All repayment amounts due prior to such commencement of practice, including interest thereon, shall continue to be payable as provided in this section. If subsequent to such commencement of practice, the person fails to satisfy such obligation, the person again shall be subject to repayments, including interest thereon, as otherwise provided in this section.

(4) If, during the time a person is satisfying the service requirement of an agreement entered into under this act, such person desires to engage in less than the full-time practice of medicine and surgery within a service commitment area of the state and remain in satisfaction of such service requirement, such person may make application to the chancellor of the university of Kansas or the designee of the chancellor for permission to engage in less than such full-time practice of medicine and surgery. Upon a finding of exceptional circumstances made by the chancellor of the university of Kansas, or the designee of the chancellor, such person may be authorized to engage in less than the full-time practice of medicine and surgery within a service commitment area of the state for the remaining required period of time under such agreement and for an additional period of time which shall be equal to the length of the originally required period of time multiplied by the decimal fraction which is equal to the reduction of the full-time practice of medicine and surgery to be authorized hereunder, multiplied by two. In any such determination of the period required to be engaged in the less than full-time practice of medicine and surgery, the decimal fraction utilized shall not exceed 0.5 and any person granted permission to engage in less than the full-time practice of medicine and surgery in accordance with the provisions of this paragraph (4) shall be required to engage in at least the half-time practice of medicine and surgery.

(b) For any repayment requirement under this section, the person shall repay an amount totaling the entire amount to be repaid under all such agreements for which such obligations are not satisfied, including all amounts of interest at the rate prescribed. The repayment shall be made in not more than 10 equal annual installment payments.

In all cases, if an installment payment becomes 91 days overdue, the entire amount outstanding shall become immediately due and payable, including all amounts of interest at the rate prescribed.
