The terms of representatives and senators shall commence on the second Monday of January of the year following election.

§ 3. Compensation of members of legislature.—The members of the legislature shall receive such compensation as may be provided by law or such compensation as is determined according to law.

§ 4. Qualifications of members.—During the time that any person is a candidate for nomination or election to the legislature and during the term of each legislator, such candidate or legislator shall be and remain a qualified elector who resides in his or her district.

§ 5. Eligibility and disqualification of members.—No member of congress and no civil officer or employee of the United States or of any department, agency, or instrumentality thereof shall be eligible to be a member of the legislature. Any member of the legislature who accepts any appointment or election contrary to the foregoing shall be disqualified as a member of the legislature.

§ 6. This section was eliminated by the 1974 revision of this article.

§ 7. This section was eliminated by the 1974 revision of this article.

§ 8. Organization and sessions.—The legislature shall meet in regular session annually commencing on the second Monday in January, and all sessions shall be held at the state capital. The duration of regular sessions held in even-numbered years shall not exceed ninety calendar days. Such sessions may be extended beyond ninety calendar days by an affirmative vote of two-thirds of the members elected to each house. Bills and concurrent resolutions under consideration by the legislature upon adjournment of a regular session held in an odd-numbered year may be considered at the next succeeding regular session held in an even-numbered year, as if there had been no such adjournment.

The legislature shall be organized concurrently with the terms of representatives except that the senate shall remain organized during the terms of senators. The president of the senate shall preside over the senate, and the speaker of the house of representatives shall preside over the house of representatives. Each house shall be the judge of elections, returns and qualifications of its own members.

§ 9. Vacancies in legislature.—All vacancies occurring in either house shall be filled as provided by law.

§ 10. Journals.—Each house shall publish a journal of its proceedings. The affirmative and negative votes upon the final passage of every bill and every concurrent resolution for amendment of this constitution or ratification of an amendment to the Constitution of the United States shall be entered in the journal. Any member of either house may make written protest against any act or resolution, and the same shall be entered in the journal without delay or alteration.

§ 11. This section was eliminated by the 1974 revision of this article.

§ 12. Origination by either house.—Bills and concurrent resolutions may originate in either house, but may be amended or rejected by the other.

§ 13. Majority for passage of bills.—A majority of the members then elected (or appointed) and qualified of each house, voting in the affirmative, shall be necessary to pass any bill. Two-thirds (2/3) of the members then elected (or appointed) and qualified in each house, voting in the affirmative, shall be necessary to ratify any amendment to the Constitution of the United States or to make any application for congress to call a convention for proposing amendments to the Constitution of the United States.

§ 14. Approval of bills; vetoes.—(a) Within ten days after passage, every bill shall be signed by the presiding officers and presented to the governor. If the governor approves a bill, he shall sign it. If the governor does not approve a bill, the governor shall veto it by returning the bill, with a veto message of the objections, to the house of origin of the bill. Whenever a veto message is so received, the message shall be entered in the journal and in not more than thirty calendar days (excluding the day received), the house of origin shall reconsider the bill. If two-thirds of the members then elected (or appointed) and qualified shall vote to pass the bill, it shall be sent, with the veto message, to the other house, which shall in not more than thirty calendar days (excluding the day received) also reconsider the bill, and if approved by two-thirds of the members then elected (or appointed) and qualified, it shall become a law, notwithstanding the governor’s veto.
If any bill shall not be returned within ten calendar days (excluding the day presented) after it shall have been presented to the governor, it shall become a law in like manner as if it had been signed by the governor.
(b) If any bill presented to the governor contains several items of appropriation of money, one or more of such items may be disapproved by the governor while the other portion of the bill is approved by the governor. In case the governor does so disapprove, a veto message of the governor stating the item or items disapproved, and the reasons
therefor, shall be appended to the bill at the time it is signed, and the bill shall be returned with the veto message to the house of origin of the bill. Whenever a veto message is so received, the message shall be entered in the journal and, in not more than thirty calendar days, the house of origin shall reconsider the items of the bill which have been disapproved. If two-thirds of the members then elected (or appointed) and qualified shall vote to approve any item disapproved by the governor, the bill, with the veto message, shall be sent to the other house, which shall in not more than thirty calendar days also reconsider each such item so approved by the house of origin, and if approved by two-thirds of all the members then elected (or appointed) and qualified, any such item shall take effect and become a part of the bill.

(c) Amendment, suspension or revocation of joint rules at commencement of legislative session; vote required; conditions. Notwithstanding any provision of this rule to the contrary, no notice shall be required for the adoption of a concurrent resolution amending, suspending or revoking any one or more joint rules at the commencement of a legislative session, and adoption of any such concurrent resolution shall require only the affirmative vote of not less than a majority of the members then elected (or appointed) and qualified in each house, subject to the following conditions: (1) The concurrent resolution is sponsored by the speaker or the president, and (2) either (a) a copy thereof is mailed to each member of the legislature by deposit in the United States mails not later than 11:00 p.m. on the Thursday preceding the Monday on which the legislative session is to commence or (b) in lieu of mailing, copies of the concurrent resolution are made available to members on the first day of the legislative session and final action is taken on a subsequent legislative day.
Joint rule 2. Joint sessions. (a) Joint session called by concurrent resolution; vote required; time, place and subject matter. A joint session of the senate and house of representatives may be called by concurrent resolution adopted by the affirmative vote of not less than a majority of the members elected (or appointed) and qualified in each house of the legislature or as may otherwise be prescribed by law. Any such resolution shall fix the time and place of the joint session, and the subject matter to be considered at the joint session. Joint sessions shall consider only such matters as are prescribed by law or by the concurrent resolution calling such joint session.

(b) Presiding officer at joint sessions; record of joint session; rules applicable. The speaker of the house of representatives shall preside at all joint sessions of the senate and house of representatives, and the clerk of the house of representatives shall keep a record of the proceedings thereof and shall enter the record of each such session in the journal of the house of representatives. The rules of the house of representatives and the joint rules of the two houses, insofar as the same may be applicable shall be the rules for joint sessions of the two houses.

(c) Votes in joint session; taking; requirements. All votes in a joint session shall be taken by yeas and nays, and in taking the same it shall be the duty of the secretary of the senate first to call the names of the members of the senate, and after which the clerk of the house of representatives shall in like manner call the names of the members of the house. Each member of the senate and the house of representatives present shall be required to vote on all matters considered in joint session, unless excused by a vote of a majority of the members of both houses present.

Joint rule 3. Conference committee procedure. (a) Action by house of origin of bill or concurrent resolution amended by other house. When a bill or concurrent resolution is returned to the house of origin with amendments by the other house, the house of origin may: (1) Concur in such amendments; (2) refuse to concur in such amendments; or (3) refuse to concur in such amendments and request a conference on the bill or concurrent resolution.

(b) Concurrence by house of origin; concurrence prior to taking action on conference committee report by other house; final action; effect of failure of motion to concur. The house of origin of any bill or concurrent resolution may concur in any amendments made by the other house, except that if the bill or concurrent resolution has been referred to a conference committee such action may only be taken prior to the taking of final action upon the conference committee report upon such bill or concurrent resolution by the other house. A vote in the house of origin of any bill or concurrent resolution on a motion to concur in amendments to such bill or concurrent resolution by the other house shall be considered action on the final passage of the bill or concurrent...
resolution and the affirmative and negative votes thereon shall be entered in the journal. If the motion to concur is upon amendments to a bill or concurrent resolution for which a conference committee has been appointed and action has not been taken upon the report of such committee by the other house and such motion fails, the bill or concurrent resolution shall not be deemed to have been killed thereby, but if the motion to concur is upon amendments to a bill or concurrent resolution for which a conference committee has not been appointed and such motion fails, the bill or concurrent resolution shall be deemed to be killed.

(c) Motion to nonconcur; when considered final action; effect of adoption of motion. A vote in the house of origin of any bill or concurrent resolution on a motion to nonconcur or to refuse to concur in amendments to such bill or concurrent resolution by the other house which is not coupled with a request for the appointment of a conference committee shall be considered action on final passage of the bill or concurrent resolution and the affirmative and negative votes thereon shall be entered in the journal, and the bill or concurrent resolution shall be deemed killed on the adoption thereof.

(d) House of origin refusal to concur or nonconcur; request for conference; procedure. When a bill or concurrent resolution is returned by either house to the house of origin with amendments, and the house of origin refuses to concur or to nonconcur therein, a conference may be requested by a majority vote of the members present and voting. Such request shall be transmitted to the other house by message which shall include the names of the conferees on the part of the requesting house. Upon receipt of any such message, the receiving house may, in like manner, approve such conference, and shall thereupon notify the requesting house by message stating the names of its conferees.

(e) Membership; appointment; chairperson; house of origin of substitute or materially changed bill or concurrent resolution; meetings of conference committee. Each conference committee shall consist of three members of the senate and three members of the house of representatives, unless otherwise fixed by agreement of the president of the senate and speaker of the house. Senate members shall be appointed by the president of the senate and house members shall be appointed by the speaker of the house of representatives. The president or the speaker may replace any conferee previously appointed by such person. Not less than one member appointed from each house shall be a member of the minority political party of such house except when such representation for such house is waived by the minority leader of such house. In all cases, the first-named member of the house of origin of the bill or concurrent resolution assigned to the committee shall be chairperson of the conference committee. The house of origin of a substitute bill or substitute concurrent resolution shall be the house in which the bill or concurrent resolution in its original form was introduced. The chairperson of a conference
committee on a bill or concurrent resolution the subject matter of which has been ruled to be materially changed shall be a member of the house which amended the bill or concurrent resolution to materially change the subject matter. Each conference committee shall meet on the call of its chairperson. All meetings of conference committees shall be open to the public and no meeting shall be adjourned to another time or place in order to subvert such policy.

(f) Conference committee reports; subject matters which may be included; report not subject to amendment; house which acts first on report; copies of reports; reports considered under any order of business. Only subject matters which are or have been included in the bill or concurrent resolution in conference or in bills or concurrent resolutions which have been passed or adopted in either one or both houses during the current biennium of the legislature may be included in the report of the conference committee on any bill or concurrent resolution except in any appropriations bill there may be included a proviso relating to any such item of appropriation. A conference committee report shall not be subject to amendment. The original signed conference committee report shall be submitted to and acted upon first by the house other than the house of origin of the bill or concurrent resolution. Except when a conference committee report is an agree to disagree coupled with a request that a new conference committee be appointed or is a recommendation to accede to or recede from all amendments of the second house electronic and paper copies of the report shall be made available to all members of the house considering the report not later than 30 minutes before the time of its consideration, except that if the report is more than six pages in length no paper copies will be required to be distributed to individual members provided that at least 10 paper copies of the report are made available to members at the clerk's or secretary's desk at the front of the respective house. By written notice, the majority leader may direct the clerk or secretary to increase from six pages to some greater number of pages the size of conference committee reports that need not be distributed by paper copies to individual members pursuant to this rule. The affirmative vote of 2/3 of the members present in the house at the time of consideration of the report shall be sufficient to dispense with distribution of copies of the conference committee report to all members of that house. Reports of conference committees may be received and considered under any order of business.

(g) Signatures required on conference committee reports. All initial conference committee reports other than an agreement to disagree coupled with a request that a new conference committee be appointed shall be signed by all of the conferees. All initial conference committee reports which are an agreement to disagree coupled with a request that a new conference committee be appointed shall be signed by a majority of the conferees appointed in each
house. If a conference committee report which is an agreement to disagree coupled with a request that a new conference committee be appointed is not adopted, a subsequent conference committee report shall be signed by all conferees unless a subsequent conference committee report which is an agreement to disagree coupled with a request that a new conference committee be appointed is adopted, in which case a conference committee report subsequent to the adoption of such report shall be signed by a majority of the conferees appointed in each house. All other conference committee reports shall be signed by a majority of the conferees appointed in each house.

(h) Vote to adopt conference committee report final action; effect of failure of motion to adopt conference committee report. The vote to adopt the report of a conference committee, other than a report of failure to agree coupled with a recommendation for appointment of a new conference committee, shall be considered final action on the bill or concurrent resolution and the affirmative and negative votes thereon shall be entered in the journal. If the motion fails, the bill or concurrent resolution shall be deemed to be killed. If the motion on a conference committee report which is an agreement to disagree coupled with a request that a new conference committee be appointed fails, the bill or concurrent resolution shall not be deemed to have been killed thereby and remains in conference.

(i) Report of conference committee unable to agree; effect of failure to request new conference committee; effect of failure of motion to adopt report requesting new conference committee. If a conference committee upon any bill or concurrent resolution is unable to agree, it shall report that fact to both houses. Such report may request that a new conference committee be appointed thereon. If the committee so reports but fails to request the appointment of a new conference committee thereon the bill or concurrent resolution shall be deemed to have been killed upon the adoption by either house of such report. If the motion to adopt a report requesting the appointment of a new conference committee fails, the bill or concurrent resolution shall be deemed to be killed.

(j) Bills or concurrent resolutions under consideration by conference committees and reports thereof; carryover from odd-numbered to even-numbered year. Bills or concurrent resolutions under consideration by a conference committee, or a report of which has been filed but no action taken thereon in either house, at the time of adjournment of a regular session of the legislature held in an odd-numbered year shall remain alive during the interim and may be considered by the committee and legislature as the case may be at the regular session held in the following even-numbered year.

Joint rule 4. Deadlines for introduction and consideration of bills. The senate and house of representatives shall observe the following schedule of
deadlines in making requests for drafting and in the introduction and consideration of bills.

(a) Bill request deadline for individual members. Except for bills introduced pursuant to (i) of this rule, no request to draft bills, except those made by committees, through their respective chairpersons, shall be made to, or accepted by, the office of the revisor of statutes after the hour of 5:00 p.m. on January 31, 2011, during the 2011 regular session and on January 30, 2012, during the 2012 regular session.

(b) Bill introduction deadline for individual members. Except as provided in (i) of this rule, no bill sponsored by a member or members shall be introduced in either house of the legislature after the hour of adjournment on February 9, 2011, during the 2011 regular session and on February 8, 2012, during the 2012 regular session. Such deadline for the introduction of bills by individual members may be changed to an earlier date in either house at any time by resolution duly adopted by the affirmative vote of not less than a majority of the members then elected (or appointed) and qualified in such house.

(c) Bill request deadline for certain committees. Except for bills to be introduced pursuant to (i) of this rule, no committee except the committee on ways and means of the senate, select committees of either house when so authorized, the committee on federal and state affairs of either house or the house committees on calendar and printing, appropriations and taxation shall make a request to the office of the revisor of statutes for any bill to be drafted for sponsorship by such committee after the hour of 5:00 p.m. on February 7, 2011, during the 2011 regular session and on February 6, 2012, during the 2012 regular session.

(d) Bill introduction deadline for certain committees. Except as provided in (i) of this rule, no bill sponsored by any committee of either house of the legislature, except the committee on ways and means of the senate, select committees of either house when so authorized, the committee on federal and state affairs of either house or the house committees on calendar and printing, appropriations and taxation shall be introduced in either house after the hour of adjournment on February 11, 2011, during the 2011 regular session and on February 10, 2012, during the 2012 regular session.

(e) House of origin bill consideration deadline. No bill, except bills sponsored by, referred to or acted upon by the committee on ways and means of the senate, select committees of either house when so authorized, the committee on federal and state affairs of either house or the house committees on calendar and printing, appropriations and taxation shall be considered in the house in which such bill originated after the hour of adjournment on February 25, 2011, during the 2011 regular session and on February 24, 2012, during the 2012 regular session.
(f) **Second house bill consideration deadline.** No bill, except bills sponsored by, referred to or acted upon by the committee on ways and means of the senate, select committees of either house when so authorized, the committee on federal and state affairs of either house or the house committees on calendar and printing, appropriations and taxation shall be considered by either house, not the house of origin of such bill, after the hour of adjournment on March 23, 2011, during the 2011 regular session and March 21, 2012, during the 2012 regular session.

(g) **Exceptions to limitation of (d), (e) and (f); procedure.** Specific exceptions to the limitations prescribed in subsections (d), (e) and (f) may be made in either house by resolution adopted by the affirmative vote of not less than a majority of the members of such house then elected (or appointed) and qualified.

(h) **Deadline which falls on day neither house in session; effect.** In the event that any deadline prescribed in this rule falls on a day that neither house of the legislature is in session, such deadline shall be observed on the next following day that either house is in session.

(i) **Bills introduced in odd-numbered years after deadlines; effect.** Bills may be introduced by members and committees in regular sessions occurring in an odd-numbered year after the times prescribed in (b) and (d) of this rule, but there shall be no final action thereon by either house during the session when introduced. Such bills shall be held over for consideration at the next succeeding regular session held in an even-numbered year.

(j) **Modification of schedule of deadlines for introduction and consideration of bills; procedure.** In any regular session a concurrent resolution may be adopted by the affirmative vote of not less than a majority of the members then elected (or appointed) and qualified of each house setting forth a different schedule of deadlines for introduction and consideration of bills for that session and the provisions of such concurrent resolution shall apply to such session notwithstanding provisions of this rule to the contrary.

(k) **Bill consideration deadline; exceptions.** No bills shall be considered by the Legislature after April 2, 2011, during the 2011 regular session and after March 31, 2012, during the 2012 regular session except bills vetoed by the Governor, the omnibus appropriation act and the omnibus reconciliation spending limit bill provided for under K.S.A. 75-6702 and amendments thereto. This subsection (k) may be suspended for the consideration of a specific bill or bills not otherwise exempt under this subsection by the affirmative vote of a majority of the members then elected (or appointed) and qualified in the house in which the bill is to be considered.

**Joint rule 5. Closure of meetings to consider matters relating to**
security. Any standing committee of the House of Representatives, any standing committee of the Senate, the Legislative Coordinating Council, any joint committee of both houses of the legislature, any special or select committee of the House of Representatives or the Senate, the House of Representatives in session, the Senate in session or a joint session of the House of Representatives and the Senate may meet in closed, executive session for the purpose of receiving information and considering matters relating to the security of state officers or employees, or both, or the security of buildings and property under the ownership or control of the State of Kansas.

When in the Committee of the Whole, motion may be made to refer a bill or resolution to a standing committee only after the chairperson has announced that the next order of business is such bill or resolution and has recognized a member to carry it. Such motion shall require the vote of a majority of the members present for adoption.

Rule 1905. Striking Bills and Resolutions from the Calendar While in Committee of the Whole. (a) While in Committee of the Whole, a motion to strike a bill or resolution from the calendar shall be in order only after the chairperson has announced that the next order of business is such bill or resolution and has recognized a member to carry it. Such motion shall require the vote of a majority of the members present for adoption, and (2) shall be subject to roll call in accordance with subsection (e) of Rule 2507, but shall not be subject to a call of the House under Rule 2508.

Rule 1906. Requesting the Floor. Any member desiring to request the floor shall press such member’s “speak bill” button to speak on a bill or offer an amendment and “speak amendment” button to speak on a pending amendment, and shall not proceed until recognized by the chairperson of the Committee of the Whole.

Rule 1907. Rules Applicable. The same rules, except Rule 2508, shall be observed in the Committee of the Whole as in the House, so far as the same are applicable, except that the previous question and the motion to lay on the table shall not apply.

Rule 1908. Rise and Report. A motion for the Committee of the Whole to rise and report shall be in order at any stage, and shall be decided without debate. When the Committee of the Whole has a bill under consideration and rises without final action thereon, the bill shall retain a place on General Orders.

Rule 1909. Effect of Recommendation of Committee of the Whole. Bills recommended for passage and resolutions recommended for adoption by the Committee of the Whole shall not be subject to amendment or debate after the adoption by the House of the Committee of the Whole report. When a bill or resolution is reported with the recommendation that the enacting or resolving clause be stricken, and the Committee of the Whole report is adopted by the House, the bill or resolution shall be considered as killed and shall be stricken from the calendar.

Rule 1910. Report of Committee of the Whole. When the report of the Committee of the Whole recommends the passage of a bill or adoption of a
resolution, and the report is adopted by the House, such bills and resolutions shall be considered as ordered to the order of business Final Action. If the bill or resolution has been amended by the Committee of the Whole it shall be reprinted.

ARTICLE 21. AMENDMENT OF BILLS AND RESOLUTIONS

Rule 2101. Germaneness. Amendments to bills and resolutions shall be germane to the subject of the bill or resolution. The principal test of whether an amendment is germane shall be its relationship to the subject of the bill or resolution, rather than to wording of the title thereof. The amendment, including any amendment from the floor to strike all of the substantive provisions of a bill or resolution and insert other provisions, must be relevant, appropriate, and have some relation to or involve the same subject as the bill or resolution to be amended. For the purposes of this rule the subject matter of any appropriation bill is the spending and appropriating of money and any amendment which changes the amount of money spent in any state agency or program is germane to any appropriation bill.

Any member, upon recognition by the presiding officer, may request a ruling upon the germaneness of any amendment to a bill or resolution. All rulings upon the question of germaneness shall be made by the chairperson of the House Committee on Rules and Journal. At the time of making such ruling, the chairperson shall state the reasons or basis for such ruling. Appeals from rulings of the chairperson may be taken upon the motion of any member. Such appeals shall be in order at the time of the making of the ruling and shall take precedence over any question pending at the time the chairperson makes such ruling. Appeals from the ruling of the chairperson shall be debatable only by the member making the motion to amend which is the subject of the ruling, the member carrying the measure sought to be amended, the Majority Leader or a member designated by the Majority Leader and the Minority Leader or a member designated by the Minority Leader. Debate upon the ruling of the chairperson shall be limited to the question of the germaneness of the proposed amendment. At the conclusion of debate the presiding officer shall inquire: "Shall the chairperson's ruling be sustained?"

Rule 2102. Form of Amendment Motions. Motions to amend bills and resolutions shall specify the page and line number, as shown on the printed bill or resolution, and shall be in writing on a form provided by the House or a form substantially similar. A motion shall be out of order unless the written motion is first delivered to the chief clerk. In the case of amendment by substitute bill, motion shall be made to substitute a written bill for the bill under consideration.

Rule 2103. Reading Amendments; General Rule. Motions to amend bills and resolutions shall not require readings as for bills introduced, except as otherwise provided in Rule 2107, but shall be subject to Rule 2306.
Rule 2104. Motions to Amend Motions. A motion to amend a motion to amend a bill or resolution shall not be in order.

Rule 2105. Dividing Amendments. (a) When any motion to amend a bill or resolution contains distinct propositions it shall be divided by the chairperson at the request of any member. The division by the chairperson shall be made in accordance with the following:

(1) A motion to strike out and insert words of less than a sentence shall be indivisible;

(2) the distinct propositions shall be only in the form submitted in the motion to amend;

(3) each proposition must be so distinct that, one being removed, the remainder may stand entirely on their own; and

(4) those portions of a motion to amend a bill as described in Rule 2110 shall be indivisible.

(b) Upon a request to divide a motion to amend a bill or resolution, the chairperson shall inquire as to whether there is a request for a ruling on germaneness of the motion to amend. If such a request is made, the issue of germaneness shall be determined prior to dividing the motion. If no request for a ruling on germaneness of the motion to amend is made, the chairperson shall proceed to divide the motion to amend in accordance with this rule, and no subsequent request for a ruling on germaneness of any distinct proposition of the motion so divided shall be in order.

(c) The chairperson, or any member, may request that the member requesting the division make the request in writing specifying the manner in which the motion to amend should be divided.

(d) The chairperson may request that the member requesting the division and the chairperson or the vice-chairperson of the Committee on Rules and Journal recommend an appropriate division, but the final ruling on how to divide the motion to amend shall be that of the chairperson who shall announce the division to the body.

(e) The division of the motion to amend shall be in accordance with the rules of the House and with items (1) to (4), inclusive, of subsection (a). The ruling of the chairperson on how to divide the motion to amend shall not be subject to appeal except that any member may appeal the ruling of the chairperson on the grounds that the division is not in accordance with a rule of the House including the provisions of items (1), (2), (3) or (4) of subsection (a), or any combination thereof.

Rule 2106. Substitute Motions. No substitute motion to amend a bill or resolution shall be in order.

Rule 2107. Subject Change by Senate. (a) When the Senate adopts amendments to a House bill which materially changes its subject, upon return of such bill to the House, it shall be read as provided for the introduction of bills and be referred as provided in Rule 901.
(b) The Speaker may determine when a bill is subject to subsection (a). An affirmative vote of 70 members shall be required to sustain a challenge to the Speaker's determination hereunder.

**Rule 2108. Motions to Strike Out and Insert.** The rejection of a motion to amend a bill or resolution by striking out and inserting one proposition shall not prevent a motion to strike out and insert another proposition, nor prevent a subsequent motion simply to strike out; nor shall the rejection of a motion simply to strike out prevent a subsequent motion to strike out and insert.

**Rule 2109. Identical Motions.** Except upon the unanimous consent of the House, an identical motion to amend a bill or resolution shall not be made a second time on the same legislative day.

**Rule 2110. Floor Amendments to Bills Making Appropriations.** Unless by majority consent to correct an error in drafting, no floor amendment to increase the amount of expenditures that would be authorized in a provision of an appropriations bill shall be in order unless the amendment contains a provision reducing, by a like or greater amount, expenditures that would be authorized in another provision of such appropriations bill.

**ARTICLE 23. PROCEDURAL MOTIONS**

**Rule 2301. Order of Motions.** When a question is under consideration, no motion shall be received except as specified under the Rules of the House, which motions shall have precedence in the following order:

(a) For adjournment of the House.
(b) For call of the House.
(c) To lay on the table.
(d) For the previous question.
(e) To postpone to a certain time.
(f) To commit to a standing committee.
(g) To commit to a select committee.
(h) To reject the adoption of reports of conference committees coupled with the request for appointment of a new conference committee.
(i) To adopt the report of conference committees.
(j) To amend.
(k) To postpone indefinitely.

**Rule 2302. Motion to Adjourn.** The motion to adjourn shall always be in order, except while a vote is being taken and until announced, or when a member has the floor, or when the previous question is pending; but a motion to recess is not equivalent to a motion to adjourn.

**Rule 2303. Motion to Reconsider.** A motion to reconsider shall take precedence of all other questions except the motion to adjourn. No motion for reconsideration of any vote shall be in order, unless made on the same day or the legislative day following that on which the decision to be reconsidered took place, nor unless a member voting with the prevailing side shall move such
reconsideration. A motion for reconsideration, being put and lost, shall not be
renewed, nor shall any subject or vote be a second time reconsidered without
unanimous consent, but this provision shall not be construed as preventing the
introduction of a bill on the same subject. The member moving for
reconsideration shall be allowed not more than two minutes for stating the
reasons in support of the motion. Such motion shall be subject to debate by any
member, stating reasons in support or opposition to the motion. Each of such
members shall be allowed not more than one minute for the purpose of such
debate. Such motion shall require the affirmative vote of members equal in
number to that required to take the action proposed to be reconsidered. A
motion to reconsider any final action of the House shall be in order at any time
prior to the time at which the message of the House thereon is read into the
record of the Senate. A motion to reconsider any final action of the House may
be made after the time at which the message of the House thereon is read into
the report of the Senate but any action taken pursuant thereto will be
contingent upon the return of the measure to the House by the Senate.

Rule 2304. Previous Question. The "previous question" shall be: "Shall the
main question be now put?" and until it is decided shall preclude all
amendments or debate. When voting on the previous question, the House
decides that the main question shall not now be put, the main question shall be
considered as still remaining under debate. The main question shall be on the
passage of the bill, resolution or other matter under consideration. When
amendments are pending, a vote shall first be taken upon such amendments in
their order without further debate or amendment.

A majority vote of the members present shall order the previous question.

Rule 2305. Motions Not Subject to Debate. All questions relating to
priority of business shall be decided without debate. The motion to adjourn, to
change the order of consideration of a bill, for a call of the House, and to lay
on the table shall be decided without amendment or debate. The several
motions to postpone or commit shall preclude all debate on the main question.

Rule 2306. Motion to Refer Bills or Resolutions to Committee When
Not in Committee of the Whole. When not in the Committee of the Whole, a
motion to refer a bill or resolution from the Calendar to a standing committee
shall be in order only when the body is meeting as the House of
Representatives and shall be authorized only when offered by the Majority
Leader, or in the absence of the Majority Leader, by the Assistant Majority
Leader. Such motion shall require the affirmative vote of a majority of the
members then elected (or appointed) and qualified to the House.

Rule 2307. Motion to Strike Bills and Resolutions from Calendar When
Not in Committee of the Whole. When not in the Committee of the Whole, a
motion to strike a bill or resolution from the Calendar shall be in order only
when the body is meeting as the House of Representatives and shall be
authorized only when offered by the Majority Leader, or in the absence of the
Majority Leader, by the Assistant Majority Leader. Such motion shall require the affirmative vote of a majority of the members then elected (or appointed) and qualified to the House.

**Rule 2308. Stating Question.** Every motion shall be first stated by the presiding officer or read by the chief clerk, before debate, and again immediately before putting the question.

**Rule 2309. Dividing Motion.** If any motion, other than a motion under Rule 2105, contains distinct propositions it shall be divided by the chairperson at the request of any member. Motions under Rule 2105 shall be divided in accordance with that rule.

**Rule 2310. When Motions to be in Writing.** Every motion, except those specified in Rules 2301 and 2303, shall be in writing if the Speaker or any member desires it. All motions to amend a bill or resolution and all resolutions shall be in writing.

**Rule 2311. Suspension of Rules of the House.** (a) No rule of the House shall be suspended except by unanimous consent or by an affirmative vote of a majority of the members then elected (or appointed) and qualified to the House, subject to the following exceptions:

1. A motion to suspend the rules, and to declare an emergency and to advance a bill to the order of business Final Action, as contemplated in article 2, section 15 of the Constitution shall require an affirmative vote of 2/3 of the members present in the House.

2. A motion to suspend the rules and to permit amendment and debate of a bill under the order of business Final Action shall require an affirmative vote of 2/3 of the members present in the House.

(b) When under the rules of the House a motion, question or action requires a vote of a majority greater than a majority of the members present, the majority specified for such motion, question or action shall be required to suspend the rules for the purpose of such motion, question or action. When under the rules of the House notice of a motion reduces the required majority for adoption of the motion, the required majority shall not be reduced if the notice is disposed of by suspension of the rules.

(c) Suspension of the rules or unanimous consent shall not reduce the majority required under subpart (1) of subsection (a) of this rule.

**Rule 2312. Mason's Manual; When Applicable.** (a) In any case where rules of the House or the joint rules of the Senate and House do not apply, Mason's Manual of Legislative Procedure (2010 edition), with the exception of section 4, paragraph 2, shall govern.

(b) Rules of legislative procedure are derived from several sources and take precedence in the order listed below. For the Kansas House of Representatives, the principal sources are as follows: (a) Constitutional provisions; (b) statutory provisions; (c) adopted rules; (d) adopted parliamentary authority; (e) custom, usage and precedents.
ARTICLE 25. VOTING

Rule 2501. Control and Use of Voting System. The electronic voting system shall be under the control of the Speaker or other presiding officer and shall be operated by the chief clerk. The electronic voting system shall be used to record the vote whenever a roll call vote is taken on any question and may be used for ascertaining the vote upon any measure upon which a division of the assembly has been called. In the event that the system is not operating properly, roll call votes may be taken by calling the roll.

Rule 2502. Procedure for Taking a Roll Call Vote. When a roll call vote is taken, the presiding officer shall state the question and instruct the members to proceed to vote. When sufficient time has been allowed the members to vote, the presiding officer shall inquire: "Has every member had an opportunity to vote?" After a short pause the presiding officer shall direct the chief clerk to close the roll. After the roll has been closed, when Rule 2505 applies, the presiding officer shall inquire: "Does any member desire to explain their vote?" and any member so desiring may give such explanation when recognized by the presiding officer. The presiding officer shall inquire: "Does any member desire to change their vote?" If any member does desire to change their vote, such member when recognized by the presiding officer, shall advise how they desire to change such vote and the presiding officer shall then instruct the chief clerk to make the appropriate change. A member who has not previously voted may vote at this time when permitted by the presiding officer. Such member shall advise how they wish to vote and the presiding officer shall then instruct the chief clerk to record such vote. After all members who desire to vote or to change their votes have had reasonable opportunity to do so, the presiding officer shall announce the vote and, when the vote has been announced, shall direct the chief clerk to record the vote.

Rule 2503. Display of Recurring Totals. Under Rule 2502, recurring totals shall be displayed only after the roll is closed. No recurring totals shall be displayed for a determination of the vote upon a division of the assembly.

Rule 2504. Voting by Members. (a) A member may vote only when at their desk or at any place within the chamber of the House when authorized by the presiding officer, who shall direct the chief clerk to so vote for such member.

(b) No member shall vote for another member. No person not a member shall cast a vote for a member, except as otherwise provided in the rules. In addition to such penalties as may be prescribed by law, any member who votes or attempts to vote for another member shall be subject to Article 49 of these rules. If a person not a member votes or attempts to vote for any member, such person shall be barred from the floor of the House for the remainder of the session, and, in addition to penalties prescribed by law, may be punished further as the House determines.
(c) The Speaker shall not be compelled to vote except in case of a tie.

Rule 2505. Explaining Vote. Any member may, when a roll call vote is being taken on the passage or adoption of any bill or resolution, explain their vote. Such member shall be allowed not more than one minute for such explanation. Such explanation, if furnished in writing and signed, with printed name and district number, by such member by 4:00 p.m. upon the day the vote is taken or if the vote is taken subsequent to 3:30 p.m., within one-half hour after the adjournment of the House on that day, shall be entered in the Journal, provided it does not contain more than 100 words.

Rule 2506. Copies of Voting Records. (a) Unless otherwise ordered, the chief clerk shall record each roll call vote and make copies available for the use of the news media. No record shall be made of the vote of any member voting upon any measure upon which a division of the assembly has been called.

(b) When a roll call vote is taken, it shall be recorded in the Journal by a statement of the names and total number voting in the affirmative, the names and total number voting in the negative, names and total number indicating presence but not voting and the names and total number absent or not voting, except that the provisions of this section shall not permit a member to fail to vote in violation of Rule 2508.

Rule 2507. When Roll Call Vote to be Taken. (a) A roll call vote shall be taken for the passage of any bill.

(b) A roll call vote shall be taken for the adoption of any concurrent resolution to amend the Constitution of the state of Kansas, to call a Kansas constitutional convention, to extend a session of the Legislature in even-numbered years, to ratify any amendment of the Constitution of the United States, to make any application for Congress to call a convention for proposing amendments to the Constitution of the United States and when required by the joint rules of the House and Senate. A roll call vote is not required for adoption of concurrent resolutions pertaining to commendations or acknowledgments, unless required under subsection (e) of Rule 2507.

(c) A roll call vote shall be taken for the adoption of any House resolution to adopt, amend or revoke any rule of the House or to reject any executive reorganization order.

(d) A roll call vote shall be taken to concur in Senate amendments to any bill or concurrent resolution or to adopt any conference committee report other than a report agreeing to disagree.

(e) A roll call vote shall be taken on any question on demand of 15 members, unless a roll call vote is already pending.

Rule 2508. Call of the House. (a) A call of the House shall be ordered on the demand of any 10 members at any stage of the voting previous to the announcing of the vote or, if the voting system is used, prior to recording the vote. This Rule 2508 shall apply to the taking of a vote upon the final passage
of any bill or final adoption of any resolution whether under the order of business Final Action or under any order of business. Also, this Rule 2508 shall apply to the taking of a vote on a motion to strike the enacting clause of a bill and the resolving clause of a resolution and on a motion to strike all after the enacting clause or resolving clause, except when the House is in the Committee of the Whole. When the call of the House is invoked, the doors to the House chamber shall be secured and all members shall be required to be in their seats unless excused by the Speaker. All members present during the call shall be required to vote before the call is raised. The call of the House shall not be raised (so long as 10 members continue the demand) until a reasonable effort, as determined by the Speaker, has been exerted to secure absentees.

(b) Any member, who is directly interested in a question, may be excused from voting, when there is a call of the House. The member, who is requesting to be excused from voting, shall state the reasons therefor, occupying not more than five minutes. The question on excusing such member from voting shall be taken without debate and a 2/3 majority of members present shall be necessary to excuse such member. If a member refuses to vote, when not excused, such refusal shall constitute grounds for reprimand, censure or expulsion under Article 49 of the Rules of the House.

Rule 2509. Voice Vote; Division of the Assembly. Except when a roll call vote is required a voice vote shall be taken on all questions. Any member may call for a division of the assembly to determine the vote by the voting system.

ARTICLE 27. FINAL ACTION

Rule 2701. Description and Function. Subject to Rule 2705, bills and resolutions reported favorably by the Committee of the Whole shall constitute the order of business Final Action of the House. The titles of such bills and resolutions shall appear under the heading Final Action in numerical order. The standing committee which reported it and the Committee of the Whole action on the bill or resolution shall be shown under each thereof.

Rule 2702. Reading and Vote. Each bill and resolution under the order of business Final Action shall be read by title, except citations of statutes amended or repealed and a roll call vote shall then be taken upon final passage or adoption without amendment or debate.

Whenever a bill or concurrent resolution is so reported, it shall be placed upon the Consent Calendar. Each bill or concurrent resolution placed on the Consent Calendar shall remain thereon for at least two full legislative days before being considered under the order of business Final Action. Under the order of business Consent Calendar and prior to the call for the vote, any member may object to the bill or concurrent resolution as being controversial and thereupon it shall be removed from the Consent Calendar and shall be placed on General Orders. If no objection is made prior to the call for the vote on the bill or concurrent resolution, it shall be ordered to Final Action for vote before other bills and concurrent resolutions on Final Action.

Rule 2706. Majority for Bill Passage. As provided in section 13 of article 2 of the Constitution of Kansas, a majority of the members then elected (or appointed) and qualified, voting in the affirmative, shall be necessary for the passage of a bill.

(a) A majority of the members then elected (or appointed) and qualified voting in the affirmative shall be necessary to adopt House resolutions and concurrent resolutions, except as otherwise specified in these rules.

The application shall be determined on the basis of content alone. The Speaker shall consider all such applications and shall determine whether a House resolution or House concurrent resolution should be approved for introduction, or whether a certificate of the House should be approved for issuance or whether no action should be taken on the application. Journal of the House

FIRST DAY

HALL OF THE HOUSE OF REPRESENTATIVES,
TOPEKA, KANSAS, Monday, January 10, 2011, 2:00 p.m.

This being the day fixed by the Constitution of the State of Kansas for the assembling of the 2011 session of the legislature, the House of Representatives was called to order at 2:00 p.m. by Kris Kobach, Secretary of State.

Prayer by Chaplain Eunice Brubaker:

God of our yesterdays, our today and our tomorrows, we praise You for another new year and for new opportunities. Thank You for the year behind us and for the year ahead. In this new session, help us to... fret less and laugh more, criticize less and encourage more, be less divisive and be more unified. We pray for understanding, peace and hope, and that we might spread these to others. Help us in this new session to depend on You and to do exactly what You want. In all the pomp and circumstance of the day, we pause to remember a colleague and friend who is no longer with us, Representative Jim Morrison. We also pause to remember those who lost loved ones in the meaningless tragedy in Arizona. Lord, with these events we are reminded that we need to redeem the time and make the most of every opportunity to do what is right and good in Your eyes. In Jesus' name I pray, Amen.

The Pledge of Allegiance was led by Rep. Vickrey.

Secretary of State Kris Kobach announced the appointment of Susan Kannarr as temporary Chief Clerk of the House.

Secretary of State Kris Kobach requested Rep. O'Neal to approach the bar for the oath of office.

Speaker-elect O'Neal subscribed to the following oath of office, which was administered by Chief Justice Nuss.

State of Kansas, County of Shawnee, ss:

I do solemnly swear that I will support the constitution of the United States and the constitution of the State of Kansas, and faithfully discharge the duties of the office of Speaker of the House of Representatives, so help me God. Subscribed and sworn to before me this 10th day of January, 2011.

LAWTON R. NUSS Chief Justice of the Supreme Court

Speaker O'Neal addressed the following remarks to the members of the House:

Thank you, Mr. Chief Justice. Elected Republican and Democrat House leaders, colleagues, staff and friends, it’s once again a huge honor to be serving as your Speaker for the next term.

Two years ago on this day I addressed you on the silver anniversary of my service to my constituents and the people of the great State of Kansas. Today we are on the threshold of our state’s 150th anniversary of statehood and occupy a historically restored Representative Hall that is 130 years old. Take a moment and consider, if you will, the over 5000 House members who have served in this body and in this very chamber. Imagine the issues, debates and historic votes taken here that have shaped our state’s past and future. You are special indeed. Serve here with honor and humility.

