Be it enacted by the Legislature of the State of Kansas:

Section 1. K.S.A. 2013 Supp. 2-2440 is hereby amended to read as follows: 2-2440. (a) Subject to the provisions of subsection (d), it is unlawful for any pesticide business which has not been issued a pesticide business license to:

1. Advertise, offer for sale, sell or perform any service for the control of a pest on the property of another or apply a pesticide to the property of another within this state; or
2. Perform any service for the control of a pest or apply any pesticide on or at the premises of another person under any commission, division of receipts or subcontracting arrangement with a licensed pesticide business.

Nothing in this subsection shall be construed to require the licensing of any person applying restricted use pesticides to the property of another as a certified private applicator or under the supervision of a certified private applicator.

(b) Application for a pesticide business license or renewal shall be made on a form obtained from the secretary and shall be accompanied by an application fee per category in which the licensee applies, and an additional fee for each uncertified individual employed by the applicant to apply pesticides. The application fee per category shall be $140 per category in which the licensee applies, except that on and after July 1, 2015, the application fee per category shall be $112 per category in which the licensee applies. An additional fee of $15 shall be paid for each uncertified individual employed by the applicant to apply pesticides, except that on and after July 1, 2015, an additional fee of $10 shall be paid for each uncertified individual employed by the applicant to apply pesticides. The application fee per category and the additional fee for each uncertified employee in effect on the day preceding the effective date of this act shall continue in effect until the secretary adopts rules and
regulations fixing a different fee under this subsection. Any uncertified individual employed for a period of more than 10 days in a 30-day period or for five consecutive days by a licensee to apply pesticides subsequent to such application shall be reported to the secretary within 30 days of such employee's hiring and the fee shall be paid at that time. Each application shall also include the following:

(1) The business name of the person applying for such license or renewal;

(2) if the applicant is an individual, receiver, trustee, representative, agent, firm, partnership, association, corporation or other organized group of persons, whether or not incorporated, the full name of each owner of the firm or partnership or the names of the officers of the association, corporation or group;

(3) the principal business address of the applicant in the state and elsewhere; and

(4) any other information the secretary, by rules and regulations, deems necessary for the administration of this act.

(c) The secretary may issue a pesticide business license to apply pesticides in categories for which an applicant has applied if the applicant files the bond, insurance, letter of credit or proof of an escrow account as required under K.S.A. 2-2448, and amendments thereto, satisfies the requirements of subsection (b), and pays the required fees. Such license shall expire at the end of the calendar year for which it is issued unless it has been revoked or suspended prior thereto. If a license is not issued as applied for, the secretary shall inform the applicant in writing of the reasons therefor.

(d) The following persons shall be exempted from the licensing requirements of this act:

(1) State or federal personnel using pesticides or pest control services while engaged in pesticide use research;

(2) veterinarians or physicians using pesticides as a part of their professional services; and

(3) any person or such person's employee who applies pesticides on or at premises owned, leased or operated by such person.

(e) Subject to the provisions of subsection (d), it is unlawful for any governmental agency which has not been issued a government agency registration to apply pesticides within this state. Application for government agency registration shall be made on a form obtained from the secretary and shall be accompanied by a fee fixed by rules and regulations adopted by the secretary, except that such fee shall not exceed $50, except that on and after July 1, 2019, such fee shall not exceed $35. The governmental agency registration fee in effect on the day preceding the effective date of this act shall continue in effect until the secretary adopts
rules and regulations fixing a different fee therefor under this subsection.
No fee shall be required of any township located within a county which has previously applied for and received government agency registration. Each application for registration shall contain information including, but not limited to:

1. The name of the government agency;
2. The mailing address of the applicant;

Such person shall be: (A) The mayor or city manager for municipalities; (B) the chairperson of the board of county commissioners for counties; (C) the township trustee for townships; or (D) any person designated by any other governmental agency; and

(f) If the secretary finds the application to be sufficient, the secretary shall issue a government agency registration. The government agency is not required to furnish a surety bond under this act. Such government agency registration shall expire at the end of the calendar year for which it is issued unless it has been revoked or suspended prior thereto. If a registration is not issued as applied for, the secretary shall inform the applicant in writing of the reasons therefor.

(g) A pesticide business license or government agency registration may be renewed by meeting the same requirements as for a new license or registration. Neither the pesticide business license nor the government agency registration shall be transferable, except that, in the event of the disability, incapacity or death of the owner, manager or legal agent of a pesticide business licensee, a permit may be issued by the secretary to permit the operation of such business until the expiration period of the license in effect at the time of such disability, incapacity or death if the applicant therefor can show that the policies and services of such business will continue substantially as before, with due regard to protection of the public and the environment.

(h) No pesticide business license may be issued to any person until such person is or has in such person's employ one or more individuals who are certified commercial applicators in each of the categories for which the license application is made.

