HB 2290 creates and amends law related to various public agencies, as follows.

Office of the Attorney General

Crime Victims Compensation Division

The bill creates in the Office of the Attorney General a Crime Victims Compensation Division (Division) to administer and support the operations of the Crime Victims Compensation Board (CVCB). The Division will receive compensation applications and supporting papers and will, if requested by the CVCB, investigate the claim, appear in related proceedings, and present evidence opposing or in support of an award.

The bill directs the Attorney General to establish and maintain a principal office for the Division and other necessary offices, appoint employees and agents, and prescribe the duties and compensation for such employees and agents, subject to appropriations. The Division will be headed by a director appointed by the Attorney General in consultation with the CVCB.

The bill directs the Division to prescribe application forms for compensation, request investigations and data from various sources to enable the CVCB to determine qualification for compensation, make available specified documents of the CVCB pursuant to the Kansas Open Records Act (KORA), publicize the availability of compensation and information regarding the filing of claims, and perform any other duties assigned by the Attorney General to carry out the above provisions.

The bill amends the statute setting forth powers and duties of the CVCB to remove duties related to offices, employees, forms, KORA, and publicity, and the power to request investigations and data. [Note: These duties and powers are essentially transferred to the Division, as outlined above.] A confidentiality provision regarding a claimant’s or victim’s juvenile court records is moved to the new section. The term “duties” as it relates to the CVCB regarding rules and regulations is changed to “powers.”

The statute governing applications for compensation is amended to change references to the CVCB in provisions regarding form and filing of applications to refer to the Division instead.

A provision regarding confidentiality of records and information given to the CVCB is amended to include records and information given to the Division.

The statute establishing the Crime Victims Compensation Fund is amended to add operations of the Division to the acceptable uses of moneys from that fund.
Kansas Youth Suicide Prevention Coordinator

The bill requires the Attorney General to appoint a Kansas Youth Suicide Prevention Coordinator and additional support staff (as appropriations allow) to identify, create, and coordinate and support youth suicide awareness and prevention efforts throughout the state. The coordinator may:

- Lead the development, implementation, and marketing of a website, online application, and mobile phone application to facilitate communication with youth for the purpose of promoting youth safety and well-being;
- Develop and promote multidisciplinary and interagency strategies to help communities, schools, mental health professionals, medical professionals, law enforcement, and others work together and coordinate efforts to prevent and address youth suicide;
- Organize events that bring together youth, educators, and community members from across the state to share information and receive training to prevent and address youth suicide in their communities;
- Gather, disseminate, and promote information focused on suicide reduction; and
- Perform any other duty assigned by the Attorney General to carry out the provisions of the bill.

Kansas VINE Coordinator

The bill requires the Attorney General to appoint a Kansas Victim and Notification Everyday (VINE) Coordinator and additional support staff (as appropriations allow), to work with interested parties including, but not limited to, sheriffs throughout the state to oversee the statewide implementation of the VINE system. The Attorney General is authorized to appoint an advisory board, consisting of up to five members, including one who must be a victim advocate and one who must be a representative of the Kansas Sheriffs’ Association, to make recommendations for the implementation and operation of the VINE program. The bill prohibits any member from receiving any compensation, subsistence, mileage, or other allowance for serving on the advisory board, and the Attorney General is required to promulgate rules and regulations as necessary to implement the provisions of the bill.

Payment for Defense of KORA and KOMA Violations

The bill provides that when payment is made from the Tort Claims Fund on behalf of a state agency or employee for defense or indemnification in an action, proceeding, or investigation involving an alleged violation of KORA or the Kansas Open Meetings Act (KOMA), the agency that requests such defense or indemnification (or employs the employee making the request) is required to transfer to the Tort Claims Fund an amount equal to the payment made by the Tort Claims Fund on behalf of the agency for such defense or indemnification.
**KBI—Background Checks**

The bill authorizes qualified entities, as defined by the bill, to require state and national criminal history record checks of providers, both employees and volunteers, who have supervised and unsupervised access to children, the elderly, or individuals with disabilities to determine whether that individual has the qualifications and fitness to be permitted to serve as a provider. The bill allows qualified entities to request the Kansas Bureau of Investigation (KBI) conduct the state and national criminal history record checks. The bill outlines the information required to be provided with a request for a state and national criminal history check. The bill requires local and state law enforcement officers and agencies to assist a qualified entity in taking and processing a person’s fingerprints for such criminal history record checks.

The bill requires the KBI to release all records of a person’s adult convictions and diversions to the qualified entity that submitted the request for the criminal history record checks. The bill also requires a qualified entity to be solely responsible for making any determination that a person’s criminal history record shows the person has been convicted of a crime that bears upon the person’s fitness to serve as a provider. The bill clarifies the KBI is not required to make such a determination of fitness on behalf of any qualified entity.

**Definitions**
