Sec. 33. K.S.A. 2011 Supp. 65-1637 is hereby amended to read as follows: 65-1637. (a) In every store, shop or other place defined in this act as a "pharmacy" there shall be a pharmacist-in-charge and, except as otherwise provided by law, the compounding and dispensing of prescriptions shall be limited to pharmacists only. Except as otherwise provided by the pharmacy act of this state, when a pharmacist is not in attendance at a pharmacy, the premises shall be enclosed and secured. Prescription orders may be written, oral, telephonic or by electronic transmission unless prohibited by law. Blank forms for written prescription orders may have two signature lines. If there are two lines, one signature line shall state: "Dispense as written" and the other signature line shall state: "Brand exchange permissible." Prescriptions shall only be filled or refilled in accordance with the following requirements:

(a) All prescriptions shall be filled in strict conformity with any directions of the prescriber, except that a pharmacist who receives a prescription order for a brand name drug product may exercise brand exchange with a view toward achieving a lesser cost to the purchaser unless:

1. The prescriber, in the case of a prescription signed by the prescriber and written on a blank form containing two signature lines, signs the signature line following the statement "dispense as written," or
2. the prescriber, in the case of a prescription signed by the prescriber, writes in the prescriber's own handwriting "dispense as written" on the prescription, or
3. the prescriber, in the case of a prescription other than one in writing signed by the prescriber, expressly indicates the prescription is to be dispensed as communicated, or
4. the federal food and drug administration has determined that a drug product of the same generic name is not bioequivalent to the prescribed brand name prescription medication.

(b) Prescription orders shall be recorded in writing by the pharmacist and the record so made by the pharmacist shall constitute the original prescription to be dispensed by the pharmacist. This record, if telephoned by other than the physician shall bear the name of the person so telephoning. Nothing in this paragraph shall be construed as altering or affecting in any way laws of this state or any federal act requiring a written prescription order.

(c) (1) Except as provided in paragraph (2), no prescription shall be refilled unless authorized by the prescriber either in the original prescription or by oral order which is reduced promptly to writing and filled by the pharmacist.

2. A pharmacist may refill a prescription order issued on or after the effective date of this act for any prescription drug except a drug listed on schedule II of the uniform controlled substances act or a narcotic drug listed on any schedule of the uniform controlled substances act without the prescriber's authorization when all reasonable efforts to contact the prescriber have failed and when, in the pharmacist's professional judgment, continuation of the medication is necessary for the patient's health, safety and welfare. Such prescription refill shall only be in an amount judged by the pharmacist to be sufficient to maintain the patient until the prescriber can be contacted, but in no event shall a refill under this paragraph be more than a seven day supply or one package of the drug. However, if the prescriber states on a prescription that there shall be no emergency refilling of that prescription, then the pharmacist shall not dispense any
emergency medication pursuant to that prescription. A pharmacist who refills a
prescription order under this subsection (c)(2) shall contact the prescriber of the
prescription order on the next business day subsequent to the refill or as soon thereafter
as possible. No pharmacist shall be required to refill any prescription order under this
subsection (c)(2). A prescriber shall not be subject to liability for any damages resulting
from the refilling of a prescription order by a pharmacist under this subsection (c)(2)
unless such damages are occasioned by the gross negligence or willful or wanton acts or
omissions by the prescriber.
(d) If any prescription order contains a provision that the prescription may be
refilled a specific number of times within or during any particular period, such
prescription shall not be refilled except in strict conformity with such requirements.
(e) If a prescription order contains a statement that during any particular time the
prescription may be refilled at will, there shall be no limitation as to the number of
times that such prescription may be refilled except that it may not be refilled after the
expiration of the time specified or one year after the prescription was originally issued,
whichever occurs first.
(f) Any pharmacist who exercises brand exchange and dispenses a less expensive
drug product shall not charge the purchaser more than the regular and customary retail
price for the dispensed drug.
Nothing contained in this section shall be construed as preventing a pharmacist from
refusing to fill or refill any prescription if in the pharmacist's professional judgment and
discretion such pharmacist is of the opinion that it should not be filled or refilled.
(b) Except as otherwise provided by the pharmacy act of this state, when a
pharmacist is not in attendance at a pharmacy, the premises shall be enclosed and
secured.
New Sec. 34. (a) The pharmacist shall exercise professional judgment regarding the
accuracy, validity and authenticity of any prescription order consistent with federal and
state laws and rules and regulations. A pharmacist shall not dispense a prescription drug
if the pharmacist, in the exercise of professional judgment, determines that the
prescription is not a valid prescription order.
(b) The prescriber may authorize an agent to transmit to the pharmacy a
prescription order orally, by facsimile transmission or by electronic transmission
provided that the first and last names of the transmitting agent are included in the order.
(c) (1) A new written or electronically prepared and transmitted prescription order
shall be manually or electronically signed by the prescriber. If transmitted by the
prescriber's agent, the first and last names of the transmitting agent shall be included in
the order.
(2) If the prescription is for a controlled substance and is written or printed from an
 electronic prescription application, the prescription shall be manually signed by the
prescriber prior to delivery of the prescription to the patient or prior to facsimile
transmission of the prescription to the pharmacy.
(3) An electronically prepared prescription shall not be electronically transmitted to
the pharmacy if the prescription has been printed prior to electronic transmission. An
electronic prescription which is printed following electronic transmission shall be clearly labeled as a copy, not valid for dispensing.
(4) The state board of pharmacy shall conduct a study on the issues of electronic
transmission of prior authorizations and step therapy protocols. The report on the results
of such study shall be completed and submitted to the legislature no later than January 15, 2013. The board is hereby authorized to conduct pilot projects related to any new technology implementation when deemed necessary and practicable.

(d) An authorization to refill a prescription order or to renew or continue an existing drug therapy may be transmitted to a pharmacist through oral communication, in writing, by facsimile transmission or by electronic transmission initiated by or directed by the prescriber.

(1) If the transmission is completed by the prescriber's agent, and the first and last names of the transmitting agent are included in the order, the prescriber's signature is not required on the fax or alternate electronic transmission.

(2) If the refill order or renewal order differs in any manner from the original order, such as a change of the drug strength, dosage form or directions for use, the prescriber shall sign the order as provided by paragraph (1).

(e) Regardless of the means of transmission to a pharmacy, only a pharmacist or a pharmacist intern shall be authorized to receive a new prescription order from a prescriber or transmitting agent. A pharmacist, a pharmacist intern or a registered pharmacy technician may receive a refill or renewal order from a prescriber or transmitting agent if such registered pharmacy technician's supervising pharmacist has authorized that function.

(f) A refill is one or more dispensings of a prescription drug or device that results in the patient's receipt of the quantity authorized by the prescriber for a single fill as indicated on the prescription order.

(1) A prescription for a prescription drug or device that is not a controlled substance may authorize no more than 12 refills within 18 months following the date on which the prescription is issued.

(2) A prescription for a schedule III, IV or V controlled substance may authorize no more than five refills within six months following the date on which the prescription is issued.

(g) Prescriptions shall only be filled or refilled in accordance with the following requirements:

(1) All prescriptions shall be filled in strict conformity with any directions of the prescriber, except that a pharmacist who receives a prescription order for a brand name drug product may exercise brand exchange with a view toward achieving a lesser cost to the purchaser unless:

(A) The prescriber, in the case of a prescription manually or electronically signed by the prescriber and prepared on a form containing two signature lines, signs the signature line following the statement "dispense as written";

(B) the prescriber, in the case of a written prescription signed by the prescriber, writes in the prescriber's own handwriting "dispense as written" on the prescription;

(C) the prescriber, in the case of a prescription other than one in writing signed by the prescriber, expressly indicates the prescription is to be dispensed as communicated; or

(D) the federal food and drug administration has determined that a drug product of the same generic name is not bioequivalent to the prescribed brand name prescription medication.

(h) If a prescription order contains a statement that during any particular time the prescription may be refilled at will, there shall be no limitation as to the number of
times that such prescription may be refilled except that it may not be refilled after the expiration of the time specified or one year after the prescription was originally issued, whichever occurs first.

(i) Prescription orders shall be recorded in writing by the pharmacist and the record so made by the pharmacist shall constitute the original prescription to be dispensed by the pharmacist. This record, if telephoned by other than the prescriber, shall bear the name of the person so telephoning. Nothing in this section shall be construed as altering or affecting in any way laws of this state or any federal act requiring a written prescription order.

(j) (1) Except as provided in paragraph (2), no prescription shall be refilled unless authorized by the prescriber either in the original prescription or by oral order which is reduced promptly to writing and filled by the pharmacist.

(2) A pharmacist may refill a prescription order issued on or after the effective date of this act for any prescription drug except a drug listed on schedule II of the uniform controlled substances act or a narcotic drug listed on any schedule of the uniform controlled substances act without the prescriber's authorization when all reasonable efforts to contact the prescriber have failed and when, in the pharmacist's professional judgment, continuation of the medication is necessary for the patient's health, safety and welfare. Such prescription refill shall only be in an amount judged by the pharmacist to be sufficient to maintain the patient until the prescriber can be contacted, but in no event shall a refill under this paragraph be more than a seven day supply or one package of the drug. However, if the prescriber states on a prescription that there shall be no emergency refilling of that prescription, then the pharmacist shall not dispense any emergency medication pursuant to that prescription. A pharmacist who refills a prescription order under this subsection (j)(2) shall contact the prescriber of the prescription order on the next business day subsequent to the refill or as soon thereafter as possible. No pharmacist shall be required to refill any prescription order under this subsection (j)(2). A prescriber shall not be subject to liability for any damages resulting from the refilling of a prescription order by a pharmacist under this subsection (j)(2) unless such damages are occasioned by the gross negligence or willful or wanton acts or omissions by the prescriber.

(k) If any prescription order contains a provision that the prescription may be refilled a specific number of times within or during any particular period, such prescription shall not be refilled except in strict conformity with such requirements.

(l) Any pharmacist who exercises brand exchange and dispenses a less expensive drug product shall not charge the purchaser more than the regular and customary retail price for the dispensed drug.

(m) Nothing contained in this section shall be construed as preventing a pharmacist from refusing to fill or refill any prescription if in the pharmacist's professional judgment and discretion such pharmacist is of the opinion that it should not be filled or refilled.

(f) The owner or custodian of an animal placed for adoption or killed pursuant to subsection (e) shall not be entitled to recover damages for the placement or killing of such animal unless the owner proves that such placement or killing was unwarranted.

(g) Expenses incurred for the care, treatment or boarding of any animal, taken into custody pursuant to subsection (e), pending prosecution of the owner or custodian of such animal for the crime of cruelty to animals, shall be assessed to the owner or custodian as a cost of the case if the owner or custodian is adjudicated guilty of such crime.

(h) Upon the filing of a sworn complaint by any public health officer, law enforcement officer, licensed veterinarian or officer or agent of any incorporated humane society, animal shelter or other appropriate facility alleging the commission of cruelty to animals, the county or district attorney shall determine the validity of the complaint and shall forthwith file charges for the crime if the complaint appears to be valid.

(+) If a person is adjudicated guilty of the crime of cruelty to animals, and the court having jurisdiction is satisfied that an animal owned or possessed by such person would be in the future subjected to such crime, such animal shall not be returned to or remain with such person. Such animal may be turned over to a duly incorporated humane society or licensed veterinarian for sale or other disposition.

"Sec. 36. K.S.A. 2011 Supp. 21-6819 is hereby amended to read as follows: 21-
6819. (a) The provisions of subsections (a), (b), (c), (d), (e) and (h) of K.S.A. 2011
Supp. 21-6606, and amendments thereto, regarding multiple sentences shall apply to the
sentencing of offenders pursuant to the sentencing guidelines. The mandatory
consecutive sentence requirements contained in subsections (c), (d) and (e) of K.S.A.
2011 Supp. 21-6606, and amendments thereto, shall not apply if such application would
result in a manifest injustice.

(b) The sentencing judge shall otherwise have discretion to impose concurrent or
consecutive sentences in multiple conviction cases. The sentencing judge may consider
the need to impose an overall sentence that is proportionate to the harm and culpability
and shall state on the record if the sentence is to be served concurrently or
consecutively. In cases where consecutive sentences may be imposed by the sentencing
judge, the following shall apply:

1) When the sentencing judge imposes multiple sentences consecutively, the
consecutive sentences shall consist of an imprisonment term which is may not exceed
the sum of the consecutive imprisonment terms, and a supervision term. The sentencing
judge shall have the discretion to impose a consecutive term of imprisonment for a
crime other than the primary crime of any term of months not to exceed the nonbase
sentence as determined under subsection (b)(5). The postrelease supervision term will
be based on the longest supervision term imposed for any of the crimes.

2) The sentencing judge shall establish a base sentence for the primary crime. The
primary crime is the crime with the highest crime severity ranking. An off-grid crime
shall not be used as the primary crime in determining the base sentence when imposing
multiple sentences. If sentences for off-grid and on-grid convictions are ordered to run
consecutively, the offender shall not begin to serve the on-grid sentence until paroled
from the off-grid sentence, and the postrelease supervision term will be based on the
off-grid crime. If more than one crime of conviction is classified in the same crime
category, the sentencing judge shall designate which crime will serve as the primary
crime. In the instance of sentencing with both the drug grid and the nondrug grid and
simultaneously having a presumption of imprisonment and probation, the sentencing
judge shall use the crime which presumes imprisonment as the primary crime. In the
instance of sentencing with both the drug grid and the nondrug grid and simultaneously
having a presumption of either both probation or both imprisonment, the sentencing
judge shall use the crime with the longest sentence term as the primary crime.

3) The base sentence is set using the total criminal history score assigned.

4) The total prison sentence imposed in a case involving multiple convictions
arising from multiple counts within an information, complaint or indictment cannot
exceed twice the base sentence. This limit shall apply only to the total sentence, and it
shall not be necessary to reduce the duration of any of the nonbase sentences imposed to
be served consecutively to the base sentence. The postrelease supervision term will
reflect only the longest such term assigned to any of the crimes for which consecutive
sentences are imposed. Supervision periods shall not be aggregated.
(5) Nonbase sentences shall not have criminal history scores applied, as calculated in the criminal history I column of the grid, but base sentences shall have the full criminal history score assigned. In the event a conviction designated as the primary crime in a multiple conviction case is reversed on appeal, the appellate court shall remand the multiple conviction case for resentencing. Upon resentencing, if the case remains a multiple conviction case the court shall follow all of the provisions of this section concerning the sentencing of multiple conviction cases.
(6) If the sentence for the primary crime is a prison term, the entire imprisonment term of the consecutive sentences will be served in prison.
(7) If the sentence for the consecutive sentences is a prison term, the postrelease supervision term is a term of postrelease supervision as established for the primary crime.
(8) If the sentence for the primary crime is a nonprison sentence, a nonprison term will be imposed for each crime conviction, but the nonprison terms shall not be aggregated or served consecutively even though the underlying prison sentences have been ordered to be served consecutively. Upon revocation of the nonprison sentence, the offender shall serve the prison sentences consecutively as provided in this section.
(c) The following shall apply for a departure from the presumptive sentence based on aggravating factors within the context of consecutive sentences:
(1) The court may depart from the presumptive limits for consecutive sentences only if the judge finds substantial and compelling reasons to impose a departure sentence for any of the individual crimes being sentenced consecutively.
(2) When a departure sentence is imposed for any of the individual crimes sentenced consecutively, the imprisonment term of that departure sentence shall not exceed twice the maximum presumptive imprisonment term that may be imposed for that crime.
(3) The total imprisonment term of the consecutive sentences, including the imprisonment term for the departure crime, shall not exceed twice the maximum presumptive imprisonment term of the departure sentence following aggravation."

Invocation by Chaplain Fred S. Hollomon:

Heavenly Father,

In 1993 I prayed
A basketball prayer.
It was because basketball
Was filling Kansas air.

This year its happening again.
As KU has once more
Beat Roy and North Carolina
And reached the Final Four.

“What does this have to do with Me?”
I can almost hear You say.
Probably very little at all
But I'm praying any way.

I realize that You Oh God
Probably could care less.
Who wins the NCAA
In north, east, south, or west.

I just ask that all the players
Will be protected by You.
But since some team has to win
It might as well be K.U.

P.S. Wichita State and K-State had a great year.

I pray in the Name of Jesus Christ. AMEN

SENATE RESOLUTION No. 1844—

A RESOLUTION congratulating and commending
Joe Hastings and Michael Wilhoite.