100 years ago, on the first day of the 1911 Session, Speaker Buchman addressed the House. His address included these words:

“I feel that the Legislature of 1911 can be and will be one of the history-making Legislatures of this state. As I look into your faces, many of whom I know, I undertake to say that there is no legislature of any state in this Union that can show up a better line of men than
I see before me now occupying these seats.”

Needless to say, we’ve come a long way since the Session of 1911. The body I look out over today has been enriched by the presence of a high percentage of women Representatives, and Kansas is much the better for it. I am a better person thanks to my strong and beautiful wife, Cindy, the speaker of my House, and we as a House are blessed with bright and talented women who serve their constituents with distinction. Our men are blessed with strong, supportive and influential spouses who partner with them for the good of the state.

50 years ago, on the centennial of Kansas statehood, the House was addressed by another lawyer from Hutchinson. William L. “Bill” Mitchell, a man I admired greatly both as a public leader and as a fellow lawyer, addressed the House on the day Gov. John Anderson delivered his first legislative message. True to form for speakers past and present, Speaker Mitchell announced that “This will be the hardest-working Legislature in the 100-year history of Kansas, and you can depend upon it.”

In reading an account of the opening day of that session, I was struck by the irony of the message given that day by Senate President Pro Tem Paul Wunsch who told the Senate:

“It has been regrettable that for the past 6 years there has not been a cooperative spirit between the executive and the Legislature so that our many problems could be so met and resolved.”

The paper noted that, without mentioning names, he was apparently alluding to conflicts between the Republican-controlled Legislature and Democratic Governor George Docking and earlier between GOP Gov. Fred Hall and a split Republican Legislature. There is a certain ring of familiarity there.

It’s significant to note that the Legislature of 1961 did work hard and ended up passing, among other things, the ill-fated reapportionment of the Legislature, which was the subject of an historic amount of litigation, findings of unconstitutionality, a special session and claims of judicial activism. Few at the time could see the problem with having all 105 counties guaranteed a representative in the House with the remaining 20 distributed among counties having the greater population! As we approach the task of redistricting later this year, those of us living west of Highway 81 will no doubt long for the good old days!

As I said at the Inaugural festivities Saturday night, in looking to the days and weeks ahead I see a glass half full, not half empty. We have been burdened with yet another huge financial challenge. I have made no secret of my disappointment over how that challenge has been addressed the past two years. However, our constituents have handed us a huge opportunity to fundamentally change the way we approach the budget and the financial challenges we face. The message of November could not have been any clearer. Our constituents, the taxpayers of this state, are watching us and counting on us.

As I said to this body on this day two years ago, we must get a handle on
state spending. We must be fiscally responsible – and we must position Kansas to be in the best possible competitive position for future economic growth. And I repeat: Having a system of education second to none will ring hollow if our children choose to leave Kansas for greener pastures elsewhere. Kansas is the best place to live. It must also be the best place to work.

To that end, I’m excited to be working again with Sam Brownback, our new Governor. I believe we are due for a permanent reset of state government and I have endeavored to put together a team of committees and committee leaders to help him accomplish this.

I, too, am excited to be working with a huge class of incoming House members who are bright, talented and energetic about doing the People’s work in the People’s House. Welcome to the experience of a lifetime. You will make history here. You will make lifelong friendships here. You will learn and grow here and you and our great state will be better because of your service.

As I stated two years ago, we won’t have the funds or resources to solve every problem or meet every request, but each of you does have the power to make a positive difference in the lives of those you serve and the work we do here with the resources we have and the policy we make with the resources we have will be truly historic. When our work here is done, if we can say we have been good stewards of our resources, we will have served our constituents well.

I’ll close by sharing the final words of Speaker Buchman’s address to the House in 1911. He said:

“I promise you, upon my part, that I will try to get measures through as rapidly as possible. I promise you that I will tread on your toes sometimes. You need not expect but what maybe you will find the gavel of the speaker coming down on you pretty hard, but it will come down on one and all without regard; you all look alike to me up here. I am a good ways off, and I have to wear glasses when I want to see right good, but I am not going to wear these glasses much, so that you will all look alike. Now, with your assistance, we can make this a success; without your assistance we cannot. I ask for that success.”

Again, thank you for the honor of being your Speaker. I promise I’ll wear my glasses, try not to step on toes, and will always have my door open and the coffee on. To paraphrase former Speaker Mitchell, “This will be the hardest-working Legislature in the 150 year history of Kansas, and you can depend upon it”.

God bless this House and the great State of Kansas.

Speaker O'Neal was presented with the gavel by Secretary of State Kris Kobach and assumed the chair.

Speaker O'Neal announced the appointment of Susan Kannarr as Chief
Clerk and Wayne Owen as Sergeant-at-Arms of the House of Representatives.

Speaker O'Neal requested Rep. Vickrey to approach the bar for the oath of office.

Speaker pro tem-elect Vickrey subscribed to the following oath of office, which was administered by Chief Justice Nuss.

State of Kansas, County of Shawnee, ss:

I do solemnly swear that I will support the constitution of the United States and the constitution of the State of Kansas, and faithfully discharge the duties of the office of Speaker pro tem of the House of Representatives, so help me God. Subscribed and sworn to before me this 10th day of January, 2011.

LAWTON R. NUSS
Chief Justice of the Supreme Court

Speaker pro tem Vickrey addressed the following remarks to the members of the House:

Speaker O'Neal, Majority Leader Siegfreid, Minority Leader Davis, fellow members of the Kansas House, and honored guests.

Most of us remember the hymn “Count your blessings”. As Kansans, we all have many to count. My first is my wonderful wife, Teresa. We will celebrate our 30th wedding anniversary this July 28th. Together, we have four children. Jacob, is a Pittsburg State graduate who is married to Kori. They are the parents of Emma, our 1½ year old granddaughter. Our three youngest children are in school today and could not be with us. Jazzy is in high school and our twins, Josh and Johanna, are in 6th grade at Louisburg Middle School. I’m proud that my younger three children are all on the honor roll.

Another blessing I count is being born a Kansan raised on a family farm in rural Miami County. On that family farm my World War II era parents Loma and Wendell lived the example they taught. They would often express memorable quotes to me: "always give an honest day’s work for an honest day’s dollar", "your word is your bond" and "any job worth doing is worth doing well.” These are the values of the hardworking, honest Kansans we represent and they deserve our best effort when we debate and work on legislation to find real common sense solutions.

Finally, the blessing we all enjoy as members of this historic body. It is true as our new members will soon experience, that we are often the “raucous” house. However, we are the “Peoples House” and are responsive to those who we represent. Madison described the role of the House as having "an immediate dependence on, and intimate sympathy with, the people.” By
design, the House is the voice of our constituents, the protector of liberty and freedom.

It is a great honor to serve as your Speaker Pro Tem. Together we will turn the challenges we face into opportunity.

May God continue to bless you and the great state of Kansas.

Speaker O'Neal asked for announcements from party caucuses:

Rep. Crum stated the majority (Republican) party had met and elected the following:

- Majority Leader, Representative Arlen Siegfried
- Assistant Majority Leader, Representative Peggy Mast
- Majority Whip, Representative Willie Prescott
- Caucus Chair, Representative David Crum

Rep. Siegfried addressed the following remarks to the members of the House:

Thank you Mr. Speaker, Representative Vickrey, Representative Crum and thank you to the Republican Caucus for the opportunity to serve as your Majority Leader. This is an honor unlike anything I’ve ever experienced. I assure you my most dedicated effort in ensuring our shared and mutual success as we enter a pivotal phase in our state’s history.

In November, Kansas voters made their voices heard loud and clear. They are tired of ignorant government. They are tired of unresponsive government. They are tired of irresponsible government. Kansans are demanding to be heard—and our majority is listening. Our single focus this term will be to act on the mandate to govern Kansas responsibly. We will do this with fact-based, policy driven initiatives, not gamesmanship or theatrics. For these efforts—which are substantial—Kansas will be a better home for our constituents.

As your Majority Leader I will work tirelessly with the rest of the Republican caucus and our leadership team to learn how we will best serve your needs. In addition, I hope you will utilize our capable leadership staff. Each worked to build the success we enjoyed in November, and are now here to help us sustain it. Together we will continually work to bring our caucus together. Our leadership is humbled, yet energized, by your trust. With that comes the responsibility to listen—and we will listen.

This chamber will not always agree, but we must always work to disagree without being disagreeable. Fair debates and final votes will resolve differences. Your ideas will always find fair treatment, and while we all have different opinion on the best means to a common end, I trust we all share the goal of making Kansas better through solid governance.

As I close, I would like to recognize and thank my wife Barbara for her support in becoming the Majority Leader. She is truly the better half of this marriage. I would also like to thank the residents of the 15th House District for electing me to represent them for another term. Finally to the House...
January 10, 2010

Republican Caucus, thank you for trusting me with the opportunity to serve as your Majority Leader. It’s truly an honor.

Rep. Ballard stated the minority (Democrat) party had caucused and elected the following officers:

• Minority Leader, Representative Paul Davis
• Assistant Minority Leader, Representative Tom Burroughs
• Minority Whip, Representative Eber Phelps
• Agenda Chairperson, Representative Annie Tietze
• Caucus Chairperson, Representative Barbara Ballard
• Policy Chairperson, Representative Valdenia Winn

Rep. Davis addressed the following remarks to the members of the House:

I first want to thank my colleagues in the House Democratic Caucus for allowing me to serve as their leader for the next two years. You know folks in this building frequently hear the House Democrats refer to themselves as a family, and let me tell you that word is a genuine description of this group. I am honored and humbled by the opportunity to be your leader.

My wife is with my today and I want to thank her for her unconditional love and support. It is not easy being married to someone in public service while at the same time having your own demanding career and being a mother. But she handles it every day with truly unbelievable grace.

I want to congratulate Representative O’Neal on his re-election as Speaker of the House, and I’d like to welcome the 35 new members of this body. I know that each of you will do your best to honor the legacy set forth by 150 years worth of Kansas pioneers, each determined to persevere over the challenges of the day.

Finally, I’d like to congratulate our new Governor. The job of governor is a difficult one and the challenges he faces are significant as he assumes a position that has only been occupied by 45 others in our state’s history.

Today, we gather here in this historic building that it took our ancestors 37 years to construct. And as we embark on this 90-day journey that begins every second Monday in January and confront many of the same struggles time and time again, there is something hopeful and pure about Day 1. It is an opportunity for new beginnings and new possibilities. Each session is filled with its own unique set of speed bumps and detours, but yearly we get the chance to determine what path will lead us to the finish line. We rarely get there by the route we map out at the beginning, but one way or another we always end up at our final destination. And it is an exciting process to say the least.

Today also marks the last day in office of Governor Mark Parkinson. Almost one year ago to the day, Governor Parkinson stood in this chamber, as we faced perhaps even greater challenges than we face at this very moment, and issued a challenge that we should not forget:
He said: “Generations from now, historians will look at how Kansas handled the greatest economic crisis since the Great Depression. We have the opportunity to astonish them. The decisions that you can make will mean that not only did we fight back, not only did we protect what our ancestors built, but while everyone else was in a panic, we moved forward. Let’s seize that opportunity, astonish the historians, and write history that will make all future generations proud.”

Although this is a new era in Kansas- a new governor, a new administration, a new legislature- I believe that Mark Parkinson’s challenge still echoes. Overcoming difficulties is at the core of what it means to be a Kansan. Sidestepping our obligations to the people we serve is not the legacy any of us wish to leave to our children as we take our oaths of office. We should not forget the words of Martin Luther King who said “The Time is always right to do what is right”.

All of us have a desire to honor the heritage of those who have come before us, to face our problems head on, and to do what is necessary to protect the values that define us---values that have no partisan lines. While we each wear our label of being either a Democrat or Republican in this chamber, we must never forget that we are all Kansans first. Our shared hopes and dreams and those that we hold for our children do not bear party affiliations. Let us debate the issues with vigor, but do so with an understanding that we are all teammates.

This is a special year in our state’s history. It is our sesquicentennial. For 150 years, each generation of Kansans have done their part to write the storied history of our state. They have built great schools and universities, endured a dust bowl and a depression, done their part to save the world from tyranny, taken risks to build businesses and so, so much more.

So now, the stewardship of this very special place is in our hands. Whether or not Kansas has a brighter tomorrow will be determined by the decisions that we make today. The Native Americans, the pioneers, the Free Staters and so many other Kansans didn’t walk away from a challenge, and we must not either.

Since statehood, millions of Americans have been able to call Kansas home. A few thousand have had the opportunity of serving in this Legislature. And here we are today, only 125 individuals, out of almost 3 million Kansans, that get to realize this very rare privilege.

So now let us do our part to ensure that the words of legendary Kansan William Allen White ring true. That “everyone expects to go further than his father went; everyone expects to be better than he was born and every generation has one big impulse in its heart-to exceed all the other generations of the past in all the things that make life worth living.”

Ad astra per aspera. Thank you.

The roll was called with 122 members present.
Rep. Aurand was excused on excused absence by the Speaker.
The House is now organized with 123 members.

If the bill or resolution has been amended by the Committee of the Whole it shall be reprinted.

ARTICLE 21. AMENDMENT OF BILLS AND RESOLUTIONS

Rule 2101. Germaneness. Amendments to bills and resolutions shall be
germane to the subject of the bill or resolution. The principal test of whether an amendment is germane shall be its relationship to the subject of the bill or resolution, rather than to wording of the title thereof. The amendment, including any amendment from the floor to strike all of the substantive provisions of a bill or resolution and insert other provisions, must be relevant, appropriate, and have some relation to or involve the same subject as the bill or resolution to be amended. For the purposes of this rule the subject matter of any appropriation bill is the spending and appropriating of money and any amendment which changes the amount of money spent in any state agency or program is germane to any appropriation bill.

Any member, upon recognition by the presiding officer, may request a ruling upon the germaneness of any amendment to a bill or resolution. All rulings upon the question of germaneness shall be made by the chairperson of the House Committee on Rules and Journal. At the time of making such ruling, the chairperson shall state the reasons or basis for such ruling. Appeals from rulings of the chairperson may be taken upon the motion of any member. Such appeals shall be in order at the time of the making of the ruling and shall take precedence over any question pending at the time the chairperson makes such ruling. Appeals from the ruling of the chairperson shall be debatable only by the member making the motion to amend which is the subject of the ruling, the member carrying the measure sought to be amended, the Majority Leader or a member designated by the Majority Leader and the Minority Leader or a member designated by the Minority Leader. Debate upon the ruling of the chairperson shall be limited to the question of the germaneness of the proposed amendment. At the conclusion of debate the presiding officer shall inquire: "Shall the chairperson's ruling be sustained?"

Rule 2102. Form of Amendment Motions. Motions to amend bills and resolutions shall specify the page and line number, as shown on the printed bill or resolution, and shall be in writing on a form provided by the House or a form substantially similar. Prior to making a motion to amend, the written motion shall be delivered to the chief clerk. In the case of amendment by substitute bill, motion shall be made to substitute a written bill for the bill under consideration.

Rule 2103. Reading Amendments; General Rule. Motions to amend bills and resolutions shall not require readings as for bills introduced, except as otherwise provided in Rule 2107, but shall be subject to Rule 2306.

Rule 2104. Motions to Amend Motions. A motion to amend a motion to amend a bill or resolution shall not be in order.

Rule 2105. Dividing Amendments. (a) When any motion to amend a bill or resolution contains distinct propositions it shall be divided by the chairperson at the request of any member. The division by the chairperson shall be made in accordance with the following:

1. A motion to strike out and insert words of less than a sentence shall be indivisible;
(2) the distinct propositions shall be only in the form submitted in the motion to amend; and
(3) each proposition must be so distinct that, one being removed, the remainder may stand entirely on their own.

(b) Upon a request to divide a motion to amend a bill or resolution, the chairperson shall inquire as to whether there is a request for a ruling on germaneness of the motion to amend. If such a request is made, the issue of germaneness shall be determined prior to dividing the motion. If no request for a ruling on germaneness of the motion to amend is made, the chairperson shall proceed to divide the motion to amend in accordance with this rule, and no subsequent request for a ruling on germaneness of any distinct proposition of the motion so divided shall be in order.

(c) The chairperson, or any member, may request that the member requesting the division make the request in writing specifying the manner in which the motion to amend should be divided.

(d) The chairperson may request that the member requesting the division and the chairperson or the vice-chairperson of the Committee on Rules and Journal recommend an appropriate division, but the final ruling on how to divide the motion to amend shall be that of the chairperson who shall announce the division to the body.

(e) The division of the motion to amend shall be in accordance with the rules of the House and with items (1) to (3), inclusive, of subsection (a). The ruling of the chairperson on how to divide the motion to amend shall not be subject to appeal except that any member may appeal the ruling of the chairperson on the grounds that the division is not in accordance with a rule of the House including the provisions of items (1), (2) or (3) of subsection (a), or any combination thereof.

Rule 2106. Substitute Motions. No substitute motion to amend a bill or resolution shall be in order.

Rule 2107. Subject Change by Senate. (a) When the Senate adopts amendments to a House bill which materially changes its subject, upon return of such bill to the House, it shall be read as provided for the introduction of bills and be referred as provided in Rule 901.

(b) The Speaker may determine when a bill is subject to subsection (a).

Rule 2108. Motions to Strike Out and Insert. The rejection of a motion to amend a bill or resolution by striking out and inserting one proposition shall not prevent a motion to strike out and insert another proposition, nor prevent a subsequent motion simply to strike out; nor shall the rejection of a motion simply to strike out prevent a subsequent motion to strike out and insert.

Rule 2109. Identical Motions. Except upon the unanimous consent of the House, an identical motion to amend a bill or resolution shall not be made a second time on the same legislative day.

ARTICLE 23. PROCEDURAL MOTIONS

Rule 2301. Order of Motions. When a question is under consideration, no motion shall be received except as specified under the
Rules of the House, which motions shall have precedence in the following order:

   (a) For adjournment of the House.
   (b) For call of the House.
   (c) To lay on the table.
   (d) For the previous question.
   (e) To postpone to a certain time.
   (f) To commit to a standing committee.
   (g) To commit to a select committee.
   (h) To reject the adoption of reports of conference committees coupled with the request for appointment of a new conference committee.
   (i) To adopt the report of conference committees.
   (j) To amend.
   (k) To postpone indefinitely.

**Rule 2302. Motion to Adjourn.** The motion to adjourn shall always be in order, except while a vote is being taken and until announced, or when a member has the floor, or when the previous question is pending; but a motion to recess is not equivalent to a motion to adjourn.

**Rule 2303. Motion to Reconsider.** A motion to reconsider shall take precedence of all other questions except the motion to adjourn. No motion for reconsideration of any vote shall be in order, unless made on the same day or the legislative day following that on which the decision to be reconsidered took place, nor unless a member voting with the prevailing side shall move such reconsideration. A motion for reconsideration, being put and lost, shall not be renewed, nor shall any subject or vote be a second time reconsidered without unanimous consent, but this provision shall not be construed as preventing the introduction of a bill on the same subject. The member moving for reconsideration shall be allowed not more than two minutes for stating the reasons in support of the motion. Such motion shall be subject to debate by any member, stating reasons in support or opposition to the motion. Each of such members shall be allowed not more than one minute for the purpose of such debate. Such motion shall require the affirmative vote of members equal in number to that required to take the action proposed to be reconsidered. A motion to reconsider any final action of the House shall be in order at any time prior to the time at which the message of the House thereon is read into the record of the Senate. A motion to reconsider any final action of the House may be made after the time at which the message of the House thereon is read into the report of the Senate but any action taken pursuant thereto will be contingent upon the return of the measure to the House by the Senate.

**Rule 2304. Previous Question.** The "previous question" shall be: "Shall the main question be now put?" and until it is decided shall preclude all amendments or debate. When voting on the previous question, the House decides that the main question shall not now be put, the main question shall be considered as still remaining under debate. The main question shall be on the passage of the bill, resolution or other matter under consideration. When amendments are pending, a vote shall first be taken upon such amendments in
their order without further debate or amendment. A majority vote of the members present shall order the previous question.

**Rule 2305. Motions Not Subject to Debate.** All questions relating to priority of business shall be decided without debate. The motion to adjourn, to change the order of consideration of a bill, for a call of the House, and to lay on the table shall be decided without amendment or debate. The several motions to postpone or commit shall preclude all debate on the main question.

**Rule 2306. Motion to Refer Bills or Resolutions to Committee When Not in Committee of the Whole.** When not in the Committee of the Whole, a motion to refer a bill or resolution from the Calendar to a standing committee shall be in order only when the body is meeting as the House of Representatives and shall be authorized only when offered by the Majority Leader, or in the absence of the Majority Leader, by the Assistant Majority Leader. Such motion shall require the affirmative vote of a majority of the members then elected (or appointed) and qualified to the House.

**Rule 2307. Motion to Strike Bills and Resolutions from Calendar When Not in Committee of the Whole.** When not in the Committee of the Whole, a motion to strike a bill or resolution from the Calendar shall be in order only when the body is meeting as the House of Representatives and shall be authorized only when offered by the Majority Leader, or in the absence of the Majority Leader, by the Assistant Majority Leader. Such motion shall require the affirmative vote of a majority of the members then elected (or appointed) and qualified to the House.

**Rule 2308. Stating Question.** Every motion shall be first stated by the presiding officer or read by the chief clerk, before debate, and again immediately before putting the question.

**Rule 2309. Dividing Motion.** If any motion, other than a motion under Rule 2105, contains distinct propositions it shall be divided by the chairperson at the request of any member. Motions under Rule 2105 shall be divided in accordance with that rule.

**Rule 2310. When Motions to be in Writing.** Every motion, except those specified in Rules 2301 and 2303, shall be in writing if the Speaker or any member desires it. All motions to amend a bill or resolution and all resolutions shall be in writing.

**Rule 2311. Suspension of Rules of the House.** (a) No rule of the House shall be suspended except by unanimous consent or by an affirmative vote of a majority of the members then elected (or appointed) and qualified to the House, subject to the following exceptions:

1. A motion to suspend the rules, and to declare an emergency and to advance a bill to the order of business Final Action, as contemplated in article 2, section 15 of the Constitution shall require an affirmative vote of 2/3 of the members present in the House.

2. A motion to suspend the rules and to permit amendment and debate of a bill under the order of business Final Action shall require an affirmative vote of 2/3 of the members present in the House.
When under the rules of the House a motion, question or action requires a vote of a majority greater than a majority of the members present, the majority specified for such motion, question or action shall be required to suspend the rules for the purpose of such motion, question or action. When under the rules of the House notice of a motion reduces the required majority for adoption of the motion, the required majority shall not be reduced if the notice is disposed of by suspension of the rules.

Suspension of the rules or unanimous consent shall not reduce the majority required under subpart (1) of subsection (a) of this rule.

Rule 2312. Mason's Manual; When Applicable. (a) In any case where rules of the House or the joint rules of the Senate and House do not apply, Mason's Manual of Legislative Procedure (2000 edition), with the exception of section 4, paragraph 2, shall govern.

(b) Rules of legislative procedure are derived from several sources and take precedence in the order listed below. For the Kansas House of Representatives, the principal sources are as follows: (a) Constitutional provisions; (b) statutory provisions; (c) adopted rules; (d) adopted parliamentary authority; (e) custom, usage and precedents.

ARTICLE 25. VOTING

Rule 2501. Control and Use of Voting System. The electronic voting system shall be under the control of the Speaker or other presiding officer and shall be operated by the chief clerk. The electronic voting system shall be used to record the vote whenever a roll call vote is taken on any question and may be used for ascertaining the vote upon any measure upon which a division of the assembly has been called. In the event that the system is not operating properly, roll call votes may be taken by calling the roll.

Rule 2502. Procedure for Taking a Roll Call Vote. When a roll call vote is taken, the presiding officer shall state the question and instruct the members to proceed to vote. When sufficient time has been allowed the members to vote, the presiding officer shall inquire: "Has every member had an opportunity to vote?" After a short pause the presiding officer shall direct the chief clerk to close the roll. After the roll has been closed, when Rule 2505 applies, the presiding officer shall inquire: "Does any member desire to explain their vote?" and any member so desiring may give such explanation when recognized by the presiding officer. The presiding officer shall inquire: "Does any member desire to change their vote?" If any member does desire to change their vote, such member when recognized by the presiding officer, shall advise how they desire to change such vote and the presiding officer shall then instruct the chief clerk to make the appropriate change. A member who has not previously voted may vote at this time when permitted by the presiding officer. Such member shall advise how they wish to vote and the presiding officer shall then instruct the chief clerk to record such vote. After all members who desire to vote or to change their votes have had reasonable opportunity to do so, the presiding officer shall direct the chief clerk to record the vote, and when the vote is recorded the presiding officer shall announce the vote.

Rule 2503. Display of Recurring Totals. Under Rule 2502,
recurring totals shall be displayed only after the roll is closed. No recurring totals shall be displayed for a determination of the vote upon a division of the assembly.

**Rule 2504. Voting by Members.** (a) A member may vote only when at their desk or at any place within the chamber of the House when authorized by the presiding officer, who shall direct the chief clerk to so vote for such member.

(b) No member shall vote for another member. No person not a member shall cast a vote for a member, except as otherwise provided in the rules. In addition to such penalties as may be prescribed by law, any member who votes or attempts to vote for another member shall be subject to Article 49 of these rules. If a person not a member votes or attempts to vote for any member, such person shall be barred from the floor of the House for the remainder of the session, and, in addition to penalties prescribed by law, may be punished further as the House determines.

(c) The Speaker shall not be compelled to vote except in case of a tie.

**Rule 2505. Explaining Vote.** Any member may, when a roll call vote is being taken on the passage or adoption of any bill or resolution, explain their vote. Such member shall be allowed not more than one minute for such explanation. Such explanation, if furnished in writing and signed, with printed name and district number, by such member by 4:00 p.m. upon the day the vote is taken or if the vote is taken subsequent to 3:30 p.m., within one-half hour after the adjournment of the House on that day, shall be entered in the Journal, provided it does not contain more than 100 words.

**Rule 2506. Copies of Voting Records.** (a) Unless otherwise ordered, the chief clerk shall record each roll call vote and make copies available for the use of the news media. No record shall be made of the vote of any member voting upon any measure upon which a division of the assembly has been called.

(b) When a roll call vote is taken, it shall be recorded in the Journal by a statement of the names and total number voting in the affirmative, the names and total number voting in the negative, names and total number indicating presence but not voting and the names and total number absent or not voting, except that the provisions of this section shall not permit a member to fail to vote in violation of Rule 2508.

**Rule 2507. When Roll Call Vote to be Taken.** (a) A roll call vote shall be taken for the passage of any bill.

(b) A roll call vote shall be taken for the adoption of any concurrent resolution to amend the Constitution of the state of Kansas, to call a Kansas constitutional convention, to extend a session of the Legislature in even-numbered years, to ratify any amendment of the Constitution of the United States, to make any application for Congress to call a convention for proposing amendments to the Constitution of the United States and when required by the joint rules of the House and Senate. A roll call vote is not required for adoption of concurrent resolutions pertaining to commendations or acknowledgments, unless required under subsection (c) of Rule 2507.
(c) A roll call vote shall be taken for the adoption of any House resolution to adopt, amend or revoke any rule of the House or to reject any executive reorganization order.

(d) A roll call vote shall be taken to concur in Senate amendments to any bill or concurrent resolution or to adopt any conference committee report other than a report agreeing to disagree.

(e) A roll call vote shall be taken on any question on demand of 15 members, unless a roll call vote is already pending.

**Rule 2508. Call of the House.** (a) A call of the House shall be ordered on the demand of any 10 members at any stage of the voting previous to the announcing of the vote or, if the voting system is used, prior to recording the vote. This Rule 2508 shall apply to the taking of a vote upon the final passage of any bill or final adoption of any resolution whether under the order of business Final Action or under any order of business. Also, this Rule 2508 shall apply to the taking of a vote on a motion to strike the enacting clause of a bill and the resolving clause of a resolution and on a motion to strike all after the enacting clause or resolving clause, except when the House is in the Committee of the Whole. When the call of the House is once invoked, then all members present during the call, shall be required to vote before the call is raised. The call of the House shall not be raised (so long as 10 members continue the demand) until a reasonable effort has been exerted to secure absentees.

(b) Any member, who is directly interested in a question, may be excused from voting, when there is a call of the House. The member, who is requesting to be excused from voting, shall state the reasons therefor, occupying not more than five minutes. The question on excusing such member from voting shall be taken without debate and a 2/3 majority of members present shall be necessary to excuse such member. If a member refuses to vote, when not excused, such refusal shall constitute grounds for reprimand, censure or expulsion under Article 49 of the Rules of the House.

**Rule 2509. Voice Vote; Division of the Assembly.** Except when a roll call vote is required a voice vote shall be taken on all questions. Any member may call for a division of the assembly to determine the vote by the voting system.

**ARTICLE 27. FINAL ACTION**

**Rule 2701. Description and Function.** Subject to Rule 2705, bills and resolutions reported favorably by the Committee of the Whole shall constitute the order of business Final Action of the House. The titles of such bills and resolutions shall appear under the heading Final Action in numerical order. Each bill or concurrent resolution placed on the Consent Calendar shall remain thereon for at least two full legislative days before being considered under the order of business Final Action. Under the order of business Consent Calendar and prior to the call for the vote, any member may object to the bill or concurrent resolution as being controversial and thereupon it shall be removed from the Consent Calendar and shall be placed on General Orders. In all cases, the first-named member of the house of origin of the bill or concurrent resolution assigned to the committee shall be chairperson of the conference committee. The house of origin of a substitute bill or substitute concurrent resolution shall be the house in which the bill or concurrent resolution in its original form was introduced. The chairperson of a conference committee on a bill or concurrent resolution the subject matter of which has been ruled to be materially changed shall be a member of the house which amended the bill or concurrent resolution to materially change the subject matter. Each conference committee shall meet on the call of its chairperson. All meetings of conference committees shall be open to the public and no meeting shall be adjourned to another time or place in order to subvert such policy.

(f) Conference committee reports; subject matters which may be included; report not subject to amendment; house which acts first on report; copies of reports; reports considered under any order of business. Only subject matters which are or have been included in the bill or concurrent resolution in conference or in bills or concurrent resolutions which have been passed or adopted in either one or both houses during the current biennium of the legislature may be included in the report of the conference committee on any bill or concurrent resolution except in any appropriations bill there may be included a proviso relating to any such item of appropriation. A conference committee report shall not be subject to amendment. The original signed
conference committee report shall be submitted to and acted upon first by the house other than the house of origin of the bill or concurrent resolution. Except when a conference committee report is an agree to disagree coupled with a request that a new conference committee be appointed or is a recommendation to accede to or recede from all amendments of the second house electronic and paper copies of the report shall be made available to all members of the house considering the report not later than 30 minutes before the time of its consideration, except that if the report is more than six pages in length no paper copies will be required to be distributed to individual members provided that at least 10 paper copies of the report are made available to members at the clerk's or secretary's desk at the front of the respective house. By written notice, the majority leader may direct the clerk or secretary to increase from six pages to some greater number of pages the size of conference committee reports that need not be distributed by paper copies to individual members pursuant to this rule. The affirmative vote of 2/3 of the members present in the house at the time of consideration of the report shall be sufficient to dispense with distribution of copies of the conference committee report to all members of that house. Reports of conference committees may be received and considered under any order of business.

(g) Signatures required on conference committee reports. All initial conference committee reports other than an agreement to disagree coupled with a request that a new conference committee be appointed shall be signed by all of the conferees. All initial conference committee reports which are an agreement to disagree coupled with a request that a new conference committee be appointed shall be signed by a majority of the conferees appointed in each house. If a conference committee report which is an agreement to disagree coupled with a request that a new conference committee be appointed is not adopted, a subsequent conference committee report shall be signed by all conferees unless a subsequent conference committee report which is an agreement to disagree coupled with a request that a new conference committee be appointed is adopted, in which case a conference committee report subsequent to the adoption of such report shall be signed by a majority of the conferees appointed in each house. All other conference committee reports shall be signed by a majority of the conferees appointed in each house.

(h) Vote to adopt conference committee report final action; effect of failure of motion to adopt conference committee report. The vote to adopt the report of a conference committee, other than a report of failure to agree coupled with a recommendation for appointment of a new conference committee, shall be considered final action on the bill or concurrent resolution and the affirmative and negative votes thereon shall be entered in the journal. If the motion fails, the bill or concurrent resolution shall be deemed to be killed. If the motion on a conference committee report which is an agreement to disagree coupled with a request that a new conference committee be appointed fails, the bill or concurrent resolution shall not be deemed to have been killed thereby and remains in conference.
(i) Report of conference committee unable to agree; effect of failure to request new conference committee; effect of failure of motion to adopt report requesting new conference committee. If a conference committee upon any bill or concurrent resolution is unable to agree, it shall report that fact to both houses. Such report may request that a new conference committee be appointed thereon. If the committee so reports but fails to request the appointment of a new conference committee thereon the bill or concurrent resolution shall be deemed to have been killed upon the adoption by either house of such report. If the motion to adopt a report requesting the appointment of a new conference committee fails, the bill or concurrent resolution shall be deemed to be killed.

(j) Bills or concurrent resolutions under consideration by conference committees and reports thereof; carryover from odd-numbered to even-numbered year. Bills or concurrent resolutions under consideration by a conference committee, or a report of which has been filed but no action taken thereon in either house, at the time of adjournment of a regular session of the legislature held in an odd-numbered year shall remain alive during the interim and may be considered by the committee and legislature as the case may be at the regular session held in the following even-numbered year.

Joint rule 4. Deadlines for introduction and consideration of bills. The senate and house of representatives shall observe the following schedule of deadlines in making requests for drafting and in the introduction and consideration of bills.

(f) Second house bill consideration deadline. No bill, except bills sponsored by, referred to or acted upon by the committee on ways and means of the senate, select committees of either house when so authorized, the committee on federal and state affairs of either house or the house committees on calendar and printing, appropriations and taxation shall be considered by the house, not the house of origin of such bill, after the hour of adjournment on March 18, 2011, during the 2011 regular session and March 16, 2012, during the 2012 regular session.

(g) Exceptions to limitation of (d), (e) and (f); procedure. Specific exceptions to the limitations prescribed in subsections (d), (e) and (f) may be made in either house by resolution adopted by the affirmative vote of not less than a majority of the members of such house then elected (or appointed) and qualified.

(h) Deadline which falls on day neither house in session; effect. In the event that any deadline prescribed in this rule falls on a day that neither house of the legislature is in session, such deadline shall be observed on the next following day that either house is in session.

(i) Bills introduced in odd-numbered years after deadlines; effect. Bills may be introduced by members and committees in regular sessions occurring in an odd-numbered year after the times prescribed in (b) and (d) of this rule, but there shall be no final action thereon by either house during the session when introduced. Such bills shall be held over for consideration at the next succeeding regular session held in an even-numbered year.

(j) Modification of schedule of deadlines for introduction and consideration of bills; procedure. In any regular session a concurrent resolution may be adopted by the affirmative vote of not less than a majority of the members then elected (or appointed) and qualified of each house setting forth a different schedule of deadlines for introduction and consideration of bills for that session and the provisions of such concurrent resolution shall apply to such session notwithstanding provisions of this rule.

This subsection (k) may be suspended for the consideration of a specific bill or bills not otherwise exempt under this subsection by the affirmative vote of a majority of the members then elected (or appointed) and qualified in the house in which the bill is to be considered.

GOVERNOR SAM BROWNBACK'S COMPLETE TEXT OF THE STATE OF THE STATE
January 12, 2011

“Mr. Speaker, Mr. President, Minority Leaders Hensley and Davis, Mr. Chief Justice, legislators, justices, cabinet officers, elected officials, honored guests and my fellow Kansans:

I understand that my predecessor gave this speech last year without notes. Well…not only am I using notes, I’m using a teleprompter! But I’ve got some good things to say, so I want to make sure I get it right.

I love Kansas! There truly is no place like home. This is our 150th anniversary, an appropriate time to reflect on our past and look toward our future.

The first generation of Kansans pledged their lives and destinies to forge a Kansas of freedom in the midst of the blood and fire of war. Against immeasurable odds, they succeeded and God blessed this State with generations of men and women who had the courage to build a Kansas of
humanity and hope. These Kansans had a long view of our state’s future. They understood that the heritage of our state and the judgment of history would rest not on the harvest reaped in their time, but rather on the seeds sown for all time. Courage, humanity and hope – in good times and bad, these bedrock characteristics of Kansans have stood the test of time.

It is this heritage and legacy that prepares us for the challenges that Kansas faces today. To Kansans who are out-of-work, underemployed or fearful of losing your jobs; to Kansans looking to leave our state to find opportunity so your families may thrive; to Kansas children who live in poverty and despair, please know that the courage, humanity and hope of Kansas are not lost. They will never be lost. Today’s challenges will be met and overcome; they will be met and overcome because, like those Kansans before us, we will remain strong, focused and steadfast.

This Administration will tackle the daunting challenges facing our state through four significant and distinct initiatives, including Growing the Kansas Economy, Excelling in Education, Reforming State Government and Protecting Kansas Families. In these initiatives we not only pledge to lift Kansas out of its economic morass, but we also commit to assess, monitor and publish that progress as it is made.

**Growing the Kansas Economy**

Growing the Kansas economy is my first priority. We must take bold steps today to create economic growth tomorrow. In saying this, however, let me be clear; we cannot government-program or borrow our way into a stronger state economy. We cannot hope for the best and paper over the worst. Kansas will emerge stronger economically through hard work, practical ingenuity and removing government impediments to both rural and urban private-sector growth. In the coming days, I will be proposing an integrated, strategic plan to spur the Kansas economy. This plan will create the framework for more private sector – not government – jobs; put more earnings in the pockets of average Kansans; and help to raise out of poverty many of our families and children who now despair.

My plan to create jobs will be paid for by eliminating corporate tax subsidies enjoyed by only a few. These reforms include:

- **Enhanced Expensing:** Allowing Kansas business to immediately deduct a higher percentage of the cost of an investment.

- **Rural Opportunity Zones, or ROZes,** will provide a state income tax waiver for any individual relocating from out-of-state into any participating county that has experienced double digit percentage population decline the last ten years.
Additionally, other items critical to my plan will include:

- A three-year, $105M University Economic Growth initiative to enhance job growth in key economic sectors such as Aviation, Cancer Research, Animal Health, and Engineering. Each university will be required to provide through private sector or reprogrammed funds 50% of the cost of the program initiative.

- Creation of the Governor’s Economic Council: Chaired by myself, this council will consist of some of our state’s most successful men and women who are leaders in the private sector. The Council will assure strategy integration, coordination and accountability across all of the state’s economic development agencies and initiatives.

- Full funding of Wichita Fair Fares to underpin this critical economic growth initiative in south-central Kansas.

I also intend to work with the Legislature, stakeholders, and the people of Kansas to take advantage of growth in our state’s industries of emerging opportunity:

- We will build the expansion of the Holcomb power plant. Affordable energy and electricity exports will help underpin Kansas’ 21st Century economy.

- We will expand and start new wind energy projects in the state. If we do this right, we will see the development of a renewable energy corridor between Wichita and Salina that will provide jobs for rural Kansas and clean energy for the world. I want Kansas to be known as the not only as the Wheat state – but as the Renewable State.

- We will update our telecommunications policy to facilitate greater investments in broadband and wireless deployment.

- We will grow the animal ag sector, facilitating greater investments in livestock production and dairy.

- We will share with the world the serene beauty of the Flint Hills and our undisturbed tallgrass prairie land. Increased tourism to our pristine environmental treasures will benefit our rural communities, the state, and anyone who chooses to spend their precious vacation days in their peaceful expanse.

And for all of this to work, we need a tax code that encourages investment, income growth, and job creation. I pledge to work with the Legislature on resetting our tax code, particularly with an eye toward lowering income tax
rates.
In general, my Administration’s first priority will be creating jobs that provide more income and opportunity for Kansas families. When my cabinet meets, I will ask, “What are we doing today to help create jobs in our state?”

**Excelling in Education**

Educating children is to the state government as national defense is to the federal government: it is the state’s primary function and the lion’s share of the state’s budget. And that is as it should be.

Great educations grow great futures. Yet our public universities have suffered severe cuts and stagnant rankings at a time when the Kansas economy needs better educated students and ascending institutions. A crisis of learning exists for many Kansas children failing to acquire the basic reading skills they need to succeed in school and the workplace. The situation is especially dire for our children who are economically disadvantaged.

The budget I am submitting to this Legislature for its consideration will provide school districts with more overall state funding and will also stabilize state support for higher education for the first time since the Great Recession began.

