Exercise of Religious Beliefs by Student Associations; SB 175

SB 175 enacts law prohibiting a postsecondary educational institution from taking any action or enforcing any policy that would deny a religious student association any benefit available to any other student association or discriminate against a religious student association related to such benefits, due to the association’s requirement that leaders or members of the association adhere to or comply with the association’s sincerely held religious beliefs, comply with the association’s sincere religious standards of conduct, or be committed to furthering the association’s religious missions.

The bill creates a cause of action for a student or religious student association aggrieved by a violation of this provision. The aggrieved party may seek appropriate relief, including monetary damages. An aggrieved party also may assert such violation as a defense or counterclaim in a civil or administrative proceeding brought against the aggrieved party.

The bill defines “benefit,” “postsecondary educational institution,” “student,” and “religious student association.”
