Message from the Governor

I want to thank every member of the Kansas Legislature for your hard work, during the 2013 session. This two-year budget will provide state agencies and school districts a greater level of funding certainty, allowing them to extend their planning horizons and strengthen their focus on improving services. Having a strong ending balance for three straight years will help us weather the uncertainty of a federal government that continues to have major budget problems. Your commitment to fiscal responsibility will ensure every taxpayer dollar will be used in an effective and efficient manner.

Pursuant to Article 2, Section 14 of the Constitution of the State of Kansas, I hereby return Senate Bill No. 171 with my signature approving the bill, except for the items enumerated below.

Department of Administration

Refund of Past FICA Payments for Medical Residents

Section 29(f) is vetoed in its entirety.

In my original budget I had recommended that from the state’s share of FICA refunds originally made on behalf of medical residents, $25.0 million be swept to the State General Fund and that $10.0 million of that be devoted to construction of a new medical education building for the Medical Center. The timing of the refunds has been much slower than ever anticipated and the state has not yet received its full share of the refunds from the Internal Revenue Service (IRS). We are going to pay the medical residents their share received to date, but I veto this sweep of the state’s share so it does not occur prior to full settlement with the IRS.

Department of Corrections

Transfer of State Resources

Section 44(c), 44(d), 44(e), 44(f), 45(b) and 173(h) are vetoed in their entirety.

I have grave concerns about the impact of this budget on public safety. Eliminating the $1.9 million in current year budget lapses and the sweep of $750,000 from the Kansas Correctional Industries will allow the Department of Corrections to use these resources to soften the impact of their reduced funding and protect critical components of our corrections system.

Office of the Attorney General

Fee Sweeps to the State General Fund

Section 87(h), Section 87(i), Section 88(g), Section 88(h) and Section 88(i) have been line-item vetoed in their entirety.

The Court Cost Fund and the Medicaid Prosecution Revolving Fund receive money from various litigation settlements handled by the Attorney General in which the defendant is ordered to reimburse the state's litigation costs. Sometimes, the balance in these litigation recovery funds exceeds the actual cost of operating the state’s litigation and, at those times, it is proper to remove the “excess” and place it in the State General Fund for other uses. The critical issue is not whether that is done but how and when. This approach provides stability and planning ability so the agency can operate the recovery litigation professionally and in a cost-efficient manner without worrying whether sufficient funds are available in the short-term to make payroll. Most importantly, it also ensures the state’s recovery litigation is focused exclusively on obtaining just litigation outcomes and not on the need to generate immediate funds to pay the current bills. In addition, sweeping the money paid by Kansans who seek to permit to carry a concealed firearm pursuant to the Kansas Personal and Family Protection Act into the State General Fund transforms these dedicated permit fees into a general “gun tax” on Kansans who are exercising their Second Amendment Rights. For these reasons, I veto the sweeps that exceed my recommendations applied to the Attorney General’s Office.

Department of Administration

Sweep of the Curtis State Office Building Maintenance Reserve Fund

Section 111(t) has been vetoed in its entirety.

A lease agreement with the Public Building Commission and the State of Kansas was executed upon construction and occupancy of the Curtis State Office Building. Within that contract and the bond documents issued on the construction of the building was a provision that the building’s reserve fund would accrue a balance up to $2.5 million. It is bond counsel’s opinion that transferring cash from this fund would be a reportable material default to the Securities Exchange Commission and would hinder the state’s ability to issue future bonds related to NBAF, the KBI lab at Washburn and the
Department of Agriculture’s move to the Kansas State University campus. I therefore find it necessary to veto this provision.

Elimination of Vacant Positions

Section 111(w) and Section 112(s) have been vetoed in their entirety.
In FY 2010, agencies’ headcounts totaled 23,957.98, excluding the Regents. In FY 2012, we drove that number down to 22,208.57. My administration remains committed to reducing the size of state government and we will continue those efforts in the next year. We went through a lengthy exercise last year to eliminate old vacant positions. Moreover, the language in these sections will drive agencies to spend more on overtime as they will be kept from filling positions open for only 120 days. In some locations, such as at Larned State Hospital and Topeka Correctional Facility, we face challenges in recruiting and retaining staff at critical agencies and this language does not grant them any flexibility. For these reasons, I veto these provisions and will continue to work with agencies to restructure them in a targeted and strategic manner.

