

Oral Neutral Testimony before the Senate Education Committee
To
SB 387

Monday, January 29, 2024

Members of the Senate Education Committee,

We are neutral in our testimony.

On page 3 section G regarding non-resident students as not in good standing, we would like to suggest that if an application from a non-resident student is received and the student is not in good standing from their previous district, the application may be denied following a meeting with the student's parent or guardian.

Other factors to take into consideration on accepting non-resident students would be the situation when a student has received a 186-day suspension/expulsion, then allow the district to decide if the student can be enrolled in a virtual program.

I appreciate the opportunity to share these points with the committee.

Respectfully,

Jim Karleskint
