New Sec. 7. (a) The distribution of state foundation aid under this act shall be made in accordance with appropriation acts each year as provided in this section.

(b) (1) In the months of July through May of each school year, the state board shall determine the amount of state foundation aid that will be required by each school district to maintain operations in each such month. In making such determination, the state board shall take into consideration the school district's access to local foundation aid and the obligations of the general fund that must be satisfied during the month. The amount determined by the state board under this provision is the amount of state foundation aid that will be distributed to the school district in the months of July through May.

(2) In the month of June of each school year, payment shall be made of the full amount of the state foundation aid determined for the school year less the sum of the monthly payments made in the months of July through May pursuant to subsection (b)(1).

(c) Payments of state foundation aid shall be distributed to school districts once each month on the dates prescribed by the state board. The state board shall certify to the director of accounts and reports the amount due as state foundation aid to each school district in each of the months of
July through June. Such certification, and the amount of state foundation aid payable from the state general fund, shall be approved by the director of the budget. The director of accounts and reports shall draw warrants on the state treasurer payable to the school district treasurer of each school district, pursuant to vouchers approved by the state board. Upon receipt of such warrant, each school district treasurer shall deposit the amount of state foundation aid in the general fund of the school district, except that an amount equal to the amount of federal impact aid not included in the local foundation aid of a school district may be disposed of as provided in section 35(a), and amendments thereto.

(d) If any amount of state foundation aid that is due to be paid during the month of June of a school year pursuant to the other provisions of this section is not paid on or before June 30 of such school year, then such payment shall be paid on or after the ensuing July 1, as soon as moneys are available therefor. Any payment of state foundation aid that is due to be paid during the month of June of a school year and that is paid to school districts on or after the ensuing July 1 shall be recorded and accounted for by school districts as a receipt for the school year ending on the preceding June 30.

New Sec. 8. In the event any school district is paid more than it is entitled to receive under any distribution made under this act or under any statute repealed by this act, the state board shall notify the school district of the amount of such overpayment, and such school district shall remit the same to the state board. The state board shall remit any moneys so received to the state treasurer in accordance with the provisions of K.S.A. 75-4215, and amendments thereto. Upon receipt of each such remittance, the state treasurer shall deposit the entire amount in the state treasury to the credit of the state school district finance fund. If any school district fails to remit, the state board shall deduct the excess amounts paid from future payments becoming due to the school district. In the event any school district is paid less than the amount it is to receive under any distribution made under this act, the state board shall pay the additional amount due at any time within the school year in which the underpayment was made or within 60 days after the end of such school year.

New Sec. 9. On or before October 10 of each school year, the clerk or superintendent of each school district shall certify under oath to the state board a report showing the total enrollment of the school district by grades maintained in the schools of the school district and such other reports as the state board may require. Each such report shall show postsecondary education enrollment, career technical education enrollment, special education enrollment, bilingual education enrollment, at-risk student enrollment and virtual school enrollment in such detail and form as is specified by the state board. Upon receipt of such reports, the state board
shall examine the reports and if the state board finds any errors in any such
report, the state board shall consult with the school district officer
furnishing the report and make any necessary corrections in the report. On
or before August 25 of each year, each such clerk or superintendent shall
also certify to the state board a copy of the budget adopted by the school
district.

New Sec. 10. (a) In each school year, the state board shall determine
the enrollment of each school district by adding the number of students
regularly enrolled in the school district on September 20 and the number
of students regularly enrolled in the school district on February 20, and
dividing the resulting sum by two.
(b) In each school year, the state board of education shall determine
the foundation enrollment of each school district as follows:
(1) Determine the enrollment of the school district for the
immediately preceding school year;
(2) subtract the enrollment of the school district for the second
preceding school year from the enrollment of the school district for the
immediately preceding school year, and multiply the resulting difference
by three;
(3) subtract the enrollment of the school district for the third
preceding school year from the enrollment of the school district for the
second preceding school year, and multiply the resulting difference by
two;
(4) subtract the enrollment of the school district for the fourth
preceding school year from the enrollment of the school district for the
third preceding school year;
(5) add the numbers determined under subsections (b)(2), (b)(3) and
(b)(4), and divide the resulting sum by six;
(6) add the number determined under subsection (b)(1) and the
quotient determined under subsection (b)(5). The resulting sum is the
foundation enrollment of the school district for the current school year,
except that in no event shall the foundation enrollment be less than 95% of
the enrollment of the school district in the immediately preceding school
year.

New Sec. 11. Whenever a new school district has been established or
the boundaries of a school district have been changed, the state board shall
make appropriate revisions concerning the affected school districts as may
be necessary for the purposes of this act to reflect such establishment of a
school district or changes in boundaries. Such revisions shall be based on
the most reliable data obtainable from the superintendent of the school
district and the county clerk.

New Sec. 12. (a) (1) For the purposes of this act, the total foundation
aid for any school district formed by consolidation in accordance with the
statutory provisions contained in article 87 of chapter 72 of the Kansas Statutes Annotated, and amendments thereto, shall be computed by the state board by determining the amount of the total foundation aid each of the former school districts that comprise the consolidated school district received in the school year preceding the date the consolidation was completed, and calculating the sum of such amounts. The sum is the total foundation aid of the consolidated school district for the school year in which the consolidation was completed.

(2) If any of the former school districts had an enrollment of less than 150 students in the school year preceding the consolidation, the total foundation aid of the newly consolidated school district for the two school years following the school year in which the consolidation was completed shall be the greater of: (A) The amount received in the school year in which the consolidation was completed; or (B) the amount the school district would receive under this act.

(3) If all of the former school districts had an enrollment of at least 150 students, but any had less than 200 students in the school year preceding the consolidation, the total foundation aid of the newly consolidated school district for the three school years following the school year in which the consolidation was completed shall be the greater of: (A) The amount received in the school year in which the consolidation was completed; or (B) the amount the school district would receive under this act.

(4) If all of the former school districts had an enrollment of 200 or more students in the school year preceding the consolidation, the total foundation aid of the newly consolidated school district for the four school years following the school year in which the consolidation was completed shall be the greater of: (A) The amount received in the school year in which the consolidation was completed; or (B) the amount the school district would receive under this act.

(5) If the consolidation involved the consolidation of three or more school districts, regardless of the number of students enrolled in the school districts, the total foundation aid of the newly consolidated school district for the four school years following the school year in which the consolidation was completed shall be the greater of: (A) The amount received in the school year in which the consolidation was completed; or (B) the amount the school district would receive under this act.

(b) (1) The provisions of this subsection shall apply to school districts that have been enlarged by the attachment of territory pursuant to the procedure established in article 73 of chapter 72 of the Kansas Statutes Annotated, and amendments thereto.

(2) For the purposes of this act, the total foundation aid for any school district to which this subsection applies shall be computed by the
state board of education as follows: (A) Determine the amount of the total
foundation aid each of the former school districts that comprise the
enlarged school district received in the school year preceding the date the
attachment was completed; and (B) add the amounts determined under
subparagraph (A). The sum is the total foundation aid of the enlarged
school district for the school year in which the attachment is completed.

(3) If any of the former school districts had an enrollment of less than
150 students in the school year preceding the attachment, the total
foundation aid of the enlarged school district for the two school years
following the school year in which the attachment was completed shall be
the greater of: (A) The amount received in the school year in which the
attachment was completed; or (B) the amount the school district would
receive under this act.

(4) If all of the former school districts had an enrollment of at least
150 students, but any had less than 200 students in the school year
preceding the attachment, the total foundation aid of the enlarged school
district for the three school years following the school year in which the
attachment was completed shall be the greater of: (A) The amount
received in the school year in which the attachment was completed; or (B)
the amount the school district would receive under this act.

(5) If all of the former school districts had an enrollment of 200 or
more students in the school year preceding the attachment, the total
foundation aid of the enlarged school district for the four school years
following the school year in which the attachment was completed shall be
the greater of: (A) The amount received in the school year in which the
attachment was completed; or (B) the amount the school district would
receive under this act.

(6) If three or more school districts, regardless of the number of
students enrolled in the school districts, are disorganized and attached to a
single school district, the total foundation aid of the enlarged school
district for the four school years following the school year in which the
attachment was completed shall be the greater of: (A) The amount
received in the school year in which the attachment was completed; or (B)
the amount the school district would receive under this act.

(7) Except as specifically provided by this paragraph for the
allocation of total foundation aid among school districts, the provisions of
paragraphs (1) through (6) shall be applicable to school districts to which
this paragraph applies. If a school district is disorganized in accordance
with article 73 of chapter 72 of the Kansas Statutes Annotated, and
amendments thereto, and the territory of such school district is attached to
more than one school district, the total foundation aid for each school
district to which any territory from the disorganized school district is
attached, shall be computed by the state board as follows: (A) Determine
the amount of total foundation aid received by the former school district in
the school year preceding the date the disorganization and attachment was
completed; (B) determine the amount of total foundation aid received by
the enlarged school district in the school year preceding the date the
disorganization and attachment was completed; (C) determine the assessed
valuation of the former school district in the school year preceding the date
the disorganization and attachment was completed; (D) determine the
assessed valuation of the territory attached to each enlarged school district;
(E) allocate the amount of the total foundation aid received by the former
school district in the school year preceding the date the disorganization
and attachment was completed to each of the enlarged school districts in
the same proportion the assessed valuation of the territory attached to each
school district bears to the assessed valuation of the former school district;
and (F) add the amounts determined under subparagraphs (B) and (E). The
sum is the total foundation aid of the enlarged school district for the school
year in which the attachment is completed.

