Enrollment

Enrollment has generally increased over the past four years

KAGCT - 100 5th Avenue, Ste 1000 - Tampa, FL 33602 - 786.367.6166 - fuel.org

Fuel the economy
Kansas Community Colleges

- Fund \$8 Million for public post-secondary technical education.

The formula approved last year under SB 143, is based upon actual costs of programs, provides recognition to program cost differentials, allows for expansion of high cost programs and provides for growth in job training across Kansas.

KACCT - 700 SW Jackson, Ste 1000 - Topeka, KS 66603 - 785.387.6166 - kacc.org

Fuel the economy
Kansas Community Colleges

The Governor's career and technical education plan:

- (1) incents students and secondary schools for students to earn workforce skills and a credential by the end of high school so they can enter the workforce earlier and earn higher wages;
- (2) it partners post-secondary and secondary schools in this endeavor; and
- (3) it also helps provide a skilled workforce to keep us competitive in the global economy and to help fuel the Kansas economy.
