The ad valorem property tax levy of any county or city district entity or subdivision shall be included within this term if the levy of any such district entity or subdivision is applicable to all tangible property located within each such city or county.

- (2) For the purposes of subsections (a) and (b), any ad valorem property tax levied on property located in a city in Johnson county for the purpose of providing fire protection service in such city shall be included within the term "total tangible property tax levies" for such city regardless of its applicability to all tangible property located within each such city. If the tax is levied by a district which extends across city boundaries, for purposes of this computation, the amount of such levy shall be apportioned among each city in which such district extends in the proportion that such tax levied within each city bears to the total tax levied by the district.

Whenever the territory of any city is located in two or more counties and any one or more of such counties do not levy a countywide retailers' sales tax, or whenever such counties do not levy countywide retailers' sales taxes at a uniform rate, the revenue received by such city from the proceeds of the countywide retailers' sales tax, as an alternative to depositing the same in the general fund, may be used for the purpose of reducing the tax levies of such city upon the taxable tangible property located within the county levying such countywide retailers' sales tax.

"Sec. 28. K.S.A. 2009 Supp. 72-7536 is hereby amended to read as follows: 72-7536. (a) The purpose of this section is to allow any person desiring to obtain, analyze and compare financial and performance data of school districts the ability to do so.

- (b) On or before December 31, 2005, The state board of education shall design and implement a uniform system of reporting of such data by school districts. Such system shall be an internet-based data reporting system which is freely available and accessible. Such system shall allow a person to search and manipulate the data and allow for the comparison of data on a district by district basis. Such system may be designed so that school districts may input directly the district's financial and performance data in lieu of reporting data to the state board.
- (c) On or before December 31, 2011, the state board shall modify the system so that it includes detailed records of revenue and expenditure transactions of school districts that conform to the uniform chart of accounts prescribed by the state board under K.S.A. 2009 Supp. 72-8254, and amendments thereto. The state board shall require school districts to submit detailed revenue and expenditure records to the state board in an electronic format that is prescribed by the state board.
- Sec. 29. K.S.A. 2009 Supp. 72-8253 is hereby amended to read as follows: 72-8253. (a) Each school district shall compile and report expenditures of the district in providing programs required by law and the number of pupils enrolled in such programs. Such information shall be compiled and reported in the manner required by the department reported in accordance with the uniform chart of accounts prescribed by the state board under K.S.A. 2009 Supp. 72-8254, and amendments thereto.
- (b) The department state board shall verify, on an on-going basis, expenditures of school districts in providing programs required by law and the number of pupils enrolled in such programs. Such verification may be conducted on a sample-basis of school districts.
- Sec. 30. K.S.A. 2009 Supp. 72-8254 is hereby amended to read as follows: 72-8254. (a) The state board of education shall adopt a uniform chart of accounts for the reporting of receipts and expenditures of school districts.
- (b) In order to achieve uniform reporting of receipts and expenditures by school districts in school district budgets, districts shall report expenditures in the manner required and in reports submitted to the state board of education, districts shall report receipts and expend-

itures of the district in accordance with the uniform chart of accounts adopted by the state board.

Sec. 31. K.S.A. 75-1124 is hereby amended to read as follows: 75-1124. (a) A copy of each audit report with recommendations, if any, rendered by any licensed municipal public accountant or certified public accountant upon the completion of any audits provided for by K.S.A. 10-1208, 12-866, 13-1243, 13-14d12 or 75-1122, and any amendments to such statutes, shall be filed with the director of accounts and reports within one year after the end of the audit period of the audit unless an extension of time is granted by the director of accounts and reports. Final payment to any accountant performing a municipal audit shall not be made until a copy of such report has been so filed as shown by a statement of the director of accounts and reports.

(b) The audit report prepared for a school district shall be supplemented by an agreed-upon procedures engagement to assist the state board in evaluating the school district's compliance with the uniform chart of accounts prescribed by the state board under K.S.A. 2009 Supp. 72-8254, and amendments thereto in reporting detailed records of revenue and expenditure transactions in accordance with subsection (c) of K.S.A. 72-7536, and amendments thereto. The state board shall specify the agreed-upon procedures and scope of testing required. A copy of such audit report also shall be filed with the state board of education.

Prayer by Chaplain Brubaker:

Dear Father God, Today I pray a Psalm to begin this week. "From heaven the Lord looks down and sees all mankind; from his dwelling place he watches all who live on earthhe who forms the hearts of all, who considers everything they do. No king succeeds with a big army alone, no warrior wins by brute strength. Horsepower is not the answer; no one gets by on muscle alone. Watch this: God's eye is on those who respect him, the ones who are looking for his love. He's ready to come to their rescue in bad times; in lean times he keeps body and soul together. We're depending on God; he's everything we need. What's more, our hearts overflow with joy for we trust in his holy name. Love us, God, with all you've got that's what we're depending on." (Psalm 33:13-22, NIV/The Message) In Christ's Name I pray, Amen.

The Pledge of Allegiance was led by Rep. Palmer.

#### EXPLANATIONS OF VOTE

MR. SPEAKER: I vote no on **H. Sub. for SB 74**. Standing alone **H. Sub. for SB 74** contains some good policy, but it will not withstand constitutional scrutiny. **H. Sub. for SB 74** does not stand alone; it is the gateway to a massive unnecessary tax increase. I cannot be party to a bill that will not survive a Court challenge and has been linked to damaging legislation as part of a backroom deal that will put thousands of Kansans out of work. **H. Sub. for SB 74** must be equalized to withstand a Court challenge and detached from the effort to raise statewide taxes in order to be acceptable.—LANCE KINZER, SCOTT SCHWAB, ANTHONY R. BROWN, OWEN DONOHOE, ARLEN SIEGFREID, ROB OLSON, RAY MERRICK, S. MIKE KIEGERL, J. DAVID CRUM, JOHN C. GRANGE, PEGGY MAST, S. MIKE KIEGERL