Since state money will be tight and federal funds declining for the foreseeable future, we need to make sure we target our funding in the right places to give children the foundation they need for success. This is why I am proposing we dedicate $6 million this year from the Children's Initiative Fund to the development of early childhood education centers in our most needy school districts. I look forward to meeting with the Children’s Cabinet to focus more funding on early childhood reading.

No child should pass the 4th grade without being able to read. If a child cannot read, her world closes in. If she can read, her world expands.

Before leaving the critical topic of education, let me briefly touch on the issue of what our Kansas constitution means when it speaks to the need of providing a “suitable” education for our children. For years, we have faced repeated legal action against the state because no one knows what a “suitable” education actually means. I invite this Legislature to define suitability and end the confusion. This will provide us with a definition of what we need to undertake reform of our school finance formula and provide our school districts with stable, sustainable funding for the future. Let the Legislature resolve school finance… not the courts, so we can send more money to the classroom, not the courtroom.

**Reforming State Government**

The days of ever expanding government are over – and under my administration, they will not return. The future demands of us a commitment
to deliver core services in innovative and more efficient ways. We will do
that, beginning with a structural lowering of the job positions in state
government. In my FY2012 budget recommendations, I have eliminated over
2,000 unfilled employee positions.

Yes, the days of ever expanding government are over. In the next few days, I
will submit a series of Executive Orders and Executive Reorganization
Orders designed to reduce the total number of state-related entities through
targeted realignment, combination and sunsetting. This will include
eliminating eight state agencies. These reductions will not be easy; but these
reductions are necessary. In the aggregate, these changes not only will save
Kansas taxpayers millions of dollars each year, they will help us form a more
nimble, responsive and forward-looking state government.

In order to assure that reform continues, I have established an Office of the
Repealer, and I have appointed Dennis Taylor, my Secretary of
Administration, to be the Repealer. His job will be to work closely with my
Administration, the Legislature, and the public to identify regulations or
statutes for repeal that are costly, outdated and ineffective.

The days of ever expanding government are over. My proposed total state
spending for the next fiscal year will be more than three quarters of a billion
dollars lower than this year. This will be the first time that the total or all-
funds state budget has been cut since 1972.

On the first day of this fiscal year, Kansas State government had exactly
$876.05 in the bank.

Since that time, a sluggish economy has pushed our current year budget into
deficit and left many costs unaccounted for. My Administration is proposing
a spending freeze bill which will close that gap immediately and bank more
than 35 million taxpayer dollars.

I ask the Legislature to have this bill on my desk for signature before the end
of the month.

The days of ever expanding government are over.

Protecting Kansas Families

But Kansans are can-do people. We take care of each other, even when
circumstances are difficult, as they surely are now. We help those in their
time of need; we protect those who cannot protect themselves. Joining us
tonight is Sergeant 1st Class David Edington. He exemplifies what it means
to live this calling in a difficult situation. While performing his daily duties
in Iraq in 2007, Sergeant Edington was wounded in a surprise mortar attack
on his position. Without regard for his own safety, he ordered his troops to
take cover and began scouring the area for the wounded. He discovered that
one of his soldiers had sustained a wound to her leg, and even though he was
injured, he applied first aid and successfully slowed her blood loss and saved
her life. Sergeant Edington descends from a long tradition of Kansans who
sacrifice themselves for others, and tonight we salute their service and his.

Yes, we help those in their time of need. And many of our state’s families are
being tested in ways wholly unimaginable in previous generations. Because
of this, the people of Kansas have created a myriad of services designed to
sustain the parents, children, families and disabled citizens who live on the
margin or in poverty. It is altogether fitting and proper that we have done so.
The bulk of total expanded state funding for FY2012 relates to the increased
cost of caseloads in SRS and Medicaid and the federally mandated increase in
the state’s share of funding for these programs.

Quality, affordable, patient-centered healthcare is a priority for all Kansans.
Next year, Medicaid will command over 18% of the state general fund, and
the program is growing faster than the economy. Additional commitments
required of us by Washington have set us on a path of unsustainable spending
and lower-quality care. Rather than receiving dictation from Washington, I
pledge to fight for Kansas solutions for Kansas healthcare needs.

Under the leadership of Lieutenant Governor Doctor Jeff Colyer, our
Administration will begin this month a collaborative effort to remake
Medicaid and improve healthcare. If we are going to keep our promises,
quality must be improved for the patient. And for the taxpayer, costs must be
controlled. If and only if we do this, will we protect Kansas’ families and
help those in their time of need.

Let us also ensure that KPERS is made sound so that those promises are kept.
Currently, under the most favorable set of estimates, the system has an
unfunded actuarial liability of nearly $8 billion. Some private auditors
suggest that KPERS is the second worst funded public pension system in the
country. I encourage the Legislature to work to ensure the integrity and
soundness of the system for decades to come.

Successive generations of Kansans have been charitable people. Over the
years, doctors and dentists in our state have provided free services to
thousands of needy Kansans, and this is the sort of community action that our
laws should encourage. Unfortunately, medical professionals who provide
this free care are subject to malpractice lawsuits for the free care they
provide. I call on the Legislature to address and change this, and also to
allow incoming governors to use funds raised from their inaugural galas on
charity, not Cedar Crest.

This is our calling: to help those in their time of need, including and
especially those who are the most vulnerable. I call on the legislature to bring
to my desk legislation that protects the unborn, establishing a culture of life in Kansas. We must support the dignity of every human being whether that person is unemployed, undereducated, or unborn.

**Judgment**

Few, if any, of us in this chamber tonight will merit mention in the long judgment of Kansas history, but let each of us do what we can to improve the lives of Kansans today and those to come tomorrow.

My Administration will put forth five measurable, significant goals that cumulatively will help push our great state forward into better times with courage, humanity, and hope. They are:

- Increase in net personal income
- Increase in private sector employment
- Increase in the percentage of 4th graders reading at grade level
- Increase in the percentage of high school graduates who are college or career ready
- Decrease in the percentage of Kansas’ children who live in poverty

We are certainly subject to global currents largely out of our control, but we are not rudderless. I believe these goals to be significant and achievable; successfully reaching them will change countless lives for the better and make the future of Kansas brighter.

**The State of our State**

Through war, strife and economic chaos, through doubt and trepidation, the people of Kansas have borne our state to greatness. Each generation of Kansans and the successive waves of immigrants who moved here have maintained the rugged courage to meet every challenge and overcome seemingly insurmountable obstacles with humanity and optimism. This is our legacy, our heritage and profound gift from those who have come before us and led us to this day.

Mr. Speaker - Mr. President – Leaders of Kansas – The state of our character is strong.

It is strong because since 1861, generations of Kansans and waves of immigrants have had the courage, humanity and hope to make it so. God’s abundant grace has favored us. By His continued grace, the good character of the people of Kansas and the greatness of Kansas will grow.

Thank you. May God bless Kansas and these United States.
On motion of Rep. Siegfreid the House adjourned until 11:00 a.m., Thursday, January 13, 2011.
The House met pursuant to adjournment with Speaker O'Neal in the chair.
The roll was called with 121 members present.
Reps. Crum and Schwab were excused on excused absence by the Speaker.

Prayer by Chaplain Brubaker:

Our Heavenly Father,
My prayer today is that these leaders will be
leaders who are understanding;
leaders who will encourage one another;
leaders who will keep learning;
leaders who will dare to blaze a new trail;
leaders who recognize their authority is earned, not granted;
leaders who can identify their gifts, strengths, and limitations;
leaders who will listen and learn;
leaders who have a servant's heart –
just as You have modeled.
In Jesus' Name, I pray.
Amen.

The Pledge of Allegiance was led by Rep. Carlson.

**HOUSE CONCURRENT RESOLUTION No. HCR 5004**—

By Committee on Federal and State Affairs

A PROPOSITION to amend section 5 of article 12 of the constitution of the state of Kansas, relating to cities' powers of home rule.

Be it resolved by the Legislature of the State of Kansas, two-thirds of the members elected (or appointed) and qualified to the House of Representatives and two-thirds of the members elected (or appointed) and qualified to the Senate concurring therein:

Section 1. The following proposition to amend the constitution of the state of Kansas shall be submitted to the qualified electors of the state for their approval or rejection: Section 5 of article 12 of the constitution of the state of Kansas is hereby amended to read as follows:

"§ 5. Cities' powers of home rule. (a) The
legislature shall provide by general law, applicable to all cities, for the incorporation of cities and the methods by which city boundaries may be altered, cities may be merged or consolidated and cities may be dissolved:

Provided. That Existing laws on such subjects not applicable to all cities on the effective date of this amendment shall remain in effect until superseded by general law and such existing laws shall not be subject to charter ordinance.

(b) Cities are hereby empowered to determine their local affairs and government including the levying of taxes, excises, fees, charges and other exactions except when and as the levying of any tax, excise, fee, charge or other exaction is limited or prohibited by enactment of the legislature applicable uniformly to all cities of the same class: Provided. That. The legislature may establish not to exceed four classes of cities for the purpose of imposing all such limitations or prohibitions. Cities shall exercise such determination by ordinance passed by the governing body with referendums only in such cases as prescribed by the legislature, subject only to enactments of the legislature of statewide concern applicable uniformly to all cities, to other enactments of the legislature applicable uniformly to all cities, to enactments of the legislature applicable uniformly to all cities of the same class limiting or prohibiting the levying of any tax, excise, fee, charge or other exaction and to enactments of the legislature prescribing limits of indebtedness. All enactments relating to cities now in effect or hereafter enacted and as later amended and until repealed shall govern cities except as cities shall exempt themselves by charter ordinances as herein provided for in subsection (c).

(c) (1) Any city may by charter ordinance elect in the manner prescribed in this section that the whole or any part of any enactment of the legislature applying to such city, other than enactments of statewide concern applicable uniformly to all cities, other enactments applicable uniformly to all cities, and enactments prescribing limits of indebtedness, shall not apply to such city.

(2) A charter ordinance is an ordinance which exempts a city from the whole or any part of any enactment of the legislature as referred to in this section and which may provide substitute and additional provisions on the same subject. Such charter ordinance shall be so titled, shall designate specifically the
enactment of the legislature or part thereof made inapplicable to such city by the adoption of such ordinance and contain the substitute and additional provisions, if any, and shall require a two-thirds vote of the members-elect of the governing body of such city. Every charter ordinance shall be published once each week for two consecutive weeks in the official city newspaper or, if there is none, in a newspaper of general circulation in the city.

(3) No charter ordinance shall take effect until sixty days after its final publication. If within sixty days of its final publication a petition signed by a number of electors of the city equal to not less than ten percent of the number of electors who voted at the last preceding regular city election shall be filed in the office of the clerk of such city demanding that such ordinance be submitted to a vote of the electors, it shall not take effect until submitted to a referendum and approved by a majority of the electors voting thereon. An election, if called, shall be called within thirty days and held within ninety days after the filing of the petition. The governing body shall pass an ordinance calling the election and fixing the date, which ordinance shall be published once each week for three consecutive weeks in the official city newspaper or, if there be none, in a newspaper of general circulation in the city, and the election shall be conducted as elections for officers and by the officers handling such elections. The proposition shall be: "Shall charter ordinance No. __________, entitled (title of ordinance) take effect?" The governing body may submit any charter ordinance to a referendum without petition by the same publication of the charter ordinance and the same publication of the ordinance calling the election as for ordinances upon petition and such charter ordinance shall then become effective when approved by a majority of the electors voting thereon. Each charter ordinance becoming effective shall be recorded by the clerk in a book maintained for that purpose with a statement of the manner of adoption and a certified copy shall be filed with the secretary of state, who shall keep an index of the same.

(4) Each charter ordinance enacted shall control and prevail over any prior or subsequent act of the governing body of the city and may be repealed or amended only by charter ordinance or by enactments of the legislature applicable to all cities.

(5) A charter ordinance shall not be used to
alter or make changes in the form of city government of a

city where such change has been approved by the electors

of the city until the expiration of four years from the date

of the election.

(d) Powers and authority granted cities

pursuant to this section shall be liberally construed for the

purpose of giving to cities the largest measure of self-

government.

(e) This amendment shall be effective on and

after July 1, 1961."

Sec. 2. The following statement shall be printed on the ballot with

the amendment as a whole:

"Explanatory statement. The purpose of this amendment is

to restrict a city in its ability to make changes in

its form of government by enactment of a charter

ordinance for a period of four years after electors

of the city have approved a change in the form of

government. Charter ordinances are subject to a

petition and election procedure. The purpose of

the amendment is to insure the will of the

electorate in regard to the form of city

government is not circumvented immediately by

a governing body that does not like the change.

The amendment also will save the drawing of a

protest petition and the cost of a second election

which is required to prevent a charter ordinance

from going into effect.

"A vote for the proposition will provide assurance that the

will of the electorate of a city that has chosen a

different form of government will not be

circumvented immediately by the passage of a

charter ordinance and will save the extra effort

and expense to hold a second election to prevent

the charter ordinance from going into effect.

"A vote against the proposition will continue the current

provisions which allow a governing body to

adopt a charter ordinance at any time following a

change in the form of city government approved

by city electors."

Sec. 3. This resolution, if approved by two-thirds of the members

elected (or appointed) and qualified to the House of Representatives, and

two-thirds of the members elected (or appointed) and qualified to the Senate

shall be entered on the journals, together with the yeas and nays. The

secretary of state shall cause this resolution to be published as provided by

law and shall cause the proposed amendment to be submitted to the electors

of the state at the general election in in the year 2012 unless a special

election is called at a sooner date by concurrent resolution of the legislature,
in which case it shall be submitted to the electors of the state at the special election.

WHEREAS, Direct and indirect energy costs and their impacts on individual consumers and consumer sectors have not been widely discussed at the federal level, but are of great concern to state policymakers: Now, therefore,

Be it resolved by the House of Representatives of the State of Kansas, the Senate concurring therein: That we believe that Kansas’ public, elected policymakers and executive agency personnel should have specific targets for energy development, consumption and cost containment; and

Be it further resolved: That compared to January 1, 2010, by December 31, 2020 the following policy objectives should be achieved and all state agencies, including the Board of Regents, Kansas Bio-Science Authority, Kansas Corporation Commission, Kansas Department of Health & Environment, and the Kansas Development Finance Authority, are charged with the responsibility of assisting both the public and private sectors to achieve them:

RENEWABLE ENERGY: At peak generation and consumption periods, 20% of all electricity used by Kansas residential, commercial and industrial customers shall have been generated from renewable resources; and

All Title IV landfills in Kansas shall capture at least 90% of otherwise escaping methane gas from decomposing refuse or shall convert new and existing municipal waste into synthetic gas for use in generating electricity and fueling motor vehicles; and at least 2% of motor fuels sold in Kansas shall contain ethanol from cellulosic processing or bio-fuel synthetic gas; and

ENERGY STORAGE: The Kansas Corporation Commission shall coordinate with Kansas electric utilities and the Southwest Power Pool to study and implement five energy storage projects to cost-effectively address transmission line constraint relief, distributive generation reliability, electric distribution system reliability, and to firm renewable energy generation; and

ENERGY CONSERVATION AND EFFICIENCY: The U.S. and Kansas economies will continue to recover strength after the recession of 2008 and 2009 and electricity demand shall return to its normal 1% to 1.5% annual growth. Unabated, this will result in approximately 15% greater electricity demand by January 1, 2021, than existed as of December 31, 2009. In cooperation with the Kansas Corporation Commission, all Kansas electric utilities shall develop measurable programs to reduce the anticipated rate of growth to 10%, without consumers experiencing a quality of life degradation;
TRANSMISSION: To develop Kansas’ renewable energy generation potential, increase energy exports beyond state borders, provide a more robust transmission system resulting in increased energy reliability and lower cost electricity to high cost service areas, 1,000 miles of new and upgraded transmission lines will be constructed; and

RESEARCH AND RETRO-FIT: The Kansas Board of Regents and the Kansas Department of Commerce shall cooperate and coordinate efforts such that energy research in Kansas by private and public persons and institutions shall cumulatively generate $500 million in grants, sponsored research, and sales of products and technologies that increase energy production, the efficient use of energy and the development of new low-carbon footprint energy sources; with a target of at least $75 million per year beginning January 1, 2012; and

To accomplish this objective, The Kansas Development Finance Authority and Kansas Bio-Science Authority shall develop enhanced grant, loan and loan assurance programs that better enable energy researchers to secure federal and private sector funding to research, develop, commercialize and market energy-related products and services. Such loan assurance programs are not to increase state debt obligations, but to demonstrate to investors that the State of Kansas believes investing in such companies and research is a prudent investment in our nation’s future; and

Smart Grid is the enhanced, real-time communications between elements of the integrated electric system that permit greater efficiencies in the production, distribution and consumption of electricity. In cooperation with the Kansas Corporation Commission, Kansas electric utilities shall strive to ensure that at least 70% of transmission and distribution line segments and appurtenances and at least 50% of all electric meters for each public utility shall be “smart grid compliant;” and

Existing coal-fired generation units, including both electric public utilities and nonpublic utilities, shall reduce the rate of their carbon dioxide releases per BTU to equal or less than 125% of natural gas generation plants constructed in 2009; and

IMPACTS ON KANSANS: The Kansas Department of Commerce and the Board of Regents, as lead agencies, shall enhance workforce development, recruitment and training programs that lead to an employment growth rate in energy production, conservation/efficiency, research and related sectors of 15% per year beginning in 2012; and

Be it further resolved: That the Secretary of State be directed to provide an enrolled copy of this resolution to the Governor, the Board of Regents, the Kansas Bio-Science Authority, the State Corporation Commission, the Kansas Department of Health and Environment and the Kansas Development Finance Authority.

    Our Heavenly Father,
    Every day we are faced with decisions
    which we have to choose between
    the dichotomy of Your Kingdom values
    and those of our society.
    We have been taught to take advantage & manipulate others…
    but You teach us to love others.
    We have the nature to look out for ourselves…
    but You have said to look out for others.
    We are tempted to get as much as we can…
    but You tell us to give as much as we can.
    We have been told to grow up…
    You say become like a child.
    Our tendency is to become a master…
    You encourage us to become a servant.
    We often want to do our own thing…
    You tell us to obey You and Your commandments.
    Today, Lord, in all our conversation and actions,
    help us choose the right path.
    In Christ’s Name I pray, Amen.

MESSAGE FROM THE GOVERNOR

January 21, 2011

Message to the House of Representatives of the State of Kansas:

Enclosed herewith is Executive Order No. 11-01 for your information.

EXECUTIVE ORDER NO 11-01
Creating the Office of the Repealer
within the Kansas Department of Administration

SAM BROWNBACK
Governor

The above Executive Order is on file and open for inspection in the office of the
Chief Clerk.

MESSAGE FROM THE GOVERNOR

Executive Reorganization Order No. 34
By Governor Sam Brownback
January 24, 2011

Pursuant to Article 1, Section 6(b) of the Constitution of the State of Kansas, I am
transmitting this day Executive Reorganization Order No. 34 to both houses of the
Kansas Legislature. Simultaneously with this Order, I am transmitting the
accompanying Governor’s Message.

In these difficult economic times, state government needs to get back to the basics by
focusing on the things that it should rightfully be doing and doing them in the most
efficient manner possible. Achieving this goal requires that we eliminate redundancies.
In this spirit of streamlining government, I am ordering the consolidation of parole
review functions in the executive branch by abolishing the Parole Board as established
by K.S.A. 22-3701 etseq. and establishing within the Department of Corrections the
Prisoner Review Board.

The Kansas Sentencing Guidelines Act became effective on July 1, 1993 requiring
convicted persons to be sentenced pursuant to a determinate sentencing grid. This did
away with traditional indeterminate sentencing and its provisions for parole. Since then,
the numbers of inmates for whom the possibility of parole exists have dwindled both in
real numbers and in the percentage of the total inmate population, thus reducing the
need for a full-time, independent state agency to review parole applications.

Additionally, the Department of Corrections already collects data on each inmate up
for parole. This data is then transmitted to the Parole Board and forms the basis for the
review of each application. By consolidating these functions within the Department’s
new Prisoner Review Board staffed by existing Department employees, the process will
be streamlined and cost savings will be realized immediately. My Fiscal Year 2012
Budget Report anticipates that the State of Kansas will save nearly one-half million
taxpayer dollars from this consolidation alone.

As I said in my State-of-the-State speech, the days of ever-expanding government are
over. This consolidation is a modest first step toward making state government leaner
and more efficient. I look forward to working with the Legislature and my fellow Kansans on achieving these important goals in the months and years to come.

**Executive Reorganization Order No. 34**

by either house of the Kansas legislature as provided by subsection (c) of section 6 of

HOUSE CONCURRENT RESOLUTION No. HCR 5006—

By Representative Kinzer

Be it resolved by the Legislature of the State of Kansas, two-thirds of the members elected (or appointed) and qualified to the House of Representatives, and two-thirds of the members elected (or appointed) and qualified to the Senate concurring therein:

Section 1. The following proposition to amend the constitution of the state of Kansas shall be submitted to the qualified electors of the state for their approval or rejection: Section 24 of article 2 of the constitution of the state of Kansas is hereby amended to read as follows:

"§ 24. Appropriations. No money shall be drawn from the treasury except in pursuance of a specific appropriation made by
The executive and judicial branches shall have no authority to direct the legislative branch to make any appropriation of money or to redirect or limit in any fashion an appropriation already made by law, except as the legislative branch may provide by law or as may be required by the constitution of the United States."

Sec. 2. The following statement shall be printed on the ballot with the amendment as a whole:

"Explanatory statement. The purpose of this amendment is to clarify that the executive and judicial branches shall not direct the legislative branch to make any appropriation of money or redirect or limit the expenditures of funds appropriated by law, except as the legislative branch may provide by law or as may be required by the constitution of the United States.

"A vote for this amendment would clarify that section 24 of article 2 of the Kansas constitution provides that neither the judicial branch nor the executive branch can force the legislative branch to appropriate money, except as the legislative branch may provide by law or as may be required by the constitution of the United States. The amendment would also prohibit the judicial branch from ordering a change in how money is spent after it has been appropriated by the legislative branch, except as the legislative branch may provide by law or as may be required by the constitution of the United States. If money is appropriated for a particular purpose the judicial branch could not stop that money from being spent for that purpose.

"A vote against this amendment would provide no change to the Kansas constitution and the existing order that directs the legislative branch to make an appropriation of money shall remain in effect."

Sec. 3. This resolution, if approved by two-thirds of the members elected (or appointed) and qualified to the House of Representatives, and two-thirds of the members elected (or appointed) and qualified to the Senate shall be entered on the journals, together with the yeas and nays. The secretary of state shall cause this resolution to be published as provided by law and shall cause the proposed amendment to be submitted to the electors of the state at the general election in April in the year 2011 unless a special election is called at a sooner date by concurrent resolution of the legislature, in which case it shall be submitted to the electors of the state at the special election.

On motion of Rep. Siegfreid, the House adjourned until 11:00 a.m. Tuesday, January 25, 2011.
The House met pursuant to adjournment with Speaker O'Neal in the chair.

On the occasion of Dwight D. Eisenhower's 119th birthday, let us bow our heads and remember the prayer for mankind that Eisenhower wrote at the end of his famous farewell address to the nation on the 17th of January 1961...

We pray that peoples of all faiths, all races, all nations, may have their great human needs satisfied; that those now denied opportunity shall come to enjoy it to the full; that all who yearn for freedom may experience its spiritual blessings; that those who have freedom will understand, also, its heavy responsibilities; that all who are insensitive to the needs of others will learn charity; that the scourges of poverty, disease and ignorance will be made to disappear from the earth, and that, in the goodness of time, all peoples will come to live together in a peace guaranteed by the binding force of mutual respect and love.

INTRODUCTION OF GUESTS

There being no objection, the following remarks of Rep. Carlin, are spread upon the journal:

I would like to introduce the 6A State Volleyball Champions from Manhattan High School. This was Lisa Kinderknecht's first year as head coach of the Manhattan High Indian volleyball team. The championship and Indian record earned her recognition as coach of the Year for Class 6A. Coach Kinderknecht had taken over the program from Lori Martini who led the program to nine state tournaments, including the last state title in 2003. This year the Manhattan High Indians captured the 6A state title by beating Maize in the finals after advancing in a win over long time rival and the previous state champions – Washburn Rural. After coming in third last year at the State Tournament, it was Manhattan High's turn for a State Championship. The Indians overall record was 31-11. Mari Jo Massanet led the Indians in kills and was named Player of the Year for Class 6A as well as being named to the State Team, All Tournament Team, and the Centennial League First Team. Sarah Tatarko led the team with assists and was also named to the State Team, All Tournament Team, and Centennial League First Team. Jordyn Holle led the Indians with digs and was named Honorable Mention to the State Team and Second Team Centennial League. Kylie Rupe, another team leader with kills,
was also named to the Second Team Centennial League and was All Tournament Team
at the Tonganoxie Invitational along with Mari Jo Massanet. Kayla Shields, Alexia
Evans, Lindsy Ekart and Kami Dillon also received honorable mention for the
Centennial League. Other varsity players for MHS Volleyball include Aubrey Jung,
Colbi Brooks, Lauren Goralczyk, Shelby Hill, and Jessie Kujawa. The team managers
are also with us today – Carrie Andrade, Michaela Braun, Harley Roedel and Stephanie

MESSAGE FROM THE GOVERNOR

Executive Reorganization Order No. 35
By Governor Sam Brownback
January 25, 2011

Pursuant to Article 1, Section 6(b) of the Constitution of the State of Kansas, I am transmitting this day Executive Reorganization Order No. 35 to both houses of the Kansas Legislature. Simultaneously with this Order, I am transmitting the accompanying Governor’s Message.

Our state has a long tradition of promoting full and equal citizenship for all Kansans with disabilities. First established in 1949 as the Governor’s Committee on Employment of the Physically Handicapped, the Kansas Commission on Disability Concerns works to ensure that Kansans with disabilities have equal access to employment opportunities and a living environment of their choice. It partners with state, federal, and local governments as well as businesses, labor, private citizens, and non-profit organizations to enhance the employment opportunities and quality of life of all Kansans who are disabled.

It is important that those who advocate on behalf of disabled Kansans have direct access to the Governor’s office so that the community’s concerns are addressed and solutions to their challenges acted upon. This is why I am ordering the transfer of the Kansas Commission on Disability Concerns as established by K.S.A. 74-6701 et seq. from the Department of Commerce to the Office of the Governor.

I look forward to working with the Legislature and the disabled community in the months and years to come as we work to ensure that all Kansans have equal access to the quality of life that we all have come to appreciate in this state we call home.

INTRODUCTION OF ORIGINAL MOTIONS AND HOUSE RESOLUTIONS

The following resolution was introduced and read by title:

HOUSE RESOLUTION No. HR 6008—
By Committee on Energy and Utilities

A RESOLUTION opposing the Environmental Protection Agency's regulatory train wreck.

WHEREAS, The United States Environmental Protection Agency (EPA) has proposed or is proposing numerous new regulations, particularly in the area of air quality and regulation of greenhouse gases, that are likely to have major effects on the economy, jobs and the competitiveness of the United States in worldwide markets; and

WHEREAS, The EPA's regulatory activity concerning air quality and greenhouse gases has become known as the "train wreck," because of the numerous and overlapping requirements and because of the potentially devastating consequences this regulatory activity may have on the economy; and

WHEREAS, Concern is growing that, with cap-and-trade legislation having failed in Congress, the EPA is attempting to obtain the same results through the adoption of regulations; and

WHEREAS, Over-regulation by the EPA is driving jobs and industry out of the United States; and

WHEREAS, Neither the EPA nor the Administration has undertaken any comprehensive study of what the cumulative effect of all of this new regulatory activity will have on the economy, jobs and competitiveness; and

WHEREAS, The EPA has not performed any comprehensive study of what the environmental benefits of its greenhouse regulation will be in terms of impacts on global climate; and

WHEREAS, State agencies are routinely required to identify the costs of their regulations and to justify those costs in light of the benefits; and

WHEREAS, Since the EPA has identified "taking action on climate change and improving air quality" as its first strategic goal for the 2011 to 2015 time period, the EPA should be required to identify the specific actions it intends to take to achieve these goals and to assess the total cost of all these actions together; and

WHEREAS, The legislature supports continuing improvements in the quality of the nation's air and believes that such improvements can be made in a sensible fashion without damaging the economy as long as there is a full understanding of the cost of the regulations at issue; and

WHEREAS, The primary goal of government at the present time must be to promote economic recovery and to foster a stable and predictable business environment that will
lead to the creation of jobs; and

WHEREAS, Public health and welfare will suffer without significant new job creation and economic improvement, because people with good jobs are better able to take care of themselves and their families than the unemployed and because environmental improvement is only possible in a society that generates wealth: Now, therefore,

Be it resolved by the House of Representatives of the State of Kansas: That we urge Congress to adopt legislation prohibiting the EPA, by any means necessary, from regulating greenhouse gas emissions, including defunding EPA greenhouse gas regulatory activities; and

Be it further resolved: That we urge Congress to impose a moratorium on promulgation of any new air quality regulation by the EPA by any means necessary, except to directly address an imminent health or environmental emergency, for a period of at least two years, including defunding EPA air quality regulatory activities; and

Be it further resolved: That we urge Congress to require the Administration to undertake a study identifying all regulatory activity that the EPA intends to undertake in furtherance of its goal of "taking action on climate change and improving air quality" and specifying the cumulative effect of all of these regulations on the economy, jobs and American economic competitiveness. This study should be a multi-agency study drawing on the expertise both of the EPA and of agencies and departments having expertise in, and responsibility for, the economy and the electric system and should provide an objective cost-benefit analysis of all of the EPA's current and planned regulations together; and

Be it further resolved: That the Chief Clerk of the House of Representatives shall be directed to provide enrolled copies of this resolution to the EPA, the President of the United States, the Kansas Congressional Delegation, the Speaker of the United States House of Representatives, the Minority Leader of the United States House of Representatives, the Majority Leader of the United States Senate and the Minority Leader of the United States Senate.

Upon unanimous consent, the House referred back to the regular order order of business, Introduction of Bills and Concurrent Resolution.

We gather here today mindful that the laws of nature and of nature's God hold all of us and call us great and small, rich and poor, powerful and weak to be accountable for our thoughts and our actions.

Confessing Father that you alone are the source of the self-evident truths of equality and individual rights, upon which our liberty in the United States of America is founded, I humbly ask your blessings of wisdom and protection upon all our elected and appointed officials from Washington D.C. to the Kansas Governor's Office, to the Kansas State House, to the Kansas Courts; from the Courthouses, to our schools, and into the security and sanctity of our own homes. For the military, the police, and all security personnel who are standing faithful watch risking their lives for us, I ask that you would be their shield and rear guard, granting them the wisdom to be successful in their faithful and righteous mission to preserve, protect and defend the peaceful and tranquil pursuit of life, liberty and happiness.

Father, heal our land. Forgive us our sins and forgive those who sin against us. Renew in us the same spirit of liberty embodied in President Lincoln's timeless and healing vision, “That this nation, under God, shall have a new birth of freedom.” Guide our stewardship of our state's resources and its bounty. Help us to be a people who walk humbly before you and practice in all sincerity and righteousness our love for you and our love for our neighbor.
Instill in us the spirit of generous love for the elderly, the needy, and our children's education and well being. Grant us the strength of character to respect and defend the lawful rights of all mankind.

Father, as our elected officials gather here in the Kansas State Legislature I appeal to you, the Supreme Judge of the world, for the rectitude of their intentions and “We the people” they represent that our laws and the enforcements thereof may be just and righteous, our discourse civil, our behavior and thoughts wholesome, righteous and good.

Father we need your divine providence and protection daily. Lead us not into temptation but deliver us from evil. Guide us in the paths of righteousness for your name's sake/

Father I humbly offer these confessions, these requests, these petitions, and this prayer with a firm reliance in the name of nature's God, Jesus Christ. Amen.

The Pledge of Allegiance was led by Rep. Garber.

**MESSAGE FROM THE GOVERNOR**

**Executive Reorganization Order No. 36**

*By Governor Sam Brownback*

*January 27, 2011*

Pursuant to Article 1, Section 6(b) of the Constitution of the State of Kansas, I am transmitting this day Executive Reorganization Order No. 36 to both houses of the Kansas Legislature. Simultaneously with this Order, I am transmitting the accompanying Governor’s Message.

In these difficult economic times, state government must be organized to market our state’s assets to national and international visitors more effectively. The purpose of this Executive Reorganization Order is to:
1) Rename the Department of Wildlife and Parks as established by K.S.A. 32-801 et seq. as the Department of Wildlife, Parks and Tourism.

2) Abolish the Assistant Secretary of Operations position as established by K.S.A. 32-802, and in its place establish an Assistant Secretary of Wildlife, Fisheries, and Boating and an Assistant Secretary of Parks and Tourism.

3) Transfer the powers, functions, and duties of the Division of Travel and Tourism Development at the Department of Commerce as established by K.S.A. 74-5032 and K.S.A. 74-5032(a) and amendments thereto, to the Department of Wildlife, Parks and Tourism.

As I said in my State-of-the-State speech, as we set the stage for economic growth in Kansas we must take greater advantage of tourism opportunities in areas such as the Flint Hills and increase hunting opportunities that already draws millions of dollars to our state year after year. The new structure will allow state government to focus our resources on this important goal more effectively and encourage innovative partnerships between the private and public sectors that can improve our state park system and encourage more visitors to discover the treasures of Kansas. I look forward to working with the Legislature and my fellow Kansans on achieving these important goals in the months and years to come.

Prayer by Chaplain Brubaker:

Our Heavenly Father,
This week we celebrate our sesquicentennial.
Thank You for Your faithfulness
and multiple blessings upon this state.
Thank you that Kansas was a place in the late 1800’s
where people of all faiths and cultures
felt comfortable enough to come and call it home.
In the harsh days of the 1930’s
when the dust storms swept over our land,
thank You for protecting our people
and instilling a spirit of determination,
strength and stamina to endure hardships.
Thank You for blessing our land with golden wheat
to allow us to feed millions around the world.
Help us to celebrate the past, but not live in it.
Helps us to learn from the past, but not repeat it.
Help us to build upon the rich foundation of the past
to prepare for a stronger and brighter future.
And as for the Kansas Sunflower State showdown,
I pray that one of the teams will be able to
change the patterns of past history
and begin a new trend for the future.
In Christ’s Name I pray, Amen.

The Pledge of Allegiance was led by Rep. Lane.

Prayer by Chaplain Brubaker:

Our Heavenly Father,
Thank you for a fresh start of a new week.
The momentum is increasing
and schedules are getting busier.
Busy schedules often beget exhaustion;
exhaustion begets frustration;
frustration begets impatience;
impatience begets a critical spirit;
and a critical spirit begets unkindness.
So, as we start a brand new week,
remind us daily
that our words and actions toward others
will have much more of a lasting impact
than our to-do lists and busy calendar.
In Jesus’ name I pray, Amen.

The Pledge of Allegiance was led by Rep. Kelly.

HOUSE CONCURRENT RESOLUTION No. HCR 5007—

A PROPOSITION to amend the constitution of the state of Kansas by adding a new article 16 thereto, concerning health care.

Be it resolved by the Legislature of the State of Kansas, two-thirds of the members elected (or appointed) and qualified to the House of Representatives and two-thirds of the members elected (or appointed) and qualified to the Senate concurring therein:

Section 1. The following proposition to amend the constitution of the state of Kansas shall be submitted to the qualified electors of the state for their approval or rejection: The constitution of the state of Kansas is amended by adding a new article 16 thereto to read as follows:

"Article 16. – HEALTH CARE

§1. Health care. (a) To preserve the freedom of Kansans to provide for their health care:

“(1) A law or rule shall not compel, directly or indirectly, any person, employer or health care provider to participate in any health care system or purchase health insurance.

“(2) A person or employer may pay directly for lawful health care services and shall not be required to pay penalties or fines for paying directly for lawful health care services. A health care provider may accept direct payment for lawful health care services and shall not be required to pay penalties or fines for accepting direct payment from a person or employer for lawful health care services.

“(b) Subject to reasonable and necessary rules that do not substantially limit a person’s options, the purchase or sale of private health insurance or the participation in private health care systems shall not be prohibited by law or rule.

“(c) This section does not:

“(1) Affect which health care services a health care provider or hospital is required to perform or provide.

“(2) Affect which health care services are permitted by law.
“(3) Prohibit care provided pursuant to the provisions relating to workers compensation.
“(4) Prohibit care provided pursuant to the provisions relating to state employee benefit programs.
“(5) Affect laws or rules in effect as of August 1, 2009.
“(6) Affect the terms or conditions of any health care system to the extent that those terms and conditions do not have the effect of punishing or penalizing a person or employer for paying directly for lawful health care services or a health care provider or hospital for accepting direct payment from a person or employer for lawful health care services.
“(d) For the purposes of this section:
“(1) “Compel” includes penalties or fines.
“(2) “Direct payment or pay directly” means payment for lawful health care services without a public or private third party, not including an employer, paying for any portion of the service.
“(3) “Health care system” means any public or private entity whose function or purpose is the management of, processing of, enrollment of individuals for or payment for, in full or in part, health care services or health care data or health care information for its participants.
“(4) “Lawful health care services” means any health-related service or treatment to the extent that the service or treatment is permitted or not prohibited by law or regulation that may be provided by persons or businesses otherwise permitted to offer such services.
“(5) “Penalties or fines” means any civil or criminal penalty or fine, tax, salary or wage withholding or surcharge or any named fee with a similar effect established by law or rule by a government established, created or controlled agency that is used to punish or discourage the exercise of rights protected under this section.”

Sec. 2. The following statement shall be printed on the ballot with the amendment as a whole:

“Explanatory statement. The purpose of this health care freedom amendment is to preserve constitutionally the right and freedom of Kansans to provide for their health care. This proposition would not affect which health care services a health care provider or hospital is required to perform or provide; would not affect which health care services are permitted by law; would not prohibit care provided pursuant to the general provisions relating to workers compensation; would not prohibit care pursuant to the provisions relating to state employee benefit programs; would not affect laws or rules in effect as of August 1, 2009; or would not affect the terms or conditions of any health care system to the extent that those terms and conditions do not have the effect of punishing a person or employer for paying directly for lawful health care services. Nothing in this amendment is meant to discourage anyone from purchasing health insurance.

“A vote for this proposition would preserve constitutionally the right of a person, employer or health care provider to be free from laws or rules compelling participation in any health care system; preserve constitutionally the right of a person or employer to purchase lawful health care services directly from a health care provider; preserve constitutionally the right of a health care provider to accept direct payment from a person or employer for lawful health care services; and preserve constitutionally the
right to have the ability to purchase or sell health insurance in private health care systems.

“A vote against this proposition would provide for no constitutional right of a person, employer or health care provider to be free from laws and rules compelling participation in any health care system; would provide for no constitutional right of a person or employer to purchase lawful health care services directly from a health care provider; would provide for no constitutional right of a health care provider to accept direct payment from a person or employer for lawful health care services; and would provide for no constitutional right to have the ability to purchase or sell health insurance in private health care systems.”

Sec. 3. This resolution, if approved by two-thirds of the members elected (or appointed) and qualified to the House of Representatives, and two-thirds of the members elected (or appointed) and qualified to the Senate shall be entered on the journals, together with the yeas and nays. The secretary of state shall cause this resolution to be published as provided by law and shall cause the proposed amendment to be submitted to the electors of the state at the general election in November in the year 2012 unless a special election is called at a sooner date by concurrent resolution of the legislature, in which case it shall be submitted to the electors of the state at the special election.

Prayer by Chaplain Brubaker:

Our Heavenly Father,
I think it rather ironic that this past Monday
I prayed about the momentum increasing
and asked that You help us through the busyness.
Then everything was brought to a halt for two days
as Your creation wreaked havoc across the state.
It reminds me of Your Word where it says,
“In his heart a man plans his course,
But the Lord determines his steps.”
(Proverbs 16:9, NIV)
Whatever comes our way today,
whatever plans we may have made;
We ask that You guide our steps
and lead us in the direction of Your will.
In Christ’s Name I pray, Amen.

The Pledge of Allegiance was led by Rep. Hermanson.

MESSAGE FROM THE GOVERNOR

Executive Reorganization Order No. 35 as Corrected  
By Governor Sam Brownback  
February 3, 2011

Pursuant to Article 1, Section 6(b) of the Constitution of the State of Kansas, I am transmitting this day Executive Reorganization Order No. 35 as corrected to both houses of the Kansas Legislature. Simultaneously with this Order, I am transmitting the accompanying Governor’s Message.

Executive Reorganization Order No. 35 as corrected is the corrected version of Executive Reorganization Order No. 35 as transmitted on January 25, 2011, which contained drafting errors.

