

2023 Kansas Statutes

75-3050. Applications and contracts for federal or other nonstate funds; notice. Whenever a state agency makes application or enters into a contract or agreement or submits state plans for participation in or for grants of federal or other nonstate funds, the state agency making application or entering into an agreement shall give notice thereof to the director of the budget and the director of legislative research in the manner and form prescribed by the director of the budget. The state agency shall provide the director of the budget and the director of legislative research with a copy of any such application or any agreement entered into when requested by the director of the budget or the director of legislative research.

History: L. 1967, ch. 462, § 2; L. 1982, ch. 351, § 1; July 1.