MR. SPEAKER: I vote "No" on **H. Sub. for SB 74**. The bill was crafted as a companion bill to the original House budget, which balanced without the need for a tax increase. It provided funds to help the schools compensate for the fact that federal stimulus funds end in FY 2011. **H. Sub. for SB 74** helped fund the balance of the loss of federal funds to make schools whole without requiring a tax increase. With federal funds covered in the House budget, this bill is not only unnecessary but it is legally flawed because it's not equalized.— MIKE O'NEAL

MR. Speaker, I vote no on **H. Sub. for SB 74**. Although I support the flexibility to transfer certain unencumbered monies from specific funds thus allowing school districts to expend those dollars for general education purposes, I cannot support allowing school districts to further raise the LOB without a vote of the people. To further increase my concern, the KPERS pass-through component which would be used to increase the LOB would not be equalized, resulting in higher property tax bills.—Deena Horst

#### EXPLANATION OF VOTE

MR. SPEAKER: I vote NO on **S. Sub. for HB 2360**. I will not support this massive Kansas tax increase. It is the apex of hypocrisy for the government to amass more wealth and means by commanding citizens to forfeit even more of their income and livelihood by making every item purchased more expensive. The tax increase is flawed at its very core because it perpetuates the myth that Topeka knows how to spend the people's money better than the people know how to spend their own hard-earned money.—Aaron Jack, Kasha Kelley, Marc Rhoades, Anthony R. Brown, Pete Degraaf, Rob Olson, Bill Wolf, Owen Donohoe, Brenda K. Landwehr, Peggy Mast, Connie O'Brien, Rocky Fund, Mario Goico, Sharon Schwartz, Joe McLeland, J. David Crum, Don Myers, Steve Huebert, Lance Kinzer, Larry Powell, Gary K. Hayzlett, Joe Seiwert, Gene Suellentrop, Arlen Siegfreid, Richard Carlson, Phil Hermanson, Ray Merrick, Iere Vickrey, Steve Brunk

Mr. Speaker: As I studied my constituent surveys and communications, there were many suggestions. By far the greatest number were those who felt tobacco and alcohol taxes should be raised. Varying amounts of sales tax were also suggested. In addition, there were several who didn't feel taxes should be increased. The alternative of selling some excess state property coupled with a smaller tax increase will provide necessary funds to avoid drastic cuts. The potential of having a smaller tax increase which will have less of a negative effect on the economy is preferable, thus Mr. Speaker, I vote no on S. Sub. for HB 2360.— Deena Horst

Mr. Speaker: I vote no on **S. Sub. for HB 2360.** I know that none of us relish the decisions we've had to make this year in regards to the budget and taxes. The best way to cut taxes is to never have to raise them. A rainy day fund would go a long way towards preventing a future legislature from having to relive the current budget nightmare.— Mike Burgess

Mr. Speaker: I see the names of some of those voting yes and know they are compromising themselves and not representing the citizens in their districts. I was elected to this prestigious body in 2004 because the incumbent legislator compromised himself and did not represent his district by voting in favor of a tax increase. I will not compromise myself and I will represent my district.

This massive tax increase will take over 1 billion dollars out of the pockets of hard working Kansans and put it in the pocket of a state government that has not controlled its spending. I vote no on **S. Sub. for HB 2360.**—VIRGIL PECK, JR.

Mr. Speaker: **S. Sub. for HB 2360** is one of the largest tax increases in Kansas' history crafted to support an unnecessarily burgeoning state budget. While Kansans have experienced record high unemployment rates and family and business incomes have been devastated by the worst economic recession since the Great Depression, some of our legislators have passed a budget that actually grows 7% creating an irresponsible \$300+ million budget deficit. Worse yet, this new tax increase will disproportionately put at risk Johnson County jobs and business viability as we will lose business and jobs to Missouri. For these reasons, I vote no.—Marvin Kleeb

MR. SPEAKER: Kansas has never endured six rounds of budget cuts in an 18-month period. After reducing spending by over a billion dollars, deeper cuts would cost much more to fix later than they cost to maintain in the current fiscal year. We must think past the bottom line of 2011 and consider long-term consequences of our actions. This vote wasn't easy or politically popular, but ultimately we knew that families are depending on the services this legislation saves. We had to rank the people we represent above the political positions we hold.

We vote to concur with S. Sub. for HB 2360.—TONY BROWN

# INTRODUCTION OF ORIGINAL MOTIONS

Having voted on the prevailing side, Rep. Ward moved that the House reconsider its action on **S. Sub. for HB 2360**. Rep. Kinzer moved to table the bill. The motion did not prevail.

The question reverted back to the motion of Rep. Ward, which also did not prevail.

#### MOTIONS AND RESOLUTIONS OFFERED ON A PREVIOUS DAY

The motion of Rep. Feuerborn, in accordance with House Rule 1503 (b), that **SB 581** be changed to the first measure under the order of business General Orders, was considered.

The motion prevailed and  $SB\ 581$  will be the first measure under the order of business General Orders.

The long-term disability benefit shall be payable in accordance with the terms of such plan as established by the board, except that for any member who is disabled prior to the effective date of this act, the annual disability benefit amount shall be an amount equal to 66%% of the member's annual rate of compensation on the date such disability commenced. Such plan shall provide that:

(A) For deaths occurring prior to January 1, 1987, the right to receive such death benefit shall cease upon the member's attainment of age 70 or date of retirement whichever first occurs. The right to receive such long-term disability benefit shall cease (i) for a member who becomes eligible for such benefit before attaining age 60, upon the date that such member attains age 65 or the date of such member's retirement, whichever first occurs, and (ii) for a member who becomes eligible for such benefit at or after attaining age 60, the date that such member has received such benefit for a period of five years, or upon the date of such member's retirement, whichever first occurs.

