
Be it enacted by the Legislature of the State of Kansas:

New Section 1. (a) No person shall practice as a registered dental practitioner in this state until such person has passed an examination by the Kansas dental board under such rules and regulations as the board may adopt. The fee for such examination shall be fixed by the board pursuant to K.S.A. 65-1447, and amendments thereto. A license fee shall be paid to the board in the amount fixed by the board pursuant to K.S.A. 65-1447, and amendments thereto.

(b) The board shall authorize a person to practice as a registered dental practitioner if such person is qualified under this section, works under the general supervision of a Kansas-licensed dentist pursuant to a written supervising agreement, is licensed by the board, and practices in compliance with this section and rules and regulations adopted by the board. Any supervising dentist of a registered dental practitioner shall be either: (1) Employed by an indigent health care clinic; or (2) enrolled as a medicaid provider.

A supervising agreement entered into with a registered dental practitioner must include specific written protocols detailing the scope of practice the supervising dentist authorizes the registered dental practitioner to perform, and outlining a course of action when the registered dental practitioner encounters a patient who requires treatment that exceeds the authorized scope of practice of the registered dental practitioner. The supervising dentist must ensure that a dentist is available, in person or through distance technology, to the registered dental practitioner for timely consultation if needed and must either provide or arrange with another dentist or specialist to provide the necessary treatment to any patient who requires more treatment than the registered dental practitioner is authorized to provide.

Nothing in this act will prohibit a registered dental practitioner from
working under the direct supervision of a Kansas licensed dentist.

(c) To be qualified to practice under this section, such person shall:

(1) Be a licensed dental hygienist who is also a graduate of a registered dental practitioner education program of not less than 18 months that is provided by an accredited postsecondary institution and is comprised of a curriculum approved by the state board of regents;

(2) pass a comprehensive, competency-based clinical examination that is approved by the board and administered independently of an institution which provides registered dental practitioner education;

(3) have practiced under direct supervision of a supervising dentist for at least 500 hours before practicing under general supervision; and

(4) obtain a policy of professional liability insurance and show proof of such insurance as required by rules and regulations.

(d) Any person practicing as a registered dental practitioner in violation of the provisions of this act shall be guilty of a misdemeanor, and the board may revoke or suspend such person's license therefor.

(e) This section shall take effect on and after July 1, 2017.

New Sec. 2. (a) The Kansas dental board may suspend or revoke the license of any dentist who shall direct any registered dental practitioner operating under such dentist's supervision to perform any operation other than that permitted under the provisions of article 14 of chapter 65 of the Kansas Statutes Annotated, and amendments thereto, and may suspend or revoke the license of any registered dental practitioner found guilty of performing any operation other than those permitted under the provisions of article 14 of chapter 65 of the Kansas Statutes Annotated, and amendments thereto. No license of any dentist or registered dental practitioner shall be suspended or revoked in any administrative proceedings without first complying with the notice and hearing requirements of the Kansas administrative procedure act.

(b) Except as otherwise provided in this section, the practice of dental therapy shall be performed under the direct or general supervision of a licensed dentist. As used in this section: (1) "Direct supervision" means that the dentist in the dental office, personally diagnoses the condition to be treated, personally authorizes the procedure and before dismissal of the patient evaluates the performance; and (2) "general supervision" means the supervision of tasks or procedures without the presence of the dentist in the office or on the premises at the time the tasks or procedures are being performed, and pursuant to a written supervising agreement, so long as those tasks and procedures are within the scope of practice for a registered dental practitioner.

(c) A licensed registered dental practitioner may perform dental services as authorized under this section including the following services under general supervision unless restricted or prohibited in the supervising
agreement:

(1) Pulp vitality testing;
(2) application of desensitizing medication or resin;

(13) the formulation of an individualized treatment plan;
(14) extractions of primary teeth;
(15) nonsurgical extractions of periodontally diseased permanent teeth with tooth mobility of +3 or +4. The registered dental practitioner shall not extract a tooth for any patient if the tooth is unerupted, impacted, fractured, or needs to be sectioned for removal;
(16) emergency palliative treatment of dental pain;
(17) the placement and removal of space maintainers;
(18) cavity preparation;
(19) restoration of primary and permanent teeth;

(27) recementing of permanent crowns;
(28) prevention of potential orthodontic problems by early identification and appropriate referral; and
(29) prevention of, identification and management of dental and medical emergencies.