WHEREAS, Joe Hastings, of Wichita, Kansas (Bishop Carroll High School), earned All-MIAA honors as a senior wide receiver while playing football for Coach Craig Schurig at Washburn University and led the MIAA in receiving yards with 1,546 while recording 87 receptions, both single season records at Washburn. Joe averaged 128.8 yards per contest and was second in the conference in receptions per game at 7.3. He was fifth in the MIAA in scoring at 7.6 points per game; and

WHEREAS, Nationally, Joe Hastings finished his career at second in the country in receiving yards per game and tied for 20th in receptions per game. He tied a Washburn single-game record with four touchdown receptions against Nebraska-Omaha while playing only the first half of the game. Joe Hastings was a third team Don Hansen Football Gazette All-American and also took part in the Cactus Bowl Division II All-Star game pulling in a big touchdown pass. He accounted for 1,575 all-purpose yards in his final season averaging 131.2 per game. He had eight 100-yard receiving games including a career-high 223 yards and 10 receptions against Midwestern State in the 2010 Kanza Bowl; and

WHEREAS, Michael Wilhoite, of Topeka, Kansas (Highland Park High School), also
earned All-MIAA honors as a senior linebacker at Washburn University after recording 81 tackles in one season. He finished his Washburn career with over 200 total tackles, which ranked him high in the Washburn record book. He finished his career at Washburn with 109 solo stops. Following his Washburn career, Michael signed with the Omaha Nighthawks, a professional team in the UFL (United Football League); and

WHEREAS, Joe and Michael both suffered injuries during their senior seasons at Washburn, but both overcame many adversities and helped lead the Washburn Ichabods to an 8-4 record and Kanza Bowl victory to finish out their Washburn careers. Through their talent, character and work ethic, both Joe Hastings and Michael Wilhoite were signed to the San Francisco 49ers football team; and

WHEREAS, It is unheard of for two Kansans who were teammates at a Kansas Division II school to be signed to an NFL team, let alone the same NFL team. (b) Configuration and size. (1) Signs shall not be erected with sign faces which exceed 30 feet in height, 60 feet in length or 900 square feet in area, per facing, including border, trim and embellishments, but not including base or apron, supports, and other structural members;

(2) the maximum size limitations shall apply to each sign facing;

(3) two sign displays not exceeding 450 square feet each may be erected in a facing, side by side or "double decked," and double-faced, back-to-back or V-type signs shall be permitted and shall be treated as one structure with a maximum area of 900 square feet permitted for each side or facing. To be classified as "back-to-back" there must not be more than 15 feet between structures or faces, to allow for crossbracing;

(4) the area of any sign structure shall be measured by the smallest square, rectangle, circle or combination thereof which will encompass the area of the sign display or displays;

(5) the height of any portion of the sign structure, excluding cutouts or extensions, as measured vertically from the adjacent edge of the road grade of the main traveled way shall not exceed 50 feet;

(6) cutouts or extensions shall be permitted on legal conforming signs at a size not
to exceed 30% of the size of the main display area, with a maximum extension of five feet along the top edge, two feet along the sides and 1 1/2 feet along the bottom of the main display area. Cutouts or extensions shall not be permitted where the configuration and size requirements of this subsection will be exceeded.

(c) Spacing. (1) Signs shall conform to all applicable building codes and ordinances of the city, county or state, whichever is applicable by reason of the locations of the signs;

(2) signs shall not be erected or maintained in such a manner as to obscure or otherwise physically interfere with an official traffic sign, signal or device or to obstruct or physically interfere with a driver's view of approaching, merging or intersecting traffic;

(3) except for official and on-premise signs, as defined in 23 U.S.C. § 131(c) and as provided for in K.S.A. 68-2233, and amendments thereto, any signs or sign structures visible from any primary highway without fully controlled access:

(A) Shall not be spaced less than 300 feet apart outside of incorporated cities;

(B) shall not be spaced less than 200 feet apart within incorporated cities;

(4) any signs or sign structures visible from any interstate highway or freeway with fully controlled access:

(A) Shall not be spaced less than 500 feet apart, except for official and on-premise signs, as defined in 23 U.S.C. § 131(c), and as provided in K.S.A. 68-2233, and amendments thereto;

(B) outside the corporate limits of cities, shall not be located within 500 feet of an interchange, feeder, intersection at grade, safety rest area or information center regardless of whether the main traveled way is within or outside the city limits. The 500 feet spacing shall be measured from the point at which the pavement widens and the direction of measurement shall be along the edge of pavement away from the interchange, collector, intersection at grade, safety rest area or information center. In those interchanges where a quadrant does not have a ramp, the 500 feet for the quadrant at the edge of the intersection is located at the edge of the intersection;

(5) the minimum distance between two signs prescribed by paragraphs (3) and (4) of this subsection shall be measured along the nearest edge of the pavement between points directly opposite the signs along the same side of the highway. Such minimum distance shall not apply to signs described by subsection (a), (b) or (c) of K.S.A. 68-2233, and amendments thereto, nor shall such signs be counted or be used in measuring distances for the purpose of determining compliance with the spacing requirements of this subsection;

(6) the minimum distances between two signs prescribed by paragraphs (3) and (4) of this subsection shall not apply where such signs are separated by a building, structure, roadway or other obstruction which prevents a view of both signs at the same time by traffic proceedings on any one highway; and

(7) nothing in this subsection shall be construed as preventing the erection of double-faced, back-to-back or V-type signs with a maximum of two sign displays per sign facing, as permitted by subsection (b). Nothing in this subsection shall prevent the owner of a single face sign to change the position of the sign face to a different or opposite direction of traffic flow so long as an additional face or additional square feet are not added to the sign structure. No such change may be affected until approval is granted by the department.
(d) Lighting. (1) Signs shall not be erected which contain, include or are illuminated by any flashing, intermittent, revolving or moving light, except those giving public service information such as, but not limited to, time, date, temperature, weather or news; steadily burning lights in configuration of letters or pictures are not prohibited;

(2) signs shall not be erected or maintained which are not effectively shielded so as to prevent beams or rays of light from being directed at any portion of the traveled way of any interstate or primary highway and are of such intensity or brilliance as to cause glare or to impair the vision of the driver of any motor vehicle or to otherwise interfere with any driver's operation of a motor vehicle; and

(3) signs shall not be erected or maintained which are so illuminated that they obscure any official traffic sign, device or signal, or imitate or may be confused with any official traffic sign, device or signal.

(e) Automatic changeable facing signs. (1) Automatic changeable facing signs shall be permitted within adjacent or controlled areas under the following conditions:

(A) The sign does not contain or display flashing, intermittent or moving lights, including animated or scrolling advertising;

(B) the changeable facing remains in a fixed position for at least eight seconds;

(C) if a message is changed electronically, it must be accomplished within an interval of two seconds or less;

(D) the sign is not placed within 1,000 feet of another automatic changeable facing sign on the same side of the highway, with the distance being measured along the nearest edge of the pavement and between points directly opposite the signs along each side of the highway;

(E) if the sign is a legal conforming structure it may be modified to an automatic changeable facing sign upon compliance with these standards and approval by the department. A nonconforming structure shall not be modified to create an automatic changeable facing sign;

(F) if the sign contains a default design that will freeze the sign in one position if a malfunction occurs; and

(G) if the sign application meets all other permitting requirements.

(2) The outdoor advertising license shall be revoked for failure to comply with any provision in this subsection.

(f) Application to local zoning authorities. Nothing in article 22 of chapter 68 of Kansas Statutes Annotated, and amendments thereto, shall be construed as prohibiting a local zoning authority from controlling the erection, maintenance, size, spacing and lighting of signs in all areas within its jurisdiction by adopting standards which may be consistent with, or more or less restrictive than the highway advertising control act, and amendments thereto, except that along interstate highways, the size and spacing requirements of subsections (b) and (c) of K.S.A. 68-2234, and amendments thereto, shall be met. The standards adopted by a local zoning authority shall include the regulation of size, of lighting and of spacing of all such signs and shall restrict the erection of new signs, other than signs described by subsections (a), (b) and (c) of K.S.A. 68-2233, and amendments thereto, to zoned commercial or industrial areas.

(g) Prohibition against zoning to permit outdoor advertising. Zoning action after June 30, 2006, which is not part of comprehensive zoning and is created primarily to permit outdoor advertising structures, is not recognized as zoning for purposes of this act.
(h) Unzoned commercial or industrial area qualifications for signs.

(1) To qualify an area as unzoned commercial or industrial for the purpose of outdoor advertising control, one commercial or industrial activity shall meet all of the following criteria prior to submitting an outdoor advertising permit application:

(C) the activity shall be served by utilities, power, telephone, water and sewer or septic and well;

(D) the activity shall have direct or indirect vehicular access;

(E) the activity must be visible from, and located within 660 feet of the nearest edge of the right-of-way of the controlled route;

(F) the commercial or industrial activity must be in operation for a period of 12 months prior to the date of submitting an application for an outdoor advertising permit and license;

(G) the activity shall be in operation for at least nine months per year; and

(H) the owner or employee shall be present at the site for 20 hours per week;

(2) the unzoned area shall include areas on both sides of any two-lane highway, but shall be limited to land on the same side as the commercial or industrial activity on any highway with four or more traffic lanes. All measurements shall begin from the outer edges of regularly used buildings, parking lots, storage or processing areas of the commercial or industrial activity, not from the property line of the activity and shall be along the nearest edge of the main traveled way of the controlled route. The proposed sign location must be within 600 feet of the commercial or industrial activity.

Invocation by Chaplain Fred S. Hollomon:

Heavenly Father,
We have a lot left to do here and we seem to be getting a lot of help.
Constituents tell us what they want us to do.
Judges tell us what we can do.
Lobbyists tell us why we should do them.
The Revisers tell us how to do them.
Leadership tells us when to do them.
Committees tell us to do them differently.
The Media tells us what we did.
The House tells us what we did was wrong.
And our spouses tell us to stop doing them.

But remind us, Lord, that the main One to listen to is YOU!

I pray in the Name of Jesus Christ,   AMEN

The Pledge of Allegiance was led by President Stephen Morris.

INTRODUCTION OF ORIGINAL MOTIONS AND SENATE RESOLUTIONS

Senators V. Schmidt, Kultala and Masterson introduced the following Senate resolution, which was read:

SENATE RESOLUTION No. 1845—

A RESOLUTION recognizing March 27th as American Diabetes Association Alert Day.

WHEREAS, The state of Kansas recognizes that healthy citizens are essential for strong communities to thrive; and

WHEREAS, Diabetes is a devastating disease that affects nearly 26 million Americans, including 8.6% of Kansas adults. More than 179,000 Kansans have been diagnosed with diabetes and over 90% of those Kansans have type 2 diabetes, which can be prevented or delayed. If current trends continue, one out of every three American adults will have diabetes by 2050; and

WHEREAS, The prevalence of diabetes is significantly higher among Kansas adults 18 years and older who are obese (16.1%) as compared to those who are not obese (5.4%). Obesity is one of the most well-established and modifiable risk factors for diabetes; and

WHEREAS, Approximately 79 million, or one in three American adults have pre-diabetes, which means that their blood sugar is higher than normal, but not high enough to be classified as diabetes. Without intervention, individuals with pre-diabetes are at a much higher risk for developing type 2 diabetes. The American Diabetes Association estimates that the total cost of diagnosed diabetes in the United States is over $174 billion. Studies suggest that when additional costs for gestational diabetes, pre-diabetes and undiagnosed diabetes are included, the total diabetes-related costs in the United States could exceed $218 billion; and

WHEREAS, Early detection and disease management can help prevent complications of diabetes, including cardiovascular disease, blindness, nervous system damage and kidney failure; and

WHEREAS, Reducing the burden associated with diabetes may be enhanced through the state of Kansas medicaid reform efforts; and
WHEREAS, Diabetes advocates and stakeholders from across the state, including representatives from disparate populations, have come together to form the Kansas Diabetes Action Council to develop and implement the Kansas Diabetes Plan 2008-2013, which is a plan to reduce the negative clinical and economic impact on individuals and on the state of Kansas; and

WHEREAS, The goals of the Kansas Diabetes Plan 2008-2013 are to increase awareness of the prevention and control of diabetes, improve the capacity to address the prevention and control of diabetes, increase Kansas health care workforce competency in diabetes standards of care, improve awareness of and access to diabetes self-management information, programs and services and influence public policy to support improving diabetes prevention, detection and care throughout Kansas; and

WHEREAS, The 24th annual American Association Diabetes Alert Day is Tuesday, March 27th, 2012, a one-day "wake-up" call asking the American public to "Join the Million Challenge" by encouraging Americans to take the diabetes risk test to find out if they are at risk for developing type 2 diabetes and if they are at high risk, to speak with their health care provider; and

WHEREAS, The American Diabetes Association has encouraged community organizations to use March 27th as a way to educate individuals in their communities to recognize their risk for type 2 diabetes, manage their risk and take action to create a future free of the disease; and

WHEREAS, At the end of 2011, the American Diabetes Association surpassed their goal of inspiring one million Americans to be a part of the American Diabetes Association's movement to stop diabetes. To continue this momentum, the American Diabetes Association is asking the American public to "Join the Million Challenge" by rallying one million people to take the diabetes risk test beginning on Diabetes Alert Day on March 27th, 2012: Now, therefore,

Be it resolved by the Senate of the State of Kansas: That we hereby endorse the Kansas Diabetes Plan 2008-2013, recognize March 27th as American Diabetes Association Alert Day in the state of Kansas and invite the Kansas Diabetes Action Council to submit a final report to the state legislature in 2013 on the results of the Kansas Diabetes Plan 2008-2013; and

Be it further resolved: That the Secretary of the Senate shall send five enrolled copies of this resolution to Senator V. Schmidt.

Invocation by Chaplain Fred S. Hollomon:

Heavenly Father,

From time to time we have a tendency to forget what kind of God You are.
Forgive us for treating You as if You were.....

Some sort of supernatural sounding board;
A spiritual 911 who never responds to our call;
A cultural antique handed down from generation to generation;
A naturalistic symbol to keep the masses preoccupied;
A scapegoat to blame for failures, aches and pains, untimely deaths, and our own bad judgments;
       An indulgent grandfather who tolerates anything and everything;
       A lucky charm we rub when we encounter icy streets, tornadoes, lottery tickets, and
       flashing lights on patrol cars;

Remind us, O God, that You can raise up nations and You can bring them down. That
without You no government can survive forever.
Remind us that You are the Creator and we are the creatures, because we are prone to
get it backwards.

I pray in the Name of Jesus Christ,   AMEN

Invocation by Chaplain Fred S. Hollomon:

Heavenly Father,

About this time each year some of us begin to question the system.
We have so much to do and so little time to do it.
There are bills yet to be passed.
There are bills that should be passed.
And there is yet one bill that seems to defy passage.

The Senate wonders how on earth the House could do what it did, while the House wonders how the Senate could possibly not do what it should have done. And vice versa.

Our ears are ringing;
Our eyes are red;
Our heads are aching;
And our back sides are dead.

We sometimes wonder if we should swap this Republic for another form of government....when we remember the terrible results in any other form.

In the meantime we remember that Churchill said:  The only system worse than what we have....is all the rest.

I pray in the Name of Jesus Christ,  AMEN

The Pledge of Allegiance was led by President Stephen Morris.

MR. PRESIDENT and MR. SPEAKER: Your committee on conference on Senate amendments to HB 2432 submits the following report:

The House accedes to all Senate amendments to the bill, and your committee on conference further agrees to amend the bill as printed with Senate Committee amendments, as follows:

On page 1, by striking all in lines 8 through 36;
By striking all on pages 2 through 24;
On page 25, by striking all in lines 1 through 26 and inserting:

''New Section 1. (a) Sections 1 through 4, and amendments thereto, shall be known and may be cited as the safety corridor act.
(b) The provisions of this act shall expire on July 1, 2015.

New Sec. 2. As used in the safety corridor act:
(a) "Department" means the department of transportation.
(b) "Secretary" means the secretary of transportation.
(c) "Executive safety council" means a group of representatives appointed by the secretary who are charged with developing and maintaining the strategic highway safety plan. Representatives may be appointed from the Kansas department of transportation, Kansas department of revenue, Kansas department of health and environment, the Kansas legislature, transportation safety academia, transportation safety businesses, law enforcement, or local governments.
(d) "Safety corridor" means a segment of highway designated by the secretary of transportation pursuant to the provisions of this act identified by posted or moving signs as being a safety corridor. The corridor starts at the first sign identifying the corridor and continues until a posted or moving sign indicates that the corridor has ended.

New Sec. 3. (a) The secretary of transportation is hereby authorized and empowered to establish and administer a safety corridor program.
(b) The secretary shall establish criteria and designate safety corridors at the recommendation of the executive safety council. The following criteria shall be used in determining designation as a safety corridor, which shall include, but not be limited to:
(1) Accident rates and accident fatality rates, which account for the number of crashes;
(2) number of crashes resulting in serious injury or death; and
(3) traffic volumes.
(c) The secretary shall use the same criteria on all highways in determining whether a highway segment shall be designated as a safety corridor.
(d) The secretary shall designate not more than two safety corridors.
(e) The secretary shall have authority to designate highway safety corridors on highways that are designated as interstate, United States or state highways.
(f) The secretary shall not designate a safety corridor on an interstate, United States or state highway within the corporate limits of any city unless the governing body of such city has passed a resolution supporting the designation of a safety corridor by the secretary. If the governing body of such city passes a resolution revoking its support for
the designation of a safety corridor within its corporate limits, upon notification to the secretary that such resolution has passed, the secretary shall remove the safety corridor designation from such highway that is within the corporate limits of the city. All signage regarding its designation as a safety corridor shall be removed from the highway. However, failure to remove the signage shall not affect the status of the highway that is no longer a designated safety corridor and increased fines cannot be assessed for moving violations that occur within the sign marked area.

(g) The secretary shall establish guidelines to evaluate whether a highway segment designated as a safety corridor continues to meet established criteria. If the secretary determines the criteria no longer applies to the segment, the designation shall be revoked, the signage shall be removed and the segment shall cease to be a safety corridor.

(h) Annually, prior to the 10th day of each regular session of the legislature, the secretary shall report to the house committee on transportation and senate committee on transportation concerning implementation and operation of the program authorized by this section.

New Sec. 4. (a) There is hereby created in the state treasury the safety corridor fund to be administered by the secretary of transportation. All moneys credited to the safety corridor fund shall be used solely for programs within designated safety corridors, including appropriate signage, education, enforcement and such other purposes deemed appropriate by the secretary. All fines collected pursuant to subsection (h) of K.S.A. 8-2118, and amendments thereto, shall be remitted to the state treasurer in accordance with the provisions of K.S.A. 75-4215, and amendments thereto. The state treasurer shall credit all moneys received from fines pursuant to subsection (h) of K.S.A. 8-2118, and amendments thereto, in accordance with K.S.A. 74-7336, and amendments thereto.