New Sec. 13. (a) The board of education of each school district shall
levy an ad valorem tax upon the taxable tangible property of the school
district in the school years specified in subsection (b) for the purpose of:

(1) Financing that portion of the school district's general fund budget
that is not financed from any other source provided by law;

(2) paying a portion of the costs of operating and maintaining public
schools in partial fulfillment of the constitutional obligation of the
legislature to finance the educational interests of the state; and

(3) with respect to any redevelopment school district established prior
to July 1, 1997, pursuant to K.S.A. 12-1771, and amendments thereto,
paying a portion of the principal and interest on bonds issued by cities
under authority of K.S.A. 12-1774, and amendments thereto, for the
financing of redevelopment projects upon property located within the
school district.

(b) The tax required under subsection (a) shall be levied at a rate of

(c) The proceeds from the tax levied by a district under authority of
this section, except the proceeds of such tax levied for the purpose
described in subsection (a)(3), shall be remitted to the state treasurer in
accordance with the provisions of K.S.A. 75-4215, and amendments
thereto. Upon receipt of each such remittance, the state treasurer shall
deposit the entire amount in the state treasury to the credit of the state
school district finance fund.

(d) No school district shall proceed under K.S.A. 79-1964, 79-1964a
or 79-1964b, and amendments thereto.

New Sec. 14. (a) In each school year, the board of education of each
school district shall adopt a local foundation budget by resolution. Except
as provided in subsection (b), the local foundation budget shall be
determined by multiplying the school district's total foundation aid by
0.20. The resulting product is the local foundation budget of the school
district.

(b) For any school year in which 20% of the BASE aid equals an
amount that is less than $1,150, the local foundation budget shall be
determined by multiplying the adjusted enrollment of the school district by
$1,150.

(c) (1) Of the moneys deposited in or otherwise credited to the
supplemental general fund of a school district pursuant to sections 16 and
17, and amendments thereto, that are attributable to the local foundation
budget of such school district, an amount that is proportional to that
amount of such school district's total foundation aid attributable to the at-
risk student weighting as compared to such district's total foundation aid
shall be transferred to the at-risk education fund of such school district and
shall be expended in accordance with section 29, and amendments thereto.

(2) Of the moneys deposited in or otherwise credited to the
supplemental general fund of a school district pursuant to sections 16 and
17, and amendments thereto, that are attributable to the local foundation
budget of such school district, an amount that is proportional to that
amount of such school district's total foundation aid attributable to the
bilingual weighting as compared to such district's total foundation aid shall
be transferred to the bilingual education fund of such school district and
shall be expended in accordance with K.S.A. 2016 Supp. 72-9509, and
amendments thereto.

New Sec. 15. (a) In each school year, the board of education of a
school district may adopt, by resolution, a local enhancement budget that
does not exceed 5% of the total foundation aid of such school district.

(b) A resolution adopting a local enhancement budget shall require a
majority vote of the members of the board, and shall be effective upon
adoption and shall require no other procedure, authorization or approval.

(c) Unless specifically stated otherwise in the resolution, the authority
to adopt a local enhancement budget shall be continuous and permanent.
The board of education may choose not to adopt such a local enhancement
budget or may adopt a local enhancement budget in an amount less than
the amount authorized. If the board, whose authority to adopt a local
enhancement budget is not continuous and permanent, refrains from
adopting a local enhancement budget, the authority of such board to adopt
a local enhancement budget shall not be extended by such refrainment
beyond the period specified in the resolution authorizing adoption of such
local enhancement budget.

(d) The board of education may initiate procedures to renew or
increase the authority to adopt a local enhancement budget at any time
during a school year after the tax levied pursuant to section 16, and
amendments thereto, is certified to the county clerk under any existing
authorization.

(e) Any resolution adopted pursuant to this section may revoke or
repeal any resolution previously adopted by the board. If the resolution
does not revoke or repeal previously adopted resolutions, all resolutions
which are in effect shall expire on the same date. The maximum amount of
the local enhancement budget of a school district under all resolutions in
effect shall not exceed 5% of the total foundation aid of such school
district in any school year.

New Sec. 16. (a) The board of education of each school district shall
levy an ad valorem tax on the taxable tangible property of the school
district in the school years specified in section 13(b), and amendments
thereto, for the purposes of:

(1) Financing that portion of the school district's local foundation
budget that is not financed from any other source provided by law;
(2) financing that portion of the school district's local enhancement
budget, if any, that is not financed from any other source provided by law;
(3) paying a portion of the costs of operating and maintaining public
schools in partial fulfillment of the constitutional obligation of the
legislature to finance the educational interests of the state; and
(4) paying a portion of the principal and interest on bonds issued by
cities under authority of K.S.A. 12-1774, and amendments thereto, for the
financing of redevelopment projects upon property located within the
school district.

(b) The proceeds from the tax levied by a school district under
authority of this section, except the proceeds of such tax levied for the
purpose described in subsection (a)(4), shall be deposited in the
supplemental general fund of the school district.

(c) No school district shall proceed under K.S.A. 79-1964, 79-1964a
or 79-1964b, and amendments thereto.

New Sec. 17. (a) Except as provided by section 18, and amendments
thereto, each school year the state board shall determine the amount of
supplemental state aid for each school district as follows:

(1) Determine the amount of the assessed valuation per student in the
preceding school year of each school district;
(2) rank the school districts from low to high on the basis of the
amounts of assessed valuation per student determined under subsection (a)
(1);
(3) identify the amount of the assessed valuation per student located
at the 81.2 percentile of the amounts ranked under subsection (a)(2);
(4) divide the assessed valuation per student of the school district as
determined under subsection (a)(1) by the amount identified under
subsection (a)(3); and
(5) (A) if the quotient obtained under subsection (a)(4) equals or
exceeds one, the school district shall not receive supplemental state aid; or
(B) if the quotient obtained under subsection (a)(4) is less than one,
subtract the quotient obtained under subsection (a)(4) from one, and
multiply the difference by the aggregate amount of the local foundation
budget and the local enhancement budget of the school district. The
resulting product is the amount of supplemental state aid the school district
is to receive for the school year.
(b) If the amount of appropriations for supplemental state aid is less
than the aggregate amount all school districts are to receive for the school
year, the state board shall prorate the amount appropriated among the
school districts in proportion to the amount each school district is to
receive.
(c) Payments of supplemental state aid shall be distributed to school
districts on the dates prescribed by the state board. The state board shall
certify to the director of accounts and reports the amount due each school
district, and the director of accounts and reports shall draw a warrant on
the state treasurer payable to the treasurer of the school district. Upon
receipt of the warrant, the treasurer of the school district shall credit the
amount thereof to the supplemental general fund of the school district to
be used for the purposes of such fund.
(d) For the purposes of determining the total amount of state moneys
paid to school districts, all moneys appropriated as supplemental state aid
shall be deemed to be state moneys for educational and support services
for school districts.

New Sec. 18. (a) (1) For the purposes of determining the amount of
supplemental state aid, the state board shall determine the ranking of each
of the former school districts of which the school district is composed as
required by section 17(a)(2), and amendments thereto, for the school year
prior to the effectuation of the consolidation or attachment.
(2) For the school year in which the consolidation or attachment is
effectuated and the next succeeding two school years, the ranking of the
school district for the purposes of section 17(a)(2), and amendments thereto, shall be the ranking of the school district receiving the highest
amount of supplemental state aid determined under subsection (a)(1).
(b) The provisions of this section shall apply to school districts that
have consolidated or disorganized on and after July 1, 2004.
(c) As used in this section, "school district" means: (1) Any school
district formed by consolidation in accordance with article 87 of chapter
72 of the Kansas Statutes Annotated, and amendments thereto; or (2) any
school district formed by disorganization and attachment in accordance
with article 73 of chapter 72 of the Kansas Statutes Annotated, and
amendments thereto, if all the territory which comprised a disorganized school district is attached to a single school district.

New Sec. 19. (a) There is hereby established in each school district a supplemental general fund, which shall consist of all moneys deposited therein or credited thereto according to law.

(b) Subject to the limitations imposed under subsection (c), moneys in the supplemental general fund may be expended for any purpose for which expenditures from the general fund are authorized or may be transferred to any categorical fund of the school district.

(c) Moneys in the supplemental general fund shall not be expended for the purpose of making payments under any lease-purchase agreement involving the acquisition of land or buildings that is entered into pursuant to the provisions of K.S.A. 72-8225, and amendments thereto.

(d) (1) Except as provided in subsection (d)(2), any unexpended moneys remaining in the supplemental general fund of a school district at the conclusion of any school year in which a local enhancement budget is adopted shall be maintained in such fund.

(2) If the school district received supplemental state aid in the school year, the state board shall determine the ratio of the amount of supplemental state aid received to the amount of the local enhancement budget of the school district for the school year and multiply the total amount of the unexpended moneys remaining by such ratio. An amount equal to the amount of the product shall be transferred to the general fund of the school district or remitted to the state treasurer in accordance with the provisions of K.S.A. 75-4215, and amendments thereto. Upon receipt of any such remittance, the state treasurer shall deposit the same in the state treasury to the credit of the state school district finance fund.

New Sec. 20. (a) Each school year, the board of education of a school district may adopt a local activities budget by resolution. A local activities budget shall not exceed 4% of the local activities budget computation factor for the school district for the current school year as determined by the state board under subsection (d).

(b) (1) The adoption of a resolution pursuant to this subsection shall require a majority vote of the members of the board. The resolution shall be published at least once in a newspaper having general circulation in the school district, and shall be in substantial compliance with the following form:

Unified School District No. ________,

________________________ County, Kansas.

RESOLUTION

Be It Resolved that:

The board of education of the above-named school district shall be authorized to adopt a local activities budget in each school year in an
amount not to exceed ___% of the local activities budget computation
factor for the school district for the current school year.

