AN ACT concerning the department of health and environment; relating to
water and soil pollutants; spill program; amending K.S.A. 65-171v and
repealing the existing section.

Be it enacted by the Legislature of the State of Kansas:
Section 1. K.S.A. 65-171v is hereby amended to read as follows: 65-171v. Whenever a water or soil pollutant is discharged intentionally,
accidentally or inadvertently and the secretary of health and environment
or the secretary's authorized representative determines that the discharged
material must be collected, retained or rendered innocuous, and if a
discharger refuses to undertake cleanup operations or if the responsible
discharger is unknown at the time, the secretary or the secretary's
authorized representative may enter into an agreement with a person to
conduct the necessary cleanup operations with payment for such cleanup
work to be provided from the pollutant discharge cleanup fund. Any
person responsible for or causing the discharge of materials which are
determined necessary to cleanup under the provisions of this act shall be
responsible for repayment of the costs of cleanup work upon reasonably
detailed notification by the secretary or the secretary's authorized
representative. If the responsible person fails to promptly submit payment
for costs of the cleanup operations when so notified, such payment shall be
recoverable in an action brought by the attorney general on behalf of the
people of the state of Kansas in the district court of the county in which
such costs were incurred. Any moneys recovered under this section shall
be remitted to the state treasurer in accordance with the provisions of
K.S.A. 75-4215, and amendments thereto. Upon receipt of each such
remittance, the state treasurer shall deposit the entire amount in the state
treasury to the credit of the pollutant discharge cleanup fund
(a) As used in this section:
(1) "Cleanup" means all actions necessary to contain, collect,
control, identify, analyze, treat, disperse, remove or dispose of a pollutant
necessary to restore the environment to the extent practicable and
minimize the harmful effects from the release;
(2) "cleanup costs" means all costs incurred by the state during a
cleanup of a release of a pollutant, including costs necessary for regulator
oversight of the cleanup;
(3) "emergency" means any release that poses an imminent risk to public health or the environment;
(4) "person" means any individual, owner, operator, corporation, limited liability company, partnership, association, municipality, interstate agency, state agency or federal agency;
(5) "pollutant" means any substance that causes contamination or alteration of the natural physical, chemical or biological properties of any waters or soils of the state or is likely to create a nuisance or render such waters or soils harmful, detrimental or injurious to public health, or to the plant, animal or aquatic life of the state or to other designated uses; and
(6) "release" means any threatened or real emission, discharge, spillage, leakage, pumping, pouring, emptying, escape or dumping of a pollutant into or onto the waters or soil of the state, except when done in compliance with the conditions of a federal or state permit or in accordance with the product label.

(b) For the purpose of preventing water and soil pollution detrimental to public health or the environment, the secretary of health and environment shall:

(1) Adopt rules and regulations that, in the secretary's judgment, are necessary to respond to and report the release of a pollutant;
(2) designate a 24-hour statewide telephone number whereby the notice of any release of a pollutant may be made;
(3) provide minimum reportable quantities;
(4) order a person responsible for the release of a pollutant to perform a cleanup of the release; and
(5) take necessary action to perform a cleanup of a release if the person responsible for the release cannot be identified within a reasonable period of time.

(c) The secretary may:

(1) Provide technical guidance, oversight and assistance to other state agencies, political subdivisions of the state and other persons for the cleanup of and response to the release of a pollutant;
(2) take necessary action to perform a cleanup of a release of a pollutant if a person responsible for the release fails to take reasonable actions required by the secretary to perform a cleanup of the release; and
(3) perform a cleanup of a release of a pollutant if the release poses an emergency.

(d) (1) Whenever a pollutant is released intentionally, accidentally or inadvertently, the person responsible for the release shall be responsible for the cleanup of the release.
(2) The person responsible for the release of any pollutant, regardless of phase or physical state, shall give notice to the department of health and environment when the release exceeds reportable quantities.
(3) The person responsible for the release shall be responsible for
repayment of the cleanup costs incurred by the department upon
reasonably detailed notice by the secretary or the secretary’s designee. If
the responsible party fails to submit payment for costs of the cleanup
operations promptly after giving notice, repayment costs shall be
recoverable in an action brought by the attorney general in the district
court of the county where such costs were incurred.

(e) (1) Upon a finding that a person has violated any provision of this
section or rules and regulations or orders adopted hereunder, the
secretary may impose a penalty not to exceed $10,000. In the case of a
continuing violation, each day such violation continues shall be deemed a
separate violation.

(2) Any moneys recovered under this section shall be remitted to the
state treasurer in accordance with K.S.A. 75-4215, and amendments
thereto. Upon each such remittance, the state treasurer shall deposit the
entire amount in the state treasury to the credit of the emergency response
activities account in the natural resources damages trust fund established
pursuant to K.S.A. 75-5672(f), and amendments thereto.

(3) No penalty shall be imposed except after notice of the violation
and an opportunity for hearing upon the written order of the secretary
issued to the person who committed the violation. The order shall state the
violation, the penalty to be imposed and the right to request a hearing. The
request for hearing shall be in writing, directed to the secretary and filed
with the secretary within 15 calendar days after service of such order.
Hearings under this subsection shall be conducted in accordance with the
Kansas administrative procedure act.

Sec. 2. K.S.A. 65-171v is hereby repealed.

Sec. 3. This act shall take effect and be in force from and after its
publication in the statute book.
