Brief*

HB 2055 would amend the statute governing the determination of an offender’s criminal history to establish a procedure for classifying out-of-state misdemeanor convictions. The comparable Kansas offense would be used to classify the out-of-state conviction as a class A, B, or C misdemeanor. If the comparable Kansas offense is a felony, the conviction would be classified as a class A misdemeanor. If there is no comparable Kansas offense, the conviction would not be included in the criminal history.

The bill also makes technical amendments to statutory references.

Background

The bill was introduced by the House Committee on Corrections and Juvenile Justice at the request of the Kansas Sentencing Commission. In the House Committee, the Executive Director of the Sentencing Commission testified in support of the bill. There was no neutral or opponent testimony.

The House Committee of the Whole amended the bill to replace a provision counting an out-of-state misdemeanor without a comparable Kansas offense as a class C misdemeanor with a provision excluding such offenses from the criminal history calculation.
