

SESSION OF 2022

**SUPPLEMENTAL NOTE ON SENATE BILL NO. 439**

As Recommended by Senate Committee on  
Federal and State Affairs

**Brief\***

SB 439 would require a county election officer to send a notice to a registered voter to confirm such registrant's current address if such registrant has had no election-related activity for any four calendar year period.

The bill would define "no election related activity" to mean such registrant has not voted, attempted to vote, requested or submitted an advance ballot application, filed an updated voter registration card, signed a petition required by law to be verified by the county election officer or Secretary of State, or responded to any official election mailing transmitted by the county election office.

**Background**

The bill was introduced by the Senate Committee on Judiciary at the request of Senator Warren on behalf of the Office of the Secretary of State.

[*Note:* The provisions of the bill are similar to the provisions of HB 2555, as recommended by the House Committee on Elections]

### **Senate Committee on Federal and State Affairs**

In the Senate Committee hearing, a representative of the Office of the Secretary of State provided **proponent** testimony, stating that the bill would add a fifth reason for the county election officer to send a confirmation notice to a voter's address and would help with ongoing voter roll maintenance.

Representatives of the ACLU of Kansas, the Disability Rights Center of Kansas, the League of Women Voters of Kansas, and Loud Light Civic Action provided **opponent** testimony. Opponents generally expressed concerns about registered voters being removed from voter rolls and the impact on minorities, young voters, and individuals with disabilities. Written-only opponent testimony was provided by a representative of the Kansas Appleseed Center for Law and Justice.

Written-only neutral testimony was provided by a representative of the Kansas County Clerks and Election Officials Association

### **Fiscal Information**

According to the fiscal note prepared by the Division of the Budget, the Office of the Secretary of State indicates costs associated with enactment of the bill could be absorbed within existing resources. The Kansas Association of Counties indicates enactment of the bill would increase costs for counties related to postage and labor, but such costs would vary by each county's population and the number of personnel and supplies required. Any fiscal effect associated with enactment of the bill is not reflected in *The FY 2023 Governor's Budget Report*.