(B) Long-term disability benefit payments shall be in lieu of any accidental total disability benefit that a member may be eligible to receive under subsection (3) of K.S.A. 74-4916 and amendments thereto. The member must make an initial application for social security disability benefits and, if denied such benefits, the member must pursue and exhaust all administrative remedies of the social security administration which include, but are not limited to, reconsideration and hearings. Such plan may provide that any amount which a member receives as a social security benefit or a disability benefit or compensation from any source by reason of any employment including, but not limited to, workers compensation benefits may be deducted from the amount of long-term disability benefit payments under such plan. However, in no event shall the amount of long-term disability benefit payments under such plan be reduced by any amounts a member receives as a supplemental disability benefit or compensation from any source by reason of the member's employment, provided such supplemental disability benefit or compensation is based solely upon the portion of the member's monthly compensation that exceeds the maximum monthly compensation taken into account under such plan. As used in this paragraph, "maximum monthly compensation" means the dollar amount that results from dividing the maximum monthly disability benefit payable under such plan by the percentage of compensation that is used to calculate disability benefit payments under such plan. During the period in which such member is pursuing such administrative remedies prior to a final decision of the social security administration, social security disability benefits may be estimated and may be deducted from the amount of long-term disability benefit payments under such plan. If the social security benefit, workers compensation benefit, other income or wages or other disability benefit by reason of employment other than a supplemental benefit based solely on compensation in excess of the maximum monthly compensation taken into account under such plan, or any part thereof, is paid in a lump-sum, the amount of the reduction shall be calculated on a monthly basis over the period of time for which the lump-sum is given. As used in this section, "workers compensation benefits" means the total award of disability benefit payments under the workers compensation act notwithstanding any payment of attorney fees from such benefits as provided in the workers compensation act.

(C) The plan may include other provisions relating to qualifications for benefits; schedules and graduation of benefits; limitations of eligibility for benefits by reason of termination of employment or membership; conversion privileges; limitations of eligibility for benefits by reason of leaves of absence, military service or other interruptions in service; limitations on the condition of long-term disability benefit payment by reason of improved health; requirements for medical examinations or reports; or any other reasonable provisions as established by rule and regulation of uniform application adopted by the board.

(D) Any visually impaired person who is in training at and employed by a sheltered workshop for the blind operated by the secretary of social and rehabilitation services and who would otherwise be eligible for the long-term disability benefit as described in this section shall not be eligible to receive such benefit due to visual impairment as such impairment shall be determined to be a preexisting condition.

(2) (A) In the event that a member becomes eligible for a long-term disability benefit under the plan authorized by this section such member shall be given participating service credit for the entire period of such disability. Such member's final average salary shall be computed in accordance with subsection (17) of K.S.A. 74-4902 and amendments thereto except that the years of participating service used in such computation shall be the years of salaried participating service.

(B) In the event that a member eligible for a long-term disability benefit under the plan authorized by this section shall be disabled for a period of five years or more immediately preceding retirement, such member's final average salary shall be adjusted upon retirement by the actuarial salary assumption rates in existence during such period of disability. Effective July 1, 1993, such member's final average salary shall be adjusted upon retirement by 5% for each year of disability after July 1, 1993, but before July 1, 1998. Effective July 1, 1998, such member's final average salary shall be adjusted upon retirement by an amount equal to the lesser of: (i) The percentage increase in the consumer price index for all urban consumers as published by the bureau of labor statistics of the United States department of labor minus 1%; or (ii) four percent per annum, measured from the member's last day on the payroll to the month that is two months prior to the month of retirement, for each year of disability after July 1, 1998.

(C) In the event that a member eligible for a long-term disability benefit under the plan authorized by this section shall be disabled for a period of five years or more immediately preceding death, such member's current annual rate shall be adjusted by the actuarial salary assumption rates in existence during such period of disability. Effective July 1, 1993, such member's current annual rate shall be adjusted upon death by 5% for each year of disability after July 1, 1993, but before July 1, 1998. Effective July 1, 1998, such member's current annual rate shall be adjusted upon death by an amount equal to the lesser of: (i) The percentage increase in the consumer price index for all urban consumers published by the bureau of labor statistics of the United States department of labor minus 1%; or (ii) four percent per annum, measured from the member's last day on the payroll to the month that is two months prior to the month of death, for each year of disability after July 1, 1998.

(3) (A) To carry out the legislative intent to provide, within the funds made available therefor, the broadest possible coverage for members who are in active employment or involuntarily absent from such active employment, the plan of death and long-term disability benefits shall be subject to adjustment from time to time by the board within the limitations of this section. The plan may include terms and provisions which are consistent with the terms and provisions of group life and long-term disability policies usually issued to those employers who employ a large number of employees. The board shall have the authority to establish and adjust from time to time the procedures for financing and administering the plan of death and long-term disability benefits authorized by this section. Either the insured death benefit or the insured disability benefit or both such benefits may be financed directly by the system or by one or more insurance companies authorized and licensed to transact group life and group accident and health insurance in this state.

(B) The board may contract with one or more insurance companies, which are authorized and licensed to transact group life and group accident and health insurance in Kansas, to

underwrite or to administer or to both underwrite and administer either the insured death benefit or the long-term disability benefit or both such benefits. Each such contract with an insurance company under this subsection shall be entered into on the basis of competitive bids solicited and administered by the board. Such competitive bids shall be based on specifications prepared by the board.

