (3) the employee or member is or could be covered by medicare (title XVIII of the United States social security act as added by the social security amendments of 1965 or as later amended or superseded); (4) the employee or member is or could be covered to the same extent by any other insured or lawful self-insured arrangement which provides expense incurred hospital, surgical or medical coverage and benefits for individuals in a group under which the person was not covered prior to such termination; or (5) coverage for the employee or member, or any covered dependent thereof, was terminated for cause as permitted by the group policy or certificate of coverage approved by the commissioner. In the event the group policy is terminated and not replaced the insurer may issue an individual policy or certificate in lieu of a conversion policy or the continuation of group coverage required herein if the individual policy or certificate provides substantially similar coverage for the same or less premium as the group policy. In any event, the employee or member shall have the option to be issued a conversion policy which meets the requirements set forth in this subsection in lieu of the right to continue group coverage.

(j) The continued coverage and the issuance of a converted policy shall be subject to the following conditions:

(1) Written application for the converted policy shall be made and the first premium paid to the insurer not later than 31 days after termination of coverage under the group policy or not later than 31 days after notice is received pursuant to paragraph (20) of this subsection.

(2) The converted policy shall be issued without evidence of insurability.

(3) The employer shall give the employee and such employee's covered dependents reasonable notice of the right to continuation of coverage. The terminated employee or member shall pay to the insurance carrier the premium for the eighteen-month continuation of coverage and such premium shall be the same as that applicable to members or employees remaining in the group. Failure to pay such premium shall terminate coverage under the group policy at the end of the period for which the premium has been paid. The premium rate charged for converted policies issued subsequent to the period of continued coverage shall be such that can be expected to produce an anticipated loss ratio of not less than 80% based upon conversion, morbidity and reasonable assumptions for expected trends in medical care costs. In the event the group policy is terminated and is not replaced, converted policies may be issued at self-sustaining rates that are not unreasonable in relation to the coverage provided based on conversion, morbidity and reasonable
assumptions for expected trends in medical care costs. The frequency of
premium payment shall be the frequency customarily required by the
insurer for the policy form and plan selected, provided that the insurer
shall not require premium payments less frequently than quarterly.

(4) The effective date of the converted policy shall be the day
following the termination of insurance under the group policy.

(5) The converted policy shall cover the employee or member and the
employee's or member's dependents who were covered by the group policy
on the date of termination of insurance. At the option of the insurer, a
separate converted policy may be issued to cover any dependent.

(6) The insurer shall not be required to issue a converted policy
covering any person if such person is or could be covered by medicare
(title XVIII of the United States social security act as added by the social
security amendments of 1965 or as later amended or superseded).
Furthermore, the insurer shall not be required to issue a converted policy
covering any person if:

(A) (i) Such person is covered for similar benefits by another
hospital, surgical, medical or major medical expense insurance policy or
hospital or medical service subscriber contract or medical practice or other
prepayment plan or by any other plan or program, or
(ii) such person is eligible for similar benefits (whether or not
covered therefor) under any arrangement of coverage for individuals in a
group, whether on an insured or uninsured basis, or
(iii) similar benefits are provided for or available to such person,
pursuant to or in accordance with the requirements of any state or federal
law, and
(B) the benefits provided under the sources referred to in clause
subparagraph (A)(i) above for such person or benefits provided or
available under the sources referred to in clauses subparagraphs (A)(ii)
and (A)(iii) above for such person, together with the benefits provided by
the converted policy, would result in over-insurance according to the
insurer's standards. The insurer's standards must bear some reasonable
relationship to actual healthcare costs in the area in which the insured lives
at the time of conversion and must be filed with the commissioner of
insurance prior to their use in denying coverage.

(7) A converted policy may include a provision whereby the insurer
may request information in advance of any premium due date of such
policy of any person covered as to whether:

(A) Such person is covered for similar benefits by another hospital,
surgical, medical or major medical expense insurance policy or hospital or
medical service subscriber contract or medical practice or other
prepayment plan or by any other plan or program;
(B) such person is covered for similar benefits under any arrangement
of coverage for individuals in a group, whether on an insured or uninsured basis; or

(C) similar benefits are provided for or available to such person, pursuant to or in accordance with the requirements of any state or federal law.

(8) The converted policy may provide that the insurer may refuse to renew the policy and the coverage of any person insured for the following reasons only:

(A) Either the benefits provided under the sources referred to in clauses paragraph (6)(A)(i) and (A)(ii) of paragraph (6) for such person or benefits provided or available under the sources referred to in clause (A)(iii) of paragraph (6)(A)(iii) for such person, together with the benefits provided by the converted policy, would result in over-insurance according to the insurer's standards on file with the commissioner of insurance, or the converted policyholder fails to provide the requested information;

(B) fraud or material misrepresentation in applying for any benefits under the converted policy; or

(C) other reasons approved by the commissioner of insurance.

(9) An insurer shall not be required to issue a converted policy which provides coverage and benefits in excess of those provided under the group policy from which conversion is made.

