

**KEY**

Adjutant General - Emergency Management

Kansas Biological Survey

Kansas Corporation Commission

Kansas Department of Agriculture

Kansas Department of Agriculture - Division of Conservation

Kansas Department of Agriculture - Division of Water Resources

Kansas Department of Commerce

Kansas Department of Health and Environment - Bureau of Environmental Field Services

Kansas Department of Health and Environment - Bureau of Environmental Remediation

Kansas Department of Health and Environment - Bureau of Water

Kansas Department of Health and Environment - Bureau of Waste Management

Kansas Department of Wildlife, Parks and Tourism

Kansas Forest Service

Kansas Geological Survey

K-State Research and Extension

Kansas Water Office

### Water Programs Organization Chart

Water Management	Water Conservation	Public Water Supply	Water Quality	Flood Management	Wetland, Riparian Management	Recreation	Data, Research	Public Info, Education
State Assistance to Watershed Dam Construction	Aid to Conservation Districts	Disaster Assistance	Reservoir Assessment Program	Mitigation Planning	Riparian and Wetland Protection Program	Land and Water Conservation Fund	Harmful Algal Blooms	Kansas Natural Heritage Inventory
Watershed Planning Assistance Program	Water Resources Cost-Share Program	Harmful Algal Blooms	Harmful Algal Blooms	Reservoir Assessment Program	Kansas Sediment and Nutrient Reduction Initiative	Community Fisheries Assistance	Kansas Applied Remote Sensing	KDHE remediation programs, including drycleaners, Brownfields, mined land, spills, etc.
Benefit Area Program	Water Rights Purchase Program	Multipurpose Small Lakes Program	Wells, Surface Ponds, Drilling and Production	Benefit Area Program	Kansas Water Quality Buffer Initiative	Stream access, Walk-in Hunting Program, Habitat Acquisition Program	Central Plains Center for BioAssessment	Pollution and Fish Kill Investigations
Water Appropriation Program	Water Right Transition Assistance Program	Water Supply Restoration Program	Underground injection and storage	State Assistance to Watershed Dam Construction	Watershed Restoration and Protection Strategy (WRAPS)	Lake level management	KU Field Station	Stream access, Walk-in Hunting Program, Habitat Acquisition Program
Water Management Services Program	Upper Arkansas River Conservation Reserve Enhancement Program	Water Management Services Program	Fertilizer Program	Multipurpose Small Lakes Program	Conservation easements for riparian and wetland areas		Reservoir Assessment Program	Forestry and environmental education

### Water Programs Organization Chart

Water Management	Water Conservation	Public Water Supply	Water Quality	Flood Management	Wetland, Riparian Management	Recreation	Data, Research	Public Info, Education
Livestock Waste Management Program	Surface-Mining Land Conservation and Reclamation Program	Kansas Department of Commerce block grants	Pesticide Program	Water Structures Program	Streamside Forestry Program, Forest Health Program, planting programs and assistance		Aid to Conservation Districts	High Plains Aquifer Evaluation
Fishing impoundments and stream habitats	Agricultural Liming Materials Program	Local Environmental Protection Program	Water Resources Cost-Share Program	Watershed Restoration and Protection Strategy (WRAPS)			Water Well Measurement	WaterLINK
Water management, general water programs	Water conservation programs	Watershed Restoration and Protection Strategy (WRAPS)	Non-Point Source Pollution Control Program	Multipurpose Small Lakes Program			Pollution and Fish Kill Investigations	Citizen Science
Weather Modification Program	Water Conservation program	Public Water Supply Program	Kansas Sediment and Nutrient Reduction Initiative	Lake level management			Water Quality Monitoring and Assessment	Healthy Ecosystems - Healthy Communities
State water planning		Water Marketing Program	Kansas Water Quality Buffer Initiative				Environmental Services	Earth Awareness Researchers for Tomorrow's Habitat
Water Transfers		Water Assurance Program	Watershed Management				High Plains Aquifer Evaluation	Rangeland and Natural Area Services

### Water Programs Organization Chart

Water Management	Water Conservation	Public Water Supply	Water Quality	Flood Management	Wetland, Riparian Management	Recreation	Data, Research	Public Info, Education
		Multipurpose Small Lakes Program	Local Environmental Protection Program				Aquifer Characterization	Drought monitoring and response
		Water supply and demand estimates	Watershed Restoration and Protection Strategy (WRAPS)				Stream-Aquifer interactions	
		Lake level management	Water Projects Environmental Coordination				Water Well Measurement	
		Water Transfers	KDHE remediation programs, including drycleaners, Brownfields, mined land, spills, etc.				WRAPS Technical Team	
			Water Quality Monitoring and Assessment				Kansas Water Resources Research Institute	
			Watershed Planning/TMDL				Geographic Information Systems Policy Board	

### Water Programs Organization Chart

Water Management	Water Conservation	Public Water Supply	Water Quality	Flood Management	Wetland, Riparian Management	Recreation	Data, Research	Public Info, Education
			Water Pollution Control Program and other water quality programs				Water supply and demand estimates	
			Hazardous and Solid Waste Management				Drought monitoring and response	
			Groundwater Contamination Analysis				Weather stations	
			High Plains Aquifer Evaluation					
			WRAPS Technical Team					
			Water Quality Programs and watershed specialists
