SB314

Opponent

Brett Anderson

Republican Precinct Committeeman

Sedgwick County

Chairman Gossage and Members of the senate Public Health & Welfare Committee,

I am submitting my testimony in strongly urging you to NOT pass SB314 out of committee. SB314 is missing some protection for employees that is present in SB315. It removes the language “without inquiring into the sincerity of the request”, meaning they can harass you as to the sincerity of your request. The removal of that text is also in conflict with the language that is currently in special session HB2001. Again, I strongly you to NOT pass SB314 out of committee.

Respectfully,

Brett Anderson

Republican Precinct Committeeman

Sedgwick County
