(B) the number of individuals who received a career technical education credential from such institution; and

(C) the number of individuals who were enrolled in an eligible career technical education program at such institution and who are pursuing a general educational development (GED) credential.

(2) A student shall not be required to be dual enrolled in a general educational development (GED) credential program and an eligible career technical education program in order to be counted by an eligible postsecondary educational institution pursuant to this subsection.

(3) Certifications submitted pursuant to this subsection shall be submitted in such form and manner as prescribed by the board of regents, and shall include such other information as required by the board of regents.

(b) Each fiscal year, upon receipt of a certification submitted under subsection (a), the board of regents shall authorize payment to such eligible postsecondary educational institution from the postsecondary education performance-based incentives fund. The amount of any such payment shall be calculated based on the following:

(1) For each individual who has received a general educational development (GED) credential, $500;

(2) for each individual who has received a career technical education credential, $1,000; and

( ged) credential, $170.

c) That portion of any payment from the postsecondary education
performance-based incentives fund that is made based on subsection (b)(2)

regents in writing that no such test was administered to the individual. For
each such notification received, the board of regents shall deduct an
amount equal to $150 from such institution's subsequent incentive
payment.

(e) All payments authorized by the board of regents pursuant to this
section shall be subject to the limits of appropriations made for such
purposes. If there are insufficient appropriations for the board of regents to

performance-based incentives fund shall be for the sole purpose of paying
payments to eligible postsecondary educational institutions as authorized
by the board of regents. All expenditures from the postsecondary education
