AN ACT enacting the police and citizen protection act; relating to use of body cameras by law enforcement officers.

Be it enacted by the Legislature of the State of Kansas:

Section 1. (a) Sections 1 through 6, and amendments thereto, shall be known and may be cited as the police and citizen protection act.

(b) As used in this act:

(1) "Body camera" means a device that is worn by a law enforcement officer that electronically records audio and video of such officer's activities;

(2) "law enforcement officer" means a uniformed law enforcement officer in this state who is required to use a body camera pursuant to section 2, and amendments thereto; and

(3) "person" means an individual, public or private corporation, government, partnership or unincorporated association.

Sec. 2. (a) Every state, county and municipal law enforcement officer who is primarily assigned to patrol duties shall be equipped with a body camera while performing such duties. The camera shall be used by the officer to record activities that take place during motor vehicle stops or other law enforcement actions taken during the course of such officer's official duties as provided in this section.

(b) (1) Except as provided in subsections (b)(3) and (b)(4), a law enforcement officer shall activate the recording function of the body camera whenever such officer responds to a call for service or initiates any other law enforcement encounter and shall make an effort to record interactions with others with the camera.

(2) As practicable, a law enforcement officer shall notify another person if the person is being recorded by the body camera.

(3) A law enforcement officer may choose not to record conversations with crime witnesses and members of the community who are reporting or discussing criminal activity and may choose not to record when entering a residence under nonexigent circumstances.

(4) A law enforcement officer shall not record the following: (A) Conversations with confidential informants and undercover officers; (B) strip searches; (C) conversations with other agency personnel that involve case tactics or strategies; and (D) interactions in places where a reasonable
expectation of privacy exists, including, but not limited to, bathrooms and
locker rooms.
(c) A law enforcement officer shall read, agree to and sign a written
waiver that consists of a consent to be filmed by a body camera and an
acknowledgment of the requirements of the police and citizen protection
act and the related policies of the law enforcement agency by which the
law enforcement officer is employed.
(d) The provisions of K.S.A. 22-2514 through 22-2519, and
amendments thereto, relating to the authorized interception of wire, oral or
electronic communications, shall not apply to recordings made by a body
camera as required by the police and citizen protection act.
Sec. 3. A law enforcement agency or law enforcement officer shall
not allow a computerized facial recognition program or application to be
used with a body camera or a recording made by a body camera unless the
use has been authorized by a warrant issued by a court.
Sec. 4. (a) Except as otherwise provided in this section, a law
enforcement agency shall retain video and audio recorded by a body
camera for four weeks.
(b) A law enforcement agency shall retain video and audio recorded
by a body camera for three years if any of the following apply:
(1) The recording is of an incident involving the use of force;
(2) the recording is of an incident that leads to detention or arrest of a
person;
(3) the recording is relevant to a formal or informal complaint against
a law enforcement officer or the law enforcement agency;
(4) a request regarding the recording has been made pursuant to
subsection (e); or
(5) a request for a copy of the recording has been made pursuant to
subsection (f).
(c) If evidence that may be useful in a criminal prosecution is
obtained from a recording made by a body camera, the law enforcement
agency shall retain the recording for any time in addition to the time period
in subsection (a) or (b) and in the same manner as is required by law for
other evidence that may be useful in a criminal prosecution.
(d) A law enforcement agency shall post on the law enforcement
agency's public website its policies relating to the retention of recordings
made by body cameras, requests for the retention of the recordings and
requests for copies of the recordings.
(e) A person described in subsection (h) may request that a recording
made by a body camera be retained for three years pursuant to subsection
(b). It is not necessary for the person to file a complaint or for there to be a
related open investigation for the person to make a request under this
subsection.
(f) A person described in subsection (h) may request a copy of a recording made by a body camera. The law enforcement agency shall provide the person with a copy of the requested recording.

(g) A person who is not the subject of a recording made by a body camera may request a copy of the recording. If each person who is the subject of the recording consents, the law enforcement agency shall provide the requesting person with a copy of the requested recording.

(h) Any of the following may make a request under subsection (e) or subsection (f):

(1) A person who is a subject of the recording;

(2) a person whose property has been seized or damaged in relation to, or is otherwise involved with, a crime to which the recording is related;

(3) a parent or legal guardian of a person described in subsection (h) (1) or (h)(2);

(4) an attorney for a person described in subsection (h)(1) or (h)(2); or

(5) any other person that a person described in subsection (h)(1) or (h)(2) has given written authority to make the request.

(i) Before deleting or otherwise disposing of a recording made by a body camera, a person who has the responsibility on behalf of the law enforcement agency of deleting or disposing of the recording shall review all applicable and available records, files and databases to ascertain whether there is any reason why the recording cannot be deleted or disposed of under this section or the policies of the law enforcement agency. The person shall not delete or dispose of the recording if such person ascertains that there is any such reason.

(j) Every recording made by a body camera as required by the police and citizen protection act shall be confidential and exempt from the Kansas open records act in accordance with K.S.A. 45-221, and amendments thereto. The provisions of this subsection shall expire on July 1, 2021, unless the legislature reviews and reenacts this provision pursuant to K.S.A. 45-229, and amendments thereto, prior to July 1, 2021.

Sec. 5. If, in connection with a criminal prosecution or civil action, a law enforcement agency is unable to produce a recording that is required to be made and retained under the police and citizen protection act, there shall be a presumption that the recording would corroborate the version of the facts advanced by the defendant in a criminal action or the party opposing the law enforcement officer or law enforcement agency in a civil action.

Sec. 6. Law enforcement agencies shall seek and accept grants and other financial assistance that the federal government and other public or private sources make available to implement the provisions of the police and citizen protection act.
Sec. 7. This act shall take effect and be in force from and after its publication in the statute book.