Department of Commerce

Sweep of the Reimbursement and Recovery Fund

Section 123(l) and Section 124(j) are vetoed in their entirety.
The Reimbursement and Recovery Fund of the Department of Commerce is primarily used to finance the operations of America's Job Link Alliance (AJLA). AJLA is a consortium of state workforce agencies and program operators that collaborate to reduce costs in the development of workforce development software needs for member states. Sweeping the pooled resources from the Reimbursement and Recovery Fund in FY 2014 and FY 2015 would violate our obligation to those states and necessitate reimbursement to them, so I must veto both of these transfers.

University of Kansas Medical Center

Enrollment Management

Section 167(e) and 168(e) are vetoed in their entirety.
The University of Kansas School of Medicine campus in Salina was created to address the critical shortage of physicians, particularly in rural Kansas. This innovative medical education program is aimed at students with a strong desire to practice in rural areas. I understand the Legislature’s concern that this program as well as the Wichita campus not be disproportionately impacted by budget cuts. According to the University of Kansas Medical Center (KUMC), the language in this provision will require undesirable reductions to its Wichita campus, while a veto will keep current student levels the same. KUMC has committed to me how they will manage their budget cuts if these provisions are removed. The Center will still impose a variety of operational changes to manage this funding loss:

Plan and impact if the Proviso is vetoed:
Student reductions (in Kansas City only):
20 Nursing students
5 Health Professions students
4 Residency (GME) positions
2 MD/PhD student positions
I therefore veto these constraints on the Medical Center’s management of its programs.

Department of Corrections

Budget for Corrections

Section 174 is vetoed in its entirety.
The Department of Corrections plays a key role in maintaining our state’s public safety. Because I consider it inadequate, I veto the FY 2015 budget and look forward to working with the 2014 Legislature in finding the Department sufficient resources to ensure public safety is not imperiled.

Kansas Water Office

Weather Modification

That portion of Section 193(c) that reads as follows has been line-item vetoed.
“Weather modification program at $100,000

Provided, That any unencumbered balance in the weather modification program account in excess of $100 as of June 30, 2013, is hereby reappropriated for fiscal year 2014.”

Support for this program has declined at the local level and the ongoing drought in western Kansas has exacerbated the continued declines of the Ogallala Aquifer. In 2012, I signed into law policies that will provide greater opportunities to conserve and extend the life of the Aquifer, such as Local Enhanced Management Areas (LEMA). As a result, I encourage the use of future State Water Plan Fund dollars in support of LEMAs and other related conservation efforts.

Salary Cap

Limitations on Agency Operations

Section 199 and 200 are vetoed in their entirety.

I applaud the Legislature’s efforts to reduce the size and cost of state government. However, when salary restrictions are applied, they must be done so in a consistent manner, except when some inconsistency is justified. The language in these sections impacts agencies inconsistently and punishes those agencies that were working most diligently to drive down costs. Additionally, this policy restricts the ability of state agencies to best manage the reduced resources provided by this budget. While I veto these provisions, this action does not spend additional State General Fund resources.

Moving Forward

Public safety is unquestionably a core function of state government. The services provided by the Kansas Department of Corrections are a critical component of protecting our citizens. I will do everything I can to minimize the impact of the reduced funding on public safety. However, I ask that you carefully and thoughtfully consider whether or not this reduction was appropriate when you return.

The people of Kansas expect excellence in higher education. Our Regents system fuels the engine of our economy by providing a highly skilled workforce and nurturing the next generation of Kansas teachers, doctors, business people and others. I encourage you to spend the next several months examining university budgets more closely and working with their leadership teams and the Board of Regents to craft a shared vision for higher education in Kansas; a vision that you are confident both maintains our high standard of excellence and uses resources efficiently.

