There are 11 members appointed by the governor to serve four year terms. Chairpersons of the standing committees of the Senate and House that customarily address employment security law are also members. The chairpersons of the senate and house committees to which legislation pertaining to employment security law is customarily referred remain members as before. Two members of the senate and two members of the house, one each from the majority and minority of each chamber, respectively, remain members as previously, except that the members from the minority party from each chamber are appointed by the minority leader of the respective chamber, not the speaker of the house and the president of the senate. *This amendment by the House Commerce Committee to K.S.A. 44-709 expanded the board from three to six members who could sit in two panels of three members each to hear cases. Only four of the six members or two members of each panel could be of the same party. The board or a panel could deny a request for an in-person hearing if the requesting party did not show good cause for the request. These provisions were intended to permit the board to address appeals more rapidly. The expanded board would sunset on June 30, 2024. Pages 58-61.*

### **XIII. Protections for Employers from the Effects of Fraudulent Claims**

The provisions providing relief to employers include changes in K.S.A. 44-710 and 44-710b, Sections 13 and 15 to:

A. The original bill prevented employer accounts from being charged for any benefits paid beginning on March 15, 2020 through December 31, 2021. Originally at page 36, lines 21-23. *This provision was removed by the House Commerce Committee. The remaining provisions associated with the deleted paragraph holding employers harmless for fraud or improper payments are at page 64 of the Substitute Bill, see below.*

*The amendment also expanded the coverage of the employer protection provisions to include protections against charges for improper payments in addition to fraud. ("Improper payments" are defined at K.S.A. 44-710b(e)(2), at page 94, lines 28 to 32 of the bill.) A reference to "employers" was corrected to refer to contributing, governmental rated and reimbursing employers. Section 13, page 64 and Sec. 15, page 92.*

B. Hold employers harmless, not require reimbursement and provide credits or refunds for claims that have been identified by the employer as fraudulent and reported to the secretary of labor, unless the secretary determines that the claim is not fraudulent. Reimbursing employers, such as governmental entities, Indian tribes or nonprofit organizations, who pay the state directly for any benefits paid, are to be refunded for any payments for fraudulent claims made after March 15, 2020, that have been reported to the secretary. An amount refunded would become due if the secretary determined that the claim is not fraudulent. Page 64, lines 18-34; page 92, lines 28-43 through page 93, line 1-2.

C. Direct the secretary to credit an employer's account without any request by the employer or the need to hold a hearing upon the secretary's own determination that benefits were fraudulently paid. Page 92, lines 18-27.

D. Waive the time limitation for an employer to dispute a claim as fraud during the time period of March 15, 2020 through December 31, 2022. Page 64, lines 26-30; page 93, lines 3-8.

E. The bill originally directed the secretary to review all reimbursing employer accounts over the past 20 years and apply credits for any benefits previously paid by fraud or in error that were charged against the account and not recovered. Page 93, lines 9-13. *This provision was modified by the House Commerce Committee to remove the 20-year lookback requirement but otherwise maintain the requirement of a review of all reimbursing employer accounts as previously provided.*

**XIV. Changes to the Rate Tables and employment security interest assessment fund,  
Section 14.**

A. Obsolete language is removed throughout the section.

B. Originally, the employment security interest assessment fund was abolished. Page 61 of original bill, lines 28-33 (See stricken language now at pages 76-77, 90).

*The House Committee of the Whole reinserted some of the deleted language to maintain the existence of the fund due to federal conformity concerns. Page 78, lines 14-28. Page 90, lines 36-43; page 91, lines 1-20.*

C. The determination of solvency or credit adjustments, to maintain the UI trust fund balance, to be made to employer rates is changed. New tables are provided for the purpose of making solvency or credit adjustments for purposes of maintaining the UI trust fund balance and determining employer contribution rates. These changes primarily go into effect for rate year 2022 and thereafter. Pages 82-87.

**XV. Reimbursements to the UI Trust Fund from the State General Fund for Improper Payments. Section 15, pages 93, lines 39-43, to page 95.**

The bill would reimburse the unemployment insurance trust fund from the state general fund for improper benefit payments (as defined at page 94, lines 28-32) made during the period of March 15, 2020 through December 31, 2022, as identified by the secretary through review of federal department of labor and state department of labor information. The secretary shall identify such amounts within 60 days of information becoming available. The governor, with the approval of the state finance council, may designate the transfer to be from a state account other than the state general fund. Page 93, lines 39-43 to page 94, lines 1-21.