CERTIFICATE

This is to certify that the above resolution was duly adopted by the
board of education of Unified School District No._____, ________County,
Kansas, on the _____ day of ______, _____.

____________________________
  Clerk of the board of education.

(2) All of the blanks in the resolution shall be filled appropriately.
The blank preceding the percentage symbol shall be filled with a specific
number. The percentage specified in the resolution shall not exceed 4%.

(c) Except as provided in subsection (d), a resolution adopted
pursuant to this section shall not be effective unless it is submitted to and
approved by a majority of the qualified electors of the school district
voting on the question at an election thereon. If the resolution is not
approved by a majority of the voters voting on the question at the election
thereon, no like resolution shall be adopted by the board within the nine
months following publication of the resolution. Any election called
pursuant to this section shall be noticed, called and held in the manner
provided by K.S.A. 10-120, and amendments thereto, for the noticing,
calling and holding of elections upon the question of issuing bonds under
the general bond law. Such election may be conducted in the manner
provided by the mail ballot act.

(d) If a school district was authorized to adopt a local option budget
in excess of 30% of such district's state financial aid for school year 2016-
2017 pursuant to K.S.A. 2016 Supp. 72-6471, prior to its expiration, then
any resolution adopted under this section shall be effective for school year
2017-2018 upon approval by a majority of the members of the board of
such district.

(e) Unless specifically stated otherwise in the resolution, the authority
to adopt a local activities budget shall be continuous and permanent. The
board of education of a school district may elect to not adopt a local
activities budget, or adopt such a budget in an amount less than that stated
in the resolution. If an initial resolution has been adopted under this
subsection, and such resolution specified a percentage less than the
percentage allowed under subsection (a), the board of education of the
school district may adopt one or more subsequent resolutions under the
same procedure as provided for the initial resolution, subject to the same
conditions. Any percentage specified in a subsequent resolution or in
subsequent resolutions shall be limited so that the sum of the percentage
authorized in the initial resolution and the percentage authorized in any
subsequent resolution is not in excess of 4% of the budget computation
factor for the district for the current school year.
(f) Each school year, the state board shall determine the local activities budget computation factor for each school district as follows:

(1) Determine the enrollment of the school district in the immediately preceding school year; and

(2) multiply the number determined under subsection (g)(1) by the BASE aid. The resulting product is the local activities budget computation factor of the school district for the current school year.

New Sec. 21. (a) The board of education of a school district that has adopted a local activities budget may levy an ad valorem tax on the taxable tangible property of the school district for the following purposes:

(1) Financing that portion of the school district's local activities budget that is not financed from any other source provided by law; and

(2) paying a portion of the principal and interest on bonds issued by cities under authority of K.S.A. 12-1774, and amendments thereto, for the financing of redevelopment projects upon property located within the district.

(b) The proceeds from the tax levied by a district under authority of this section, except the proceeds of such tax levied for the purpose described in subsection (a)(2), shall be deposited in the local activities fund of the district.

New Sec. 22. (a) Each school district that levies a tax pursuant to section 21, and amendments thereto, shall receive activities state aid in an amount determined by the state board as follows:

(1) Determine the amount of the assessed valuation per student of each school district in the state for the preceding school year and round such amount to the nearest $1,000. The rounded amount is the assessed valuation per student of a school district for the purposes of this section;

(2) determine the median assessed valuation per student of all school districts;

(3) prepare a schedule of dollar amounts using the amount of the median assessed valuation per student of all school districts as the point of beginning. The schedule of dollar amounts shall range upward in equal $1,000 intervals from the point of beginning to and including an amount that is equal to the amount of the assessed valuation per student of the school district with the highest assessed valuation per student of all school districts and shall range downward in equal $1,000 intervals from the point of beginning to and including an amount that is equal to the amount of the assessed valuation per student of the school district with the lowest assessed valuation per student of all school districts;

(4) determine a state aid percentage factor for each school district by assigning a state aid computation percentage to the amount of the median assessed valuation per student shown on the schedule, decreasing the state aid computation percentage assigned to the amount of the median assessed
valuation per student by one percentage point for each $1,000 interval above the amount of the median assessed valuation per student, and increasing the state aid computation percentage assigned to the amount of the median assessed valuation per student by one percentage point for each $1,000 interval below the amount of the median assessed valuation per student. The state aid percentage factor of a school district is the percentage assigned to the schedule amount that is equal to the amount of the assessed valuation per student of the school district, except that the state aid percentage factor of a school district shall not exceed 100%. The state aid computation percentage is 25%;

(5) determine the amount levied by each school district pursuant to section 21, and amendments thereto; and

(6) multiply the amount computed under subsection (a)(5) by the applicable state aid percentage factor. The resulting product is the amount of activities state aid the school district is to receive for the school year.

(b) If the amount of appropriations for activities state aid is less than the aggregate amount all school districts are to receive for the school year, the state board shall prorate the amount appropriated among the school districts in proportion to the amount each school district is to receive.

(c) Payments of activities state aid shall be distributed to school districts on the dates prescribed by the state board. The state board shall certify to the director of accounts and reports the amount due each school district, and the director of accounts and reports shall draw a warrant on the state treasurer payable to the treasurer of the school district. Upon receipt of the warrant, the treasurer of the school district shall credit the amount thereof to the local activities fund of the school district to be used for the purposes of such fund.

New Sec. 23. (a) There is hereby established in every school district that adopts a local activities budget a local activities fund, which shall consist of all moneys deposited therein or credited thereto according to law.

(b) Except as provided by subsection (c), moneys in the local activities fund may be expended for any purpose for which expenditures from the general fund are authorized or may be transferred to the general fund of the school district or to any categorical fund of the school district.

(c) For school year 2018-2019 and each school year thereafter, moneys in the local activities fund shall not be expended or transferred to the general fund of the school district for the purpose of funding the cost of providing the subjects or areas of instruction required by state law to be provided in accredited schools, including reasonable and necessary related instruction, administration, support staff, supplies, equipment and building costs.

(d) Any balance remaining in the local activities fund at the end of
the school year shall be carried forward into that fund for succeeding
school years. Such fund shall not be subject to the provisions of K.S.A. 79-
2925 through 79-2937, and amendments thereto. In preparing the local
activities budget of such school district, the amounts credited to and the
amount on hand in the local activities fund, and the amount expended
therefrom shall be included in the annual local activities fund budget.
Interest earned on the investment of moneys in any such fund shall be
credited to that fund.

New Sec. 24. (a) The transportation weighting of each school district
shall be determined by the state board as follows:

(1) Determine the total expenditures of the school district during the
preceding school year from all funds for transporting students of public
and nonpublic schools on regular school routes;

(2) determine the sum of: (A) The number of students who were
included in the enrollment of the school district in the preceding school
year who resided less than 2\( \frac{1}{2} \) miles by the usually traveled road from the
school building such students attended and for whom transportation was
made available by the school district; and (B) the number of nonresident
students who were included in the enrollment of the school district for the
preceding school year and for whom transportation was made available by
the school district;

(3) determine the number of students who were included in the
enrollment of the district in the preceding school year who resided 2\( \frac{1}{2} \)
miles or more by the usually traveled road from the school building such
students attended and for whom transportation was made available by the
school district;

(4) multiply the number of students determined under subsection (a)
(3) by 2.2;

(5) divide the amount determined under subsection (a)(2) by the
product obtained under subsection (a)(4);

(6) add one to the quotient obtained under subsection (a)(5);

(7) multiply the sum obtained under subsection (a)(6) by the amount
determined under subsection (a)(3);

(8) divide the amount determined under subsection (a)(1) by the
product obtained under subsection (a)(7). The resulting quotient is the per-
student cost of transportation;

(9) on a density-cost graph, plot the per-student cost of transportation
for each school district;

(10) construct a curve of best fit for the points so plotted;

(11) locate the index of density for the school district on the base line
of the density-cost graph and from the point on the curve of best fit
directly above this point of index of density follow a line parallel to the
base line to the point of intersection with the vertical line, which point is
the formula per-student cost of transportation of the school district;

(12) divide the formula per-student cost of transportation of the school district by the BASE aid;

(13) multiply the quotient obtained under subsection (a)(12) by the number of students who are included in the enrollment of the school district, are residing 2 1/2 miles or more by the usually traveled road to the school building they attend, and for whom transportation is being made available by, and at the expense of, the district. The product is the transportation weighting of the school district.

(b) For the purpose of providing accurate and reliable data on student transportation, the state board is authorized to adopt rules and regulations prescribing procedures that school districts shall follow in reporting pertinent information, including uniform reporting of expenditures for transportation.

(c) As used in this section:

(1) "Curve of best fit" means the curve on a density-cost graph drawn so the sum of the distances squared from such line to each of the points plotted on the graph is the least possible.

(2) "Density-cost graph" means a drawing having: (A) A horizontal or base line divided into equal intervals of density, beginning with zero on the left; and (B) a scale for per-student cost of transportation to be shown on a line perpendicular to the base line at the left end thereof, such scale to begin with zero dollars at the base line ascending by equal per-student cost intervals.

(3) "Index of density" means the number of students who are included in the enrollment of a school district in the current school year, are residing the designated distance or more by the usually traveled road from the school building they attend, and for whom transportation is being made available on regular school routes by the school district, divided by the number of square miles of territory in the school district.