Sam Brownback

2. determine the median AVPP of all school districts;

3. prepare a schedule of dollar amounts using the amount of the median AVPP of all school districts as the point of beginning. The schedule of dollar amounts shall range upward in equal $1,000 intervals from the point of beginning to and including an amount that is equal to the amount of the AVPP of the school district with the highest AVPP of all school districts and shall range downward in equal $1,000 intervals from the point of beginning to and including an amount that is equal to the amount of the AVPP of the school district with the lowest AVPP of all school districts;

Except as provided by K.S.A. 2012 Supp. 72-8814b, and amendments thereto, the state aid percentage factor of a school district is the percentage assigned to the schedule amount that is equal to the amount of the AVPP of the school district, except that the state aid percentage factor of a school district shall not exceed 100%. The state aid computation percentage is 25%;

5. determine the amount levied by each school district pursuant to K.S.A. 72-8801 et seq., and amendments thereto;

6. multiply the amount computed under (5), but not to exceed 8 mills, by the applicable state aid percentage factor. The product is the amount of payment the school district is entitled to receive from the school district capital outlay state aid fund in the school year;

(c) The state board shall certify to the director of accounts and reports the entitlements of school districts determined under the provisions of subsection (b), and an amount equal thereto shall be transferred by the director from the state general fund to the school district capital outlay state aid fund for distribution to school districts, except that no transfers shall be made from the state general fund to the school district capital outlay state aid fund during the fiscal years ending June 30, 2013, June 30, 2014, June 30, 2015, or June 30, 2016. board of education as provided in this subsection. The state board of education shall:

(2) determine the median AVPP of all school districts;

(3) prepare a schedule of dollar amounts using the amount of the median AVPP of all school districts as the point of beginning. The schedule of dollar amounts shall range upward in equal $1,000 intervals from the point of beginning to and including an amount that is equal to the amount of the AVPP of the school district with the highest AVPP of all school districts and shall range downward in equal $1,000 intervals from the point of beginning to and including an amount that is equal to the amount of the AVPP of the school district with the lowest AVPP of all school districts;

(6) multiply each of the amounts computed under (5) by the applicable state aid percentage factor; and

(7) add the products obtained under (6). The amount of the sum is the amount of payment the school district is entitled to receive from the school district capital improvements fund in the school year.

(c) The state board of education shall certify to the director of accounts and reports the entitlements of school districts determined under the provisions of subsection (b), and an amount equal thereto shall be transferred by the director from the state general fund to the school district capital improvements fund for distribution to school districts. (e) The provisions of this section apply only to contractual obligations incurred by school districts pursuant to general obligation bonds issued upon approval of a majority of the qualified electors of the school district voting at an election upon the question of the issuance of such bonds.
(f) Amounts transferred to the capital improvements fund of a school district as authorized by K.S.A. 72-6433, and amendments thereto, shall not be included in the computation when determining the amount of state aid to which a district is entitled to receive under this section.

(5) any other matters, of like or different character, which in any way affect the security or protection of the holders of the notes or bonds.

(d) Any of the provisions relating to any bonds described in this section may be set forth in a trust indenture, loan agreement, lease agreement or other financing document authorized by a resolution of the board of regents or the board of directors of the Kansas development finance authority.

(e) The bonds of each issue may, in the discretion of the board of directors of the Kansas development finance authority, be made redeemable before maturity at such prices and under such terms and conditions as may be determined by the board of directors of the Kansas development finance authority. Bonds issued on behalf of the board of regents shall mature at such time, not exceeding 30 years from their date of issue, as may be determined by the board of regents and the board of directors of the Kansas development finance authority. (i) The bonds shall be special, limited obligations of the Kansas development finance authority and the state shall not be liable for bonds issued by the Kansas development finance authority on behalf of the board of regents, and such bonds shall not constitute a debt of the state.

(j) Neither the board of regents, the board of the Kansas development finance authority nor any authorized employee of the board of regents or the Kansas development finance authority shall be personally liable for such bonds by reason of the issuance thereof.

This act does and shall be construed to provide a complete, additional and alternative method for the doing of the things authorized thereby and shall be regarded as supplemental and additional to powers conferred by other laws. The issuance of bonds under the provisions of this act need not comply with the requirements of any other state law applicable to the issuance of bonds. No proceedings, notice or approval shall be required for the issuance of any bonds or any instrument as security therefor, except as is provided in this act.