(d) Any registered dental practitioner may practice dental hygiene and dental services under general supervision as may be performed by a dental hygienist and a dental assistant under the provisions of K.S.A. 65-1423 and 65-1456, and amendments thereto. Any registered dental practitioner shall also be duly registered as a dental hygienist by the board.

(e) Any registered dental practitioner is authorized to supervise any dental hygienist or dental assistant unless restricted or prohibited in the
supervising agreement with the supervising dentist.

(f) Any registered dental practitioner shall maintain current basic life
support certification.

(g) This section shall take effect on and after July 1, 2017.

New Sec. 3. (a) The board shall revoke or suspend the license of any
licensed registered dental practitioner who is found guilty of using or
attempting to use in any manner whatsoever any prophylactic lists, call
lists, records, reprints or copies of same, or information gathered
therefrom, of the names of patients whom the registered dental practitioner
might have served in the office of a prior employer, unless such names
appear upon the bona fide call or prophylactic list of the registered dental
practitioner's present employer and were caused to so appear through the
legitimate practice of dentistry as provided for in this act.

(b) The board shall also suspend or revoke the license of any licensed
dentist who is found guilty of aiding or abetting or encouraging a
registered dental practitioner employed by such dentist to make use of a
so-called prophylactic call list, or the calling by telephone or by use of
written letters transmitted through the mails to solicit patronage from
patients served in the office of any dentist formerly employing such
registered dental practitioner.

(c) No order of suspension or revocation provided in this section shall
be made or entered except after notice and opportunity for hearing in
accordance with the provisions of the Kansas administrative procedure act.
Any final order of suspension or revocation of a license shall be
reviewable in accordance with the Kansas judicial review act.

(d) This section shall take effect on and after July 1, 2017.

New Sec. 4. The board shall adopt rules and regulations as may be
necessary to administer the provisions of this act regarding the licensure of
registered dental practitioners on or before July 1, 2017. The board shall
have such rules and regulations published in the Kansas register on or
before July 1, 2016.

Sec. 5. K.S.A. 65-1421 is hereby amended to read as follows: 65-
1421. It shall be unlawful for any person to practice dentistry, dental
therapy or dental hygiene in the state of Kansas, except:

(a) Those who are now duly licensed dentists, pursuant to law;
(b) those who are now duly registered dental practitioners, pursuant to
law;
(c) those who are now duly licensed dental hygienists, pursuant to
law; and
(e) (d) those who may hereafter be duly licensed as dentists,
registered dental practitioners or dental hygienists, pursuant to the
provisions of this act.

Sec. 6. K.S.A. 2014 Supp. 65-1424 is hereby amended to read as
follows: 65-1424. (a) As used in this act:

(1) "Proprietor" means any person who employs dentists, registered dental practitioners or dental hygienists in the operation of a dental office.

(2) "Dental franchisor" means any person or entity, pursuant to a written agreement, who provides a licensed dentist any dental practice management consulting services, which may include marketing or advertising services, signage or branding consulting, or places in possession of a licensed dentist such dental material or equipment as may be necessary for the management of a dental office on the basis of a lease or any other agreement for compensation. A person or entity is not a dental franchisor if the agreement with the dentist:

(A) Permits the person or entity to interfere with the professional judgment of the dentist; or

(B) contains terms that would constitute a violation of the dental practices act, rules and regulations adopted by the board, any orders and directives issued by the board or any other applicable law.

(3) "Unlicensed proprietor" means any person or entity not authorized to own or operate a dental practice that enters into an agreement with a dentist, registered dental practitioners or dental hygienist related to the practice of dentistry, dental therapy or dental hygiene which:

(A) Permits the person or entity to interfere with the professional judgment of the dentist; or

(B) contains terms that would constitute a violation of the dental practices act, rules and regulations adopted by the board, any orders and directives issued by the board or any other applicable law.

