

2021 Kansas Statutes

65-771. **Definitions.** As used in this act:

- (a) "Adulterated" has the same meaning as provided in K.S.A. 65-664, and amendments thereto.
- (b) "Bulk milk pick up tanker" means a vehicle including the truck, tank and those appurtenances necessary for such vehicle's use, used by a bulk milk hauler or sampler to transport bulk raw milk for pasteurization from a dairy farm to a milk plant, receiving station or transfer station.
- (c) "Dairy manufacturing plants" means any place where dairy products, grade A milk or milk products are manufactured or prepared for sale or distribution, either at wholesale or retail. This term shall not include a licensed food service establishment which is licensed to manufacture homemade ice cream pursuant to this act.
- (d) "Dairy products" means products which may be made from milk or cream for manufacturing purposes and which are not required to meet grade A standards, including butter, cheese, dry whole milk, nonfat dry milk, dry buttermilk, dry whey, evaporated milk, whole or skim, condensed whole milk, condensed skim milk, sweetened or plain, frozen dairy dessert, and frozen dairy dessert mixes and such other products as may be otherwise designated by rules and regulations.
- (e) "Frozen dairy dessert" means and includes products containing milk or cream and other ingredients which are frozen or semi-frozen prior to consumption, such as ice cream, ice milk or sherbet, including frozen dairy desserts for special dietary purposes.
- (f) "Frozen dairy dessert mix" means the pasteurized unfrozen combination of all ingredients with or without fruits, fruit juices, candy, nut meats, flavor or harmless color which makes a frozen dairy dessert.
- (g) "Goat milk" means the normal lacteal secretion, practically free of colostrum, obtained by the complete milking of one or more healthy goats. Goat milk sold in retail packages shall contain not less than 2.5% milkfat and not less than 7.5% milk solids not fat. Goat milk shall be produced according to the sanitary standards of this act.
- (h) "Grade A pasteurized milk" means pasteurized milk which has at least a 90% survey rating, as determined by a survey of the source conducted by the secretary pursuant to the survey rating methods for conducting surveys of the status of milk sanitation. The milk shall meet the requirements for grade A under the rules and regulations adopted pursuant to this act. The secretary may authorize the use of the grade A designation for a temporary time period on grade A pasteurized milk within the statewide system of milk inspection and regulatory services, although such grade A pasteurized milk does not have at least a 90% survey rating.
- (i) "Grade A pasteurized milk products" means all pasteurized milk products which have at least a 90% survey rating, as determined by a survey of the source conducted by the secretary pursuant to the survey rating methods for conducting surveys of the status of milk sanitation. The pasteurized milk products shall meet the requirements for grade A under rules and regulations adopted pursuant to this act. The secretary may authorize the use of the grade A designation for a temporary time period on grade A pasteurized milk products within the statewide system of milk inspection and regulatory services, although such grade A pasteurized milk products do not have at least a 90% survey rating.
- (j) "Grade A raw milk for pasteurization" means milk having at least 90% survey rating, as determined by a survey of the source conducted by the secretary pursuant to the survey rating methods for conducting surveys of the status of milk sanitation, the raw milk meeting the requirements for grade A under the rules and regulations adopted pursuant to this act.

The secretary may authorize the use of the grade A designation for a temporary time period on grade A raw milk for pasteurization within the statewide system of milk inspection and regulatory services, although such milk does not have at least a 90% survey rating.

(k) "Imminent health hazard" means any condition which involves milk, milk products, or dairy products, or any practice or procedure in the handling, transportation, storage, processing or manufacturing of a milk, milk product or dairy product which poses a significant threat of danger to the public health which should be corrected immediately to prevent injury or sickness and which should not be permitted to continue while a hearing or other proceeding is being conducted. An imminent health hazard may be declared at any point in a chain of events which ultimately may result in harm or danger to the public health. The occurrence of the final anticipated injury or other disease related condition shall not be a prerequisite for the establishment of the existence of an imminent health hazard.

(l) "In package form" means any commodity put up or packaged in any manner in advance of sale so as to constitute a unit quantity of the commodity for either wholesale or retail sale, exclusive of any auxiliary container enclosing such packages which individually conform to the requirements of this act.

(m) "Milk" means the lacteal secretion, practically free from colostrum, obtained by the complete milking of one or more healthy cows. Milk that is in final package form for beverage use shall have been pasteurized or ultrapasteurized, and shall contain not less than 8.25% milk solids not fat and not less than 3.25% milkfat. Milk may have been adjusted by separating part of the milkfat therefrom, or by adding thereto cream, concentrated milk, dry whole milk, skim milk, concentrated skim milk, or nonfat dry milk. Milk may be homogenized. Milk shall be interpreted to include goat milk.

(n) "Milk distributor" means any person who first sells or offers for sale in Kansas any packaged grade A pasteurized milk, milk product, or dairy product.

(o) "Milk hauler/sampler" means any person who collects official samples and may transport raw milk from a farm or raw milk products to or from a milk plant or both, receiving station or transfer station and has in their possession a permit from any state to sample such products.