(b) Each municipality or other governmental entity that enacts an ordinance or resolution that is substantially similar to subsection (h) of K.S.A. 8-2118, and amendments thereto, shall remit one half of the doubled fine that is collected as a result of the conviction of a moving violation relating to exceeding the maximum speed limit in a safety corridor to the state treasurer in accordance with the provisions of K.S.A. 75-4215, and amendments thereto. Upon receipt of each such remittance, the state treasurer shall deposit the entire amount in the state treasury to the credit of the safety corridor fund.

Sec. 5. K.S.A. 2011 Supp. 8-1560c is hereby amended to read as follows: 8-1560c. (a) (1) Any conviction or forfeiture of bail or bond for violating a maximum posted or authorized speed limit of 30 miles per hour or more but not exceeding 54 miles per hour on any highway, by not more than six miles per hour, shall not be construed as a moving traffic violation for the purpose of K.S.A. 8-255, and amendments thereto, except that a conviction of exceeding the maximum speed limit within a safety corridor by more than six miles per hour shall be considered a moving violation pursuant to K.S.A. 8-255, and amendments thereto. (2) Any conviction or forfeiture of bail or bond for violating the maximum posted or authorized speed limit of 55 miles per hour or more but not exceeding 75 miles per hour on any highway, by not more than 10 miles per hour, shall not be construed as a moving traffic violation for the purpose of K.S.A. 8-255, and amendments thereto, except that a conviction of exceeding the maximum speed limit within a safety corridor by more than six miles per hour shall be considered a moving violation pursuant to K.S.A. 8-255, and amendments thereto.
violation pursuant to K.S.A. 8-255, and amendments thereto.

(c) The provisions of subsections (a)(2) and (b)(2) shall expire on July 1, 2015.

Sec. 6. K.S.A. 2011 Supp. 8-1560d is hereby amended to read as follows: 8-1560d.

(a) Except as provided by subsection (b), convictions for violating a maximum posted speed limit of 55 miles per hour or more but not exceeding 75 miles per hour, by not more than 10 miles per hour in excess of such maximum speed limit, or a maximum posted speed limit of 30 miles per hour or more but not exceeding 54 miles per hour, by not more than six miles per hour in excess of such maximum speed limit, shall not be reported by the division and shall not be considered by any insurance company in determining the rate charged for any automobile liability insurance policy or whether to cancel any such policy under the provisions of subsection (4)(c)(7) of K.S.A. 40-277, and amendments thereto.

(b) Convictions for violating a maximum speed limit within a safety corridor by not more than six miles per hour shall not be reported by the division and shall not be considered by any insurance company in determining the rate charged for any automobile liability insurance policy under the provisions of subsection (4)(c)(7) of K.S.A. 40-277, and amendments thereto. The provisions of this subsection shall expire on July 1, 2015.

Sec. 7. K.S.A. 2011 Supp. 8-2118 is hereby amended to read as follows: 8-2118. (a) A person charged with a traffic infraction shall, except as provided in subsection (b), appear at the place and time specified in the notice to appear. If the person enters an appearance, waives right to trial, pleads guilty or no contest, the fine shall be no greater than that specified in the uniform fine schedule in subsection (c) and court costs shall be taxed as provided by law.

(b) Prior to the time specified in the notice to appear, a person charged with a traffic infraction may enter a written appearance, waive right to trial, plead guilty or no contest and pay the fine for the violation as specified in the uniform fine schedule in subsection (c) and court costs provided by law. Payment may be made in any manner accepted by the court. The traffic citation shall not have been complied with if the payment is not honored for any reason, or if the fine and court costs are not paid in full. When a person charged with a traffic infraction makes payment without executing a written waiver of right to trial and plea of guilty or no contest, the payment shall be deemed such an appearance, waiver of right to trial and plea of no contest.

(c) The following uniform fine schedule shall apply uniformly throughout the state but shall not limit the fine which may be imposed following a court appearance, except an appearance made for the purpose of pleading and payment as permitted by subsection (a). The description of offense contained in the following uniform fine schedule is for reference only and is not a legal definition.

EXPLANATION OF VOTE

MR. PRESIDENT: I voted yes on Substitute for House Bill 2689 in order to advance the agricultural grape growing industry in Kansas. The grape industry in Kansas reported only 350 acres of fruit in the state in their latest report to the Senate Agriculture Committee. It was reported in later testimony that Kansas once had 5,000 acres of grapes grown in the state. It is obvious that this industry has much greater potential and should be supported as such. To grow this industry we must adequately deal with the effects of herbicides that kill grapes and destroy vineyards. Secondly, we must provide increased support to new and existing growers through our agricultural programs in our colleges and universities and through Departments of Agriculture and Commerce programs. – ALLEN C. SCHMIDT
MESSAGE FROM THE HOUSE

The House nonconcurs in Senate amendments to HB 2757, requests a conference and has appointed Representatives Hayzlett, Prescott and Wetta as conferees on the part of the House.

ORIGINAL MOTION

On motion of Senator Umbarger, the Senate acceded to the request of the House for a conference on HB 2757.

The President appointed Senators Umbarger, Marshall and Kultala as conferees on the part of the Senate.

On motion of Senator Emler, the Senate adjourned until 10:00 a.m., Friday, March 30, 2012.
The Senate was called to order by President Stephen Morris.
The roll was called with forty senators present.
Invocation by Chaplain Fred S. Hollomon:

Heavenly Father,

In the book of Matthew, chapter 24, verses six through eight, Jesus spoke these words: “You will hear of wars and rumors of wars, but see to it that you are not alarmed. Such things must happen, but the end is still to come. Nation will rise against nation, and kingdom against kingdom. There will be famines and earthquakes in various places. All these are the beginning of birth pains.”

Once more the bombs are falling,
And once more we are informed
That we need to support our troops
Who wear the uniform.

No one in his proper mind
Considers war the norm;
Especially those of us
Who wore the uniform.

To free our world from chronic fear
And from the wicked swarm.
Our youth today are following those
Who once wore the uniform.

They have come in from the factories,
From the farms and college dorms,
To fight along with others
Who wear the uniform.

We call on You, once more, O God,
To protect from evil storm
Those who once again must fight
And wear the uniform.

I pray for all of them in the Name of Christ, AMEN
The Pledge of Allegiance was led by President Stephen Morris.

On page 2, following line 3, by inserting:

"Sec. 2. K.S.A. 2011 Supp. 8-247 is hereby amended to read as follows: 8-247. (a)

(1) All original licenses shall expire as follows:

(A) Licenses issued to persons who are at least 21 years of age, but less than 65 years of age shall expire on the sixth anniversary of the date of birth of the licensee which is nearest the date of application;

(B) Licenses issued to persons who are 65 years of age or older shall expire on the fourth anniversary of the date of birth of the licensee which is nearest the date of application;

(C) Any commercial drivers license shall expire on the fourth anniversary of the date of birth of the licensee which is nearest the date of application;

(D) Licenses issued to an offender, as defined in K.S.A. 22-4902, and amendments thereto, who is required to register pursuant to the Kansas offender registration act, K.S.A. 22-4901 et seq., and amendments thereto, shall expire every year on the date of birth of the licensee; or

(E) Licenses issued to persons who are less than 21 years of age shall expire on the licensee's twenty-first birthday.

(2) All renewals under: (A) Paragraph (1) (A) shall expire on every sixth anniversary of the date of birth of the licensee; (B) Paragraph (1) (B) and (C) shall expire on every fourth anniversary of the date of birth of the licensee; (C) Paragraph (1) (D) shall expire every year on the date of birth of the licensee; and (D) Paragraph (1) (E), if a renewal license is issued, shall expire on the licensee's twenty-first birthday. No driver's license shall expire in the same calendar year in which the original license or renewal license is issued, except that if the foregoing provisions of this section shall require the issuance of a renewal license or an original license for a period of less than six calendar months, the license issued to the applicant shall expire in accordance with the provisions of this subsection.

(b) If the driver's license of any person expires while such person is outside of the state of Kansas and such person is on active duty in the armed forces of the United States, or is the spouse or a person who is residing with and is a dependent of such person on active duty, the license of such person shall be renewable, without examination, at any time prior to the end of the sixth month following the discharge of such person from the armed forces, or within 90 days after residence within the state is reestablished, whichever time is sooner. If the driver's license of any person under this subsection expires while such person is outside the United States, the division shall
provide for renewal by mail, as long as the division has a photograph or digital image of such person maintained in the division's records. A driver's license renewed under the provisions of this subsection shall be renewed by mail only once.

(c) At least 30 days prior to the expiration of a person's license the division shall mail a notice of expiration or renewal application to such person at the address shown on the license. The division shall include with such notice a written explanation of substantial changes to traffic regulations enacted by the legislature.

(d) (1) Except as provided in paragraph (2), every driver's license shall be renewable on or before its expiration upon application and payment of the required fee and successful completion of the examinations required by subsection (e). Application for renewal of a valid driver's license shall be made to the division in accordance with rules and regulations adopted by the secretary of revenue. Such application shall contain all the requirements of subsection (b) of K.S.A. 8-240, and amendments thereto. Upon satisfying the foregoing requirements of this subsection, and if the division makes the findings required by K.S.A. 8-235b, and amendments thereto, for the issuance of an original license, the license shall be renewed without examination of the applicant's driving ability. If the division finds that any of the statements relating to revocation, suspension or refusal of licenses required under subsection (b) of K.S.A. 8-240, and amendments thereto, are in the affirmative, or if it finds that the license held by the applicant is not a valid one, or if the applicant has failed to make application for renewal of such person's license on or before the expiration date thereof, the division may require the applicant to take an examination of ability to exercise ordinary and reasonable control in the operation of a motor vehicle as provided in K.S.A. 8-235d, and amendments thereto.

(2) Any licensee, whose driver's license expires on their twenty-first 21st birthday, shall have 45 15 days from the date of expiration of such license to make application to renew such licensee's license. Such license shall continue to be valid for such 45 15 days or until such license is renewed, whichever occurs sooner. A licensee who renews under the provisions of this paragraph shall not be required by the division to take an examination of ability to exercise ordinary and reasonable control in the operation of a motor vehicle as provided in K.S.A. 8-235d, and amendments thereto.

(e) (1) Prior to renewal of a driver's license, the applicant shall pass an examination of eyesight. Such examination shall be equivalent to the test required for an original driver's license under K.S.A. 8-235d, and amendments thereto. A driver's license examiner shall administer the examination without charge and shall report the results of the examination on a form provided by the division.

(2) In lieu of the examination of the applicant's eyesight by the examiner, the applicant may submit a report on the examination of eyesight by a physician licensed to practice medicine and surgery or by a licensed optometrist. The report shall be based on an examination of the applicant's eyesight not more than three months prior to the date the report is submitted, and it shall be made on a form furnished by the division to the applicant.

(3) The division shall determine whether the results of the eyesight examination or report is sufficient for renewal of the license and, if the results of the eyesight examination or report is insufficient, the division shall notify the applicant of such fact and return the license fee. In determining the sufficiency of an applicant's eyesight, the division may request an advisory opinion of the medical advisory board, which is
hereby authorized to render such opinions.

(4) An applicant who is denied a license under this subsection (e) may reapply for renewal of such person's driver's license, except that if such application is not made within 90 days of the date the division sent notice to the applicant that the license would not be renewed, the applicant shall proceed as if applying for an original driver's license.

(5) When the division has good cause to believe that an applicant for renewal of a driver's license is incompetent or otherwise not qualified to operate a motor vehicle in accord with the public safety and welfare, the division may require such applicant to submit to such additional examinations as are necessary to determine that the applicant is qualified to receive the license applied for. Subject to paragraph (6) of this subsection, in so evaluating such qualifications, the division may request an advisory opinion of the medical advisory board which is hereby authorized to render such opinions in addition to its duties prescribed by subsection (b) of K.S.A. 8-255b, and amendments thereto. Any such applicant who is denied the renewal of such a driver's license because of a mental or physical disability shall be afforded a hearing in the manner prescribed by subsection (c) of K.S.A. 8-255, and amendments thereto.

(6) Seizure disorders which are controlled shall not be considered a disability. In cases where such seizure disorders are not controlled, the director or the medical advisory board may recommend that such person be issued a driver's license to drive class C or M vehicles and restricted to operating such vehicles as the division determines to be appropriate to assure the safe operation of a motor vehicle by the licensee. Restricted licenses issued pursuant to this paragraph shall be subject to suspension or revocation. For the purpose of this paragraph, seizure disorders which are controlled means that the licensee has not sustained a seizure involving a loss of consciousness in the waking state within six months preceding the application or renewal of a driver's license and whenever a person licensed to practice medicine and surgery makes a written report to the division stating that the licensee's seizures are controlled. The report shall be based on an examination of the applicant's medical condition not more than three months prior to the date the report is submitted. Such report shall be made on a form furnished to the applicant by the division. Any physician who makes such report shall not be liable for any damages which may be attributable to the issuance or renewal of a driver's license and subsequent operation of a motor vehicle by the licensee.

(f) If the driver's license of any person expires while such person is outside the state of Kansas, the license of such person shall be extended for a period not to exceed six months and shall be renewable, without a driving examination, at any time prior to the end of the sixth month following the original expiration date of such license or within 10 days after such person returns to the state, whichever time is sooner. This subsection (f) shall not apply to temporary drivers' licenses issued pursuant to subsection (b)(3) of K.S.A. 8-240, and amendments thereto.

(g) The division shall reference the website of the agency in a person's notice of expiration or renewal under subsection (c). The division shall provide the following information on the website of the agency:

(1) Information explaining the person's right to make an anatomical gift in accordance with K.S.A. 8-243, and amendments thereto, and the revised uniform anatomical gift act, K.S.A. 2011 Supp. 65-3220 through 65-3244, and amendments
thereto;

(2) information describing the organ donation registry program maintained by the Kansas federally designated organ procurement organization. The information required under this paragraph shall include, in a type, size and format that is conspicuous in relation to the surrounding material, the address and telephone number of Kansas' federally designated organ procurement organization, along with an advisory to call such designated organ procurement organization with questions about the organ donor registry program;

(3) information giving the applicant the opportunity to be placed on the organ donation registry described in paragraph (2);

(4) inform the applicant that, if the applicant indicates under this subsection a willingness to have such applicant's name placed on the organ donor registry described in paragraph (2), the division will forward the applicant's name, gender, date of birth and most recent address to the organ donation registry maintained by the Kansas federally designated organ procurement organization, as required by paragraph (6);

(5) the division may fulfill the requirements of paragraph (4) by one or more of the following methods:

(A) Providing such information on the website of the agency; or

(B) providing printed material to an applicant who personally appears at an examining station;

(6) if an applicant indicates a willingness under this subsection to have such applicant's name placed on the organ donor registry, the division shall within 10 days forward the applicant's name, gender, date of birth and most recent address to the organ donor registry maintained by the Kansas federally designated organ procurement organization. The division may forward information under this subsection by mail or by electronic means. The division shall not maintain a record of the name or address of an individual who indicates a willingness to have such person's name placed on the organ donor registry after forwarding that information to the organ donor registry under this subsection. Information about an applicant's indication of a willingness to have such applicant's name placed on the organ donor registry that is obtained by the division and forwarded under this paragraph shall be confidential and not disclosed.

(h) Notwithstanding any other provisions of law, any offender under subsection (a)(1)(D) who held a valid driver's license on the effective date of this act may continue to operate motor vehicles until the next anniversary of the date of birth of such offender. Upon such date such driver's license shall expire and the offender shall be subject to the provisions of this section.

(i) The director of the division of vehicles shall submit a report to the legislature at the beginning of the regular session in 2012 regarding the impact of not requiring a written test for the renewal of a driver's license, including any cost savings to the division.

Heavenly Father,

Wrap-up time is Show-down time,
And results will be coming in.
It's when we find who loses,
And when we find who wins.

Of course, the problem is, O God
When both sides think they're right....
Animosity tends to smolder
And continue day and night.

I pray for both sides, Lord, today;
The losers and the winners.
All the winners are not angels,
And not all the losers sinners.

I pray that what the winners win
Won't be as bad as the losers think;
And what the losers lose
Is better than the winners think.

The poet Perry Gresham penned this verse:
“Truth crushed to earth will rise again,
The eternal years of God are hers;
But, error, wounded, writhe in pain
And dies amidst her worshipers.”

And Longfellow's 4th stanza of a hymn expresses it well:
“Then pealed the bells more loud and deep,
God is not dead, nor doth He sleep.
The wrong shall fail, the right prevail
With peace on earth, good will to men.”

I pray in the Name of Jesus Christ, AMEN

MESSAGE FROM THE GOVERNOR

The passage and signing of the Dodd-Frank Act was an unprecedented expansion of federal power over the nation's economy and the states by the Obama Administration. While serving as a United States Senator, I vigorously opposed and voted against the Dodd-Frank Act.

Today the consequences of this wayward legislation are being felt here in Kansas. We are being coerced by unelected federal bureaucrats to enact bills such as SB 345 and HB 2505 that set up new regulatory frameworks not desired by Kansas voters. These federal officials are threatening to do harm to our state's economy if we do not acquiesce in passing state laws dictated from Washington.

Because we have little choice but to let these bills go into effect, I will allow them to become law without my signature. By not affixing my signature to these bills, however, I want to send a clear message that I have serious concerns about their constitutionality. Because of this, I have requested that Attorney General Derek Schmidt conduct an immediate review of Dodd-Frank in order to begin the process of defending Kansas from this unconstitutional incursion of federal authority over the states.
Pursuant to Article 2 Sec. 14 of the Kansas Constitution and KSA 45-305, SB 345 and HB 2505 have been delivered to the Secretary of State without my signature.