New Sec. 25. The low enrollment weighting of each school district shall be determined by the state board as follows:

(a) For school districts with an enrollment of 1,622 or more, the low enrollment weighting shall be 0;

(b) for school districts with an enrollment of less than 100, the low enrollment weighting shall be equal to the low enrollment weighting of a school district with an enrollment of 100;

(c) for school districts with an enrollment of less than 1,622 and more than 99, the low enrollment weighting shall be determined as follows:

(1) Determine the low enrollment weighting for such school districts for school year 2004-2005 pursuant to K.S.A. 72-6412, prior to its repeal;

(2) multiply the low enrollment weighting of each school district determined under subsection (c)(1) by 3,863;
(3) add 3,863 to the product obtained under subsection (c)(2);
(4) divide the sum obtained under subsection (c)(3) by 4,107; and
(5) subtract 1.03504 from the quotient obtained under subsection (c)
(4). The difference shall be the low enrollment weighting of the school
district.

New Sec. 26. (a) The bilingual weighting of each school district shall
be determined by the state board as follows:
(1) Determine the full-time equivalent enrollment in approved
programs of bilingual education during the preceding school year and
multiply such enrollment by 0.361;
(2) determine the number of students enrolled in approved programs
of bilingual education during the preceding school year and multiply such
enrollment by 0.1; and
(3) the bilingual weighting shall be either the amount determined
under subsection (a)(1) or (a)(2), whichever is greater.
(b) A student shall be counted as enrolled in a bilingual education
program for not more than five school years.

New Sec. 27. (a) The at-risk student weighting of each school district
shall be determined by the state board as follows:
(1) Determine the number of at-risk students included in the
enrollment of the school district; and
(2) multiply the number determined under subsection (a)(1) by 0.456.
The resulting sum is the at-risk student weighting of the school district.
(b) The high-density at-risk student weighting of each school district
shall be determined by the state board as follows:
(1) (A) Determine if the enrollment of the school district exceeds
3,000 students;
(B) determine if the enrollment of the school district is at least 60%
at-risk students;
(C) if the school district's enrollment satisfies the requirements of
subsections (b)(1) (A) and (b)(1)(B), the state board shall:
(i) Determine the number of at-risk students included in the
enrollment of the school district; and
(ii) multiply the number determined under subsection (b)(3)(A) by
0.105. The resulting product is the high-density at-risk student weighting
of the school district.
(2) If the school district does not satisfy the requirements of
subsections (b)(1)(A) and (b)(1)(B), but has an enrollment of at least 2,500
students, and an enrollment of at least 50% at-risk students, the state board
shall:
(A) Subtract 1,250 from the number of at-risk students enrolled in the
school district;
(B) divide the difference determined under subsection (b)(2)(A) by
(C) multiply the product determined under subsection (b)(2)(B) by 0.105. The resulting sum is the high-density at-risk student weighting of the school district, except in no event shall a school district's high-density at-risk student weighting exceed 0.105.

New Sec. 28. (a) If a student submits an application for free meals under the national school lunch act on or before the date on which the enrollment of the school district is calculated and it is later determined by the school district or the department of education that the student should not have been eligible for free meals, the school district or the department shall notify the state board of such determination. Except as provided in subsection (b), upon receipt of such notice, the state board shall recompute the adjusted enrollment of the school district and the general fund budget of the school district based on the adjusted enrollment of the school district excluding the at-risk student weighting and high density at-risk student weighting, if any, assigned to such student.

(b) If a student becomes ineligible to receive free meals under the national school lunch act for failure to submit, in a timely manner, any documentation necessary for verification of eligibility as required by the national school lunch act, but subsequently submits such documentation, such student shall not be excluded from the calculation of the adjusted enrollment of the school district if the school district forwards a copy of such documentation to the state board no later than January 14 of the school year.

New Sec. 29. (a) There is hereby established in every school district an at-risk education fund, which shall consist of all moneys deposited therein or transferred thereto according to law. The expenses of a school district directly attributable to providing at-risk student assistance or programs shall be paid from the at-risk education fund.

(b) Any balance remaining in the at-risk education fund at the end of the budget year shall be carried forward into the at-risk education fund for succeeding budget years. Such fund shall not be subject to the provisions of K.S.A. 79-2925 through 79-2937, and amendments thereto. In preparing the budget of such school district, the amounts credited to and the amount on hand in the at-risk education fund, and the amount expended therefrom shall be included in the annual budget for the information of the residents of the school district.

(c) Expenditures from the at-risk education fund of a school district shall only be made for the following purposes:

(1) At-risk educational programs approved by the state board;

(2) personnel providing educational services in conjunction with such programs; and

(3) services contracted for by the school district to provide at-risk
(d) Each year the board of education of each school district shall prepare and submit to the state board a report on the at-risk student assistance or programs provided by the school district. Such report shall include the number of students who were served or provided assistance, the type of service provided, the research upon which the school district relied in determining that a need for service or assistance existed, the results of providing such service or assistance and any other information required by the state board.

(e) In order to achieve uniform reporting of the number of students provided service or assistance by school districts in at-risk student programs, school districts shall report the number of students served or assisted in the manner required by the state board.

New Sec. 30. The special education and related services weighting of each school district shall be determined by the state board as follows:

(a) Add the amount of payments received by the school district under the provisions of K.S.A. 72-979, and amendments thereto, to the amount of any grants received by the school district under the provisions of K.S.A. 72-983, and amendments thereto; and

(b) divide the sum obtained under subsection (a) by the BASE aid. The resulting quotient is the special education and related services weighting of the school district.

New Sec. 31. (a) (1) The board of education of a school district to which the provisions of this section apply may levy an ad valorem tax on the taxable tangible property of the school district each year for a period of time not to exceed two years in an amount not to exceed the amount authorized by the state board of tax appeals under this subsection for the purpose of financing the costs incurred by the state that are directly attributable to assignment of new school facilities cost weighting to the foundation enrollment of the school district. The state board of tax appeals may authorize the school district to make a levy that will produce an amount that is not greater than the difference between the amount of costs directly attributable to commencing operation of one or more new school facilities and the amount that is financed from any other source provided by law for such purpose. If the school district is not eligible, or will be ineligible, for new school facilities cost weighting in any one or more years during the two-year period for which the school district is authorized to levy a tax under this subsection, the state board of tax appeals may authorize the school district to make a levy, in such year or years of ineligibility, that will produce an amount that is not greater than the actual amount of costs attributable to commencing operation of the facility or facilities.

(2) The state board of tax appeals shall certify to the state board the
amount authorized to be produced by the levy of a tax under this subsection.

(3) The state board of tax appeals may adopt rules and regulations necessary to effectuate the provisions of this subsection, including rules and regulations relating to the evidence required in support of a school district's claim that the costs attributable to commencing operation of one or more new school facilities are in excess of the amount that is financed from any other source provided by law for such purpose.

(b) The board of education of a school district that has levied an ad valorem tax on the taxable tangible property of the school district each year for a period of two years under authority of subsection (a) may continue to levy such tax under authority of this subsection each year for an additional period of time not to exceed six years in an amount not to exceed the amount computed by the state board as provided in this subsection if the board of the school district determines that the costs attributable to commencing operation of one or more new school facilities are significantly greater than the costs attributable to the operation of other school facilities in the school district. The tax authorized under this subsection may be levied at a rate that will produce an amount that is not greater than the amount computed by the state board as provided in this subsection. In computing such amount, the state board shall:

(1) Determine the amount produced by the tax levied by the school district under authority of subsection (a) in the second year for which such tax was levied and add to such amount the amount of state foundation aid directly attributable to new school facilities cost weighting that was received by the school district in the same year;

(2) compute 90% of the amount of the sum obtained under subsection (b)(1), which computed amount is the amount the school district may levy in the first year of the six-year period for which the school district may levy a tax under authority of this subsection;

(3) compute 75% of the amount of the sum obtained under subsection (b)(1), which computed amount is the amount the school district may levy in the second year of the six-year period for which the school district may levy a tax under authority of this subsection;

(4) compute 60% of the amount of the sum obtained under subsection (b)(1), which computed amount is the amount the school district may levy in the third year of the six-year period for which the school district may levy a tax under authority of this subsection;

(5) compute 45% of the amount of the sum obtained under subsection (b)(1), which computed amount is the amount the school district may levy in the fourth year of the six-year period for which the school district may levy a tax under authority of this subsection;

(6) compute 30% of the amount of the sum obtained under subsection
(b)(1), which computed amount is the amount the school district may levy in the fifth year of the six-year period for which the school district may levy a tax under authority of this subsection; and

(7) compute 15% of the amount of the sum obtained under subsection (b)(1), which computed amount is the amount the school district may levy in the sixth year of the six-year period for which the school district may levy a tax under authority of this subsection.

In determining the amount produced by the tax levied by the school district under authority of subsection (a), the state board shall include any moneys apportioned to the new school facilities fund of the school district from taxes levied under the provisions of K.S.A. 79-5101 et seq. and 79-5118 et seq., and amendments thereto.

(c) The proceeds from any tax levied by a school district under authority of this section shall be remitted to the state treasurer in accordance with the provisions of K.S.A. 75-4215, and amendments thereto. Upon receipt of each such remittance, the state treasurer shall deposit the entire amount in the state treasury to the credit of the state school district finance fund.

(d) The new school facilities cost weighting may be assigned to the enrollment of a school district only if the school district has levied a tax under the authority of subsection (a), and remitted the proceeds from such tax to the state treasurer. The new school facilities cost weighting of each school district shall be determined in each school year in which such weighting may be assigned to the foundation enrollment of the school district as follows:

(1) Add the amount to be produced by a tax levy as authorized under subsection (a) and certified to the state board by the state board of tax appeals to the amount computed under subsection (b) to be produced by a tax levy, if any; and

(2) divide the sum obtained under subsection (d)(1) by the BASE aid. The resulting quotient is the new school facilities cost weighting of the school district.

(e) The provisions of this section apply to any school district that:

(1) Commenced operation of one or more new school facilities in the school year preceding the current school year or has commenced or will commence operation of one or more new school facilities in the current school year;

(2) adopted a local enhancement budget; and

(3) is experiencing extraordinary enrollment growth as determined by the state board.

