AN ACT concerning restaurants, retail food establishments and vending
machines; relating to regulation of consumer incentive items and
labeling of food by political subdivisions.

Be it enacted by the Legislature of the State of Kansas:

Section 1. As used in this act:
(a) "Food" means substances, whether in liquid, concentrated, solid,
frozen, dried or dehydrated form, that are sold for ingestion by humans
and are consumed for their taste or nutritional value. "Food and food
ingredients" does not include alcoholic beverages or tobacco.
(b) "Food that is a menu item in vending machines" means food
dispensed through a machine or other mechanical device that accepts
payment.
(c) "Retail food establishment" or "food service operation" means any
place in which food is served or is prepared on the premises for retail sale
or service in a heated state or heated by the seller, mixed or combined by
the seller for sale as a single item or sold with eating utensils provided by
the seller and is intended for immediate consumption. Such term shall
include, but not be limited to, fixed or mobile restaurants, coffee shops,
cafeterias, short-order cafes, luncheonettes, grills, tea rooms, sandwich
shops, soda fountains, taverns, private clubs, roadside kitchens,
commissaries, drive-in restaurants and any other private, public or
nonprofit organization or institution routinely serving food and any other
eating or drinking establishment or operation where food is served or
provided for the public with or without charge.
(d) "Food nutrition information" includes, but is not limited to, the
caloric, fat, carbohydrate, cholesterol, fiber, sugar, potassium, protein,
vitamin, mineral, sodium and allergen content of food. "Food nutrition
information" also includes the designation of food as healthy or unhealthy.
(e) "Political subdivision" means political or taxing subdivisions of
the state, including counties, townships, cities, school districts, authorities
or other municipal or public corporations, agencies, boards, commissions,
councils, committees, subcommittees and other subordinate groups or
administrative units thereof, receiving or expending and supported, in
whole or in part, by public funds.
(f) "Consumer incentive item" means any licensed media character,
toy, game, trading card, contest, point accumulation, club membership, admission ticket, token, code or password for digital access, coupon, voucher, incentive, crayons, coloring placemats or other premium, prize or consumer product that is associated with a meal served by or acquired from a food service operation.

Sec. 2. (a) The regulation of consumer incentive items and nutrition labeling for food and nonalcoholic beverages that are menu items in restaurants, retail food establishments or vending machines is reserved to the legislature and may be regulated only by legislation of statewide application enacted after the effective date of this act. The regulation of the provision of food nutrition information and consumer incentive items at food service operations and how food service operations are characterized are matters of general statewide interest that require statewide regulation, and rules and regulations adopted under this section constitute a comprehensive plan with respect to all aspects of the regulation of the provision of food nutrition information and consumer incentive items at food service operations in this state. Rules and regulations adopted under this act shall be applied uniformly throughout this state.

(b) The state of Kansas, and any political subdivision thereof, shall not do any of the following:

(1) Enact, adopt or continue in effect local legislation relating to the provision or nonprovision of food nutrition information or consumer incentive items at food service operations;

(2) condition any license, permit or regulatory approval upon the provision or nonprovision of food nutrition information or consumer incentive items at food service operations;

(3) ban, prohibit or otherwise restrict food at food service operations based upon the food's nutrition information or upon the provision or nonprovision of consumer incentive items;

(4) condition any license, permit or regulatory approval for a food service operation upon the existence or nonexistence of food-based health disparities;

(5) where food service operations are permitted to operate, ban, prohibit or otherwise restrict a food service operation based upon the existence or nonexistence of food-based health disparities as recognized by the department of health, the institute of health or the centers for disease control;

(6) restrict the sale, distribution or serving of foods and nonalcoholic beverages that are approved for sale by the United States department of agriculture or other federal or state government agencies; or

(7) restrict the growing or raising of livestock or grain, vegetables, fruits or other crops grown or raised for food and approved for sale by the United States department of agriculture or other federal or state
government agencies.

(c) This act shall not be interpreted as being more restrictive than any federal law or affecting in any manner the regulation of the nutrition labeling of food that is a menu item in restaurants, retail food establishments and vending machines pursuant to the federal food, drug and cosmetic act, 21 U.S.C. § 343(q)(5)(H).

(d) Nothing in this act restricts a political subdivision as defined herein from owning or managing a food service facility and from purchasing and serving food products according to the Kansas food code and their own policies as long as those policies are not laws or ordinances restricting any other entity.

Sec. 3. This act shall take effect and be in force from and after its publication in the statute book.
