HB 2616 Proponent Written Only Testimony

Name: Jaime Kissinger

Chairman Thompson and Members of the Committee,

I am in support of this important legislation concerning the qualifications of poll workers. The right to vote is one of the fundamental principles of democracy, and it is essential that our elections are conducted fairly and efficiently. Poll workers play a crucial role in ensuring that the voting process runs smoothly and that all eligible voters can exercise their rights. It is imperative that we have a diverse and qualified pool of poll workers to assist in the elections process. This includes individuals who are actively serving in the military or are enrolled in postsecondary education. These individuals bring a unique perspective and dedication to their role as poll workers and should not be disqualified based on their residency or voter status. By passing this legislation, we can ensure that all eligible individuals can serve as poll workers and contribute to the integrity of our elections. I urge you to support this bill and help strengthen our democratic process.

Sincerely,

Jaime Kissinger