A licensee of dentistry who enters into any arrangement with an unlicensed proprietor may have such license limited, suspended or revoked by the board.

(b) The estate or agent for a deceased or substantially disabled dentist may employ dentists, for a period of not more than 18 months following the date of death or substantial disability of the dentist, to provide service to patients until the practice can be sold or closed. Upon application showing good cause, including, but not limited to, evidence of a good faith effort to sell or close the dental practice, the Kansas dental board may extend the time in six-month increments for a period of not more than one additional year for which the practice can be sold or closed. The Kansas dental board may adopt rules and regulations as necessary to carry out the provisions of this section.

Sec. 7. K.S.A. 2014 Supp. 65-1431 is hereby amended to read as follows: 65-1431. (a) Each license to practice as a dentist, registered dental practitioner or dental hygienist issued by the board, shall expire on December 1 of the year specified by the board for the expiration of the license and shall be renewed on a biennial basis. Each application for
renewal shall be made on a form prescribed and furnished by the board.
Every licensed dentist, registered dental practitioner or dental hygienist
shall pay to the board a renewal fee fixed by the board as provided in
K.S.A. 65-1447, and amendments thereto.
(b) To provide for a staggered system of biennial renewal of licenses,
the board may renew licenses for less than two years.
(c) On or before December 1 of the year in which the licensee's
license expires, the licensee shall transmit to the board a renewal
application, upon a form prescribed by the board, which shall include such
licensee's signature, post office address, the number of the license of such
licensee, whether such licensee has been engaged during the preceding
licensure period in active and continuous practice whether within or
without this state, and such other information as may be required by the
board, together with the biennial licensure fee for a registered dental
practitioner or dental hygienist which is fixed by the board pursuant to
K.S.A. 65-1447, and amendments thereto.
(d) The board shall require every licensee to submit with the renewal
application evidence of satisfactory completion of a program of continuing
education required by the board. The board by duly adopted rules and
regulations shall establish the requirements for such program of continuing
education as soon as possible after the effective date of this act.
(e) Upon fixing the biennial license renewal fee, the board shall
immediately notify all licensees of the amount of the fee for the ensuing
licensure period. Upon receipt of such fee and upon receipt of evidence
that the licensee has satisfactorily completed a program of continuing
education required by the board, the licensee shall be issued a renewal
license authorizing the licensee to continue to practice in this state for a
period of no more than two years.
(f) (1) Any license granted under authority of this act shall
automatically be canceled if the holder thereof fails to apply for and obtain
renewal prior to March 1 of the year following the December in which a
renewal application is due.
(2) Any licensee whose license is required to be renewed for the next
biennial period may obtain renewal, prior to February 1, by submitting to
the board the required renewal application, payment of the biennial
renewal fee and proof that such licensee has satisfactorily completed a
program of continuing education required by the board. Any licensee
whose license is required to be renewed for the next biennial period may
obtain renewal, between February 1 and March 1, by submitting to the
board the required renewal application, payment of the biennial renewal
fee, payment of a penalty fee of not to exceed $500 as fixed by rules and
regulations by the board and proof that such licensee has satisfactorily
completed a program of continuing education required by the board. The
penalty fee in effect immediately prior to the effective date of this act shall continue in effect until rules and regulations establishing a penalty fee under this section become effective.

(g) Upon failure of any licensee to pay the applicable renewal fee or to present proof of satisfactory completion of the required program of continuing education by February 1 of the year following the December in which a renewal application is due, the board shall notify such licensee, in writing, by mailing notice to such licensee's last registered address. Failure to mail or receive such notice shall not affect the cancellation of the license of such licensee.

