ERIN L. DAVIS  
15TH DISTRICT

**Written-Only Proponent for SB 449**  
**Taxation Committee**  
**April 3, 2018**

Chairperson Johnson and members of the Committee:

As the original legislative sponsor of the Kansas ABLE Act, I appreciate the opportunity to submit testimony in support of SB 449.

ABLE accounts are a great tool for people with disabilities to save money to pay for expenses related to their disability and to help plan for their future. I was excited to see the Kansas legislature pass the Kansas ABLE Act three years ago and view this bill as an important way to ensure the success of the program.

This bill removes unnecessary red tape and allows parents and individual with disabilities to not have to take additional steps to do things they can now legally do today with workarounds.

Please feel free to contact me if you have any questions.

A handwritten signature in blue ink that reads "Erin L. Davis".