- (i) In the event the board purchases one or more policies of group insurance from such company or companies to provide either the insured death benefit or the long-term disability benefit or both such benefits, the board shall have the authority to subsequently cancel one or more of such policies and, notwithstanding any other provision of law, to release each company which issued any such canceled policy from any liability for future benefits under any such policy and to have the reserves established by such company under any such canceled policy returned to the system for deposit in the group insurance reserve of the fund.
- (ii) In addition, the board shall have the authority to cancel any policy or policies of group life and long-term disability insurance in existence on the effective date of this act and, notwithstanding any other provision of law, to release each company which issued any such canceled policy from any liability for future benefits under any such policy and to have the reserves established by such company under any such canceled policy returned to the system for deposit in the group insurance reserve of the fund. Notwithstanding any other provision of law, no premium tax shall be due or payable by any such company or companies on any such policy or policies purchased by the board nor shall any brokerage fees or commissions be paid thereon.
- (4) (A) There is hereby created in the state treasury the group insurance reserve fund. Investment income of the fund shall be added or credited to the fund as provided by law. The cost of the plan of death and long-term disability benefits shall be paid from the group insurance reserve fund, which shall be administered by the board. Except as otherwise provided by this subsection, for the period commencing July 1, 2005, and ending June 30, 2006, each participating employer shall appropriate and pay to the system in such manner as the board shall prescribe in addition to the employee and employer retirement contributions an amount equal to .8% of the amount of compensation on which the members' contributions to the Kansas public employees retirement system are based for deposit in the group insurance reserve fund. For the period commencing July 1, 2006, and all periods thereafter, each participating employer shall appropriate and pay to the system in such manner as the board shall prescribe in addition to the employee and employer retirement contributions an amount equal to 1.0% of the amount of compensation on which the members' contributions to the Kansas public employees retirement system are based for deposit in the group insurance reserve fund. Notwithstanding the provisions of this subsection, no participating employer shall appropriate and pay to the system any amount provided for by this subsection for deposit in the group insurance reserve fund for the period commencing on March 1, 2009, and ending on November 30, 2009 April 1, 2010, and ending on June 30, 2010, and the period commencing on April 1, 2011, and ending on June 30, 2011.
- (B) The director of the budget and the governor shall include in the budget and in the budget request for appropriations for personal services a sum to pay the state's contribution to the group insurance reserve fund as provided by this section and shall present the same to the legislature for allowances and appropriation.
- (C) The provisions of subsection (4) of K.S.A. 74-4920 and amendments thereto shall apply for the purpose of providing the funds to make the contributions to be deposited to the group insurance reserve fund.
- (D) Any dividend or retrospective rate credit allowed by an insurance company or companies shall be credited to the group insurance reserve fund and the board may take such amounts into consideration in determining the amounts of the benefits under the plan authorized by this section.
- (5) The death benefit provided under the plan of death and long-term disability benefits authorized by this section shall be known and referred to as insured death benefit. The long-term disability benefit provided under the plan of death and long-term disability benefits authorized by this section shall be known and referred to as long-term disability benefit.

- (6) The board is hereby authorized to establish an optional death benefit plan for employees and spouses and dependents of employees. Except as provided in subsection (7), such optional death benefit plan shall be made available to all employees who are covered or may hereafter become covered by the plan of death and long-term disability benefits authorized by this section. The cost of the optional death benefit plan shall be paid by the applicant either by means of a system of payroll deductions or direct payment to the board. The board shall have the authority and discretion to establish such terms, conditions, specifications and coverages as it may deem to be in the best interest of the state of Kansas and its employees which should include term death benefits for the person's period of active state employment regardless of age, but in no case, shall the maximum allowable coverage be less than \$200,000. The cost of the optional death benefit plan shall not be established on such a basis as to unreasonably discriminate against any particular age group. The board shall have full administrative responsibility, discretion and authority to establish and continue such optional death benefit plan and the director of accounts and reports of the department of administration shall when requested by the board and from funds appropriated or available for such purpose establish a system to make periodic deductions from state payrolls to cover the cost of the optional death benefit plan coverage under the provisions of this subsection (6) and shall remit all deductions together with appropriate accounting reports to the system. There is hereby created in the state treasury the optional death benefit plan reserve fund. Investment income of the fund shall be added or credited to the fund as provided by law. All funds received by the board, whether in the form of direct payments, payroll deductions or otherwise, shall be accounted for separately from all other funds of the retirement system and shall be paid into the optional death benefit plan reserve fund, from which the board is authorized to make the appropriate payments and to pay the ongoing costs of administration of such optional death benefit plan as may be incurred in carrying out the provisions of this subsection (6).
- (7) Any employer other than the state of Kansas which is currently a participating employer of the Kansas public employees retirement system or is in the process of affiliating with the Kansas public employees retirement system may also elect to affiliate for the purposes of subsection (6). All such employers shall make application for affiliation with such system, to be effective on January 1 or July 1 next following application.
- (8) For purposes of the death benefit provided under the plan of death and long-term disability benefits authorized by this section and the optional death benefit plan authorized by subsection (6), commencing on the effective date of this act, in the case of medical or financial hardship of the member as determined by the executive director, or otherwise commencing January 1, 2005, the member may name a beneficiary or beneficiaries other than the beneficiary or beneficiaries named by the member to receive other benefits as provided by the provisions of K.S.A. 74-4901 et seq., and amendments thereto.
  - Sec. 2. K.S.A. 2009 Supp. 74-4927 is hereby repealed.
- Sec. 3. This act shall take effect and be in force from and after its publication in the Kansas register.";

The House accedes to all Senate amendments to the bill, and your committee on conference further agrees to amend the bill, as printed as Senate Substitute for House Bill No. 2506, as follows:

On page 1, by striking all in lines 17 through 43;

By striking all on pages 2 through 10;

On page 11, by striking all in lines 1 through 18 and inserting the following:

- "Section 1. K.S.A. 2009 Supp. 38-2364 is hereby amended to read as follows: 38-2364.

  (a) If an extended jurisdiction juvenile prosecution results in a guilty plea or finding of guilt, the court shall:
- $\left(1\right)$  Impose one or more juvenile sentences under K.S.A. 2009 Supp. 38-2361, and amendments thereto; and
- (2) impose an adult criminal sentence, the execution of which shall be stayed on the condition that the juvenile offender not violate the provisions of the juvenile sentence and not commit a new offense.
- (b) When it appears that a person sentenced as an extended jurisdiction juvenile has violated the one or more conditions of the juvenile sentence or is alleged to have committed a new offense, the court, without notice, may revoke the stay and probation juvenile sentence and direct that the juvenile offender be immediately taken into custody and delivered to the secretary of corrections pursuant to K.S.A. 21-4621, and amendments thereto. The court shall notify the juvenile offender and such juvenile offender's attorney of record, in writing by personal service, as provided in K.S.A. 60-303, and amendments thereto, or certified mail, return receipt requested, of the reasons alleged to exist for revocation of the stay of execution of the adult sentence. If the juvenile offender challenges the reasons, the court shall hold a hearing on the issue at which the juvenile offender is entitled to be heard and represented by counsel. After the hearing, if the court finds by substantial a preponderance of the evidence that the juvenile committed a new offense or violated one or more conditions of the juvenile's sentence have been violated, the court shall revoke the juvenile sentence and order the imposition of the adult sentence previously ordered pursuant to subsection (a)(2) or, upon agreement of the county or district attorney and the juvenile offender's attorney of record, the court may modify the adult sentence previously ordered pursuant to subsection (a)(2). Upon such finding, the juvenile's extended jurisdiction status is terminated, and juvenile court jurisdiction is terminated. The ongoing jurisdiction for any adult sanction, other than the commitment to the department of corrections, is with the adult court. The juvenile offender shall be credited for time served in a juvenile correctional or detention facility on the juvenile sentence as service on any authorized adult sanction.
- (c) Upon becoming 18 years of age, any juvenile who has been sentenced pursuant to subsection (a) and is serving the juvenile sentence, may move for a court hearing to review

the sentence. If the sentence is continued, the court shall set a date of further review in no later than 36 months.

