DATE 2/17/2022

PROPONENT of HB 2498

Madam Chair Landwehr and the House Committee on Health and Human Services:

I'm in favor of this much needed check on unelected bureaucrats with one amendment.

Replace COVID-19 with any mRNA gene therapy.

mRNA technology isn't a vaccine, it's gene therapy. This new technology is unproven with potential for disastrous unknown long-term consequences.

Sincerely,

Owen Frederick
