## HOUSE ENERGY AND UTILITIES COMMITTEE

February 15, 2012

Chairman and Members of the Committee,

I am Kris Kellim with the Kansas Insurance Department, appearing to report on the status of the Department's energy audit required by K.S.A. 75-37,128. I would like to first apologize for the Department's failure to meet the deadline for submission of the audit. The delay was simply due to oversight, which the Department regrets. However, the Department completed an audit report through the energy star portfolio manager yesterday, and has submitted it to the Department of Administration. We are awaiting approval of the audit report, and will correct any deficiencies as soon as possible.

We thank the Committee and the Department of Administration for their patience in this matter, and regret any inconvenience we have caused. I would be happy to answer any questions.
