

STATE OF KANSAS

SENATE CHAMBER

MADAM PRESIDENT:

I move to amend **SB 10**, as amended by Senate Committee, on page 6, following line 10, by inserting:

"New Sec. 5. (a) Audio and video broadcasts shall be made of all legislative committee meetings required to be open to the public pursuant to K.S.A. 75-4317 et seq., and amendments thereto, and all convening sessions of the Kansas house of representatives and senate and made available in real time for public access on the internet. Each chamber and committee room shall be equipped with at least one such broadcasting device that is sufficient to provide the public with an accurate depiction of the proceedings. Each house and any committee may suspend this broadcasting requirement by an affirmative vote of $\frac{2}{3}$ of the body's voting members when there is an equipment failure or when a committee meets in a location that is not equipped with a broadcasting device due to scheduling and room availability limitations and the purpose is not to avoid the requirements of this act.

(b) The director of legislative administrative services shall provide for the operation and maintenance of all such broadcasting devices in a manner sufficient to provide the public with access to all legislative proceedings.

(c) For the purposes of this section: (1) "Committee" means any standing committee, subcommittee, conference committee, interim committee or any committee that is established by law or by either presiding officer; and

(2) "committee room" means any room in which either house or a committee regularly conducts a meeting required to be open to the public pursuant to K.S.A. 75-4317 et seq., and

amendments thereto.";

And by redesignating sections accordingly

Senator _____