(h) The board may waive the payment of biennial fees and the continuing education requirements for the renewal of licenses without the payment of any fee for a person who has held a Kansas license to practice dentistry, dental therapy or dental hygiene if such licensee has retired from such practice or has become temporarily or permanently disabled and such licensee files with the board a certificate stating either of the following:

(1) A retiring licensee shall certify to the board that the licensee is not engaged, except as provided in K.S.A. 65-1466, and amendments thereto, in the provision of any dental service, the performance of any dental operation or procedure or the delivery of any dental hygiene service as defined by the statutes of the state of Kansas; or

(2) a disabled licensee shall certify to the board that such licensee is no longer engaged in the provision of dental services, the performance of any dental operation or the provision of any dental hygiene services as defined by the statutes of the state of Kansas by reason of any physical disability, whether permanent or temporary, and shall describe the nature of such disability.

(i) The waiver of fees under subsection (h) shall continue so long as the retirement or physical disability exists. Except as provided in K.S.A. 65-1466, and amendments thereto, in the event the licensee returns to the practice for which such person is licensed, the requirement for payment of fees and continuing education requirements shall be reimposed commencing with and continuing after the date the licensee returns to such active practice. Except as provided in K.S.A. 65-1466, and amendments thereto, the performance of any dental service, including consulting service, or the performance of any dental hygiene service, including consulting service, shall be deemed the resumption of such service, requiring payment of license fees.

(j) The Kansas dental board may adopt such rules and regulations requiring the examination and providing means for examination of those persons returning to active practice after a period of retirement or disability as the board shall deem necessary and appropriate for the protection of the people of the state of Kansas except that for an applicant
to practice *dental therapy* or dental hygiene who is returning to active
practice after a period of retirement or disability, the board shall authorize
as an alternative to the requirement for an examination that the applicant
successfully complete a refresher course as defined by the board in an
approved dental hygiene school or registered dental practitioner program.

Sec. 8. K.S.A. 2014 Supp. 65-1434 is hereby amended to read as
follows: 65-1434. (a) The board, without examination, may issue a license
as a dentist, *registered dental practitioner* or dental hygienist to an
applicant holding a license in another state upon compliance with the
requirements of professional qualification and experience set forth in
subsection (b). The board shall prepare and adopt a form of application to
be submitted by an applicant for a license to be issued under this section.
On the receipt of any such application, the board shall conduct such
review, verification or other investigation of the applicant and the
professional qualifications, background, experience and practice of the
applicant as the board deems necessary to assure full compliance with the
requirements of this section. Any license so issued may be revoked by the
board upon evidence that an applicant has obtained a license under this
section through misrepresentation or omission of a material fact in the
application or other information submitted to the board.

(b) Each applicant for licensure under this section must evidence the
qualifications and meet the following requirements:

(1) Each applicant for licensure as a dentist under this section must
meet the requirements set forth in K.S.A. 65-1426, and amendments
thereto. Each applicant for licensure as a registered dental practitioner
must meet any applicable requirements set forth in section 1, and
amendments thereto. Each applicant for licensure as a dental hygienist
must meet any applicable requirements set forth in K.S.A. 65-1455, and
amendments thereto.

(2) Each applicant shall show evidence of having successfully
completed both a national board examination or an equivalent examination
accepted by the state in which the applicant has been previously licensed,
and a clinical examination, administered by any state or clinical dental
testing agency, of equivalent merit to the clinical examination accepted by
the board at the time such applicant completed such examinations.

(3) Each applicant for licensure as a dentist under this section shall
have held a license to practice dentistry in one or more other states of the
United States for the five-year three-year period immediately preceding
the date of application and shall have engaged in the active practice of
dentistry for at least five three years prior to the date of application. Each
applicant for licensure as a registered dental practitioner under this
section shall have held a license to practice dental therapy in another
state of the United States for the three-year period immediately preceding
the date of application and shall have engaged in the active practice of
dental therapy for at least three years prior to the date of application.
Each applicant for licensure as a dental hygienist under this section shall
have held a license to practice dental hygiene in another state of the United
States for the three-year period immediately preceding the date of
application and shall have engaged in the active practice of dental hygiene
for at least three years prior to the date of application. Successive and
continuous periods of active practice in other states will comply with the
active practice requirements of this paragraph (3). For the purpose of
determining the period of practice, periods of military service will be
considered to the extent approved by the Kansas dental board. Service as a
full-time faculty member in a school of dentistry will be considered the
practice of dentistry to the extent service involved full-time instruction in
dentistry including clinical dentistry. Service as a faculty member in a
school of dental hygiene will be considered the practice of dental hygiene
to the extent such service involved instruction in dental hygiene including
clinical dental hygiene. To be considered for the purposes of this statute,
any such school of dentistry, dental therapy or dental hygiene must be
approved by the Kansas dental board within the meaning of K.S.A. 65-
1426, and amendments thereto.