MESSAGE FROM THE GOVERNOR

SB 353 – Veto message from the Governor

Recent indicators show the economic recovery in Kansas is underway, yet remains fragile. As I set forth in my Roadmap for Kansas, now is the time for government to get out of the way by reducing spending, cutting taxes, and returning to its core functions. Only when the state’s economic role is limited to maintaining a fair and safe playing field for all can the resourcefulness, ingenuity, and hard work of Kansans in every field of labor be fully realized. Now is not the time to add layer after layer of regulatory fees, burdensome certification requirements, barriers to entry, and bureaucracy to our economy.

While SB 353 deals only with one business, it is a clear example of the steady growth of state power over economic activity. By vetoing SB 353, I intend not only to prevent this small increase of government interference in the marketplace, but also to send the clear message that Kansas will not accept unnecessary government burdens on the free market. It is time to take the parking brake off of the dynamic economic engine that is the Kansas spirit, which if unleashed, will generate growth and prosperity for all.

Therefore, pursuant to Article 2, Section 14(a) of the Constitution of the State of Kansas, I hereby veto SB 353.

Date: April 4, 2012

MESSAGE FROM THE GOVERNOR

House Substitute for Senate Bill 315 – Veto message from the Governor

The provisions of Senate Bill 315 as introduced, and which are now contained in Sections 11 through 13 of House Substitute for Senate Bill 315, unnecessarily impair the prerogatives of the executive branch and take away an important tool for the efficient and uniform management of the executive branch of state government. The remaining provisions of House Substitute for Senate Bill 315 represent good policy and should become law.

Therefore, pursuant to Article 2, Section 14 of the Kansas Constitution, I hereby veto House Substitute for Senate Bill 315 and urge the Legislature to return the bill to me modified as set forth above before final adjournment.

EXPLANATION OF VOTE

MR. PRESIDENT: I vote yes on the Senate Substitute for HB 2454 because it re-establishes a vehicle supporting the Arts in Kansas. The previous organization, The Kansas Arts Commission, had proven educational, economic, and quality of life benefits for citizens and communities. It is unfortunate that we lost a year of effective arts funding with the dismantle of the Kansas Arts Commission. I am hopeful the new Creative Arts Industry Commission (CAIC) will effectively restore the states commitment to promoting the arts. – ALLEN C. SCHMIDT

"Sec. 5. K.S.A. 2011 Supp. 79-32,154 is hereby amended to read as follows: 79-
32,154. As used in this act, the following words and phrases shall have the meanings respectively ascribed to them herein:

(a) "Facility" shall mean any factory, mill, plant, refinery, warehouse, feedlot, building or complex of buildings located within the state, including the land on which such facility is located and all machinery, equipment and other real and tangible personal property located at or within such facility used in connection with the operation of such facility. The word "building" shall include only structures within which individuals are customarily employed or which are customarily used to house machinery, equipment or other property.

(b) "Qualified business facility" shall mean a facility which satisfies the requirements of paragraphs (1) and (2) of this subsection.

(1) Such facility is employed by the taxpayer in the operation of a revenue producing enterprise, as defined in subsection (c). Such facility shall not be considered a qualified business facility in the hands of the taxpayer if the taxpayer's only activity with respect to such facility is to lease it to another person or persons. If the taxpayer employs only a portion of such facility in the operation of a revenue producing enterprise, and leases another portion of such facility to another person or persons or does not otherwise use such other portions in the operation of a revenue producing enterprise, the portion employed by the taxpayer in the operation of a revenue producing enterprise shall be considered a qualified business facility, if the requirements of paragraph (2) of this subsection are satisfied.

(2) If such facility was acquired by the taxpayer from another person or persons, such facility was not employed, immediately prior to the transfer of title to such facility to the taxpayer, or to the commencement of the term of the lease of such facility to the taxpayer, by any other person or persons in the operation of a revenue producing enterprise and the taxpayer continues the operation of the same or substantially identical revenue producing enterprise, as defined in subsection (i), at such facility.

(c) "Revenue producing enterprise" shall mean:

(1) The assembly, fabrication, manufacture or processing of any agricultural, mineral or manufactured product;

(2) The storage, warehousing, distribution or sale of any products of agriculture, aquaculture, mining or manufacturing;
(3) the feeding of livestock at a feedlot;
(4) the operation of laboratories or other facilities for scientific, agricultural, aquacultural, animal husbandry or industrial research, development or testing;
(5) the performance of services of any type;
(6) the feeding of aquatic plants and animals at an aquaculture operation;
(7) the administrative management of any of the foregoing activities; or
(8) any combination of any of the foregoing activities.

"Revenue producing enterprise" shall not mean a swine production facility as defined in K.S.A. 17-5903, and amendments thereto, that is owned or leased by a corporation or limited liability company.

(d) "Qualified business facility employee" shall mean a person employed by the taxpayer in the operation of a qualified business facility during the taxable year for which the credit allowed by K.S.A. 79-32,153, and amendments thereto, is claimed:

1) A person shall be deemed to be so engaged if such person performs duties in connection with the operation of the qualified business facility on: (A) A regular, full-time basis; (B) a part-time basis, provided such person is customarily performing such duties at least 20 hours per week throughout the taxable year; or (C) a seasonal basis, provided such person performs such duties for substantially all of the season customary for the position in which such person is employed. The number of qualified business facility employees during any taxable year shall be determined by dividing by 12 the sum of the number of qualified business facility employees on the last business day of each month of such taxable year. If the qualified business facility is in operation for less than the entire taxable year, the number of qualified business facility employees shall be determined by dividing the sum of the number of qualified business facility employees on the last business day of each full calendar month during the portion of such taxable year during which the qualified business facility was in operation by the number of full calendar months during such period. Notwithstanding the provisions of this subsection, for the purpose of computing the credit allowed by K.S.A. 79-32,153, and amendments thereto, in the case of an investment in a qualified business facility, which facility existed and was operated by the taxpayer or related taxpayer prior to such investment, the number of qualified business facility employees employed in the operation of such facility shall be reduced by the average number, computed as provided in this subsection, of individuals employed in the operation of the facility during the taxable year preceding the taxable year in which the qualified business facility investment was made at the facility.

2) For taxable years commencing after December 31, 1997, in the case of a taxpayer claiming a credit against the premium tax and privilege fees imposed pursuant to K.S.A. 40-252, and amendments thereto or the privilege tax as measured by net income of financial institutions imposed pursuant to chapter 79 article 11 of the Kansas Statutes Annotated, "qualified business employee" shall not mean any person who is employed in the operation of a qualified business facility in the state due to the merger, acquisition or other reconfiguration of the taxpayer unless such employee's position represents a net gain of total positions created by the taxpayer and the employee's position was not in existence at the time of the merger acquisition or other reconfiguration of the taxpayer.

(e) "Qualified business facility investment" shall mean the value of the real and tangible personal property, except inventory or property held for sale to customers in
the ordinary course of the taxpayer's business, which constitutes the qualified business facility, or which is used by the taxpayer in the operation of the qualified business facility, during the taxable year for which the credit allowed by K.S.A. 79-32,153, and amendments thereto, is claimed. The value of such property during such taxable year shall be: (1) Its original cost if owned by the taxpayer; or (2) eight times the net annual rental rate, if leased by the taxpayer. The net annual rental rate shall be the annual rental rate paid by the taxpayer less any annual rental rate received by the taxpayer from subrentals. The qualified business facility investment shall be determined by dividing by 12 the sum of the total value of such property on the last business day of each calendar month of the taxable year. If the qualified business facility is in operation for less than an entire taxable year, the qualified business facility investment shall be determined by dividing the sum of the total value of such property on the last business day of each full calendar month during the portion of such taxable year during which the qualified business facility was in operation by the number of full calendar months during such period. Notwithstanding the provisions of this subsection, for the purpose of computing the credit allowed by K.S.A. 79-32,153, and amendments thereto, in the case of an investment in a qualified business facility, which facility existed and was operated by the taxpayer or related taxpayer prior to such investment the amount of the taxpayer's qualified business facility investment in such facility shall be reduced by the average amount, computed as provided in this subsection, of the investment of the taxpayer or a related taxpayer in the facility for the taxable year preceding the taxable year in which the qualified business facility investment was made at the facility.

(f) "Commencement of commercial operations" shall be deemed to occur during the first taxable year for which the qualified business facility is first available for use by the taxpayer, or first capable of being used by the taxpayer, in the revenue producing enterprise in which the taxpayer intends to use the qualified business facility.

(g) "Qualified business facility income" shall mean the Kansas taxable income derived by the taxpayer from the operation of the qualified business facility. If a taxpayer has income derived from the operation of a qualified business facility as well as from other activities conducted within this state, the Kansas taxable income derived by the taxpayer from the operation of the qualified business facility shall be determined by multiplying the taxpayer's Kansas taxable income by a fraction, the numerator of which is the property factor, as defined in paragraph (1), plus the payroll factor, as defined in paragraph (2), and the denominator of which is two. In the case of financial institutions, the property and payroll factors shall be computed utilizing the specific provisions of the apportionment method applicable to financial institutions, if enacted, and the qualified business facility income shall be based upon net income.

(1) The property factor is a fraction, the numerator of which is the average value of the taxpayer's real and tangible personal property owned or rented and used in connection with the operation of the qualified business facility during the tax period, and the denominator of which is the average value of all the taxpayer's real and tangible personal property owned or rented and used in this state during the tax period. The average value of all such property shall be determined as provided in K.S.A. 79-3281 and 79-3282, and amendments thereto.

(2) The payroll factor is a fraction, the numerator of which is the total amount paid during the tax period by the taxpayer for compensation to persons qualifying as qualified business facility employees, as determined under subsection (d), at the
qualified business facility, and the denominator of which is the total amount paid in this state during the tax period by the taxpayer for compensation. The compensation paid in this state shall be determined as provided in K.S.A. 79-3283, and amendments thereto.

The formula set forth in this subsection (g) shall not be used for any purpose other than determining the qualified business facility income attributable to a qualified business facility.

(h) "Related taxpayer" shall mean: (1) A corporation, partnership, trust or association controlled by the taxpayer; (2) an individual, corporation, partnership, trust or association in control of the taxpayer; or (3) a corporation, partnership, trust or association controlled by an individual, corporation, partnership, trust or association in control of the taxpayer. For the purposes of this act, "control of a corporation" shall mean ownership, directly or indirectly, of stock possessing at least 80% of the total combined voting power of all classes of stock entitled to vote and at least 80% of all other classes of stock of the corporation; "control of a partnership or association" shall mean ownership of at least 80% of the capital or profits interest in such partnership or association; and "control of a trust" shall mean ownership, directly or indirectly, of at least 80% of the beneficial interest in the principal or income of such trust.

(i) "Same or substantially identical revenue producing enterprise" shall mean a revenue producing enterprise in which the products produced or sold, services performed or activities conducted are the same in character and use, are produced, sold, performed or conducted in the same manner and to or for the same type of customers as the products, services or activities produced, sold, performed or conducted in another revenue producing enterprise;"

And by renumbering sections accordingly;

The divisor, the number of days on which livestock was sold, shall not exceed 130. The amount of bond coverage must be the next multiple of $5,000 above the amount so determined. When the computation exceeds $75,000, the amount of bond coverage need not exceed $75,000 plus 10% of the excess over $75,000, raised to the next $5,000 multiple. In cases where a business operation is being commenced, an estimated amount of business to be transacted during the next 12 months may be used subject to adjustment later, if indicated. The total liability of the surety shall be limited to the amount stated on the current bond or on an appropriate rider or endorsement to the current bond. It is the intent of this statute that the bonds be nonaccumulative, that stacking of bonds not occur in excess of the face value of the current bond.

(c) Whenever the livestock animal health commissioner determines that any bond given by any livestock dealer is inadequate and insufficient security against any loss that might arise under the terms of the bond, the livestock animal health commissioner shall require any additional bond that the livestock animal health commissioner considers necessary to provide adequate security. If the livestock animal health commissioner considers the financial condition of the surety upon any livestock dealer and the livestock dealer's bond to be impaired, the livestock animal health commissioner shall require any substituted or additional bond that the livestock animal health commissioner considers necessary except this act shall not apply to those who buy livestock for others incidentally to their own farming operation.

(d) In all actions hereafter commenced in which judgment is rendered against any surety company on any surety bond furnished under the provisions of this section, if it appears from the evidence that the surety company has refused without just cause to pay the loss upon demand, the court shall allow the plaintiff a reasonable sum as attorney fees to be recovered and collected as a part of the costs. When a tender is made by the
surety company before the commencement of the action in which judgment is rendered and the amount recovered is not in excess of the tender, no such costs shall be allowed.

This $25,000 limitation shall be applicable for fiscal year 2008, and thereafter, subject to appropriations therefor. The state conservation commission as soon as practicable after July 1 of the following year shall disburse such moneys as may be appropriated by the state for this purpose to each conservation district to match funds allocated by the commissioners of each county. Distribution shall be prorated in proportion to county allocations in the event that appropriations are insufficient for complete matching of funds. (b) A program for protection of riparian and wetland areas shall be developed by the state conservation commission Kansas department of agriculture division of conservation and implemented by the conservation districts. The conservation districts shall prepare district programs to address resource management concerns of water quality, erosion and sediment control and wildlife habitat as part of the conservation district long-range and annual work plans. Preparation and implementation of conservation district programs shall be accomplished with assistance from appropriate state and federal agencies involved in resource management.

(c) Subject to the provisions of K.S.A. 2-1919, and amendments thereto, any holder of a water right, as defined by subsection (g) of K.S.A. 82a-701, and amendments thereto, who is willing to voluntarily return all or a part of the water right to the state shall be eligible for a grant not to exceed 80% of the total cost of the purchase price for such water right. The state conservation commission Kansas department of agriculture division of conservation shall administer this cost-share program with funds appropriated by the legislature for such purpose. The chief engineer shall certify to the state conservation commission Kansas department of agriculture division of conservation that any water right for which application for cost-share is received under this section is eligible in accordance with the criteria established in K.S.A. 2-1919, and amendments thereto.

(d) (1) Subject to appropriation acts therefor, the state conservation commission Kansas department of agriculture division of conservation shall develop the Kansas water quality buffer initiative for the purpose of restoring riparian areas using best management practices. The executive director of the state conservation commission Kansas department of agriculture division of conservation shall ensure that the initiative is complementary to the federal conservation reserve program.

(2) There is hereby created in the state treasury the Kansas water quality buffer initiative fund. All expenditures from such fund shall be made in accordance with appropriation acts upon warrants of the director of accounts and reports issued pursuant to vouchers approved by the executive director of the state conservation commission Kansas department of agriculture division of conservation or the executive director's designee. Sec. 127. K.S.A. 2011 Supp. 2-1930 is hereby amended to read as follows: 2-1930.

(a) There is hereby established the water right transition assistance pilot project program. The program shall be administered by the state conservation commission Kansas department of agriculture division of conservation. The Kansas department of agriculture, division of water resources and recognized local governing agencies, including groundwater management districts, shall cooperate in program implementation. The program shall be administered for the purpose of reducing consumptive use in the target or high priority areas of the state by issuing water right transition grants for privately held water rights.

(b) (1) The state conservation commission Kansas department of agriculture division of conservation may receive and expend funds from the federal or state government, or private source for the purpose of carrying out the provisions of this section. The state conservation commission Kansas department of agriculture division of conservation and the participating groundwater management districts shall carry over unexpended funds from one fiscal year to the next.

(2) Federal and state funds shall not exceed $1,500,000 per year.

(3) State conservation commission Kansas department of agriculture division of conservation expenditures for permanent partial water right retirements shall not exceed 30% of the total amount of funds for the water right transition assistance pilot project program.

(c) The state conservation commission Kansas department of agriculture division of conservation may enter into water right transition assistance pilot project program contracts with landowners that will result in the permanent retirement of part or all of landowner historic consumptive use water rights by action of the chief engineer as provided for in subsection (f) of this section.

(d) All applications for permanent water right retirements shall be considered for funding.

(e) Permanent retirement of partial water rights shall only be approved by the Kansas department of agriculture division of water resources when the groundwater management district has the metering and monitoring capabilities necessary to ensure compliance with the program. When prioritizing among water right applications for acceptance under the water right transition assistance pilot project, where rights with similar hydrologic impacts are considered, priority should be given to the senior right as determined under the Kansas water appropriation act.

(f) Water rights enrolled in the water right transition assistance pilot project program for permanent retirement shall require the written consent of all landowners and authorized agents to voluntarily request dismissal and forfeiture of priority of the enrolled water right. Upon enrollment of the water right into the water right transition
assistance pilot project program, the chief engineer of the Kansas department of agriculture division of water resources shall concurrently dismiss and terminate the water right in accordance with the terms of the contract.

(g) (1) The state conservation commission Kansas department of agriculture division of conservation shall make water right transition grants available only in areas that have been designated as target or high priority areas by the groundwater management districts and the chief engineer of the Kansas department of agriculture division of water resources or priority areas outside the groundwater management districts as designated by the chief engineer of the Kansas department of agriculture division of water resources.

(2) Two of the target or high priority areas shall be the prairie dog creek area located in hydrologic unit code 10250015 and the rattlesnake creek subbasin located in hydrologic unit code 11030009.

(h) Contracts accepted under the water right transition assistance program shall result in a net reduction in consumptive use equivalent to the amount of historic consumptive use of the water right or rights enrolled in the program based on the average historic consumptive water use. Except as provided for in subsections (i) and (j), once a water right transition assistance pilot project program grant has been provided, the land authorized to be irrigated by the water right or water rights associated with that grant shall not be irrigated permanently. Water right transition assistance pilot project program contracts shall be subject to such terms, conditions and limitations as may be necessary to ensure that such reduction in consumptive use occurs and can be adequately monitored and enforced.

