

2023 Kansas Statutes

58-2248. Recording title to lands patented by state to railroads. Laws 1879, chapter 132, section 1, included by reference. [The title to the act is as follows: "An act providing for recording of deeds and abstracts of title to certain lands patented by the state of Kansas to railroad companies." Act provided that the register of the state land office certify proper records to be recorded in the counties because of the patents having included, in one instrument, lands lying in different counties.]

History: R.S. 1923, 67-248.
