CAPITAL IMPROVEMENT REQUESTS

1

CENTRAL ENERGY PLANT—COOLING TOWER FAN REPLACEMENT

Funding: TBD
Anticipated Completion: TBD

Replacement of cooling tower

2

NEW SCHOOL of BUSINESS BUILDING (WOOLSEY HALL)

Funding: Private Gifts & Revenue Bonds
Anticipated Completion: Spring 2022

New home for the W. Frank Barton School of Business. Three-story, light-filled space with classrooms, faculty/staff offices, 300 seat auditorium, multi-purpose room, conference rooms, and study spaces.

3

CESSNA STADIUM DEMOLITION

Funding: Private Gifts
Completion: TBD

Demolition of the existing east & west steel and concrete stadium seating structure for a future multi-sport facility.

4

CONVERGENCE SCIENCES 2 BLDG. for DIGITAL TRANSFORMATION

Funding: Revenue Bonds/Restricted Fees
Anticipated Completion: Spring 2023

Building to house the National Institute for Research & Digital Transformation. Includes research pods, data center, and testing facility for electrical components.

5

MARCUS WELCOME CENTER ADDITION

Funding: Private Gifts & University Funds
Anticipated Completion: Spring 2024

Addition to the Marcus Welcome Center to accommodate the Career Development Center and Office of Applied and Experiential Learning. Project will include interior renovations to public areas of the Admissions office as well as create a Shocker History Walk.

6

NEW PEDESTRIAN BRIDGE

Funding: Private Gifts
Completion: Spring 2022

New 300 ft long pedestrian bridge over the water feature south of Woolsey Hall. Bridge incorporates seating and a gathering platform on a prow over the pond.

7

CLINTON HALL - SHOCKER SUCCESS CENTER

Funding: Private Gifts/Revenue Bonds/Fees

Completion: Spring 2024

Complete renovation of Clinton Hall into a comprehensive center dedicated to student success and retention. Building will bring together programs from seven locations across campus into one facility. Project will address deferred maintenance and include a small exterior addition.
