SB367

Proponent

Written Only

Chairman Thompson and Members of the senate Federal & State Committee,

I am submitting my testimony in support to SB367. I am highly against federal dollars being used for local and state elections. I do have a couple of questions. 1) How does this affect the HAVA funding? Will this bill override the federal government and the ability for them to help fund election offices through their grant program? 2) How does this affect the boards of county commissioners? The commissioners are the ones who set the budgets and were the ones who accepted the CTCL (Zuckerbucks) money in the past. If you could address those two areas, that would help. Again, I am voicing my support to bill SB367.

Respectfully,

Brett Anderson
