“Charity is injurious
unless it helps the recipient become
independent of it.”

J.D. Rockefeller

Misunderstanding

The Problem

Misunderstanding the problem results in misdirected compassion that fuels a frenzy of charity without ever freeing people from poverty.

The Person

Misunderstanding the human person relegates him to position of permanent receiver rather than the producer he's intended to be.

Our Part

Misunderstanding our part results in us *doing for* more than *being with*, perpetuating a fruitless paternalistic co-dependency.

What to do?

A person wearing a dark jacket is holding a piece of torn, weathered cardboard. The cardboard has the words "WHAT ABOUT TOMORROW?" written on it in black, hand-painted capital letters. The person's hands are visible at the bottom corners of the sign.
