AN ACT concerning health and healthcare; relating to emergency medical services; pertaining to ground ambulance staffing in rural areas.

Be it enacted by the Legislature of the State of Kansas:

Section 1. (a) A ground ambulance that is undertaking a stabilized transfer of a patient between hospitals in a rural area, may be staffed by:

(1) An apparatus operator and an attendant; or

(2) an apparatus operator and a healthcare provider.

(b) Every apparatus operator shall: Complete an emergency vehicle operator course, or its equivalent that has been approved by the board, prior to transporting patients; and successfully complete a refresher course approved by the board every two years.

(c) As used in this section:

(1) "Apparatus operator" means an individual who is authorized to drive ambulances and assist emergency medical services personnel, but who does not provide direct patient care.

(2) "Healthcare provider" means a licensed physician, physician assistant, advanced practice registered nurse or professional nurse.

(3) "Rural area" means an area of the state with a population of less than 5,000 according to the last federal decennial census, or an area designated as rural by the board through the adoption of rules and regulations.

(4) "Stabilized transfer" means the transport of a patient whose condition has been diagnosed by a physician and whose condition is likely to remain unchanged during transportation.

(d) The board may adopt such rules and regulations as are necessary to implement the provisions of this section.

(e) This section shall be a part of and supplemental to article 61 of chapter 65 of the Kansas Statutes Annotated, and amendments thereto.

Sec. 2. This act shall take effect and be in force from and after its publication in the Kansas register.
