institution or facility on state-owned property in any way if such contract

as applying to the entirety of the costs of any single maintenance,

(a) The authority may issue bonds, either for a specific activity or on a pooled basis for a series of related or unrelated activities or projects duly authorized by a political subdivision or group of political subdivisions of the state in amounts determined by the authority for the purpose of financing projects of statewide as well as local importance, capital improvement facilities, educational facilities, health care facilities and housing developments. Nothing in this act shall be construed to authorize the authority to issue bonds or use the proceeds thereof to:

(1) Purchase, condemn or otherwise acquire a utility plant or distribution system owned or operated by a regulated public utility;

(2) finance any capital improvement facilities or educational facilities which are being financed by the issuance of general obligation or utility revenue bonds of a political subdivision, except that the acquisition by the authority of general obligation or utility revenue bonds issued by political subdivisions with the proceeds of pooled bonds shall not violate the provisions of the foregoing; or

(3) purchase, acquire, construct, reconstruct, improve, equip, furnish, repair, enlarge or remodel property for any swine production facility on agricultural land which is owned, acquired, obtained or leased by a corporation, limited liability company, limited partnership, corporate partnership or trust.

Nothing in this subsection (a) shall prohibit the issuance of bonds by the authority when any statute specifically authorizes the issuance of bonds by the authority or approves any activity or project of a state agency for purposes of authorizing any such issuance of bonds in accordance with this section and provides an exemption from the provisions of this subsection (a).

(b) The authority may issue bonds for activities and projects of state agencies as requested by the secretary of administration. Research facilities of state educational institutions shall be subject to the provisions of this subsection (b). No bonds may be issued pursuant to this act for any activity or project of a state agency unless the activity or project has first either has been specifically approved by an appropriation or other act of

council acting on this matter which is hereby characterized as a matter of
legislative delegation and subject to the guidelines prescribed in subsection
(e) of K.S.A. 75-3711c(c), and amendments thereto. The authority shall
not issue bonds requested by the secretary of administration pursuant to
the powers in K.S.A. 75-3651, and amendments thereto. When requested to
do so by the secretary of administration, the authority may issue bonds for
the purpose of refunding, whether at maturity or in advance of maturity,

benefit of any person or entity which is not a state agency or a political
subdivision, written notice of the intention of the authority to provide
financing and issue bonds therefor shall be given by the president of the
authority to the governing body of the city in which the project or activity
is to be located. If the project or activity is not proposed to be located
within a city, such notice shall be given to the governing body of the
county. No bonds for the financing of the project or activity shall be issued
by the authority for a one-year period if, within 15 days after the giving of
such notice, the governing body of the political subdivision in which the
project or activity within Kansas is proposed to be located shall have
adopted an ordinance or resolution stating express disapproval of the
project or activity and shall have notified the president of the authority of
such disapproval. The authority shall not issue bonds for the purpose of
financing a project or activity outside Kansas unless the authority has
determined that the issuance of such bonds provides a benefit to Kansas or
its people and that the owner or operator thereof or an affiliate has a
presence or impact in Kansas.

(d) The authority may issue bonds for the purpose of establishing and
funding one or more series of venture capital funds in such principal amounts, at such interest rates, in such maturities, with such security, and upon such other terms and in such manner as is approved by resolution of the authority. The proceeds of such bonds not placed in a venture capital fund or used to pay or reimburse organizational, offering and administrative expenses and fees necessary to the issuance and sale of such bonds shall be invested and reinvested in such securities and other instruments as shall be provided in the resolution under which such bonds are issued. Moneys in a venture capital fund shall be used to make venture capital investments in new, expanding or developing businesses, including, but not limited to, equity and debt securities, warrants, options and other rights to acquire such securities, subject to the provisions of the resolution of the authority. The authority shall establish an investment policy with respect to the investment of the funds in a venture capital fund not inconsistent with the purposes of this act. The authority shall enter into an agreement with a management company experienced in venture capital investments to manage and administer each venture capital fund upon terms not inconsistent with the purposes of this act and such investment policy. The authority may establish an advisory board to provide advice and consulting assistance to the authority and the management company with respect to the management and administration of each venture capital fund and the establishment of its investment policy. All fees and expenses incurred in the management and administration of a venture capital fund not paid or reimbursed out of the proceeds of the bonds issued by the authority shall be paid or reimbursed out of such venture capital fund.

(e) The authority may issue bonds in one or more series for the purpose of financing a redevelopment plan project that is approved by the authority in accordance with K.S.A. 74-8921 and 74-8922, and amendments thereto, or by Johnson or Labette county in accordance with the provisions of this act.

If the project is to be constructed in phases, a similar feasibility study shall be performed prior to issuing bonds for the purpose of financing each subsequent phase.

(g) The authority may issue bonds for the purpose of financing resort facilities, as defined in subsection (a) of K.S.A. 32-867(a), and amendments thereto, in an amount or amounts not to exceed $30,000,000 for any one resort. The bonds and the interest thereon shall be payable solely from revenues of the resort and shall not be deemed to be an obligation or indebtedness of the state within the meaning of section 6 of
article 11 of the constitution of the state of Kansas. The authority may
contract with a subsidiary corporation formed pursuant to subsection (v) of
K.S.A. 74-8904(v), and amendments thereto, or others to lease or operate
such resort. The provisions of K.S.A. 32-867, 32-868, 32-870 through 32-
873 and 32-874a through 32-874d, and amendments thereto, shall apply to
resorts and bonds issued pursuant to this subsection.

(h) The authority may use the proceeds of any bond issues herein
authorized, together with any other available funds, for venture capital
investments or for purchasing, leasing, constructing, restoring, renovating,
altering or repairing facilities as herein authorized, for making loans,
purchasing mortgages or security interests in loan participations and
paying all incidental expenses therewith, paying expenses of authorizing
and issuing the bonds, paying interest on the bonds until revenues thereof
are available in sufficient amounts, purchasing bond insurance or other
credit enhancements on the bonds, and funding such reserves as the
authority deems necessary and desirable. All moneys received by the
authority, other than moneys received by virtue of an appropriation, are
hereby specifically declared to be cash funds, restricted in their use and to
be used solely as provided herein. No moneys of the authority other than
moneys received by appropriation shall be deposited with the state
treasurer.

(i) Any time the authority is required to publish a notification
pursuant to the tax equity and fiscal responsibility act of 1982, the
authority shall further publish such notification in the Kansas register and
on the Kansas development finance authority website.

(j) Any time the authority issues private activity bonds, as defined in
K.S.A. 74-5059, and amendments thereto, pursuant to this section, the
