If the total tangible property valuation in any municipality increases from the next preceding year due to increases in the assessed valuation of existing tangible property and such increase exceeds changes in the consumer price index, the governing body shall lower the amount of ad valorem tax to be levied to the amount of ad valorem tax levied in the next preceding year, adjusted to reflect changes in the consumer price index. This subsection shall not apply to ad valorem taxes levied under K.S.A. 72-6431, 76-6b01 and 76-6b04, and amendments thereto, and any other ad valorem tax levy which was previously approved by the voters of such municipality. Notwithstanding the requirements of this subsection, nothing herein shall prohibit a municipality from increasing the amount of ad valorem tax to be levied if the municipality approves the increase with a majority vote of the governing body and publishes such vote as provided in subsection (c).

3. Property located within added jurisdictional territory; or
4. Property which has changed in use shall not be considered when determining whether revenue produced from property has increased from the next preceding year.

appropriation or budget, as the case requires, which may be funded by
revenue produced from property taxes, and which provides for funding
with such revenue in an amount exceeding that of the next preceding year
as provided in subsection (a), notice of such vote and, by yeas and nays,