New Sec. 32. (a) Subject to subsection (b), the board of education of a school district may levy a tax on the taxable tangible property within the school district for the purpose of financing the costs incurred by the state
that are attributable directly to assignment of the cost-of-living weighting
to the foundation enrollment of the school district.

(b) The state board shall determine whether a school district may levy
a tax under this section as follows:

(1) Determine the statewide average appraised value of single family
residences for the calendar year preceding the current school year;

(2) multiply the amount determined under subsection (b)(1) by 1.25;

(3) determine the average appraised value of single family residences
in each school district for the calendar year preceding the current school
year; and

(4) subtract the amount determined under subsection (b)(2) from the
amount determined under subsection (b)(3). If the amount determined for
the school district is a positive number and the school district has adopted
a local enhancement budget in an amount equal to at least 5% of the total
foundation aid for the school district, the school district qualifies for
assignment of cost-of-living weighting and may levy a tax on the taxable
tangible property of the school district for the purpose of financing the
costs that are attributable directly to assignment of the cost-of-living
weighting to the foundation enrollment of the school district.

(c) (1) No tax may be levied under this section unless the board of
education adopts a resolution authorizing such a tax levy and publishes the
resolution at least once in a newspaper having general circulation in the
school district. Except as provided by subsection (e), the resolution shall
be published in substantial compliance with the following form:

Unified School District No. ______, __________________ County, Kansas.

RESOLUTION

Be It Resolved that:

The board of education of the above-named school district shall be
authorized to levy an ad valorem tax in an amount not to exceed the
amount necessary to finance the costs attributable directly to the
assignment of cost-of-living weighting to the enrollment of the school
district. The ad valorem tax authorized by this resolution may be levied
unless a petition in opposition to the same, signed by not less than 5% of
the qualified electors of the school district, is filed with the county election
officer of the home county of the school district within 30 days after the
publication of this resolution. If a petition is filed, the county election
officer shall submit the question of whether the levy of such a tax shall be
authorized in accordance with the provisions of this resolution to the
electors of the school district at the next general election of the school
district, as is specified by the board of education of the school district.

CERTIFICATE

This is to certify that the above resolution was duly adopted by the
board of education of Unified School District No. _______, __________
County, Kansas, on the ____ day of ___________, (year)____.

____________________________
Clerk of the board of education.

(2) All of the blanks in the resolution shall be filled appropriately. If no petition as specified above is filed in accordance with the provisions of the resolution, the resolution authorizing the ad valorem tax levy shall become effective. If a petition is filed as provided in the resolution, the board may notify the county election officer to submit the question of whether such tax levy shall be authorized. If the board fails to notify the county election officer within 30 days after a petition is filed, the resolution shall be deemed abandoned and of no force and effect and no like resolution shall be adopted by the board within the nine months following publication of the resolution. If a majority of the votes cast in an election conducted pursuant to this provision is in favor of the resolution, such resolution shall be effective on the date of such election. If a majority of the votes cast is not in favor of the resolution, the resolution shall be deemed of no force and effect and no like resolution shall be adopted by the board within the nine months following such election.

(d) There is hereby established in every school district a cost-of-living fund, which shall consist of all moneys deposited therein or transferred thereto in accordance with law. All moneys derived from a tax imposed pursuant to this section shall be credited to the cost-of-living fund. The proceeds from the tax levied by a school district credited to the cost-of-living fund shall be remitted to the state treasurer in accordance with the provisions of K.S.A. 75-4215, and amendments thereto. Upon receipt of each such remittance, the state treasurer shall deposit the entire amount in the state treasury to the credit of the state school district finance fund.

(e) In determining the amount produced by the tax levied by the school district under the authority of this section, the state board shall include any moneys apportioned to the cost-of-living fund of the school district from taxes levied under the provisions of K.S.A. 79-5101 et seq. and 79-5118 et seq., and amendments thereto.

(f) The cost-of-living weighting of a school district shall be determined by the state board in each school year in which such weighting may be assigned to the foundation enrollment of the school district as follows:

(1) Divide the amount determined under subsection (b)(4) by the amount determined under subsection (b)(2);

(2) multiply the quotient determined under subsection (f)(1) by 0.095;

(3) multiply the school district's total foundation aid for the current school year, excluding the amount determined under this provision, by the
lesser of the product determined under subsection (f)(2) or 0.05; and

(4) divide the product determined under subsection (f)(3) by the
BASE aid for the current school year. The quotient is the cost-of-living
weighting of the school district.

New Sec. 33. (a) (1) (A) The board of education of a school district
may levy an ad valorem tax on the taxable tangible property of the school
district each year for a period of time not to exceed two years, unless
authority to make such levy is renewed by the state board of tax appeals, in
an amount not to exceed the amount authorized by the state board of tax
appeals under this section for the purpose of financing the costs incurred
by the state that are directly attributable to assignment of declining
enrollment weighting to the foundation enrollment of the school district.
The state board of tax appeals may authorize the school district to make a
levy that will produce an amount that is not greater than the amount of
revenues lost as a result of the declining enrollment of the school district.
Such amount shall not exceed 5% of the general fund budget of the school
district in the school year in which the school district applies to the state
board of tax appeals for authority to make a levy pursuant to this
subsection. The state board of tax appeals may renew the authority to
make such levy for periods of time not to exceed two years.

(B) For school year 2017-2018, as an alternative to the authority
provided in subsection (a)(1)(A), if a school district was authorized to
make a levy pursuant to K.S.A. 72-6451, prior to its repeal, in school year
2006-2007, such school district shall remain authorized to make a levy at a
rate necessary to generate revenue equal to \( \frac{1}{2} \) of the amount that was

(2) The state board of tax appeals shall certify to the state board the
amount authorized to be produced by the levy of a tax under this section.

(3) The state board shall prescribe guidelines for the data that school
districts shall include in cases before the state board of tax appeals
pursuant to this section. The state board shall provide to the state board of
tax appeals such school data and information requested by the state board
of tax appeals and any other information deemed necessary by the state
board.

(b) There is hereby established in every school district a declining
enrollment fund, which shall consist of all moneys deposited therein or
transferred thereto according to law. The proceeds from the tax levied by a
school district under authority of this section shall be credited to the
decreasing enrollment fund of the school district. The proceeds from the tax
levied by a school district credited to the declining enrollment fund shall
be remitted to the state treasurer in accordance with the provisions of
K.S.A. 75-4215, and amendments thereto. Upon receipt of each such
remittance, the state treasurer shall deposit the entire amount in the state
treasury to the credit of the state school district finance fund.

(c) In determining the amount produced by the tax levied by the school district under authority of this section, the state board shall include any moneys apportioned to the declining enrollment fund of the school district from taxes levied under the provisions of K.S.A. 79-5101 et seq. and 79-5118 et seq., and amendments thereto.

(d) The declining enrollment weighting of a school district shall be determined by the state board in each school year in which such weighting may be assigned to the foundation enrollment of the school district. The state board shall divide the amount certified under subsection (a)(2) by the BASE aid. The resulting quotient is the declining enrollment weighting of the school district.

(e) As used in this section:

(1) "Declining enrollment" means an enrollment that has declined in amount from that of the preceding school year.

(2) "School district" means a school district that: (A) Has a declining enrollment; and (B) has adopted a local option budget in an amount that equals at least 5% of the total foundation aid for the school district at the time the school district applies to the state board of tax appeals for authority to make a levy pursuant to this section.

(f) The provisions of this section shall expire on July 1, 2018.

New Sec. 34. For the purpose of determining the general fund budget of a school district, weightings shall not be assigned to a student enrolled in and attending KAMS. Moneys in the general fund that are attributable to a student enrolled in and attending KAMS shall not be included in the computation of the local enhancement budget of the school district.

New Sec. 35. (a) There is hereby established in every school district a career and postsecondary education fund, which shall consist of all moneys deposited therein or transferred thereto according to law. All moneys received by a school district for any course or program authorized and approved under the provisions of article 44 of chapter 72 of the Kansas Statutes Annotated, and amendments thereto, except for courses and programs conducted in an area vocational school, shall be credited to the career and postsecondary education fund. All moneys received by the school district from tuition, fees or charges or from any other source for career technical education courses or programs, except for courses and programs conducted in an area vocational school, shall be credited to the career and postsecondary education fund. All moneys received by the school district from tuition, fees or charges or from any other source for postsecondary education courses or programs shall be credited to the career and postsecondary education fund.

(b) Expenditures made by a school district that are directly attributable to the following shall be paid from the career and
postsecondary education fund:

(1) Career technical education;
(2) postsecondary education courses; and
(3) courses provided through distance-learning technology.

c) Any balance remaining in the career technical education fund at the end of the budget year shall be carried forward into the career technical education fund for succeeding budget years. Such fund shall not be subject to the provisions of K.S.A. 79-2925 through 79-2937, and amendments thereto. In preparing the budget of such school district, the amounts credited to and the amount on hand in the career technical education fund, and the amount expended therefrom shall be included in the annual budget for the information of the residents of the school district.

New Sec. 36. There is hereby established in every school district a driver training fund, which shall consist of all moneys deposited therein or transferred thereto according to law. All moneys received by the school district from distributions made from the state safety fund and the motorcycle safety fund and from tuition, fees or charges for driver training courses shall be credited to the driver training fund. The expenses of a school district directly attributable to driver training shall be paid from the driver training fund.

New Sec. 37. There is hereby established in every school district a food service fund, which shall consist of all moneys deposited therein or transferred thereto according to law. All moneys received by the school district for food service and from charges for food service shall be credited to the food service fund. The expenses of a school district attributable to food service shall be paid from the food service fund.