Originally, the bill included a provision that was intended to encourage the legislature to direct federal pandemic-related funds to the unemployment insurance trust fund and a provision clarifying that any federal unemployment insurance benefit program established because of COVID-19 is not to be continued after the ending date of the federal program by the use of unemployment insurance fund contributions by Kansas employers. Page 64 of original bill, lines 34-42. *This provision was deleted by the House Commerce Committee as part of the amendment described below.*

*The House Commerce Committee amended this provision to make the immediate transfers from the state general fund pursuant to the original bill effective only if the full transfer from federal coronavirus funds of \$450 million, pursuant to Section 6 of the bill at pages 12-13, does not occur. Page 94, lines 3-4.*

*In addition, the House Committee added a provision for payment of improper payments recovered by the secretary to the state general fund to avoid “double-dipping” in the event recovery of fraudulent payments was made. Page 94, lines 22-27.*

*The amendment also added a provision that requires the secretary to determine the total amount of fraudulent and improper payments made during the period of March 15, 2020 through December 31, 2022, not later than December 31, 2022. If the total amount of the fraudulent and improper payments are more than the amount of the transfer made pursuant to Section 6, the difference is to be transferred to the employment security trust fund from the state general fund*

*in equal amounts over a period of five years. If the amount is less, that amount is to be transferred from the employment security trust fund to the state general fund at one time and used for COVID-19 related purposes. Page 94, lines 33-43; page 95, lines 1-7, 15-24.*

*With the approval of the state finance council, the governor is granted limited discretion to change the funds utilized for the process. Page 95, lines 8-14; 25-31.*

**XVI. Changes to the Work Share Program, Section 16, pages 95-101.**

- A. Includes changes to clarify the statutory language and definitions. See e.g. page 96.
  
- B. The bill directs the secretary to create and manage a promotional plan for the program. Page 96, lines 42-43; page 97, lines 1-20. The promotional plan is to include:
  - 1. Promotion of the program with other state agencies, the governor’s office, legislators, workforce investment boards and chambers of commerce. *The House Committee of the Whole amended this provision by adding labor unions to the list of entities with whom the secretary is to engage.*
  
  - 2. Dedication of a department team to interact with employers.
  
  - 3. Development of presentation materials for distribution to employer groups and workforce investment boards.
  
  - 4. Proactive outreach and engagement with employers who are in economic stress or layoffs.
  
  - 5. Development of an automated application, claims and weekly certification process that facilitates participation by employers.

C. Negative Account Employers Eligibility for Shared Work Program.

The original bill provided that after the provisions of the federal CARES act are no longer in effect, a negative account employer may only participate within a year of a recession. The secretary was to determine if a recession in Kansas existed and if so, make an announcement that a recession was in effect for purposes of this provision. A negative account employer could only be approved for participation for one plan year during any five-year period of time. Originally page 67, lines 28-37.

*The House Commerce Committee amended this provision to provided that, after the federal CARES act was no longer in effect, a negative account employer would be eligible for the shared work program if the negative account employer's most recent calculated reserve ration has improved from the previous reporting year's reserve ratio. Page 98, lines 21-27.*

D. Expansion of Employee Eligibility for Program

An employee is not required to meet work availability or work search requirements but must be available for the employee's normal work week. Page 99, lines 39-43.

The employee's normal work hours need only be reduced by at least 10% and not more than 50% to be eligible for the program, and the program will reduce the normal weekly hours for an employee in the affected unit by not less than 10% and more more than 50%, expanding the current eligibility limits with respect to work hours. Page 97, lines 34-36. Page 100, lines 6-8.

### **Other Provisions**

A. Services performed by a petroleum landman are excluded from the definition of "employment" for purposes of employment security law. Section 9, page 40-41. This exclusion was 2020 HB 2705, which was heard in House Commerce Committee on February 18, 2020 and passed out of committee favorably but died without further action. *This provision was amended*

*by the House Commerce Committee to include language necessary for federal conformity purposes that a petroleum landman does not include an active officer of a corporation and that services performed for a federally recognized Indian tribe would not be subject to the exclusion.*

B. The bill removes a current restriction on lessor employing units from leasing individual proprietors, partners, or corporate officers who are shareholders or members of the corporation's board of directors. Section 17, page 101, lines 12-16.

**Effective Date**

Originally, if passed, the bill would become effective July 1, 2021. *The House Commerce Committee changes the effective date to upon publication in the Kansas register.*
