

SESSION OF 2013

SUPPLEMENTAL NOTE ON HOUSE BILL NO. 2078

As Amended by House Committee on Veterans,
Military and Homeland Security

Brief*

HB 2078 would amend current law regarding military experience for the licensing of practical nurses and emergency medical technicians.

The bill would authorize the Board of Nursing to waive a requirement that an applicant graduate from an approved school of practical or professional nursing if the applicant attained a passing score on the National Council Licensure Examination for Practical Nurses and provided evidence of practical nursing experience within the U.S. military.

The applicant would need to have separated from military service with an honorable discharge or under honorable conditions.

The bill also would require the granting of an Attendant's Certificate to an applicant who holds a current and active certification with the National Registry of Emergency Medical Technicians and who completed emergency medical technician training as a member of the U.S. military. For these provisions to apply, the applicant would need to have received an honorable discharge or have been separated under honorable conditions.