New Sec. 38. There is hereby established in every school district a contingency reserve fund, which shall consist of all moneys deposited therein or transferred thereto according to law. The fund shall be maintained for payment of expenses of a school district attributable to financial contingencies as determined by the board.

New Sec. 39. (a) Except as otherwise provided in this section, any revenues of a school district, not required by law to be deposited in or credited to a specific fund, shall be deposited in or credited to any categorical fund of the school district or to the capital outlay fund of the school district.

(b) At the discretion of the board of education of a school district, revenues earned from the investment of an activity fund of the school district in accordance with the provisions of K.S.A. 12-1675, and amendments thereto, may be deposited in or credited to such activity fund.

(c) (1) At the discretion of the board and subject to subsection (c)(2), any revenues specified in subsections (a) and (b) may be deposited in or credited to the general fund of the school district in any school year for
which the allotment system authorized under K.S.A. 75-3722, and
amendments thereto, has been inaugurated and applied to appropriations
made for state foundation aid, or in any school year for which any portion
of the appropriations made for state foundation aid are lapsed by an act of
the legislature.

(2) In no event may the amount of revenues deposited in or credited
to the general fund of the school district under authority of subsection (c)
(1) exceed an amount equal to the amount of the reduction in state
foundation aid paid to the school district determined by the state board to
be the result of application of the allotment system to the appropriations
made for state foundation aid or of the lapse of any portion thereof by an
act of the legislature.

(d) At the discretion of the board, revenues received by the school
district from the federal government as the school district's share of the
proceeds derived from sale by the federal government of its rights to oil,
gas and other minerals located beneath the surface of lands within the
school district's boundaries may be deposited in the bond and interest fund
of the school district and used for the purposes of such fund. If at any time
all indebtedness and obligations of such fund have been fully paid and
canceled, the revenues authorized by this subsection to be deposited in
such fund shall be disposed of as provided in subsection (a).

(e) To the extent that K.S.A. 72-1623, 72-8804 and 79-2958, and
amendments thereto, conflict with this section, this section shall control.

New Sec. 40. (a) Any lawful transfer of moneys from the general
fund of a school district to any other fund shall be an operating expense in
the year the transfer is made. The board of education of a school district
may transfer moneys from the general fund to any categorical fund of the
school district in any school year.

(b) The board may transfer moneys from the general fund to the

reserve fund.

(c) The board may transfer moneys from the general fund to the:
(1) Capital outlay fund;
(2) special reserve fund;
(3) special liability expense fund; and

general fund to any such fund in the same school year.

New Sec. 41. Expenditures of a school district for the following
purposes are not operating expenses:
(a) Payments to another school district in an adjustment of rights as provided in K.S.A. 72-6776, and amendments thereto, or upon transfer of territory as provided in K.S.A. 72-7105, 72-7106 or 72-7107, and amendments thereto, if paid from any fund other than the general fund;

(f) programs financed, in part or in whole, by federal funds that may be expended although not included in the budget of the school district, excluding funds received under the provisions of title I of public law 874, but not including in such exclusion amounts received for assistance in cases of major disaster and amounts received under the low-rent housing program, to the extent of the federal funds to be provided.

New Sec. 42. If in any school year a school district expends an amount for operating expenses that exceeds its general fund budget, the state board shall determine the excess and deduct the same from amounts of state foundation aid payable to the school district during the next succeeding school year.

New Sec. 43. (a) In order to accomplish the mission for Kansas education, the state board shall design and adopt a school district accreditation system based upon improvement in performance that reflects high academic standards and is measurable. property shall be paid to and collected by the county treasurer in the same
manner as other taxes are paid and collected. Except as otherwise provided
in this section, the county treasurer shall distribute such taxes as may be
collected in the same manner as if such property were located outside a
redevelopment district. Each redevelopment district established under the
provisions of this act shall constitute a separate taxing unit for the purpose
of the computation and levy of taxes.

following the date of approval of any redevelopment district established
pursuant to K.S.A. 74-8921, and amendments thereto, real property taxes
received by the county treasurer resulting from taxes which are levied
subject to the provisions of this act by and for the benefit of a taxing
subdivision, as herein defined, on property located within such
redevelopment district constituting a separate taxing unit under the
provisions of this section, shall be divided as follows:

Any real property taxes paid to the state treasurer under this section shall be deposited in the redevelopment bond finance fund of the authority which is created pursuant to K.S.A. 74-8927, and amendments thereto, to pay the costs of any approved redevelopment project, including the payment of principal of and interest on any bonds issued by the authority to finance, in whole or in part, such project. When such bonds and interest thereon have been paid, all moneys thereafter received from real property taxes within such redevelopment district shall be allocated and paid to the respective taxing subdivisions in the same manner as are other ad valorem taxes. If such bonds and interest thereon have been paid before the completion of a project, the authority may continue to use such moneys for any purpose authorized by the redevelopment agreement until such time as the project costs are paid or reimbursed, but for a period not to exceed the final scheduled maturity of the bonds.

(d) In any redevelopment plan or in the proceedings for the issuing of any bonds by the authority to finance a project, the property tax increment portion of taxes provided for in subsection (c)(2) may be irrevocably pledged for the payment of the principal of and interest on such bonds. The authority may adopt a redevelopment plan in which only a specified percentage of the tax increment realized from taxpayers in the redevelopment district is pledged to the payment of costs.
Sec. 91. K.S.A. 2016 Supp. 74-99b43 is hereby amended to read as follows: 74-99b43. (a) The Kansas development finance authority is hereby authorized to issue special obligation bonds pursuant to K.S.A. 74-8901 et seq., and amendments thereto, in one or more series to finance the undertaking of any bioscience development project in accordance with the provisions of this act. No special obligation bonds may be issued pursuant to this section unless the Kansas development finance authority has received a resolution of the board of the authority requesting the issuance of such bonds. Such special obligation bonds shall be made payable, both as to principal and interest from one or more of the following, as directed by the authority:

(1) From ad valorem tax increments allocated to, and paid into the bioscience development bond fund for the payment of the project costs of a bioscience development project under the provisions of this section;

(2) from any private sources, contributions or other financial assistance from the state or federal government;

(3) from a pledge of a portion or all of the revenue received from transient guest, sales and use taxes collected pursuant to K.S.A. 12-1696 et seq., 79-3601 et seq., 79-3701 et seq. and 12-187 et seq., and amendments thereto, and which are collected from taxpayers doing business within that portion of the bioscience development district and paid into the bioscience development bond fund;

(4) from a pledge of a portion or all increased revenue received by any city from franchise fees collected from utilities and other businesses using public right-of-way within the bioscience development district; or

(5) by any combination of these methods.

(b) All tangible taxable property located within a bioscience development district shall be assessed and taxed for ad valorem tax purposes pursuant to law in the same manner that such property would be assessed and taxed if located outside such district, and all ad valorem taxes levied on such property shall be paid to and collected by the county treasurer in the same manner as other taxes are paid and collected. Except as otherwise provided in this section, the county treasurer shall distribute such taxes as may be collected in the same manner as if such property were located outside a bioscience development district. Each bioscience development district established under the provisions of this act shall constitute a separate taxing unit for the purpose of the computation and levy of taxes.

(c) Beginning with the first payment of taxes which are levied following the date of the establishment of the bioscience development district real property taxes received by the county treasurer resulting from taxes which are levied subject to the provisions of this act by and for the benefit of a taxing subdivision, as defined in K.S.A. 2016 Supp. 12-1770a,
and amendments thereto, on property located within such bioscience development district constituting a separate taxing unit under the provisions of this section, shall be divided as follows:

(1) From the taxes levied each year subject to the provisions of this act by or for each of the taxing subdivisions upon property located within a bioscience development district constituting a separate taxing unit under the provisions of this act, the county treasurer first shall allocate and pay to each such taxing subdivision all of the real property taxes collected which are produced from the base year assessed valuation.

(2) Any real property taxes, except for property taxes levied for schools pursuant to K.S.A. 2016 Supp. 72-6470 section 13, and amendments thereto, produced from that portion of the current assessed valuation of real property within the bioscience development district constituting a separate taxing unit under the provisions of this section in excess of the base year assessed valuation shall be allocated and paid by the county treasurer to the bioscience development bond fund to pay the bioscience development project costs including the payment of principal and interest on any special obligation bonds to finance, in whole or in part, such bioscience development projects.

(d) The authority may pledge the bioscience development bond fund or other available revenue to the repayment of such special obligation bonds prior to, simultaneously with, or subsequent to the issuance of such special obligation bonds.

(e) Any bonds issued under the provisions of this act and the interest paid thereon, unless specifically declared to be taxable in the authorizing resolution of the Kansas development finance authority, shall be exempt from all state, county and municipal taxes, and the exemption shall include income, estate and property taxes.

Sec. 92. K.S.A. 2016 Supp. 75-2319 is hereby amended to read as follows: 75-2319. (a) There is hereby established in the state treasury the school district capital improvements fund. The fund shall consist of all amounts transferred thereto under the provisions of subsection (c).

(b) In each school year, each school district which is obligated to make payments from its capital improvements fund shall be entitled to receive payment from the school district capital improvements fund in an amount determined by the state board of education as provided in this subsection.