"Historic consumptive water use" means the average amount of water consumed by crops as a result of the lawful beneficial use of water for irrigation during four of the six preceding calendar years, with the highest and lowest years removed from the analysis. For purposes of this program, historic consumptive water use will be determined by multiplying the average reported water use for the four selected years by a factor of 0.85 for center pivot sprinkler irrigation systems, 0.75 for flood or gravity irrigation systems and 0.95 for subsurface drip irrigation systems, but not to exceed the net irrigation requirements for the 50% chance rainfall for the appropriate county as shown in K.A.R. 5-5-12. The applicant may also submit an engineering study that determines the average historic consumptive water use as an alternative method if it is demonstrated to be more accurate for the water right or water rights involved.

(i) Enrollment in the water right transition assistance pilot project program shall not subsequently prohibit irrigation of the land that, prior to enrollment, was authorized by the water right or water rights if irrigation can be lawfully allowed by another water right or permit pursuant to the rules and regulations and consideration of any future changes to other water rights that may be proposed to be transferred to such land.

(j) If more than one water right overlaps the place of use authorized by the water right proposed to be enrolled in the water right transition assistance pilot project program, then all overlapping water rights shall be enrolled in water right transition assistance pilot project program or the landowners shall take the necessary lawful steps to eliminate the overlap with the water right to be enrolled. The burden shall be on the landowner to provide sufficient information to substantiate that the proposed use of water by the resulting exercise of all water rights involved will result in the net reduction amount of historic consumptive water use by the water right or water rights to
be enrolled. The state conservation commission Kansas department of agriculture division of conservation may require such documentation to be provided by someone with special knowledge or experience related to water rights and such operations.

(k) The state conservation commission Kansas department of agriculture division of conservation shall adopt rules and regulations as necessary for the administration of this section. When adopting such rules and regulations the state conservation commission Kansas department of agriculture division of conservation shall consider cropping, system design, metered water use and all other pertinent information that will permit a verifiable reduction in annual water consumptive use and permit alternative crop or other use of the land so that the landowner's economic opportunities are taken into account.

(l) The state conservation commission Kansas department of agriculture division of conservation shall report annually to the senate standing committee on natural resources and the house standing committee on environment on the economic impact studies being conducted on the reduction of water consumption and the financial impact on the communities within the program areas. Such studies shall include comparative data for areas and communities outside the program areas.

(m) The water right transition assistance pilot project program shall expire five years from the effective date of the fiscal year for which state moneys are appropriated thereof and approval of program rules and regulations.

(n) Water right transition assistance grants for water rights to remain unused for the contract period shall constitute due and sufficient cause for nonuse pursuant to K.S.A. 82a-718, and amendments thereto, pursuant to the determination of the chief engineer for the duration of the water right transition assistance pilot project program contract.

(o) The state conservation commission Kansas department of agriculture division of conservation shall hold at least two meetings in each water right transition assistance pilot project program area prior to entering into any water right transition assistance pilot project program contract for the permanent retirement of part or all of landowner historic consumptive use water rights. Such meetings shall inform the public of the possible economic and hydrologic impacts of the program. The state conservation commission Kansas department of agriculture division of conservation shall provide notice of such meetings through publication in local newspapers of record and in the Kansas register.

Sec. 129. K.S.A. 2011 Supp. 2-1931 is hereby amended to read as follows: 2-1931.

(a) Any person who commits any of the following may incur a civil penalty as provided by this section:

(1) Any violation of the Kansas water right transition assistance pilot project program act or any rule and regulation adopted thereunder; and

(2) any violation of term, condition or limitation defined and or imposed within the contractual agreement between the state conservation commission Kansas department of agriculture division of conservation and the water right owner.

(b) Any participant who violates any section of a water right transition assistance pilot project program contract shall be subject to either one or both of the following:

(1) A civil penalty of not less than $100 nor more than $1,000 per violation. Each day shall constitute a separate violation for purposes of this section; and

(2) repayment of the grant amount in its entirety plus a penalty at six percent of the full grant amount.
Any penalties or reimbursements received under this act shall be reappropriated for use in the water right transition assistance pilot project program.

Notice of the annual meeting shall be given at least 10 days prior to the date thereof by one publication in a newspaper of general circulation in each of the counties of which said watershed district is a part. Elections shall be by ballot. Qualified voters in attendance shall be entitled to vote at any such meeting. The directors shall fill any vacancy occurring on the board prior to the expiration of the term of any director by electing a substitute director to serve for the unexpired term.

The number of directors of a district or the date of the annual meeting, or both, may be changed at an annual meeting if notice of the proposition of making such change or changes is given at the annual meeting immediately preceding the annual meeting at which such change or changes are considered. If the number of directors is proposed to be changed, the proposition shall be introduced in the same manner as other items of business and shall clearly show the changes in representation of subwatersheds, if any, and in the length of terms of the directors. It shall be the duty of the board of directors to include the proposition in the notice of the annual meeting at which such changes are being considered. If a majority of those voting are favorable, the election of directors shall be in conformance with the adopted proposal and all powers shall be exercised by the newly constituted board beginning immediately after the annual meeting. Copies of the minutes of the annual meeting and report on the financial condition and activities of the district shall be furnished to the state conservation commission Kansas department of agriculture division of conservation.

Sec. 131. K.S.A. 24-1212 is hereby amended to read as follows: 24-1212. Regular meetings of the board of directors shall be held no less than once each quarter on such day and place as is selected by the board of directors. Notice of such meeting shall be mailed to each director at least five days prior to the date thereof, and special meetings may be held at any time upon waiver of notice of such meeting by all directors or may be called by the president or any two directors at any time. Notice in writing, signed by the persons calling any special meeting, shall be mailed to each director at least two days prior to the time fixed for such special meeting. A majority of the directors shall constitute a quorum for the transaction of business and in the absence of any of the duly elected officers of the district a quorum at any meeting may select a director to act as such officer pro tem. Each meeting of the board, whether regular or special, shall be open to the public. Copies of the minutes of regular and special meetings shall be furnished to the state conservation commission Kansas department of agriculture division of conservation.

(c) This section shall be part of and supplemental to the multipurpose small lakes program act.

Sec. 141. K.S.A. 82a-1702 is hereby amended to read as follows: 82a-1702. (b) Any public corporation shall be eligible for state financial assistance for a part of the costs it becomes actually and legally obligated to pay for all lands, easements, and rights-of-way for the water development projects in the event the state conservation commission shall find that; (1) Such public corporation has made application for approval of such financial assistance with the \textit{state conservation commission Kansas department of agriculture division of conservation} in such form and manner as the \textit{state conservation commission Kansas department of agriculture division of conservation} may require, which application each public corporation is hereby authorized to make;
(2) such works will confer general flood control benefits beyond the boundaries of such public corporation in excess of 20% of the total flood control benefits of the works; (3) such works are consistent with the state water plan; (4) such public corporation will need such financial assistance for actual expenditures within the fiscal year next following; and (5) the legislature has appropriated funds for the payment of such sum. The payment authorized hereunder shall be limited to an amount equal to the total costs the public corporation shall become actually and legally obligated to spend for lands, easements, and rights-of-way for such water resource development works, multiplied by the ratio that the flood control benefits conferred beyond the boundaries of the public corporation bear to the total flood control benefits of the project. Such findings shall each be made at and in such manner as is provided by procedural rules and regulations which shall be adopted by the Kansas department of agriculture division of conservation with the approval of the state conservation commission.

(c) Any public corporation receiving financial assistance under this section shall apply those sums toward the satisfaction of the legal obligations for the specific lands, easements, and rights-of-way for which it receives them or toward the reimbursement of those accounts from which those legal obligations were satisfied, in whole or in part, and it shall return to the state any sums that are not in fact so applied. In ascertaining costs of lands, easements, and rights-of-way under this section, the state conservation commission Kansas department of agriculture division of conservation shall not consider any costs which relate to land treatment measures nor any costs for which federal aid for construction costs is granted pursuant to the watershed protection and flood prevention acts or pursuant to any other federal acts.

The governing body of each public corporation eligible for state financial assistance under the provisions of this act shall make application for state payment each year to the state conservation commission Kansas department of agriculture division of conservation in such form and manner as the state conservation commission Kansas department of agriculture division of conservation may prescribe by its rules and regulations. Each year the state conservation commission Kansas department of agriculture division of conservation shall determine what persons are eligible to receive financial assistance from the state, and the amounts thereof, pursuant to this act. In the event the state conservation commission Kansas department of agriculture division of conservation shall determine that any such application, including the amounts thereof, is proper and in compliance with this act and is supported by a resolution as provided in K.S.A. 82a-1704, and amendments thereto, the state conservation commission Kansas department of agriculture division of conservation may submit a request therefor as a part of its annual budget requests and estimates. Each such request shall be separately stated and identified. The budget item for each project shall contain the name of the project, the name of the public corporation to which the item relates, the county or counties in which such public corporation is located, the identification of the agreement or resolution supporting the request, and the amount of state payment requested therefor.

Sec. 143. K.S.A. 82a-1704 is hereby amended to read as follows: 82a-1704. In order that any public corporation eligible for state payments under the provisions of this act may receive payment from the state, the governing body of the public corporation shall adopt and transmit to the state conservation commission Kansas department of agriculture division of conservation an appropriate resolution requesting the state-
conservation commission, Kansas department of agriculture division of conservation, to approve payment to the requesting body of a sum or sums to be named within the limits of and for the purposes defined in this act. The resolution shall show the total cost allocated to the requesting body for providing the lands, easements, and rights-of-way for the works of improvement of the requesting body and shall pledge that all money received from the state under authority of this act will be applied solely to the purposes specified in this act.

Sec. 144. K.S.A. 2011 Supp. 82a-2007 is hereby amended to read as follows: 82a-2007. Subject to appropriations, there shall be an additional employee at the state conservation commission, Kansas department of agriculture division of conservation, to work on total maximum daily load compliance and to coordinate with the department and other appropriate federal and state agencies to further implement voluntary incentive based conservation programs to protect water quality.

Sec. 145. K.S.A. 2011 Supp. 82a-2101 is hereby amended to read as follows: 82a-2101. (a) On and after January 1, 2002, there is hereby imposed a clean drinking water fee at the rate of $.03 per 1,000 gallons of water sold at retail by a public water supply system and delivered through mains, lines or pipes. Such fee shall be paid, administered, enforced and collected in the manner provided for the fee imposed by subsection (a)(1) of K.S.A. 82a-954, and amendments thereto. The price to the consumer of water sold at retail by any such system shall not include the amount of such fee.

(b) (1) A public water supply system may elect to opt out of the fee imposed by this section by notifying, before October 1, 2001, the Kansas water office and the department of revenue of the election to opt out. Except as provided by subsection (b) (2), such election shall be irrevocable. Such public water supply system shall continue to pay all applicable sales tax on direct and indirect purchases of tangible personal property and services purchased by such system.

(2) On and after January 1, 2005, any public water supply system which elected to opt out of the fee imposed by subsection (a) may elect to collect such fee as provided by subsection (a) and direct and indirect purchases of tangible personal property and services by such system shall be exempt from sales tax as provided by K.S.A. 79-3606, and amendments thereto. Such election shall be irrevocable.

(c) The director of taxation shall remit to the state treasurer in accordance with the provisions of K.S.A. 75-4215, and amendments thereto, all moneys received or collected from the fee imposed pursuant to this section. Upon receipt thereof, the state treasurer shall deposit the entire amount in the state treasury and credit it as follows:

(1) \(\frac{5}{106}\) of such amount shall be credited to the state highway fund and the remainder to the state general fund; and

(2) on and after July 1, 2007, \(\frac{5}{106}\) of such amount shall be credited to the state highway fund and the remaining amount shall be credited to the state water plan fund created by K.S.A. 82a-951, and amendments thereto, for use as follows: (A) Not less than 15\% shall be used to provide on-site technical assistance for public water supply systems, as defined in K.S.A. 65-162a, and amendments thereto, to aid such systems in conforming to responsible management practices and complying with regulations of the United States environmental protection agency and rules and regulations of the department of health and environment; and (B) the remainder shall be used to renovate and protect lakes which are used directly as a source of water for such public water
supply systems, so long as where appropriate, watershed restoration and protection practices are planned or in place.

(d) The state conservation commission Kansas department of agriculture division of conservation shall promulgate rules and regulations in coordination with the Kansas water office establishing the project application evaluation criteria for the use of such moneys under subsection (c)(2)(B)."

CONFERENCE COMMITTEE REPORT

MR. PRESIDENT and MR. SPEAKER: Your committee on conference on Senate amendments to HB 2655 submits the following report:

The House accedes to all Senate amendments to the bill, and your committee on conference further agrees to amend the bill as printed as Amended by Senate Committee, as follows:

On page 1, by striking all in lines 6 through 34;

By striking all on page 2;

On page 3, by striking all in lines 1 and 2 and by inserting:

"Section 1. K.S.A. 2011 Supp. 58a-411 is hereby amended to read as follows: 58a-411. (a) A noncharitable irrevocable trust may be modified or terminated upon consent of the settlor and all qualified beneficiaries, even if the modification or termination is inconsistent with a material purpose of the trust. A settlor's power to consent to a trust's modification or termination may be exercised by an attorney in fact under a power of attorney only to the extent expressly authorized by the power of attorney or the terms of the trust; by the settlor's conservator with the approval of the court supervising the conservatorship if an agent is not so authorized; or by the settlor's guardian with the approval of the court supervising the guardianship if an agent is not so authorized and a conservator has not been appointed. This subsection does not apply to irrevocable trusts created before, or to revocable trusts that became irrevocable before, January 1, 2003.

(b) A noncharitable irrevocable trust may be terminated upon consent of all of the qualified beneficiaries if the court concludes that continuance of the trust is not necessary to achieve any material purpose of the trust. A noncharitable irrevocable trust may be modified upon consent of all of the qualified beneficiaries if the court concludes that modification is not inconsistent with a material purpose of the trust.

(c) A spendthrift provision in the terms of the trust is not presumed to constitute a material purpose of the trust.

(d) Upon termination of a trust under subsection (a) or (b), the trustee shall distribute the trust property as agreed by the qualified beneficiaries."
(e) If not all of the qualified beneficiaries consent to a proposed modification or termination of the trust under subsection (a) or (b), the modification or termination may be approved by the court if the court is satisfied that:
   (1) If all of the qualified beneficiaries had consented, the trust could have been modified or terminated under this section; and
   (2) the interests of a qualified beneficiary who does not consent will be adequately protected.

Sec. 2. K.S.A. 58a-1013 is hereby amended to read as follows: 58a-1013. (a) Instead of furnishing a copy of the trust instrument to a person other than a qualified beneficiary, the trustee may furnish to the person an acknowledged certification of trust containing the following information:
   (1) That the trust exists and the date the trust instrument was executed;
   (2) the identity of the settlor;
   (3) the identity and address of the currently acting trustee;
   (4) the powers of the trustee;
   (5) the revocability or irrevocability of the trust and the identity of any person holding a power to revoke the trust;
   (6) the authority of cotrustees to sign or otherwise authenticate and whether all or less than all are required in order to exercise powers of the trustee; and
   (7) the manner of taking title to trust property.
   (b) A certification of trust may be signed or otherwise authenticated by any trustee.
   (c) A certification of trust must state that the trust has not been revoked, modified, or amended in any manner that would cause the representations contained in the certification of trust to be incorrect.
   (d) A certification of trust need not contain the dispositive terms of a trust.
   (e) A recipient of a certification of trust may require the trustee to furnish copies of those excerpts from the original trust instrument and later amendments which designate the trustee and confer upon the trustee the power to act in the pending transaction.
   (f) A person who acts in reliance upon a certification of trust without knowledge that the representations contained therein are incorrect is not liable to any person for so acting and may assume without inquiry the existence of the facts contained in the certification. Knowledge of the terms of the trust may not be inferred solely from the fact that a copy of all or part of the trust instrument is held by the person relying upon the certification.
   (g) A person who in good faith enters into a transaction in reliance upon a certification of trust may enforce the transaction against the trust property as if the representations contained in the certification were correct.
   (h) A person making a demand for the trust instrument in addition to a certification of trust or excerpts is liable for damages if the court determines that the person did not act in good faith in demanding the trust instrument.

Nays: Lynn, Pilcher-Cook, A. Schmidt.

EXPLANATION OF VOTE

MR. PRESIDENT: I vote no on S Sub for HB 2730 because it goes too far in restricting lodging establishments from providing breakfasts, receptions, and other offering of food items to its occupants. As stated in hearings regarding food inspections, it will now require all lodging establishments to acquire a food establishment license to serve any food that is not offered in a packaged format. This is a restriction which is unnecessary and will diminish such offerings from lodging establishments.

Furthermore, S Sub for HB 2730 does not go far enough in supporting our small neighborhood meat processing facilities that are vital businesses to rural communities. – ALLEN C. SCHMIDT

(a) In every store, shop or other place defined in this act as a "pharmacy" there shall be a pharmacist-in-charge and, except as otherwise provided by law, the compounding and dispensing of prescriptions shall be limited to pharmacists only. Except as otherwise provided by the pharmacy act of this state, when a pharmacist is not in attendance at a pharmacy, the premises shall be enclosed and secured. Prescription orders may be written, oral, telephonic or by electronic transmission unless prohibited by law. Blank forms for written prescription orders may have two signature lines. If there are two lines, one signature line shall state: "Dispense as written" and the other signature line shall state: "Brand exchange permissible." Prescriptions shall only be filled or refilled in accordance with the following requirements:

(a) All prescriptions shall be filled in strict conformity with any directions of the prescriber, except that a pharmacist who receives a prescription order for a brand name drug product may exercise brand exchange with a view toward achieving a lesser cost to the purchaser unless:

(1) The prescriber, in the case of a prescription signed by the prescriber and written on a blank form containing two signature lines, signs the signature line following the statement "Dispense as written," or

(2) the prescriber, in the case of a prescription signed by the prescriber, writes in the prescriber's own handwriting "Dispense as written" on the prescription, or

(3) the prescriber, in the case of a prescription other than one in writing signed by the prescriber, expressly indicates the prescription is to be dispensed as communicated, or

(4) the federal food and drug administration has determined that a drug product of the same generic name is not bioequivalent to the prescribed brand name prescription medication.