Sec. 2. K.S.A. 2013 Supp. 2-2440b is hereby amended to read as follows: 2-2440b. commercial applicator may apply pesticides when either a certified 
applicator or registered pest control technician is physically present.
(b) Any such employee applying for a pest control technician 
registration shall file an application on a form prescribed by the secretary.
Application for such registration shall be accompanied by an application 
fee established by rules and regulations adopted by the secretary, except 
that such fee shall not exceed $40, except that on and after July 1, 2015-

zero, by an amount equal to the additional fee paid under subsection (b) of 
K.S.A. 2-2440, and amendments thereto, for such uncertified individual.
(c) If the secretary finds the applicant qualified to be a registered pest 
control technician after meeting the training requirements determined by 
the secretary in rules and regulations, the secretary shall issue a pest 
control technician registration which will expire at the end of the calendar 
year.
(d) This section shall be part of and supplemental to the Kansas

commercial applicator who holds a current certificate to apply pesticides 
commercially in any other state or political subdivision of the United

(e) Notwithstanding the provisions of K.S.A. 82a-714, and amendments thereto, the applicant is not required to file a notice of completion of diversion works nor pay a field inspection fee. The chief engineer shall not conduct a field inspection of the diversion works required by statute for purposes of certification nor issue a certificate of appropriation for a term permit.

(f) A request to extend the term of a term permit in accordance with the rules and regulations adopted by the chief engineer shall be accompanied by the same filing fee applicable to other requests for extensions of time as set forth in K.S.A. 82a-714, and amendments thereto.

Sec. 12. K.S.A. 2013 Supp. 82a-714 is hereby amended to read as follows: 82a-714. (a) Upon the completion of the construction of the works and the actual application of water to the proposed beneficial use within the time allowed, the applicant shall notify the chief engineer to that effect. The chief engineer or the chief engineer's duly authorized representative shall then examine and inspect the appropriation diversion works and, if it is determined that the appropriation diversion works have been completed and the appropriation right perfected in conformity with the approved application and plans, the chief engineer shall issue a certificate of appropriation in duplicate. The original of such certificate
shall be sent to the owner and shall be recorded with the register of deeds in the county or counties wherein the point of diversion is located, as are other instruments affecting real estate, and the duplicate shall be made a matter of record in the office of the chief engineer.

(b) Not later than 60 days before the expiration of the time allowed in the permit to complete the construction of the appropriation diversion works or the time allowed in the permit to actually apply water to the proposed beneficial use, the chief engineer shall notify the permit holder by certified mail that any request for extension of such time must be filed with the chief engineer before the expiration of the time allowed in the permit.

(c) Unless the applicant requests an extension or the certificate has not been issued due to the applicant's failure to comply with reasonable requests for information or to allow the opportunity to examine and inspect the appropriation diversion works, as necessary for certification, the chief engineer shall certify an appropriation:

(1) Before July 1, 2004, if the time allowed in the permit to perfect the water right expired before July 1, 1999, except in those cases in which abandonment proceedings pursuant to K.S.A. 82a-718, and amendments thereto, are pending on July 1, 2004;

(2) before July 1, 2006, in such cases in which an abandonment proceeding was pending pursuant to K.S.A. 82a-718, and amendments thereto, on July 1, 2004; or

(3) not later than five years after the date the applicant notifies the chief engineer of the completion of construction of the works and the actual application of water to the proposed beneficial use within the time allowed, in all other cases.

If the chief engineer fails to issue a certificate within the time provided by this subsection, the applicant may request review, pursuant to K.S.A. 2013 Supp. 82a-1901, and amendments thereto, of the chief engineer's failure to act.

(d) Except for works constructed to appropriate water for domestic use, each notification to the chief engineer under subsection (a) shall be accompanied by a field inspection fee of $400, or on and after July 1, 2015, a fee of $200, except that for applications filed on or after July 1, 2009, for works constructed for sediment control use and for evaporation from a groundwater pit for industrial use shall be accompanied by a field inspection fee of $200. Failure to pay the field inspection fee, after reasonable notice by the chief engineer of such failure, shall result in the permit to appropriate water being revoked, forfeiture of the priority date and revocation of any appropriation right that may exist.

(e) A request for an extension of time to: (1) Complete the diversion works; or (2) perfect the water right, shall be accompanied by a fee of $50,
or commencing July 1, 2002, and ending June 30, 2015, a fee of $100.

(f) A request to reinstate a water right or a permit to appropriate water which has been dismissed shall be filed with the chief engineer within 60 days of the date dismissed and shall be accompanied by a fee of $100, or commencing July 1, 2002, and ending June 30, 2019, a fee of $200.

Sec. 13. K.S.A. 2013 Supp. 82a-727 is hereby amended to read as follows: 82a-727. (a) Subject to existing water rights and the principle of beneficial use, the chief engineer may grant upon application made therefor temporary permits and extensions thereof to appropriate water in any case where the public interest in such water will not be unreasonably or prejudicially affected, except that the chief engineer shall not grant any such permit to appropriate fresh water in any case where other waters are available for the proposed use and the use thereof is technologically and economically feasible. No such temporary permit or any extension thereof shall be granted for a period of time in excess of six months. Each application submitted for a temporary permit or extension thereof shall be accompanied by an application fee of $200, or on and after July 1, 2015, a fee of $100.

(b) The chief engineer shall adopt rules and regulations to effectuate and administer the provisions of this section.

(c) Nothing in this section shall be deemed to vest in the holder of any permit granted pursuant to provisions of this section any permanent right to appropriate water except as is provided by such permit.

(d) All fees collected by the chief engineer pursuant to this section shall be remitted to the state treasurer as provided in K.S.A. 82a-731, and amendments thereto.