Our state has a long tradition of promoting full and equal citizenship for all Kansans with disabilities. First established in 1949 as the Governor’s Committee on Employment of the Physically Handicapped, the Kansas Commission on Disability Concerns works to ensure that Kansans with disabilities have equal access to employment opportunities and a living environment of their choice. It partners with state, federal, and local governments as well as businesses, labor, private citizens, and non-profit organizations to enhance the employment opportunities and quality of life of all Kansans who are disabled.

It is important that those who advocate on behalf of disabled Kansans have direct access to the Governor’s office so that the community’s concerns are addressed and solutions to their challenges acted upon. This is why I am ordering the transfer of the Kansas Commission on Disability Concerns as established by K.S.A. 74-6701 et seq. from the Department of Commerce to the Office of the Governor.

I look forward to working with the Legislature and the disabled community in the months and years to come as we work to ensure that all Kansans have equal access to the quality of life that we all have come to appreciate in this state we call home.
Section 1. The commission on disability concerns is hereby transferred from the department of commerce to the office of governor and shall be a part thereof. The commission shall be advisory to the governor. The governor shall appoint an executive director of the commission. The office of governor shall provide office space and such clerical and other personnel as may be necessary for the efficient performance of the commission.

Sec. 2. Except as otherwise provided by this order, all powers, duties, and functions of the commission on disability concerns under K.S.A. 74-6701 et seq. and amendments thereto are hereby transferred to and imposed upon the commission.

Sec. 3. (a) The commission shall be the successor in every way to the powers, duties, and functions of the commission in which the same were vested prior to the effective date of this order and that are transferred pursuant to section 2. Every act performed in the exercise of such transferred powers, duties, and functions by or under the authority of the commission shall be deemed to have the same force and effect as if performed by the commission in which such powers, duties, and functions were vested prior to the effective date of this order.

(b) Whenever the commission or words of like effect are referred to or designated by a statute, contract, or other document and such reference is in regard to any of the powers, duties, or functions transferred to the office of governor, such reference or designation shall be deemed to apply to the commission attached to the office of governor.

(c) All rules and regulations, orders, and directives of the commission which relate to the functions transferred by this order and which are in effect on the effective date of this order shall continue to be effective and shall be deemed to be rules and regulations, orders, and directives of the commission until revised, amended, revoked, or nullified pursuant to law.

Sec. 4. (a) The balances of all funds or accounts thereof appropriated or reappropriated for the commission relating to the powers, duties, and functions transferred by this order are hereby transferred within the state treasury to the office of governor and shall be used only for the purpose for which the appropriation was originally made.

(b) Liability for all accrued compensation or salaries of officers and employees who are transferred to the commission under this order shall be assumed and paid by the commission attached to the office of governor.

Sec. 5. (a) When any conflict arises as to the disposition of any property, power, duty, or function or the unexpended balance of any appropriation as a result of any abolition or transfer made by or under the authority of this order, such conflict shall be resolved by the governor, whose decision shall be final.

(b) The commission attached to the office of governor shall succeed to all property, property rights, and records which were used for or pertain to the performance of powers, duties, and functions transferred to the commission attached to the office of governor. Any conflict as to the proper disposition of property, personnel, or records arising under this order shall be determined by the governor, whose decision shall be
final.

Sec. 6. (a) No suit, action, or other proceeding, judicial or administrative, lawfully commenced, or which could have been commenced, by or against any state agency or program mentioned in this order, or by or against any officer of the state in such officer's official duties, shall abate by reason of the governmental reorganization effected under the provisions of this order. The court may allow any such suit, action, or other proceeding to be maintained by or against the successor of any such state agency or any officer affected.

(b) No criminal action commenced or which could have been commenced by the state shall abate by the taking effect of this order.

Sec. 7. (a) All officers and employees of the commission who, immediately prior to the effective date of this order, are engaged in the exercise and performance of the powers, duties, and functions transferred by this order, as well as all officers and employees of the commission who are determined by the executive director of the commission attached to the office of governor to be engaged in providing administrative, technical, or other support services that are essential to the exercise and performance of the powers, duties, and functions transferred by this order, are hereby transferred to the commission attached to the office of governor. All classified employees so transferred shall retain their status as classified employees.

(b) Officers and employees of the commission transferred by this order shall retain all retirement benefits and leave balances and rights which had accrued or vested prior to the date of transfer. The service of each such officer and employee so transferred shall be deemed to have been continuous. Any subsequent transfers, layoffs, or abolition of classified service positions under the Kansas civil service act shall be made in accordance with the civil service laws and any rules and regulations adopted thereunder. Nothing in this order shall affect the classified status of any transferred person employed by the commission prior to the date of transfer.

Sec. 8. Except as otherwise provided by this order, all of the provisions of this order shall take effect and have the force of general law on July 1, 2011, unless disapproved by either house of the Kansas legislature as provided by subsection (c) of section 6 of article 1 of the constitution of Kansas, and unless so disapproved, this order is to be published as and with the acts of the legislature and the statutes of this state.

MESSAGE FROM THE GOVERNOR

Executive Reorganization Order No. 36 as Corrected
By Governor Sam Brownback
February 3, 2011

Pursuant to Article 1, Section 6(b) of the Constitution of the State of Kansas, I am transmitting this day Executive Reorganization Order No. 36 as corrected to both houses of the Kansas Legislature. Simultaneously with this Order, I am transmitting the accompanying Governor’s Message.

Executive Reorganization Order No. 36 as corrected is the corrected version of Executive Reorganization Order No. 36 as transmitted on January 27, 2011, which contained drafting errors.

In these difficult economic times, state government must be organized to market our state’s assets to national and international visitors more effectively. The purpose of this Executive Reorganization Order is to:

1. Rename the Department of Wildlife and Parks as established by K.S.A. 32-801 et seq. as the Department of Wildlife, Parks and Tourism.
2. Abolish the Assistant Secretary of Operations position as established by K.S.A. 32-802, and in its place establish an Assistant Secretary of Wildlife, Fisheries, and Boating and an Assistant Secretary of Parks and Tourism.
3. Transfer the powers, functions, and duties of the Division of Travel and Tourism Development at the Department of Commerce as established by K.S.A. 74-5032 and K.S.A. 74-5032(a) and amendments thereto, to the Department of Wildlife, Parks and Tourism.

As I said in my State-of-the State speech, as we set the stage for economic growth in Kansas we must take greater advantage of tourism opportunities in areas such as the Flint Hills and increase hunting opportunities that already draws millions of dollars to our state year after year. The new structure will allow state government to focus our resources on this important goal more effectively and encourage innovative partnerships between the private and public sectors that can improve our state park system and encourage more visitors to discover the treasures of Kansas. I look forward to working with the Legislature and my fellow Kansans on achieving these important goals in the months and years to come.

Should the supreme court determine that the reapportionment statute is invalid, the legislature shall again enact a statute reapportioning the legislative districts in compliance with the direction of and conforming to the mandate of the supreme court within 15 days after entry thereof.

(d) Whenever a petition or application is filed under this section, the supreme court, in accordance with its rules, shall permit interested persons to present their views.

Sec. 2. The following statement shall be printed on the ballot with the amendment as a whole:

"Explanatory statement. The purpose of this amendment is to eliminate the adjustment of census taken by the United States bureau of the census regarding nonresident military personnel and nonresident students when reapportioning the Kansas senate and house of representatives.

“A vote for this amendment would eliminate the adjustment of census taken by the United States bureau of the census regarding nonresident military personnel and nonresident students when reapportioning the Kansas senate and house of representatives.

“A vote against this amendment would continue in effect the requirement for the adjustment of census taken by the United States bureau of the census regarding nonresident military personnel and nonresident students when reapportioning the Kansas senate and house of representatives.”

Sec. 3. This resolution, if approved by two-thirds of the members elected (or appointed) and qualified to the House of Representatives, and two-thirds of the members elected (or appointed) and qualified to the Senate shall be entered on the journals, together with the yeas and nays. The secretary of state shall cause this resolution to be published as provided by law and shall cause the proposed amendment to be submitted to the electors of the state at the general election in November in the year 2012 unless a special election is called at a sooner date by concurrent resolution of the legislature, in which case it shall be submitted to the electors of the state at the special election.

Prayer by Chaplain Brubaker:

God, today I pray Your Word
as written in Proverbs 16.
"A good leader motivates,
doesn't mislead, doesn't exploit.
God cares about honesty in the workplace,
your business is His business.
Good leaders abhor wrongdoing of all kinds;
sound leadership has a moral foundation.
Good leaders cultivate honest speech;
they love advisers who tell them the truth.
Good-tempered leaders invigorate lives;
they're like spring rain and sunshine.
Get wisdom—it's worth more than money;
choose insight over income every time.
The road of right living bypasses evil;
watch your step and save your life."
(Proverbs 16:10-13, 15-17, The Message)
In Your Son's Name I pray, Amen.

The Pledge of Allegiance was led by Rep. Slattery.

A CONCURRENT RESOLUTION urging the Environmental Protection Agency to develop regulations and standards that minimize adverse impacts and continue to let state permit writers to determine the best available technology for site specific ecosystems.

WHEREAS, Section 316(b) of the Clean Water Act (CWA) requires that cooling water intake structures (CWIS) reflect the best technology available for minimizing adverse environmental impact; and

WHEREAS, The United States Environmental Protection Agency (EPA) has executed a settlement agreement to issue new rules under section 316(b) of the CWA to regulate CWIS proposed by March, 2011 and finalized by July, 2012; and

WHEREAS, This rule is anticipated to cover existing large steam-electric generators including nuclear, coal-based, and natural-gas based power plants as well as some existing small generators and manufacturers that have CWIS; and

WHEREAS, The EPA is considering mandating the use of closed-cycle cooling systems or cooling towers at most power plants; and

WHEREAS, The state of Kansas has applied CWA section 316(b) on a site-by-site basis examining the impacts of CWIS in relation to the specific biological community. This site-specific approach remains the most scientifically valid and cost-effective method of regulating intake impacts; and

WHEREAS, The EPA can choose to continue to allow states to evaluate power plants on a case-by-case basis to determine the best available technology for that site or require using cooling towers uniformly at each site as the best technology available to prevent fish impingement and entrainment; and

WHEREAS, The state of Kansas believes that the site-specific cost-benefit approach used today to regulate Kansas power plant CWIS is the most scientifically valid and cost effective approach to CWA section 316(b) rulemaking; and

WHEREAS, A one-size-fits-all rule would have a negative effect on energy prices, reliability and the environment; and

WHEREAS, The result could precipitate premature closures of power plants and extended plant outages negatively impacting capacity margins for reliability requirements; and

WHEREAS, Consumers will face higher electricity prices; and

WHEREAS, Environmental impacts include increased emissions of greenhouse gases and particulate matter, increased evaporative water losses and increased solid waste production; and

WHEREAS, Cooling towers cause increased evaporative water losses impacting Kansas parks, lakes, rivers and watersheds in a state where water is a very precious resource; and

WHEREAS, No two plants or sites are alike, so state permitting authorities must have the flexibility to take into consideration the unique needs of the affected water body; and

WHEREAS, A widespread requirement to retrofit cooling towers on the existing fleet of once-through cooled power plants would affect approximately 40% of the existing United States electric generation capacity, including almost 55% of the nation’s
nuclear capacity and more than 25% of the nation’s fossil capacity; and

WHEREAS, The state of Kansas permit writers need the ability to reject cooling towers and the flexibility to recommend other technologies when cooling towers cause more adverse environmental impacts than they prevent; and

WHEREAS, A variety of cooling water intake technologies need to be considered due to the wide variety in the types of power plants, their locations and the aquatic communities they affect: Now, therefore,

Be it resolved by the House or Representatives of the State of Kansas, the Senate concurring therein: That we urge the EPA to continue to work to develop regulations and standards under section 316(b) that minimize adverse impacts to the aquatic environment using site specific considerations and cost-benefit analysis; and

Be it further resolved: That the EPA will continue to let state permit writers use a meaningful site specific approach that focuses on determining the best available technology for that site specific ecosystem where the benefits of the technology outweigh the negative impacts; and

Be it further resolved: That the Secretary of State be directed to provide enrolled copies of this resolution to the Environmental Protection Agency, the State Corporation Commission and the Kansas Department of Health and Environment.

On motion of Rep. Siegfreid, the House adjourned until 11:00 a.m. Monday, February 7, 2011.
The House met pursuant to adjournment with Speaker O’Neal in the chair.

The roll was called with 121 members present.

Rep. Hermanson was excused on verified illness.

Reps. Alford, Fawcett and Swanson were excused on excused absence by the Speaker.

Prayer by Chaplain Brubaker:

Heavenly Father,
Today is the first day of the week—
help us to think of it as a fresh new start
to avail of Your mercy and faithfulness
which are new every morning.
It is a busy day with numerous bills to be
referred to the various committees,
and several to be put to final action.
Some we may agree with—
some we may not.
Help us in our words and actions
to show the same mercy and faithfulness.
And, Lord, although it may not be on the agenda,
we do pause and celebrate the success and victory
of our native son from Riley County—
who through his superb gifts and talents
that You have blessed him with,
made Kansans righteously proud last evening.
In Jesus’ Name I pray, Amen.

The Pledge of Allegiance was led by Rep. Mast.

### MESSAGE FROM THE GOVERNOR

**Executive Reorganization Order No. 37**

**By Governor Sam Brownback**

**February 7, 2011**

Pursuant to Article 1, Section 6(b) of the Constitution of the State of Kansas, I am transmitting this day Executive Reorganization Order No. 37 to both houses of the Kansas Legislature. Simultaneously with this Order, I am transmitting the accompanying Governor’s Message.

As we look to grow Kansas’ economy and focus state government resources to ensure the most efficient use of taxpayer dollars, I am ordering the abolition of Kansas Inc. as established by K.S.A. 74-8001 et seq. Kansas’ government has far too many economic development agencies and programs, many of which focus on picking winners and losers instead of creating an environment for growth. As part of the culture change that Kansans expect in state government as we retool for the 21st century economy, I am looking to consolidate these various functions and make them more accountable to voters for their successes or failures.

As I said in my State-of-the-State speech, the days of ever-expanding government are
over. This reorganization order is a modest step toward making our economic development structure leaner, more efficient, more accountable, and more successful in growing the state. These means will help us get the more than 100,000 unemployed Kansans back to work and grow our state’s net personal income in the years ahead. I look forward to working with the Legislature and my fellow Kansans to achieve these important goals.

Executive Reorganization Order No. 37
By Governor Sam Brownback
Transmitted February 4, 2011

Sec. 1. Kansas, Inc., its board, the office of chief executive officer, and the president of Kansas, Inc., along with their powers, duties, and functions, as created pursuant to K.S.A. 74-8001 et seq., and amendments thereto, are hereby abolished.

Sec. 2. (a) The secretary of administration, for the sole purpose of efficiently wrapping up and concluding the affairs of Kansas, Inc. and satisfying any outstanding liabilities or commitments of Kansas, Inc., shall be the successor in every way to the powers, duties, and functions of the Kansas, Inc., and its chief executive officer and president, hereinafter referred to as president, in which the same were vested prior to the effective date of this order. Every act performed in the exercise of such abolished powers, duties, and functions by or under the authority of the secretary of administration shall be performed by the existing employees of the department of administration and shall be deemed to have the same force and effect as if performed by Kansas, Inc., or its president in which such powers, duties, and functions were vested prior to the effective date of this order.

(b) In furtherance of the sole purpose set forth in Section 2(a) above, whenever Kansas, Inc., or words of like effect are referred to or designated by a statute, contract, memorandum of agreement or other document, such reference or designation shall be deemed to apply to the secretary of administration.

(c) In furtherance of the sole purpose set forth in Section 2(a) above, whenever the president of Kansas Inc., or words of like effect are referred to or designated by a statute, contract, memorandum of agreement or other document, such reference or designation shall be deemed to apply to the secretary of administration.

(d) In furtherance of the sole purpose set forth in Section 2(a) above, all rules and regulations, orders, and directives of Kansas, Inc., or its president which are in effect on the effective date of this order, shall continue to be effective and shall be deemed to be rules and regulations, orders, and directives of the secretary of administration, until revised, amended, revoked or nullified pursuant to law.

(e) In furtherance of the sole purpose set forth in Section 2(a) above, all orders and directives of the Kansas, Inc., or its president in existence on the effective date of this act shall continue to be effective and shall be deemed to be orders and directives of the secretary of administration, until revised, amended or nullified pursuant to law.

Sec. 3. (a) The secretary of administration shall succeed to whatever right, title or interest that Kansas, Inc., has acquired in any real property in this state, and the secretary of administration shall hold the same for and in the name of the state of Kansas.

(b) Whenever any statute, contract, deed or other document concerns the power or
authority of Kansas, Inc., or its president to acquire, hold or dispose of real property or any interest therein, the secretary of administration shall succeed to such power or authority.

Sec. 4. The secretary of administration shall have the legal custody of all records, memoranda, writings, entries, prints, representations, electronic data or combinations thereof of any act, transaction, occurrence or event of Kansas Inc., or its president.

Sec. 5. (a) The balances of all funds or accounts thereof appropriated or reappropriated for Kansas, Inc., relating to the powers, duties, and functions abolished by this order are hereby transferred within the state treasury to the department of administration and shall be used only for the purpose for which the appropriation was originally made.

(b) Liability for all accrued compensation or salaries of officers and employees who are employees of Kansas, Inc., during the period commencing on the first day of the first payroll period chargeable to fiscal year 2012 and ending in on June 30, 2011, shall be assumed and paid by the department of administration.

Sec. 6. When any conflict arises as to the disposition of any records, property, power, duty, or function or the unexpended balance of any appropriation as a result of any abolition made by or under the authority of this order, such conflict shall be resolved by the governor, whose decision shall be final.

Sec. 7. (a) No suit, action, or other proceeding, judicial or administrative, lawfully commenced, or which could have been commenced, by or against any state agency or program mentioned in this order, or by or against any officer of the state in such officer's official duties, shall abate by reason of the governmental reorganization effected under the provisions of this order. The court may allow any such suit, action, or other proceeding to be maintained by or against the successor of any such state agency or any officer affected.

(b) No criminal action commenced or which could have been commenced by the state shall abate by the taking effect of this order.

Sec. 8. Except as otherwise provided by this order, all of the provisions of this order shall take effect and have the force of general law on July 1, 2011, unless disapproved by either house of the Kansas legislature as provided by subsection (c) of section 6 of article 1 of the Constitution of Kansas, and unless so disapproved, this order is to be published as and with the acts of the legislature and the statutes of this state.

MESSAGE FROM THE GOVERNOR

Executive Reorganization Order No. 38
By Governor Sam Brownback
February 7, 2011

Pursuant to Article 1, Section 6(b) of the Constitution of the State of Kansas, I am transmitting this day Executive Reorganization Order No. 38 to both houses of the Kansas Legislature. Simultaneously with this Order, I am transmitting the accompanying Governor’s Message.

Kansans have spoken loud and clear: they are looking for their government to be more efficient and their leaders to be more accountable. In this spirit, I am ordering that the Kansas Health Policy Authority as established by K.S.A. 2010 Supp. 75-7401 et seq. be reorganized into the Division of Health Care Finance within the Department of Health and Environment.

For this coming fiscal year, Kansas faces a $550 million budget deficit, much of it related to increased caseloads in Medicaid. Left unaddressed, this growth will continue to consume future budgets and leave the state with very little room to address other priorities. While this reorganization saves $3 million in administration costs for the next fiscal year, the larger savings will come from unifying the expertise in the KHPA with the accountability of KDHE as we implement major reforms to our Medicaid delivery model. Under the direction of the Lt. Governor and the Secretary of KDHE, the Division of Health Care Finance will be involved in redesigning Medicaid in the State of Kansas.

As I said in my State-of-the-State speech, the days of ever-expanding government are over. This consolidation is a major step toward making state government more efficient, more accountable, and forward looking. As we look toward a future of balancing priorities within the confines of limited state resources, this reorganization will act as a cornerstone for major and long-lasting reforms. I look forward to working with the Legislature and my fellow Kansans on achieving these important goals.

Executive Reorganization Order No. 38
By Governor Sam Brownback
Transmitted February 4, 2011

Section 1. (a) There is hereby established, within the department of health and environment, the division of health care finance. The head of the division shall be director of health care finance, who shall be appointed by and serve at the pleasure of the secretary of health and environment. The director shall be in the unclassified service under the Kansas civil service act and shall receive an annual salary fixed by the secretary of health and environment and approved by the governor.

(b)(1) The secretary of health and environment shall appoint, in accordance with the provisions of the Kansas civil service act, such employees as may be needed, in the judgment of the secretary and director, to carry out the powers and duties of the division of health care finance.

(2) All officers and employees of the division of health care finance shall act for and exercise the powers of the director of health care finance to the extent that authority
to do so is delegated by the secretary and director. Subject to the provisions of this order, the secretary and director may organize the division of health care finance in the manner deemed most efficient.

Sec. 2. (a) The Kansas health policy authority created by K.S.A. 2010 Supp. 75-7401, and amendments thereto, is hereby abolished.

(b) Except as otherwise provided by this order, all powers, duties, and functions of the Kansas health policy authority under K.S.A. 2010 Supp. 75-7401 et seq., and amendments thereto, or any other statute, are hereby transferred to and imposed upon the department of health and environment and its division of health care finance and the secretary and the director of health care finance.

Sec. 3. (a) The department of health and environment and its division of health care finance shall be the successor in every way to the powers, duties and functions of the Kansas health policy authority in which the same were vested prior to the effective date of this order and that are transferred pursuant to section 2 of this order. Every act performed in the exercise of such transferred powers, duties and functions by or under the authority of the department of health and environment and its division of health care finance or the secretary or the director of health care finance shall be deemed to have the same force and effect as if performed by the Kansas health policy authority in which such powers, duties, and functions were vested prior to the effective date of this order.

(b) The department of health and environment and its division of health care finance or designees appointed by the secretary or the director of health care finance shall be the successor in every way to the powers, duties, and functions of any state agency, department, board, commission or council, providing services and creating systems in order to comply with the provisions of the patient protection and affordable care act, Public Law 111-148, and the health care and education reconciliation act of 2010, Public Law 111-152, and that are transferred pursuant to section 2 of this order. Every act performed in the exercise of such transferred powers, duties, and functions by or under the authority of the department of health and environment and its division of health care finance shall be deemed to have the same force and effect as if performed by any state agency, department, board, commission or council in which such powers, duties, and functions were vested prior to the effective date of this order.

(c) Whenever the Kansas health policy authority or words of like effect are referred to or designated by a statute, contract, memorandum of agreement or other document and such reference is in regard to any of the powers, duties or functions transferred to the department of health and environment and its division of health care finance, such reference or designation shall be deemed to apply to the department of health and environment and its division of health care finance.

(d) All rules and regulations, orders and directives of the Kansas health policy authority which relate to the functions transferred by this order, and which are in effect
on the effective date of this order, shall continue to be effective and shall be deemed to
be rules and regulations, orders and directives of the secretary of health and
environment until revised, amended, revoked or nullified pursuant to law.

Sec. 4. (a) The balances of all funds or accounts thereof appropriated or
reappropriated for the Kansas health policy authority or any state agency, department,
board, commission or council, relating to the powers, duties and functions transferred
by this order are hereby transferred within the state treasury to the department of health
and environment for the division of health care finance and shall be used only for the
purpose for which the appropriation was originally made.

(b) Liability for all accrued compensation or salaries of officers and employees
who are transferred to the department of health and environment and its division of
health care finance under this order shall be assumed and paid by the division of health
care finance of the department of health and environment.

Sec. 5. (a) When any conflict arises as to the disposition of any property, power,
duty or function or the unexpended balance of any appropriation as a result of any
abolition or transfer made by or under the authority of this order, such conflict shall be
resolved by the governor, whose decision shall be final.

(b) The division of health care finance in the department of health and environment
shall succeed to all property, property rights and records which were used for or pertain
to the performance of powers, duties and functions transferred to the division of health
care finance in the department of health and environment. Any conflict as to the proper
disposition of property, personnel or records arising under this order shall be determined
by the governor, whose decision shall be final.

Sec. 6. (a) No suit, action, or other proceeding, judicial or administrative, lawfully
commenced, or which could have been commenced, by or against any state agency or
program mentioned in this order, or by or against any officer of the state in such
officer's official duties, shall abate by reason of the governmental reorganization
effected under the provisions of this order. The court may allow any such suit, action or
other proceeding to be maintained by or against the successor of any such state agency
or any officer affected.

(b) No criminal action commenced or which could have been commenced by the
state shall abate by the taking effect of this order.

Sec. 7. (a) All officers and employees of the Kansas health policy authority who,
immediately prior to the effective date of this order, are engaged in the exercise and
performance of the powers, duties and functions transferred by this order, as well as all
officers and employees of the Kansas health policy authority who are determined by the
director of health care finance of the department of health and environment to be
engaged in providing administrative, technical or other support services that are
essential to the exercise and performance of the powers, duties and functions transferred
by this order, are hereby transferred to the division of health care finance of the
department of health and environment. All classified officers and employees so
transferred shall retain their status as classified employees.

order shall retain all retirement benefits and leave balances and rights which had
accrued or vested prior to the date of transfer. The service of each such officer or
employee so transferred shall be deemed to have been continuous. Any subsequent
transfers, layoffs or abolition of classified service positions under the Kansas civil
service act shall be made in accordance with the civil service laws and any rules and regulations adopted thereunder. Nothing in this order shall affect the classified status of any transferred person employed by the Kansas health policy authority prior to the date of transfer.

(c) Notwithstanding the effective date of this order, the provisions of this order prescribing the transfer of officers and employees from the Kansas health policy authority abolished by this order to the division of health care finance of the department of health and environment established by this order, the date of transfer of each such officer or employee shall commence at the start of a payroll period.

**EXPLANATIONS OF VOTE**

**MR SPEAKER**: I think Pay Go is a great idea that will save the taxpayers of Kansas millions of dollars and cut down on junk mail. However, I am forced to vote NO on **Sub. HR 6004** because we can do better by passing Tax Go as well. Tax Credits, exemptions, and special breaks shift tax burdens from group to group and can be as bad as spending. Also I have always believed in open government and can see no reason for a closed caucus. I vote no and ask others to vote no so that these rules can go back to committee and be made better.--**BILL OTTO**

**MR. SPEAKER**: I vote no on **Sub. HR 6004** because I do not believe that 12 members of the House Appropriations Committee should have the power to limit the other 113 elected members of the House. Pay-Go is a fine concept, but the full body should debate, vote on, and establish the total budget framework within which the House debate and amendments will remain.--**TOM SLOAN, TOM MOXLEY, DON HINEMAN**

**MR. SPEAKER**: I worry that the Pay-Go provision artificially limits debate and does not
lead to better governance. Twelve members of the Appropriations Committee have vast power, and will essentially force feed all other House members their plan for state spending. A 'yes' vote is an abdication of our duty to govern. I know we need to try something different to deal with issues confronting us, but this is not it. Our constituents know there are 92 Republicans in this body; they have the right to expect we will all have our say on their behalf. Our constituents deserve us offering solid common sense conservative solutions to our significant challenges. I vote NO on Sub. HR 6004.

--J. ROBERT BROOKENS

Mr. Speaker: I support Sub. HR 6004 which will force us to live within our means. The legislature has been profligate in spending more than is taken in. Sub. HR 6004 will.--S. MIKE KIEGERL, PEGGY MAST, RICK BILLINGER

Mr. Speaker: I believe that Sub. HR 6004 blurs the line for what is acceptable in government. Closed door meetings of 92 members of the Kansas House of Representatives is unacceptable and has no place codified in this body. The people that pay for all of this have the reasonable expectation of an open process and I intend to always fight for that. Whatever the ends are, these means do not justify them. I vote no on Sub. HR 6004.--SEAN GATEWOOD, NILE DILLMORE, GAIL FINNEY, SYDNEY CARLIN, HAROLD LANE, MIKE SLATTERY

Mr. Speaker: Reducing transparency and limiting opportunity for debate is not the path to better governance. Rule changes included in Sub. HR 6004 are unnecessary, arbitrary and unfair. Our constituents are weary of partisan rancor and expect and deserve accountability and openness in government. I vote no on Sub. HR 6004.--DON HILL, CHARLES B. ROTH

PROTEST

Mr. Speaker: We hereby submit the following as a protest to Sub. HR 6004 pursuant to Article 2, Section 10 of the Kansas constitution. Rule 2110, as stated in Sub. HR 6004, states that “unless by majority consent to correct an error in drafting, no floor amendment to increase the amount of expenditures that would be authorized in a provision of an appropriations bills shall be in order unless the amendment contains a provision reducing, by a like or greater amount, expenditures that would be authorized in another provision of such appropriation bill.”

This Rule has a chilling effect on the 102 members of the House of Representatives that do not serve as members of the House Appropriations Committee in that it prohibits them from having any decision-making ability whatsoever with regard to the total amount of expenditures in an appropriations bill. Under the provisions of Rule 2110, a simple majority of the House Appropriations Committee will determine the total amount of state expenditures. This could result in 12 members of the House of Representatives making a decision that cannot be modified by the other 113 members of the body. Not only is this undemocratic, we believe this Rule violates the authority vested in the entire Legislature by the Kansas Constitution to determine the total amount of state expenditures.

The Committee of the Whole has always had the unfettered ability to amend any bill
that comes before the House of Representatives. This Rule now creates an exception to this longstanding policy, and does so in an area that is perhaps more important than any other function of the Legislature: the budget-making process.

We, the undersigned, hereby lodge this protest to Rule 2110 as written in Sub. HR 6004—Tom Burroughs, Bill Feuerborn, Paul Davis, Annie Tietze, Ed Trimmer, Eber Phelps, Barbara Ballard, Nile Dillmore, Melody McCray-Miller, Melanie Meier, Valdenia Winn, Annie Kuether, Kathy Wolfe Moore, Mike Slattery, Judith Loganbill, Vincent Wetta, Jerry Henry, Geraldine Flaharty

Prayer by guest chaplain, The Most Reverend Michael O. Jackels, STD Bishop, Diocese of Wichita, and guest of Rep. Grange:

If you please, bow your heads and join in helping to create a holy silence, allowing one humble voice to attempt an expression of the sentiments and hopes in each of our minds and hearts.

“O God, 150 years ago you led the leaders of the State of Kansas, newly admitted to this union of states, to inspire its citizens with the phrase *ad astra per aspera*.

“Today we ask you to continue to stir us to reach as if to the stars, to strive to make Kansas, our country and even the world a better place for all of us to live and die, to work and play, to learn and pray in freedom and with dignity.

“And when our efforts are accompanied by hardships, we ask you O God to instill in us the doggedness of our pioneer ancestors, the resolve of an athlete, a soldier, a saint, laboring always onwards, upwards.

“We ask you too, O God, to open our eyes to those in our midst who feel burdened by hardship. Make our hearts compassionate to do what we can to treat the troubles especially of children and young people at risk, of single parents and of those in search of the things needed to live in human dignity.

“Finally, O God, deliver us from feeling satisfied with any amount of power, wealth or other things made to be consumed. Keep us instead spiritually dissatisfied until our yearning finds its true rest in you. Amen. May it be so.”
The Pledge of Allegiance was led by Rep. Huebert.

MESSAGE FROM THE GOVERNOR

Executive Reorganization Order No. 39
By Governor Sam Brownback
February 8, 2011

Pursuant to Article 1, Section 6(b) of the Constitution of the State of Kansas, I am transmitting this day Executive Reorganization Order No. 39 to both houses of the Kansas Legislature. Simultaneously with this Order, I am transmitting the accompanying Governor’s Message.

As we look to grow Kansas’ economy and focus state government resources to ensure the most efficient use of taxpayer dollars, I am ordering the abolition of the Kansas Arts Commission as established by K.S.A. 74-5202, and amendments thereto, and the office of Executive Director of the Commission under K.S.A. 74-5204, and amendments thereto. Per this Executive Reorganization Order, the State Historical Society will succeed to all duties, powers, and functions of the agency. The Historical Society, as a state agency, will still be eligible to receive federal matching funds for the purpose of advancing the arts in the State of Kansas.

My FY2012 Budget Report to the Legislature details how I intend to reorganize these functions of state government. Under my plan, a new not-for-profit corporation, the Kansas Arts Foundation, Inc. will receive a direct grant from the State Historical Society to manage the programs formerly overseen by the Arts Commission. Because of their 501(c)3 status, the Foundation will be able to receive tax-deductible donations to cover the cost of implementing these programs. It is anticipated that this move will save Kansas taxpayers nearly $600,000 next fiscal year. They will also help the Historical Society in their role as a state agency for the purpose of receiving federal grants by providing logistical and staff support for the drafting of state plans and grant proposals.

As I said in my State-of-the-State speech, the days of ever-expanding government are over. This consolidation is a modest step toward making our economic development structure leaner, more efficient, more accountable, and more successful in growing the
state. I look forward to working with the Legislature and my fellow Kansans to achieve these important goals.

Any conflict as to the proper disposition of property, or records arising under this order shall be determined by the governor, whose decision shall be final.

Sec. 5. When any conflict arises as to the disposition of any property, power, duty, or function or the unexpended balance of any appropriation as a result of any abolition or transfer made by or under the authority of this order, such conflict shall be resolved by the governor, whose decision shall be final.

The court may allow any such suit, action, or other proceeding to be maintained by or against the successor of any such state agency or any officer affected.

(b) No criminal action commenced or which could have been commenced by the state shall abate by the taking effect of this order.

Sec. 7. Except as otherwise provided by this order, all of the provisions of this order shall take effect and have the force of general law on July 1, 2011, unless disapproved by either house of the Kansas legislature as provided by subsection (c) of section 6 of article 1 of the constitution of Kansas, and unless so disapproved, this order is to be published as and with the acts of the legislature and the statutes of this state.

HOUSE CONCURRENT RESOLUTION No. HCR 5011—

By Committee on Government Efficiency

A PROPOSITION to amend article 11 of the constitution of the state of Kansas by adding a new section thereto, concerning a contingency reserve fund and a debt prepayment fund in the state treasury.

Be it resolved by the Legislature of the State of Kansas, two-thirds of the members elected (or appointed) and qualified to the House of Representatives and two-thirds of the members elected (or appointed) and qualified to the Senate concurring therein:

Section 1. The following proposition to amend the constitution of the state of Kansas shall be submitted to the qualified electors of the state for their approval or rejection: Article 11 of the constitution of the state of Kansas is hereby amended by adding a new section thereto to read as follows:

(a) On July 1, 2013, a contingency reserve fund and a debt prepayment fund shall be established and maintained in the state treasury.
(b) When state tax receipts for a fiscal year increase by more than three percent over state tax receipts for the preceding fiscal year: (1) Any increase in excess of three percent up to the next one percent of state tax receipts collected shall be deposited in the contingency reserve fund; and

(2) Any increase in excess of four percent up to the next one-half percent of state tax receipts collected shall be deposited in the debt prepayment fund. Nothing in this subsection shall require state tax receipts to be deposited in the contingency reserve fund when the contingency reserve fund balance exceeds fifteen percent of the preceding fiscal year's state tax receipts. Nothing in this subsection shall require state tax receipts to be deposited in the debt prepayment fund when the debt prepayment fund balance exceeds fifteen percent of the preceding fiscal year's total amount of principal of bonded indebtedness services by appropriations from the state general fund.

(c) The legislature may provide, by law, for additional amounts of state tax receipts to be deposited in the contingency reserve fund and the debt prepayment fund.

(d) (1) Withdrawals from the contingency reserve fund may occur in the current fiscal year only when the current fiscal year's estimated state tax receipts are less than the amount of actual state tax receipts collected or otherwise received in the preceding fiscal year. The amount subject to withdrawal shall not exceed the difference between the current fiscal year's estimated state tax receipts and the amount of actual state tax receipts collected or otherwise received in the preceding fiscal year except that such difference shall be reduced by the amount of the current fiscal year's estimated state tax receipts not collected or otherwise received as a result of any kind of tax reduction legislation enacted by the legislature and approved by the governor in the current or preceding fiscal year.

(2) Withdrawals from the contingency reserve fund may occur in the ensuing fiscal year only when the ensuing fiscal year's estimated state tax receipts are less than the amount of estimated state tax receipts in the current fiscal year. The amount subject to withdrawal shall not exceed the difference between the ensuing fiscal year's estimated state tax receipts and the amount of estimated state tax receipts in the current fiscal year except that such difference shall be reduced by the amount of the ensuing fiscal year's estimated state tax receipts not collected or otherwise received as a result of any kind of tax reduction legislation enacted by the legislature and approved by the governor in the current or preceding fiscal year.

(3) For the purposes of subsections (d)(1) and (d)(2), the attorney general shall be responsible for certifying whether any kind of tax reduction legislation was enacted by the legislature and approved by the governor and if so, the governor shall certify the amount of such reduction. Any withdrawal authorized by this subsection shall be provided for by law enacted in a separate bill that does not include any other matter except a statement that the conditions prescribed by this subsection exist and the authority to transfer a specific amount of money from the contingency reserve fund to the state general fund.

(e) (1) Withdrawals from the debt prepayment fund may occur only to provide for calling and redeeming selected bonds for which debt service is paid by appropriations from the state general fund in accordance with their terms on or after their first optional redemption date and prior to maturity.

(2) Prior to any withdrawal from the debt prepayment fund authorized by this subsection, the governor shall be responsible for determining and selecting which bonds
will produce the greatest debt service savings to the state general fund, and the attorney
general shall be responsible for certifying that the selected bonds are available for
optional redemption. Any withdrawal authorized by this subsection shall be provided
for by law enacted in a separate bill that does not include any other matter except a
statement that the conditions prescribed by this subsection exist and the authority to
transfer a specific amount of money from the debt prepayment fund to the state general
fund for the purpose of calling and redeeming selected bonds.

(f) Amounts in the contingency reserve fund and the debt prepayment fund may
be invested as provided by law and the earnings thereon shall be retained in the
contingency reserve fund and the debt prepayment fund.

(g) As used in this section, "state tax receipts" means receipts from any state
income tax, sales tax, compensating use tax or other excise tax or tax in the nature of an
excise tax, or estate or inheritance tax, or tax in the nature of an estate or inheritance
tax, but shall not include receipts from any property tax, or tax in the nature of a
property tax, or any tax on motor fuels.

(h) The legislature may enact laws to carry out the purposes of this section.

Sec. 2. The following statement shall be printed on the ballot with the amendment
as a whole:

"Explanatory statement. The purpose of this amendment is to establish a
contingency reserve fund, commonly known as the "rainy day fund," and a debt
prepayment fund in the state treasury.

"A vote for this amendment will:

(1) Establish a contingency reserve fund and a debt prepayment fund in the state
treasury. Each year, if state tax receipts increase by more than 3% over the amount of
the preceding year, a portion of the increase would be deposited in the contingency
reserve fund and, if the increase exceeds 4%, a portion of the increase would be
deposited in the debt prepayment fund. Additional amounts could be deposited in these
funds by act of the legislature.

(2) Provide that amounts could be withdrawn from the contingency reserve fund
when state tax receipts are less than the amount for the preceding year, other than
amounts resulting from any tax reduction legislation.

(3) Provide that amounts could be withdrawn from the debt prepayment fund to
redeem state bonds payable from the state general fund that are selected to produce the
greatest debt service savings.

(4) Provide that any withdrawal from either fund must be a separate bill
containing only a statement that the conditions exist for the withdrawal and the
authority to withdraw and deposit in the state general fund.

"A vote against this amendment would make no changes in current law concerning
the state's finance."

Sec. 3. This resolution, if approved by two-thirds of the members elected (or
appointed) and qualified to the House of Representatives, and two-thirds of the
members elected (or appointed) and qualified to the Senate shall be entered on the
journals, together with the yeas and nays. The secretary of state shall cause this
resolution to be published as provided by law and shall cause the proposed amendment
to be submitted to the electors of the state at the general election in the year 2012 unless
a special election is called at a sooner date by concurrent resolution of the legislature, in
which case it shall be submitted to the electors of the state at the special election.

unlimited possibilities
which can lead them in action.
For those who feel powerless,
please give them strength.
For those who feel incapable,
give them encouragement and support.
For those who might be cynical or doubtful,
give them cause to trust.
For those who feel overwhelmed with complexity
show them the next steps to take.
In Your Son’s Name I pray these things,
Amen.