(b) Prescription orders shall be recorded in writing by the pharmacist and the record so made by the pharmacist shall constitute the original prescription to be dispensed by the pharmacist. This record, if telephoned by other than the physician shall bear the name of the person so telephoning. Nothing in this paragraph shall be construed as altering or affecting in any way laws of this state or any federal act requiring a written prescription order.

(c) (1) Except as provided in paragraph (2), no prescription shall be refilled unless authorized by the prescriber either in the original prescription or by oral order which is reduced promptly to writing and filled by the pharmacist.

(2) A pharmacist may refill a prescription order issued on or after the effective date of this act for any prescription drug except a drug listed on schedule II of the uniform controlled substances act or a narcotic drug listed on any schedule of the uniform controlled substances act without the prescriber's authorization when all reasonable efforts to contact the prescriber have failed and when, in the pharmacist's professional judgment, continuation of the medication is necessary for the patient's health, safety and welfare. Such prescription refill shall only be in an amount judged by the pharmacist to be sufficient to maintain the patient until the prescriber can be contacted, but in no event shall a refill under this paragraph be more than a seven day supply or one package of the drug. However, if the prescriber states on a prescription that there shall be no emergency refilling of that prescription, then the pharmacist shall not dispense any emergency medication pursuant to that prescription. A pharmacist who refills a prescription order under this subsection (c)(2) shall contact the prescriber of the
prescription order on the next business day subsequent to the refill or as soon thereafter as possible. No pharmacist shall be required to refill any prescription order under this subsection (c)(2). A prescriber shall not be subject to liability for any damages resulting from the refilling of a prescription order by a pharmacist under this subsection (c)(2) unless such damages are occasioned by the gross negligence or willful or wanton acts or omissions by the prescriber.

(d) If any prescription order contains a provision that the prescription may be refilled a specific number of times within or during any particular period, such prescription shall not be refilled except in strict conformity with such requirements.

(e) If a prescription order contains a statement that during any particular time the prescription may be refilled at will, there shall be no limitation as to the number of times that such prescription may be refilled except that it may not be refilled after the expiration of the time specified or one year after the prescription was originally issued, whichever occurs first.

(f) Any pharmacist who exercises brand exchange and dispenses a less expensive drug product shall not charge the purchaser more than the regular and customary retail price for the dispensed drug.

Nothing contained in this section shall be construed as preventing a pharmacist from refusing to fill or refill any prescription if in the pharmacist’s professional judgment and discretion such pharmacist is of the opinion that it should not be filled or refilled.

(b) Except as otherwise provided by the pharmacy act of this state, when a pharmacist is not in attendance at a pharmacy, the premises shall be enclosed and secured.

New Sec. 3. (a) The pharmacist shall exercise professional judgment regarding the accuracy, validity and authenticity of any prescription order consistent with federal and state laws and rules and regulations. A pharmacist shall not dispense a prescription drug if the pharmacist, in the exercise of professional judgment, determines that the prescription is not a valid prescription order.

(b) The prescriber may authorize an agent to transmit to the pharmacy a prescription order orally, by facsimile transmission or by electronic transmission provided that the first and last names of the transmitting agent are included in the order.

(c) (1) A new written or electronically prepared and transmitted prescription order shall be manually or electronically signed by the prescriber. If transmitted by the prescriber’s agent, the first and last names of the transmitting agent shall be included in the order.

(2) If the prescription is for a controlled substance and is written or printed from an electronic prescription application, the prescription shall be manually signed by the prescriber prior to delivery of the prescription to the patient or prior to facsimile transmission of the prescription to the pharmacy.

(3) An electronically prepared prescription shall not be electronically transmitted to the pharmacy if the prescription has been printed prior to electronic transmission. An electronically prepared and transmitted prescription which is printed following electronic transmission shall be clearly labeled as a copy, not valid for dispensing.

(4) In consultation with industry, the state board of pharmacy shall conduct a study on the issues of electronic transmission of prior authorizations and step therapy protocols. The report on the results of such study shall be completed and submitted to the legislature no later than January 15, 2013.
(5) The board is hereby authorized to conduct pilot projects related to any new technology implementation when deemed necessary and practicable, except that no state moneys shall be expended for such purpose.

(d) An authorization to refill a prescription order or to renew or continue an existing drug therapy may be transmitted to a pharmacist through oral communication, in writing, by facsimile transmission or by electronic transmission initiated by or directed by the prescriber.

(1) If the transmission is completed by the prescriber's agent, and the first and last names of the transmitting agent are included in the order, the prescriber's signature is not required on the fax or alternate electronic transmission.

(2) If the refill order or renewal order differs in any manner from the original order, such as a change of the drug strength, dosage form or directions for use, the prescriber shall sign the order as provided by paragraph (1).

(e) Regardless of the means of transmission to a pharmacy, only a pharmacist or a pharmacist intern shall be authorized to receive a new prescription order from a prescriber or transmitting agent. A pharmacist, a pharmacist intern or a registered pharmacy technician may receive a refill or renewal order from a prescriber or transmitting agent if such registered pharmacy technician's supervising pharmacist has authorized that function.

(f) A refill is one or more dispensings of a prescription drug or device that results in the patient's receipt of the quantity authorized by the prescriber for a single fill as indicated on the prescription order.

(1) A prescription for a prescription drug or device that is not a controlled substance may authorize no more than 12 refills within 18 months following the date on which the prescription is issued.

(2) A prescription for a schedule III, IV or V controlled substance may authorize no more than five refills within six months following the date on which the prescription is issued.

(g) Prescriptions shall only be filled or refilled in accordance with the following requirements:

(1) All prescriptions shall be filled in strict conformity with any directions of the prescriber, except that a pharmacist who receives a prescription order for a brand name drug product may exercise brand exchange with a view toward achieving a lesser cost to the purchaser unless:

(A) The prescriber, in the case of a prescription manually or electronically signed by the prescriber and prepared on a form containing two signature lines, signs the signature line following the statement "dispense as written";

(B) the prescriber, in the case of a written prescription signed by the prescriber, writes in the prescriber's own handwriting "dispense as written" on the prescription;

(C) the prescriber, in the case of a prescription other than one in writing signed by the prescriber, expressly indicates the prescription is to be dispensed as communicated; or

(D) the federal food and drug administration has determined that a drug product of the same generic name is not bioequivalent to the prescribed brand name prescription medication.

(h) If a prescription order contains a statement that during any particular time the prescription may be refilled at will, there shall be no limitation as to the number of
times that such prescription may be refilled except that it may not be refilled after the expiration of the time specified or one year after the prescription was originally issued, whichever occurs first.

(i) Prescription orders shall be recorded in writing by the pharmacist and the record so made by the pharmacist shall constitute the original prescription to be dispensed by the pharmacist. This record, if telephoned by other than the prescriber, shall bear the name of the person so telephoning. Nothing in this section shall be construed as altering or affecting in any way laws of this state or any federal act requiring a written prescription order.

(j) (1) Except as provided in paragraph (2), no prescription shall be refilled unless authorized by the prescriber either in the original prescription or by oral order which is reduced promptly to writing and filled by the pharmacist.

(2) A pharmacist may refill a prescription order issued on or after the effective date of this act for any prescription drug except a drug listed on schedule II of the uniform controlled substances act or a narcotic drug listed on any schedule of the uniform controlled substances act without the prescriber's authorization when all reasonable efforts to contact the prescriber have failed and when, in the pharmacist's professional judgment, continuation of the medication is necessary for the patient's health, safety and welfare. Such prescription refill shall only be in an amount judged by the pharmacist to be sufficient to maintain the patient until the prescriber can be contacted, but in no event shall a refill under this paragraph be more than a seven day supply or one package of the drug. However, if the prescriber states on a prescription that there shall be no emergency refilling of that prescription, then the pharmacist shall not dispense any emergency medication pursuant to that prescription. A pharmacist who refills a prescription order under this subsection (j)(2) shall contact the prescriber of the prescription order on the next business day subsequent to the refill or as soon thereafter as possible. No pharmacist shall be required to refill any prescription order under this subsection (j)(2). A prescriber shall not be subject to liability for any damages resulting from the refilling of a prescription order by a pharmacist under this subsection (j)(2) unless such damages are occasioned by the gross negligence or willful or wanton acts or omissions by the prescriber.

(k) If any prescription order contains a provision that the prescription may be refilled a specific number of times within or during any particular period, such prescription shall not be refilled except in strict conformity with such requirements.

(l) Any pharmacist who exercises brand exchange and dispenses a less expensive drug product shall not charge the purchaser more than the regular and customary retail price for the dispensed drug.

(m) Nothing contained in this section shall be construed as preventing a pharmacist from refusing to fill or refill any prescription if in the pharmacist's professional judgment and discretion such pharmacist is of the opinion that it should not be filled or refilled.

Sec. 4. K.S.A. 2011 Supp. 65-1683 is hereby amended to read as follows: 65-1683.

(c) The board shall promulgate rules and regulations specifying the transmission methods and frequency of the dispenser submissions required under subsection (b).

(d) The board may issue a waiver to a dispenser that is unable to submit prescription information by electronic means. Such waiver may permit the dispenser to submit prescription information by paper form or other means, provided that all information required by rules and regulations is submitted in this alternative format.

(e) The board is hereby authorized to apply for and to accept grants and may accept any donation, gift or bequest made to the board for furthering any phase of the prescription monitoring program.

(f) The board shall remit all moneys received by it under subsection (e) to the state treasurer in accordance with the provisions of K.S.A. 75-4215, and amendments thereto. Upon receipt of such remittance, the state treasurer shall deposit the entire amount in the state treasury to the credit of the non-federal gifts and grants fund. All expenditures from such fund shall be made in accordance with appropriation acts upon warrants of the director of accounts and reports issued pursuant to vouchers approved by the president of the board or a person designated by the president.

If a review of information appears to indicate that a violation of state or federal law relating to prescribing controlled substances and drugs of concern may have occurred, or that a prescriber or dispenser has knowingly prescribed, dispensed or obtained controlled substances and drugs of concern in a manner that is inconsistent with recognized standards of care for the profession, the advisory committee shall determine whether a report to the professional licensing, certification or regulatory agencies charged with administrative oversight of those persons engaged in prescribing or dispensing of controlled substances and drugs of concern or to the appropriate law enforcement agency is warranted.
(A) For purposes of such determination the advisory committee may, in consultation with the appropriate regulatory agencies and professional organizations, establish criteria regarding appropriate standards and utilize volunteer peer review committees of professionals with expertise in the particular practice to create such standards and review individual cases.

(B) The peer review committee or committees appointed herein shall have authority to request and receive information in the prescription monitoring program database from the director of the prescription monitoring program.

(C) If the determination is made that a referral to a regulatory or law enforcement agency is not warranted but educational or professional advising might be appropriate, the advisory committee may refer the prescribers or dispensers to other such resources.

(e) The board is hereby authorized to provide data in the prescription monitoring program to public or private entities for statistical, research or educational purposes after removing information that could be used to identify individual practitioners, dispensers, patients or persons who received prescriptions from dispensers.

Invocation by Chaplain Fred S. Hollomon:

Heavenly Father,

During the last days of any session, we always seem to find ourselves in a no-win situation.
If we don't get a certain major bill passed before we adjourn, they say we never get anything done
If we do get it passed, they say we rushed it through just so we can say we did something.
If we vote against a bill most of our party voted for, we are not loyal to our party.
If we vote along with the majority of our party, we don't have a mind of our own.
If we always vote what the majority of our constituents want, we don't qualify as statesman (or stateswoman.)
If we vote against what the majority wants, we are not representing our people.
If we show anger over an issue, it's a sign of our immaturity. If we never get angry, we have no backbone.
If we go home regularly and shake a lot of hands, we are just politicking.
If we don't go home and shake a lot of hands, we are losing touch with the grass roots.

We know it won't change, Lord. Just give us grace to accept it.

I pray in the Name of Jesus Christ, AMEN

The Pledge of Allegiance was led by President Stephen Morris.

INTRODUCTION OF ORIGINAL MOTIONS AND SENATE RESOLUTIONS

Senators Morris, Vratil, Emler, Hensley, V. Schmidt, Schodorf, Kelly, Holland and Francisco introduced the following Senate resolution, which was read:
SENATE RESOLUTION No. 1862—

A RESOLUTION offering official congratulations, gratitude and recognition to Pat Saville, Secretary of the Kansas Senate, on her impending retirement from service to the members of the Kansas Senate and the people of Kansas.

WHEREAS, Pat Saville was appointed Secretary of the Senate in December 1990 and upon her retirement in 2012, is the longest serving Secretary of the Senate in the history of the state. Pat has served in this critical and indispensable role for nearly 22 years under Senate Presidents Bud Burke, Dick Bond, Dave Kerr and Stephen R. Morris; and

WHEREAS, Pat began her lengthy state employment in 1964, spending seven years with the Veterans Commission before taking a position as a secretary to House members from 1975 through 1978. She then served as Secretary and Administrative Assistant to House Majority Leader Bob Frey from 1979 to 1982; Secretary to House Majority Leader Joe Knopp from 1987 to 1988; and Administrative Assistant/Executive Secretary to Senate President Bud Burke from 1989 to 1990; and

WHEREAS, Pat is a native Kansan, born September 10, 1943 at Marysville, Kansas, where she grew up with her two sisters and five brothers. She married Gary Saville in 1964, and kept the homefires burning bright while Gary served his country in Vietnam. They raised two daughters who, like their mother, are bright, successful, strong women: Kelley, married to husband Rick Smith, of Manhattan, Kansas; and Nicole, married to husband Joel Oliver, of Topeka. Pat and Gary have happily embraced their role as grandparents to granddaughters Carly and Kendall Smith, and Morgan and Ainslee Oliver, and to grandson Jonah Oliver. They eagerly look forward to the arrival of another grandchild this summer; and

WHEREAS, Pat attended Emporia State University and Washburn University and is a proud graduate of the Legislative Staff Management Institute at the University of Minnesota in 1998; and

WHEREAS, Throughout her career, Pat dedicated herself to her position, becoming actively engaged in national legislative staff organizations. She took on many responsibilities and leadership roles, including being a member of the NCSL Executive Committee for three years and ultimately, serving as President of the American Society of Legislative Clerks and Secretaries from 2000 to 2001. In 2007, Pat was honored for her leadership, receiving the prestigious NCSL and ASLCS Legislative Staff Achievement Award; and

WHEREAS, Pat established a lofty standard of excellence in the Senate Secretary’s office, providing accurate, reliable and timely information to her senators and to members of the public. She has assembled a dedicated staff tirelessly devoted to that high standard. Pat’s work ethic, grounded in her strong rural Kansas roots, serves as a shining example to all who work with her and all who come into contact with her; and

WHEREAS, Pat has seen the Kansas Senate through the sometimes turbulent transition to ever more sophisticated technology throughout her years of service. In those efforts, Pat’s one driving force was to do what was right for the Senate, to keep true to the mission of this vaunted institution. Her mission has always been first and foremost about serving well – not only the elected men and women who occupy the Kansas Senate chamber today, but to honor those who served in the past and to establish a firm foundation for those to come: Now, therefore,
Be it resolved by the Senate of the State of Kansas: That we take this opportunity, in the presence of the members of the Kansas Senate, of Pat’s family, friends, colleagues and coworkers, to say thank you to Pat Saville, Secretary of the Senate. Thank you for your extraordinary service, your sense of fairness, your unfailing attention to detail, and your unflinching adherence to what is right. We are grateful for all you have done for us, for the Senate and for the State of Kansas. You have been a stalwart of this chamber and an outstanding representative of the state in your service at the national level. You are a tremendous asset to the Kansas Senate. You are a great person, a great Kansan and a great friend. All of us gathered here today thank you and wish you and your family the very best in all the years to come; and

Be it further resolved: That the Deputy Secretary of the Senate shall send five enrolled copies of this resolution to Senator Morris.

Invocation by Chaplain Fred S. Hollomon:

Heavenly Father,

There are some statutes on the books
Which have a sunset clause.
We feel that since the daylight dies,
So should certain laws.

Speaking of which, O God, we'd like
To express with some regret,
Besides some laws there are other things
On which the sun should set.

Let the sun set on distrust,
And on licentiousness,
Racism and dishonesty
Should be dying in the west.

Let the sun set on deception,
On poverty and despair.
Wherever there is terrorism
Let the sun be setting there.

But at this point in time, O God,
If our preference we could get,
We might prefer it is this session
On which the sun should set!

I pray in the Name of Jesus Christ, AMEN

The Pledge of Allegiance was led by President Stephen Morris.

(a) Each person engaged in the business of selling cigarettes or electronic cigarettes in the state of Kansas and each vending machine distributor shall obtain a license as provided by this act. A separate application, license and fee is required for each dealer establishment owned or operated by a dealer. A vending machine operator is required to obtain a vending machine operator's master license and, in addition, a separate permit
for each vending machine operated by the operator. A vending machine operator may submit one application for the vending machine operator's master license and all permits for vending machines operated by the operator. The license shall be displayed in the dealer establishment and the vending machine permit shall remain securely and visibly attached to the vending machine and contain such information as the director may require. Any vending machine found without such permit attached to the machine shall be sealed by an agent of the director and such seal shall be removed only by an agent of the director after payment of the permit fee and the penalties provided by this act.

