(e) The treasurer shall make transfers required under subsections (c)
and (d) in quarterly installments pursuant to a schedule determined by the
treasurer.
(f) The treasurer may deduct a percentage of the aggregate annual
amount to be transferred into an eligible student's account as
reimbursement for the administrative costs of implementing the provisions
of this act as follows:
(1) Up to 5% each year for the first two years moneys are transferred
to an eligible student's account; and
(2) up to 2.5% for the third year and for each subsequent year moneys

implementing this subsection.
New Sec. 7. (a) An eligible student whose parent has entered into an
agreement with the treasurer in accordance with section 5, and

and receiving additional services to improve such student's reading and mathematics skills through evidence-based practices and programs requested or approved by such student's parent;

(2) enrolling in a qualified private school; or

(3) receiving additional educational services as allowed under the program.

(b) For eligible students participating in the program in accordance with subsection (a)(1), a school district shall provide those evidenced-based practices and programs requested by the parent of such eligible student to the extent the cost of such practices or programs is covered by moneys transferred to such student's account pursuant to section 6, and amendments thereto. A school district also may recommend evidence-based practices and programs to improve such eligible student's reading and mathematics skills but shall obtain the parent's approval for such practices or programs prior to the expenditure of any moneys held in such student's account for such practices or programs.

New Sec. 8. (b) For school year 2020-2021, and each school year thereafter, an eligible student shall be counted in the enrollment of such eligible student's resident school district for the purposes of calculating the amount of the state foundation aid for the resident school district.

(c) (1) The state board shall determine the amounts to be transferred to the Kansas exceptional child academic improvement fund by:

(A) Multiplying an amount equal to the percentage of the BASE aid as set forth in section 6(c), and amendments thereto, by the total number of eligible students in such resident school district who are participating in the program, who are enrolled in a qualified private school and who correspond to such percentage; plus

(B) multiplying an amount equal to the BASE aid by 0.484 and then multiplying the resulting product by the total number of eligible students in such resident school district who are participating in the program, but who are not enrolled in a qualified private school; plus

(C) any interest earned pursuant to section 6(a)(2), and amendments thereto.

(2) The state board of education shall certify the resulting sums to the director of accounts and reports. Upon receipt of such certification, the director shall transfer such certified amounts from the state general fund to the Kansas exceptional child academic improvement fund established in section 6, and amendments thereto.
(3) For school year 2020-2021, and each school year thereafter, the state board shall deduct from the amount of state foundation aid for each resident school district the amount certified under paragraph (2) for such resident school district. The appropriation for the fiscal year of the date of the certification in the state foundation aid account of the state general fund is hereby lapsed by the amount equal to the accumulated total of such certified amounts under paragraph (2).

(A) Prohibit expenditures from the account until such time as determined by the treasurer;

(B) prorate amounts to be deposited in such account under section 6, and amendments thereto, by an amount equal to the total amount used for purposes other than those allowed by subsection (a); or

(B) has failed to provide any educational services required by law to an eligible student receiving instruction from the school, if the school is accepting payments made from such eligible student's account.

(2) Prior to revoking a qualified private school's approval, the treasurer shall notify such school of an impending revocation and the reason for such revocation. The qualified private school shall have 30 days from the time it was notified to cure the matter identified in the notice. If the qualified private school fails to cure such matter within 30 days, such school's approval shall be revoked. Sec. 15. K.S.A. 79-32,117 is hereby amended to read as follows: 79-32,117. (a) The Kansas adjusted gross income of an individual means such individual's federal adjusted gross income for the taxable year, with the modifications specified in this section.

(b) There shall be added to federal adjusted gross income:

(i) Interest income less any related expenses directly incurred in the purchase of state or political subdivision obligations, to the extent that the same is not included in federal adjusted gross income, on obligations of any state or political subdivision thereof, but to the extent that interest income on obligations of this state or a political subdivision thereof issued prior to January 1, 1988, is specifically exempt from income tax under the laws of this state authorizing the issuance of such obligations, it shall be excluded from computation of Kansas adjusted gross income whether or not included in federal adjusted gross income. Interest income on obligations of this state or a political subdivision thereof issued after December 31, 1987, shall be excluded from computation of Kansas adjusted gross income whether or not included in federal adjusted gross income.

(ii) Taxes on or measured by income or fees or payments in lieu of income taxes imposed by this state or any other taxing jurisdiction to the extent deductible in determining federal adjusted gross income and not credited against federal income tax. This paragraph shall not apply to taxes imposed under the provisions of K.S.A. 79-1107 or 79-1108, and

Such refunds shall be included in income in the year actually received regardless of the method of accounting used by the taxpayer. For purposes hereof, a tax benefit shall be deemed to have resulted if the amount of the tax had been deducted in determining income subject to a Kansas income tax for a prior year regardless of the rate of taxation applied in such prior year to the Kansas taxable income, but only that portion of the refund shall be included as bears the same proportion to the total refund received as the federal taxes deducted in the year to which such refund is attributable bears to the total federal income taxes paid for such year. For purposes of the foregoing sentence, federal taxes shall be considered to have been deducted only to the extent such deduction does not reduce Kansas taxable income below zero.

(v) The amount of any depreciation deduction or business expense deduction claimed on the taxpayer's federal income tax return for any capital expenditure in making any building or facility accessible to the handicapped, for which expenditure the taxpayer claimed the credit allowed by K.S.A. 79-32,177, and amendments thereto.

(ix) The amount of any ad valorem taxes and assessments paid and the amount of any costs incurred for habitat management or construction and maintenance of improvements on real property, claimed for deduction in determining federal adjusted gross income, to the extent the same is claimed as the basis for any credit allowed pursuant to K.S.A. 79-32,203, and amendments thereto.

(x) Amounts received as nonqualified withdrawals, as defined by K.S.A. 75-643, and amendments thereto, if, at the time of contribution to a
family postsecondary education savings account, such amounts were subtracted from the federal adjusted gross income pursuant to K.S.A. 79-32,117(c)(xv), and amendments thereto, or if such amounts are not already included in the federal adjusted gross income.

(xii) The amount of any contribution made to the same extent the same is claimed as the basis for the credit allowed pursuant to K.S.A. 74-50,154, and amendments thereto.

(xii) For taxable years commencing after December 31, 2004, amounts received as withdrawals not in accordance with the provisions of K.S.A. 74-50,204, and amendments thereto, if, at the time of contribution to an individual development account, such amounts were subtracted from the federal adjusted gross income pursuant to subsection (c)(xiii), or if such amounts are not already included in the federal adjusted gross income.

(xiii) The amount of any expenditures claimed for deduction in determining federal adjusted gross income, to the extent the same is claimed as the basis for any credit allowed pursuant to K.S.A. 79-32,217 through 79-32,220 or 79-32,222, and amendments thereto.

determining taxable income for income tax purposes in such other state, to the extent that such taxes and assessments are claimed as an itemized deduction for federal income tax purposes.