HOUSE CONCURRENT RESOLUTION No. HCR 5012—
By Committee on Energy and Utilities

A CONCURRENT RESOLUTION establishing policy goals for energy development, consumption and costs.
WHEREAS, Federal energy policy discussions have focused public attention on climate issues and alternative energy futures; and
WHEREAS, Federal energy policy discussions and ultimate actions will impact each state differently; and
WHEREAS, Energy sources to meet state needs will continue to reflect their existing and potential generation resources; and
WHEREAS, The cost and availability of energy to consumers, businesses and industries will determine quality of life and economic opportunities in each state; and

WHEREAS, Direct and indirect energy costs and their impacts on individual consumers and consumer sectors have not been widely discussed at the federal level, but are of great concern to state policymakers: Now, therefore,

Be it resolved by the House of Representatives of the State of Kansas, the Senate concurring therein: That we believe that Kansas’ public, elected policymakers and executive agency personnel should have specific targets for energy development, consumption and cost containment; and

Be it further resolved: That the Kansas Corporation Commission is directed to convene forums and working groups to identify logical policy paths and objectives for energy development, consumption and cost containment and to identify appropriate technologies, research and employment opportunities to ensure Kansans have abundant, reliable, affordable and responsible energy. To achieve these objectives, the commission shall:

Examine ways to increase the state's use of renewable resources, including capture of escaping methane from Title V landfills and use of motor fuels containing ethanol from cellulosic processing; and

Investigate the potential for energy storage and coordinate with Kansas electric utilities and the Southwest Power Pool to study and implement energy storage projects to address transmission line constraint relief, distributive generation reliability, electric distribution system reliability and to firm renewable energy generation; and

Study different conservation and efficiency measures to reduce the anticipated rate of growth in demand for electricity without causing a degradation in the quality of life for Kansans; and

Examine methods to develop Kansas’ renewable energy generation potential to increase energy exports beyond state borders, provide a more robust transmission system resulting in increased energy reliability and lower cost electricity to high cost service areas; and

Work with the Kansas Board of Regents and the Kansas Department of Commerce to develop strategies to encourage energy research in Kansas by private and public persons and institutions and with the Kansas Development Finance Authority and the Kansas Bio-Science Authority to develop enhanced grant, loan and loan assurance programs that better enable energy researchers to secure federal and private sector funding to research, develop, commercialize and market energy-related products and services. Such loan assurance programs are not to increase state debt obligations, but to demonstrate to investors that the State of Kansas believes investing in such companies and research is a prudent investment in our nation’s future; and

Work with Kansas electric utilities to increase "smart grid compliance" for distribution line segments and appurtenances as well as the deployment of electric meters by each public utility; and

Develop strategies for existing coal-fired generation units, including both electric public and nonpublic utilities, to reduce the rate of their greenhouse gas releases; and

Work with the Kansas Department of Commerce and the Board of Regents to enhance workforce development, recruitment and training programs that lead to an employment growth rate in energy production, conservation and efficiency, research and related sectors; and
Be it further resolved: That the Secretary of State be directed to provide an enrolled copy of this resolution to the Kansas Corporation Commission, the Board of Regents, the Kansas Bio-Science Authority, the Kansas Department of Health and Environment, the Kansas Development Finance Authority and the Governor.

(3) moneys which are income earned on moneys in permanent endowment funds, trust funds, deferred compensation funds or pension funds and which are credited to such funds.

§ 2. Supermajority for passage of certain bills for new or increased taxes. On and after July 1, 2013, a supermajority of two-thirds of the members then elected (or appointed) and qualified of each house, voting in the affirmative, shall be necessary to pass any bill enacting or amending any law creating any new state tax or increasing the rate of any existing state income tax, sales tax, compensating use tax or other excise tax or a tax in the nature of an excise tax, property tax, or tax in the nature of a property tax, or estate or inheritance tax, or a tax in the nature of an estate or inheritance tax, or any combination thereof.
§ 3. Spending and Revenue Limits. (a) Except as provided by this section, for any fiscal year that commences on or after July 1, 2013, fiscal year spending by the state shall not increase above the fiscal year spending for the preceding fiscal year by more than the maximum percentage increase determined pursuant to this section. The maximum percentage increase in fiscal year spending for a fiscal year shall be equal to the result obtained by adding the rate of inflation for the calendar year ending during the preceding fiscal year, plus the percentage change in state population during the calendar year ending during the preceding fiscal year if a positive number, adjusted for revenue changes resulting from acts enacted in accordance with section 2 of this article. The limitation imposed on fiscal year spending shall not apply to expenditures of moneys transferred to the state general fund from the state budget stabilization reserve fund pursuant to section 6 of this article. The limitation imposed on fiscal year spending for a fiscal year may be authorized to be exceeded by act of the legislature that is passed by a supermajority of two-thirds of the members then elected (or appointed) and qualified of each house, voting in the affirmative, and that authorizes fiscal year spending for such fiscal year in excess of such limitation.

(b) For any fiscal year commencing on or after July 1, 2013, the total state revenue limitation shall be determined in accordance with this section. If the amount of the total state revenue for the preceding fiscal year exceeds the amount of total state revenue for the second preceding fiscal year, the total state revenue limitation for a fiscal year shall be the result obtained by adding (1) the lesser of (A) the amount of total state revenue for the preceding fiscal year or (B) the amount of the total state revenue limitation for the preceding fiscal year, and (2) the product of (A) the amount determined under clause (1) of this subsection, and (B) the sum of (i) the rate of inflation for the calendar year ending during the preceding fiscal year, plus (ii) the percentage change in state population during the calendar year ending during the preceding fiscal year if a positive number.

(c) If the amount of the total state revenue for the preceding fiscal year is less than the amount of total state revenue for the second preceding fiscal year, the amount of the total state revenue limitation for a fiscal year shall be the lesser of (1) the amount of total state revenue for the second preceding fiscal year, or (2) the amount of the total state revenue limitation for the base revenue year.

(d) The legislature, by law, shall provide a mechanism to adjust the amount of a limitation under this section to reflect any subsequent transfer of all or any part of the cost of providing a governmental function. The mechanism shall adjust the amount of a limitation so that total costs are not increased as a result of the transfer. The adjustment mechanism provided for in this subsection shall be used in determining a limitation under this section beginning with the fiscal year immediately following the transfer.

(e) For the purposes of determining total revenue limitations under this section for the state, the total authorized fiscal year expenditures for the fiscal year ending on June 30, 2012, shall be construed to be the total state revenue and the total revenue limitation for that preceding fiscal year and the total authorized fiscal year expenditures for the fiscal year ending on June 30, 2013, shall be construed to be the total state revenue and the total revenue limitation for that preceding fiscal year.

§ 4. Budget Stabilization Reserve Fund. (a) For any fiscal year that commences on or after July 1, 2013, if total state revenue exceeds the total state revenue limitation for that fiscal year, as determined in accordance with section 3 of this article, then a portion
of the excess amount of state revenue shall be reserved as prescribed by this section or
refunded as prescribed by section 6 of this article. Any amount required to be
maintained in the ending balance of the state general fund as provided by law shall be
excluded from the amount available for transfer to the budget stabilization reserve fund
by this section.

(b) An amount of any excess amount of total state revenue shall be transferred in the
amount and in the manner prescribed by the legislature by law to the budget
stabilization reserve fund, which fund is hereby created in the state treasury. The
amount transferred to the budget stabilization reserve fund in accordance with this
subsection shall be equal to the amount necessary to ensure that the balance in the
budget stabilization reserve fund at the end of the fiscal year is an amount equal to 7%
of the total state revenue limitation for the ensuing fiscal year. Income earned on the
moneys credited to the budget stabilization reserve fund shall accrue to the budget
stabilization reserve fund. In no case shall additional moneys be transferred into the
budget stabilization reserve fund if the balance in the fund is equal to or more than 7%
of the total state revenue limitation for the ensuing fiscal year. Each transfer to the
budget stabilization reserve fund prescribed by this section shall be made before any
transfer to the emergency reserve fund as provided in section 5 of this article or any
refunds as required by section 6 of this article.

(c) For any fiscal year that commences on or after July 1, 2013, if the amount of the
total state revenue is less than the amount of total state revenue for the prior fiscal year,
the legislature may provide by law for the transfer of moneys from the budget
stabilization reserve fund to the state general fund in an amount equal to not more than
the difference between the amount of total state revenue for the prior fiscal year and the
amount of total state revenue for the current fiscal year. Under no other circumstances
shall moneys be transferred or expended from the budget stabilization reserve fund of
the state.

§ 5. Emergency Reserve Fund. (a) For any fiscal year that commences on or after
July 1, 2013, if total state revenue exceeds the total state revenue limitation for that
fiscal year, as determined in accordance with section 3 of this article, then, after making
any transfer to the budget stabilization reserve fund as required by section 4 of this
article, a portion of any remaining total state revenue in excess of the total state revenue
limitation shall be transferred in the amount and in the manner prescribed by the
legislature by law to the emergency reserve fund, which fund is hereby created in the
state treasury, to the extent necessary to ensure that a balance of the emergency reserve
fund at the end of the fiscal year is an amount equal to not more than 3% of the total
state revenue limitation for the ensuing fiscal year. Any amount required to be
maintained in the ending balance of the state general fund as provided by law shall be
excluded from the amount available for transfer to the emergency reserve fund by this
section. Each transfer to the emergency reserve fund prescribed by this section shall be
made after making any transfer to the budget stabilization reserve fund as provided in
section 4 of this article. The state shall not be required to transfer any moneys other than
any amount of total state revenue in excess of the total state revenue limitation to the
emergency reserve fund. The moneys in the emergency reserve fund shall be in addition
to, and shall not be used to meet, any other reserve requirement under this constitution
or any law. In no case shall additional moneys be transferred to the emergency reserve
fund if the balance in the emergency reserve fund is more than 3% of the total state
revenue limitation for the ensuing fiscal year.

(b) Moneys in the emergency reserve fund may be expended only for an emergency declared by the governor to exist within the state. Income earned on moneys credited to the emergency reserve fund shall accrue to the emergency reserve fund.

c) As used in this section "emergency" means an extraordinary event or occurrence that could not have been reasonably foreseen or prevented and that requires immediate expenditures to preserve the health, safety and general welfare of the people within the state and "emergency" does not mean a revenue shortfall or budget shortfall.

§ 6. Disposition of Excess Revenues. (a) Any excess amount of total state revenues for a fiscal year that remains after the transfers to the budget stabilization reserve fund and emergency reserve fund pursuant to section 4 or section 5 of this article, if any, shall be reserved in the current fiscal year and shall be refunded as provided by law during the next ensuing fiscal year to the taxpayers who paid the state ad valorem property taxes or state income taxes, or both, for the preceding fiscal year, in a manner that is proportional, on a pro rata basis, to the manner in which such taxes were collected from such taxpayers for such fiscal year. Any amount required to be maintained in the ending balance of the state general fund as provided by law shall be excluded from the amount available to be reserved and refunded by the state as prescribed by this section.

(b) In a case of any amount that is received pursuant to any tax and required to be reserved and refunded to taxpayers by the state pursuant to this section and that is determined by the state in the manner prescribed by law to be insufficient for refunds to be made during the ensuing fiscal year, such amount shall be reserved for refunds to be made thereafter when the amount reserved is sufficient therefor.

§ 7. Temporary Borrowing. On or after July 1, 2013, during any fiscal year, transfers which are temporary and are to be repaid, or any other temporary borrowing, through certificates of indebtedness or any other device or manner, of any moneys in the state treasury to be credited to the state general fund, are prohibited unless the moneys so transferred or otherwise borrowed are restored or repaid to the original funds or accounts of the state treasury from the state general fund within the same fiscal year. The provisions of this section do not apply to transfers from the budget stabilization reserve fund or the emergency reserve fund to the state general fund in accordance with this article.

§ 8. General Revenue Supplanting. On or after July 1, 2013, any appropriation of moneys in the state treasury that either supplants any appropriation from the state general fund, or that, if not made, would require an appropriation from the state general fund is prohibited. For purposes of this section, any appropriation of moneys in the state treasury that is funded by user charges or fees imposed on goods or services that do not exceed the cost of the goods or services provided shall not be deemed to be an appropriation that supplants any appropriation from the state general fund.

§ 9. State Mandates on Local Governments. A local government may not be required to fulfill any mandate imposed by the state unless and until, and may be required to fulfill that mandate only to the extent that, funds are provided to the local government by the state for that purpose. The legislature is not required to appropriate funds for mandates if more than two years have passed since the effective date of the mandate and no claim for funding has been made by the local government during that period.
§ 10. Construction. (a) The provisions of this article shall be liberally construed for the purpose of effectuating the purposes thereof, except that nothing in this article shall be construed to authorize any new or increased tax of any kind other than as provided or authorized by law enacted by the legislature in accordance with and subject to the other provisions of this constitution.

(b) In any case of a conflict between any provision of this article and any other provision contained in the constitution, the provisions of this article shall control.

(c) All laws in force at the time of the adoption of this amendment and consistent therewith shall remain in full force and effect until amended or repealed by the legislature. The legislature shall repeal or amend all laws inconsistent with the provisions of this article to conform with the provisions of this article."

Sec. 2. The following statement shall be printed on the ballot with the amendment as a whole:

"Explanatory statement. Beginning July 1, 2013, this amendment (1) would require a supermajority of two-thirds of all members of the House and of the Senate to pass certain bills related to the creation of a new tax or the increase in the rate of an existing tax, (2) would impose spending and revenue limits on the state based on increases in the consumer price index and population, with provisions to adjust for economic downturns or transferred functions, (3) would permit expenditures in excess of the limit imposed if authorized by a bill passed by a supermajority of two-thirds of all members of the House and of the Senate, (4) would provide for a state budget stabilization reserve fund to be used when state revenue declines, (5) would provide for a state emergency reserve fund to be used only for emergencies that are declared by the governor and not to be used for any revenue shortfall, (6) would provide for excess state revenues, after transfers to the reserve funds, to be refunded to state property or income taxpayers, (7) would limit state temporary borrowing to that repaid within the same year and would prohibit the state from replacing general revenues with excessive fees and charges for goods and services, (8) would provide that local governments could not be required to fulfill unfunded state mandates, and (9) would govern in case of conflicts with statutes or other state constitutional provisions.

"A vote for the proposition would limit state legislative authority and would require a supermajority of two-thirds of each house of the legislature for state tax increases or extensions, would impose state spending and revenue limits, would permit a supermajority of two-thirds of each house of the legislature to exceed the spending limit, would require excess state revenues to be reserved for economic downturns and emergencies, with limits, or to be refunded to taxpayers, would limit state temporary borrowing, would prohibit unfunded mandates on local governments.

"A vote against the proposition would continue the present constitutional and statutory authority for state government taxing and spending by law, for disposition of tax revenues and for other related matters in the exercise of the legislative power of this state."

Sec. 3. This resolution, if approved by two-thirds of the members elected (or appointed) and qualified to the House of Representatives, and two-thirds of the members elected (or appointed) and qualified to the Senate shall be entered on the journals, together with the yeas and nays. The secretary of state shall cause this resolution to be published as provided by law and shall cause the proposed amendment to be submitted to the electors of the state at the general election to be held in
November, 2012, unless a special election is called at a sooner date by concurrent resolution of the legislature, in which case it shall be submitted to the electors of the state at the special election.

Prayer by Chaplain Brubaker:

Our Heavenly Father,
We come to the close of a busy, yet productive week.
As we reflect back on all that has happened,
if any of us have wounded someone by our words,
may we act quickly to bring healing.
If we have trampled over anyone in order to get our willful way,
help us surrender our selfishness and reach out to help them up.
If we have shown a spirit of contempt towards others,
grant to us a spirit of respect and humility to apologize.
You have placed us here to work together for the common good,
so please search our hearts and purify any contentious attitudes.
Thank you for watching over Rep. Fund
yesterday during his surgery.
We ask, Lord, that You touch him and bring
a speedy recovery and a complete healing.
In Christ’s Name I pray, Amen.

The Pledge of Allegiance was led by Rep. Arpke.

EXPLANATION OF VOTE

MR. SPEAKER: I respectfully vote NO on HB 2054. Two years ago, I had the opportunity to serve on an interim committee charged with reviewing KTEC. I was impressed, and still am, with KTEC’s ability to nurture the entrepreneurial spirit and mentor small businesses start-ups in Kansas. KTEC has proven its ability to stimulate business growth; something that is critical, especially now. I am voting no, because I am concerned that abolishing KTEC and dividing its responsibilities among various agencies will have a negative impact on the entrepreneurial spirit Kansas is so well known for.--PETER DEGRAAF, DOUG GATEWOOD

A two-thirds majority of the members elected to the House having voted in the affirmative, the resolution was adopted, as amended.

EXPLANATIONS OF VOTE

MR. SPEAKER: Because I feel that the Health Care Freedom Amendment (HCR 5007) misleads the Kansas Public by ignoring more than 100 years of constitutional precedent when it promises protection from federal law that it cannot constitutionally provide; and because I have an obligation to stand for honesty in the political process, I must respectfully vote No on HCR 5007.--Ed Trimmer, Mike Slattery, Annie Tietze, Sean Gatewood, Gail Finney, Geraldine Flaharty, Melody McCray-Miller, Sydney Carlin

MR. SPEAKER: I have a number of concerns about the individual mandate contained in the Affordable Care Act. However, this constitutional amendment is unnecessary and will have no impact on the pending challenges in the federal court system. I vote no on HCR 5007.--Paul Davis

MR. SPEAKER: The federal health care mandate, endangering the personal and specific constitutional liberties of Kansans, will not be forced on our state. It was a plan Kansans did not support. It was a plan Kansans would not have supported. As their advocates, we owe our citizens the ability to express their collective disapproval at the polls. Voters deserve to send a focused message to the federal government rejecting not only the contents of this bill, but the manner in which it was crafted, and the method with which it was passed. I am proud to grant them this ability, and vote YES on HCR 5007.--Arlen H. Siegfried, S. Mike Kiegerl, Steven R. Brunk

MR. SPEAKER: Kansans value their right to determine their own health care choices without the intervention of the federal government. In November, voters made clear their displeasure with the federal government's health care reform power-grab. The Kansas Health Care Freedom Amendment gives Kansans the opportunity to express their own views on whether the federal government can force them to purchase health insurance.

I believe that Kansans should be allowed to express their opinions about health care reform at the ballot box. My constituents have made it clear they want to decide whether they will be allowed to make their health care decisions. Mr. Speaker, I vote yes on HCR 5007.--Peggy Mast, Owen Donohoe, Joe McLeland, Joe Seiwert

MR. SPEAKER: One year ago, as an average citizen, I watched helplessly as our elected leaders passed laws eroding state sovereignty and individual freedom. Unable to accept the notion that this would become the new American standard in government, I decided to run for office. Today, as an elected leader and at the direct and explicit request of my constituents, I'm proud to support the health care freedom amendment. With its passage, we empower voters to reject the growth of government, sustain the rights of individuals, and vigorously defend our state sovereignty. I vote yes on HCR 5007.--Robert (Bob) Montgomery, Amanda Grosserode, TerrilOis Gregory, Kelly Meigs, Joseph Scapa, Rob Bruchman, Kyle Hoffman, Ronald W. Rychnam, Denny Hedke, Jim Denning, Benny L. Boman, J. Stephen Alford, Tom Arpke, Ward Cassidy, Dan Collins, Susan...
On motion of Rep. Siegfried, the House resolved into the Committee of the Whole, with Rep. Knox in the chair.

Committee on **Corrections and Juvenile Justice** recommends **HB 2038** be passed.

Committee on **Corrections and Juvenile Justice** recommends **HB 2118** be amended on page 1, following line 6, by inserting:

"Section 1. K.S.A. 2010 Supp. 21-4603d is hereby amended to read as follows: 21-4603d. (a) Whenever any person has been found guilty of a crime, the court may adjudge any of the following:

(1) Commit the defendant to the custody of the secretary of corrections if the current crime of conviction is a felony and the sentence presumes imprisonment, or the sentence imposed is a dispositional departure to imprisonment; or, if confinement is for a misdemeanor, to jail for the term provided by law;

(2) impose the fine applicable to the offense;

(3) release the defendant on probation if the current crime of conviction and criminal history fall within a presumptive nonprison category or through a departure for substantial and compelling reasons subject to such conditions as the court may deem appropriate. In felony cases except for violations of K.S.A. 8-1567, and amendments thereto, the court may include confinement in a county jail not to exceed 60 days, which need not be served consecutively, as a condition of an original probation sentence and up to 60 days in a county jail upon each revocation of the probation sentence, or community corrections placement;

(4) assign the defendant to a community correctional services program as provided in K.S.A. 75-5291, and amendments thereto, or through a departure for substantial and compelling reasons subject to such conditions as the court may deem appropriate, including orders requiring full or partial restitution;

(5) assign the defendant to a conservation camp for a period not to exceed six months as a condition of probation followed by a six-month period of follow-up through adult intensive supervision by a community correctional services program, if the offender successfully completes the conservation camp program;

(6) assign the defendant to a house arrest program pursuant to K.S.A. 21-4603b and amendments thereto;

(7) order the defendant to attend and satisfactorily complete an alcohol or drug education or training program as provided by subsection (3) of K.S.A. 21-4502, and amendments thereto;

(8) order the defendant to repay the amount of any reward paid by any crime stoppers chapter, individual, corporation or public entity which materially aided in the apprehension or conviction of the defendant; repay the amount of any costs and expenses incurred by any law enforcement agency in the apprehension of the defendant, if one of the current crimes of conviction of the defendant includes escape, as defined in K.S.A. 21-3809, and amendments thereto, or aggravated escape, as defined in K.S.A.
21-3810, and amendments thereto; repay expenses incurred by a fire district, fire department or fire company responding to a fire which has been determined to be arson under K.S.A. 21-3718 or 21-3719, and amendments thereto, if the defendant is convicted of such crime; repay the amount of any public funds utilized by a law enforcement agency to purchase controlled substances from the defendant during the investigation which leads to the defendant's conviction; or repay the amount of any medical costs and expenses incurred by any law enforcement agency or county. Such repayment of the amount of any such costs and expenses incurred by a county, law enforcement agency, fire district, fire department or fire company or any public funds utilized by a law enforcement agency shall be deposited and credited to the same fund from which the public funds were credited to prior to use by the county, law enforcement agency, fire district, fire department or fire company;

(9) order the defendant to pay the administrative fee authorized by K.S.A. 22-4529, and amendments thereto, unless waived by the court;

(10) order the defendant to pay a domestic violence special program fee authorized by K.S.A. 20-369, and amendments thereto;

(11) if the defendant is convicted of a misdemeanor or convicted of a felony provision of specified in subsection (i) of K.S.A. 21-4704, and amendments thereto, assign the defendant to a work release program, other than a program at a correctional institution under the control of the secretary of corrections as defined in K.S.A. 75-5202, and amendments thereto, provided such work release program requires such defendant to return to confinement at the end of each day in the work release program;

(12) pay the full amount of unpaid costs associated with the conditions of release of the appearance bond under K.S.A. 22-2802, and amendments thereto;

(13) impose any appropriate combination of (1), (2), (3), (4), (5), (6), (7), (8), (9), (10), and (11) and (12); or

(14) suspend imposition of sentence in misdemeanor cases.

(b) (1) In addition to or in lieu of any of the above, the court shall order the defendant to pay restitution, which shall include, but not be limited to, damage or loss caused by the defendant's crime, unless the court finds compelling circumstances which would render a plan of restitution unworkable. In regard to a violation of K.S.A. 21-4018, and amendments thereto, such damage or loss shall include, but not be limited to, attorney fees and costs incurred to repair the credit history or rating of the person whose personal identification documents were obtained and used in violation of such section, and to satisfy a debt, lien or other obligation incurred by the person whose personal identification documents were obtained and used in violation of such section. If the court finds a plan of restitution unworkable, the court shall state on the record in detail the reasons therefor.

(2) If the court orders restitution, the restitution shall be a judgment against the defendant which may be collected by the court by garnishment or other execution as on judgments in civil cases. If, after 60 days from the date restitution is ordered by the court, a defendant is found to be in noncompliance with the plan established by the court for payment of restitution, and the victim to whom restitution is ordered paid has not initiated proceedings in accordance with K.S.A. 60-4301 et seq., and amendments thereto, the court shall assign an agent procured by the attorney general pursuant to K.S.A. 75-719, and amendments thereto, to collect the restitution on behalf of the victim. The administrative judge of each judicial district may assign such cases to an
appropriate division of the court for the conduct of civil collection proceedings.

(c) In addition to or in lieu of any of the above, the court shall order the defendant to submit to and complete an alcohol and drug evaluation, and pay a fee therefor, when required by subsection (4) of K.S.A. 21-4502, and amendments thereto.

(d) In addition to any of the above, the court shall order the defendant to reimburse the county general fund for all or a part of the expenditures by the county to provide counsel and other defense services to the defendant. Any such reimbursement to the county shall be paid only after any order for restitution has been paid in full. In determining the amount and method of payment of such sum, the court shall take account of the financial resources of the defendant and the nature of the burden that payment of such sum will impose. A defendant who has been required to pay such sum and who is not willfully in default in the payment thereof may at any time petition the court which sentenced the defendant to waive payment of such sum or any unpaid portion thereof. If it appears to the satisfaction of the court that payment of the amount due will impose manifest hardship on the defendant or the defendant's immediate family, the court may waive payment of all or part of the amount due or modify the method of payment.

(e) In imposing a fine the court may authorize the payment thereof in installments. In releasing a defendant on probation, the court shall direct that the defendant be under the supervision of a court services officer. If the court commits the defendant to the custody of the secretary of corrections or to jail, the court may specify in its order the amount of restitution to be paid and the person to whom it shall be paid if restitution is later ordered as a condition of parole, conditional release or postrelease supervision.

(f) (1) When a new felony is committed while the offender is incarcerated and serving a sentence for a felony, or while the offender is on probation, assignment to a community correctional services program, parole, conditional release, or postrelease supervision for a felony, a new sentence shall be imposed pursuant to the consecutive sentencing requirements of K.S.A. 21-4608, and amendments thereto, and the court may sentence the offender to imprisonment for the new conviction, even when the new crime of conviction otherwise presumes a nonprison sentence. In this event, imposition of a prison sentence for the new crime does not constitute a departure.

(2) When a new felony is committed while the offender is incarcerated in a juvenile correctional facility pursuant to K.S.A. 38-1671, prior to its repeal, or K.S.A. 2010 Supp. 38-2373, and amendments thereto, for an offense, which if committed by an adult would constitute the commission of a felony, upon conviction, the court shall sentence the offender to imprisonment for the new conviction, even when the new crime of conviction otherwise presumes a nonprison sentence. The conviction shall operate as a full and complete discharge from any obligations, except for an order of restitution, imposed on the offender arising from the offense for which the offender was committed to a juvenile correctional facility.

(3) When a new felony is committed while the offender is on release for a felony pursuant to the provisions of article 28 of chapter 22 of the Kansas Statutes Annotated, and amendments thereto, or similar provisions of the laws of another jurisdiction, a new sentence may be imposed pursuant to the consecutive sentencing requirements of K.S.A. 21-4608, and amendments thereto, and the court may sentence the offender to imprisonment for the new conviction, even when the new crime of conviction otherwise
presumes a nonprison sentence. In this event, imposition of a prison sentence for the new crime does not constitute a departure.

(g) Prior to imposing a dispositional departure for a defendant whose offense is classified in the presumptive nonprison grid block of either sentencing guideline grid, prior to sentencing a defendant to incarceration whose offense is classified in grid blocks 5-H, 5-I or 6-G of the sentencing guidelines grid for nondrug crimes or in grid blocks 3-E, 3-F, 3-G, 3-H or 3-I of the sentencing guidelines grid for drug crimes, prior to sentencing a defendant to incarceration whose offense is classified in grid blocks 4-E or 4-F of the sentencing guideline grid for drug crimes and whose offense does not meet the requirements of K.S.A. 21-4729, and amendments thereto, prior to revocation of a nonprison sanction of a defendant whose offense is classified in grid blocks 4-E or 4-F of the sentencing guideline grid for drug crimes and whose offense does not meet the requirements of K.S.A. 21-4729, and amendments thereto, or prior to revocation of a nonprison sanction of a defendant whose offense is classified in the presumptive nonprison grid block of either sentencing guideline grid or grid blocks 5-H, 5-I or 6-G of the sentencing guidelines grid for nondrug crimes or in grid blocks 3-E, 3-F, 3-G, 3-H or 3-I of the sentencing guidelines grid for drug crimes, the court shall consider placement of the defendant in the Labette correctional conservation camp, conservation camps established by the secretary of corrections pursuant to K.S.A. 75-52,127, and amendment thereto or a community intermediate sanction center. Pursuant to this paragraph the defendant shall not be sentenced to imprisonment if space is available in a conservation camp or a community intermediate sanction center and the defendant meets all of the conservation camp's or a community intermediate sanction center's placement criteria unless the court states on the record the reasons for not placing the defendant in a conservation camp or a community intermediate sanction center.

(h) The court in committing a defendant to the custody of the secretary of corrections shall fix a term of confinement within the limits provided by law. In those cases where the law does not fix a term of confinement for the crime for which the defendant was convicted, the court shall fix the term of such confinement.

(i) In addition to any of the above, the court shall order the defendant to reimburse the state general fund for all or a part of the expenditures by the state board of indigents' defense services to provide counsel and other defense services to the defendant. In determining the amount and method of payment of such sum, the court shall take account of the financial resources of the defendant and the nature of the burden that payment of such sum will impose. A defendant who has been required to pay such sum and who is not willfully in default in the payment thereof may at any time petition the court which sentenced the defendant to waive payment of such sum or any unpaid portion thereof. If it appears to the satisfaction of the court that payment of the amount due will impose manifest hardship on the defendant or the defendant's immediate family, the court may waive payment of all or part of the amount due or modify the method of payment. The amount of attorney fees to be included in the court order for reimbursement shall be the amount claimed by appointed counsel on the payment voucher for indigents' defense services or the amount prescribed by the board of indigents' defense services reimbursement tables as provided in K.S.A. 22-4522, and amendments thereto, whichever is less.

(j) This section shall not deprive the court of any authority conferred by any other Kansas statute to decree a forfeiture of property, suspend or cancel a license, remove a
person from office, or impose any other civil penalty as a result of conviction of crime.

(k) An application for or acceptance of probation or assignment to a community correctional services program shall not constitute an acquiescence in the judgment for purpose of appeal, and any convicted person may appeal from such conviction, as provided by law, without regard to whether such person has applied for probation, suspended sentence or assignment to a community correctional services program.

(l) The secretary of corrections is authorized to make direct placement to the Labette correctional conservation camp or a conservation camp established by the secretary pursuant to K.S.A. 75-52,127, and amendments thereto, of an inmate sentenced to the secretary's custody if the inmate: (1) Has been sentenced to the secretary for a probation revocation, as a departure from the presumptive nonimprisonment grid block of either sentencing grid, for an offense which is classified in grid blocks 5-H, 5-I, or 6-G of the sentencing guidelines grid for nondrug crimes or in grid blocks 3-E, 3-F, 3-G, 3-H or 3-I of the sentencing guidelines grid for drug crimes, or for an offense which is classified in gridblocks 4-E or 4-F of the sentencing guidelines grid for drug crimes and such offense does not meet the requirements of K.S.A. 21-4729, and amendments thereto, and (2) otherwise meets admission criteria of the camp. If the inmate successfully completes a conservation camp program, the secretary of corrections shall report such completion to the sentencing court and the county or district attorney. The inmate shall then be assigned by the court to six months of follow-up supervision conducted by the appropriate community corrections services program. The court may also order that supervision continue thereafter for the length of time authorized by K.S.A. 21-4611, and amendments thereto.

(m) When it is provided by law that a person shall be sentenced pursuant to K.S.A. 1993 Supp. 21-4628, prior to its repeal, the provisions of this section shall not apply.

(n) Except as provided by subsection (f) of K.S.A. 21-4705, and amendments thereto, in addition to any of the above, for felony violations of K.S.A. 2010 Supp. 21-36a06, and amendments thereto, the court shall require the defendant who meets the requirements established in K.S.A. 21-4729, and amendments thereto, to participate in a certified drug abuse treatment program, as provided in K.S.A. 2010 Supp. 75-52,144, and amendments thereto, including but not limited to, an approved after-care plan. If the defendant fails to participate in or has a pattern of intentional conduct that demonstrates the offender's refusal to comply with or participate in the treatment program, as established by judicial finding, the defendant shall be subject to revocation of probation and the defendant shall serve the underlying prison sentence as established in K.S.A. 21-4705, and amendments thereto. For those offenders who are convicted on or after the effective date of this act, upon completion of the underlying prison sentence, the defendant shall not be subject to a period of postrelease supervision. The amount of time spent participating in such program shall not be credited as service on the underlying prison sentence.

(o) (1) Except as provided in paragraph (3), in addition to any other penalty or disposition imposed by law, upon a conviction for unlawful possession of a controlled substance or controlled substance analog in violation of K.S.A. 2010 Supp. 21-36a06, and amendments thereto, in which the trier of fact makes a finding that the unlawful possession occurred while transporting the controlled substance or controlled substance analog in any vehicle upon a highway or street, the offender's driver's license or privilege to operate a motor vehicle on the streets and highways of this state shall be
suspended for one year.

(2) Upon suspension of a license pursuant to this subsection, the court shall require the person to surrender the license to the court, which shall transmit the license to the division of motor vehicles of the department of revenue, to be retained until the period of suspension expires. At that time, the licensee may apply to the division for return of the license. If the license has expired, the person may apply for a new license, which shall be issued promptly upon payment of the proper fee and satisfaction of other conditions established by law for obtaining a license unless another suspension or revocation of the person's privilege to operate a motor vehicle is in effect.

(3) (A) In lieu of suspending the driver's license or privilege to operate a motor vehicle on the highways of this state of any person as provided in paragraph (1), the judge of the court in which such person was convicted may enter an order which places conditions on such person's privilege of operating a motor vehicle on the highways of this state, a certified copy of which such person shall be required to carry any time such person is operating a motor vehicle on the highways of this state. Any such order shall prescribe the duration of the conditions imposed, which in no event shall be for a period of more than one year.

(B) Upon entering an order restricting a person's license hereunder, the judge shall require such person to surrender such person's driver's license to the judge who shall cause it to be transmitted to the division of vehicles, together with a copy of the order. Upon receipt thereof, the division of vehicles shall issue without charge a driver's license which shall indicate on its face that conditions have been imposed on such person's privilege of operating a motor vehicle and that a certified copy of the order imposing such conditions is required to be carried by the person for whom the license was issued any time such person is operating a motor vehicle on the highways of this state. If the person convicted is a nonresident, the judge shall cause a copy of the order to be transmitted to the division and the division shall forward a copy of it to the motor vehicle administrator, of such person's state of residence. Such judge shall furnish to any person whose driver's license has had conditions imposed on it under this paragraph a copy of the order, which shall be recognized as a valid Kansas driver's license until such time as the division shall issue the restricted license provided for in this paragraph.

(C) Upon expiration of the period of time for which conditions are imposed pursuant to this subsection, the licensee may apply to the division for the return of the license previously surrendered by such licensee. In the event such license has expired, such person may apply to the division for a new license, which shall be issued immediately by the division upon payment of the proper fee and satisfaction of the other conditions established by law, unless such person's privilege to operate a motor vehicle on the highways of this state has been suspended or revoked prior thereto. If any person shall violate any of the conditions imposed under this paragraph, such person's driver's license or privilege to operate a motor vehicle on the highways of this state shall be revoked for a period of not less than 60 days nor more than one year by the judge of the court in which such person is convicted of violating such conditions.

Kansas Trivia Question – The song “Home on the Range” was adopted by the Kansas Legislature as the official Kansas song in what year?

Answer: 1947

INTRODUCTION OF GUESTS

There being no objection, the following remarks of Rep. Kuether are spread upon the journal:

The Topeka Rotary Club is hosting a delegation of Russian policy makers from the Ivanovo region in Russia from February 9 to February 19. They are visiting the Kansas Capitol today in order to learn about democracy in the heartland. They arrived in Kansas last Friday for a home-stay with Rotary families and will spend this week learning about various levels of government in the Topeka area.

The Open World Leadership Center which sponsors their visit was founded to enable young Eurasian elected officials and civic leaders to observe the American democratic system firsthand. The Open World Leadership Center believes that principles of accountability, governance and the role of citizenry in government are most effectively illustrated through direct interaction between participants and their U.S. Professional counterparts and through hosted community and cultural activities.

Our visitors began last Thursday with an orientation in Washington, D.C., and with visits to the Congressional offices of Representative Lynn Jenkins and Senator Jerry Moran.

Open World has nearly 15,000 alumni and a network of over 5,300 U.S. host families. Program alumni hail from Russia and other Eurasian countries and include mayors, parliamentarians, judges, regional administrators, journalists, educators, non-profit directors and community activists.

It is my pleasure to introduce this year's delegation to the state of Kansas: Mr. Ilya Sergeyevich Berezkin, Mr. Nikolay Yuryevich Korchagin, Mr. Mikhail Aleksandrovich Ratmanov, Mr. Igor Nikolayevich Shipkov, Mr. Igor Yevgenyevich Volkov, and Mr. Denis Viktorovich Pryamonsosov. We ask that you watch over them during their deliberations and performance of duties and give them protection from harm.
Let us not forget to ask you for the protection of all the men and women who are in harm's way, protecting the "rights" and "freedom" this Glorious Nation has provided us. And let us remember the sacrifices they daily give for us to have these rights and the freedom to speak out against injustices without fear of harm or retaliation.
All of this we ask in thy blessed name. Amen

Sec. 3. The following proposition to amend the constitution of the state of Kansas shall be submitted to the qualified electors of the state for their approval or rejection: Section 8 of the constitution of the state of Kansas is amended to read as follows:

"§ 8. Prohibition of political activity by justices and certain judges. No justice of the supreme court who is appointed or retained under the procedure of section 5 of this article, nor any judge of the district court holding office under a nonpartisan method authorized in subsection (a) of section 6 of this article, shall directly or indirectly make any contribution to or hold any office in a political party or organization or take part in any political campaign."

Sec. 4. The following statement shall be printed on the ballot with the amendment as a whole:

"Explanatory statement. The purpose of this amendment is to allow the governor to appoint a qualified person to the office of justice of the supreme court, and such person's appointment would be required to be consented to by the senate. If the governor fails to act, the chief justice of the supreme court would appoint a qualified person, and such person's appointment would also be required to be consented to by the senate. The nonpartisan supreme court nominating commission membership would be changed to include appointments by the speaker of the house of representatives and the president of the senate. The gubernatorial appointments to the commission would be reduced from four members to three members. The members of the bar would no longer
elect members of the commission. The commission would continue to nominate three persons for appointment by the governor. A procedure is established whereby senate consent would occur within 30 days of receiving the appointment. If the senate does not consent by a majority vote, the governor would then select an appointment which would again go to the senate for consent. The same appointment and consent procedure would be followed until a valid appointment is made. If the senate fails to vote on an appointment within 30 days, it will be considered that the senate has consented to the appointment. Further, the supreme court justices would hold the office during good behavior, be subject to the retirement, discipline and removal for cause provisions of section 15 of article 3 of the Kansas constitution and would no longer be subject to a retention election.

“A vote for this proposition would provide a procedure whereby the governor or chief justice would appoint a person to be a supreme court justice and the senate, by majority vote, would consent to the appointment of supreme court justices. The supreme court nominating commission would continue to nominate three qualified persons to the governor. The supreme court justices would hold the office during good behavior, be subject to the retirement, discipline and removal for cause provisions of section 15 of article 3 of the Kansas constitution and would no longer be subject to a retention election.

“A vote against this proposition would continue in effect the current provision whereby the supreme court nominating commission nominates three persons for the office of the supreme court and the governor appoints one of such persons. Further, the justices of the supreme court would continue to hold six year terms and be subject to retention elections.”

Sec. 5. This resolution, if approved by two-thirds of the members elected (or appointed) and qualified to the House of Representatives, and two-thirds of the members elected (or appointed) and qualified to the Senate shall be entered on the journals, together with the yeas and nays. The secretary of state shall cause this resolution to be published as provided by law and shall cause the proposed amendment to be submitted to the electors of the state at the general election in November of the year 2012 unless a special election is called at a sooner date by concurrent resolution of the legislature, in which case it shall be submitted to the electors of the state at the special election.

