of contribution which will be required, together with all accumulated
contributions and other assets of the system, to be paid by each such
participating employer to pay all liabilities which shall exist or accrue
under the system, including amortization of the actuarial accrued liability
as determined by the board. The board shall determine the actuarial cost
method to be used in annual actuarial valuations, to determine the
employer contribution rates that shall be certified by the board. Such
certified rate of contribution, amortization methods and periods and
actuarial cost method shall be based on the standards set forth in K.S.A.
74-4908(3)(a), and amendments thereto, and shall not be based on any
other purpose outside of the needs of the system.

(b) (i) For employers affiliating on and after January 1, 1999, upon
the basis of an annual actuarial valuation and appraisal of the system
conducted in the manner provided for in K.S.A. 74-4908, and amendments
thereto, the board shall certify, on or before July 15 of each year to each
such employer an actuarially determined estimate of the rate of
contribution which shall be required to be paid by each such employer to
pay all of the liabilities which shall accrue under the system from and after
the entry date as determined by the board, upon recommendation of the
actuary. Such rate shall be termed the employer's participating service

shall have accrued at the time of entry into the system. On the basis of
such determination the board shall annually certify to each such employer
separately an actuarially determined estimate of the rate of contribution
which shall be required to be paid by that employer to pay all of the
liabilities for such prior service costs. Such rate shall be termed the