(10) If the converted policy provides that any hospital, surgical or medical benefits payable may be reduced by the amount of any such benefits payable under the group policy after the termination of the individual's insurance or the converted policy includes provisions so that during the first policy year the benefits payable under the converted policy, together with the benefits payable under the group policy, shall not exceed those that would have been payable had the individual's insurance under the group policy remained in force and effect, the converted policy shall provide credit for deductibles, copayments and other conditions satisfied under the group policy.

(11) Subject to the provisions and conditions of this act, if the group insurance policy from which conversion is made insures the employee or member for major medical expense insurance, the employee or member shall be entitled to obtain a converted policy providing catastrophic or major medical coverage under a plan meeting the following requirements:

(A) A maximum benefit at least equal to either, at the option of the insurer, paragraphs the amount described in clause (i) or (ii) below:

(i) The smaller of the following amounts:

The maximum benefit provided under the group policy or a maximum payment of $250,000 per covered person for all covered medical expenses incurred during the covered person's lifetime.

(ii) The smaller of the following amounts:
The maximum benefit provided under the group policy or a maximum payment of $250,000 for each unrelated injury or sickness.

(B) Payment of benefits at the rate of 80% of covered medical expenses which that are in excess of the deductible, until 20% of such expenses in a benefit period reaches $1,000, after which benefits will be paid at the rate of 100% during the remainder of such benefit period. Payment of benefits for outpatient treatment of mental illness, if provided in the converted policy, may be at a lesser rate but not less than 50%.

(C) A deductible for each benefit period which, at the option of the insurer, shall be: (i) The sum of the benefits deductible and $100; or (ii) the corresponding deductible in the group policy. The term "benefits deductible," as used herein, means the value of any benefits provided on an expense incurred basis which that are provided with respect to covered medical expenses by any other hospital, surgical, or medical insurance policy or hospital or medical service subscriber contract or medical practice or other prepayment plan, or any other plan or program whether on an insured or uninsured basis, or in accordance with the requirements of any state or federal law and, if pursuant to the conditions of paragraph (13), the converted policy provides both basic hospital or surgical coverage and major medical coverage, the value of such basic benefits.

If the maximum benefit is determined by clause subparagraph (A)(ii) of this paragraph, the insurer may require that the deductible be satisfied during a period of not less than three months if the deductible is $100 or less, and not less than six months if the deductible exceeds $100.

(D) The benefit period shall be each calendar year when the maximum benefit is determined by clause subparagraph (A)(i) of this paragraph or 24 months when the maximum benefit is determined by clause subparagraph (A)(ii) of this paragraph.

(E) The term "covered medical expenses," as used above, shall include at least, in the case of hospital room and board charges 80% of the average semiprivate room and board rate for the hospital in which the individual is confined and twice such amount for charges in an intensive care unit. Any surgical schedule shall be consistent with those customarily offered by the insurer under group or individual health insurance policies and must provide at least a $1,200 maximum benefit.

(12) The conversion privilege required by this act shall, if the group insurance policy insures the employee or member for basic hospital or surgical expense insurance as well as major medical expense insurance, make available the plans of benefits set forth in paragraph (11). At the option of the insurer, such plans of benefits may be provided under one policy.

The insurer may also, in lieu of the plans of benefits set forth in paragraph (11), provide a policy of comprehensive medical expense
benefits without first dollar coverage. The policy shall conform to the
requirements of paragraph (11). An insurer electing to provide such a
policy shall make available a low deductible option, not to exceed $100, a
high deductible option between $500 and $1,000, and a third deductible
option midway between the high and low deductible options.

(13) The insurer, at its option, may also offer alternative plans for
group health conversion in addition to those required by this act.

(14) In the event coverage would be continued under the group policy
on an employee following the employee's retirement prior to the time the
employee is or could be covered by medicare, the employee may elect, in
lieu of such continuation of group insurance, to have the same conversion
rights as would apply had such person's insurance terminated at retirement
by reason of termination of employment or membership.

(15) The converted policy may provide for reduction of coverage on
any person upon such person's eligibility for coverage under medicare
(title XVIII of the United States social security act as added by the social
security amendments of 1965 or as later amended or superseded) or under
any other state or federal law providing for benefits similar to those
provided by the converted policy.

(16) Subject to the conditions set forth above, the continuation and
conversion privileges shall also be available:

(A) To the surviving spouse, if any, at the death of the employee or
member, with respect to the spouse and such children whose coverage
under the group policy terminates by reason of such death, otherwise to
each surviving child whose coverage under the group policy terminates by
reason of such death, or, if the group policy provides for continuation of
dependents' coverage following the employee's or member's death, at the
end of such continuation;

(B) to the spouse of the employee or member upon termination of
coverage of the spouse, while the employee or member remains insured
under the group policy, by reason of ceasing to be a qualified family
member under the group policy, with respect to the spouse and such
children whose coverage under the group policy terminates at the same
time; or

(C) to a child solely with respect to such child upon termination of
such coverage by reason of ceasing to be a qualified family member under
the group policy, if a conversion privilege is not otherwise provided above
with respect to such termination.
