

House Transportation Committee
Testimony
February 6, 2013
HB 2079

Thank you, Mr. Chairman and members of the committee. My name is Mike Ringgold and I am the president of ABATE of Kansas, a motorcycle riders organization.

We want to thank the committee for introducing House Bill 2079 regarding right-of-way violation in Kansas. Right-of-way violations on our roadways are very serious violations and are especially dangerous for motorcycle riders. However, this is not just a motorcycle issue.

Please help make our roadways safer for all who travel them.

Thank you for the time to speak today. I hope you share the concerns of all motorists and ABATE for our safety and welfare.