(4) Each such applicant shall show evidence that the applicant has
fully complied with all continuing education requirements imposed by the
state or states in which the applicant has been licensed and has practiced
during the five three years immediately preceding the date of the
application. In the event the state or states in which the applicant has been
licensed and practiced has no such requirement, the applicant shall provide
such information concerning continuing education received by the
applicant during the five-year three-year period preceding application as
may be required by the board. All applicants must have completed
continuing education sufficient to comply with that continuing education
required of Kansas licensees during the twenty-four-month period prior to
the date of the application for licensure unless the Kansas dental board
determines, for good cause shown, that the requirement will work an
undue hardship upon the applicant and the requirement is not necessary for
the protection of the people of Kansas based upon the training and
experience of the applicant.

(5) The applicant shall provide such other information concerning the
applicant and the dental education, qualification, experience and
professional conduct of the applicant as the board in its discretion deems
necessary to its determination to issue a license.

(6) Each applicant shall provide a certificate of the executive director
of the board or other agency governing licensure of dentists, registered
dental practitioners or dental hygienists of the state in which the applicant
has been licensed and has practiced during the required period preceding
the date of the application. Such certificate shall state that: (A) The
applicant is licensed to practice dentistry, dental therapy or dental hygiene
in the state; (B) the license of the applicant has never been suspended or
revoked; (C) the applicant has never been the subject of any proceeding
for suspension, revocation or other disciplinary action initiated by the
board of licensure of any such state during the period the applicant has
held a license to practice dentistry, dental therapy or dental hygiene in
such state; and (D) no complaint has been filed against the applicant of
such substance as, in the judgment of the board of licensure of such state,
has required the initiation of proceedings against the applicant. In the
event the applicant has practiced dentistry, dental therapy or dental
hygiene in more than one other state in the United States, the applicant
shall file a similar certificate with respect to such period or periods during
which the applicant has practiced in each such state.
(c) The Kansas dental board may direct an applicant to appear before
the board at a date, time and place to be determined by the Kansas dental
board to answer questions and provide such information concerning the
qualifications, background, experience and practice of the applicant as the
Kansas dental board may deem necessary.
(d) The term "applicant" as used in this section shall apply to both
applicants for licensure as a dentist, applicants for licensure as a
registered dental practitioner and applicants for licensure as a dental
hygienist unless the context otherwise indicates.

Sec. 9. K.S.A. 2014 Supp. 65-1436 is hereby amended to read as
follows: 65-1436. (a) The Kansas dental board may refuse to issue the
license under the dental practices act, or may take any of the actions with
respect to any dental, dental therapy or dental hygiene license as set forth
in subsection (b), whenever it is established, after notice and opportunity

in the illegal practice of dentistry;

has been sufficiently rehabilitated to warrant the public trust;

5. Prescribed, dispensed, administered or distributed a prescription
drug or substance, including a controlled substance, in an excessive,
improper or inappropriate manner or quantity outside the scope of practice
dentistry or in a manner that impairs the health and safety of an
individual;