By Representative Fawcett
A CONCURRENT RESOLUTION urging the United States Congress to extend equal
benefits for the treatment of Agent Orange exposure to Vietnam veterans who served
outside of Vietnam.
WHEREAS, Thousands of veterans of the Vietnam War suffer from the effects of
exposure to Agent Orange, a powerful and toxic defoliant used to clear areas of dense
vegetation used as enemy hideouts; and
WHEREAS, Agent Orange exposure causes a variety of devastating health effects,
such as increased rates of cancer, immune system disorders and genetic maladies which
lead to birth defects in the children of those exposed; and

WHEREAS, Although the use of Agent Orange is most commonly associated with the country of Vietnam, it was also used extensively in surrounding areas such as Thailand; and

WHEREAS, Many veterans affected by exposure to Agent Orange proudly and bravely served their country in these surrounding areas without ever actually setting foot in Vietnam itself; and

WHEREAS, These veterans are struggling to obtain the same medical benefits to deal with their exposure as those who served on the ground in Vietnam: Now, therefore, Be it resolved by the House of Representatives of the State of Kansas, the Senate concurring therein: That the Congress of the United States is urged to work with the Department of Veterans Affairs to ensure that Vietnam veterans who served in areas surrounding Vietnam itself are able to receive the same medical benefits for the treatment of Agent Orange exposure as those who served within the country's borders; and

Journal of the House

TWENTY-SIXTH DAY

HALL OF THE HOUSE OF REPRESENTATIVES,
TOPEKA, KS, Thursday, February 17, 2011, 11:00 a.m.

The House met pursuant to adjournment with Speaker O'Neal in the chair.

The roll was called with 119 members present.
Reps. Fund, Kiegerl, O'Hara and K. Wolf were excused on verified illness.
Reps. Peterson and Schwab were excused on excused absence by the Speaker.

Prayer by guest chaplain, the Rev. Jesse Allen, pastor, Lamont Wesleyan Church, Madison, and guest of Rep. Mast:

Heavenly Father I pray today that the Spirit of the Living God descend upon this Chamber. Today we have need of your assistance as these men and women seek to build and restore the work of the people of our state.

Lord we are in need of your wisdom. Abraham Lincoln once prayed "Oh, Thou God that heard Solomon in the night when he prayed and cried for wisdom, hear me. . . . I cannot guide the affairs of this nation without Thy help. Hear me and save this nation."

Father I pray that the fruit of your Spirit will pour over this body and may this session of the House of the great state of Kansas set out policy that leaves behind institutional thinking, and self-interest in the pursuit of justice, unity, and peace.

May the work done today be a reflection of your heart and will so all may live out the freedom reflected in the undeserved privilege we have been given by the work of your grace. In Jesus' name.

Amen.

The Pledge of Allegiance was led by Rep. Grant.

Kansas Trivia Question – Dr. Samuel Crumbine, a Dodge City doctor who was the state’s chief public health officer in the early 20th Century, advocated several reforms. He eliminated the public hand towel, required that hotels change bedsheets between daily guests, and also paid Kansas children a bounty for what?

Answer: Dead flies
INTRODUCTION OF GUESTS

There being no objection, the following remarks of Rep. Proehl are spread upon the journal:

The Governor signed a Proclamation that today, February 17, 2011, is Kansas Phi Theta Kappa All-State Academic Team Day. And today I am proud to introduce to you the Phi Theta Kappa All State Academic Team. Ten of those scholars are here on the Floor with me and the remainder are in the Gallery with us today.

Phi Theta Kappa is an International Honor Society for two year colleges that symbolizes excellence in higher education and a commitment to students. Students with a GPA of 3.5 or higher are invited to join Phi Theta Kappa whose mission is two-fold: to recognize and encourage the academic achievement of two-year college students, and to provide opportunities for individual growth and development through participation in honors, leadership, service and fellowship programming.

Fifty one students have been named to the All Kansas Academic Team and they represent all Nineteen Kansas community colleges from across Kansas and were named to this team based upon their academic achievement, leadership and community service.

Because of their academic achievement, service and leadership they have been awarded scholarship and stipends to complete their education and I wanted to be sure you were aware of this impressive group of young scholars from the Kansas Community Colleges.

PERSONAL PRIVILEGE

There being no objection, the following remarks of Rep. Carlin are spread upon the journal:

Mr. Speaker, thank you for the opportunity to announce the birth of my first great grandchild, Kristina Marie, six pounds, three ounces, born this morning. She is the daughter of Stephanie and Jace Carlin-McNabb. This is my 11th grandchild and the fifth one born since I became a House member in 2003. The other four were not born during the session and I wasn't able to announce them to the body. The candy will be passed out today by the doormen.

INTRODUCTION OF GUESTS

There being no objection, the following remarks of Rep. Schwartz, are spread upon the journal:

Today, February 17, has been designated by the Governor as Jordy Nelson Day in Kansas. Jordy led all receivers with nine catches for 140 yards, including the first touchdown for the Green Bay Packers midway through the first quarter of the Super Bowl win, defeating the Pittsburgh Steelers, 31-25.

Coming from District 106 that represents Leonardville, I have been acquainted with the family and their business for many years. It is really exciting for the people in that community to be able to have the opportunity to see a hometown boy be a part of a champion team.
Our family as K-State fans has followed Jordy during his career at K-State as a walk-on to the football program. Now I am a Green Bay Packer fan and during the season I continue to look for the #87.

The point I want to make is that rural areas aren't just about little towns – they're big communities. The little towns are part of the big community, and we get behind the individuals. I think that is what makes rural Kansas great.

Jordy has a big following and the whole State is proud of his accomplishments.

It is my honor to introduce Jordy and his family – wife, Emily, son, Royal, and parents, Alan and Kim Nelson from Leonardville.

Leonardville is a small town in North Central Kansas where the Nelson family own and manage “Nelson's Landing” – a great place to eat!

Joining me today in recognizing Jordy and his family are fellow Representatives Sydney Carlin, Vern Swanson, Susan Mosier and Vince Wetta.

Please join me in honoring Jordy today.

INTRODUCTION OF GUESTS

There being no objection, the following remarks of Rep. Finney are spread upon the journal:

It is a great honor for me today to introduce to you twelve year old “Burgermeister” Donovan Duggins and his parents Gwen and Maurice Duggins from Wichita.

Donovan is a 7th grade student at Robinson Middle School who, in December, won the very prestigious and competitive national 5th Annual Red Robin Kids' Cook-Off Championship in Denver, Colorado.

During the Kids’ Cook-Off Championship, the top ten kid-chef finalists showed off their culinary skills by making their gourmet burger recipes in a Food Network-style showdown and presenting them to a panel of celebrity judges.

Donovan created America's next gourmet burger to support child safety – the “Mt. Vesuvius Burger.”

Donovan's “Mt. Vesuvius Burger” was named the Red Robin Kids' Cook-Off Grand-Prize Winner following an “Iron Chef”-like competition with nine other kid-chef finalists, whose burger recipes were selected from thousands of entries from across the U.S.

Contestants also shared why they thought their burger recipe should win in 100 words or less. Each kid-chef finalist was judged based on their gourmet burger recipe, essay and overall presentation.

As the grand-prize winner of a family vacation to Universal Orlando Resort, Donovan's “Mt. Vesuvius Burger,” made with a beef patty, sesame seed bun, crumbled blue cheese, bacon, provolone cheese and his own Lava Sauce consisting of sweet BBQ sauce, hot sauce, garlic powder and paprika, will be sold in all U.S. Red Robin restaurants this summer, and fifty cents of every “Mt. Vesuvius Burger” sold will support the National Center for Missing & Exploited Children's (NCMEC) child safety efforts.

In addition to Donovan's “Mt. Vesuvius Burger” winning the grand prize, his creation was also honored as the “Fan Favorite.” Through a consumer-driven online voting
process, more than 2,000 Americans voted for Donovan's "Mt. Vesuvius Burger," and he received additional prizes including a $100 gift card to Toys "R" Us and a $200 Red Robin gift card.

Please join me and Representative Brunk in congratulating Donovan on his outstanding achievement.

EXPLANATION OF VOTE

Mr. Speaker: I vote No on Sub. HB 2134. The original legislation was a strong workers' compensation compromise representing hundreds of hours of negotiation between business and workers organizations that rarely agree on this very complex issue. Committee amendments, however upset the delicate balance reached by the parties who negotiated the original compromise. For this reason, I vote 'No.' -- Mike Slattery, Sean Gatewood, Barbara Ballard, Ann Mah, Stan Frownfelter, Gail Finney, Vince Wetta, Melody McCray-Miller, Kathy Wolfe Moore, Annie Tietze, Ed Trimmer, Judith Loganbill, Valdenia Winn, Melanie Meier, Annie Kuether, Paul Davis, Broderick Henderson, Tom Burroughs, Jerry Henry, Janice L. Sec. 2. The following statement shall be printed on the ballot with the amendment as a whole:

"Explanatory statement. The education article of the state constitution is very explicit in specifying the manner in which certain functions in the field of public education are to be performed. For example, the education article specifies that the function of governance of public schools and other public education institutions will be performed by the state board of education or the state board of regents. Since the education article is so explicit with regard to the performance of certain functions in the field of public education, the legislature is restrained from providing for changes in the performance of such functions by statute even though changes may be deemed necessary or desirable by the people.

"A vote for this proposition would not mandate a change in public education policy or governance. A vote for this proposition would amend the education article to make its operation more flexible so that the legislature, and through its members, the people, would have more freedom in providing for public education policy and governance.

"A vote against this proposition will continue in effect the present operation of the education article."

Sec. 3. This resolution, if approved by two-thirds of the members elected (or appointed) and qualified to the Senate, and two-thirds of the members elected (or appointed) and qualified to the House of Representatives shall be entered on the journals, together with the yeas and nays. The secretary of state shall cause this resolution to be published as provided by law and shall cause the proposed amendment to be submitted to the electors of the state at the general election in the year 2011 unless a special election is called at a sooner date by concurrent resolution of the legislature, in which case it shall be submitted to the electors of the state at the special election.

Prayer by Chaplain Brubaker:

Our Heavenly Father,
Whatever the circumstances we find ourselves in today,
we take comfort in the promises of Your Word.
For those feeling stressed…
“In my distress I called to the Lord;
I cried to my God for help.
From his temple he heard my voice;
my cry came before him, into his ears.”
For those feeling overwhelmed…
“He reached down from on high and took hold of me;
He drew me out of deep waters.
He rescued me from those who were too strong for me;
the Lord was my support.”
For those desiring to keep the faith…
“To the faithful you show yourself faithful,
to the blameless you show yourself blameless,
to the pure you show yourself pure.”
For those seeking the right answers…
“As for God, his way is perfect;
the word of the Lord is flawless.
It is God who arms me with strength
and makes my way perfect.”
In Your Son’s Name, I claim these promises,
Amen.
(Based on Psalm 18)
The Pledge of Allegiance was led by Rep. Peck.

Whenever traffic is controlled by traffic-control signals exhibiting different colored lights, or colored lighted arrows, successively one at a time or in combination, only the colors green, red and yellow shall be used, except for special pedestrian signals carrying a word legend, and said lights shall indicate and apply to drivers of vehicles and pedestrians as follows:

(a) Green indication. (1) Vehicular traffic facing a circular green signal may proceed straight through or turn right or left, unless a sign at such place prohibits either such turn; but vehicular traffic, including vehicles turning right or left, shall yield the right-of-way to other vehicles and to pedestrians lawfully within the intersection or an adjacent crosswalk at the time such signal is exhibited.

(2) Vehicular traffic facing a green arrow signal, shown alone or in combination with another indication, may enter the intersection cautiously only to make the movement indicated by such arrow, or such other movement as is permitted by other indications shown at the same time. Such vehicular traffic shall yield the right-of-way to pedestrians lawfully within an adjacent crosswalk and to other traffic lawfully using
the intersection.

(3) Unless otherwise directed by a pedestrian-control signal, as provided in K.S.A. 8-1509, and amendments thereto, pedestrians facing any green signal, except when the sole green signal is a turn arrow, may proceed across the roadway within any marked or unmarked crosswalk.

(b) Steady yellow indication. (1) Vehicular traffic facing a steady circular yellow or yellow arrow signal is thereby warned that the related green movement is being terminated or that a red indication will be exhibited immediately thereafter when vehicular traffic shall not enter the intersection.

(2) Pedestrians facing a steady circular yellow or yellow arrow signal, unless otherwise directed by a pedestrian-control signal as provided in K.S.A. 8-1509, and amendments thereto, are thereby advised that there is insufficient time to cross the roadway before a red indication is shown, and no pedestrian shall then start to cross the roadway;

(c) Steady red indication. (1) Vehicular traffic facing a steady circular red or red arrow signal alone shall stop at a clearly marked stop line, but if none, before entering the crosswalk on the near side of the intersection, or if none, then before entering the intersection, and shall remain standing until an indication to proceed is shown, except as provided in paragraphs (2) and (3) and (4) of this subsection. Any turn provided for in said paragraphs (2) and (3) and (4) shall be governed by the applicable provisions of K.S.A. 8-1545, and amendments thereto.

(2) Unless a sign is in place prohibiting a turn, vehicular traffic facing a steady red signal may cautiously enter the intersection to make a right turn after stopping as required by paragraph (1) of this subsection. After stopping, the driver shall yield the right-of-way to any vehicle in the intersection or approaching on another roadway so closely as to constitute an immediate hazard during the time such driver is moving across or within the intersection or junction of roadways. Such vehicular traffic shall yield the right-of-way to pedestrians lawfully within an adjacent crosswalk and to other traffic lawfully using the intersection;

(3) Unless a sign is in place prohibiting a turn, vehicular traffic upon a roadway restricted to one-way traffic facing a steady red signal at the intersection of such roadway with another roadway restricted to one-way traffic which is proceeding to the left of such vehicular traffic, may cautiously enter the intersection to make a left turn after stopping as required by paragraph (1) of this subsection. After stopping, the driver shall yield the right-of-way to any vehicle in the intersection or approaching on another roadway so closely as to constitute an immediate hazard during the time such driver is moving across or within the intersection or junction of roadways. Such vehicular traffic shall yield the right-of-way to pedestrians lawfully within an adjacent crosswalk and to other traffic lawfully using the intersection.

(4) The driver of a motorcycle or a person riding a bicycle facing any steady red signal, which fails to change to a green light within a reasonable period of time because of a signal malfunction or because the signal has failed to detect the arrival of the motorcycle or bicycle because of its size or weight, shall have the right to proceed subject to the rules applicable after making a stop at a stop sign under K.S.A. 8-1528, and amendments thereto.

(5) Unless otherwise directed by a pedestrian-control signal as provided in K.S.A. 8-1509, and amendments thereto, pedestrians facing a steady circular red or red
arrow signal alone shall not enter the roadway.

(d) In the event an official traffic-control signal is erected and maintained at a place other than an intersection, the provisions of this section shall be applicable except as to those provisions which by their nature can have no application. Any stop required shall be made at a sign or marking on the pavement indicating where the stop shall be made, but in the absence of any such sign or marking the stop shall be made at the signal.

And by renumbering sections accordingly;

On page 2, in line 34, after "K.S.A." where it appears for the first time, by inserting "8-1508 and";

Prayer by Chaplain Brubaker:

Our Heavenly Father,  
Today as we remember and celebrate  
the past leaders of our nation,  
I pray a prayer of a former President:  
“…we bow our heads and thank You for Your love. 
Accept our thanks for the peace that yields this day  
and the shared faith that makes its continuance likely.  
Make us strong to do Your work,  
willing to heed and hear Your will,  
and write on our hearts these words:  
"Use power to help people."

For we are given power not to advance our own purposes,  
nor to make a great show in the world, nor a name.  
There is but one just use of power,  
and it is to serve people.  
Help us to remember it, Lord.  
The Lord our God be with us,  
as He was with our fathers;  
may He not leave us or forsake us;  
so that He may incline our hearts to Him,  
to walk in all His ways...  
that all peoples of the earth may know  
that the Lord is God; there is no other.”

In Christ’s Name, I pray, Amen.  
(George H. Bush--Inaugural address, January 20, 1989)

The Pledge of Allegiance was led by Rep. Brunk.

INTRODUCTION OF GUESTS

There being no objection, the following remarks of Rep. Suellentrop, are spread upon the journal:

Mr. Speaker, Fellow House Colleagues, and Ladies and Gentleman, as we celebrate the 150 years of Kansas Statehood, many stories of early pioneers make up its history. Today I would like to share one of those stories.

Armed with $10,000 and plenty of ambition, Charles F Hyde gave birth to the dream of Legacy Bank. Then known as “Colwich Bank”, Hyde believed that with $10,000 of capital and the partnership he started with his fellow homesteaders they could begin a successful business in banking..and he was right.

The Colwich Bank opened its doors for business on February 22nd, 1886, a 125 years ago tomorrow. A certificate of organization was filed with Sedgwick County Register of Deeds on the following day.

A two story bank building was erected and completed in 1886 on the northwest corner of Wichita and Colorado streets, built from bricks manufactured in Hyde’s Wichita and Colorado Calorific Brick Company. The Colwich Courier labeled the building a “staid solid institution.

As a result of new legislation in 1891 requiring state banks in Kansas to be chartered, the Bank of Colwich was re-chartered as “The State Bank of Colwich” on September 9.

The Suellentrop family, many of whom are here today, began its association with the State Bank of Colwich when Clemens Suellentrop and Adam Spexarth families purchased a major interest in the Bank early in 1911. Clemens Suellentrop, my great grandfather and the gentleman in the middle of the picture on your desk, was cashier and chief executive officer of the bank, and his son, John A Suellentrop, began operating the bank at that time.

On March 8th 1933 – During the Great Depression, President Roosevelt closed all banks in the nation for several days. During that time congress passed an Emergency Banking Act that would allow only banks with an adequate financial structure to reopen. The State Bank of Colwich was one of only three in western Sedgwick County to do so. This success was due to the leadership of Clemens Suellentrop.

John A. Suellentrop, my grandfather, became president January 8, 1937 and served in that capacity until his retirement in 1972. He is the father of former bank presidents John F. Suellentrop and Clem J. Suellentrop, and to Robert C. Suellentrop.

John F. Suellentrop, president of the State Bank of Colwich from 1972 to 1988, began part-time in 1935 and was elected to the board January 20, 1948. Clem J. Suellentrop, my father, also began part time in 1937. Elected to the board in 1948, he served as president from 1988 to 1990.

Today my brother Frank serves as president along with Brothers Mark, Mike and myself serving on the Board of Directors.

As we celebrate our long and rich history throughout this year, I would like to close on this note.
We are witnessing an appalling contraction of the banking industry. Good banks that for decades have been contributing to the economic growth and vitality of their towns, cities, and counties but whose financial condition is being undermined by excessive regulation.

All banks and their services to their customers are hurt by overregulation. The median-sized bank in the United States is forced to comply with 1,700 pages of consumer regulations, not counting hundreds of pages of other regulations governing how banks make loans, to whom, under what conditions, how they set up reserves for the loans, and so forth. That does not include any regulations written pursuant to Dodd-Frank Act.

A few examples of regulatory burdens that we know are making it harder to promote new jobs and economic growth.

- **Relieve the Demands for ever High Capital Ratios.** The banking industry entered the recession well capitalized, and the industry is even better capitalized today.

- **Stop- Confusing Mortgage Borrowers and Lenders.** The pace and poor coordination of rulemakings on mortgage lending are driving up cost, increasing borrower and lender confusion, and ultimately making it harder to provide mortgage loans to qualified borrowers.

- **Refund Excessive FDIC Premiums.** The FDIC gets all of its funding from the banking industry, and the banking industry is committed to keeping FDIC adequately funded. Bank Failures and failure costs in 2010 were far below FDIC estimates, and that trend is continuing into 2011. The FDIC required banks to pay three years of premiums in advance.

- **Update SEC Registration Threshold.**

- **Provide More Flexibility on Commercial Real Estate (CRE) Lending.** Many new businesses, seeking funding for expansion, have little more that their real estate assets to pledge as collateral. But when they do so, bank examiners may define that loan as CRE lending and criticize a bank for making that loan. Bank examiners need to restore and use the flexibility built into the CRE guidance and allow banks to provide CRE loans to good borrowers.

I am requesting that you discuss these issues with your local community bank. Support them by contacting your congressional representatives and urge them to bring attention to this issue.

Thank you for your attention and Happy 125th Birthday. At this times I am happy and proud to present this Proclamation to Legacy Bank, and happy birthday to my oldest son Daniel, who could not be here today.

**INTRODUCTION OF GUESTS**

There being no objection, the following remarks of Rep. Gregory, are spread upon the journal:

It is with great pride I introduce the Baldwin City High School Real World Design Challenge Team and the Governor’s Kansas State Champions.

Winning team members are Brandon Baltzell, Sr; Carson Barnes, Sr; Kaitlyn Barnes, Soph; Carrie Dietz, Soph; Mac Halpin, Soph; Mackenzie Johnson, Soph; Austin Kraus, Soph; and the team’s coach is Pam Davis. One Mentor is Sandy Barnes of Ottawa; From the KS State Dept of Education is Dr. Sidney Cooley and RJ Dake. Not with us
today from the mentoring team are Mark Beyer, Chris Hedden, and Andrew Hahn. Paul Dorothy is the Superintendent of Schools.

The Real World Design Challenge is an annual competition that provides high school students the opportunity to work on real world engineering challenges as a team. Baldwin High School’s team has placed first in Kansas three years in a row, beating out 22 other schools to win the state competition this year. This year’s challenge was to use aeroelastic tailoring to design the exterior geometry and interior structure of an airliner wing in a manner that maximizes both fuel efficiency and aerodynamic efficiency. This would normally be a senior engineering project.

The team will represent Kansas in the national competition April 15-18 at the Smithsonian Air and Space Museum in Washington, D.C. Last year’s Baldwin team won the National title.

Join me in congratulating the team as state champions and wishing them good luck for success in Washington!

INTRODUCTION OF GUESTS

There being no objection, the following remarks of Rep. Bowers, are spread upon the journal:

Thank you Mr. Speaker. It is my pleasure to introduce to the body these men standing beside me today. Third from my right, our former House colleague and now the Adjutant General of Kansas, General Lee Tafanelli, to his right Captain Aaron Isaacson and Captain Murl Reidel of the Kansas Army National Guard. They are accompanying two very special men who are sharing their day with us in the Capitol – Colonel Roger Hugh C. Donlon and Colonel Donald E. Ballard. In a few minutes, HB 2003 will be presented to you on General Orders. It renames a stretch of highway in north central Kansas after a World War hero, Captain Donald K. Ross – a Medal of Honor Recipient. Colonel’s Donlon, Ballard and Captain Ross share membership in a very elite order known as the Congressional Medal of Honor Society. They are here to honor their friend and to watch as he is memorialized by legislation which we will hear today and vote on tomorrow. The Medal of Honor is the highest award for valor in action against an enemy force which can be bestowed upon an individual serving in the Armed Services of the United States. It is generally presented to its recipient by the President of the United States of America in the name of Congress. In 1861, a bill was introduced and passed which President Lincoln signed in to law and produced 200 metals. Out of 44 million veterans that have served our great country only 3,485 Medals of Honor Awards have been issued - the first was awarded in 1863 and the last in 2010. Today only 85 recipients are still living. Let me properly introduce you now to these two officers.

Capt. Donlon was serving as the commanding officer of the U.S. Army Special Forces on July 6, 1964 when a reinforced Viet Cong battalion suddenly launched a full-scale, predawn attack on his camp. The battle which lasted more than 5 hours resulted in heavy casualties on both sides. Capt. Donlon directed the defense operations in the midst of an enemy barrage of mortar shells, falling grenades, and extremely heavy gunfire. Upon the initial onslaught, he swiftly marshaled his forces and ordered the removal of the needed ammunition from a blazing building. He then dashed through a hail of small arms and exploding hand grenades to abort a breach of the main gate.
Although exposed to the intense grenade attack, he then succeeded in reaching a 60mm mortar position despite sustaining a severe stomach wound as he was within 5 yards of the gun pit. When he discovered that most of the men in this gun pit were also wounded, he completely disregarded his own injury, directed their withdrawal to a location 30 meters away, and again risked his life by remaining behind. While dragging a fallen soldier out of the gun pit, an enemy mortar exploded and wounded Capt. Donlon’s left shoulder. Although suffering from multiple wounds, he carried an abandoned mortar weapon to a new location 30 meters away where he found 3 wounded defenders. After administering first aid and encouragement to these men, he left the weapon with them. Then with great courage and coolness under fire, he returned to the abandoned gun pit with another rifle, evacuated ammunition for the 2 weapons, and while crawling and dragging the urgently needed ammunition, received a third wound on his leg by an enemy hand grenade. Despite his critical physical condition, he again crawled 175 meters to another mortar position and directed firing operations. He then moved to another mortar position, crawled back to the gun pit and set it up for defensive operations, and turned it over to 2 defenders with minor wounds. He then left this sheltered position, and moved from position to position around the perimeter while hurling hand grenades at the enemy and inspiring his men to superhuman effort. As he bravely continued to move around the perimeter, a mortar shell exploded, wounding him in the face and body. The enemy forces retreated back to the jungle leaving behind 54 of their dead, many weapons, and grenades. Although severely injured, Capt. Donlon immediately reorganized his defenses and administered first aid to the wounded. His actions resulted in the successful defense of the camp, Capt. Donlon’s extraordinary heroism, at the risk of his life above and beyond the call of duty are in the highest traditions of the U.S. Army and reflect great credit upon himself and the Armed Forces of his country. He was awarded his Medal of Honor in Washington, DC on December 5, 1964 by President Johnson. He was promoted to Colonel in 1980 and is retired and living in Leavenworth.

Col. Donald E. Ballard enlisted in the U.S. Navy in 1965. In December 1966 Col. Ballard was selected to serve with the Marines. From the fall of 1967 to the late summer 1968, Col. Ballard served as a frontline Corpsman with Mike Company, Third Battalion, Fourth Marines in Vietnam. As a Grunt corpsman his job was to save the lives of the Marines in combat and to get the Marines home to their loved ones to the best of his ability. On May 16, 1968, his unit was caught in a fierce battle and had loss several Marines. "Doc" Ballard – as he was fondly called - was treating Marines and directing the Marines to move the wounded to a safer location when the enemy began throwing hand grenades and shooting into the small group. An enemy grenade hit "Doc" Ballard in the helmet and landed near him, he quickly threw it back in the direction of the enemy. A short time later, a second grenade landed in the middle of the group of Marines. Colonel Ballard dove on the grenade, however it did not explode. He reached under his stomach grabbed the grenade, rolled over and threw it away from the Marines. The grenade then exploded in the air, no Americans were wounded. He continued at that point to treat and evacuate the Marines. On May 14, 1970, Colonel Donald Ballard received the Congressional Medal of Honor from President Richard Nixon in a White House ceremony. He later joined the Kansas Army National Guard as a second lieutenant Medical Service Corps. He served a very distinguished military career for a total of 35 years as private to colonel. In 1998 he was promoted to the rank of colonel.
and retired in 2000. He currently owns a funeral home and cemeteries in Kansas City.

As you all can tell, we are in company of great men. It pleases me to no end that they were fond of Captain Ross from Beverly, Kansas and are taking time to remember him and celebrate his memory with us. Please welcome with me these two heroes – Colonel Roger Hugh C. Donlon and Colonel Donald E. Ballard, Medal of Honor Recipients and our Kansas Army National Guard men.

EXPLANATION OF VOTE

Mr. Speaker: I am a veteran of the United States Navy and deeply appreciate those who have served their country honorably. I understand the pain of losing a child, as I have lost a daughter to murder. I do not wish that anguish on anyone. The tradition of the Gold Star is a tribute to those who lose their lives in combat. This bill proposes that a gold star license plate can be obtained by family members of a veteran who has died under any situation. The ultimate sacrifice is to give one's life in service of your country in combat. I cannot support HB 2132. -- Greg Smith

Prayer by Chaplain Brubaker:

Dear Father God,
Today I ask that your presence permeate this chamber
and pervade the hearts of these who seek Your will.
These are long days with difficult issues to tackle.
Empower our Legislators with the wisdom and tenacity
needed to solve these sensitive and painful issues facing our state.
Give them strength to endure the long hours of labor.
Give them a positive sense of accomplishment.
Be with their families as they sometimes bear the brunt
of these long, excruciatingly stressful days.
Encourage their hearts and help them as they support
their wife, husband, father, or mother.
These things I ask in Your Son’s Name,
Amen.

EXPLANATIONS OF VOTE

MR. SPEAKER: I vote yes on HB 2006 because it affirms and advances the core principles of the rule of law and fundamental fairness on which our society is founded. Rule of law, because it ends the practice of rewarding with taxpayer funded or subsidized benefits the families of those who violate our nation’s immigration laws to come to Kansas. Fundamental fairness, because common sense tells us it’s just plain wrong to grant taxpayer-funded benefits to the families of illegal immigrants that are not available to non-resident united states citizens or legal immigrants who played by the rules to get here.--JOHN RUBIN, LANA GORDON, JOE MCELAN

MR. SPEAKER: I vote for hope over fear, for enhancing opportunity versus stifling potential, for hospitality over hostility. Political pressure is heavy but life is too short not to vote for what I believe is right. I vote for economic vitality and maintaining current constructive policy. I vote No on HB 2006.--DON HILL, CHARLES ROTH, TOM MOXLEY, TOM SLOAN, DON HINEMAN, BARBARA BOLLIER, ANN MAH

MR. SPEAKER: HB 2006 has been portrayed as an assertion of the rule-of-law and a step to stop illegal immigration. It is neither. The U.S. Supreme Court mandated that all children get a K-12 education. This bill will stop Kansas high school graduates from going with their classmates to college. This bill will destroy lives! I will not vote for a bill that will abort the dream of life for any child! I vote NO on HB 2006.--MARIO GOICO

MR. SPEAKER: This vote is about the rule of law and fundamental fairness. When we require United States citizens from other states pay a higher tuition rate than students who are present in our country illegally, we are rewarding those who break our laws while punishing law-abiding students from other states.
I vote yes on HB 2006 because college is about life lessons and students should not learn that those who break the law will be rewarded.--TERRI LOIS GREGORY, CARYN TYSON, BENNY L. BOWMAN, JOSEPH SCAPA, STEVE HUEBERT, DAN COLLINS

MR. SPEAKER: I vote for hope over fear, for enhancing opportunity versus stifling potential, for hospitality over hostility. Political pressure is heavy but life is too short not to vote for what I believe is right. I vote for economic vitality and maintaining current constructive policy and against HB 2006.--SHERYL SPALDING

MR. SPEAKER: HB 2006 is telling hard-working immigrant students, future citizens of this country and of Kansas, that their contributions don’t matter. Though Federal Law requires that we educate all students this bill tells the students and those who teach them that their impressive accomplishments are halted. This vote tells the Kansas Board of Regents that, in an impossibly difficult budget year, a policy that brings them talented, tuition-paying students, whose families live and pay taxes in Kansas, will fall victim to the heated politics over federal immigration policy failures. I vote no on HB 2006.--SYDNEY CARLIN, MELDOY MCCRAY-MILLER
MR. SPEAKER: The text of Micah 6:8 compels that I vote no on HB 2006. Political pressure is heavy but life is too short not to vote for what I believe is right. As I looked over the list of opponents who gave testimony to the committee hearing this bill, I was reassured in voting my conscience. I vote for maintaining current Kansas policy, not harmful to anyone, and truly helpful to students graduating from Kansas high schools. – BOB BROOKENS

manual of classifications, rules and rates, every rating plan, policy form and every modification of any of the foregoing which it proposes to use. Every such filing shall indicate the proposed effective date and the character and extent of the coverage contemplated and shall be accompanied by the information upon which the insurer supports the filings. A filing and any supporting information shall be open to public inspection after it is filed with the commissioner. An insurer may satisfy its obligations to make such filings by authorizing the commissioner to accept on its behalf the filings made by a licensed rating organization or another insurer. Nothing contained in this act shall be construed to require any insurer to become a member or subscriber of any rating organization.

(b) Certificate of insurance forms must be filed with the commissioner of insurance and approved prior to use. Notwithstanding the "large risk" filing exemption in subsection (j), a certificate of insurance cannot be used to modify, alter or amend the insurance policy it describes. The certificate of insurance shall contain the following or similar language: The certificate of insurance neither affirmatively nor negatively amends, extends or alters the coverage afforded by the policies listed thereon. An industry standard setting organization may be authorized by the commissioner of insurance to file certificate of insurance forms on behalf of authorized insurers.

(c) Any rate filing for the basic coverage required by K.S.A. 40-3401 et seq., and amendments thereto, loss costs filings for workers compensation, and rates for assigned risk plans established by article 21 of chapter 40 of the Kansas Statutes Annotated, and amendments thereto, or rules and regulations established by the commissioner shall require approval by the commissioner before its use by the insurer in this state. As soon as reasonably possible after such filing has been made, the commissioner shall in writing approve or disapprove the same, except that any filing shall be deemed approved unless disapproved within 30 days of receipt of the filing.

(d) Any other rate filing, except personal lines filings, shall become effective on filing or any prospective date selected by the insurer, subject to the commissioner disapproving the same if the rates are determined to be inadequate, excessive, unfairly discriminatory or otherwise fails to meet the requirements of this act. Subject to the provisions of K.S.A. 40-954, and amendments thereto, an insurer may file up to four workers compensation loss cost multipliers and up to four policy holder dividend plans within a single insurer. Eligibility for individual loss cost multipliers and dividend plans shall be based on insurer underwriting criteria and judgment. Personal lines rate filings shall be on file for a waiting period of 30 days before becoming effective, subject to the commissioner disapproving the same if the rates are determined to be inadequate, excessive, unfairly discriminatory or otherwise fail to meet requirements of this act. The term "personal lines" shall mean insurance for noncommercial automobile, homeowners, dwelling fire-and-renters insurance policies, as defined by the commissioner by rules and regulations. A filing complies with this act unless it is disapproved by the commissioner within the waiting period or pursuant to subsection (f).

(e) In reviewing any rate filing the commissioner may require the insurer or rating organization to provide, at the insurer's or rating organization's expense, all information necessary to evaluate the reasonableness of the filing, to include payment of the cost of an actuary selected by the commissioner to review any rate filing, if the department of insurance does not have a staff actuary in its employ.
(f) (1) (A) If a filing is not accompanied by the information required by this act, the commissioner shall promptly inform the company or organization making the filing. The filing shall be deemed to be complete when the required information is received by the commissioner or the company or organization certifies to the commissioner the information requested is not maintained by the company or organization and cannot be obtained.

(B) If the commissioner finds a filing does not meet the requirements of this act, the commissioner shall send to the insurer or rating organization that made the filing, written notice of disapproval of the filing, specifying in what respects the filing fails to comply and stating the filing shall not become effective.

(C) If at any time after a filing becomes effective, the commissioner finds a filing does not comply with this act, the commissioner shall after a hearing held on not less than 10 days' written notice to every insurer and rating organization that made the filing issue an order specifying in what respects the filing failed to comply with the act, and stating when, within a reasonable period thereafter, the filing shall be no longer effective. Copies of the order shall be sent to such insurer or rating organization. The order shall not affect any contract or policy made or issued prior to the expiration of the period set forth in the order.

(2) (A) In the event an insurer or organization has no legally effective rate because of an order disapproving rates, the commissioner shall specify an interim rate at the time the order is issued. The interim rate may be modified by the commissioner on the commissioner's own motion or upon motion of an insurer or organization.

(B) The interim rate or any modification thereof shall take effect prospectively in contracts of insurance written or renewed 15 days after the commissioner's decision setting interim rates.

(C) When the rates are finally determined, the commissioner shall order any overcharge in the interim rates to be distributed appropriately, except refunds to policyholders the commissioner determines are de minimis may not be required.

(3) (A) Any person or organization aggrieved with respect to any filing that is in effect may make written application to the commissioner for a hearing thereon, except that the insurer or rating organization that made the filing may not proceed under this subsection. The application shall specify the grounds to be relied on by the applicant.

(B) If the commissioner finds the application is made in good faith, that the applicant would be so aggrieved if the applicant's grounds are established, and that such grounds otherwise justify holding such a hearing, the commissioner shall, within 30 days after receipt of the application, hold a hearing on not less than 10 days' written notice to the applicant and every insurer and rating organization that made such filing.

(C) Every rating organization receiving a notice of hearing or copy of an order under this section, shall promptly notify all its members or subscribers affected by the hearing or order. Notice to a rating organization of a hearing or order shall be deemed notice to its members or subscribers.

(g) No insurer shall make or issue a contract or policy except in accordance with filings which have been filed or approved for such insurer as provided in this act.

(1) On an application for personal motor vehicle insurance where the applicant has applied for collision or comprehensive coverage, the applicant shall be allowed to identify a lienholder listed on the certificate of title for the motor vehicle described in the application.
(2) On an application for property insurance on real property, the applicant shall be allowed to identify a mortgagee listed on a mortgage for the real property described in the application.

(h) The commissioner may adopt rules and regulations to allow suspension or modification of the requirement of filing and approval of rates as to any kind of insurance, subdivision or combination thereof, or as to classes of risks, the rates for which cannot practically be filed before they are used.

(i) Except for workers compensation and employer's liability line, the following categories of commercial lines risks are considered special risks which are exempt from the filing requirements in this section: (1) Risks that are written on an excess or umbrella basis; (2) commercial risks, or portions thereof, that are not rated according to manuals, rating plans, or schedules including "a" rates; (3) large risks; and (4) special risks designated by the commissioner, including but not limited to risks insured under highly protected risks rating plans, commercial aviation, credit insurance, boiler and machinery, inland marine, fidelity, surety and guarantee bond insurance risks.

(j) For the purposes of this subsection, "large risk" means: (1) An insured that has total insured property values of $5,000,000 or more; (2) an insured that has total annual gross revenues of $10,000,000 or more; or (3) an insured that has in the preceding calendar year a total paid premium of $50,000 or more for property insurance, $50,000 or more for general liability insurance, or $100,000 or more for multiple lines policies.

(k) The exemption for any large risk contained in subsection (h) shall not apply to workers compensation and employer's liability insurance, insurance purchasing groups, and the basic coverage required by K.S.A. 40-3401 et seq., and amendments thereto.

(l) Underwriting files, premium, loss and expense statistics, financial and other records pertaining to special risks written by any insurer shall be maintained by the insurer and shall be subject to examination by the commissioner.

There being no objection, the following remarks of Rep. Donohoe are spread upon the journal:

The St. James Academy volleyball program is in just its sixth year of existence, and in that time the team has won three State Championships and one National Title under Coach Nancy Dorsey. This past season, the Lady Thunder went 44-1 on the season, had over twenty victories against teams nationally ranked, won their third straight state title and was crowned National Champions by Prep Volleyball. HB 2192, AN ACT regulating traffic; concerning safety belts; traffic controlled lights; amending K.S.A. 8-1508 and 8-2204 and K.S.A. 2010 Supp. 8-2503 and 8-2504 and repealing the existing sections, was considered on final action.

On roll call, the vote was: Yeas 99; Nays 22; Present but not voting: 0; Absent or not voting: 4.

Mr Speaker: I respectfully vote no on HB 2192. The bill lacks provisions preventing bicyclists and motorcyclists from circumventing the line of traffic while waiting for a signal to change. Too often operators of motorcycles and bicycles choose to weave through stopped traffic to quickly reach the intersection and continue on their way. If other vehicles have triggered the traffic light and are required to stop and wait for the signal to change, so must motorcyclists and bicyclists. —Barbara Bollier

HB 2249. AN ACT concerning controlled substances; relating to cathinones; amending K.S.A. 2010 Supp. 65-4105 and repealing the existing section, was considered on final action.

