Mike Houser  
Representative, 1st District

Chairman Francis, Vice Chair Neely, Ranking Member Ballard, and Committee:

I thank you for allowing us to bring HB 2706 before you. HB 2706 will make some technical changes to Ks statutes concerning license plate usage on antique cars, trucks, and motorcycles.

Antique auto enthusiasts brought this problem with the statutes to my attention. The current statute does not differentiate between cars, trucks, or motorcycles and has all of them lumped together as antique. The problem lies in the fact that no plates were issued to trucks and motorcycles in 1976. Both trucks and motorcycles were issued a 1976 sticker to apply to a 1975 plate. This technical amendment will correct that oversight.

As the bill was being written, the revisors found a few other language changes needed to bring the statute language up to date and incorporated them into the bill.

Thank you for your time and I urge you to pass this bill out of committee favorably.