(1) For general obligation bonds approved for issuance at an election held prior to July 1, 2015, the state board of education shall:

(A) Determine the amount of the assessed valuation per pupil (AVPP) of each school district in the state for the preceding school year and round such amount to the nearest $1,000. The rounded amount is the AVPP of a school district for the purposes of this subsection (b)(1);
(B) determine the median AVPP of all school districts;

(C) prepare a schedule of dollar amounts using the amount of the median AVPP of all school districts as the point of beginning. The schedule of dollar amounts shall range upward in equal $1,000 intervals from the point of beginning to and including an amount that is equal to the amount of the AVPP of the school district with the highest AVPP of all school districts and shall range downward in equal $1,000 intervals from the point of beginning to and including an amount that is equal to the amount of the AVPP of the school district with the lowest AVPP of all school districts;

(D) determine a state aid percentage factor for each school district by assigning a state aid computation percentage to the amount of the median AVPP shown on the schedule, decreasing the state aid computation percentage assigned to the amount of the median AVPP by one percentage point for each $1,000 interval above the amount of the median AVPP, and increasing the state aid computation percentage assigned to the amount of the median AVPP by one percentage point for each $1,000 interval below the amount of the median AVPP. Except as provided by K.S.A. 2016 Supp. 75-2319c, and amendments thereto, the state aid percentage factor of a school district is the percentage assigned to the schedule amount that is equal to the amount of the AVPP of the school district. The state aid percentage factor of a school district shall not exceed 100%. The state aid computation percentage is 25%;

(E) determine the amount of payments that a school district is obligated to make from its bond and interest fund attributable to general obligation bonds approved for issuance at an election held prior to July 1, 2015; and

(F) multiply the amount determined under subsection (b)(1)(E) by the applicable state aid percentage factor.

(2) For general obligation bonds approved for issuance at an election held on or after July 1, 2015, the state board of education shall:

(A) Determine the amount of the AVPP of each school district in the state for the preceding school year and round such amount to the nearest $1,000. The rounded amount is the AVPP of a school district for the purposes of this subsection (b)(2);

(B) prepare a schedule of dollar amounts using the amount of the AVPP of the school district with the lowest AVPP of all school districts as the point of beginning. The schedule of dollar amounts shall range upward in equal $1,000 intervals from the point of beginning to and including an amount that is equal to the amount of the AVPP of the school district with the highest AVPP of all school districts;

(C) determine a state aid percentage factor for each school district by assigning a state aid computation percentage to the amount of the lowest
AVPP shown on the schedule and decreasing the state aid computation percentage assigned to the amount of the lowest AVPP by one percentage point for each $1,000 interval above the amount of the lowest AVPP. Except as provided by K.S.A. 2016 Supp. 75-2319c, and amendments thereto, the state aid percentage factor of a school district is the percentage assigned to the schedule amount that is equal to the amount of the AVPP of the school district. The state aid computation percentage is 75%;

(D) determine the amount of payments that a school district is obligated to make from its bond and interest fund attributable to general obligation bonds approved for issuance at an election held on or after July 1, 2015; and

(E) multiply the amount determined under subsection (b)(2)(D) by the applicable state aid percentage factor.

(3) For general obligation bonds approved for issuance at an election held on or before June 30, 2016, the sum of the amount determined under subsection (b)(1)(F) and the amount determined under subsection (b)(2)(E) is the amount of payment the school district is entitled to receive from the school district capital improvements fund in the school year.

(4) For general obligation bonds approved for issuance at an election held on or after July 1, 2016, the amount determined under subsection (b)(2)(E) is the amount of payment the school district shall receive from the school district capital improvements fund in the school year, except the total amount of payments school districts receive from the school district capital improvements fund in the school year for such bonds shall not exceed the six-year average amount of capital improvement state aid as determined by the state board of education.

(A) The state board of education shall determine the six-year average amount of capital improvement state aid by calculating the average of the total amount of moneys expended per year from the school district capital improvements fund in the immediately preceding six fiscal years, not to include the current fiscal year.

(B) (i) Subject to clause (ii), the state board of education shall prioritize the allocations to school districts from the school district capital improvements fund in accordance with the priorities set forth as follows in order of highest priority to lowest priority:

(a) Safety of the current facility and disability access to such facility as demonstrated by a state fire marshal report, an inspection under the Americans with disabilities act, 42 U.S.C. § 12101 et seq., or other similar evaluation;

(b) enrollment growth and imminent overcrowding as demonstrated by successive increases in enrollment of the school district in the immediately preceding three school years;

(c) impact on the delivery of educational services as demonstrated by
restrictive inflexible design or limitations on installation of technology; and

(d) energy usage and other operational inefficiencies as demonstrated by a district-wide energy usage analysis, district-wide architectural analysis or other similar evaluation.

(ii) In allocating capital improvement state aid, the state board shall give higher priority to those school districts with a lower AVPP compared to the other school districts that are to receive capital improvement state aid under this section.

(C) On and after July 1, 2016, the state board of education shall approve the amount of state aid payments a school district shall receive from the school district capital improvements fund pursuant to subsection (b)(5) prior to an election to approve the issuance of general obligation bonds.

(5) Except as provided in subsection (b)(6), the sum of the amounts determined under subsection (b)(3) and the amount determined or allocated to the district by the state board of education pursuant to subsection (b)(4), is the amount of payment the school district is entitled to receive from the school district capital improvements fund in the school year.

(6) A school district that had an enrollment of less than 260 students in the school year immediately preceding the school year in which an election is held to approve the issuance of general obligation bonds shall not be entitled to receive payments from the school district capital improvements fund unless such school district applied for and receive approval from the state board of education to issue such bonds prior to holding an election to approve such bond issuance. The provisions of this paragraph shall apply to general obligation bonds approved for issuance at an election held on or after July 1, 2017, that are issued for the purpose of financing the construction of new school facilities.

(c) The state board of education shall certify to the director of accounts and reports the entitlements of school districts determined under the provisions of subsection (b), and an amount equal thereto shall be transferred by the director from the state general fund to the school district capital improvements fund for distribution to school districts. All transfers made in accordance with the provisions of this subsection shall be considered to be demand transfers from the state general fund, except that all such transfers during the fiscal years ending June 30, 2013, June 30, 2014, June 30, 2015, and June 30, 2016, shall be considered to be revenue transfers from the state general fund.

(d) Payments from the school district capital improvements fund shall be distributed to school districts at times determined by the state board of education to be necessary to assist school districts in making scheduled
payments pursuant to contractual bond obligations. The state board of education shall certify to the director of accounts and reports the amount due each school district entitled to payment from the fund, and the director of accounts and reports shall draw a warrant on the state treasurer payable to the treasurer of the school district. Upon receipt of the warrant, the treasurer of the school district shall credit the amount thereof to the bond and interest fund of the school district to be used for the purposes of such fund.

(e) The provisions of this section apply only to contractual obligations incurred by school districts pursuant to general obligation bonds issued upon approval of a majority of the qualified electors of the school district voting at an election upon the question of the issuance of such bonds.

(f) On or before the first day of the legislative session in 2017, and each year thereafter, the state board of education shall prepare and submit a report to the legislature that includes information on school district elections held on or after July 1, 2016, to approve the issuance of general obligation bonds and the amount of payments school districts were approved to receive from the school district capital improvements fund pursuant to subsection (b)(4)(C).

Sec. 93. K.S.A. 2016 Supp. 79-201x is hereby amended to read as follows: 79-201x. For taxable years 2015 and 2016, the following described property, to the extent herein specified, shall be and is hereby exempt from the property tax levied pursuant to the provisions of K.S.A. 2016 Supp. 72-6470 section 13, and amendments thereto: Property used for residential purposes to the extent of $20,000 of its appraised valuation.

Sec. 94. K.S.A. 2016 Supp. 79-213 is hereby amended to read as follows: 79-213. (a) Any property owner requesting an exemption from the payment of ad valorem property taxes assessed, or to be assessed, against their property shall be required to file an initial request for exemption, on forms approved by the state board of tax appeals and provided by the county appraiser.

(b) The initial exemption request shall identify the property for which the exemption is requested and state, in detail, the legal and factual basis for the exemption claimed.

(c) The request for exemption shall be filed with the county appraiser of the county where such property is principally located.

(d) After a review of the exemption request, and after a preliminary examination of the facts as alleged, the county appraiser shall recommend that the exemption request either be granted or denied, and, if necessary, that a hearing be held. If a denial is recommended, a statement of the controlling facts and law relied upon shall be included on the form.
(e) The county appraiser, after making such written recommendation, shall file the request for exemption and the recommendations of the county appraiser with the state board of tax appeals. With regard to a request for exemption from property tax pursuant to the provisions of K.S.A. 79-201g and 82a-409, and amendments thereto, not filed with the board of tax appeals by the county appraiser on or before the effective date of this act, if the county appraiser recommends the exemption request be granted, the exemption shall be provided in the amount recommended by the county appraiser and the county appraiser shall not file the request for exemption and recommendations of the county appraiser with the state board of tax appeals. The county clerk or county assessor shall annually make such adjustment in the taxes levied against the real property as the owner may be entitled to receive under the provisions of K.S.A. 79-201g, and amendments thereto, as recommended by the county appraiser, beginning with the first period, following the date of issue of the certificate of completion on which taxes are regularly levied, and during the years which the landowner is entitled to such adjustment.

(f) Upon receipt of the request for exemption, the board shall docket the same and notify the applicant and the county appraiser of such fact.

(g) After examination of the request for exemption and the county appraiser's recommendation related thereto, the board may fix a time and place for hearing, and shall notify the applicant and the county appraiser of the time and place so fixed. A request for exemption pursuant to: (1) Section 13 of article 11 of the constitution of the state of Kansas; or (2) K.S.A. 79-201a Second, and amendments thereto, for property constructed or purchased, in whole or in part, with the proceeds of revenue bonds under the authority of K.S.A. 12-1740 to 12-1749, inclusive, and amendments thereto, prepared in accordance with instructions and assistance which shall be provided by the department of commerce, shall be deemed approved unless scheduled for hearing within 30 days after the date of receipt of all required information and data relating to the request for exemption, and such hearing shall be conducted within 90 days after such date. Such time periods shall be determined without regard to any extension or continuance allowed to either party to such request. In any case where a party to such request for exemption requests a hearing thereon, the same shall be granted. Hearings shall be conducted in accordance with the provisions of the Kansas administrative procedure act. In all instances where the board sets a request for exemption for hearing, the county shall be represented by its county attorney or county counselor.