INTRODUCTION OF ORIGINAL MOTIONS AND HOUSE RESOLUTIONS

The following resolution was introduced and read by title:

HOUSE RESOLUTION No. HR 6011—
By Committee on Federal and State Affairs
A RESOLUTION expressing support of the Kansas House of Representatives for the state's legal challenge of Obamacare.
WHEREAS, The federal Patient Protection and Affordable Care Act ("Obamacare") was passed by Congress on March 23, 2010 and signed into law by President Obama on March 30, 2010; and
WHEREAS, Obamacare contains harmful provisions designed to create a federally-imposed universal healthcare program; and
WHEREAS, The most egregious of these provisions is an unconstitutional federal mandate requiring all individuals to purchase approved health insurance; and
WHEREAS, The United States House of Representatives of the 112th Congress recently passed the "Repealing the Job-Killing Health Care Law Act" on January 19,
WHEREAS, Kansas, under the direction of Attorney General Derek Schmidt, has joined 25 other states in a legal challenge to the constitutionality of Obamacare in the State of Florida, et al. v. United States Department of Health and Human Services, et al., Case No. 3:10-cv-910RV/EMT (N.D. Fla. 2011); and

WHEREAS, The framers of our constitution created a system of dual sovereignty under which the powers delegated to the federal government are few and defined. Under the commerce clause, Congress may only regulate economic activity between the states and Obamacare’s individual mandate clearly constitutes an unprecedented attempt to regulate economic inactivity by forcing private citizens to become market participants; and

WHEREAS, Federal Judge Roger Vinson declared Obamacare an unconstitutional exercise of Congressional power on January 31, 2011. Judge Vinson held: “The individual mandate is outside Congress’ commerce clause power, and it cannot be otherwise authorized by an assertion of power under the necessary and proper clause. It is not constitutional.”; and

WHEREAS, In reaching his decision, Judge Vinson reasoned that “…never before has Congress required that everyone buy a product from a private company (essentially for life) just for being alive and residing inside the United States.” He went on to say, “…if Congress can penalize an individual for failing to engage in commerce, the enumeration of powers in the Constitution would have been in vain for it would have been difficult to perceive any limitation on federal power.”; and

WHEREAS, The passage of Obamacare has already had a detrimental effect on the state of Kansas and will continue to raise costs, reduce the quality of care and threaten future prosperity; and

WHEREAS, Obamacare has caused health insurance premiums to rise an average of 5% to 7% in Kansas, and with the bulk of the law’s provisions still not scheduled to go into effect for three years, further large premium increases are anticipated in the future; and

WHEREAS, The law’s provisions make it more difficult for young adults to afford health coverage, and that is the group that insurer’s need to keep overall costs in line; and

WHEREAS, The law acts as a disincentive for small business owners to provide insurance coverage for their employees; and

WHEREAS, The law converts the medicaid program from a federal-state partnership to provide a safety for the needy into a federally-imposed universal healthcare program that removes state discretion and unfairly mandates massive expenditures by the state.

Be it resolved by the House of Representatives of the State of Kansas: That Obamacare is an unconstitutional exercise of federal power that violates the fundamental concepts of federalism and limited government; and

Be it further resolved: That the Kansas House of Representatives wishes to express its steadfast support for the Attorney General’s challenge to Obamacare in federal court.

Be it further resolved: That the Chief Clerk of the House of Representatives be directed to provide an enrolled copy of this resolution to attorney general, Derek Schmidt.

THIRTY-FIRST DAY

HALL OF THE HOUSE OF REPRESENTATIVES,
TOPEKA, KS, Thursday, February 24, 2011, 9:30 a.m.

The House met pursuant to adjournment with Speaker O'Neal in the chair.

The roll was called with 121 members present.
Reps. Fund, Kiegerl and K. Wolf were excused on verified illness.
Rep. Wetta was excused on excused absence by the Speaker.

Prayer by guest chaplain, the Rev. Bobby Massay, pastor, LifePoint Church, Valley Center, guest of Rep. Huebert:

Representative Vince Wetta’s father-in-law died on Wednesday. The funeral will be Friday. Please pray for his family, and especially for his wife Marilyn in the loss of her father, Roman Winter.

Father in heaven, we thank you for your abundant grace that allows us to come before your throne and make our request known to you. Your word promises that your grace is sufficient to help us in our time of need.

Today we ask for your grace as we are in need of your direction for the decisions made in this great assembly hall. Father, we ask that every policy debated, every plan discussed, and every purpose decided upon be filtered through the truth of your precious word. Grant that all those who serve in this House have their hearts turned to you as they ponder the direction we are to go and the course that is to be set.

Father, we are grateful for your loving kindness that leads us to repentance for actions that have not been made out of your leadership but rather our own selfishness. Forgive us, Oh God, for taking advantage of your grace and help us to walk in your ways. Please give to all in this room wisdom to lead and the courage to carry out your will. In Jesus’ name, Amen.

The Pledge of Allegiance was led by Rep. Gregory.

Kansas Trivia Question – The Kansas flag hasn’t been changed since its adoption in 1927, with one exception. During the state’s centennial, what was added to the flag?
Answer: The word “Kansas.”
FEBRUARY 24, 2011

PERSONAL PRIVILEGE

There being no objection, the following remarks of Rep. Meier are spread upon the journal:

In the words of President Dwight D. Eisenhower, "It is fitting and proper that we devote one day each year to paying special tribute to those whose constancy and courage constitute one of the bulwarks guarding the freedom of this nation and the peace of the free world."

Armed Forces Day was created in 1949 following the consolidation of the military services in the Department of Defense to honor Americans serving in the five U.S. military branches – the Army, Navy, Marines, Air Force, and Coast Guard. This morning, our Governor has signed a proclamation designating today, Thursday, February 24th 2011, as Armed Forces Appreciation Day.

Today, 62 years after the formation of the Department of Defense and the first Armed Forces Day, the United States military service members are standing ever vigilant at their posts around the world to keep us safe. The military of the United States is deployed in more than 150 countries and they are working here at home to protect America from threats foreign and domestic. They are risking their lives in the deserts of Iraq and the mountains of Afghanistan. They are serving bravely providing security and peacekeeping missions in Djibouti, Kenya, Kosovo and the Sinai. They provide humanitarian assistance where the world, our nation, and Kansas have a dire need. The Members of our Armed Forces are forging a better future for our Nation and the world.

Today, the National Guard and Reserve not only continue their support to emergencies at home and to active duty units that deploy, but are also deployed themselves. An example is Kansas’ own Alpha Company, 2d-137th Combined Arms Battalion, from nearby Lawrence, commanded by Captain Zach Rolf which is in Africa at this moment. They make the extra sacrifice of leaving their full time jobs to deploy and their families are not afforded the support that military families on an active duty post receive.

This brings me to another group which deserves special thanks—the spouses of our service members, spouses who take care of the families and raise the children while their service members are at sea or stationed far away, and spouses who have left our shores to be in a faraway land with their service members. As the members of our all volunteer force carry out their missions, their families make their own sacrifices. Military families make a vital contribution to our nation in the support they give to our men and women in uniform. If they were unwilling to endure the absences, the moves between duty stations, and the worry, our service members would not be able to give their full attention to their missions.

The Soldiers, Sailors, Airmen, Marines, and Coastguardsmen who have answered the call to service deserve recognition and gratitude. They have endured the most difficult of conditions to protect America and her highest ideals.

All Kansans need to know the sacrifices of the Armed Forces of the United States and I ask you to join me in sincere thanks.

EXPLANATIONS OF VOTE

Mr Speaker: I vote no on HB 2130 because it is bad policy that strips Kansas workers of their freedom and from having their voices heard in government. By passing this legislation, the Kansas House is promoting intrusive and over-reaching government solely for political gain. This is punitive and petty, and I must vote no, because I believe Kansas workers are smart enough to make their own decisions.—Mike Slattery, Tom Burroughs, Sydney Carlin, Nile Dillmore, Bill Feuerborn, Gail Finney, Geraldine Flaharty, Stan Frownfelter, Doug Gatewood, Sean Gatewood, Bob Grant, Broderick Henderson, Jerry Henry, Annie Kuether, Harold Lane, Judith Loganbill, Ann Mah, Melody McCray-Miller, Melanie Meier, Janice L. Pauls, Mike Peterson, Eber Phelps, Louis Ruiz, Annie Tietze, Ed Trimmer, Ponka-We Victors, Jerry Williams, Valdenia Winn, Kathy Wolfe Moore.

Mr Speaker: As a card carrying union member for over 20 years, I have experienced personally giving my money to the union only to support people I would not and had no voice with the union, therefore, I support HB 2130 to protect other union members like myself.—Joe Seiwert

Mr Speaker: I vote yes on HB 2130 to protect Kansas workers. For too long, unions have placed a stranglehold on their members’ political contributions. Workers should be granted the freedom to choose whom they support and paycheck protection gives them that ability.—Anthony Brown, Terril Lois Gregory, Dennis Hedke, Forrest Knox, Kelly Meigs, Greg Smith, Brian A. Weber.

Mr Speaker: I vote Yes on HB 2130. I am tired of dues money going to support politicians who support illegal immigration, job killing green regulation, and the elimination of workers right to a secret ballot when unions are organized. Business and
other P.A.C’s must write checks, this does level the playing field.—Bill Otto

Mr Speaker: I vote yes on HB 2130. Kansas is not alone in protecting their workers from forced and coerced political contributions. Seven other states offer similar protection and the United States Supreme Court unanimously ruled paycheck protection to be constitutional. This is not an attack on the first amendment. Our workers should be protected so I vote yes.—Arlen Siegfried, Jim Howell, Peggy Mast

Mr Speaker: I vote yes on HB 2130. State and local government’s ability to collect funds and fees for political activities is not an essential function of government. I believe government should not engage in gathering funds to be used for political activities so I vote YES.—Kyle Hoffman

Mr Speaker: In the nine years that I have served in the House, I'm not sure that I have seen a more dismal piece of legislation. The bill has been deemed the Paycheck Protection Act. It really should be called the Political Protection Act for those who support this oppressive piece of legislation. Shame on this body for sacrificing the 1st Amendment right to the political speech of Kansas workers just so some can gain an advantage in the next election. Hard working Kansans deserve better. I vote No on HB 2130.—Paul Davis

Mr Speaker: Disruption of the legislative process by disrespectful shouting by those in the spectator gallery is not the proper way to solicit support for a particular piece of legislation. The chaos and disrespect displayed by individuals who supposedly are union supporters, and that resulted in their expulsion by members of law enforcement, was an outlandish display of disrespect for the legislative process. I believe in mutual respect between parties that may have dissenting views, evidently this group does not share that belief. This inappropriate episode changed my mind and prompted me to a "yes" vote on HB 2130.—John C. Grange

Mr Speaker: Tactics of intimidation, both blatant and unprecedented, were publicly displayed today in the gallery of the House of Representatives and outside its chamber to influence elected officials' votes. Those tactics included verbal threats and sexually explicit comments to female legislators and staff. I cannot imagine the intimidation methods unions would be willing to use on their members when no one is watching. Our hard-working, law-abiding union members are asking for protection from such abuse. I vote yes on HB 2130.—Scott Schwab, Richard Carlson, Dennis Hedke, Lance Kinzer, Marvin Kleeb, Michael R. O'Neal, Virgil Peck, Jr.

EXPLANATIONS OF VOTE

MR SPEAKER: The current accepted standard, based on valid medical data, states that processable fetal pain begins the 29th or 30th week of gestation. The inclusion in this bill of the requirement that a pregnant woman must carry to term a fetus diagnosed with anencephaly, is unconscionable. I vote “no” on HB 2218 firm in my belief that the government does not belong in this heart wrenching physician-patient relationship.—Barbara Bollier, Don Hill, Charlie Roth

MR SPEAKER: I don't understand how this body can pass a law that requires a woman to carry a terminally ill child to term against the family's wishes. How can a body that supports less government intrude on a family's most tragic circumstance in this way? We are not talking about a mere disability here. We are taking away the right of a family to make end of life decisions for their terminally ill child. That unconscionable. Perhaps we should send a legislator to explain to the family how important it was that the Kansas House of Representatives intervene in a tragic situation to make it the worst day of their lives. I vote no on HB 2218.-- Ann Mah, Annie Kuether

MR SPEAKER: I vote no on HB 2218. I have stayed firm in my belief that we have too much government intrusion in our lives. Current law prohibits late term abortions. As a Legislator I am not qualified to make decisions that may save the life of the mother, those decisions should be made by the woman, her family and her doctor.—Lana Gordon

MR SPEAKER: Recent dramatic advances in medicine and science have established beyond reasonable doubt that our unborn children can and do feel pain at least from the 22nd week of gestation. Indeed, their pain is even more excruciating than ours, because they have not yet developed the physiological pain defenses we have. That is why surgeons performing in utero surgery on our pain-capable unborn children now routinely administer anesthesia to them. It is barbaric to dismember and kill them via abortion. Their agony is no less just because we can't hear their screams. I vote to protect our pain-capable unborn children. I vote yes on HB 2218.—John Rubin

Prayer by Rep. Phelps:

Almighty God, join us today as we end another week of the session and keep us mindful of those we serve. As legislators it is easy for us to think that we can control every problem that Kansans face. Sometimes it takes six inches of snow to remind us that we are not in control, and during session six inches of snow is the perfect event to slow us down and cool our spirits. Help us to remember those that don't have the benefit of a warm home when it is cold outside. In our deliberations help us to see the other side of the story. Help us to extend calming peace to each other as we leave to return to our loved ones. Lord, please be with our colleagues as they overcome the challenges of injury, health setbacks and loss of family members.

In your most holy and precious name we pray, Amen.

The Pledge of Allegiance was led by Rep. Trimmer.

EXPLANATION OF VOTE

Mr. Speaker: HB 2067 is not the voter protection act that Kansans want or need. It introduces the concept of “provisional” registration. At best, provisional registration will be difficult for voters to understand. At worst, it will bring a virtual end to grassroots voter registration in Kansas. The bill makes requirements for voter identification at the polls with no provision for free identification for all Kansans who need one. In essence, it has a poll tax. Further, there is no mention of voter education and no accounting for the millions it will cost to implement. Voter education was a key requirement of the courts approving voter identification in other states. Voter legislation should make it easy to vote and hard to cheat. This bill does neither. I vote no on HB 2067.--Ann E. Mah, Tom Burroughs, Stan Frownfelter, Janice L. Pauls, Bill Feuerborn, Annie Tietze, Ed Trimmer, Valdenia C. Winn, Melanie Meier, Barbara W. EXPLANATIONS OF VOTE

Mr. Speaker: I vote “no” on HB 2135 because I believe we should not encourage businesses to hire illegal workers. The State of Kansas should not make it easier for criminals to break our laws, even if those criminals are businesses. Passing HB 2135 will make it harder to prosecute our laws and will cost our state millions of dollars over the next few years. White collar crimes are still crimes, and I believe in the rule of law. Therefore I vote no. --Mike Slattery, Sean Gatewood, Annie Kuether, Judith Loganbill, Kathy Wolfe Moore, Gail Finney, Ann E. Mah, Sydney Carlin, Melody McCray-Miller, Valdenia C. Winn, Geraldine Flaharty, Ed Trimmer, Stan Frownfelter, Bob Grant, Jerry Williams, Eber Phelps, Barbara W. Ballard, Melanie Meier, Broderick Henderson, Harold Lane, Nile Dillmore, Annie Tietze, Bill Feuerborn, Paul Davis

Mr. Speaker: HB 2135 protects private information by limiting the data shared between the Department of Revenue and the Department of Labor. This information is currently not protected in law. **EXPLANATION OF VOTE**

**MR. SPEAKER:** Having worked in the food and lodging industry for over 30 years. I understand the importance of **HB 2282**. The Department of Agriculture has requested an inspection fee increase for the protection and safety of Kansans.

However, just a few days ago the Kansas Highway patrol came before this body to request an inspection fee increase for the protection and safety of Kansans. That request was denied.

The Patrol, as one of our Public Safety agencies, is asked to do extraordinary things from disturbances in the Capitol to working in adverse weather conditions.

As a matter of principle, Mr. Speaker, I reluctantly vote no on **HB 2282**. – **VERN SWANSON**

EXPLANATIONS OF VOTE

Mr. Speaker: We oppose HB 2312. This bill does nothing to address the underlying theft and vandalism which is the real problem. What HB 2312 does is restrict law abiding citizens in their pursuit to recapture some funds from their scrap material. The criminal will find ways around this regulation, while the law abiding citizen is once again stuck with the added burden added by the criminal's activities. Every gun advocate in the body who says gun laws only punish law abiding gun owners needs to consider the parallels to this situation. This is neither limited government nor less restrictive regulation. – Amanda Grosserode, Brenda K. Landwehr, Bob Montgomery, Dennis Hedke, J. Stephen Alford, Charlotte O'Hara, Brett Hildabrand, Tom Arpke, Jim Denning, Kelly Meigs, John Rubin

Mr. Speaker: This bill is well intentioned, and is close to being a good bill. But it is not a good bill. This will retroactively close existing businesses. I vote no on HB 2312.

Prayer by Chaplain Brubaker:

Our Heavenly Father,
Today we stand here before You
and ask that You guide us, grant us wisdom,
and give us Your understanding.
As we head into even busier days,
I pray that you gift these leaders
with Your spiritual fruit of
affection for others,
exuberance about life,
and serenity.
Help them to develop a willingness
to stick with things,
a sense of compassion in the heart,
and a conviction that a basic holiness
permeates things and people.
Help them to find themselves involved in loyal commitments,
not needing to force their way in life,
able to marshal and direct their energies wisely.
Empower them to work out the implications
of these gifts in every detail of their life.
In Your Son’s Name I pray,
Amen.
(Based upon Galatians 5:22-25, The Message)

HOUSE CONCURRENT RESOLUTION No. HCR 5022—
By Special Committee on Natural Gas Storage Fields and Facilities
A CONCURRENT RESOLUTION urging adoption of federal regulations or policies permitting Kansas to regulate the underground storage of natural gas in interstate transportation.
WHEREAS, Due to a recent adverse federal court ruling that held 49 U.S.C. § 60104(c) precludes a state authority from adopting or enforcing safety standards for interstate pipeline facilities or pipelines transporting gas in interstate transportation, the state of Kansas may not regulate the safety of underground storage of gas in interstate transportation; and
WHEREAS, It is vital that the Federal Energy Regulatory Commission and the United States Department of Transportation or the United States Congress allow Kansas to provide the necessary oversight to ensure the safe operation of natural gas storage within the state of Kansas; and
WHEREAS, Several significant incidents have occurred where natural gas or hazardous liquids have escaped from storage and resulted in loss of life and property; and
WHEREAS, The safe underground storage of natural gas within an interstate transportation system is a vital process to ensure efficient development and production of Kansas natural gas resources; and
WHEREAS, The growth of the production, transportation and storage of natural gas is an important element in the preservation and creation of jobs in Kansas; and
WHEREAS, For decades, natural gas transportation companies have integrated underground natural gas storage into their interstate pipeline operations to increase deliverability and decrease overall costs; and
WHEREAS, The regulation of underground natural gas storage wells have been performed by state agencies and the Federal Energy Regulatory Commission to varying degrees, but not by the United States Department of Transportation; and
WHEREAS, Through Advisory Bulletin ADB-97-04, and other correspondence, the Pipeline and Hazardous Materials Safety Administration (PHMSA) or its predecessor agency has noted gas storage facilities are not covered by PHMSA pipeline safety regulations; and
WHEREAS, The PHMSA has urged state regulators to develop state-sponsored safety programs of wellbores and underground facilities to make new federal regulations unnecessary; and
WHEREAS, Kansas, as well as many other states, has adopted rules and regulations regarding the safe operation of wellbores and underground gas and liquid storage facilities; and
WHEREAS, The State Corporation Commission has the experience and technical ability to regulate the safety of underground storage of gas; and
WHEREAS, It is imperative that the citizens of the state of Kansas be protected from accidents or mishaps at facilities used for the underground storage of natural gas and that both interstate and intrastate gas storage companies be regulated to assure that facilities are operated in a safe manner: Now, therefore,

Be it resolved by the House of Representatives of the State of Kansas, the Senate concurring therein: That the legislature urges the Federal Energy Regulatory Commission, U.S. Department of Transportation and the Kansas Corporation Commission to adopt legislation or policies that would provide Kansas, and other states, administrative jurisdiction to assure the safe operation of wellbores associated with the underground storage of natural gas that is in interstate transportation; and

Be it further resolved: That the Secretary of State be directed to send enrolled copies of this resolution to the United States Department of Transportation Secretary, the Commissioners of the Federal Energy Regulatory Commission, members of the National Association of Regulatory Utility Commissioners, members of the Kansas Congressional Delegation, the Chairman of the United States House of Representatives Committee on Transportation and Infrastructure, the Governor of Kansas and the Executive Director of the Interstate Oil and Gas Compact Commission.

THIRTY-FOURTH DAY

HALL OF THE HOUSE OF REPRESENTATIVES,
TOPEKA, KS, Thursday, March 3, 2011, 11:00 a.m.

The House met pursuant to adjournment with Speaker O'Neal in the chair.

The roll was called with 116 members present.
Reps. Fund, Kiegerl, Schwab and Smith were excused on verified illness.
Reps. C. Holmes and Powell were excused on legislative business.
Reps. Bollier, Pottorff and Spalding were excused on excused absence by the Speaker.

Prayer by guest chaplain, the Rev. Mark Armstrong, Larkinburg Christian Church, guest of Rep. Kerschen:

The Kerschens, Dan and his wife, Norene, have a special bond with me and my wife, Kathleen, because their son, Jon, is married to our daughter, Emily. Our bond has grown deeper recently because on Valentine’s Day, Jon and Emily welcomed into this world their first child—their daughter and our granddaughter, Abigail Kathryn Kerschen.

As we grandparents look into the eyes of little Abigail, and as you think of all the children in your own lives, it should become apparent that your most important constituents are all too young to vote.

As we bow our heads, we will let the words of Christ Himself guide us in our prayer this morning. Let us pray:

Dear Lord,

Jesus said, “I praise you, Father, Lord of heaven and earth, because you have hidden things from the wise and learned, and revealed them to little children.” May we never be so busy, Lord, that we cannot take time to listen and learn from the wisest of all people, our children.

Jesus said, “Whoever humbles himself like this child is the greatest in the kingdom of heaven.” Lord, let us learn from our children true humility, the ability to be overwhelmed with wonder, the joy that brings laughter to our souls, the ability to trust and hope and love without conditions.

Jesus said, “Let the little children come to me, and do not hinder them, for the kingdom of God belongs to such as these.” Dear Lord,
remind us that our most important duty is to improve and preserve this great state and nation for those who will inherit it. Humble us as we remember we are your stewards, and your kingdom belongs to the little children.

We thank you, Lord, for your countless blessings, and for the opportunities you give to us to serve you by serving our children, our families, and our communities in this great state of Kansas.

And most of all, we thank you for the gift of your child, Jesus Christ, for Jesus said, “God so loved the world that he gave his one and only Son, that whoever believes in him shall not perish but have eternal life.”

It is in His precious and holy name we pray, Amen.

The Pledge of Allegiance was led by Rep. Gordon.

HOUSE CONCURRENT RESOLUTION No. HCR 5023—
By Committee on Energy and Utilities
A CONCURRENT RESOLUTION urging the United States Congress to preserve the primacy of the Kansas Corporation Commission to regulate hydraulic fracturing in compliance with state regulations and not to enact any future legislation that would remove this primacy.

WHEREAS, The Safe Drinking Water Act (SDWA) was originally passed by Congress in 1974 to protect public health by regulating the nation's public drinking water supply; and

WHEREAS, Since the 1974 enactment of the Safe Drinking Water Act, the Environmental Protection Agency (EPA) has never interpreted hydraulic fracturing as constituting "underground injection" within the definitions of the SDWA; and

WHEREAS, The United States 11th Circuit Court of Appeals ruled contrary to the argument of the EPA that hydraulic fracturing constituted "underground injection" under the SDWA, Legal Environmental Assistance Foundation v. United States Environmental Protection Agency, 118 F.3d 1467 (11th Cir. 1997); and

WHEREAS, In 2004, the EPA published a final report summarizing a study that evaluated the potential threat to underground drinking water sources from hydraulic fracturing of coal bed methane production wells and the EPA concluded that "the injection of hydraulic fracturing fluids into coal bed methane wells poses minimal threat" to underground sources of drinking water and that "additional or further study is not warranted at this time"; and

WHEREAS, Any federal rule-making concerning the states' sovereign right in permitting the quantity of water used for hydraulic fracturing would be outside the EPA's purview; and

WHEREAS, In the Energy Policy Act of 2005, the United States Congress explicitly exempted hydraulic fracturing from the provisions of the Safe Drinking Water Act; and

WHEREAS, Hydraulic fracturing is a proven technology with a long history of environmentally safe use in the completion of oil and gas wells; and
WHEREAS, The oil and gas producing states regulate hydraulic fracturing as a component of their regulatory programs for the drilling, completion, operation and plugging of oil and gas wells; and

WHEREAS, The reservoirs that produce oil and gas are highly variable geologically and separated geographically across the oil and gas producing states such that state regulatory agencies are best suited by local expertise and experience to effectively regulate hydraulic fracturing; and

WHEREAS, State regulatory agencies are the most appropriate regulatory bodies to provide oversight and protection of hydrologically and environmentally sensitive localities as they relate to hydraulic fracturing; and

WHEREAS, The SDWA was never intended to grant the federal government authority to regulate oil and gas drilling and production operations, such as "hydraulic fracturing," under the Underground Injection Control program; and

WHEREAS, The regulation of hydraulic fracturing under the Federal Safe Drinking Water Act would add burdensome and unnecessary regulatory requirements to the drilling and completion of oil and gas wells, thereby increasing costs of producing domestic natural gas resources without any ancillary benefit to public health, safety or the environment; and

WHEREAS, The increased cost of producing domestic natural gas resources will reduce domestic supplies of oil and natural gas, increase utility prices and other costs to consumers, reduce tax and royalty revenues for local, state and federal governments and increase the nation’s dependence on foreign energy imports; and

WHEREAS, Domestic production of oil and natural gas will ensure that the United States continues on the path to energy security; and

WHEREAS, The Interstate Oil and Gas Compact Commission (IOGCC) conducted a survey of oil and gas producing states and set forth its opposition to federal regulation of hydraulic fracturing under the underground injection control program in Resolution 09.011, dated January 7, 2009, “Urging Congress Not to Remove Exemption of Hydraulic Fracturing from Provisions of the Safe Drinking Water Act”; and

WHEREAS, The states’ public utility commissioners represented by The National Association of Regulatory Utility Commissioners adopted a similar resolution in July 2009: Now, therefore,

Be it resolved by the House of Representatives of the State of Kansas, the Senate concurring therein: That we support continued jurisdiction of the states to conserve and properly regulate oil and gas production in their unique geological and geographical circumstances; and

Be it further resolved: That we urge the United States Congress to take such actions as are necessary to preserve and maintain the exemption from the Safe Drinking Water Act for hydraulic fracturing; and

Be it further resolved: That the Secretary of State provide an enrolled copy of this resolution to the Speaker of the United States House of Representatives, the Majority Leader of the United States House of Representatives, the Minority Leader of the United States House of Representatives, the Majority Leader of the United States Senate, the Minority Leader of the United States Senate and to each member of the Kansas Congressional Delegation.

INTRODUCTION OF GUESTS

There being no objection, the following remarks of Reps. Peck and Kelly are spread upon the journal:
Remarks by Rep. Peck:

There are four public schools in Montgomery County. In January, three of those schools won state championships in debate.

In alphabetical order they are: Caney Valley – Class 3A-1A State Champions – Two Speaker, Coffeyville Field Kindley Memorial – Class 4A State Champions – Four Speaker, and Independence – Class 4A State Champions – Two Speaker

The Resolution for the State Tournament was, “Resolve that the United States Government substantially reduce its military or police presence in: South Korea, Japan, Iraq, Kuwait, Afghanistan and Turkey.”

For those of you who participated in debate, or know much about debate, you understand the benefit it provides to students in developing their communication skills and in preparing them for the many circumstances each of us face during our lifetime.

Caney had two, two speaker teams participate in the state tournament. Both were undefeated in the tournament until the semi-final round. One team finished as State Champions, by defeating Silver Lake, and the other team finished in third place. The State Champion Team consists of senior, Kurt Lockwood and junior, Jessica Wells. The third place team was Caleb McIntosh and Bruce Williams, both seniors. Caney is coached by Amber Toth and assistant coach is Tina McCammon.

The last time Caney Valley earned a state trophy was in 1996 when they placed third. This year is the first time in school history that Caney Valley walked away with two state trophies.

The other state championship school in my Legislative District is Field Kindley Memorial High School in Coffeyville. Coffeyville earned a trip to the state tournament by finishing in the top two at the Regionals held in Ft. Scott. During the round-robin state tournament, Coffeyville finished in first place, ahead of Buhler, with a 12-2 record in the class 4A, four speaker category.

The Field Kindley team consists of six students: senior, Tiffany Lin, juniors, Eric Mueller and Jordan Mecom and three sophomores, Ben Wright, Grant Hendrix and Taylor Stringer. Jordan and Ben argued in the affirmative, while Tiffany and Eric took the negative position. Grant and Taylor were ready in the wings as alternates. Our debate coach is Darrel Harbaugh, who is assisted by Kris Crane and Keith Wilson.

Over the past 15 years Field Kindley has won six State Championships in debate, the last one coming 10 years ago in 2001.

Remarks by Rep. Kelly:

In January two Independence High School students, Dalton Mott, a senior and Skylar Stacy, a junior became the first debate team in school history to win a state championship title by winning the 2011 Class-4A two-speaker state debate competition. In the competition they debated the affirmative side of the resolution “The U.S. federal government should substantially reduce its military and/or police presence in one or more of the following: South Korea, Japan, Afghanistan, Kuwait, Iraq and Turkey.”

Dalton and Skylar, who are coached by Independence High School instructor Roni Burris, competed and won against 58 other teams in the competition. The Independence team went 4-2 in the preliminaries and finished the tournament 8-2, winning the final round against Rose Hill High School.
This season Dalton had 33 wins and 7 losses and Skylar had 31 wins and 9 losses in eight invitational tournaments with four to six rounds of competition per tournament. Independence is very proud of Dalton Mott, Skylar Stacy and their coach Roni Burris for bringing the first state debate title home to Independence High School.

Reps. Peck and Kelly presented each of the schools with a framed House certificate.

Prayer by guest chaplain, the Rev. Curtis Knapp, New Hope Baptist Church, Seneca, and guest of Rep. Garber:

Father, it is the tradition of this body to pray before each day's sessions, and by praying each morning, whether we mean to or not, we acknowledge that You are God and we are not. Otherwise, prayer is meaningless. You are infinite in strength and we are weak. While You fill the universe, we are but tiny, transitory creatures who occupy a tiny space on a tiny planet in Your creation. You are from everlasting, and we are but a mist that is here one moment and gone the next. You are wisdom itself and you have never needed or desired an advisor. We, on the other hand, are full of confusion and perplexity. If we are honest, we have to admit that much of the time, we have no idea what to do. And it is for this reason that I pray to you this morning – because we are so needy. I have no suggestions to give you. I only have requests. Being poor, I have nothing to give you except needs. I am a beggar, not a benefactor. I would never think that such a huge God as Yourself would listen to such a poor, sinful, tiny creature like myself, except for two things: 1) You have said in Your word that You are merciful to the humble. 2) You hear prayers offered in the name of Christ. It is in His name that I come. It is His merit that I plead, not my own. I know no other god and have no other mediator. Lord, You have exhorted us in scripture to pray for all who are in authority. These men and women gathered here today are in positions of authority and they need You. You have given them great influence and great responsibilities. These are difficult times and these men and women have a difficult job. It is easy to criticize them. It is much harder to walk in their shoes.
decisions they make have a profound impact upon many people. So, I pray for them. Please help them. Give to them of Your matchless wisdom. Just a fragment of it will do wonders. I do not ask You to adjust Your will to the will of the Legislature. Rather, I ask You to inspire the House, Senate and Governor to do Your will. Help them to see things as You see it. Give them humility. Reveal Your truth to them, then give them a love for that truth. Unity will then be inevitable and meaningful, not the lowest common denominator of pared down convictions. Show them Your glory. Show them that You are merciful and a prayer-hearing God to those who call upon You. Give them love for You, love for each other and love for the citizens of this state. Help them to season their words with grace. Help them to perform their labors as though You were their boss, which indeed You are. Give them courage to do what is right in Your eyes, even if it is unpopular, even if it costs them in the next election. Please have mercy. Please help them. Please help us all. In Jesus' name. Amen.

The Pledge of Allegiance was led by Rep. Knox.

EXPLANATIONS OF VOTE

Mr. Speaker: Although I am sympathetic to the issues discussed during the debate, my opposition to this bill is best summed up by the Ronald Reagan quote where he said, “Government exists to protect us from each other. Where government has gone beyond its limits is in deciding to protect us from ourselves.”

Therefore, Mr. Speaker, I vote no on HB 2107. --Mike Burgess, Lana Gordon, Willie Prescott, Sharon Schwartz

Mr. Speaker: HB 2107 addresses an issue that has been and should be regulated at the local level. This legislation represents unnecessary intrusion by state government. I favor limited government which is why I vote NO on HB 2107.--Annie Tietze, Geraldine Flaharty, Gail Finney, Stan Frownfelter, Bob Grant, Valdenia Winn, Paul Davis, Barbara Ballard

Mr. Speaker: This bill imposes common sense restrictions on sexually oriented businesses that have been carefully crafted to protect legitimate public health, safety and welfare concerns. It goes only so far as is necessary to address these legitimate public policy concerns without unduly infringing or prohibiting the personal liberty or property rights of owners of sexually oriented businesses or their patrons. Each restriction has been included in similar legislation in other states which has consistently been upheld as constitutional by the U.S. Supreme Court and lower courts. I vote yes on HB 2107. --John J. Rubin

By Committee on Transportation

A CONCURRENT RESOLUTION urging the United States congress to repeal 23 U.S.C. § 127(d) concerning the federal freeze on more productive trucks and allow Kansas to determine the appropriate vehicle size and weight limits necessary for the economic needs of the state.

WHEREAS, The United States congress approved 23 U.S.C. § 127(d) on June 1, 1991, which froze the truck size and weight limits to those weights and lengths that were being operated at such time; and

WHEREAS, Operation of more productive vehicles has been frozen by federal law for 20 years; and

WHEREAS, The custom harvesting industry requested that the legislature approve additional length for their combination vehicles and were informed of the federal freeze and the potential loss of federal highway funds to Kansas should the freeze be violated; and

WHEREAS, States should have the flexibility to adopt vehicle size and weight laws necessary for the economic growth for the state and region; and

WHEREAS, The Western Governors' Association has approved a policy resolution urging congress to lift the freeze on more productive trucks for the 13 western states: Kansas, Colorado, Idaho, Montana, Nebraska, Nevada, North Dakota, Oklahoma, Oregon, South Dakota, Utah, Washington and Wyoming; and

Mr. Speaker: As we are short of money for education and SGF, I do not see it appropriate to pay for inmate TVs, medical expenses and law suits against the state by someone breaking the law. I vote No on HB 2133. – Joe Seiwert

Mr. Speaker: It is with regret I vote Yea for HB 2133. This causes our wonderful Kansas Highway Patrol to pay over $130,000 in hospital charges out of an already stressed budget simply for doing their duty in delivering to the hospital a drunken citizen who had just killed another person in a car wreck. Personal responsibility was lost and the Highway Patrol is honorable enough to pay their statutory debt. It is my sincere hope we correct this injustice soon with future legislation. -- TerriLois Gregory

Prayer by Chaplain Brubaker:

Our Heavenly Father,
Today I feel led to pray a prayer
with which we are familiar:
“God grant me the serenity
to accept the things I cannot change;
courage to change the things I can;
and wisdom to know the difference.
Living one day at a time;
Enjoying one moment at a time;
Accepting hardships as the pathway to peace;
Taking, as He did, this sinful world
as it is, not as I would have it;
Trusting that He will make all things right
if I surrender to His Will;
That I may be reasonably happy in this life
and supremely happy with Him
forever in the next.”

--Reinhold Niebuhr

Today I lift up Representative Fawcett and his family
in the passing of his mother.
Give strength and comfort to them during these days.
It is in Christ’s Name I pray, Amen.

The Pledge of Allegiance was led by Rep. Mesa.

Kansas Trivia Question – Route 66, as the song goes, went “from Chicago to L.A., more than 2,000 miles all the way.” How many of those miles were in Kansas?

Answer: Approximately twelve miles near Galena.
INTRODUCTION OF GUESTS

There being no objection, the following remarks of Rep. Prescott are spread upon the journal:

It is my pleasure to present to the members of the Osage City Lady Indian State Volleyball team congratulations on being the 3A State Volleyball Champions. While these young ladies have achieved athletic success they also are academic champions. The disciplines they displayed on the gym floor have carried over to the classroom as well.

While spending hours practicing many also found time to participate in Stuco, Pep Club, Art Club, Forensics, Spanish Club, Band, Kay Club, Newspaper, Year book and National Honor Society. To these ladies their grade point average is as important as their winning percentage.

Team members are: Team Co-Captains—Leah Garland, Carly Spicer, and Taylor Kimball. Other team members are: Keely Giesy, Kylie Lieber, Melissa Cox, Deidra Jones, Lauren Poertner, Kate Garland, Katelyn Payne, and Head Coach, Tara Durkin.

Congratulations Kansas 3A State Volleyball Champions, the Osage City Lady Indians!

"Sec. 8. K.S.A. 2010 Supp. 44-712 is hereby amended to read as follows: 44-712. (a) Establishment and control. There is hereby established as a special fund in the state treasury, separate and apart from all public moneys or funds of this state, an employment security fund, which shall be administered by the secretary as provided in this act. This fund shall consist of: (1) All contributions collected under this act; (2) interest earned upon any moneys in the fund; (3) all moneys credited to this state's
account in the federal unemployment trust fund, pursuant to section 903 of the social
security act, 42 U.S.C.A. § 1103, as amended; (4) any property or securities acquired
through the use of moneys belonging to the fund, and all other moneys received for the
fund from any other source; (5) all earnings of such property or securities. All moneys
in this fund shall be mingled and undivided.

(b) Accounts and deposits. The state treasurer shall be ex officio custodian of the
fund. Payments from the fund, and for the purposes of this act deposits with the
secretary of the treasury of the United States shall not be deemed to be payments from
the fund, shall be made by any commercially-accepted means approved by the
secretary. There shall be maintained within the fund three separate accounts: (1) A
clearing account; (2) an unemployment trust fund account, and (3) a benefit account. All
money payable to the fund upon receipt thereof by the secretary, shall be remitted to the
state treasurer in accordance with the provisions of K.S.A. 75-4215, and amendments
thereto. Upon receipt of each such remittance, the state treasurer shall deposit the entire
amount in the state treasury to the credit of the clearing account of the fund. Refunds
payable pursuant to K.S.A. 44-717, and amendments thereto, may be paid from the
clearing account of the fund by any commercially-accepted means approved by the
secretary. After clearance thereof, all other moneys in the clearing account of the fund
shall be immediately deposited with the secretary of the treasury of the United States of
America to the credit of the account of this state in the federal unemployment trust fund
established and maintained pursuant to section 904 of the social security act, 42
U.S.C.A.§ 1104, as amended, any provisions of law in this state relating to the deposit,
administration, release, or disbursement of moneys in the possession or custody of this
state to the contrary notwithstanding. The benefit account of the fund shall consist of all
moneys requisitioned from this state's account in the federal unemployment trust fund.
Except as herein otherwise provided, moneys in the clearing and benefit accounts of the
fund may be deposited by the state treasurer in any bank or public depository as is now
provided by law for the deposit of general funds of the state, but no public deposit
insurance charge or premium shall be paid out of the fund. Moneys in the clearing and
benefit accounts of the fund shall not be commingled with other state funds and shall be
maintained in separate bank accounts.

(c) Withdrawals. Moneys shall be requisitioned from this state's account in the
federal unemployment trust fund solely for the payment of benefits and in accordance
with the provisions of this act and the rules and regulations adopted by the secretary,
eXcept that moneys credited to this state's account pursuant to section 903 of the social
security act, 42 U.S.C.A. § 1103, as amended, shall be used exclusively as provided in
subsection (d) of this section. The secretary shall from time to time requisition from the
federal unemployment trust fund such amounts, not exceeding the amounts standing to
its account therein, as deemed necessary for the payment of benefits for a reasonable
future period. Upon receipt thereof the state treasurer shall deposit such moneys in the
benefit account of the fund and payments of benefits shall be charged solely against
such benefit account of the fund. Expenditures of such moneys in the benefit account
and refunds from the clearing account of the fund shall not be subject to any provisions
of law requiring specific appropriations. Any balance of moneys requisitioned from the
federal unemployment trust fund which remains unclaimed or unpaid in the benefit
account of the fund after the expiration of the period for which such sums were
requisitioned shall either be deducted from estimates for, and may be utilized for the
payment of benefits during succeeding periods, or, in the discretion of the secretary, shall be directed to be redeposited with the secretary of the treasury of the United States of America, to the credit of this state's account in the federal unemployment trust fund, as provided in subsection (b) of this section. All balances accrued from unpaid or canceled warrants issued pursuant to this section, notwithstanding the provisions of K.S.A. 10-812, and amendments thereto, shall remain in the benefit account of the fund, and be disbursed in accordance with the provisions of this act relating to such account.