(b) The application for a vending machine operator's master license and vending machine permits shall list the brand name and serial number of each machine and such other information as required by the director. Except in accordance with proper judicial order or as otherwise provided by law, it shall be unlawful for any officer or employee of the division to divulge or make known in any way the location of any vending machine to any person not an officer or employee of the division, except that such information may be divulged to any law enforcement officer for use in the officer's official duties. Any officer or employee revealing any such location in violation of this provision, in addition to the penalties otherwise provided in this act, shall be dismissed from office.

(c) A vending machine operator, in the course of business as a vending machine operator, may dispose of or sell vending machines without securing a license to sell vending machines. The vending machine operator may move vending machines from one location to another and, if a vending machine becomes inoperative or is disposed of, the permit for such machine may be transferred to another machine. A vending machine operator, within 10 days, shall notify the director of the brand name and serial number of vending machines that become inoperative or that the operator disposes of, sells, acquires or brings into service in this state as additional machines.

(d) The key to the lower or storage compartment of a vending machine shall remain only in the possession of the vending machine operator or the operator's authorized agent. All services connected with the operation of a vending machine shall be performed by the vending machine operator or the operator's authorized agent. All vending machines shall be subject to inspection by the director or the director's authorized agents. No permit shall be issued for a vending machine unless it is constructed so that at least one package of each vertical column of cigarettes located therein is visible showing tax indicia.

(e) All vending machines operated on military installations shall have a permit affixed to the machines and the cigarettes shall show tax indicia of the Kansas tax.

(f) On or before the 10th day of each month, each vending machine distributor shall report to the director, on forms provided by the director, all sales of cigarette vending machines by the distributor to persons in the state of Kansas during the preceding month; the name and address of the purchaser; and the brand name, serial number and sale price of the machines.

(g) Concurrently with a change in ownership of a dealer establishment the license applicable to the establishment is void and shall be surrendered to the director and shall not be transferred. On removal of a dealer establishment from one location to another, the owner of the establishment shall notify the director and surrender the owner's license. The director shall issue a new license for the unexpired term of the surrendered
license on payment of a fee of $2. If a dealer's license is lost, stolen or destroyed, the
director may issue a new license on proof of loss, theft or destruction, at a cost of $2.
The director shall remit all moneys received under this subsection to the state treasurer

The Vice President introduced Chaplain Tony D. Venturella, Director of Communications in the Senate President's office, who delivered the invocation:

Heavenly Father,

We ask God's blessing – an extra-ordinary measure of grace and guidance – for each of these forty senators, their staff and assistants, and upon our senate servant-leaders.

Knowing that in the work that remains – the avenue of blessing, is not found in position, power or prestige, as much as it is, in the presence, of compassion, kindness, gentleness, humility and self-control.

We realize, in this place where laws are crafted and debated – that no greater law has ever been established, no statute has ever surpassed – the Royal law – the Golden Rule, the Great Command: To treat others, as we ourselves, would want to be treated.

In our endeavors, then, let us also seek to sow, faith, hope and love – and the greatest of these is love.

And as these legislators, continue the work, here, today and throughout this session, they serve as “watchmen and women,” as it were...guarding our city: our beloved state of beautiful sunflowers, valuable wheat... and precious souls. May they exercise strength with wisdom...for as was written long ago: “Except the Lord keep the city, the watchmen waketh but in vain.”

And Lord, in knowing our beloved Chaplain Fred we are blessed:

His prayers have kept us circumspect
In this place, for 31 years
He gave us courage, and calmed our fears.
Time has elapsed – in the blink of the eye
Today we say, Farewell – not good bye. 
Knowing his words – they will abide
Both here and there – when we gavel in – on the other side!
This is our hope, our trust, our confidence, Amen

The Pledge of Allegiance was led by Vice President John Vratil.

Invocation by Chaplain Fred S. Hollomon:  

Heavenly Father,  

Sometimes I get to thinking of the ways I wish You would bless me.  
I would let me get elected without having to campaign.  
All my bills would pass unanimously, and the bills I didn't like would fail miserably.  
My business and my home would run smoothly – without a hitch – throughout the session, and all my phone calls would be complimentary.  
Every time I stood on the floor to speak, the chamber would grow quiet and everyone would listen in hushed silence.  
All those who rise to oppose me would have to admit I was right before they sat down.  Even the reporters would nod and say “Amen”.  
But I hasten to add, O God, that since I have asked You for so many things You never gave me...I think I am better off when You don't listen to my advice.  
I pray in the Name of Jesus Christ.,   AMEN

The Pledge of Allegiance was led by President Stephen Morris.

MR. PRESIDENT: This map offers a non-partisan solution to the redistricting crisis plaguing Kansas, one that fairly treats Democrats and Republicans of all types. It also best meets the requirements of the statutes case law, and the United States Constitution. This map bears in mind the admonition of courts that acceptable redistricting maps must (as much as possible): minimize population deviations; avoid dilution of minority voting power; preserve county and municipal boundaries; create compact and contiguous districts; preserve existing districts; and unite communities sharing common interests.

In this map, all population deviations but one are below 2.5% (a level far better than any other map offered to the Senate). It preserves all three majority-minority districts. It divides only nine counties and one city of the first-class whose population is less than a full Senate district. This map's districts are far more compact and contiguous than existing law or that of any other map proposed in the Senate. It preserves all forty existing districts, keeping them as close to current boundaries as the 2010 Census will allow. Finally, it keeps communities of interest intact throughout the state, but especially in our urban/suburban centers and through western, central, and southeast Kansas. I vote yes. – JEFF KING

Senator Abrams requests the record to show he concurs with the “Explanation of Vote” offered by Senator King on S Sub for HB 2371.

EXPLANATION OF VOTE

MR. PRESIDENT: I vote no on Senate Substitute for HB 2371. As the prime directive for us in reapportionment is to reset, to the best of our ability, the right of each of our constituents to “one person one vote”, this attempt is an embarrassment to our chamber. In this bill 34 of the proposed districts deviate from ideal by over 2.5%, 22 of them by more than 4%! This would result in a deviation in representation that is so bad, that the 10 most populated senators would represent a full senate district more than the 10 least populated! Meanwhile we passed on a map (all be it by only a 2 vote margin) that not only maintained political subdivisions but accomplished a deviation of less than 2.5% in 39 of 40 districts. I know we can not get to a perfect zero deviation, but shame on us for presenting such an extreme inequity and shame on any court of review that would allow such as inequity to become law. – Ty Masterson

Senator Abrams requests the record to show he concurs with the “Explanation of Vote” offered by Senator Masterson on S Sub for HB 2371.

EXPLANATION OF VOTE

MR. PRESIDENT: I cannot vote for a flawed map that collapses, once again, a Western Kansas rural district. Those of us in rural Kansas recognize the challenges we face to keep our schools, and businesses open and our services viable in our small communities – the challenges to serve our elderly and our disabled in largely dispersed areas. We recognize the challenge of housing shortages that are a major constraint to our economic revitalization – a challenge that must be addressed at both the state and local levels. We recognize the economic opportunity of windpower energy generation and horizontal drilling that may provide a huge boon to state income and growth in jobs and industry in our communities but also represents huge environmental considerations concerning our water and land. We recognize the opportunities to produce ethanol and other by-products from our crop residues.

I call on my fellow rural Senators to vote against this collapse of District 36 which represents a net loss of two rural votes for the next decade. We can accommodate population changes by moving district lines. We do not have to collapse a district! – Allen Schmidt

Invocation by Chaplain Fred S. Hollomon:

Heavenly Father,

Today I pray for Senators
As they seek to wrap things up.
Almost every year it seems
Something interrupts.

The media is faithful to remind
How much it costs each day
To keep the legislature in session
And the Chaplains' pay!

I've watched this happen for many years,
And there's never an easy solution
For the many different challenges
Which may contribute to confusion.

Lord, please help them find a way
To reach an acceptable conclusion,
So legislators and their staffers
Can relax in brief seclusion.

I pray in the Name of Jesus Christ, AMEN

The Pledge of Allegiance was led by President Stephen Morris.

COMMUNICATIONS FROM STATE OFFICERS

KANSAS DEPARTMENT OF LABOR

May 1, 2012

Karin Brownlee, Secretary, submitted the 2011 Annual Report for the Kansas Department of Labor.

The President announced the above report is on file in the office of the Secretary of the Senate and is available for review at any time.

On motion of Senator Emler, the Senate recessed until 2:00 p.m.

The Senate met pursuant to recess with President Morris in the chair.

MESSAGE FROM THE HOUSE

The House adopts the Conference Committee report on House Substitute for SB 114.

The House adopts the Conference Committee report on SB 367.

The House nonconcurs in Senate amendments to HB 2572, requests a conference and has appointed Representatives Rhoades, Kelley and Feuerborn as conferees on the part of the House.

ORIGINAL MOTION

Senator Emler moved that subsection 4(k) of the Joint Rules of the Senate and House of Representatives be suspended for the purpose of considering the following bill: H Sub for SB 62.

CONSIDERATION OF MOTIONS TO CONCUR AND NONCONCUR

Senator Love moved the Senate concur in House amendments to H Sub for SB 62.

On roll call, the vote was: Yeas 23; Nays 16; Present and Passing 0; Absent or Not Voting 1.

Absent or Not Voting: Steineger.

The Senate concurred.
MR. PRESIDENT: I vote no on the motion to concur on H Sub for SB 62. I would hope that we adopt a better test than “which the person reasonably believes that may result in the termination of a pregnancy,” such as the wording “which with reasonable medical probability may result in the termination of a pregnancy” that was in an amendment offered, but not adopted, in the House. We should strive to avoid unintended consequences that could come about if a patient is directed to a clinician who is unwilling to administer drugs prescribed for that woman's health. We need to protect the ability of a health care professional to take actions and make referrals that they believe are in the best interests of a patient, especially in emergency situations. I would hope that the conference committee is given the opportunity to make changes based on the debate in the Senate before this bill becomes law. – MARCI FRANCISCO

Senators Haley and Kultala request the record to show they concur with the “Explanation of Vote” offered by Senator Francisco on H Sub for SB 62.

EXPLANATION OF VOTE

MR. PRESIDENT: I vote no on H Sub for SB 62. I have never been an advocate for abortions. This bill however carries with it opportunities for unintended consequences, where a person with medical skills and training could be in a situation to deny help resulting in the death of the mother. I do not accept that as a pro-life choice but rather allows a medical professional to allow a death to occur when they have the ability to prevent it. – TIM OWENS

Senators Francisco, Huntington, Kelly, Kultula, Marshall, Reitz, V. Schmidt, Schodorf, Teichman and Vratil request the record to show they concur with the “Explanation of Vote” offered by Senator Owens on H Sub for SB 62.

CONSIDERATION OF APPOINTMENTS

EXPLANATION OF VOTE

MR. PRESIDENT: We strongly support property tax relief for our hard working Kansas citizens. However, we must vote NO on the LAVTR amendment that only pretends to lower property taxes. This appropriation, which over four years will total up to 296.5 million, is nothing more than an unencumbered slush fund with no legal safeguards to ensure Kansas taxpayers will receive any real property tax relief. Instead, the LAVTR amendment is a shell game to fool Kansas citizens and further prevent real progress towards lowering property tax rates in Kansas while continuing excessive spending and growing bigger government. – JULIA LYNN

Senators Abrams, Bruce, Pilcher-Cook, Donovan, Masterson, Merrick, Pyle and
Wagle request the record to show they concur with the “Explanation of Vote” offered by Senator Lynn on **Sub SB 449**.

**Sub SB 449** be further amended by motion of Senator V. Schmidt, on page 164, in line 14, by adding $111,309 to the dollar amount and by adjusting the dollar amount in line 14 accordingly

EXPLANATION OF VOTE

MR. PRESIDENT: I vote in favor of Sub SB 449. This budget bill has been amended in a bipartisan manner today in several key areas that have been brought to my attention as being of great concern to many citizens and organizations in the 36th District. This chamber, casting mostly bipartisan votes added in the following funding:

– added funds from the tobacco settlement for the Children’s Initiative Fund.
– $2.5 million for each to reduce the physical disabilities and developmental disabilities waiting lists.
– An increase of $74 per pupil to K-12 education.
– Funding to add FTEs and increase “under pay” at Larned State Hospital
– $45 million in local property tax relief.
– Return to the undermarket pay adjustments that were cut-off in last year's budget.

I regret that this budget failed to address the increased funding for expansion of forensic beds at Larned State Hospital but I was assured that this addition would be executed in conference committee. With the additions to the budget, I support Sub SB 449. – ALLEN SCHMIDT

On motion of Senator Emler, the Senate adjourned until 10:00 a.m., Thursday, May 3, 2012.
The Senate was called to order by Vice President John Vratil.
The roll was called with forty senators present.
Invocation by Chaplain Fred S. Hollomon:

Heavenly Father,

When the pressure's on and tempers short,
We tend to turn to You,
And beseech Your power to employ
To pull our measures through.

But every time this happens
We seem to hear You say,
“You ought to know by now
That I don't work that way.”

So remind us that your power
Must never be abused;
That You're our God to worship,
Not one who can be used.

But there is a prayer that we should pray,
Whether we've lost or won.
Help us to pray sincerely,
“Lord, Thy will be done!”

I pray in the name of Jesus Christ, AMEN

The Pledge of Allegiance was led by Vice President John Vratil.

In the event that the designated joint annuitant under this option predeceases the retirant, the amount of the retirement benefit otherwise payable to the retirant under this option shall be adjusted automatically to the retirement benefit which the retirant would have received if no option had been elected under this section.

   (B) Joint and survivor. A reduced retirement benefit is payable to the retirant during the retirant's lifetime in a monthly amount equal to the product of (i) the monthly payment of the retirement benefit otherwise payable under K.S.A. 74-4915, and amendments thereto, and (ii) the percentage equal to 83% minus .6% for each year by which the age of the retirant's joint annuitant is less than the retirant's age, computed to the nearest whole year, or plus .6% for each year by which the age of the retirant's joint annuitant is more than the retirant's age, computed to the nearest whole year, with that amount continued to the joint annuitant during the joint annuitant's remaining lifetime, if any, after the death of the retirant.    (C) Joint and \( \frac{3}{4} \) to joint annuitant survivor. A reduced retirement benefit is payable to the retirant during the retirant's lifetime in a monthly amount equal to the product of (i) the monthly payment of the retirement benefit otherwise payable under K.S.A. 74-4915, and amendments thereto, and (ii) the percentage equal to 87% minus .5% for each year by which the age of the retirant's joint annuitant is less than the retirant's age,
computed to the nearest whole year, or plus .5% for each year by which the age of the retirant's joint annuitant is more than the retirant's age, computed to the nearest whole year, with \( \frac{3}{4} \) of that monthly amount continued to the retirant's joint annuitant during such joint annuitant's remaining lifetime, if any, after the death of the retirant. In the event that the designated joint annuitant under this option predeceases the retirant, the amount of the retirement benefit otherwise payable to the retirant under this option shall be adjusted automatically to the retirement benefit which the retirant would have received if no option had been elected under this section.

(D) Life with 5 years certain. A reduced retirement benefit is payable to the retirant during the retirant's lifetime in a monthly amount equal to 98% of the monthly payment of the retirement benefit otherwise payable under K.S.A. 74-4915, and amendments thereto, and if the retirant dies within the five-year certain period, measured from the commencement of retirement benefit payments, such payments shall be continued to the retirant's beneficiary during the balance of the five-year certain period.

(E) Life with 10 years certain. A reduced retirement benefit is payable to the retirant during the retirant's lifetime in a monthly amount equal to 95% of the monthly payment of the retirement benefit otherwise payable under K.S.A. 74-4915, and amendments thereto, and if the retirant dies within the ten-year certain period, measured from the commencement of retirement benefit payments, such payments shall be continued to the retirant's beneficiary during the balance of the ten-year certain period.

A reduced retirement benefit is payable to the retirant during the retirant's lifetime in a monthly amount equal to 88% of the monthly payment of the retirement benefit otherwise payable under K.S.A. 74-4915, and amendments thereto, and if the retirant dies within the fifteen-year certain period, measured from the commencement of retirement benefit payments, such payments shall be continued to the retirant's beneficiary during the balance of the fifteen-year certain period.

(G) Lump sum payment at retirement. (i) Pursuant to this option, the member must specify a lump sum amount to be paid to the member upon the member's retirement. The lump sum amount will be based on the actuarial present value of the benefit as provided in K.S.A. 74-4915, and amendments thereto. The lump sum amount designated by the member must be in 10% increments and shall not exceed \( \frac{1}{2} \) of the actuarial present value of the benefit provided in K.S.A. 74-4915, and amendments thereto. If the member's spouse elects a lump sum payment as provided in this section pursuant to the provisions of subsection (4), the lump sum payment will be based on the present value of the retirement option selected by the spouse. The lump sum amount designated by the spouse must be in 10% increments and shall not exceed \( \frac{1}{2} \) of the actuarial present value of the option selected in this section.

(ii) Pursuant to this option, the member must elect to have the remaining actuarial present value paid in a monthly amount under the provisions of K.S.A. 74-4915, and amendments thereto, or subsections (3)(A) through (3)(F) of this section.

(iv) The provisions of this subsection shall be effective on and after July 1, 2001.