- Sec. 2. K.S.A. 2009 Supp. 38-2365 is hereby amended to read as follows: 38-2365. (a) When a juvenile offender has been placed in the custody of the commissioner, the commissioner shall have a reasonable time to make a placement. If the juvenile offender has not been placed, any party who believes that the amount of time elapsed without placement has exceeded a reasonable time may file a motion for review with the court. In determining what is a reasonable amount of time, matters considered by the court shall include, but not be limited to, the nature of the underlying offense, efforts made for placement of the juvenile offender and the availability of a suitable placement. The commissioner shall notify the court and the juvenile offender's, the juvenile's attorney of record and the juvenile's parent, in writing, of the initial placement and any subsequent change of placement as soon as the placement has been accomplished. The notice to the juvenile offender's parent shall be sent to such parent's last known address or addresses. The court shall have no power to direct a specific placement by the commissioner, but may make recommendations to the commissioner. The commissioner may place the juvenile offender in an institution operated by the commissioner, a youth residential facility or any other appropriate placement. If the court has recommended an out-of-home placement, the commissioner may not return the juvenile offender to the home from which removed without first notifying the court of the plan.
- (b) If a juvenile is in the custody of the commissioner, the commissioner shall prepare and present a permanency plan at sentencing or within 30 days thereafter. If a permanency plan is already in place under a child in need of care proceeding, the court may adopt the plan under the present proceeding. The written permanency plan shall provide for reintegration of the juvenile into such juvenile's family or, if reintegration is not a viable alternative, for other permanent placement of the juvenile. Reintegration may not be a viable alternative when: (1) The parent has been found by a court to have committed murder in the first degree, K.S.A. 21-3401, and amendments thereto, murder in the second degree, K.S.A. 21-3402, and amendments thereto, capital murder, K.S.A. 21-3439, and amendments thereto, voluntary manslaughter, K.S.A. 21-3403, and amendments thereto, of a child or violated a law of another state which prohibits such murder or manslaughter of a child;
- (2) the parent aided or abetted, attempted, conspired or solicited to commit such murder or voluntary manslaughter of a child;
- (3) the parent committed a felony battery that resulted in bodily injury to the juvenile who is the subject of this proceeding or another child;
- (4) the parent has subjected the juvenile who is the subject of this proceeding or another child to aggravated circumstances as defined in K.S.A. 38-1502, and amendments thereto;
- (5) the parental rights of the parent to another child have been terminated involuntarily; or
- (6) the juvenile has been in extended out-of-home placement as defined in K.S.A. 2009 Supp. 38-2202, and amendments thereto.
- (c) If the juvenile is placed in the custody of the commissioner, the plan shall be prepared and submitted by the commissioner. If the juvenile is placed in the custody of a facility or person other than the commissioner, the plan shall be prepared and submitted by a court services officer. If the permanency goal is reintegration into the family, the permanency plan shall include measurable objectives and time schedules for reintegration.
- (d) During the time a juvenile remains in the custody of the commissioner, the commissioner shall submit to the court, at least every six months, a written report of the progress being made toward the goals of the permanency plan submitted pursuant to subsections (b) and (c) and the specific actions taken to achieve the goals of the permanency plan. If the juvenile is placed in foster care, the court may request the foster parent to submit to the court, at least every six months, a report in regard to the juvenile's adjustment, progress and condition. Such report shall be made a part of the juvenile's court social file. The court shall review the plan submitted by the commissioner and the report, if any, submitted by the foster parent and determine whether reasonable efforts and progress have been made to achieve the goals of the permanency plan. If the court determines that progress is inadequate or that the permanency plan is no longer viable, the court shall hold a hearing pursuant to subsection (e).

- (e) When the commissioner has custody of the juvenile, a permanency hearing shall be held no more than 12 months after the juvenile is first placed outside such juvenile's home and at least every 12 months thereafter. Juvenile offenders who have been in extended out-of-home placement shall be provided a permanency hearing within 30 days of a request from the commissioner. The court may appoint a guardian ad litem to represent the juvenile offender at the permanency hearing. At each hearing, the court shall make a written finding whether reasonable efforts have been made to accomplish the permanency goal and whether continued out-of-home placement is necessary for the juvenile's safety.
- (f) Whenever a hearing is required under subsection (e), the court shall notify all interested parties of the hearing date, the commissioner, foster parent and preadoptive parent or relatives providing care for the juvenile and hold a hearing. Individuals receiving notice pursuant to this subsection shall not be made a party to the action solely on the basis of this notice and opportunity to be heard. After providing the persons receiving notice an opportunity to be heard, the court shall determine whether the juvenile's needs are being adequately met; whether services set out in the permanency plan necessary for the safe return of the juvenile have been made available to the parent with whom reintegration is planned; and whether reasonable efforts and progress have been made to achieve the goals of the permanency plan.
- (g) If the court finds reintegration continues to be a viable alternative, the court shall determine whether and, if applicable, when the juvenile will be returned to the parent. The court may rescind any of its prior dispositional orders and enter any dispositional order authorized by this code or may order that a new plan for the reintegration be prepared and submitted to the court. If reintegration cannot be accomplished as approved by the court, the court shall be informed and shall schedule a hearing pursuant to subsection (h). No such hearing is required when the parent voluntarily relinquishes parental rights or agree agrees to appointment of a permanent guardian.
- (h) When the court finds any of the following conditions exist, the county or district attorney or the county or district attorney's designee shall file a petition alleging the juvenile to be a child in need of care and requesting termination of parental rights pursuant to the Kansas code for care of children: (1) The court determines that reintegration is not a viable alternative and either adoption or permanent guardianship might be in the best interests of the juvenile:
- (2) the goal of the permanency plan is reintegration into the family and the court determines after 12 months from the time such plan is first submitted that progress is inadequate; or
- (3) the juvenile has been in out-of-home placement for a cumulative total of 15 of the last 22 months, excluding trial home visits and juvenile in runaway status.