(h) Except as otherwise provided by subsection (g), in the event of a hearing, the same shall be originally set not later than 90 days after the filing of the request for exemption with the board.

(i) During the pendency of a request for exemption, no person, firm,
unincorporated association, company or corporation charged with real
estate or personal property taxes pursuant to K.S.A. 79-2004 and 79-
2004a, and amendments thereto, on the tax books in the hands of the
county treasurer shall be required to pay the tax from the date the request
is filed with the county appraiser until the expiration of 30 days after the
board issued its order thereon and the same becomes a final order. In the
event that taxes have been assessed against the subject property, no interest
shall accrue on any unpaid tax for the year or years in question nor shall
the unpaid tax be considered delinquent from the date the request is filed
with the county appraiser until the expiration of 30 days after the board
issued its order thereon. In the event the board determines an application
for exemption is without merit and filed in bad faith to delay the due date
of the tax, the tax shall be considered delinquent as of the date the tax
would have been due pursuant to K.S.A. 79-2004 and 79-2004a, and
amendments thereto, and interest shall accrue as prescribed therein.

(j) In the event the board grants the initial request for exemption, the
same shall be effective beginning with the date of first exempt use except
that, with respect to property the construction of which commenced not to
exceed 24 months prior to the date of first exempt use, the same shall be
effective beginning with the date of commencement of construction.

(k) In conjunction with its authority to grant exemptions, the board
shall have the authority to abate all unpaid taxes that have accrued from
and since the effective date of the exemption. In the event that taxes have
been paid during the period where the subject property has been
determined to be exempt, the board shall have the authority to order a
refund of taxes for the year immediately preceding the year in which the
exemption application is filed in accordance with subsection (a).

(l) The provisions of this section shall not apply to: (1) Farm
machinery and equipment exempted from ad valorem taxation by K.S.A.
79-201j, and amendments thereto; (2) personal property exempted from ad
valorem taxation by K.S.A. 79-215, and amendments thereto; (3) wearing
apparel, household goods and personal effects exempted from ad valorem

and amendments thereto; (8) property exempted from ad valorem taxation
by K.S.A. 79-201a Seventeenth, and amendments thereto, including all
property previously acquired by the secretary of transportation or a
predecessor in interest, which is used in the administration, construction,
maintenance or operation of the state system of highways. The secretary of
transportation shall at the time of acquisition of property notify the county
appraiser in the county in which the property is located that the acquisition occurred and provide a legal description of the property acquired; (9) property exempted from ad valorem taxation by K.S.A. 79-201a Ninth, and amendments thereto, including all property previously acquired by the Kansas turnpikes authority which is used in the administration, construction, maintenance or operation of the Kansas turnpike. The Kansas turnpike authority shall at the time of acquisition of property notify the county appraiser in the county in which the property is located that the acquisition occurred and provide a legal description of the property acquired; (10) aquaculture machinery and equipment exempted from ad valorem taxation by K.S.A. 79-201j, and amendments thereto. As used in this section, "aquaculture" has the same meaning ascribed thereto by K.S.A. 47-1901, and amendments thereto; (11) Christmas tree machinery and equipment exempted from ad valorem taxation by K.S.A. 79-201j, and amendments thereto; (12) property used exclusively by the state or any municipality or political subdivision of the state for right-of-way purposes. The provisions of subsection (k) as amended by this act shall be applicable to all exemption applications filed in accordance with subsection (a) after December 31, 2001.

Sec. 95. K.S.A. 2016 Supp. 79-2001 is hereby amended to read as follows: 79-2001. (a) As soon as the county treasurer receives the tax roll of the county, the treasurer shall enter in a column opposite the description of each tract or parcel of land the amount of unpaid taxes and the date of unredeemed sales, if any, for previous years on such land. The treasurer shall cause a notice to be published in the official county paper once each week for three consecutive weeks, stating in the notice the amount of taxes charged for state, county, township, school, city or other purposes for that year, on each $1,000 of valuation.

(b) Each year after receipt of the tax roll from the county clerk and before December 15, the treasurer shall mail to each taxpayer, as shown by the rolls, a tax statement which indicates the taxing unit, assessed value of real and personal property, the mill levy and tax due. In addition, with respect to land devoted to agricultural use, such statement shall indicate the acreage and description of each parcel of such land. The tax statement shall also indicate separately each parcel of real property which is separately classified for property tax purposes. The county appraiser shall provide the information necessary for the county treasurer to comply with the provisions of this section. The tax statement also may include the intangible tax due the county. All items may be on one statement or may be shown on separate statements and may be on a form prescribed by the county treasurer. The statement shall be mailed to the last known address of the taxpayer or to a designee authorized by the taxpayer to accept the tax statement, if the designee has an interest in receiving the statement. When any statement is returned to the county treasurer for failure to find the addressee, the treasurer shall make a diligent effort to find a forwarding address of the taxpayer and mail the statement to the new address. All tax statements mailed pursuant to this section shall be mailed by first-class mail. The requirement for mailing a tax statement shall extend only to the initial statement required to be mailed in each year and to any follow-up required by this section.

(c) For tax year 1998, and all tax years thereafter, after receipt of the tax roll from the county clerk and before December 15, the treasurer shall mail to each taxpayer, as shown by the tax rolls, a tax information form which indicates the taxing unit, assessed value of real property for the current and next preceding taxable year, the mill levy for the current and next preceding taxable year and, in the case of unified school districts, the mill levy required by K.S.A. 2016 Supp. 72-6470 section 13, and amendments thereto, shall be separately indicated, the tax due and an itemization of each taxing unit's mill levy for the current and next
preceding taxable year and the percentage change in the amount of
revenue produced therefrom, if any. In addition, with respect to land
devoted to agricultural use, such form shall indicate the acreage and
description of each parcel of such land. The tax information form shall
also indicate separately each parcel of real property which is separately
classified for property tax purposes. The county appraiser shall provide the
information necessary for the county treasurer to comply with the
provisions of this section. The tax information form may be separate from
the tax statement or a part of the tax statement. The tax information form
shall be in a format prescribed by the director of property valuation. The
tax information form shall be mailed to the last known address of the
taxpayer. When a tax information form is returned to the county treasurer
for failure to find the addressee, the treasurer shall make a diligent effort to
find a forwarding address of the taxpayer and mail the tax information
form to the new address. All tax information forms mailed pursuant to this
section shall be mailed by first class mail.

Sec. 96. K.S.A. 2016 Supp. 79-2925b is hereby amended to read as
follows: 79-2925b. (a) Without a majority vote so providing, the governing
body of any municipality shall not approve any appropriation or budget, as
the case requires, which may be funded by revenue produced from
property taxes, and which provides for funding with such revenue in an
amount exceeding that of the next preceding year, adjusted to reflect
changes in the consumer price index for all urban consumers as published
by the United States department of labor for the preceding calendar year. If
the total tangible property valuation in any municipality increases from the
next preceding year due to increases in the assessed valuation of existing
tangible property and such increase exceeds changes in the consumer price
index, the governing body shall lower the amount of ad valorem tax to be
levied to the amount of ad valorem tax levied in the next preceding year,
adjusted to reflect changes in the consumer price index. This subsection
shall not apply to ad valorem taxes levied under K.S.A. 76-6b01 and 76-
6b04 and K.S.A. 2016 Supp. 72-6470 section 13, and amendments thereto,
and any other ad valorem tax levy which was previously approved by the
voters of such municipality. Notwithstanding the requirements of this
subsection, nothing herein shall prohibit a municipality from increasing
the amount of ad valorem tax to be levied if the municipality approves the
proposed increase with a majority vote of the governing body by the
adoption of a resolution and publishes its vote to approve the appropriation
or budget including the increase as provided in subsection (c).
(b) Revenue that, in the current year, is produced and attributable to
the taxation of:
   (1) New improvements to real property;
   (2) increased personal property valuation;
(3) property located within added jurisdictional territory; or
(4) property which has changed in use shall not be considered when
determining whether revenue produced from property has increased from
the next preceding year.
(c) In the event the governing body votes to approve any
appropriation or budget, as the case requires, which may be funded by
revenue produced from property taxes, and which provides for funding
with such revenue in an amount exceeding that of the next preceding year
as provided in subsection (a), notice of such vote shall be published in the
official county newspaper of the county where such municipality is
located.
(d) The provisions of this section shall be applicable to all fiscal and
budget years commencing on and after the effective date of this act.
(e) The provisions of this section shall not apply to revenue received
from property tax levied for the sole purpose of repayment of the principal
of and interest upon bonded indebtedness, temporary notes and no-fund
warrants.
(f) For purposes of this section:
   (1) "Municipality" means any political subdivision of the state which
       levies an ad valorem tax on property and includes, but is not limited to,
       any township, municipal university, school district, community college,
       drainage district or other taxing district;
   (2) "municipality" shall not include:
       (A) Any such political subdivision or taxing district which receives
           $1,000 or less in revenue from property taxes in the current year; or
       (B) any city or county.

Sec. 97. In sections 1 and 2, if any fund or account name described by
words and the numerical accounting code that follows such fund or
account name do not match, it shall be conclusively presumed that the
legislature intended that the fund or account name described by words is
the correct fund or account name, and such fund or account name
described by words shall control over a contradictory or incorrect
numerical accounting code.