(d) **Administrative use.** (1) Money credited to the account of this state in the federal unemployment trust fund by the secretary of the treasury of the United States of America, pursuant to section 903 of the social security act, 42 U.S.C.A. § 1103, as amended, may be requisitioned and used for the payment of expenses incurred in the administration of this act pursuant to a specific appropriation by the legislature, if expenses are incurred and the money is requisitioned after the enactment of an appropriation law which: (A) Specifies the purposes for which such money is appropriated and the amounts appropriated therefor, (B) limits the period within which such money may be obligated to a period ending not more than two years after the date of the enactment of the appropriation law, and (C) limits the amount which may be obligated during a twelve-month period beginning on July 1 and ending on the next June 30 to an amount which does not exceed the amount by which (i) the aggregate of the amounts credited to the account of this state pursuant to section 903 of the social security act, 42 U.S.C.A. § 1103, as amended, (ii) the aggregate of the amounts obligated pursuant to this subsection and amounts paid out for benefits and charged against the amounts credited to the account of this state. For the purposes of this subsection, amounts obligated during any such twelve-month period shall be charged against equivalent amounts which were first credited and which are not already so charged.

(2) Money credited to the account of this state pursuant to section 903 of the social security act, 42 U.S.C.A. § 1103, as amended, may not be withdrawn or obligated except for the payment of benefits and for the payment of expenses for the administration of this act and of public employment offices pursuant to this subsection (d).

(3) Money appropriated as provided by this subsection (d) for the payment of expenses of administration shall be requisitioned as needed for the payment of obligations incurred under such appropriation and, upon requisition shall be deposited in the state treasury to the credit of the employment security administration fund from which such payments shall be made. Money so deposited and credited shall, until expended, remain a part of the federal unemployment trust fund, and, if it will not be expended, shall be returned promptly to the account of this state in the federal unemployment trust fund.

(4) Notwithstanding paragraph (1), money credited with respect to federal fiscal years 1999, 2000 and 2001, shall be used solely for the administration of the UC program, and such money shall not otherwise be subject to the requirements of paragraph (1) when appropriated by the legislature.

(e) **Management of funds upon discontinuance of federal unemployment trust fund.** The provisions of subsections (a), (b), (c) and (d) of this section, to the extent that they relate to the federal unemployment trust fund, shall be operative only so long as such unemployment trust fund continues to exist and so long as the secretary of the treasury of the United States of America continues to maintain for this state a separate book
account of all funds deposited therein by this state for benefit purposes, together with
this state's proportionate share of the earnings of such unemployment trust fund, from
which no other state is permitted to make withdrawals. If and when such unemployment
trust fund ceases to exist, or such separate book account is no longer maintained, all
moneys, properties or securities therein, belonging to the employment security fund of
this state, shall be transferred to the state treasurer, to be administered by the secretary
as a trust fund for the purpose of paying benefits under this act, and the director of
investments upon the direction of the secretary shall have authority to hold, invest,
transfer, sell, deposit, and release such moneys, and any properties, securities, or
earnings acquired as an incident to such administration.

(f) Loans from the pooled money investment board, when authorized. (1) Pursuant
to K.S.A. 2010 Supp. 75-4209(d), and amendments thereto, the pooled money
investment board is hereby authorized and directed to make loans as requested by the
secretary of labor to fund debt obligations to the federal government as may have been,
or continue to be, incurred by the employment security fund.

(A) The line of credit so extended shall be at an interest rate not to exceed 2%; and
(B) shall remain in effect for a period of three years from the date of the first loan
requested. The pooled money investment board may reauthorize this line of credit
following the initial three year period if deemed mutually beneficial by the board and
the secretary of labor.

(2) The secretary of labor is hereby authorized to request and receive loans from
the pooled money investment fund for the purposes described herein.

(3) The outstanding balances of such loans in the aggregate shall not exceed the
limit imposed by K.S.A. 2010 Supp. 75-4209(d), and amendments thereto.

(4) Any such loan shall not be deemed to be an indebtedness or debt of the state of
Kansas within the meaning of section 6 of article 11 of the constitution of the state of
Kansas.

(5) The pooled money investment board, secretary of labor, and state treasurer shall
coordinate as needed to make the appropriate transfers and payment of moneys
anticipated hereunder.

(3) Any amount deducted and withheld under paragraph (2) shall be paid by the secretary to the appropriate state or local support enforcement agency.

(4) Any amount deducted and withheld under paragraph (2) shall for all purposes be treated as if it were paid to the individual as unemployment compensation and paid by such individual to the state or local support enforcement agency in satisfaction of the individual's support obligations.

(7) For the purposes of this subsection, "support obligations" means only those
obligations which are being enforced pursuant to a plan described in section 454 of the federal social security act which has been approved by the secretary of health and human services under part D of title IV of the federal social security act.

    Our Father in Heaven, we come before thee this day and express
our gratitude for our bounteous blessings. We thank thee for our
lives, our liberty and the freedoms we enjoy. We thank thee for this
great country and this State of Kansas in which we live and pray
that Thou will bless those that lead us. Bless them with wisdom
and understanding, courage and humility.

the world, who serve selflessly—bless them with physical, mental
and spiritual strength. And please bless and comfort their families
who sacrifice so much.

INTRODUCTION OF GUESTS

There being no objection, the following remarks by Rep. Hill are spread upon the journal:

Today we have the opportunity to affirm and raise awareness of the great work that our Small Business Development Centers are doing and to recognize the outstanding 2010 emerging and existing small businesses of the year. These fifteen businesses represent economic vitality and human vibrancy in the communities they serve. These businesses have achieved major accomplishments: established growing businesses, demonstrated vision, problem solving and exemplary corporate citizenship. Entrepreneurship is one of the most powerful drivers of growth and prosperity in our Kansas economy. It is the primary source of job creation and economic competitiveness. Challenging economic times have proven to be good times to launch a new business. In 2010 there were over two thousand businesses in Kansas that received KSBDC services including our honorees today. It is the priority of KSBDC to reach as many potential entrepreneurs as possible and provide tools and services for Kansans in all parts of the state. The entrepreneurial spirit and energy represented by those we recognize today provides a source of encouragement and optimism as together we welcome the opportunities of economic recovery.

This afternoon from 3:00 to 5:00 at the Dillon House there will be a program and awards ceremony recognizing the businesses we are pleased to welcome to our House Chamber this morning.

Mr. Speaker, I would like to introduce these outstanding entrepreneurs: Emerging businesses: from Representative Arpke's District – Thiessen-Elise Salon; from Representatives Keuther's District – Say Cheez Photo Booth; from Representative Feuerborn's District – Audio Video Concepts; from Representative Meigs' District – The Next Step; from Representative Mesa's District – Accelacare Physical Therapy; from Representative Phelps' District – Couture for Men; from Representative Mast's District – The New Breck.

(c) The credit allowed by subsection (a) for any taxpayer who invests in a qualified business facility, which is not located in a nonmetropolitan region established under K.S.A. 74-50,116, and amendments thereto, and effective for tax years commencing after December 31, 2010, located in an area other than a metropolitan county as defined in either K.S.A. 2010 Supp. 74-50,114 or 74-50,211, and amendments thereto, and which also meets the definition of business in subsection (b) of K.S.A. 74-50,114, and amendments thereto, on or after the effective date of this act, shall be a portion of the income tax imposed by the taxpayer's Kansas taxable income, the premium tax or privilege fees imposed pursuant to K.S.A. 40-252, and amendments thereto, or the privilege tax as measured by the net income of financial institutions imposed pursuant to article 11 of chapter 79, article 11 of the Kansas Statutes Annotated, for the taxable year for which such credit is allowed, but in the case where the qualified business facility investment was made prior to January 1, 1996, not in excess of 50% of such tax. Such portion shall be an amount equal to the sum of the following:

(1) One thousand five hundred dollars for each qualified business facility employee as determined under K.S.A. 79-32,154, and amendments thereto; and

(d) The credit allowed by subsection (a) for each qualified business facility employee and for qualified business facility investment shall be a one-time credit. If the amount of the credit allowed under subsection (a) exceeds the tax imposed by the Kansas income tax act on the taxpayer's Kansas taxable income, the premium tax and privilege fees imposed pursuant to K.S.A. 40-252, and amendments thereto, or the privilege tax as measured by the net income of financial institutions imposed pursuant to article 11 of chapter 79, article 11 of the Kansas Statutes Annotated for the taxable year, or in the case where the qualified business facility investment was made prior to January 1, 1996, 50% of such tax imposed upon the amount which exceeds such tax liability or such portion thereof may be carried over for credit in the same manner in the succeeding taxable years until the total amount of such credit is used. Except that, before the credit is allowed, a taxpayer, who meets the definition of a manufacturing business in subsection (d) of K.S.A. 74-50,114, and amendments thereto, shall recertify annually that the net increase of a minimum of two qualified business facility employees has continued to be maintained and a taxpayer, who meets the definition of a nonmanufacturing business in subsection (f) of K.S.A. 74-50,114, and amendments thereto, shall recertify annually that the net increase of a minimum of five qualified business employees has continued to be maintained.

(e) Notwithstanding the foregoing provisions of this section, any taxpayer qualified and certified under the provisions of K.S.A. 74-50,131, and amendments thereto; which, prior to making a commitment to invest in a qualified Kansas business, has filed a certificate of intent to invest in a qualified business facility in a form satisfactory to the secretary of commerce; and that has received written approval from the secretary of commerce for participation and has participated, during the tax year for which the
exemption is claimed, in the Kansas industrial training, Kansas industrial retraining or the state of Kansas investments in lifelong learning program or is eligible for the tax credit established in K.S.A. 74-50,132, and amendments thereto, shall be entitled to a credit in an amount equal to 10% of that portion of the qualified business facility investment which exceeds $50,000 in lieu of the credit provided in subsection (b)(2) or (c)(2) without regard to the number of qualified business facility employees engaged or maintained in employment at the qualified business facility. The credit allowed by this subsection shall be a one-time credit. If the amount thereof exceeds the tax imposed by the Kansas income tax act on the taxpayer's Kansas taxable income or the premium tax or privilege fees imposed pursuant to K.S.A. 40-252, and amendments thereto, or the privilege tax as measured by net income of financial institutions imposed pursuant to article 11 of chapter 79, article 11 of the Kansas Statutes Annotated for the taxable year, the amount thereof which exceeds such tax liability may be carried forward for credit in the succeeding taxable year or years until the total amount of the tax credit is used, except that no such tax credit shall be carried forward for deduction after the 10th taxable year succeeding the taxable year in which such credit initially was claimed and no carryforward shall be allowed for deduction in any succeeding taxable year unless the taxpayer continued to be qualified and was recertified for such succeeding taxable year pursuant to K.S.A. 74-50,131, and amendments thereto, and no carryforward shall be allowed for deduction in any succeeding taxable year unless the taxpayer certifies under oath that the taxpayer continues to meet the requirements of K.S.A. 74-50,131, and amendments thereto, and this act. In no event shall any credit allowed under this section that expired during any taxable year prior to the taxable year commencing January 1, 2011, be revived under the provisions of this act.

(f) For tax years commencing after December 31, 2005, any taxpayer claiming credits pursuant to this section, as a condition for claiming and qualifying for such credits, shall provide information pursuant to K.S.A. 2010 Supp. 79-32,243, and amendments thereto, as part of the tax return in which such credits are claimed. Such credits shall not be denied solely on the basis of the contents of the information provided by the taxpayer pursuant to K.S.A. 2010 Supp. 79-32,243, and amendments thereto.

(g) This section and K.S.A. 79-32,160b, and amendments thereto, shall be part of and supplemental to the job expansion and investment credit act of 1976 and acts amendatory thereof and supplemental thereto, and amendments thereto.

REPORT ON ENROLLED RESOLUTIONS

Sub. HR 6009 reported correctly enrolled and properly signed on March 15, 2011.

On motion of Rep. Siegfreid, the House adjourned until 11:00 a.m., Wednesday, March 16, 2011.
The House met pursuant to adjournment with Speaker O'Neal in the chair.

The roll was called with 123 members present.
Reps. Fund and Schwab were excused on verified illness.

Prayer by guest chaplain, the Rev. David Redmond, pastor, Concordia Wesleyan Church, and guest of Rep. Bowers:

    Heavenly Father, we take pause out of the business of the day to invite Your presence, wisdom and grace upon those today who will tackle the decisions and consider the interests of those in this state. We stand upon the legacy of those who have gone before us and have called upon Your Name for guidance and direction.

    History tells us that in years past we had leaders who believed that the aspiration of Kansas is “to reach the unattainable; its dream is the realization of the impossible.” Capturing that pioneering spirit, our leaders adopted a motto that even now lives on in our state seal which translated means: to the stars with difficulty.”

    Now Lord, another group of leaders assemble today under different circumstances and various challenges, but I pray that they would have no less of the spirit of those who led us in the past. Give them humility to acknowledge their weakness, strength to face their fears, grace in the face of defeat, and gentleness to accept victory.

    May they have the endurance to avoid the road of least resistance. Give them the integrity to always honor truth and justice above positioning, political persuasion, and special interest. Grant them, I pray, enough challenges to cause them to rely upon You, and faith and courage to lead, defend, and protect the people of this great State.

    We pray this in the Name of Your Son, Jesus Christ, Amen.

The Pledge of Allegiance was led by Rep. Frownfelter.

- Co-curricular and extracurricular activities to develop the whole student.

KAMS currently accepts 30 Kansas students and a total of 8 national or international students per year.

In their short time in the Academy, these KAMS students have already made many accomplishments:
* One (1) student placed 1st in one division at the Regional Science & Engineering Fair and will be attending the Kansas State Science & Engineering Fair in April,
* Eight (8) students made the Dean Honor Roll,
* Many will be honored as future Commended and National Merit Scholars.

EXPLANATIONS OF VOTE

Mr. Speaker: The notion that these draconian cuts will have no negative impact on schools, that they can fund them with unused funds is ridiculous. Districts must keep operating balances just to protect themselves from the state. When we miss payments and when we delay payments, these balances keep school doors open and make the payroll. How many times do we say schools should operate more like a business, then when they try to have a rainy day fund like a business, we drain them. I vote no on HB 2374. – Ann Mah

Mr. Speaker: As members who have been placed in a position of trying to get KPERS back on solid footing, we must respectfully vote against a bill that borrows from KPERS. We vote no on HB 2374. – Mitch Holmes, Jim Kelly

FORTY-FOURTH DAY

HALL OF THE HOUSE OF REPRESENTATIVES,
TOPEKA, KS, Thursday, March 17, 2011, 11:00 a.m.

The House met pursuant to adjournment with Speaker pro tem Vickrey in the chair.

The roll was called with 120 members present.
Reps. Fund, Kiegerl and Schwab were excused on verified illness.
Reps. Mesa and Peterson were excused on excused absence by the Speaker.

Prayer by guest chaplain, Dr. Dave Depue, State Director, Capitol Commission, Topeka, guest of Rep. Calloway:

Father God, Your delegates initiated the practice of opening Congressional sessions with prayer in 1787. You have blessed this nation, this experiment in democracy, far beyond any other. Your leaders in this new State, called Kansas, born in adversity, have continued opening our Legislative sessions with prayer over these 150 years.

We pause from our busy agenda today to seek your inspiration and guidance in this most important work before us. We have House bills, Senate bills, Resolutions, Committee reports, and messages from the Governor, the Senate and communications from State officers. Now we must act and we need your grace.

Your Son, Jesus, taught that we could ask in his name and you would grant our request. We have done this in asking for wisdom, discernment and courage. It is evident that you have blessed those in this assembly with these attributes.

We have made many tough decisions. We have begun to exercise hard but necessary fiscal responsibility. We have remembered your commandments and have begun setting things right in social issues as well.

Now Lord, many in business and industry throughout the nation have noticed that Kansas has begun to put things in order!

Leaders and media in other states have taken notice that Kansas is on track to recovery! We are developing a model for other states to follow.

We strive to see the day when our barns will be filled with plenty and our vats overflow with new wine and we are thankful that you...
have heard our prayer. Amen!

The Pledge of Allegiance was led by Rep. Meigs.

       32,117. (a) The Kansas adjusted gross income of an individual means such individual's
       federal adjusted gross income for the taxable year, with the modifications specified in

The board of county commissioners shall schedule the matter for public hearing and shall give notice of the date, hour and place of the hearing to: (1) The city; and (2) any landowner in the area subject to the service extension plan.

(b) At the hearing, the board shall hear testimony as to the city's extension of municipal services, or lack thereof, from the city and the landowner. After the hearing, the board shall make a finding as to whether or not the city has provided services in accordance with its service extension plan. If the board finds that the city has not provided services as provided in its service extension plan, the board shall notify the city and the landowner that such property may be deannexed, as provided in K.S.A. 12-532, and amendments thereto, if the services are not provided within 2 1½ years of the date of the board's findings.

(d) Except as provided by this subsection, after the effective date of the order to exclude the land from the city, such land shall not be liable for any general taxes imposed by the city. Such land shall remain liable, however, for any taxes or special assessments levied by the city as are necessary to pay its proportionate share of the interest on and principal of such bonds or other indebtedness incurred by the city for improvements to the land which were approved by the city before the date on which the owner or owners filed a petition for the exclusion of the land from the city.

(e) The board shall not order exclusion of any land if:

1. The service extension plan conditions the extension of certain improvements or services on the filing of a legally sufficient petition by the owners of the land for the creation of an improvement district and to levy special assessments therein to pay a portion of the costs of such improvements, and a sufficient petition has not been filed;

2. since the annexation, the governing body of the city initiated the creation of an improvement or benefit district affecting such land to levy special assessments thereon to pay a portion of the costs of certain municipal improvements, and the formation of the district was blocked by the filing of a sufficient protest petition by some or all of the owners of any land in the proposed district;

3. the exclusion would result in the land being completely surrounded by other tracts of land located within the city's boundaries; or

4. the board finds the exclusion of the land would have an adverse impact on the health, safety and welfare of the residents of the city or such land.

(f) Any owner or the city aggrieved by the decision of the board may appeal the decision to the district court in the manner provided in K.S.A. 19-223, and amendments thereto. Any city so appealing shall not be required to execute the bond prescribed therein.

The court, upon finding the hearing is required, shall award reasonable attorney fees and costs to the landowner.

Prayer by Chaplain Brubaker:

Our Heavenly Father,
here we are in the middle of March Madness.
I understand why we call it that.
March weather is so unpredictable—
snowy one day – warm and sunny the next.
The political climate can be so unpredictable—
calm and unified one day – frustration and debate the next.
And, of course, college basketball is so unpredictable—
low seeded teams surprising high seeds –
middle seeded teams blowing our brackets.
There is, however, one predictable element
we can be assured of during this month—
that is Your love, Father—
it never changes and endures forever.
So in the midst of all the unpredictable,
may we remain firmly established in
Your undying love.
In Christ’s Name I pray, Amen.

The Pledge of Allegiance was led by Rep. M. Holmes.

2. To develop a comprehensive and detailed process to analyze opportunities to improve the efficiency, cost-effectiveness and quality of state governmental services, operations, functions and activities; and

the outsourcing of goods or services.

EXPLANATION OF VOTE

Mr. Speaker: I have voted for hundreds of millions of dollars in tax cuts. I support returning the peoples' money. Eliminating income tax is bad public policy. Our three-legged stool is cut to two – the worst two we could choose. Sales tax is a regressive tax. Property tax is the most hated – you never really own your property. Why would we want to increase property taxes by billions of dollars? This bill also removes our responsibility to manage tax policy by giving it over to an arbitrary formula. I vote for a balanced tax policy. I vote to do my job. I vote no on H. Sub. for SB 1. – ANN MAH, VINCENT WETTA, SYDNEY CARLIN

SB 193, AN ACT concerning sales taxation; relating to food sales tax refunds; information required in support of claim; amending K.S.A. 79-3637 and repealing the existing section, was considered on final action.

Journal of the House

FORTY-SIXTH DAY

The House met pursuant to adjournment with Speaker O'Neal in the chair.

The roll was called with 123 members present.
Rep. Fund was excused on verified illness.
Rep. Huebert was excused on excused absence by the Speaker.

Prayer by guest chaplain, Deacon Evertt Schultz, First Mennonite Church, Pretty Prairie, guest of Rep. Seiwert:

Our Father in Heaven,
We come before Thee this morning thanking you for the many blessings you have bestowed upon our great nation and upon this great state of Kansas. I want to thank you that this great state still opens each session of this House with prayer. Your Word tells us that where two or three are gathered together in Your name, there You are in the midst of them. So I thank You that You are with us in this House right now.

I come before you today to ask for your wisdom and guidance to be given to these people in this great hall. There are so many issues that must be addressed and probably at times these people feel that the problems are too big and too complex to be resolved. The decisions they make will affect our children and grand-children. And yet, I know that You can provide the wisdom and guidance to solve the needs of this state and provide a better state for years to come. Father, Your word says that the “The fear of the Lord is the beginning of wisdom.” Your word also states that “If any of you lack wisdom, let him ask of God, that gives to all men liberally and without reproach; and it will be given him.” Therefore, Father, I ask that you will give wisdom and understanding. I pray that they will be able to make decisions that meet the needs of this great state not only for us today, but also for our children and grand-children.

And so Father, please bestow your wisdom upon these people. Give them encouragement. Give them guidance. Help them to be able to discern the right decisions. Keep them from buckling to the pressures that are around them. Help them to represent the people
who elected them, and to look out for the people’s interests, when there may be times when it is difficult to stay the course.

During the remaining days of this year’s session; I ask for Your encouragement, Your wisdom, and Your guidance to direct the decisions that are made. May their decisions be according to Your will. In Jesus’ name I pray. Amen.

The Pledge of Allegiance was led by Rep. Cassidy.

MOTIONS AND RESOLUTIONS OFFERED ON A PREVIOUS DAY

On motion of Rep. Sloan, HR 6012, A RESOLUTION in memory of Robert V. Talkington, was adopted.

There being no objection, the following remarks of Rep. Sloan are spread upon the journal:

Colleagues, this is the first time in 17 years that I have requested the opportunity to speak as the Right of Personal Privilege. Bob Talkington was a giant of a man – as a Kansas University football player when KU regularly defeated Nebraska; in the Kansas House of Representatives and Senate; as a member of the Kansas Turnpike Authority; as Chairman of the Board of Regents; and in many other ways.

He served his faith, family, community, and state as a leader who did not believe in partisan or parochial decision-making. He contributed greatly to Iola and Allen County, as well as to the State of Kansas in developing progressive policies that had broad support across the political and geographic spectrum.

Mr. Talkington served in the Legislature with U.S. Senator Bob Dole, U.S. District Judge Richard Rogers, Lt. Governor Shelby Smith, Speaker Mike O’Neal, Chairman Carl Holmes, and such veteran legislators as Bill Reardon, Bill Wisdom, and JoAnne Pottorff.

He served as mentor, advisor, and friend to Republicans and Democrats – most recently Attorney General Derek Schmidt, Senator Jeff King, Governor Sam Brownback, and Representatives Bill Otto and Tom Sloan.

Please join me in recognizing Robert Talkington’s family members – family who supported his activities on behalf of the people of Kansas, even when it took him away from home.

Be it further resolved: That local communities are encouraged to promote opportunities for such veterans to assist younger veterans returning from the wars in
Iraq and Afghanistan in rehabilitation from wounds, both seen and unseen, and to support the reintegration of younger veterans into civilian life; and

(b) (1) The secretary of administration shall develop criteria for the identification of surplus real estate, including but not limited to, a review of any legal restrictions associated with the real estate and the reasons for the state agency to keep the real estate. In accordance with such criteria, the secretary shall assist state agencies in the identification of surplus real estate. The secretary of administration shall periodically review the status of all real estate of state agencies subject to this section to determine if any of the real estate owned by state agencies is potentially surplus real estate. If any real estate owned by a state agency is determined by the secretary of administration, in consultation with the head of the state agency, to be surplus real estate in accordance with the criteria developed under subsection (a), then the secretary of administration shall recommend to the governor that such real estate be sold under the procedures prescribed by this section.

(d) Prior to offering any real estate for sale, such property shall be appraised pursuant to K.S.A. 75-3043a, and amendments thereto, unless the appraisal is waived as provided in this subsection. The secretary of administration may waive the requirement for appraisal for any parcel of surplus real estate that is to be sold at public auction under this section if the secretary of administration determines that it is in the best interests of the state to waive the requirement for appraisal for such parcel of surplus real estate. The costs of any such appraisal may be paid from the proceeds of the sale.

(e) Conveyance of title in surplus real estate offered for sale by the secretary of administration shall be executed on behalf of the state agency by the secretary of administration. On and after the effective date of this act, 20% of the proceeds from each such sale deposited in the state treasury shall be credited to the surplus real estate fund or another appropriate special revenue fund of the state agency which owned the surplus real estate, as is prescribed by law or as may be determined by the state agency, unless otherwise required by state or federal law or by the limitations or restrictions of the state's title to the real estate being sold. The remaining 80% of the proceeds from each such sale deposited in the state treasury shall be credited to the state general fund.

(2) The amount of expenses and the cost of appraisal for each sale of surplus real estate pursuant to this section shall be transferred and credited to the property contingency fund created under K.S.A. 75-3652, and amendments thereto, and may be expended for any operations of the department of administration.

(3) Any state agency owning real estate may apply to the director of accounts and reports to establish a surplus real estate special revenue fund in the state treasury. Prayer by Chaplain Brubaker:

Dear Lord,
   The days are getting longer—
   the workload is getting heavier—
   the discussions and debates more intense.
   Pressure is mounting—
   the dollars we are counting—
   and attitudes are getting on the defense.
   The time is getting short—
   Still so much more to sort—
   some may think it all nonsense.
   The people they represent—
   give them much argument—
   please don’t let them take offense.
   At the end of this day—
   when each goes his or her own way—
   may all their frustration be dispensed.
   Right now, Lord, please be with
   our Doorman, Jim Weaver,
   who is in the hospital. Touch his body
   and encourage his heart and mind.
   In Christ’s Name I pray, Amen.

The Pledge of Allegiance was led by Rep. Dillmore.

A signature may be made by mark, initials, typewriter, print, stamp, symbol or any other manner if by placing the signature on the document the person intends the signature to be binding. A signature may be made by another person at the voter's direction if the signature reflects such voter's intention.
(b) Applications made under this section shall give voter eligibility requirements and such information as is necessary to prevent duplicative voter registrations and enable the relevant election officer to assess the eligibility of the applicant and to administer voter registration, identify the applicant and to determine the qualifications of the applicant as an elector and the facts authorizing such person to be registered, including, but not limited to, the following data to be kept by the relevant election officer as provided by law:

If a notice of disposition is returned as undeliverable, a confirmation mailing prescribed by K.S.A. 25-2316c, and amendments thereto, shall occur.

(f) If an application is received while registration is closed, such application shall be considered to have been received on the next following day during which registration is open.

(h) Any registered voter whose residence address is not a permissible postal delivery address shall designate a postal address for registration records. (i) Any registered voter may request that such person's residence address be concealed from public inspection on the voter registration list and on the original voter registration application form. Such request shall be made in writing to the county election officer, and shall specify a clearly unwarranted invasion of personal privacy or a threat to the voter's safety. Upon receipt of such a request, the county election officer shall take appropriate steps to ensure that such person's residence address is not publicly disclosed. Nothing in this subsection shall be construed as requiring or authorizing the secretary of state to include on the voter registration application form a space or other provision on the form that would allow the applicant to request that such applicant's residence address be concealed from public inspection.

(j) No application for voter registration shall be made available for public inspection or copying unless the information required by paragraph (5) of subsection (b) has been removed or otherwise rendered unreadable.

(k) If an applicant fails to answer the question prescribed in paragraph (15) of subsection (b), the county election officer shall send the application to the applicant at the postal delivery address given on the application, by nonforwardable mail, with a notice of incompleteness. The notice shall specify a period of time during which the applicant may complete the application in accordance with K.S.A. 25-2311, and amendments thereto, and be eligible to vote in the next election.

(l) The county election officer or the secretary of state's office shall accept any completed application for registration, but an applicant shall not be registered until the voter's application is accompanied by satisfactory evidence of a person's eligibility to vote. Upon the ability of the county officer or secretary of state's office to verify United States citizenship by obtaining Kansas driver's license numbers, Kansas nondriver's identification card numbers or social security numbers electronically, the county election officer or secretary of state shall reject any application for voter registration
where satisfactory evidence of United States citizenship cannot be verified.

An individual who completes the application for voter registration and is otherwise eligible shall be registered to vote in accordance with the information supplied by the individual.

(2) An application for voter registration submitted under subsection (a)(1) shall be considered as updating any previous voter registration by the applicant.

(b) The voter registration section of the application:

(1) May require a second signature or other information that duplicates, or is in addition to, information in the driver's license or nondriver's identification card section of the application to prevent duplicate voter registrations, and to enable Kansas election officials to assess the eligibility of the applicant and to administer voter registration and other parts of the election process;

(2) shall include a statement that specifies each eligibility requirement for voting, contains an attestation that the applicant meets each such requirement, including citizenship, and requires the signature of the applicant, under penalty of perjury;

(3) shall include a statement that, if an applicant declines to register to vote, the fact that the applicant has declined to register will remain confidential and will be used only for voter registration purposes;

(6) shall be transmitted to the county election officer not later than five days after the date of acceptance.

(c) The motor vehicle driver's license and nondriver identification card form used for change of residence address shall also serve as a notification of change of residence address for voter registration for elections, unless the registrant states on the form that the change is not for voter registration purposes.

(d) The voter registration portion of the motor vehicle driver's license and nondriver identification card applications and change of address forms used shall be subject to approval by the secretary of state for purposes of voter registration under this section.

(e) Following the line fixed for the signature of the applicant on the application for voter registration, a statement shall be printed stating that the penalty for submission of a false voter registration application is a maximum presumptive sentence of 17 months in prison.

(f) The department of revenue or an employee of the department of revenue acting within the scope of the employee's employment shall not be liable for any damages resulting from any claim based on the department of revenue's transfer of any motor
vehicle record information to the secretary of state that is required or permitted by law.

The expiration date shall be established by the rules and regulations of the board. The board shall send a notice for renewal of license to every registered professional nurse and licensed practical nurse at least 60 days prior to the expiration date of such person's license. Every person so licensed who desires to renew such license shall file with the board, on or before the date of expiration of such license, a renewal application together with the prescribed biennial renewal fee. Every licensee who is no longer engaged in the active practice of nursing may so state by affidavit and submit such affidavit with the renewal application. An inactive license may be requested along with payment of a fee which shall be fixed by rules and regulations of the board. Except for the first renewal for a license that expires within 30 months following licensure examination or for renewal of a license that expires within the first nine months following licensure by reinstatement or endorsement, every licensee with an active nursing license shall submit with the renewal application evidence of satisfactory completion of a program of continuing nursing education required by the board. The board by duly adopted rules and regulations shall establish the requirements for such program of continuing nursing education. Continuing nursing education means learning experiences intended to build upon the educational and experiential bases of the registered professional and licensed practical nurse for the enhancement of practice, education, administration, research or theory development to the end of improving the
health of the public. Upon receipt of such application, payment of fee, upon receipt of
the evidence of satisfactory completion of the required program of continuing nursing
education and upon being satisfied that the applicant meets the requirements set forth in
K.S.A. 65-1115 or 65-1116 and amendments thereto in effect at the time of initial
licensure of the applicant, the board shall verify the accuracy of the application and
grant a renewal license.

(b) Any person who fails to secure a renewal license within the time specified
herein may secure a reinstatement of such lapsed license by making verified application
therefor on a form provided by the board, by rules and regulations, and upon furnishing
proof that the applicant is competent and qualified to act as a registered professional
nurse or licensed practical nurse and by satisfying all of the requirements for
reinstatement including payment to the board of a reinstatement fee as established by
the board. A reinstatement application for licensure will be held awaiting completion of
such documentation as may be required, but such application shall not be held for a
period of time in excess of that specified in rules and regulations.

(c) Any person whose license as a registered professional nurse has lapsed for a
period of more than five years beyond its expiration date and who has been employed
for at least four of the last five years in an allied health profession which employment
required substantially comparable patient care to that of care provided by a registered
professional nurse may apply for reinstatement as a registered professional nurse
and shall not be required to complete a refresher course as established by the board, but
shall be reinstated as a registered professional nurse by the board upon application to
the board for reinstatement of such license on a form provided by the board, upon
presentation to the board of an affidavit from such person detailing such person's work
history, upon determination by the board that the work history with regard to patient
care is substantially comparable to patient care provided by a registered professional
nurse, upon determination by the board that such person is otherwise qualified to be
licensed as a registered professional nurse and upon paying to the board the
reinstatement fee established by the board.

(d) (1) Each licensee shall notify the board in writing of (A) a change in name or
address within 30 days of the change or (B) a conviction of any felony or misdemeanor,
that is specified in rules and regulations adopted by the board, within 30 days from the
date the conviction becomes final.

(2) As used in this subsection, "conviction" means a final conviction without regard
to whether the sentence was suspended or probation granted after such conviction. Also,
for the purposes of this subsection, a forfeiture of bail, bond or collateral deposited to
secure a defendant's appearance in court, which forfeiture has not been vacated, shall be
equivalent to a conviction. Failure to so notify the board shall not constitute a defense in
an action relating to failure to renew a license, nor shall it constitute a defense in any
other proceeding.

INTRODUCTION OF GUESTS

There being no objection, the following remarks of Rep. S. Gatewood are spread upon the journal:

I bring before you today Donnie Lockhart, Jr., Donnie Lockhart III, and Coach Chad Parks. I am here to recognize Donnie for his recent victory, capping a perfect season and winning the 5A state championship in wrestling title at 189 pounds. I would not ordinarily bring athletes before you for simply athletic accomplishments. I feel that this in particular deserves recognition for three reasons. First is the perfect season, second Donnie maintained a GPA above 3.0, and most importantly, Donnie gave up a scholarship to the University of Oklahoma to play football right here in Topeka at Washburn University.

On motion of Rep. Bethell, HR 6014, A RESOLUTION in memory of Richard “Dick” Wellman, was adopted.

There being no objection, the following remarks of Rep. Bethell are spread upon the journal:

I am privileged to have members of Dick Wellman’s family with me today. They are Mr. Wellman’s daughter, Ms. Emily Wellman who works for Senator Pat Roberts; and, his grandson Jesse Wellman and wife Karen, and great-grandchildren Lee and Amy Wellman.

As I reflect on the life of Mr. Wellman and as you have heard during the reading of the resolution honoring Mr. Wellman, he was a rancher, gentleman, father, grandfather and friend. Most of all as I remember Dick he was a Statesman. His life was one of being an advocate for Kansas in so many ways. I can tell you stories of how he interacted with those across our great nation. One interesting one concerns his induction into the “Hole in the Wall Gang.” I will not take the time to tell the story now but will offer it to any at another time.

You may “google” the Hole in the Wall Gang and see the other distinguished members that Mr. Wellman interacted with as an ambassador of the great citizens of Kansas.

EXPLANATION OF VOTE

MR. SPEAKER: Most people already think that legislators write the rules so they are guaranteed re-election. The campaign finance amendment proves they are right. This incumbent protection act is an embarrassment. It allows incumbents to build up a war chest and eliminate the competition before it starts. I don't think voters were concerned about our war chests last November. They'd just like to get a job. Let's get our priorities straight. I vote no on H. Sub. for Sub. SB 127. – ANN MAH

Sec. 7. Section 285 of chapter 136 of the 2010 Session Laws of Kansas is hereby amended to read as follows: Sec. 285. (a) The provisions of this section shall be applicable to the sentencing guidelines grid for nondrug crimes. The following sentencing guidelines grid shall be applicable to nondrug felony crimes:

(b) Sentences expressed in the sentencing guidelines grid for nondrug crimes represent months of imprisonment.

(c) The sentencing guidelines grid is a two-dimensional crime severity and criminal history classification tool. The grid's vertical axis is the crime severity scale which classifies current crimes of conviction. The grid's horizontal axis is the criminal history scale which classifies criminal histories.

(d) The sentencing guidelines grid for nondrug crimes as provided in this section defines presumptive punishments for felony convictions, subject to the sentencing court's discretion to enter a departure sentence. The appropriate punishment for a felony conviction should depend on the severity of the crime of conviction when compared to all other crimes and the offender's criminal history.

(e) (1) The sentencing court has discretion to sentence at any place within
the sentencing range. In the usual case it is recommended that the sentencing judge
select the center of the range and reserve the upper and lower limits for aggravating and
mitigating factors insufficient to warrant a departure.

(2) In presumptive imprisonment cases, the sentencing court shall
pronounce the complete sentence which shall include the:

(A) Prison sentence;
(B) maximum potential reduction to such sentence as a result of good time;
and

(C) period of postrelease supervision at the sentencing hearing. Failure to
pronounce the period of postrelease supervision shall not negate the existence of such
period of postrelease supervision.

(3) In presumptive nonprison cases, the sentencing court shall pronounce
the:

(A) Prison sentence; and
(B) duration of the nonprison sanction at the sentencing hearing.

(f) Each grid block states the presumptive sentencing range for an offender
whose crime of conviction and criminal history place such offender in that grid block. If
an offense is classified in a grid block below the dispositional line, the presumptive
disposition shall be nonimprisonment. If an offense is classified in a grid block above
the dispositional line, the presumptive disposition shall be imprisonment. If an offense
is classified in grid blocks 5-H, 5-I or 6-G, the court may impose an optional nonprison
sentence as provided in subsection (q).

(g) The sentence for a violation of section 48, and amendments thereto,
K.S.A. 21-3415, prior to its repeal, aggravated battery against a law enforcement officer
committed prior to July 1, 2006, or a violation of subsection (d) of section 47 of chapter
136 of the 2010 Session Laws of Kansas, and amendments thereto, aggravated assault
against a law enforcement officer, which places the defendant's sentence in grid block
6-H or 6-I shall be presumed imprisonment. The court may impose an optional
nonprison sentence as provided in subsection (q).

(h) When a firearm is used to commit any person felony, the offender's
sentence shall be presumed imprisonment. The court may impose an optional nonprison
sentence as provided in subsection (q).

(i) The sentence for the violation of the felony provision of K.S.A. 8-
1567, subsection (b)(3) of section 49 of chapter 136 of the 2010 Session Laws of
Kansas, subsections (b)(3) and (b)(4) of section 109 of chapter 136 of the 2010 Session
Laws of Kansas, section 223 of chapter 136 of the 2010 Session Laws of Kansas and
section 227 of chapter 136 of the 2010 Session Laws of Kansas, and amendments
thereto, shall be as provided by the specific mandatory sentencing requirements of that
section and shall not be subject to the provisions of this section or section 288 of
chapter 136 of the 2010 Session Laws of Kansas, and amendments thereto.

(2) If because of the offender's criminal history classification the offender is
subject to presumptive imprisonment or if the judge departs from a presumptive
probation sentence and the offender is subject to imprisonment, the provisions of this
section and section 288 of chapter 136 of the 2010 Session Laws of Kansas, and
amendments thereto, shall apply and the offender shall not be subject to the mandatory
sentence as provided in section 109 of chapter 136 of the 2010 Session Laws of Kansas,
and amendments thereto.
(3) Notwithstanding the provisions of any other section, the term of imprisonment imposed for the violation of the felony provision of K.S.A. 8-1567, subsection (b)(3) of section 49 of chapter 136 of the 2010 Session Laws of Kansas, subsections (b)(3) and (b)(4) of section 109 of chapter 136 of the 2010 Session Laws of Kansas, section 223 and section 227 of chapter 136 of the 2010 Session Laws of Kansas, and amendments thereto, shall not be served in a state facility in the custody of the secretary of corrections, except that the term of imprisonment for felony violations of K.S.A. 8-1567, and amendments thereto, may be served in a state correctional facility designated by the secretary of corrections if the secretary determines that substance abuse treatment resources and facility capacity is available. The secretary's determination regarding the availability of treatment resources and facility capacity shall not be subject to review. Prior to imposing any sentence pursuant to this subsection, the court may consider assigning the defendant to a house arrest program pursuant to section 249 of the 2010 Session Laws of Kansas, and amendments thereto.

(j) (1) The sentence for any persistent sex offender whose current convicted crime carries a presumptive term of imprisonment shall be double the maximum duration of the presumptive imprisonment term. (3) Except as provided in paragraph subsection (j)(2)(B), the provisions of this subsection shall not apply to any person whose current convicted crime is a severity level 1 or 2 felony.

(k) (1) If it is shown at sentencing that the offender committed any felony violation for the benefit of, at the direction of, or in association with any criminal street gang, with the specific intent to promote, further or assist in any criminal conduct by gang members, the offender's sentence shall be presumed imprisonment. The court may impose an optional nonprison sentence as provided in subsection (q).

(3) participation in an intensive substance abuse treatment program will serve community safety interests.

A defendant sentenced to an optional nonprison sentence under this subsection shall be supervised by community correctional services. The provisions of subsection (f)(1) of section 305 of chapter 136 of the 2010 Session Laws of Kansas, and amendments thereto, shall apply to a defendant sentenced under this subsection. be subject to appeal.