Nothing in this subsection shall be interpreted to prohibit termination of parental rights prior to the expiration of 12 months.

- (i) A petition to terminate parental rights is not required to be filed if one of the following exceptions is documented to exist: (1) The juvenile is in a stable placement with relatives;
- (2) services set out in the case plan necessary for the safe return of the juvenile have not been made available to the parent with whom reintegration is planned; or
- (3) there are one or more documented reasons why such filing would not be in the best interests of the juvenile. Documented reasons may include, but are not limited to: The juvenile has close emotional bonds with a parent which should not be broken; the juvenile is 14 years of age or older and, after advice and counsel, refuses to be adopted; insufficient grounds exist for termination of parental rights; the juvenile is an unaccompanied refugee minor; or there are international legal or compelling foreign policy reasons precluding termination of parental rights.
- Sec. 3. K.S.A. 2009 Supp. 38-2373 is hereby amended to read as follows: 38-2373. (a) Actions by the court. (1) When a juvenile offender has been committed to a juvenile correctional facility, the clerk of the court shall forthwith notify the commissioner of the commitment and provide the commissioner with a certified copy of the complaint, the journal entry of the adjudication and sentencing. The court shall provide those items from the social file which could relate to a rehabilitative program. If the court wishes to recommend placement of the juvenile offender in a specific juvenile correctional facility, the recommendation

shall be included in the sentence. After the court has received notice of the juvenile correctional facility designated as provided in subsection (b), it shall be the duty of the court or the sheriff of the county to deliver the juvenile offender to the facility at the time designated by the commissioner.

- (2) When a juvenile offender is residing in a juvenile correctional facility and is required to go back to court for any reason, the county demanding the juvenile's presence shall be responsible for transportation, detention, custody and control of such offender. In these cases, the county sheriff shall be responsible for all transportation, detention, custody and control of such offender.
- (b) Actions by the commissioner. (1) Within three days after receiving notice of commitment as provided in subsection (a), the commissioner shall notify the committing court of the facility to which the juvenile offender should be conveyed, and when to effect the immediate transfer of study custody and control to the juvenile justice authority. The date of admission shall be no more than five days after the notice to the committing court. Until received at the designated facility, the continuing detention, custody, and control of and transport for a juvenile offender sentenced to a direct commitment to a juvenile correctional facility shall be the responsibility of the committing county.
- (2) Except as provided by K.S.A. 2009 Supp. 38-2332, and amendments thereto, the commissioner may make any temporary out-of-home placement the commissioner deems appropriate pending placement of the juvenile offender in a juvenile correctional facility, and the commissioner shall notify the court, local law enforcement agency and school district in which the juvenile will be residing if the juvenile is still required to attend a secondary school of that placement.
- (c) *Transfers*. During the time a juvenile offender remains committed to a juvenile correctional facility, the commissioner may transfer the juvenile offender from one juvenile correctional facility to another.

Sec. 4. K.S.A. 2009 Supp. 38-2364, 38-2365 and 38-2373 are hereby repealed.";

#### EXPLANATIONS OF VOTE

MR. SPEAKER: I vote YES on **HB 2130**. My mother would have lived, had she worn her seatbelt. She was a person who would not have disobeyed the law, but she was not particularly inclined to follow someone's advisory comments. This is a good law, as constructed.—I. ROBERT BROOKENS

MR SPEAKER: I vote no on **HB 2130**. While I wear a seatbelt whenever I get into a car, there are things that concern me about the Primary Seatbelt Law. I am concerned that law enforcement will be focused on a primary seatbelt violation and miss a driver who is truly endangering lives. I also am concerned about the number of times a person, who by Doctor's orders is not to wear a seatbelt, will experience unnecessary stops. Instead, I would prefer that the state assess a higher fine for violations of the Secondary Seatbelt Law. —DEENA HORST

#### PROTEST

MR. Speaker: Pursuant to Article 2, Section 1 of the Kansas Constitution, a legislator may protest in writing against any act or resolution and the statement shall be entered into the journal without delay or alteration. In accordance with this provision, I respectfully submit the following protest.

H. Sub. for SB 572 as passed on May 10, 2010 raises the taxes by \$330 million in a time of deep recession when more than 100,000 Kansans are unemployed. This ill conceived act by the legislature will deepen and prolong the recession and lead to higher unemployment. It is particularly irresponsible when the House rejected a balanced budget without a tax increase.—S. MIKE KIEGERL.

# SIXTY-FIFTH DAY

HALL OF THE HOUSE OF REPRESENTATIVES, TOPEKA, KS, Friday, May 28, 2010, 10:00 a.m.

The House met pursuant to **SCR 1632** with Speaker O'Neal in the chair. Prayer by Chaplain Brubaker:

Our Heavenly Father, As we come to the close of another session, we pause for a time of reflection. Thank you for these dedicated leaders who have traveled hundreds of miles and invested long and arduous hours. Thank you for their families who willingly gave up time with their husbands/wives/fathers/mothers in order for them to serve us. There have been numerous hours of discussion; and times we wondered if we would ever pass a bill. There were moments of misunderstanding; and times of good laughter. There have been heart-wrenching decisions difficult for many to make. Then there were the resolutions, that brought smiles and satisfaction to everyone. Some will walk away feeling a sense of victory, some feeling defeat. But now that it is over and we move on, may everyone be able to say as the Apostle Paul, "I have fought the good fight,

As we leave this place,
we recognize that many will continue
to travel throughout the state,
campaigning and listening to the residents.
Watch over them and keep them safe.
And through everything they do and say,
may they remember Your Word to us,
"What God is looking for in men and women
is quite simple: do what is fair and just to your neighbor,
be compassionate and loyal in your love,
and don't take yourself too seriously—

I have finished the race, I have kept the faith."
(2 Timothy 4:7)

take God seriously." (Micah 6:8 — The Message) In Christ's Name I pray, Amen.

The Pledge of Allegiance was led by Rep. Crow.

#### MESSAGE FROM THE SENATE

The Senate adopts conference committee report on HB 2704.

#### PROTEST

Mr. Speaker: Pursuant to the provisions of Art. 2, Sec.10 of the Kansas Constitution and K.S.A. 2008 Supp. 46-233(c), I make formal written protest regarding the passage of those line items contained in 2010 SB 572 (2011 Appropriations Bill) which purport to cause the transfer of statutory fee funds to the State General Fund under the guise of reimbursing the SGF for "accounting, auditing, budgeting, legal, payroll, personnel and purchasing services and any other governmental services which are performed on behalf of the state agency by other state agencies which receive appropriations from the state general fund to provide such services."

Attention is directed to the holding and rationale of Kansas Attorney General Opinion No. 2002-45, where it was noted that "[i]f an assessment so exceeds the cost of regulation that it is apparent the legislative is using it as a general revenue raising measure, the overage cannot stand on police power authority. If the assessment is in fact a revenue raising measure, it must be analyzed as such, which may include a determination as to whether it meets Commerce Clause and equal Protection requirements, as well as any state constitutional requirements applicable to the type of tax it is. If an assessment cannot stand on either police power or taxing authority, it would have to be reimbursed...."

It cannot be argued that the fee sweeps contained in SB 572 serve the legitimate purpose of reimbursing the SGF for the reasonable and necessary expenses of providing the purported services. Indeed, it is common knowledge that the fee sweeps were and are for the sole purpose of providing sufficient revenue within the SGF to balance the budget for FY

2011. Sweeping statutory fee funds held in trust for the specific purposes outlined in their enabling legislation constitutes a taking for which affected parties are entitled to a remedy under the law. That remedy is reimbursement.

The effect of the fee sweeps will cause individuals and businesses required to pay the statutory fees to pay a second time for the same services/programs they paid for previously with funds that are now swept. This constitutes an unauthorized tax. This practice of fee sweeps has occurred in the past, prompting the above-referenced Attorney General Opinion. The time has come for the Executive Branch and Legislative Branch to cease and desist the practice of attempting to balance the State General Fund by a subterfuge that is neither legal nor ethical, and which amounts to an unauthorized tax increase on affected Kansas taxpayers.—MICHAEL R. (MIKE) O'NEAL

#### MESSAGE FROM THE SENATE

Announcing the Senate herewith transmits the veto message from the Governor on **H** Sub for SB 572, An act making and concerning appropriations for the fiscal years ending June 30, 2010, June 30, 2011, June 30, 2012, June 30, 2013, June 30, 2014, June 30, 2015, and June 30, 2016, for state agencies; authorizing certain transfers, capital improvement projects and fees, imposing certain restrictions and limitations, and directing or authorizing certain receipts, disbursements and acts incidental to the foregoing; amending K.S.A. 2009 Supp. 2-223, 12-5256, 55-193, 72-8814, 75-2319, 75-6702, 76-775, 76-783, as amended by section 33 of 2010 House Bill No. 2557, 76-7,107, 79-2959, 79-2964, 79-2978, 79-2979, 79-3425i, 79-34,156, 79-34,171, 79-4801 and 82a-953a and section 14 of 2010 Senate Substitute for House Bill No. 2222 and section 52 of chapter 124 of the 2009 Session Laws of Kansas and repealing the existing sections, was read before the Senate on May 28, 2010.

Message to the Senate of the State of Kansas:

Pursuant to Article 2, Section 14 of the Constitution of the State of Kansas, I hereby return House Substitute for Senate Bill No. 572 with my signature approving the bill, except for the items enumerated below.

# Division of Post Audit—Financial Compliance Audit

That portion of Section 46(b) that reads as follows has been line-item vetoed:

"And provided further, That the division of post audit is hereby authorized to fix, charge and collect fees for the costs of financial-compliance audits under K.S.A. 46-1106, and amendments thereto: And provided further, That such fees shall be fixed to recover the expenses incurred for financial-compliance audits under K.S.A. 46-1106, and amendments thereto:"

This FY 2011 appropriation language for Legislative Post Audit was offered as an alternative to providing the Division with a State General Fund appropriation. Because the Legislature's budget was enhanced by \$639,522 beyond what was intended, I hereby lineitem veto this appropriation language as an unnecessary assessment on the other state agencies that cannot afford to finance the statewide audit. From within the Legislature's appropriation, funds could be transferred to Post Audit in order to finance this audit, once the actual costs are known.

# Kansas Commission on Veterans Affairs—Transfer from Public Broadcasting to Veterans Affairs

Section 72(c) has been line-item vetoed in its entirety.

This section constitutes a 50 percent reduction in the operating grants for public broadcasting stations throughout Kansas. This type of drastic reduction would be particularly damaging to stations in rural Kansas, likely silencing an important voice for our rural communities. Despite this line-item veto, the budget for veteran services programs will increase 30 percent, including an additional \$534,309 for veteran services programs.

# Kansas Health Policy Authority—KHPA Study

Section 76(h) has been line-item vetoed in its entirety.

This provision would require the Kansas Health Policy Authority (KHPA) to conduct a study on the topic of requiring insurance companies to reimburse specified mental health professionals for certain proactive mental health care treatments. This study includes several parameters and requires analysis of a considerable amount of data. No funding was provided for the study, although the imposed deadline for the study's completion is December 31, 2010. KHPA does not currently have adequate resources to complete this assigned task. 2010 House Bill 2546, which would have mandated insurance coverage for these services, was the subject of a hearing in the House Committee on Insurance on February 4, 2010. This bill never made it out of committee, and so has not been thoroughly vetted by the Kansas Legislature. Mandating the use of scarce state resources to study a topic absent thorough legislative scrutiny is not a good policy decision in this budgetary climate. Therefore, I must veto this section.

#### **Department of Education—Uniform Chart of Accounts**

Section 79(1) has been line-item vetoed in its entirety.