payment or co-insurance;
(17) failed to keep adequate records;
(18) the licensee has had a license to practice dentistry revoked, suspended or limited, has been censured or has had other disciplinary action taken, has had an application for license denied, or voluntarily surrendered the license after formal proceedings have been commenced by the proper licensing authority or another state, territory or the District of Columbia or other country, a certified copy of the record of the action of the other jurisdiction being conclusive evidence thereof;
(19) failed to furnish the board, or its investigators or representatives any information legally requested by the board; or
(20) assisted suicide in violation of K.S.A. 21-3406, prior to its repeal, or K.S.A. 2014 Supp. 21-5407, and amendments thereto, as established by any of the following:
(A) A copy of the record of criminal conviction or plea of guilty for a felony in violation of K.S.A. 21-3406, prior to its repeal, or K.S.A. 2014 Supp. 21-5407, and amendments thereto;
(B) a copy of the record of a judgment of contempt of court for violating an injunction issued under K.S.A. 60-4404, and amendments thereto; or
(C) a copy of the record of a judgment assessing damages under K.S.A. 60-4405, and amendments thereto.
(b) Whenever it is established, after notice and opportunity for hearing in accordance with the provisions of the Kansas administrative procedure act, that a licensee is in any of the circumstances or has committed any of the acts described in subsection (a), the Kansas dental board may take one or any combination of the following actions with respect to the license of the licensee:
(1) Revoke the license;
(2) suspend the license for such period of time as may be determined by the board;
(3) restrict the right of the licensee to practice by imposing limitations upon dental, dental therapy or dental hygiene procedures which may be performed, categories of dental disease which may be treated or types of patients which may be treated by the dentist, registered dental practitioner or dental hygienist. Such restrictions shall continue for such period of time as may be determined by the board, and the board may require the licensee to provide additional evidence at hearing before lifting such restrictions; or
(4) grant a period of probation during which the imposition of one or more of the actions described in subsections (b)(1) through (b)(3) will be stayed subject to such conditions as may be imposed by the board including a requirement that the dentist, registered dental practitioner or dental hygienist refrain from any course of conduct which may result in
further violation of the dental practice act or the dentist or dental hygienist
complete additional or remedial instruction. The violation of any provision
of the dental practice act or failure to meet any condition imposed by the

termination of the period of probation and imposition of such other action
as has been taken by the board.

1444(c), and amendments thereto, the board may assess a fine not in
excess of $10,000 against a licensee. All fines collected pursuant to this
subsection shall be remitted to the state treasurer in accordance with the
provisions of K.S.A. 75-4215, and amendments thereto. Upon receipt of
each such remittance, the state treasurer shall deposit the entire amount in
the state treasury and of the amount so remitted, an amount equal to the
board's actual costs related to fine assessment and enforcement under this
subsection, as certified by the president of the board to the state treasurer,
shall be credited to the dental board fee fund and the balance shall be
credited to the state general fund.

(e) The board, upon its own motion or upon the request of any
licensee who is a party to a licensure action, may require a physical or

held as a part of a licensure action or prior to the termination of any period
of suspension or the termination of any restrictions imposed upon the
licensee as provided in subsection (b).

Sec. 10. K.S.A. 65-1441 is hereby amended to read as follows: 65-
1441. Whoever sells or offers to sell a diploma conferring a dental degree,
or a license granted pursuant to this act, or procures such diploma or
license with intent that it be used as evidence of the right to practice
dentistry, dental therapy or dental hygiene, as defined by law, by a person
other than the one upon whom it was conferred, or to whom such license
certificate or renewal certificate was granted, or with fraudulent intent
alters such diploma or license certificate or renewal certificate, or uses or
attempts to use it when it is so altered, shall be deemed guilty of a
misdeemeanor. The board may refuse to grant a license to practice dentistry, dental therapy or dental hygiene to any person found guilty of making a false statement, or cheating or of fraud or deception either in applying for a license or in taking any of the examinations provided for under the dental practices act.

Sec. 11. K.S.A. 2014 Supp. 65-1447 is hereby amended to read as follows: 65-1447. (a) On or before October 1 of each year, the Kansas dental board shall determine the amount of funds which will be required during the ensuing fiscal year to properly administer the laws which the board is directed to enforce and administer and shall fix fees in accordance with this section in such reasonable sums as may be necessary for such purposes, within the limitations prescribed by subsection (b).

(b) The board shall collect fees provided for in this act as follows:
