AN ACT concerning industrial hemp; relating to the effective disposal of industrial hemp; and otherwise relating to the disposal of such hemp.

Be it enacted by the Legislature of the State of Kansas:

Section 1. (a) Whenever a person licensed under the commercial industrial hemp act is required to conduct appropriate disposal of industrial hemp, the Kansas department of agriculture shall notify state or local law enforcement agencies with jurisdiction in the area in which the industrial hemp was grown that appropriate disposal is required.

(b) The department shall develop a plan for appropriate disposal of industrial hemp in coordination with the state or local law enforcement agency notified pursuant to subsection (a).

(c) (1) In order to carry out the provisions of this section, the department is authorized to perform any action necessary to ensure that effective disposal of industrial hemp occurs, including, but not limited to:

(A) Taking temporary possession of the industrial hemp;

(B) destroying the industrial hemp; or

(C) supervising and directing any appropriate method of effective disposal.

(2) The state or local law enforcement agency shall approve in advance any such action taken by the department or any person under the department's direction or supervision.

(d) (1) The secretary may require any employee or agent of the department who participates in the appropriate disposal of industrial hemp to be fingerprinted and to submit to a state and national criminal history record check annually. The secretary may use the information obtained from fingerprinting and the criminal history record check to verify the identity of the employee or agent and determine whether the employee or agent has been convicted of a felony violation of article 57 of chapter 21 of the Kansas Statutes Annotated, and amendments thereto, or a substantially similar offense in another jurisdiction, within the 10 years immediately preceding submission of such criminal history record check. The department is authorized to submit the fingerprints to the Kansas bureau of investigation and the federal bureau of investigation for a state and national criminal history record check.
(2) Local and state law enforcement officers and agencies shall assist in the taking and processing of fingerprints of such employee or agent of the department. Local law enforcement officers and agencies may charge a fee as reimbursement for expenses incurred in the taking and processing of fingerprints under this subsection. The department shall pay the costs of fingerprinting and the state and national criminal history record check.

(e) The department and the appropriate state or local law enforcement agency may seek reimbursement from any individual licensed under the commercial industrial hemp act for any costs incurred in conducting effective disposal of industrial hemp.

(f) The department shall have no authority to conduct effective disposal for any industrial hemp or cannabis plant produced by individuals not licensed under the commercial industrial hemp act.

(g) Nothing in this section shall limit the jurisdiction or authority of state or local law enforcement to enforce article 57 of chapter 21 of the Kansas Statutes Annotated, and amendments thereto.

(h) This section shall be a part of and supplemental to the commercial industrial hemp act, K.S.A. 2019 Supp. 2-3901 et seq., and amendments thereto.

Sec. 2. This act shall take effect and be in force from and after its publication in the Kansas register.
