

2023 Kansas Statutes

58-3045. Expiration of license; renewal, fee; reinstatement and renewal of expired license, late fee. (a) Each license issued or renewed by the commission shall expire on a date determined in accordance with a schedule established by rules and regulations of the commission, which date shall be not more than two years from the date of issuance or renewal. Except as otherwise provided by this act, applicants for issuance or renewal of a license must satisfy all applicable requirements prior to issuance or renewal of the license.

(b) (1) Each license shall be renewable upon the filing of a renewal application on or before the expiration date. Such application shall be made on a form provided by the commission and accompanied by the renewal fee prescribed by K.S.A. 58-3063, and amendments thereto.

(2) Failure to comply with paragraph (1) on or before the expiration date will automatically expire the license on the license expiration date unless the license is reinstated and renewed pursuant to subsection (c).

(c) The commission may reinstate and renew the license of a licensee who has failed to comply with the requirements of subsection (b)(1) if within six months following the date of the expiration of the license, the licensee submits to the commission an application for late renewal. Such application shall be made on a form provided by the commission. Such application shall be accompanied by payment of the renewal fee prescribed by K.S.A. 58-3063, and amendments thereto, plus a late fee of \$100.

(d) An application for renewal filed in compliance with the requirements of subsection (b) shall entitle the applicant to continue operating under the applicant's existing license after its specified expiration date, unless such license has been suspended or revoked and has not been reinstated or unless such license is restricted, until such time as the commission determines whether the application fulfills such requirements.
