

Proposed SUBSTITUTE for HB 2661
Requested by Rep. Knox
Prepared by M. Sterling
2/16/2012

Any city that owns or operates, or that hereafter owns or operates, a utility furnishing electricity to a residential customer outside the corporate city limits shall:

- (a) Permit the customer, upon agreement with another public utility and approval by the state corporation commission, to be furnished electricity by another public utility;
- (b) provide the customer a written guarantee to provide police and fire service to such customer; or
- (c) repay to all such customers any profit made by the city in furnishing electricity to such customers, in an amount proportional to the profit obtained from each such customer.