(4) If a member, who is eligible to retire in accordance with the provisions of
K.S.A. 74-4914, and amendments thereto, dies without having actually retired, the member's spouse, if the spouse is the sole beneficiary for the member's accumulated contributions, may elect to receive benefits under one of the options provided in this section in lieu of receiving the member's accumulated contributions.

5) The benefits of subsection (4) shall be available in the case of death within the first six months after the entry date of the member's participating employer.

6) On and after May 1, 2004, if a member with 10 or more years of credited service dies before attaining retirement age, the member's spouse, if the spouse is the sole beneficiary for the member's accumulated contributions, may elect to receive benefits under one of the options provided in this section in lieu of receiving the member's accumulated contributions. Payments under one of the options provided in this section to the member's spouse if so elected, shall commence on the date that the member would have been eligible for normal retirement pursuant to subsection (1) of K.S.A. 74-4914, and amendments thereto, or would have been eligible for early retirement pursuant to subsection (4) of K.S.A. 74-4914, and amendments thereto, if such early retirement date occurs earlier.

7) Benefits payable to a joint annuitant shall accrue from the first day of the month following the death of a member or retirant and, in the case of the joint and 1/2 to joint annuitant survivor option, the joint and survivor option and the joint and 3/4 to joint annuitant survivor option, shall end on the last day of the month in which the joint annuitant dies.

8) The provisions of the law in effect on the retirement date of a member under the system shall govern the retirement benefit payable to the retirant and any joint annuitant, except, for retirement benefits payable after July 1, 1993, for retirants who retired prior to July 1, 1982, in the event that the designated joint annuitant under the option provided in subsection (3)(A), (B) or (C), as applicable, predeceased the retirant, the amount of the retirement benefit otherwise payable to the retirant under the option provided in subsection (3)(A), (B) or (C), as applicable, shall be adjusted automatically to the retirement benefit which the retirant would have received if no option had been elected under this section.

9) Upon the death of a joint annuitant who is receiving a retirement benefit under the provisions of this section, there shall be paid to such joint annuitant's beneficiary an amount equal to the excess, if any, of the accumulated contributions of the retirant over the sum of all retirement benefit payments made to such retirant and such joint annuitant. Such joint annuitant shall designate a beneficiary by filing in the office of the retirement system such designation at the time of death of the retirant. If there is no named beneficiary of such joint annuitant living at the time of death of such joint annuitant, any amount provided for by this section shall be paid to, in order of preference as follows:

The administrator/recordkeeper shall be independent of any of the retirement plan providers or investment providers selected by the board or by any participating employer.

New Sec. 5. (a) For participants in the 403(b) plan, up to the amount allowed by the internal revenue code, each participating employer shall make a mandatory contribution of 6% of an eligible employee’s compensation to the 403(b) plan for participants in such plan. (b) Each eligible employee in the 403(b) plan shall select one or more investment options for the contributions made on such employee's behalf and may transfer such employee's directed account plan balance among those investments, as allowed under the internal revenue code and the rules, regulations and policies established by the board, from among the section 403(b) annuities and section 403(b)(7) custodial accounts made available under the 403(b) plan:

(1) By the board. The board shall make available section 403(b) options from no less than three annuity or investment providers, reviewed and selected by the board based on a competitive proposal process established by such specifications and considerations as are deemed appropriate by the board; and

(2) by the employee's employer. In addition to the options made available by the board, each participating employer shall use all reasonable efforts to make available to its eligible employees section 403(b) options from no less than three annuity or investment providers, reviewed and selected by the employer based on a competitive proposal process established by such specifications and considerations as are deemed appropriate by the employer. The board shall establish procedures for incorporating these options into the operation and administration of the 403(b) plan. All materials relating to the 403(b) plan that are provided by the board to participating employers or eligible employees, or by a participating employer to its eligible employees, including, but not limited to, summaries of the 403(b) plan and plan marketing materials, shall not favor specific annuity or investment providers or products.

(c) The section 403(b) options selected by the board shall:

(1) Encompass a broad range of investment alternatives, including one or more alternatives that provide asset management, one or more alternatives that provide asset protection, and one or more alternatives that provide income guarantees;

(2) include a low fee or self-service alternative; and

(3) include an independent local financial advisor alternative; and provide eligible employees with a reasonable opportunity to materially affect the potential return on such employee's retirement investment, to choose among diversified investments that in the aggregate minimize the risk of the employee's overall retirement investment, and to achieve a retirement investment portfolio with the varying risk and return characteristics in the aggregate that are normally appropriate for plan participants.

(d) The board shall from time to time review the suitability and management of investment alternatives under the employee directed accounts, including those 403(b) options chosen by the board and may change the alternatives to be offered. The board shall notify affected members of potential changes before any changes become effective, except if the board determines there is a compelling need to change an alternative immediately.

(e) The default option for any member or beneficiary who does not have an effective investment direction shall be the fund that is similar to the investment portfolio of KPERS.

(f) Assets within each employee directed account must be invested as directed by the member within the investment alternatives established by the board, unless the
board determines there is a compelling need to remove assets from an investment alternative. In such a case, the asset will be moved to the default alternative until the member elects another investment alternative.

New Sec. 7. (a) With respect to the employee directed accounts, the board may:

New Sec. 8. The board shall establish a rollover account for each member and shall accept the rollover of contributions and the income on those contributions from another eligible retirement plan to the member's rollover account only to the extent allowed under applicable federal law. The board shall establish policies with respect to the rollover accounts as to investments, distributions and other administrative matters.

New Sec. 9. (a) An employer credit shall be made to the member's employer annuity account at the end of each calendar quarter according to the following schedule:

1. One percent of compensation for each member who has up to one year of service;
2. one and one-half percent of compensation for each member who has one but less than two years of service;
3. two percent of compensation for each member who has two but less than three years of service;
4. two and one-half percent of compensation for each member who has three but less than four years of service;
5. three percent of compensation for each member who has four but less than five years of service;
6. three and one-half percent of compensation for each member who has five but less than six years of service;
7. four percent of compensation for each member who has six but less than seven years of service;
8. four and one-half percent of compensation for each member who has seven but less than eight years of service; and
9. five percent of compensation for each member who has eight or more years of service.

(b) An active member's employer shall contribute a percentage of compensation, determined by the board, which must be allocated to the death and long-term disability plan under K.S.A. 74-4927, and amendments thereto.
(c) Any credited service accrued by a member under the provisions of the pre-2014 plan shall be credited for the purpose of computing such member's years of service under this section.

New Sec. 10. (a) A member's employer annuity account is the sum of all employer credits to the account plus the interest credits on the account, which shall be determined at the end of each year. The interest credits shall be determined under section 11, and amendments thereto.

(b) If the member's employer annuity account is not vested upon the member's termination of plan membership, as provided in section 13, and amendments thereto, the employer credits and interest credits are forfeited as provided in section 13, and amendments thereto. If the member's employer annuity account is vested upon the member's termination of plan membership, as provided in section 13, and amendments thereto, but the member dies prior to attaining normal retirement age without a spouse eligible for the employer annuity account under section 13, and amendments thereto, the employer credits and interest credits are forfeited. Forfeitures may not be used to increase a member's account, but instead will be used to pay administrative expenses of the accounts or to reduce employer contributions.

New Sec. 11. At the end of each calendar year, the board shall credit each employer annuity account with a zero percent interest credit. At the end of each calendar year, the board shall also credit each employer annuity account with a supplemental interest credit rate, which will equal the net investment return on the KPERS portfolio, which may be negative or positive, in that particular calendar year. If the member retires in the middle of a calendar year, the board shall credit that member's employer annuity account with a supplemental interest credit rate that equals the net investment return on the KPERS portfolio, which may be negative or positive, for that portion of that calendar year. For the purposes of determining the member's annuity benefit amount pursuant to section 13, and amendments thereto, a member's employer annuity account shall not be less than the total amount of employer credits to the account.

New Sec. 12. (a) Any time after termination of service or death, a member or the member's beneficiary may file a written application with the board and take a distribution of the member's employee directed account from the plan through any combination of the following payout options, each of which is subject to the applicable provisions of the federal internal revenue code and the applicable regulations of the internal revenue service:

(1) A direct rollover to an eligible retirement plan;
(2) a lump-sum distribution; or
(3) an optional form of periodic distribution offered by the board by official action.

(b) The board by official action may specify minimum account balances for purposes of allowing benefit payment options and rollovers in accordance with federal law.

New Sec. 13. (a) A member is vested, but subject to forfeiture, in the member's employer annuity account upon completion of five years of service. A member's benefit is nonforfeitable upon the attainment of normal retirement age and the completion of at least five years of service, whichever is later.

(b) Except as provided in subsection (d), a member who has a nonforfeitable interest in the member's employer annuity account, at any time after termination from service and the attainment of normal retirement age, shall receive an annuity that may
be provided by employer credits and income credits in the employer annuity account, using factors established by the board by official action as of the member's annuity start date, and based on the pension benefits guaranty corporation distress termination interest rates. The normal form of benefit shall be a single life annuity with five-year certain. The member may elect any joint and survivor option described in K.S.A. 74-4918, and amendments thereto.

(c) Except as provided in subsection (d), in the case of an active or inactive member:
   (1) Who is vested in the member's employer annuity account;
   (2) who has 10 or more years of service at death; and
   (3) who dies before attaining normal retirement age, with their spouse at time of death designated as their sole primary beneficiary, the member's surviving spouse on and after the date the member would have attained normal retirement age had the member not died, shall receive an annuity that may be provided by employer credits and income credits in the employer annuity account, using factors established by the board by official action as of the beneficiary's annuity start date and taking into consideration the pension benefit guaranty corporation distress termination interest rates. The normal form of benefit shall be a single life annuity with five-year certain. The beneficiary may elect any joint and survivor option as described in K.S.A. 74-4918, and amendments thereto.

(d) If a member's vested employer annuity account is less than $1,000 upon separation from service, the account balance shall be mandatorily distributed to the member in accordance with section 401(a)(31)(B) of the federal internal revenue code. If the member does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the board will pay the distribution to the member directly.

New Sec. 14. A member's beneficiary must be determined as provided in the pre-2014 plan regulations. Upon filing a written application with the board after the death of a member, the member's beneficiary is entitled to the member's employee directed account.

New Sec. 15. (a) Members of the retirement system under the Kansas public employees retirement system act of 2014 shall be covered in the death and disability plan in accordance with K.S.A. 74-4927, and amendments thereto, but subject to the provisions of this section.

(b) (1) In the event that a member becomes eligible for and begins receiving a long-term disability benefit under the plan, such member shall be given participating service credit for the entire period of such disability. Such member's employer annuity account shall be credited with the amount of credits and interest prescribed in this act for the entire period of such disability.

(2) The salary upon which credits to such member's employer annuity account are based shall be the employee's salary at the time of disability, which shall be adjusted once each year on January 1, but only after five years of disability, by the lesser of: (A) The percentage increase in the consumer price index for all urban consumers as published by the bureau of labor statistics of the United States department of labor measured in the prior November, minus 1%; or

(B) 4% per annum.

(3) All credits to the employer annuity account shall cease upon the earliest of: (A)
Death; (B) attainment of normal retirement age; or (C) the date the member is no longer entitled to receive disability benefits pursuant to law.

New Sec. 16. The provisions of K.S.A. 74-49,122, 74-49,123 and 74-49,124, and amendments thereto, apply to this act, except the definitions of "actuarial equivalent" and "actuarial computation" are not applicable to this act.

New Sec. 17. EXPLANATION OF VOTE

MR. PRESIDENT: I vote yes on **S Sub for Sub HB 2333**.

In 2011, the Kansas House passed a defined contribution system that would force
Kansas taxpayers and public employees to pay $1.2 billion more in contributions, crippling the defined benefit plan for thousands of current and retired Kansas public employees.

While some legislators may claim that Kansas taxpayers foot the entire bill for what they call “lavish retirements”, they won't tell you that state government funded only 22% of employee retirements in FY 2010.

Or that the average retirement benefit under KPERS is $1,100 per month. Employee contributions and investment earnings make up the remaining 78% of annual revenues to KPERS used to fund benefits for current and future retirees. That's hardly a lavish retirement.

Instead of raiding the retirement funds of 280,000 Kansans to appease Wall Street and special interests, Kansas should be moving to eliminate the Unfunded Actuarial Liability (UAL).

S Sub for Sub HB 2333 makes that first step. – ANTHONY HENSLEY

EXPLANATION OF VOTE

MR. PRESIDENT: I vote aye on S Sub for Sub HB 2333 with great reluctance and deep disappointment in the product before us. It is only because I feel compelled to at least take a small step forward in restructuring our public retirement system and to begin addressing our tremendous unfunded liability that I do. By the will of only twenty members, we even refused to give new employees, our constituents, the same choice we are afforded as legislators to opt out and direct our own retirement plan. My hope is that this is only a first step in the right direction. – TY MASTERSON

Senators Abrams, Lynn, Merrick, Petersen and Taddiken request the record to show they concur with the “Explanation of Vote” offered by Senator Masterson on S Sub for Sub HB 2333.

EXPLANATION OF VOTE

MR. PRESIDENT: I vote in favor of S Sub for Sub HB 2333. While this KPERS plan does not fulfill all the necessary changes to address the current system problems, it does provide security to current KPERS employees and provides acceptable modifications to new KPERS employees.

Our state employees rank 48th in the nation of pay. This is unacceptable. The retirement system for these underpaid employees is very important to offset their pay situation and an important aspect to retaining them in that employment, and avoiding high costly attrition rates in our state employment force. We must maintain a strong state employee retirement system and ensure the state keeps its commitment. Thank-You, Mr. President. – ALLEN SCHMIDT

of Representatives be suspended for the purpose of considering the following bill: SB 394.

CONSIDERATIONS OF MOTIONS TO CONCUR OR NONCONCUR
Senator Bruce moved the Senate concur in House amendments to SB 394.
Citing Rule 26, Senator Owens moved to lay on the table the motion to concur.
Upon the showing of five hands a roll call vote was requested.
On roll call, the vote was: Yeas 22; Nays 17; Present and Passing 0; Absent or Not Voting 1.
Absent or Not Voting: Steineger.
The motion carried.

EXPLANATION OF VOTE
MR. PRESIDENT: Affordable housing is key to the economic vitality of rural Kansas. Nowhere is this more true than communities like Iola that were devastated by the great 2007 flood. The Department of Corrections housing program would provide quality affordable housing in areas (like Iola) where the private sector cannot meet existing demand at prices that local residents can afford. It also provides much needed training and job skills to prisoners in a way that does not compete with private industry. This bill, if adopted, would have killed the Department of Corrections housing program and prevented communities across Kansas from best addressing their affordable housing
needs. For that reason, and that reason alone, I voted to table the Motion to Concur on this bill. – JEFF KING

On motion of Senator Emler, the Senate adjourned until 10:00 a.m., Friday, May 4, 2012.
The Senate was called to order by President Stephen Morris. The roll was called with thirty-four senators present. Senators Kelsey, King, Ostmeyer, Steineger, Taddiken and Wagle were excused. Invocation by Chaplain Fred S. Hollomon:

Heavenly Father,

So much to do,
So little time;
Rivers to cross,
Mountains to climb.

Rivers of phone calls,
Mountains of e-mails.
Still getting lost
In paper trails.

Brains on hold,
No longer witty.
What sleep I get
I dream of committees.

Bones are weary,
Sore where I sit.
Too tired to continue,
Too proud to quit.

Need to feel close, Lord,
To You when I pray.
You remain firm,
Though I move away.

Need a revival,
Need a fresh start;
Need some assurance
You dwell in my heart.

Heavenly Father,

People move around a lot,
Which means our districts change;
With more folks in the city
And fewer homes on the range.

Some districts can be covered
With only thick shoe leather;
While one district's larger than
Three states put together.

Those of us who run again
Will find a lot of faces
We have never seen before
In some brand new places.

But we will also miss some folks
Whom we appreciate.
Someone else will shake their hands
Or engage in a debate.

Of course we'd like Your help, O God,
To get us re-elected;
But most of all we pray that we
Deserve to be respected.

I pray in the Name of Jesus Christ, AMEN

Heavenly Father,

As the pressure takes it's toll,  
And we don't care where fall the chips;  
Things are done and words are said  
That jeopardize relationships.

When we feel we've been betrayed,  
And our hopes are all undone;  
The hardest thing we have to do  
Is forgive the guilty ones.

We can ignore them or accept them,  
And even understand them, too.  
But trying to forgive them  
Seems more than we can do.

But we hear Your voice within us  
Speaking words we know are true:  
“What kind of person would you be  
If I had not forgiven you?”

“Unforgiveness is an acid  
Which cannot be safely stored:  
The container is damaged more  
Than those on whom it's poured.”

I pray in the Name of Jesus Christ,  AMEN

The Senate was called to order by President Stephen Morris.  
The roll was called with forty senators present.  
Invocation by Chaplain Fred S. Hollomon:  

Heavenly Father,  

It occurred to me recently that the Senate has in place a way to clear up every problem we have encountered.  Time and again I have heard a Senator address the chair and say, “I move that an emergency be declared, the rules suspended...” and whatever is before the body is immediately passed unanimously!  

Lord, I move that an emergency be declared, the rules suspended and  
All disagreements be ended  
All Senators be befriended  
All hard feelings be mended  
No bills will be amended  
That both parties be commended  
That all strange motions be defended  
No more will Sine Die be extended  
No longer will a Senator be offended  
All bills will be comprehended  
No late sessions will be recommended  
That all committee meetings will be suspended.  

Lord, once again I appeal to Your sense of humor which I have relied on all these thirty-one years, I thank You for you patience.  
And I am still praying in the Name of Your Son, Jesus Christ,  AMEN  

The Pledge of Allegiance was led by President Stephen Morris.