(p) "Milk inspection and regulatory services" means the inspection, sampling, laboratory testing and the administrative procedures relating thereto, necessary to determine that the production, processing, distribution and sale of grade A milk, milk products, and dairy products comply with the requirements of this act and any rules and regulations adopted hereunder.

(q) "Milk or cream for manufacturing purposes" means raw milk or raw cream which is not subject to grade A standards and which is produced for processing and manufacturing into dairy products for human consumption. Milk for manufacturing purposes may contain less than 3.25% of butterfat and shall be delivered pure, sweet and clean.

(r) "Milk or cream receiving station" means any place where milk or cream may be received, collected, handled, processed, stored or collected and prepared for further transporting.

(s) "Milk or cream transfer station" means any place where milk or cream are transferred directly from one milk tank truck to another.

(t) "Milk plant" means any place, premises or establishment where milk or milk products are collected, handled, processed, stored, pasteurized, ultrapasteurized, aseptically processed, condensed, dried, packaged or prepared for distribution.

(u) "Milk processor" means any person who operates any place, premises or establishment where grade A raw milk for pasteurization or milk or cream for manufacturing purposes is processed, pasteurized, bottled or prepared for distribution.

(v) "Milk producer" means any person who owns or operates a dairy farm and who

provides, sells or offers for sale grade A raw milk for pasteurization or milk or cream for manufacturing purposes to a milk plant, receiving station or transfer station.

(w) "Milk products" means cream, light cream, light whipping cream, heavy cream, heavy whipping cream, whipped cream, whipped light cream, sour cream, acidified sour cream, cultured sour cream, half-and-half, sour half-and-half, acidified sour half-and-half, cultured sour half-and-half, reconstituted or recombined milk and milk products, concentrated milk, concentrated milk products, nonfat skim milk, reduced fat or lowfat milk, frozen milk concentrate, eggnog, buttermilk, cultured milk, cultured reduced fat or lowfat milk, cultured nonfat skim milk, yogurt, lowfat yogurt, nonfat yogurt, acidified milk, acidified reduced fat or lowfat milk, acidified nonfat skim milk, low-sodium milk, low-sodium reduced fat or lowfat milk, low-sodium nonfat skim milk, lactose-reduced milk, lactose-reduced reduced fat or lowfat milk, lactose-reduced nonfat skim milk, aseptically processed and packaged milk and milk products, milk, reduced fat or lowfat milk or nonfat skim milk with added safe and suitable microbial organisms and any other milk product made by the addition or subtraction of milkfat or addition of safe and suitable optional ingredients for protein, vitamin or mineral fortification of milk products defined herein. Milk products also include those dairy foods made by modifying the federally standardized products listed in this section in accordance with 21 C.F.R. § 130.10, requirements for foods named by use of a nutrient content claim and a standardized term. Milk and milk products which have been retort processed after packaging or which have been concentrated, condensed or dried are included in this definition only if they are used as an ingredient to produce any milk or milk product defined herein or if they are labeled as Grade A as adopted and described by rules and regulations promulgated under this act. Except as otherwise provided, the term milk shall not include dietary products, infant formula, ice cream or other desserts, butter or cheese.

(x) "Milk tank truck" means the term used to describe both a bulk milk pick up tanker and a milk transport tank.

(y) "Milk tank truck cleaning facility" means any place, premises or establishment, other than a milk plant, receiving station or transfer station, where a milk tank truck is cleaned and sanitized.

(z) "Milk transport tank" means a vehicle including the truck and tank, used by a bulk milk hauler or sampler to transport bulk shipments of milk and milk products from a milk plant, receiving station or transfer station to another milk plant, receiving station or transfer station.

(aa) "Milk transportation company" means the person, business or entity responsible for a milk tank truck.

(bb) "Misbranded" has the same meaning as ascribed to it in K.S.A. 65-665, and amendments thereto.

(cc) "On-farm retail sales of milk or milk products" means the sale of milk or milk products on the farm by the producer from the production of the dairy herd to the final consumer, so long as the person making such sales does not promote the sale of milk or milk products to the public in any manner other than by the erection of a sign upon the premises of the dairy farm. The advertisement upon any such sign shall state that such milk or milk products are raw and shall be in letters of a uniform size. Each container in which any unpasteurized milk is sold or offered for sale shall be clearly labeled as ungraded raw milk.

(dd) "Pasteurized" has the same meaning as ascribed to it in 21 C.F.R. §§ 131.3 and 135.3.

(ee) "Person" means any individual, plant operator, partnership, corporation, company, firm, trustee, association or institution.

(ff) "Plant fabricating single service articles" means any place which manufactures single service articles which are expected to come in contact with grade A milk or grade A milk

products.

(gg) "Secretary" means the secretary of the Kansas department of agriculture, or the secretary's designee.

(hh) "Single service article or container" means any container having a milk or milk product-contact surface and used in the packaging, handling, storage or servicing of grade A milk and is intended for one usage only.

History: L. 2001, ch. 32, § 1; L. 2002, ch. 181, § 15; L. 2004, ch. 101, § 171; L. 2010, ch. 72, § 16; July 1.
