Be with us as we discuss the serious issues,

help us to have the same grace to each other as you give to us.

May we not take lightly the awesome responsibility  
that our constituents have entrusted to us.

As leaders, fill our hearts and minds with your vision and passion  
for what is good and right.

May our eyes not see through dark and divisive glasses-  
but with your insight,

may we see hope and promise and ways to work together.

Be with each one of us as we travel home this weekend,  
renew our strength and enjoy time with our families.

This I ask in the name of Jesus, Amen.

## EXPLANATIONS OF VOTE

MR. SPEAKER: I have voted No on **HB 2477** because although I know we have a critical shortage in health care providers, I do not believe this body should be facilitating the use of not fully trained professionals in our health care system when fully qualified professional health care workers are being forced out of the system because of government or employer mask and vaccine mandates. – DAVID FRENCH

MR. SPEAKER: The states' past failures of not protecting Doctors and medical professionals is the reason for the labor shortage. Now the state is allowing lesser qualified persons to practice medicine which in return will bring on less quality of care. The state is also guilty of pushing good doctors and nurses out because they stand for the liberty to choose alternative medicine not pushed by big pharma. "Realize that the doctor's fight against socialized medicine is your fight. We can't socialize the doctors without socializing the patients." Ronald Reagan. This is why I vote "NO" on **HB2477** – TREVOR JACOBS