At a time when school boards are making difficult budget decisions, including increasing class sizes, closing buildings, eliminating course offerings and imposing instructional and professional staff layoffs, the policy to require additional financial reporting causes a costly and unnecessary administrative burden. The Department of Education already requires a uniform chart of accounts for school district budgets. In fact, the State Department of Education already provides on its website a copy of the uniform chart of accounts, the complete budget for each school district, as well as the "Budget at a Glance" and a budget profile for each district in Kansas. As a result, I find it necessary to veto this section of the budget bill.

### University of Kansas-Water Data Repository Fund

That portion of Section 91(a) that reads as follows has been line-item vetoed:

*Provided*, That expenditures may be made from this account or any special revenue fund of the above named agency for the purposes of bathymetic mapping, sediment surveys and lake assessments and the development of a standardized water quality and quantity data repository relating to public water supply sources."

The Standardized Water Data Repository Fund at the University of Kansas was inadvertently appropriated as a State General Fund appropriation in the bill, when it should have been established as a special revenue fund. This veto eliminates the State General Fund appropriation, but does not eliminate the new fund, that is financed with a \$300,000 transfer from the Clean Drinking Water Fee Fund.

#### **Board of Regents—Postsecondary Operating Grant Adjustment**

Section 94(j) has been line-item vetoed in its entirety.

Legislative intent for the Regents system was to lapse \$2.3 million from the State General Fund; however, the amendment to alter the lapse incorrectly took \$9.5 million. I veto this section in order to restore the funding, and instruct the Regents to submit a revised budget this fall with the \$2.3 million reduction. This veto also ensures our state's compliance with requirements in accepting federal American Reinvestment and Recovery Act funding.

#### Kansas State Fair—Workers Compensation Insurance

Section 107(c) has been line-item vetoed in its entirety.

Allowing the State Fair to acquire private workers compensation insurance would set a bad precedent and has the potential to increase rates for all other state agencies that will continue to participate in the State Self Insurance Fund (SSIF). The SSIF would be responsible for the expense of medical and disability payments from ongoing claims by State Fair employees prior to the new private insurance becoming effective and the SSIF would have to pass these expenses to all other state agencies. Furthermore, it was recently announced that workers comp rates for the SSIF, including the State Fair, will decrease over the next year, making this proviso all the more unwarranted.

#### State Officers' Pay

Section 163 has been line-item vetoed in its entirety.

Eighty percent of this reduction would be absorbed by the Judicial Branch which has already reduced its spending to the point of furloughing staff. Already, Kansas' Circuit Court salaries rank 40th in the nation for pay; this makes it difficult to attract and retain quality individuals to these critical posts. Therefore, I believe that additional cuts in this area would further harm Kansas' justice system. Additionally, for those state officers who might retire at this time of administrative transition, a cut will adversely impact retirement benefits. I would also remind Legislators and any other state officer that they may accept a voluntary pay reduction of any amount on their own accord without this provision. Toward that end, I and Lieutenant Governor Findley will continue the reduction in our pay until the end of our term

#### **Out of State Travel**

Section 165 has been line-item vetoed in its entirety.

This provision requires additional layers of approval for every state employee's out-of-state travel and creates an unnecessary level of government bureaucracy. Agency budgets have been significantly reduced in the past two years. One of the major areas of reduction has been travel. In fact, from the beginning of FY 2008 to date, total travel expenditures within executive branch agencies have been reduced over 50 percent. Within their budgetary authority, agency heads should have the flexibility to prioritize expenditures to allow travel as necessary to carry out essential functions of state government. Accordingly, I have instructed agency heads to continue to limit travel to only that which is essential to carrying

out their mission. Creating additional layers of bureaucracy does not improve government. Therefore, I veto this section of the budget bill.

### Department of Health & Environment—Title X Family Planning Services

Section 167 has been line-item vetoed in its entirety.

This proviso is nearly identical to the one I vetoed in 2009, S. Sub. for House Bill 2373. Therefore, I find it appropriate to repeat many of the same points I made last year regarding this issue:

Regardless of one's views on whether abortion should be allowed in this country, hopefully we can all agree that we should make every effort to prevent unplanned pregnancies. Access to affordable family planning services and contraceptives is critical if we are to continue reducing the number of abortions that occur in this state. This section would prohibit distribution of Title X moneys to private family planning providers unless they are either a hospital or provide comprehensive primary and preventative care in addition to family planning services. This proviso would prevent funding for two facilities of other eligible family planning providers. These facilities do not perform abortions, and by law, Title X funding cannot be used for abortion services.

Both of these facilities provide affordable access to contraceptives and family planning services for women who are significantly below the poverty level. These women are most at risk for unplanned pregnancies. The family planning services provided by these facilities help lower the likelihood of unplanned pregnancy, and thus reduce abortions. Eliminating funding for programs intended to reduce the number of unplanned pregnancies does nothing to help reduce abortions in Kansas. I therefore find it necessary to line-item veto this proviso.

#### **Clean Air Act Rules and Regulations**

Section 168 has been line-item vetoed in its entirety.

Kansas has a proud history of being an energy producing state and an exciting future in the area of renewables.

As we look ahead to opportunities on the horizon, we must also uphold those bedrock industries, such as oil and gas, which provide prosperity to so many Kansans. Yet in doing so, we must ensure that we do not unintentionally harm the very sector of our economy we wish to protect.

This proviso has unintended consequences bringing forth regulatory uncertainty which would hinder Kansas' ability to serve our citizens, homes, farms and businesses. By abandoning productive progress with state agencies, sources would be required to work directly with the federal government to implement these programs which is considerably less expeditious.

Most importantly, this proviso is simply poor economic policy for Kansas. It would restrict the state's capacity to provide information and technical assistance to Kansas businesses and industries regarding federal standards, resulting in adverse impacts to local entities that need air quality permits to conduct business.

If there is a new federal law that will harm our state, it should be addressed and action should be taken through policy changes, not annual budget provisions. Decisions such as this are best made when they are developed through the proper legislative process, where expert testimony can be presented and debated in a transparent fashion. I therefore find it necessary to veto this section.

Mark Parkinson

Governor

Dated: May 27, 2010

Members were given the opportunity to reconsider the line item vetoes. There being no motion to reconsider the line items vetoes on **H Sub for SB 572**, the President ruled the line item vetoes sustained.
